REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors of
The Procter & Gamble Company
Cincinnati, Ohio

We have audited the accompanying statements of net assets available for plan benefits of the Procter & Gamble International Stock Ownership Plan (the "Plan") as of June 30, 2014 and 2013, and the related statements of changes in net assets available for plan benefits for each of the three years in the period ended June 30, 2014. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for plan benefits of the Plan as of June 30, 2014 and 2013, and the changes in net assets available for plan benefits for each of the three years in the period ended June 30, 2014, in conformity with accounting principles generally accepted in the United States of America.

PROCTER & GAMBLE INTERNATIONAL STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF JUNE 30, 2014 AND 2013, AND FOR THE YEARS ENDED JUNE 30, 2014, 2013, AND 2012

1. DESCRIPTION OF THE PLAN

The following description of the Procter & Gamble International Stock Ownership Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Document and their country's Plan Supplement for more complete information.

General — The Plan is a defined contribution plan established in June of 1992 covering substantially all full-time international employees of The Procter & Gamble Company (the "Company") and certain of its subsidiaries who are not residents of the United States of America. Generally, participation varies by subsidiary or country and eligibility can begin immediately after employment and at various milestones up to one year. The Board of Directors of the Company controls and manages the operation and administration of the Plan. Bank of America /Merrill Lynch serves as custodian and trustee of the Plan. The Plan is not subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA), the rules and regulations of the U.S. Department of Labor, nor is it subject to U.S. income taxation (Note 7). The Plan's recordkeeper is the Company.

Effective January 1, 2013, the Employee Savings and Thrift Plan — Modern Industries Company (Dammam) and Modern Products Company (Saudi Arabia), another plan sponsored by the Company that was centrally administered as the Savings and Thrift Plan (Saudi Arabia) of The Procter & Gamble Company (the "Saudi Plan") merged into the Plan. All assets and participant accounts were transferred out of the Saudi Plan and into the Plan on January 1, 2013. During the year ended June 30, 2012, the Plan began closing accounts past deferral in accordance with the Plan Document. Per the Plan Document, the Plan may apply the funds resulting from the account closures to defray a subsidiary's obligation for administrative expenses (see Note 5). If a lost member later notifies the subsidiary of his or her whereabouts and requests the payments due under the Plan, the cash value of the amounts so applied shall be paid to him or her, as of the sales date, denominated in the currency of the participant's jurisdiction, to the extent the subsidiary determines it is applicable. During the years ended June 30, 2014 and 2013, 1,266 and 1,137 participant accounts were closed for approximately 30,480 and 30,380 shares of Company common stock and 107 and 108 shares of the J.M. Smucker Company ("Smucker") common stock, respectively. Funds of \$2,445,655 and \$2,165,657 were deposited to a separate account and are held as cash during the years ended June 30, 2014 and 2013, respectively. During the year ended June 30, 2012, 4,641 participant accounts were closed for approximately 198,761 shares of Company common stock and 1,157 shares of Smucker common stock and funds of \$12,976,087 were deposited to a separate account and were held as cash or invested in a money market fund. During the years ended June 30, 2014, 2013 and 2012, \$2,095,943, \$2,657,915 and \$2,497,897, respectively, was reclaimed by participants. During the years ended June 30, 2014, 2013 and 2012, the Plan reimbursed the Company \$710,000, \$515,000 and \$4,000,000, respectively, for administrative expenses incurred by the Company.

Contributions — Each year, participants may contribute up to 15% of their base compensation, as defined in the Plan. The Company contributes 50% of the first 5% of the base compensation that a participant contributes to the Plan. However, participants in their initial year of eligibility receive a 100% Company contribution on the first 1% of the base compensation that the participant contributes to the Plan. Participants may be permitted to contribute a "Special Additional Deposit" as a lump sum payment.

Participant Accounts — Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's matching contribution, allocations of Company discretionary contributions, if any, and Plan earnings, and charged with withdrawals and an allocation of Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments — Participants are only permitted to invest in Company common stock. All employee and Company contributions are converted into U.S. dollars and then invested in shares of Company common stock when funds are delivered to the custodian. Sales of Company stock may occur daily. Any dividends on shares of Company common stock are invested in additional shares of Company common stock.

The Plan's investment in shares of Smucker common stock resulted from a 2002 transaction between the Company and Smucker.

Vesting — Generally, participants are fully vested in all shares of common stock credited to their accounts under the Plan. In certain subsidiaries or countries, vesting provisions provide for vesting based on up to 30 years of continuous service.

Payment of Benefits — Participants may withdraw any portion of their contributions in excess of 5% of their base compensation, at any time during the year. Contributions made up to 5% of base compensation and Company matches are available to be withdrawn without penalty five years after the year in which the contributions are made. If a participant withdraws these funds prior to the completion of five years, the Company will suspend matching of employee contributions for one year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates — The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties — The Plan invests in Company common stock and Smucker common stock. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition — The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Cash — Amounts shown as cash are either 1) uninvested funds held by the trustee that are to be invested daily in Company common stock or 2) the balance of account closures past deferral that are held in a separate cash account.

Administrative Expenses — Administrative expenses (i.e., investment management and record keeping expenses) of the Plan are paid by the Company and the subsidiaries as provided in the Plan Document. The Plan may reimburse the Company for certain administrative expenses (see Note 5). Brokerage commissions are paid by the participant, and other costs related to the purchase or sale of shares are reflected in the price of the shares and borne by the participant.

Payment of Benefits — Benefit payments to participants are recorded when participants elect to withdraw. Amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid were \$1,633,355 and \$883,194 at June 30, 2014, and 2013, respectively.

3. FAIR VALUE MEASUREMENTS

ASC 820, Fair Value Measurements and Disclosures, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Methodologies — Valuation methodologies maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2014 and 2013.

Common Stocks — Valued as determined by published composite trading prices.

Transfers between Levels — The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended June 30, 2014, 2013, and 2012, there were no transfers between levels.

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at June 30, 2014 and 2013.

Cost	40,691	60,739	108,193
Realized gain	\$ 126,160	\$ 163,976	\$ 231,286

5. RELATED-PARTY TRANSACTIONS

At June 30, 2014 and 2013, the Plan held 14,363,525 and 13,851,398 shares, respectively, of Company common stock with a cost basis of \$890,484,989 and \$817,261,458, respectively. During the years ended June 30, 2014, 2013, and 2012, the Company contributed \$45,849,254, \$41,407,774, and \$41,507,207, respectively, to the Plan on behalf of participating employees.

During the years ended June 30, 2014, 2013, and 2012, the Plan recorded dividend income from Company common stock of \$27,852,758, \$25,273,868, and \$23,211,649, respectively.

During the years ended June 30, 2014, 2013, and 2012, the Plan's investment in Company common stock, including gains and losses on investments bought and sold as well as held during the year, appreciated (depreciated) in value by \$21,223,514, \$217,621,718, and \$(31,421,719), respectively.

During the years ended June 30, 2014, 2013 and 2012, the Plan made distributions of funds to the Company of \$710,000, \$515,000 and \$4,000,000, respectively. This represents reimbursement of administrative expenses paid by the Company for the Plan using funds obtained from the closing of accounts past deferral process (see Note 1).

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the Plan agreement.

7. FEDERAL INCOME TAX STATUS

The Plan is not qualified under Section 401(a) of the Internal Revenue Code, and is exempt from the provisions of Title I of ERISA pursuant to Section 4(b)(4) thereof. The Company believes that the trustee should be viewed as a direct custodian.

Plan management believes that the participating employees should be treated as the beneficial owners of the shares of Company and Smucker common stock held for their account under the Plan for U.S. tax purposes and that, subject to certain procedural conditions, the information provided by the employees may be relied upon in determining the applicable U.S. tax withholding rate on dividends paid by the Company with respect to these shares. The Plan is subject to routine audits by taxing jurisdictions at any time.

THE PLAN. Pursuant to the requirements of the Securities Act of 1934, the trustees (or other persons who administer the employee benefit plan) have duly caused this Annual Report to be signed on its behalf by the undersigned, thereunto duly authorized on September 25, 2014.
