Item 5. Other Events and Regulation FD Disclosure.

On October 23, 2002, the Company ("Ultralife") sold an aggregate of 42.5 million shares of Ultralife Taiwan, Inc. ("UTI") stock to UTI and PGT Energy Corporation ("PGT") in exchange for total consideration of \$2.4 million and the return of 700,000 shares of Ultralife common stock. Ultralife and PGT were the two most significant investors when UTI was formed in 1999.

Under the terms of the transaction, Ultralife will receive \$2.4 million in a series of 5 cash payments beginning October 30, 2002 and ending no later than mid-December 2002. In addition, over the next 3 years Ultralife will have reserved access to 10% of UTI's high volume capacity for rechargeable lithium battery products and the rights to utilize UTI's LSB (Large Scale Battery) technology for the production of large capacity lithium ion batteries for government and military markets in the U.S. and the U.K. As a result of the transaction, Ultralife's ownership interest in UTI will decline from approximately 30% to approximately 10.6%. In addition, the Company expects to record a non-operating gain of at least \$2.4 million in its second fiscal quarter and to record an increase in treasury stock to reflect the return of its 700,000 common shares. This will result in reducing the issued and outstanding common shares of Ultralife to 12,652,269.
