Mexico City, D.F., October 23, 2008—Grupo Televisa, S.A.B. (NYSE:TV; BMV: TLEVISA CPO; “Televisa” or “the Company”), today announced results for third quarter 2008. The results have been prepared in accordance with Mexican Financial Reporting Standards (Mexican FRS)1.

The following table sets forth a condensed consolidated statement of income for the three months ended September 30, 2008 and 2007, in millions of Mexican pesos, as well as the percentage of net sales that each line represents and the percentage change when comparing third quarter 2008 with third quarter 2007:

	3Q 20081	Margin %	3Q 20071	Margin%	3Q 20072	Margin%	Change2%
Net sales	12,459.0	100	10,580.3	100	10,295.1	100	21.0
Operating income	3,976.1	31.9	3,859.0	36.5	3,714.9	36.1	7.0
Consolidated net income	2,281.4	18.3	2,659.6	25.1	2,541.1	24.7	(10.2)
Majority interest net income	2,067.0	16.6	2,399.8	22.7	2,286.8	22.2	(9.6)

Consolidated net sales increased 21% to Ps.12,459 million in third quarter 2008 compared with Ps.10,295.1 million in third quarter 2007. This increase was attributable to revenue growth in our Cable and Telecom, Television Broadcasting, Sky, Publishing, Other Businesses, and Pay Television Networks segments.

Consolidated operating income increased 7% to Ps.3,976.1 million in third quarter 2008 compared with Ps.3,714.9 million in third quarter 2007. This increase was attributable to higher sales that were partially offset by higher cost of sales, operating expenses, and depreciation and amortization.

Majority interest net income decreased 9.6% to Ps.2,067 million in third quarter 2008 compared with Ps.2,286.8 million in third quarter 2007. The net decrease of Ps.219.8 million reflected a Ps.560 million increase in integral cost of financing, as well as a Ps.36.4 million increase in other expense, net. These unfavorable changes were partially offset by i) a Ps.261.2 million increase in operating income; ii) a Ps.1.1 million decrease in equity in losses of affiliates, net; iii) a Ps.74.4 million decrease in income taxes; and iv) a Ps.39.9 million decrease in minority interest net income.

1 We recognized the effects of inflation in our financial information through December 31, 2007. Television Broadcasting Third-quarter sales increased 6.1% to Ps.5,576.9 million compared with Ps.5,256.2 million in third quarter 2007. This increase was driven by strong ratings primarily in prime time and by our broadcast of the 2008 Olympic Games.

Third-quarter operating segment income increased 4% to Ps.2,803.9 million compared with Ps.2,696.4 million in third quarter 2007, and the margin was 50.3%. These results reflect higher sales that were partially offset by higher cost of sales and operating expenses related primarily to the Summer Olympic Games.

**Pay Television Networks** Third-quarter sales increased 14.3% to Ps.534.9 million compared with Ps.468 million in third quarter 2007. This increase reflects i) higher revenues resulting from additional subscribers in Mexico, Latin America, and Spain; and ii) higher advertising sales.

Third-quarter operating segment income increased 11.7% to Ps.335.2 million compared with Ps.300.2 million in third quarter 2007, and the margin was 62.7%. These results were driven by higher sales that were partially offset by an increase in cost of sales and operating expenses.

**Programming Exports** Third-quarter sales decreased 5.1% to Ps.551.9 million compared with Ps.581.7 million in third quarter 2007. This decline was driven primarily by a negative translation effect on foreign-currency denominated sales amounting to Ps.24.1 million. This was partially offset by a 4.2% increase in royalties from Univision, which amounted to US\$37.3 million for the quarter.

Third-quarter operating segment income decreased 15.3% to Ps.238.3 million compared with Ps.281.3 million in third quarter 2007, and the margin was 43.2%. These results were driven by lower sales that were partially offset by lower operating expenses.

**Publishing** Third-quarter sales increased 11.1% to Ps.901.6 million compared with Ps.811.6 million in third quarter 2007. This reflects i) an increase in advertising and magazine circulation sales abroad driven mainly by the acquisition of Editorial Atlántida; and ii) higher advertising sales in Mexico. This was partially offset by a decrease in circulation sales in Mexico and by a negative translation effect on foreign-currency denominated sales that amounted to Ps.12.9 million.

Third-quarter operating segment income increased 0.9% to Ps.160.1 million, compared with Ps.158.7 million in third quarter 2007; the margin was 17.8%. These results were driven by higher sales, which were partially offset by higher cost of sales and operating expenses.

**Sky** Third-quarter sales increased 12.2% to Ps.2,296.6 million compared with Ps.2,046.3 million in third quarter 2007. This result reflects an increase in the subscriber base in Mexico, Central America, and the Dominican Republic. As of September 30, 2008, the number of gross active subscribers increased to 1,728,214 (including 124,399 commercial subscribers), compared with 1,542,466 (including 107,386 commercial subscribers) as of September 30, 2007. Sky closed the quarter with 87 thousand subscribers in Central America and the Dominican Republic.

Third-quarter operating segment income increased 14% to Ps.1,120.2 million compared with Ps.982.3 million in third quarter 2007, and the margin increased to 48.8%. These results reflect higher sales that were partially offset by higher cost of sales and operating expenses.

**Cable and Telecom**

Edgar Filing: GRUPO TELEVISIA, S.A.B. - Form 6-K

Third-quarter sales increased 229.5% to Ps.1,980.9 million compared with Ps.601.1 million in third quarter 2007. This increase was attributable to i) a 23.1% increase in sales of Cablevisión, driven mainly by an increase in revenue generating units (RGUs); ii) the consolidation of Cablemás; and iii) the consolidation of Bestel, which generated sales of Ps.448.2 million.

Third-quarter operating segment income increased 208.9% to Ps.674.7 million compared with Ps.218.4 million in third quarter 2007, and the margin was 34.1%. These results reflected higher sales that were partially offset by an increase in costs and expenses related to Bestel and Cablemás. Bestel generated operating segment income of Ps.80.6 million during the quarter.

The following table sets forth the breakdown of subscribers, as well as operating results for Cablevisión and Cablemás.

3Q 2008	Cablevisión	Cablemás
Video	580,761	821,191
Internet	189,259	235,422
Telephony	38,352	73,284
RGUs	808,372	1,129,897
Revenue	739.8	792.9
Operating	317.3	276.8
Segment Income		
Margin (%)	42.9	34.9

**Other Businesses** Third-quarter sales increased 9.1% to Ps.929.5 million compared with Ps.851.6 million in third quarter 2007. This increase was attributable to higher sales in our gaming, radio, and publishing distribution businesses, which were partially offset by a decrease in sales in our soccer, internet, and feature-film distribution businesses.

Third-quarter operating segment loss increased to Ps.55.4 million compared with a loss of Ps.10.1 million in third quarter 2007, reflecting higher cost of sales that were partially offset by higher sales and lower operating expenses.

**Corporate Expenses**

Share-based compensation expense in third quarter 2008 and 2007 amounted to Ps.90.2 million and Ps.37 million, respectively, and was accounted for as corporate expense. Share-based compensation expense is measured at fair value at the time the equity benefits are granted to officers and employees and is recognized over the vesting period in majority stockholders' equity.

**Non-operating Results in Nominal Terms**

**Other expense, net**

Other expense, net, increased by Ps.36.4 million, to Ps.69.1 million in third quarter 2008, and comprises primarily professional services and donations. Last year's other expense, net benefited from a gain on disposition of investment in the amount of Ps.46.2 million.

## Integral cost of financing

The following table sets forth integral cost of financing for the three months ended September 30, 2008 and 2007.

	3Q 2008	3Q 2007 (decrease)	Increase
Interest expense	819.1	520.4	298.7
Interest income	(304.6)	(453.4)	148.8
Foreign exchange loss (gain), net	71.7	(197.6)	269.3
Loss from monetary position, net	-	156.8	(156.8)
Integral cost of financing	586.2	26.2	560.0

The net expense attributable to integral cost of financing increased by Ps.560 million to Ps.586.2 million in third quarter 2008 from Ps.26.2 million in third quarter 2007. This increase reflected primarily i) a Ps.298.7 million increase in interest expense, due primarily to a higher principal amount of long-term debt in third quarter 2008; ii) a Ps.148.8 million decrease in interest income explained primarily by a reduction of interest rates applicable to foreign currency temporary investments and the decrease of interest income resulting from the conversion of our note into equity of Cablemás in May of 2008; and iii) a Ps.269.3 million increase in foreign-exchange loss resulting primarily from our net monetary US dollar liability position, in conjunction with a 6.03% depreciation of the Mexican peso against the US dollar in third quarter 2008 compared with a net monetary US dollar asset position in conjunction with a 1.15% depreciation of the Mexican peso against the US dollar in third quarter 2007. These unfavorable variances were partially offset by the absence of a Ps.156.8 million loss from monetary position recognized in third quarter 2007, as we ceased recognizing the effects of inflation beginning on January 1, 2008, in accordance with the guidelines of Mexican FRS.

## Equity in losses of affiliates, net

Equity in losses of affiliates, net, decreased by Ps.1.1 million, or 0.7%, to Ps.146.9 million in third quarter 2008 compared with Ps.148 million in third quarter 2007. Equity in losses of affiliates, net, comprises mainly the equity in loss of our 40% interest in La Sexta.

## Income taxes

Income taxes decreased by Ps.74.4 million, or 7.7%, to Ps.892.5 million in third quarter 2008 from Ps.966.9 million in third quarter 2007. This decrease reflects primarily a lower income tax base in third quarter 2008.

## Minority interest net income

Minority interest net income decreased by Ps.39.9 million, or 15.7%, to Ps.214.4 million in third quarter 2008, from Ps.254.3 million in third quarter 2007. This decrease reflects primarily the portion of consolidated net income attributable to interests held by minority equity owners in our Sky and Cable and Telecom segments.

Our cash, short-term and long-term investments as of September 30, 2008, amounted to Ps.34.2 billion, including foreign-denominated investments of US\$2.1 billion dollars and €81.4 million euros.

## Registration of 6% Senior Notes due 2018

As a result, approximately 99.9% of the Senior Notes issued in second quarter 2008, for an aggregate principal amount of US\$500 million, were registered under the Securities Act of 1933, as amended.

<sup>1</sup> National urban ratings and audience share are certified by IBOPE and are based upon IBOPE's national surveys, which are calculated seven days a week, in Mexico City, Guadalajara, Monterrey, and 25 other cities with a population of more than 500,000 people. "Ratings" for a period refers to the number of television sets tuned into the Company's programs as a percentage of the total number of all television households. "Audience share" is the number of television sets tuned into the Company's programs as a percentage of the number of households watching conventional over-the-air television during that period, without regard to the number of viewers.

<sup>2</sup> "Total Televisa" includes the Company's four networks as well as all local affiliates (including affiliates of Channel 4, most of which receive only a portion of their daily programming from Channel 4). Programming on affiliates of Channel 4 is generally broadcast in 12 of the 28 cities covered by national surveys. Programming on Channel 9

affiliates is broadcast in all of the cities covered by national surveys.

3 "Televisa Prime Time" is the time during which the Company generally charges its highest rates for its networks.
