TO BE HELD ON MAY 31, 2002**

PROXY STATEMENT

SUMMARY

The accompanying proxy is solicited by the Board of Directors of ebix.com, Inc. (the "Company") for use at its 2002 Annual Meeting of Stockholders (the "Annual Meeting"). This Proxy Statement contains information about the Annual Meeting and was prepared by the Company's management for the Board of Directors. The Proxy Statement and the accompanying proxy, together with the Company's Annual Report on Form 10-K for the year ended December 31, 2001, were first mailed to stockholders on May 3, 2002.

VOTING

Voting Rights

The Board of Directors has set April 12, 2002 as the record date for determining stockholders entitled to vote at the Annual Meeting. Holders of the Company's outstanding Common Stock, \$0.10 par value per share ("Common Stock"), as of the record date will be entitled to vote at the Annual Meeting. Each share of Common Stock will be entitled to one vote. On April 12, 2002, there were 18,326,182 shares of Common Stock outstanding.

Voting of Proxies

Proxies that are signed and received in time for voting and not revoked as described below will be voted at the Annual Meeting as directed by you. IF NO DIRECTION IS GIVEN, PROXIES WILL BE VOTED "FOR" ALL OF THE NOMINEES FOR DIRECTOR. If any other

Edgar Filing: EBIX COM INC - Form DEF 14A

matters properly come before the Annual Meeting, the persons named as proxies in the accompanying proxy card will vote the shares represented by such proxy in accordance with their judgment.

You may revoke the proxy at any time before it is exercised at the Annual Meeting. To revoke a proxy, you may:

send to the Secretary of the Company a letter indicating that you want to revoke your proxy;

deliver to the Secretary a duly executed proxy bearing a later date, which revokes all previous proxies; or

attend the Annual Meeting and vote your shares in person (although attendance at the meeting will not by itself revoke the proxy).

1

Quorum Requirements

A quorum of stockholders is necessary to take action at the Annual Meeting. For purposes of each of the actions proposed to be taken at the Annual Meeting, a majority of the outstanding shares of Common Stock present in person or by proxy will constitute a quorum of stockholders.

If you sign and return your proxy card, your shares will be counted to determine if a quorum exists, even if you abstain from voting on the proposal listed on the proxy card (called "abstentions"). If your shares are held in the name of your broker, you do not tell your broker how to vote as to a proposal and your broker does not have discretionary authority to vote on the matter (called "broker non-votes"), your shares covered by your broker's proxy will be counted in determining if a quorum of stockholders exists, but will not be counted as to that matter. If a quorum is not present or represented by proxy at the Annual Meeting, the stockholders entitled to vote at the meeting may adjourn the Annual Meeting, without notice other than the announcement at the Annual Meeting. If the adjournment is for more than 30 days, or if, after the adjournment, a new date is set to determine which stockholders are entitled to notice of the new meeting, a notice of adjourned meeting will be given to each stockholder entitled to vote at the meeting. If there is a quorum at the adjourned new meeting, any business may be transacted which might have been transacted at the original meeting.

Vote Required

Directors are elected by a plurality of the shares of Common Stock, present in person or by proxy and entitled to vote at the meeting. This means that the six nominees receiving the highest number of "FOR" votes will be elected. Accordingly, abstentions and broker non-votes will have no effect in determining the outcome of the election of directors. You will not be permitted to cumulate your votes in the election of directors.

The person appointed by the Company to act as inspector of election for the Annual Meeting will count the votes at the Annual Meeting.

Under the agreement, the Company also granted options on 100,000 shares of Common Stock to Mr. Baum and options on 33,333 shares of Common Stock to Tatum, each with an exercise price of \$6.66 per share and vesting as the stock price rises. The vesting is 25% at \$9, 25% at \$12 and 50% at \$15. The agreement provides for semi-annual bonuses of up to an aggregate of \$35,000 to Mr. Baum (who receives 75% of any such bonus) and Tatum (which receives 25% of any such bonus) based on Mr. Baum's performance, and also provides for certain Company indemnification of Tatum. The agreement with Tatum was terminated on April 15, 2002, after notice of the termination was given on March 16, 2002.

Mr. Baum has entered into an Executive Severance Agreement with the Company, dated October 4, 2000, which provides for a severance payment if a change of control of the Company occurs and, within 12 months thereafter, either Mr. Baum's employment is terminated without cause or he resigns due to a demotion or other new and onerous requirement being placed on him. Under the Agreement, the severance payment is equal to one year's salary (based on the highest monthly salary earned by Mr. Baum during the 12 months preceding his termination) plus a bonus equal to the fraction of the year worked up to the termination multiplied by the bonus paid to him in the prior year. Under certain circumstances, the Agreement also provides medical insurance subsidies for a period of 12 months and indemnification. Under the Agreement, Mr. Baum agrees to hold the Company's proprietary information confidential and, for a period of 12 months following his termination, cooperate with the Company with respect to corporate administrative affairs arising during his employment, and, if the termination results in payment of the Agreement's severance benefits, he will be subject to a non-competition agreement. When used in the foregoing summary the terms "cause," "change of control" and "demotion" mean such terms as defined in the Agreement.

REPORT OF COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors reviews and makes recommendations to the Board of Directors regarding salaries, compensation and benefits of officers and other key employees of the Company and grants options to purchase Common Stock.

During 2001 the members of the Compensation Committee were Messrs. Chisholm, Drislane, Rich and Rogers.

COMPENSATION PHILOSOPHY. The Company's goals are to reward executives consistent with the Company's performance and to encourage the executives to increase stockholder value. To achieve these goals, the Compensation Committee has adopted the following objectives as guidelines:

Display a willingness to pay executives compensation necessary to attract and retain highly qualified executives.

Be willing to compensate executives for superior performance or for assuming new responsibilities or new positions within the Company.

Take into account historical levels of executive compensation and compensation structures competitive with other companies of a similar size.

Implement a balance between short and long-term compensation to complement the Company's annual and long-term business objectives and strategies.

Provide compensation opportunities based on the performance of the Company, encourage stock ownership by executives and align executive compensation with the interests of stockholders.

COMPENSATION PROGRAM COMPONENTS. The Compensation Committee reviews the Company's compensation program to ensure that pay levels and incentive opportunities are competitive with the market and reflect the performance of the Company. The particular elements of the compensation program for executive officers are further explained below.

BASE SALARY. The Company's base pay levels are largely determined by evaluating the responsibilities of the position held and the experience of the individual and by comparing the salary scale with companies of similar size and complexity with which the members of the Committee are familiar. Actual base salaries are kept within a competitive salary range for each position that is established through job evaluation and market comparisons and approved by the Committee as reasonable and necessary.

ANNUAL INCENTIVES. The Company has historically awarded cash bonuses to certain salaried employees (including the Named Officers) of the Company. Bonuses are based on various factors, including profitability, revenue growth, management development and other specific performance criteria. The Company awarded bonuses to Mr. Raina and Mr. Baum for Fiscal 2001.

STOCK OPTION PROGRAM. The Compensation Committee strongly believes that by providing those persons who have substantial responsibility for the management and growth of the Company with an opportunity to increase their ownership of the Company's stock, the interests of stockholders and executives will be closely aligned. Therefore, the Company's officers (including the Named Officers) and other key employees are eligible to receive either incentive stock options or nonqualified stock options as the Compensation Committee may determine from time to time, giving them the right to purchase shares of Common Stock at an exercise price equal to 100 percent of the fair market value of the Common Stock at the date of grant. The number of stock options granted to executive officers is based on several factors including options held as a percentage of total outstanding shares, exercise price of existing options, retention considerations and competitive practices.

CHIEF EXECUTIVE OFFICER COMPENSATION. Mr. Raina's compensation as Chief Executive Officer during Fiscal 2001 was based on his previous compensation level in Fiscal 2000 and the Compensation Committee's assessment of the value to the Company of continuity and stability in the Company's management. The Compensation Committee also compared Mr. Raina's compensation to compensation levels in the marketplace for chief executive officers of companies of comparable size with which members are familiar.

Edgar Filing: EBIX COM INC - Form DEF 14A

In Fiscal 2001, Mr. Raina received options to purchase 1,000,000 shares of the Company's Common Stock. In addition, and continuing a bonus structure that was established when Mr. Raina was the Executive Vice President and Chief Operating Officer, a potentially substantial part of his compensation (up to 75%) of base salary was contemplated to consist of a bonus, based on success in meeting goals relating to the Company's financial performance, establishment and development of the Company's web-site, continuity of management and hiring of certain officers. Considering such factors, a bonus was paid to Mr. Raina with respect to Fiscal 2001 of \$150,000.

SUMMARY. After its review of all existing programs, the Compensation Committee continues to believe that the total compensation program for executives of the Company is focused on enhancing corporate performance and increasing value for stockholders. The Compensation Committee believes that the compensation of executive officers is properly tied to stock appreciation through awards granted under the 1996 Stock Incentive Plan and that executive compensation levels at the Company are competitive with the compensation programs provided by other corporations of a similar size known to the Committee.

COMPLIANCE WITH INTERNAL REVENUE CODE SECTION 162(m). Section 162(m) of the Internal Revenue Code, enacted in 1993, generally disallows a tax deduction to public companies for compensation over \$1 million paid to the corporation's Chief Executive Officer or other Named Executive Officers. The Compensation Committee has reviewed the possible effect on the Company of Section 162(m), and it does not believe that Section 162(m) will be applicable to the Company in the foreseeable future, but will review compensation practices as circumstances warrant.

Respectfully submitted,

Members of the Compensation Committee

Douglas C. Chisholm
Dennis Drislane
Roy L. Rogers
William W. G. Rich
