PROXY STATEMENT
FOR
SPECIAL MEETING OF SHAREHOLDERS
TO BE HELD ON TUESDAY, AUGUST 13, 2002

INTRODUCTION

This Proxy Statement is being furnished in connection with the solicitation of proxies by the Board of Directors of Benchmark Electronics, Inc. ("Company") for use at the Special Meeting of Shareholders of the Company to be held on Tuesday, August 13, 2002, beginning at 10:00 a.m. (local time), and any adjournment thereof ("Meeting") for the purposes set forth in this Proxy Statement and the accompanying Notice. It is anticipated that this Proxy Statement, the Notice and the enclosed form of proxy will be sent to shareholders on or about July 15, 2002.

PROXIES

Proxies in the enclosed form that are properly executed and received by the Company before or at the Meeting and which are not revoked will be voted in accordance with the directions set forth therein. If no direction is made, a proxy that is properly signed and received by the Company and which is not revoked will be voted FOR the proposal to approve the amendment to the Company's Restated Articles of Incorporation to increase the number of authorized shares of common stock to 85 million. Proxies may be revoked by written notice received by the Secretary of the Company at any time before they are voted by delivering to the Secretary of the Company a signed notice of revocation, or a later dated signed proxy, or by attending the Meeting and voting in person by ballot.

VOTING SECURITIES

Shareholders of record at the close of business on July 12, 2002 are entitled to notice of and to vote at the Meeting. As of July 12, 2002, there were 24,217,240 shares of common stock, \$0.10 par value per share ("Common Stock"), issued, outstanding and entitled to vote at the Meeting. Each share of Common Stock is entitled to one vote on all matters that may properly come before the Meeting.

QUORUM AND OTHER MATTERS

The presence at the Meeting, in person or by proxy, of the holders of a majority of the outstanding shares of Common Stock is necessary to constitute a quorum. Shares of Common Stock represented by a properly completed, signed and returned proxy will be counted as present at the Meeting for purposes of determining a quorum, without regard to whether the proxy is marked as casting a vote or abstaining. Shares of Common Stock held by nominees which are voted on at least one matter coming before the Meeting will also be counted as present for purposes of determining a quorum, even if the beneficial owner's discretion has been withheld (a "non-vote") for voting on some or all other matters.

The affirmative vote of a majority of the outstanding shares of Common Stock is required to authorize the proposed amendment to the Company's Amended and Restated Articles of Incorporation to increase the number of authorized shares of Common Stock.

An Inspector of Election appointed by the Company will tabulate votes at the Meeting.

The Board of Directors is not aware of any matters that are expected to come

Edgar Filing: BENCHMARK ELECTRONICS INC - Form DEF 14A

before the Meeting other than those referred to in this Proxy Statement. If any other matter properly comes before the Meeting, the proxies will be voted in accordance with the discretion of the person or persons voting the proxies.

PROPOSAL

AMENDMENT TO THE COMPANY'S RESTATED ARTICLES OF INCORPORATION TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK

The Board of Directors is seeking shareholder approval to amend Article Four of the Company's Amended and Restated Articles of Incorporation (the "Articles of Incorporation") to increase the number of authorized shares of Common Stock of the Company from 30 million to 85 million shares. This proposal has been unanimously approved by the Board of Directors, subject to approval by the shareholders of the Company. If the proposed amendment is authorized, the text of Section 4.1 of Article Four of the Articles of Incorporation would be amended to read as follows:

"The aggregate number of shares which the Corporation shall have authority to issue is 90,000,000 shares, which shall consist of 85,000,000 shares of Common Stock, par value \$0.10 per share, and 5,000,000 shares of Preferred Stock, par value \$0.10 per share."

REASONS FOR THE PROPOSED AMENDMENT

During 1999, the Company issued 1,000,000 shares of Common Stock in connection with the acquisition of AVEX, issued 3,525,000 shares of Common Stock in an offering of shares to the public and reserved 1,995,025 shares of Common Stock issuable upon the conversion of its 6% Convertible Subordinated Notes. During 2000, the Company issued 3,163,000 shares of Common Stock in an offering of shares to the public. In addition, on April 15, 2002, the Company completed a public offering of 4,312,500 shares of Common Stock. As of July 12, 2002, there are 24,217,240 shares of Common Stock issued and outstanding, 3,249,400 shares reserved for issuance upon exercise of outstanding options and 1,995,025 shares reserved for the conversion of the 6% Convertible Subordinated Notes. This leaves 538,335 shares of authorized and unissued Common Stock. Our authorized and unissued grants under the stock option plans and the employee stock purchase plan total 1,630,163 shares which exceeds our available authorized shares. Other than as described above, the Company has no present plans, arrangements or understandings to issue any additional shares of Common Stock.

The proposed increase in the authorized shares of Common Stock has been recommended by the Board to ensure that an adequate supply of authorized and unissued shares is available for general corporate needs, such as employee benefit plans, the conversion of other securities (such as Preferred Stock) that may be issued by the Company, future stock splits, stock dividends and other distributions to shareholders, raising additional capital, financing arrangements, and acquisitions by the Company if favorable opportunities become available.

2

POSSIBLE EFFECTS OF THE PROPOSED AMENDMENT

If approved by the shareholders, the additional authorized shares of Common Stock would be available for issuance at the discretion of the Board of Directors without further shareholder approval (subject to applicable rules of the New York Stock Exchange), without the delay and expense incident to holding a special meeting of shareholders to consider any specific issuance. However, the rules of the New York Stock Exchange generally require shareholder approval in the following situations: (i) with respect to a stock option or purchase

Edgar Filing: BENCHMARK ELECTRONICS INC - Form DEF 14A

plan, or any other arrangement, pursuant to which officers or directors may acquire stock (subject to certain exceptions); (ii) prior to the issuance of Common Stock, or of securities convertible into or exercisable for Common Stock, to (a) a director, officer of substantial security holder of the Company (a "Related Party"), (b) a subsidiary, affiliate or other closely-related person of a Related Party, or (c) any company or entity in which a Related Party has a substantial direct or indirect interest; (iii) prior to the issuance of Common Stock, or of securities convertible into or exercisable for Common Stock (except for a public offering of Common Stock for cash) that would result in an increase in the number of shares or voting power of the outstanding shares by 20% or more; or (iv) prior to an issuance that will result in the change of control of the issuer.

Current holders of Common Stock have no preemptive rights, which means that current shareholders do not have a prior right to purchase any new issue of capital stock of the Company in order to maintain their proportionate ownership thereof. The effects of the authorization of additional shares of Common Stock may also include dilution of the voting power of currently outstanding shares and reduction of the portion of dividends and of liquidation proceeds payable to the holders of currently outstanding Common Stock.

In addition, the Board could use the authorized but unissued shares of Common Stock to create impediments to a takeover or a change of control of the Company. Under certain circumstances, such shares could be used to create voting impediments or to frustrate persons seeking to effect a takeover or otherwise gain control of the Company. For example, the Company might seek to frustrate a takeover attempt by making a private sale of a large block of shares to a third party who was opposed to such an attempt. The increase in authorized stock might also be considered as having the effect of discouraging an attempt by a third party to acquire control of the Company, through the acquisition of a substantial number of shares, since the issuance of any shares could be used to dilute the stock ownership of shares of the Company's voting stock held by such third party. Accordingly, an effect of the increase in the number of authorized shares of Common Stock may be to deter a future takeover attempt. The Board is not presently aware of any plans to acquire control of the Company and has not proposed the amendment to the Articles of Incorporation as an anti-takeover measure.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE PROPOSAL TO APPROVE THE AMENDMENT TO THE COMPANY'S RESTATED ARTICLES OF INCORPORATION TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK TO 85 MILLION SHARES.
