REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Trust Committee

Peapack-Gladstone Financial Corporation

Bedminster, New Jersey

We have audited the accompanying statement of net assets available for plan benefits of the Peapack-Gladstone Bank Employees' Savings and Retirement Plan as of December 31, 2012 and 2011, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2012. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of the Plan as of December 31, 2012 and 2011, and the changes in net assets available for plan benefits for the year ended December 31, 2012, in conformity with U.S. generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for the purpose of additional

analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic 2012 financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic 2012 financial statements taken as a whole.

PEAPACK-GLADSTONE BANK EMPLOYEES' SAVINGS AND INVESTMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2012 and 2011

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Peapack-Gladstone Bank Employees' Savings and Investment Plan ("the Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a participant-directed, defined contribution plan covering all full-time employees of the Peapack-Gladstone Bank ("the Bank") who have met the eligibility requirements, as defined below. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: Each year, participants may contribute up to 100% of base compensation, as defined in the Plan, up to the Internal Revenue Service ("IRS") limit of \$17,000 for 2012. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans in the form of rollovers.

For participants who have attained the age of 21, and have completed one quarter of a year of service, where a 'year of service' is defined as '1,000 hours in a 12-consecutive month period beginning the with participant's hire date,' shall be eligible to participate with respect to a match contribution (the "Match Contributions") as of the date the participant has satisfied such requirement. The Bank shall contribute for each payroll period on behalf of each participant, an amount equal to 50% of salary reduction deferrals made on behalf of the participant, up to 6% of the participant's compensation. For 2012, the Bank contributed \$455,960 in cash through the Match Contribution.

Each year, the Bank may elect, at its discretion, to make contributions to the Plan for those participants who have attained the age of 21, have completed one year of service, and are employed by the Bank on the last day of the Plan year (the "Profit Sharing Contribution"). The contribution for each eligible participant is determined by the pro rata share of each eligible participant's annual compensation. For 2012, the Bank contributed \$200,000 through the Profit Sharing Contribution in Peapack-Gladstone Financial Corporation common stock ("Peapack-Gladstone Financial Corporation Common Stock Fund"), for which participants may reallocate to other investment options subsequent to the contributions.

Each year, for participants who were participants in the Peapack-Gladstone Bank Employees' Retirement Plan ("Pension Plan") as of May 12, 2008 ("Determination Date"), the Bank will contribute to the Plan on behalf of each eligible participant an additional "Age and Service Contribution." In addition to being a participant in the Pension Plan at the Determination Date, the participant must have been either 45 years of age at the Determination Date, or the sum of the participant's age plus years of service at the Determination Date must be greater than or equal to 50. Participants for whom age plus years of service equal at least 50 or if the participant is at least 45 years of age but less than 52 at the Determination Date will receive a contribution of 3% of the participant's compensation earned during the Plan year. Participants whose age is at least 52 but less than 57 at the Determination Date will receive a contribution of 5% of the participant's compensation earned during the Plan year. Participants whose age is at least 57 but less than 65 at the Determination Date will receive a contribution of 7% of the participant's compensation earned during the Plan year. Participants who satisfy any of these criteria after the Determination Date are not eligible for this contribution. However, participants who are eligible to receive a lower percentage will receive the higher percentage whenever they satisfy the applicable criteria. For 2012, the Bank contributed \$397,144 in cash through the Age and Service Contribution.

4.

Table of Contents

PEAPACK-GLADSTONE BANK EMPLOYEES' SAVINGS AND INVESTMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2012 and 2011

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Each year, for participants who were participants in the Pension Plan as of the Determination Date, the Bank will contribute to the Plan on behalf of each eligible participant an "Enhanced Contribution." In addition to being a participant in the Pension Plan at the Determination Date, the participant must have been either 45 years of age at the Determination Date, or the sum of the participant's age plus years of service at the Determination Date must be greater than or equal to 50. This Enhanced Contribution will equal the lesser of the amount needed to replace the participant's projected benefit at normal retirement date or 18% of the participant's accrued pension benefit, as calculated at the Determination Date. Employees who reached age 65 prior to December 31, 2008, are not eligible for this Enhanced Contribution. If the projected benefit for the participant at the Determination Date was greater than projected pension benefit at normal retirement if the Pension Plan were retained, the Enhanced Contribution is not made. Participants who have at least 10 years of employment at the Determination Date will receive a contribution necessary to achieve 100% of the projected benefit. Participants who have at least five years of employment but less than 10 at the Determination Date will receive a contribution necessary to achieve 95% of the projected benefit. Participants who have less than five years of employment at the Determination Date will receive an amount necessary to achieve 90% of the projected benefit. For 2012, the Bank contributed \$271,730 in cash through the Enhanced Contribution.

Each year, for all eligible participants employed on the last day of the Plan year, the Bank will make an automatic Qualified Non-Elective Contribution ("QNEC Contribution"). The QNEC Contribution is 3% of the participant's compensation earned during the Plan year. For 2012, the Bank contributed \$525,183 in cash through the QNEC Contribution.

Participant Accounts: Each participant's account is credited with the participant's contribution and allocation of (a) the Bank's contributions and (b) Plan earnings, and (c) forfeitures of employer contributions, and is charged with his or her withdrawals and an allocation of administrative expense. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Vesting: Participants are immediately vested in their contributions and the Bank's matching contributions, plus actual earnings or losses thereon. Vesting in the non-matching contributions portion of their accounts, plus actual earnings or losses thereon, is based on years of continuous service, as defined. A participant is 100% vested after three years of continuous service.

Payment of Benefits: On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or equal periodic installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures: Forfeitures arising from the termination of members who were not fully vested shall be reallocated to participants who are employed on the last day of the plan year. Nonvested portions of participant accounts are considered to be forfeited as of the last day of the plan year in which the later of the one-year break-in-service or distribution occurs. Total forfeitures reallocated to remaining participants were \$7,550 for 2012 and \$23,629 for 2011, which represented the balances in the forfeiture account at December 31, 2012 and 2011, respectively.

5.

Table of Contents

PEAPACK-GLADSTONE BANK EMPLOYEES' SAVINGS AND INVESTMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2012 and 2011

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Management of Trust Funds: The assets of the Plan are managed by Prudential Insurance Company of America ("Prudential") through its Prudential Investment Management Services unit and PGB Trust & Investments, a division of Peapack-Gladstone Financial Corporation ("the Corporation"). PGB Trust & Investments performs certain administrative functions for the Plan.

Notes Receivable from Participants ("Loans"): Participants may borrow from their fund accounts up to maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment funds from (to) the loan fund. Loan terms range from one to five years or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is paid ratably through monthly payroll deductions.

Administrative Expenses: The majority of the administrative expenses are paid by the Bank. Investment management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting and present the net assets available for benefits and the changes in those net assets.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fully Benefit-Responsive Investment Contracts: While Plan investments are presented at fair value in the statements of net assets available for benefits, any material difference between the fair value of the Plan's direct and indirect interests in fully benefit-responsive investment contracts and their contract value is presented as an adjustment line in the statements of net assets available for benefits, because contract value is the relevant measurement attribute for that portion of the Plan's net assets available for benefits. Contract value represents contributions made to a contract, plus earnings, less participant withdrawals and administrative expenses. Participants in fully benefit-responsive contracts may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan holds a direct interest in a fully benefit-responsive contract. No adjustments from fair value to contract value are presented in the statements of net assets available for benefits, as the fair value approximates contract value.

Payment of Benefits: Benefits are recorded when paid.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Table of Contents

PEAPACK-GLADSTONE BANK EMPLOYEES' SAVINGS AND INVESTMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2012 and 2011

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Concentration of Credit Risk: At December 31, 2012 and 2011, approximately 9.4% and 8.1% of the Plan's investments were invested in Peapack-Gladstone Financial Corporation Common Stock, respectively.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

NOTE 3 - RIGHTS UPON PLAN TERMINATION

Although the Corporation has not expressed intent to terminate the Plan, it may do so at any time by action of its board of directors subject to the provisions of ERISA. If the Plan were terminated, however, all members of the Plan would automatically become 100% vested in their fund balances.

NOTE 4 - INVESTMENTS

The following presents the fair values of investments that represent 5% or more of the Plan's net assets available for benefits at December 31, 2012 or 2011:

	2012	2011
American Funds Europacific Fund	\$2,742,399	\$2,258,843
Pimco Total Return Fund	3,244,848	2,592,785
Van Kampen Comstock	—	1,440,708
MFS Massachusetts Investors Growth Stock R3	3,010,262	2,283,761
Invesco Comstock Fund	1,791,948	—
Prudential Retirement Insurance & Annuity Company Guaranteed Income Fund	4,165,608	3,472,735
Peapack-Gladstone Financial Corporation (the Plan sponsor) Common Stock	2,335,419	1,570,591

The net appreciation in fair value of investments (including gains and losses on investments bought and sold, as well as held during the year) for the year ended December 31, 2012, is as follows:

	2012
Mutual funds	\$1,741,028
Peapack-Gladstone Financial Corporation common stock	490,167
	\$2,231,195

(Continued)

7.

Table of Contents

December 31, 2012 and 2011

NOTE 5 - FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Company Common Stock: The fair value of the company common stock investment is determined by obtaining quoted prices on a nationally recognized stock exchange (Level 1 inputs).

Investment Contract: The fair value of the investment contract has been determined to approximate contract value, based upon the lack of contractual maturity, the frequency of the re-setting of contractual interest rate to market rate, the credit quality of the issuer, the liquidity of the contract, and the terms of the contract prohibit transfer or assignment of rights under the contract and provide for all distributions at contract value (Level 3 inputs).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 - FAIR VALUE MEASUREMENTS (Continued)

Investments measured at fair value on a recurring basis are summarized below:

	Fair Value Measurements at December 31 Using		
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
2012			
Investments:			
Cash	\$2,061	\$ —	\$ —
Peapack-Gladstone Financial Corporation Common Stock	2,335,419	—	—
Mutual Funds – Fixed Income	4,201,529	—	—
Mutual Funds – Domestic Equity	6,579,049	—	—
Mutual Funds – International Equity	2,843,827	—	—
Mutual Funds – Small/MidCap Equity	3,603,963	—	—
Mutual Funds – Large Cap Equity	1,115,631	—	—
Investment Contract with Insurance Company	—	—	4,165,608
2011			
Investments:			
Cash	\$998	\$ —	\$ —
Peapack-Gladstone Financial Corporation Common Stock	1,570,591	—	—
Mutual Funds – Fixed Income	3,200,645	—	—
Mutual Funds – Domestic Equity	5,035,545	—	—
Mutual Funds – International Equity	2,272,317	—	—
Mutual Funds – Small/MidCap Equity	2,924,414	—	—
Mutual Funds – Large Cap Equity	914,468	—	—
Investment Contract with Insurance Company	—	—	3,472,735

There were no transfers between Level 1 and Level 2 during 2012.

(Continued)

 NOTES TO FINANCIAL STATEMENTS
 December 31, 2012 and 2011

NOTE 5 - FAIR VALUE MEASUREMENTS (Continued)

The table below presents a reconciliation of Plan investments measured at fair value on a recurring basis using significant unobservable inputs (Level 3) for the year ended December 31, 2012, including the reporting classifications for the applicable gains and losses included in the 2012 statement of changes in net assets available for benefits:

	Fair Value Measurements Using Significant Unobservable Inputs (Level 3) Investment Contracts
Beginning balance, January 1, 2012	\$ 3,472,735
Total gains or losses included in change in net assets available for benefits:	
Interest income on investment contracts held at end of year	74,914
Purchases	1,191,569
Sales	(573,610)
Ending balance, December 31, 2012	\$ 4,165,608

NOTE 6 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2006, the Plan entered into a fully benefit-responsive group annuity contract with Prudential Retirement Insurance & Annuity Company ("PRIAC"), an indirect wholly owned subsidiary of Prudential Financial, Inc., by investing in the PRIAC Guaranteed Income Fund. PRIAC maintains the contributions in its general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. There are no reserves against contract value for credit risk of the Issuer or otherwise.

The Plan's investment contract specifies that generally there are not any events that could limit the ability of the Plan to transact at contract value paid within 90 days or in rare circumstances, contract value paid over time. There are not any events that allow the issuer to terminate the contract and which require the plan sponsor to settle at an amount

different than contract value paid either within 90 days or over time. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

The crediting interest rate of the contract is based on an agreed-upon formula with PRIAC, as defined in the contract agreement, but cannot be less than 1.5%. Such interest rates are reviewed on a semiannual basis for resetting. The key factors that influence future interest crediting rates could include the following: current economic and market conditions; the level of market interest rates; and both the expected and actual experience of a reference portfolio within PRIAC's general account. The resulting gain or loss in the fair value of the investment contract relative to its contract value, if any, is reflected in the statements of net assets available for benefits as an adjustment from fair value to contract value for fully benefit-responsive investment contracts. No adjustment amount is being reported as management has determined that contract value approximates fair value of the contract as of December 31, 2012 and 2011.

(Continued)

10.

Table of Contents

 NOTES TO FINANCIAL STATEMENTS
 December 31, 2012 and 2011

NOTE 6 - INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)

	2012	2011
Average yields:		
Based on annualized earnings ⁽¹⁾	1.90%	2.25%
Based on interest rate credited to participants ⁽²⁾	1.90	2.25

(1) Computed by dividing the annualized one-day actual earnings of the contract on the last day of the Plan year by the fair value of the contract investments on the same date.

(2) Computed by dividing the annualized one-day earnings credited to participants on the last day of the Plan year by the fair value of the contract investments on the same date.

NOTE 7 - TAX STATUS

The Plan was designed under the Prudential Insurance Company of America Prototype Plan and Trust. The Prototype Plan received a favorable tax opinion letter dated June 3, 2004. The plan administrator believes that the Plan has been designed to be a qualified plan as described in Section 401(a) of the Internal Revenue Code ("IRC"), and thereunder exempt from payment of federal income taxes under provisions of Section 501(a) of the IRC. The Plan has been amended since the opinion letter was received. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan holds a guaranteed investment contract with PRIAC, which is also the custodian of the Plan. The Plan also holds shares of Peapack-Gladstone Financial Corporation Common Stock, for which the number of shares and fair values were 165,868 and \$2,335,419, respectively, as of December 31, 2012; and, 146,102 and \$1,570,591, respectively, as of December 31, 2011. The Plan recognized dividend income of \$29,931 during 2012 from this related-party investment. Notes receivable from participants held by the Plan also reflect party-in-interest transactions.

Certain administrative functions are performed by officers or employees of the Bank. No such officer or employee receives compensation from the Plan. The majority of administrative expenses of the Plan are paid directly by the Bank.
