Item 2.01 Completion of Acquisition or Disposition of Assets

As previously announced on May 11, 2017, Integra LifeSciences Holdings Corporation, a Delaware corporation (the “Company” or “Integra”), entered into an asset purchase agreement (the “Purchase Agreement”) with DePuy Synthes, Inc., a Delaware corporation (“DePuy Synthes”) and a wholly-owned subsidiary of Johnson & Johnson, pursuant to which the Company agreed to acquire certain assets, and assume certain liabilities, of Johnson & Johnson’s Codman neurosurgery business (the “Acquisition”).

On October 2, 2017, upon the terms and subject to the conditions set forth in the Purchase Agreement, the Acquisition was completed. Under the terms of the Purchase Agreement, the Company paid an aggregate purchase price of \$1,044,218,000, subject to purchase price adjustments for certain inventory changes. The assets and liabilities subject to the Acquisition relate to the research, development, manufacture, marketing, distribution and sale of certain products of Johnson & Johnson’s Codman business used in connection with neurosurgery procedures.

The foregoing description of the Purchase Agreement and the transactions contemplated thereby is not complete and is subject to and qualified in its entirety by reference to the Purchase Agreement, which was filed as Exhibit 2.1 to the Current Report on Form 8-K filed by the Company with the Securities and Exchange Commission (“SEC”) on May 15, 2017 and the terms of which are incorporated by reference herein.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant

On October 2, 2017, the Company borrowed \$700 million under that certain Fourth Amended and Restated Credit Agreement, dated as of December 7, 2016 (the “Credit Agreement”) among the Company, a syndicate of lending banks, and Bank of America, N.A., as Administrative Agent. The \$700 million was borrowed under the delayed draw term loan A facility that, as previously reported, was established on March 31, 2017 by the Company’s entry into the first amendment to the Credit Agreement. The Company’s ability to borrow the delayed draw term loans was conditioned upon its satisfaction of certain customary closing conditions, which, as of October 2, 2017, have been satisfied.

The credit facility requires the Company to maintain various financial covenants, including a maximum consolidated total leverage ratio and a minimum consolidated interest coverage ratio. The credit facility also contains customary affirmative and negative covenants, including those that limit Integra’s and its subsidiaries’ ability to incur additional debt, incur liens and make investments.
