PROPOSAL ONE

ELECTION OF DIRECTOR

At the annual meeting, one director will be elected to serve for a term of three years and until his successor is duly elected and qualified. The Board of Directors unanimously nominated Conrad S. Ciccotello, who is currently a director. Mr. Ciccotello has consented to be named in this proxy statement and has agreed to serve if elected. The Company has no reason to believe that he will be unavailable to serve.

The persons named on the accompanying proxy card intend to vote at the meeting (unless otherwise directed) FOR the election of Mr. Ciccotello as a director of the Company. Currently the Company has five directors. In accordance with the Company's Articles of Amendment and Restatement, its Board of Directors is divided into three classes of approximately equal size. The terms of the directors of the different classes are staggered. The terms of Charles E. Heath and Terry C. Matlack expire on the date of the 2006 annual meeting of stockholders and the terms of John R. Graham and H. Kevin Birzer expire on the date of the 2007 annual meeting of stockholders. If Mr. Ciccotello is elected at the annual meeting, his term will expire at the annual meeting of stockholders in 2008. Pursuant to the terms of the preferred shares, the preferred stockholders have the exclusive right to elect two directors to the board. The board has designated Mr. Matlack and Mr. Graham as the directors the preferred stockholders shall have the right to elect.

On this proposal, the holders of preferred shares of the Company will have

Edgar Filing: TORTOISE ENERGY INFRASTRUCTURE CORP - Form PRER14A

equal voting rights with the holders of common shares (i.e., one vote per share) and the common shares and the preferred shares will vote together as a single class. The Company's directors are elected by a plurality of the votes cast at the meeting. This means the nominee who receives more votes than any other candidate, regardless of the votes withheld for that candidate will be elected. Thus, shares present at the annual meeting that are not voted for a particular nominee, shares present in person or represented by proxy where the stockholder properly withholds authority to vote for such nominee, and broker non-votes, if any, will not be counted towards such nominee's achievement of a plurality. Stockholders do not have cumulative voting rights.

If elected, Mr. Ciccotello will hold office until the 2008 annual meeting of stockholders or until his successor is duly elected and qualified. If Mr. Ciccotello is unable to serve because of an event not now anticipated, the persons named as proxies may vote for another person designated by the Board of Directors.

The following table sets forth each Board member's name, age and address; position(s) with the Company and length of time served; principal occupation during the past five years; the number of portfolios in the Fund Complex that each Board member oversees; and other public company directorships held by each Board member. The Fund Complex is comprised of the closed-end funds advised by the Advisor, and as of March [___], 2005 included the Company and Tortoise North American Energy Corporation.

Committees of the Board of Directors. The Company's Board of Directors currently has two standing committees:

Executive Committee. Messrs. Birzer and Matlack are members of the executive committee. The executive committee has authority to exercise the powers of the Board (i) where assembling the full Board in a timely manner is impracticable, (ii) to address emergency matters, or (iii) to address matters of an administrative or ministerial nature. Messrs. Birzer and Matlack are "interested persons" of the Company as defined by Section 2(a)(19) of the Investment Company Act of 1940.

Audit Committee. Messrs. Ciccotello, Heath and Graham serve on the audit committee. The audit committee operates under a written charter adopted and approved by the Board. The Audit Committee Charter is attached hereto as Appendix A and will be attached every third year

Edgar Filing: TORTOISE ENERGY INFRASTRUCTURE CORP - Form PRER14A

going forward. The audit committee approves and recommends to the Board the election, retention or termination of independent auditors; approves services to be rendered by the auditors; monitors the auditors' performance; reviews the results of the Company's audit; determines whether to recommend to the Board that the Company's audited financial statements be included in the Company's Annual Report; and responds to other matters as outlined in the Audit Committee Charter. Each audit committee member is "independent" as defined by the New York Stock Exchange.

The Board does not currently have a standing nominating or compensation committee. The New York Stock Exchange does not require boards of directors of closed-end funds to have a standing nominating or compensation committee.

Your Board of Directors does not believe a standing nominating committee is necessary because the full Board of Directors currently participates in the consideration of director nominees. The Board of Directors does not have a charter with respect to the duties it fulfills in its nominating capacity. The Board of Directors does not have a specific policy with regard to consideration of director candidates recommended by stockholders and will give consideration to director candidates recommended by stockholders in accordance with the Company's Bylaws and the procedures described under "Stockholder Proposals." The Company's Bylaws require all directors and nominees for directors (1) be at least 21 years of age and have substantial expertise, experience and relationships relevant to the business of the Company and (2) to have a master's degree in economics, finance, business administration or accounting, to have a graduate professional degree in law from an accredited university or college in the United States, or the equivalent degree from an equivalent institution of higher learning in another country, to have a certification as a public accountant in the United States, to

5

be deemed an "audit committee financial expert" as such term is defined in item 401 of Regulation S-K as promulgated by the SEC, or to be a current director of the Company. The Board of Directors does not have a specific process for identifying and evaluating nominees for director, but when considering nominations for membership on the Board, the Board of Directors seeks to identify persons who satisfy the criteria identified above and who have the highest capabilities, judgment and ethical standards and an understanding of the business of the Company. The Board of Directors does not evaluate nominees for director differently when a nominee is proposed by a stockholder.

The following table shows the number of meetings held for the Company during the fiscal year ended November 30, 2004:

Board of Directors	10
Executive Committee	3
Audit Committee	5

All of the members of the Board and committee members then serving attended at least 75% of the meetings of the Board of Directors and applicable committees held during the fiscal year.

Director and Officer Compensation. The Company does not compensate any of the directors who are interested persons and does not compensate any of its officers. The following table sets forth certain information with respect to the compensation paid by the Company and the Fund Complex during fiscal 2004 to each of the current directors.

Edgar Filing: TORTOISE ENERGY INFRASTRUCTURE CORP - Form PRER14A

John R. Graham	\$20,500	\$20,500
Charles E. Heath	\$21,000	\$21,000

Required Vote. Mr. Ciccotello will be elected by the vote of a plurality of all shares of the Company present at the meeting, in person or by proxy. Each common share and each preferred share is entitled to one vote.

BOARD RECOMMENDATION

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS OF THE COMPANY VOTE "FOR" MR. CICCOTELLO AS A DIRECTOR.

6

PROPOSAL TWO

APPROVAL TO SELL A LIMITED NUMBER OF COMMON SHARES BELOW NET ASSET VALUE

Since our initial public offering, the Company sold common shares in a subsequent public offering and invested the proceeds from such subsequent public offering in accordance with its investment objectives. The Investment Company Act of 1940 ("1940 Act") permits such sales, so long as the net sale price to the Company (after deduction of offering expenses) is at least equal to the net asset value per share (the "NAV") of its common shares. Additionally, the 1940 Act permits the Company to sell its common shares below NAV with the consent of a majority of its common stockholders. The 1940 Act establishes a connection between common share net sale price and NAV because when stock is sold at a net sale price below NAV, the resulting increase in the number of outstanding shares is not accompanied by a proportionate increase in the net assets of the Company.

The Company believes that having the ability to issue a limited number of the Company's common shares below NAV in certain instances will benefit all stockholders. The Company is periodically presented with opportunities to acquire securities of master limited partnerships ("MLPs") at a discount to their prevailing market price. However, those attractive investment opportunities require the Company to make its investment commitment quickly and to have available cash for the investment. Because the Company generally attempts to remain fully invested and does not intend to maintain cash for the purpose of making these investments, the Company may be unable to capitalize on attractive investment opportunities presented to it unless it quickly raises capital. The market value of our common shares, however, periodically falls below our NAV, which is not uncommon for a closed-end fund such as the Company. When this happens, the Company is not able to effectively access capital markets to enable it to take advantage of attractive investment opportunities.

The proposed resolution would give the Company the opportunity to raise cash and purchase attractively priced securities even if the net sale price to the Company of our common shares is below NAV. The Company does not anticipate selling common shares below NAV unless the Company has identified attractive

Edgar Filing: TORTOISE ENERGY INFRASTRUCTURE CORP - Form PRER14A

near term investment opportunities that the directors, including a majority of independent directors, reasonably believe will increase stockholder distributions. Further, to the extent the Company issues common shares below NAV in a publicly registered transaction, the market capitalization and number of publicly tradable shares of the Company will increase, thus affording all stockholders greater liquidity.

The Company will only sell common shares below NAV in accordance with the following parameters:

1. The aggregate number of the Company's common shares issued below NAV will not exceed more than 20% of the Company's outstanding common shares as of any offering date. In determining the number of the Company's outstanding common shares, all common shares outstanding on the date of the stockholder vote shall be deemed to be outstanding, as well as all common shares sold at a net sales price in excess of NAV from and after the date of the stockholder vote. However, common shares previously sold at a net sales price below NAV will not be deemed to be outstanding for purposes of computing the 20% limitation.

7

2. The Company will not sell its common shares at a price to the Company, after deduction of all offering expenses and underwriting fees and commissions, that represents a discount of more than 5% of the NAV, as determined at any time within 48 hours of pricing of the common shares to be sold below NAV.

3. The Company will only issue common shares below NAV if a majority of the independent directors make a determination that they reasonably expect that the investment(s) to be made with the net proceeds of such issuance will increase stockholder distributions.

As discussed below under the caption "More Information About the Meeting - Investment Advisory Agreement," the Company's investment adviser is paid a fee based upon the Company's average monthly Managed Assets (as defined below). Therefore, the adviser's interest in determining whether to recommend that the Company issue common shares below NAV may conflict with the interests of the Company and its stockholders.

Furthermore, if current stockholders of the Company either do not purchase any shares in an offering conducted by the Company or do not purchase sufficient shares in the offering to maintain their percentage interest, regardless of whether such offering is above or below the then current NAV, their voting power will be diluted.

The table below sets forth the pro forma effect on our NAV if we were to have issued shares below our NAV as of February 28, 2005. The table assumes that we issue 2,948,819.550 shares, which represents all of the shares we would be currently authorized under this proposal to issue, at a net price to us after deducting all expenses of issuance, including underwriting discounts and commissions, equal to \$26.95, 95% of the NAV of our common shares as of February 28, 2005.

Impact of Below NAV Issuances of Common Shares

Common shares currently outstanding	14,744,097.750
Common shares that currently may be issued below NAV	2,948,819.550
Total common shares outstanding if all authorized 2re	

Edgar Filing: TORTOISE ENERGY INFRASTRUCTURE CORP - Form PRER14A

issued below NAV	17,692,917.300
Current NAV per share as of February 28, 2005	\$28.37
Aggregate net asset value of all currently outstanding common shares based on NAV as of Feb. 28, 2005	\$418,290,053.17
Aggregate net proceeds to the Company (assuming the Company sold all authorized shares and received net proceeds equal to \$26.95 per share (95% of the NAV as of Feb. 28, 2005))	\$79,470,686.87
Expected aggregate net asset value of the Company after issuance	\$497,760,740.04
NAV per share after issuance	\$28.13

The persons named in the accompanying proxy card intend to vote at the meeting (unless otherwise directed) FOR approval of the sale of common shares below NAV.

Required Vote. The proposal must be approved by both (a) the affirmative vote of a majority of all common stockholders of record, and (b) a majority of the votes cast by the common stockholders and the preferred stockholders, voting together as a single class.

8

For the purpose of determining whether a majority of the common stockholders approved the matter, the number of common shares held by any single stockholder will not be relevant. For the purpose of determining whether a majority of the common stockholders approved this proposal, abstentions and broker non-votes will not be counted as votes cast and will have no effect on the result of the vote.

For the purposes of determining whether the majority of the votes cast by the common and preferred stockholders voting together as a single class approved the proposal, each common share and each preferred share is entitled to one vote. Further, abstentions and broker non-votes will not be counted as votes cast and will have no effect on the result of the vote.

BOARD RECOMMENDATION

THE BOARD OF DIRECTORS OF THE COMPANY UNANIMOUSLY RECOMMENDS THAT COMMON STOCKHOLDERS OF THE COMPANY VOTE "FOR" THE PROPOSAL TO ALLOW THE COMPANY TO SELL ITS COMMON SHARES BELOW NET ASSET VALUE.

PROPOSAL THREE

RATIFICATION OF SELECTION OF INDEPENDENT, REGISTERED CERTIFIED PUBLIC ACCOUNTANTS

The Board of Directors recommends that the stockholders of the Company ratify the selection of Ernst & Young LLP ("E&Y"), independent registered certified public accountants, to audit the accounts of the Company for the fiscal year ending November 30, 2005. E&Y's selection was approved by the Audit Committee at a meeting held on January 19, 2005. Their selection also was ratified and approved by the vote, cast in person, of a majority of the directors of the Company, including a majority of the directors who are not "interested persons" of the Company within the meaning of the 1940 Act, as amended, and who are "independent" as defined in the New York Stock Exchange listing standards, at a meeting held on January 19, 2005.

Edgar Filing: TORTOISE ENERGY INFRASTRUCTURE CORP - Form PRER14A

The persons named in the accompanying proxy card intend to vote at the meeting (unless otherwise directed) FOR the ratification of E&Y as the Company's independent, registered certified public accountants. E&Y has audited the accounts of the Company since prior to the Company's commencement of business in February 2004 and does not have any direct financial interest or any material indirect financial interest in the Company. A representative of E&Y is expected to be available at the meeting and to have the opportunity to make a statement and respond to appropriate questions from the stockholders. The Audit Committee of the Board of Directors meets each year with representatives of E&Y to discuss the scope of their engagement, review the financial statements of the Company and the results of their examination.

Required Vote. E&Y will be ratified as the Company's independent, registered certified public accountant by the affirmative vote of a majority of all shares present and voting at the meeting, in person or by proxy. Each common share and each preferred share is entitled to one vote.

9

AUDIT COMMITTEE REPORT

The audit committee of the Board of Directors of the Company reviews the Company's annual financial statements with both management and the independent auditors, and the committee meets periodically with the independent auditors to consider their evaluation of the Company's financial and internal controls.

The audit committee, in discharging its duties, has met with and held discussions with management and the Company's independent auditors. The committee has reviewed and discussed the audited financial statements with management. Management has represented to the independent auditors that the Company's financial statements were prepared in accordance with generally accepted accounting principles.

The audit committee has also discussed with the independent auditors the matters required to be discussed by the Statement on Auditing Standards No. 61 (Communications with Audit Committees). The independent auditors provided to the committee the written disclosure required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the committee discussed with representatives of the independent auditors their firm's independence.

Based on the audit committee's review and discussions with management and the independent auditors, the representations of management and the reports of the independent auditors to the committee, the committee recommended that the Board include the audited financial statements in the Company's Annual Report.

The members of the Company's Audit Committee are Conrad S. Ciccotello, Charles E. Heath and John R. Graham.

INDEPENDENT AUDITORS

On January 19, 2005, the Company's audit committee selected E&Y, independent registered certified public accountants, to audit the books and records of the Company for its fiscal year ending November 30, 2005. E&Y is registered with the Public Company Accounting Oversight Board.

AUDIT AND RELATED FEES

Audit Fees. For professional services rendered with respect to the audit of the Company's financial statements and the review of the Company's statutory and regulatory filings for its last fiscal year, the Company paid E&Y fees in the approximate amount of \$67,500. The Company was formed on October 29, 2003, and thus did not pay E&Y any fees prior to that date.

Audit-Related Fees. The Company did not pay E&Y any fees for assurance and related services reasonably related to the performance of the audits of the Company's annual financial statements for its last fiscal year.

Tax Fees. For professional services for tax compliance, tax advice and tax planning for its last fiscal year, the Company paid to E&Y fees in the approximate amount of \$14,300.

10

All Other Fees. The Company did not pay E&Y any fees for services other than those described above during its last fiscal year. The Advisor and its affiliates performing services for the Company did not pay any fees to E&Y during the Company's most recent fiscal year for services other than those described above.

Aggregate Non-Audit Fees. The Company did not pay E&Y any amounts for any non-audit services during the Company's last fiscal year.

In addition, neither the Advisor nor any entity controlling, controlled by, or under common control with the Advisor that provides ongoing services to the Company paid E&Y for any non-audit services during its last two fiscal years.

On July 15, 2004, the Audit Committee of the Company adopted pre-approval policies and procedures. Since the adoption of such policies and procedures, the Audit Committee has pre-approved all audit and non-audit services provided by E&Y, and all non-audit services provided by E&Y for the Advisor, or any entity controlling, controlled by, or under common control with the Advisor that provides ongoing services to the Company, that are related to the operation of the Company.

The audit committee of the Company has considered whether E&Y's provision of services (other than audit services to the Company) to the Company, the Advisor or any entity controlling, controlled by, or under common control with the Advisor that provide services to the Company is compatible with maintaining E&Y's independence in performing audit services.

APPENDIX A

**TORTOISE ENERGY INFRASTRUCTURE CORPORATION
(the "Company")**

AUDIT COMMITTEE CHARTER

I. PURPOSE

The Audit Committee is a committee of the Board of the Company. Its primary function is to assist the Board in fulfilling certain of its responsibilities. This Charter sets forth the duties and responsibilities of the Audit Committee.

The Audit Committee serves as an independent and objective party to oversee the Company's accounting policies, financial reporting and internal control system, as well as the work of the independent auditors. The Audit Committee assists Board oversight of (1) the integrity of the Company's financial statements; (2) the Company's compliance with legal and regulatory requirements; (3) the independent auditors' qualifications and independence; and (4) the performance of the Company's independent auditors. The Audit Committee also serves to provide an open avenue of communication among the independent auditors, Company management and the Board.¹

- o Company management has the primary responsibility to establish and maintain systems for accounting, reporting and internal controls, which functions may be delegated to an accounting service agent or custodian, provided Company management provides adequate oversight.
- o The independent auditors have the primary responsibility to plan and implement a proper audit of the Company's financial statements, including consideration of the Company's accounting, reporting and internal control practices.

The Audit Committee may have additional functions and responsibilities as deemed appropriate by the Board and the Audit Committee.²

Although the Audit Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and have been prepared in accordance with generally accepted accounting principles.

¹ The New York Stock Exchange Corporate Governance Standards require the Audit Committee's charter to address, as one of the Committee's purposes, that it assist Board oversight of "the performance of the company's internal audit

function." Since the Company has no internal audit function, this has not been included as one of the purposes of the Committee.

2 The Audit Committee also has as a purpose the preparation of an audit committee report to be included in the annual proxy statement. This report is described in footnote 8.

II. COMPOSITION

The Audit Committee shall be comprised of all independent board members who, in the opinion of the Board, are free from any relationship that would interfere with the exercise of his or her independent judgment as a member of the Audit Committee. For these purposes, a board member is considered an independent board member if:

- o he or she is not an "interested person" of the Company as that term is defined in the Investment Company Act of 1940;
- o he or she does not accept, directly or indirectly, any consulting, advisory, or other compensatory fee from the Company (except in the capacity as a Board or committee member); and
- o he or she meets the independence requirements set forth in the New York Stock Exchange Listed Company Manual, Section 303A.07.

Each member of the Audit Committee shall be financially literate, as such qualification is interpreted by the Board in its business judgment. The Audit Committee will review the qualifications of its members and determine whether any of its members qualify as an "audit committee financial expert"³ as defined in Form N-CSR. The Audit Committee will submit such determination to the Board for its final determination. At least one member of the Audit Committee must have accounting or related financial management expertise, as the Board interprets such qualification in its business judgment.

Audit Committee members may enhance their familiarity with finance and accounting by participating in educational programs from time to time, at the expense of the Company.

The members of the Audit Committee shall be elected by the Board annually and serve until their successors shall be duly elected and qualified. Unless a Chairman is elected by the Board, the Chairman shall be elected annually by a majority vote of the members of the Audit Committee.

The Audit Committee shall have unrestricted access to the independent auditors and the executive and financial management of the Company. The Audit Committee shall have the resources and authority appropriate to discharge its responsibilities, including the authority in its

³ An "audit committee financial expert" of a company is defined as a person who has all of the following attributes: (1) an understanding of generally accepted accounting principles ("GAAP") and financial statements; (2) the ability to assess the general application of GAAP in connection with the accounting for estimates, accruals and reserves; (3) experience preparing, auditing, analyzing or evaluating financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that can reasonably be expected to be raised by the company's financial statements, or experience actively supervising one or more

persons engaged in such activities; (4) an understanding of internal controls and procedures for financial reporting; and (5) an understanding of audit committee functions. An audit committee financial expert must have acquired such attributes through any one or more of the following: (1) education and experience as a principal financial officer, principal accounting officer, controller, public accountant or auditor or experience in one or more positions that involve the performance of similar functions (or active supervision of such persons); or (2) experience overseeing or assessing the performance of companies or public accountants with respect to the preparation, auditing or evaluation of financial statements; or (3) other relevant experience.

discretion to retain special legal, accounting or other experts or consultants to advise the Audit Committee at the expense of the Company if, in the Audit Committee's judgment, that is appropriate.

III. MEETINGS

The Audit Committee shall meet two times annually, or more frequently as circumstances dictate. Special meetings (including telephone meetings) may be called by the Chair or a majority of the members of the Audit Committee upon reasonable notice to the other members of the Audit Committee. With a view to fostering open communication, the Audit Committee shall meet at least annually with senior Company management responsible for accounting and financial reporting and the independent auditors in separate executive sessions to discuss any matters that the Audit Committee, or any of such other persons, believes should be discussed privately.

IV. RESPONSIBILITIES AND DUTIES

To fulfill its responsibilities and duties the Audit Committee shall:

- A. Charter. Review this Charter annually and recommend changes, if any, to the Board.
- B. Internal Controls.
 1. Review annually with Company management and the independent auditors:
 - a. the organizational structure, reporting relationship, adequacy of resources and qualifications of the senior Company management personnel responsible for accounting and financial reporting;
 - b. their separate evaluations of the adequacy and effectiveness of the Company's system of internal controls, including those of the Company's service providers; and
 - c. any significant findings related to the Company's systems for accounting, reporting and internal controls, in the form of written observations and recommendations (including any management letter), and Company management's written response.
 2. Establish procedures for the receipt, retention and treatment of complaints received by the Company and/or the Audit Committee regarding accounting, internal accounting

controls or auditing matters and the confidential, anonymous submission by officers of the Company or employees of the Adviser or any other service provider to the Company of concerns regarding questionable accounting or auditing matters.

3. Review annually with Company management and the independent auditors, policies for valuation of Company portfolio securities, and the frequency and magnitude of pricing errors.

C. Independent Auditors.

1. Approve and recommend to the Board, the selection, retention or termination of the independent auditors, and approve the fees and other compensation to be paid to the independent auditors. Such selection shall be pursuant to a written engagement letter approved by the Audit Committee, which shall provide that:

 - o The independent auditors shall report directly to the Audit Committee.
2. Pre-approve any engagement of the independent auditors to provide any non-prohibited services to the Company, including the fees and other compensation to be paid to the independent auditors.⁴
 - o The Chairman of the Audit Committee may grant the pre-approval referenced above for non-prohibited services for engagements of less than \$5,000.
 - o All such delegated pre-approvals shall be presented to the Audit Committee no later than the next Audit Committee meeting.
3. Pre-approve any engagement of the independent auditors, including the fees and other compensation to be paid to the independent auditors, to provide any non-audit services to the Adviser (or any "control affiliate"⁵ of the Adviser providing ongoing services to the Company), if the engagement relates directly to the operations and financial reporting of the Company.

⁴ Pre-approval of non-audit services for the Company pursuant to Section IV.C. 2 above is not required if: (a) the aggregate amount of all non-audit services provided to the Company is no more than 5% of the total fees paid by the Company to the independent auditors during the fiscal year in which the non-audit

Edgar Filing: TORTOISE ENERGY INFRASTRUCTURE CORP - Form PRER14A

5 "Control affiliate" means any entity controlling, controlled by, or under common control with the Adviser.

- o The Chairman of the Audit Committee may grant the pre-approval referenced above for non-prohibited services for engagements of less than \$5,000.
 - o All such delegated pre-approvals shall be presented to the Audit Committee no later than the next Audit Committee meeting.
4. On an annual basis, request, receive in writing and review a report by the independent auditors describing:
- o the independent auditors' internal quality-control procedures;
 - o any material issues raised by the most recent internal quality-control review, or peer review, of the independent auditors, or by any inquiry or investigations by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the independent auditors, and any steps taken to deal with any such issues; and
 - o all relationships between the independent auditors and the Company, so as to assess the auditors' independence, including identification of all relationships the independent auditors have with the Company and all significant relationships the independent auditors have with the Adviser (and any "control affiliate" of the Adviser) and any material service provider to the Company (including, but not limited to, disclosures regarding the independent auditors' independence required by Independence Standards Board Standard No. 1 and compliance with the applicable independence provisions of Rule 2-01 of Regulation S-X).

In assessing the auditors' independence, the Audit Committee shall take into account the opinions of Company management. The Committee will present its conclusions with respect to the independent auditors to the Board, and recommend that the Board take appropriate action, if any, in response to the independent auditors' report to satisfy itself of the independent auditors' independence.

5. On an annual basis, meet with the independent auditors and Company management to review the arrangements for and scope of the annual audit for the current year and the audit procedures to be utilized.

Edgar Filing: TORTOISE ENERGY INFRASTRUCTURE CORP - Form PRER14A

6. Review the management letter, if any, prepared by the independent auditors and Company management's response.
7. Review and evaluate the lead audit partner (such review to include consideration of whether, in addition to the regular rotation of the lead audit partner as required by law, in order to assure continuing auditor

independence, there should be regular consideration of rotation of the firm serving as independent auditors).

D. Financial Reporting Processes.

independent auditors' activities or on access to requested information; and

4. Receive annually a report from the independent auditors to the Audit Committee of any changes to the previously reported information regarding:
- a. all critical accounting policies and practices to be used;
 - b. all alternative treatments of financial information within GAAP for policies and practices related to material items that have been discussed with Company management, the ramifications of the use of such alternative disclosures and treatments, and the treatment preferred by the independent auditors;
 - c. other material written communications between the independent auditors and Company management including, but not limited to, any management letter or schedule of unadjusted differences; and
 - d. all non-audit services provided to an entity in the "investment company complex"⁶ as defined in paragraph (f) (14) of Rule 2-01 of Regulation S-X that were not pre-approved by the Audit Committee.

If the communication is not within 90 days prior to the filing of the Company's annual financial statements with the SEC, the independent auditors shall provide an update in the 90 day period prior to the filing.

5. Review, initially, with Company management and the independent auditors, the process for developing the Company's "disclosure controls and procedures"⁷ as defined in Rule 30a-3(c) under the Investment Company Act of 1940 and thereafter any significant changes thereto.

⁶ "Investment company complex" includes: (1) an investment company and its investment adviser or sponsor; (2) any entity controlled by or controlling an investment adviser or sponsor in (1) above, or any entity under common control with any investment adviser or sponsor in (1) above if the entity: (A) is an investment adviser or sponsor or (B) is engaged in the business of providing administrative, custodian, underwriter, or transfer agent services to any investment company, investment adviser, or sponsor; and (3) an investment company or entity that would be an investment company but for the exclusions provided by Section 3(c) of the 1940 Act that has an investment adviser or sponsor included in (1) and (2) above.
