in connection with the registrant's
Annual Meeting of Shareholders to
be held on May 7, 2002

III

2

PART I

Item 1. Business

Operating Segments:

The company is organized into three geographic operating segments - North America, Europe and Other International. Further information with respect to the registrant's operating segments is reported at Note 7 of Notes to Consolidated Financial Statements contained in the registrant's Annual Report to Shareholders for the year ended December 31, 2001, incorporated herein by reference.

Products and Markets:

The primary business of the registrant and its affiliated companies is the manufacture and sale of products designed to protect the safety and health of people throughout the world.

Principal products include respiratory protective equipment that is air-purifying, air-supplied and self-contained in design; instruments that monitor and analyze workplace environments and control industrial processes; thermal imaging cameras that enable firefighters and rescue workers to see through smoke and darkness; and personal protective products including head, eye and face, hearing protectors, and fall protection equipment.

Many of these products have wide application for workers in industries that include manufacturing, municipal and volunteer fire departments, public utilities, mining, chemicals, petroleum, construction, transportation, the military, and hazardous materials clean-up. Consumer products target the do-it-yourself market and are available through select home center retail outlets under the MSA Safety Works(TM) brand.

Other products manufactured and sold, which do not fall within the category of safety and health equipment, include boron-based and other specialty chemicals. Additional information concerning the registrant's products is reported at Note 7 of Notes to Consolidated Financial Statements contained in the registrant's Annual Report to Shareholders for the year ended December 31, 2001, incorporated herein by reference.

The registrant and its affiliated companies compete with many large and small enterprises. For most of the registrant's products and in most markets, principal methods of competition are product features, quality and price. In the opinion of management, the registrant is a leader in the manufacture of safety and health

3

equipment.

Orders, except under contracts with U.S. government agencies, are generally filled promptly after receipt and the production period for special items is

Edgar Filing: MINE SAFETY APPLIANCES CO - Form 10-K405

usually less than one year. The year-end backlog of orders under contracts with U.S. government agencies was \$27,400,000 in 2001, \$14,582,000 in 2000 and \$10,225,000 in 1999.

Sales of products to U.S. government agencies increased in 2001; in addition, incoming orders were higher than shipments in both 2001 and 2000. The company's business is not dependent on a single customer or group of related customers, the loss of which would have a material adverse effect on the registrant's results.

Research:

The registrant and its affiliated companies engage in applied research with a view to developing new products and new applications for existing products. Most of the products are designed and manufactured to meet currently applicable performance and test standards published by groups such as ANSI (American National Standards Institute), MSHA (Mine Safety & Health Administration), NIOSH (National Institute for Occupational Safety and Health), UL (Underwriters' Laboratories), SEI (Safety Equipment Institute), FM (Factory Mutual), CEN (European Committee for Standardization) and CSA (Canadian Standards Association). The registrant also from time to time engages in research projects for others such as the Bureau of Mines and the Department of Defense or its prime contractors. Registrant-sponsored research and development costs were \$18,195,000 in 2001, \$17,241,000 in 2000, and \$17,097,000 in 1999.

In the aggregate, patents have represented an important element in building the business of the registrant and its affiliates, but in the opinion of management no one patent or group of patents is of material significance to the business as presently conducted.

General:

The company was founded in 1914 and is headquartered in Pittsburgh, Pennsylvania. As of December 31, 2001, the registrant and its affiliated companies had approximately 4,100 employees, of which 2,000 were employed by international affiliates. None of the U.S. employees are subject to the provisions of a collective bargaining agreement.

4

In the United States and in those countries in which the registrant has affiliates, its products are sold by its own salespersons, independent distributors and/or manufacturers' representatives. In countries where the registrant has no affiliate, products are sold primarily through independent distributors located in those countries.

The registrant is cognizant of environmental responsibilities and has taken affirmative action regarding this responsibility. There are no current or expected legal proceedings or expenditures with respect to environmental matters which would materially affect the operations of the registrant and its affiliates.

Generally speaking, the operations of the registrant and its affiliates are such that it is possible to maintain sufficient inventories of raw materials and component parts on the manufacturing premises.

Equipment and machinery for processing chemicals and rubber, plastic injection molding equipment, molds, metal cutting, stamping and working equipment, assembly fixtures and similar items are regularly acquired, repaired

Edgar Filing: MINE SAFETY APPLIANCES CO - Form 10-K405

or replaced in the ordinary course of business at prevailing market prices as necessary.

Further information about the registrant's business is included in Management's Discussion and Analysis at pages 14 to 19 of the 2001 Annual Report to Shareholders, incorporated herein by reference.

5

Executive Officers:

Name	Age	All Positions and Offices Presently Held
J. T. Ryan III	58	Chairman and Chief Executive Officer
T. B. Hotopp	60	President
J. H. Baillie	55	Vice President
J. A. Bigler	52	Vice President
K. M. Bove	43	Vice President
D. H. Cuzzo	68	Vice President and Secretary
B. V. DeMaria	54	Vice President
W. M. Lambert	43	Vice President
G. W. Steggles	67	Senior Vice President
D. L. Zeitler	53	Vice President and Treasurer (Chief Financial Officer)

All the executive officers have been employed by the registrant since prior to January 1, 1997 and have held their present positions since prior to that date except as follows:

- (a) Mr. Baillie was employed by the registrant on January 21, 1999 and was elected Vice President. Prior to that time, he was Executive Vice President of Sylvania Lighting International.
- (b) Mr. Bigler was elected Vice President on January 9, 1998. Prior to that time, he was Director of Sales.
- (c) Mr. Bove was elected Vice President on August 22, 2000. From prior to January 1, 1997 until April 1997, he was Product Group Manager of Body Protection and Mining. From April 1997 until November 1998, he was Product Group Manager of Air Purifying Respirators for the Company. From November 1998 until November 1999, he was Division Marketing Manager. From November 1999, he was General Manager of the Instrument Division.
- (d) Mr. DeMaria was elected Vice President on January 9, 1998. Prior to that time, he was Director, Human Resources.

Edgar Filing: MINE SAFETY APPLIANCES CO - Form 10-K405

(e) Mr. Lambert was elected Vice President on January 9, 1998. Prior to that time, he was General Manager of the Safety Products Division.

6

(f) Mr. Steggles was elected Senior Vice President on January 1, 1999. Prior to that time he was Vice President.

(g) Mr. Zeitler was elected Chief Financial Officer on November 1, 2000. From prior to January 1, 1997, he was Treasurer. From January 1998, he was Vice President.

The executive officers of the registrant serve at the pleasure of the Board of Directors and are not elected to any specified term of office.

The primary responsibilities of these officers follow:

Individual -----	Responsibilities -----
Mr. Hotopp	North America operations
Mr. Baillie	European operations
Mr. Bigler	North America sales and distribution
Mr. Bove	Research, product development, manufacturing and marketing of instrument products in North America
Mr. Cuozzo	General Counsel and corporate taxes
Mr. DeMaria	Human resources and corporate communications
Mr. Lambert	Research, product development, manufacturing and marketing of safety products in North America
Mr. Steggles	International operations outside North America and Europe

7

Item 2. Properties

World Headquarters:

The registrant's executive offices are located at 121 Gamma Drive, RIDC Industrial Park, O'Hara Township, Pittsburgh, Pennsylvania 15238. This facility contains approximately 138,000 sq. ft.

Production and Research Facilities:

The registrant's principal North American manufacturing and research facilities are located in the Greater Pittsburgh area in buildings containing approximately 957,000 square feet. Other North American manufacturing and research facilities of the registrant are located in Jacksonville, North Carolina (107,000 sq. ft.), Sparks, Maryland (54,000 sq. ft.), Englewood, Colorado (41,000 sq. ft.), Clifton, New Jersey (41,000 sq. ft.), Etobicoke, Canada (6,500 sq. ft.), and Naucalpan, Mexico (5,800 sq. ft.).

Edgar Filing: MINE SAFETY APPLIANCES CO - Form 10-K405

Manufacturing facilities of the European operating segment of the registrant are located in France, Germany, Italy and Scotland. The most significant is located in Germany (approximately 454,000 sq. ft., excluding 104,000 sq. ft. leased to others). Research activities are also conducted in Germany. Manufacturing facilities for the Other International operating segment are located in Australia, Brazil, Chile, China, Japan, Peru and South Africa.

Virtually all of these buildings are owned by the registrant and its affiliates and are constructed of granite, brick, concrete block, steel or other fire-resistant materials. The German facility is owned subject to encumbrances collateralizing indebtedness in the aggregate amount of \$830,000 as of December 31, 2001.

Sales Offices and Warehouses:

Sales offices and distribution warehouses are owned or leased in the United States and 27 other countries in which the registrant's affiliates are located.

Item 3. Legal Proceedings

Not Applicable.

Item 4. Submission of Matters to a Vote of Security Holders

No matters were submitted to a vote of security holders during fourth quarter 2001.

8

PART II

14

REPORT OF INDEPENDENT ACCOUNTANTS ON
Financial Statement Schedule

To the Board of Directors
of Mine Safety Appliances Company:

Our audits of the consolidated financial statements referred to in our report dated February 20, 2002 appearing in the 2001 Annual Report to Shareholders of Mine Safety Appliances Company (which report and consolidated financial statements are incorporated by reference in this Annual Report on Form 10-K) also included an audit of the Financial Statement Schedule listed in Item 14(a)(2) of this Form 10-K. In our opinion, this Financial Statement Schedule present fairly, in all material respects, the information set forth therein when read in conjunction with the related consolidated financial statements.
