PROXY STATEMENT

ANNUAL GENERAL MEETING OF SHAREHOLDERS

May 19, 2004

The enclosed Proxy Card is being solicited on behalf of the Board of Directors (the Board) for use at the 2004 Annual General Meeting of Shareholders of Everest Re Group, Ltd., a Bermuda company (the Company), to be held on May 19, 2004, and at any adjournment thereof. It may be revoked at any time before it is exercised by giving a later-dated proxy, notifying the Secretary of the Company in writing at the Company's registered office at Clarendon House, 2 Church Street, Hamilton HM 11, Bermuda, or by voting in person at the Annual General Meeting. All shares represented at the meeting by properly executed proxies will be voted as specified and, unless otherwise specified, will be voted: (1) for the election of Kenneth J. Duffy and Joseph V. Taranto as directors; and (2) for the appointment of PricewaterhouseCoopers LLP as independent auditors and for authorizing the Board of Directors of the Company acting by the Audit Committee of the Board to set the fees for the independent auditors.

Edgar Filing: EVEREST RE GROUP LTD - Form DEF 14A

Only shareholders of record at the close of business on March 24, 2004 will be entitled to vote at the meeting. On that date, 55,918,984 Common Shares, par value \$.01 per share (Common Shares), were outstanding and entitled to vote, including 452,000 Common Shares held by Everest Reinsurance Holdings, Inc., a subsidiary of the Company (Everest Holdings). Except as may be provided in the Company's Bye-Laws, where voting is by poll, each Common Share is entitled to one vote.

The election of each nominee for director, and the approval of all other matters to be voted upon at the Annual General Meeting, require the affirmative vote of a majority of the votes cast at the Annual General Meeting, provided there is a quorum (consisting of not less than two persons present in person or by proxy holding in excess of 50% of the issued and outstanding Common Shares entitled to attend and vote at the Annual General Meeting). The Company has appointed inspectors of election to count votes cast in person or by proxy. Common Shares owned by shareholders who are present in person or by proxy at the Annual General Meeting but who elect to abstain from voting will be counted towards the presence of a quorum. However, such Common Shares, and Common Shares owned by shareholders and not voted in person or by proxy at the Annual General Meeting (including broker non-votes), will not be counted towards the majority needed to elect a director or approve any other matter before the shareholders and thus will have no effect on the outcome of those votes.

This Proxy Statement, the attached Notice of Annual General Meeting, the Annual Report of the Company for the year ended December 31, 2003 (including financial statements) and the enclosed Proxy Card are first being mailed to the Company's shareholders on or about April 9, 2004.

On February 24, 2000, the Company became the holding company for Everest Holdings and its subsidiaries in connection with a restructuring. As a result, all references in this document to the Company prior to February 24, 2000 refer to Everest Holdings and all references to the Common Shares prior to February 24, 2000 refer to the common stock of Everest Holdings.

All references in this document to \$ or dollars are references to the currency of the United States of America.

The Company knows of no specific matter to be brought before the Annual General Meeting that is not referred to in the attached Notice of Annual General Meeting of Shareholders and this Proxy Statement. If any such matter comes before the meeting, including any shareholder proposal properly made, the proxy holders will vote proxies in

accordance with their best judgment with respect to such matters. To be properly made, a shareholder proposal must comply with the Company's Bye-Laws and, in order for any matter to come before the meeting, it must relate to matters referred to in the attached Notice of Annual General Meeting.

PROPOSAL NO. 1 ELECTION OF DIRECTORS

The Board of Directors recommends that you vote FOR the director nominees described below. Proxies will be so voted unless shareholders specify otherwise in their proxies.

The Company's Bye-Laws provide for the division of the Board into three classes, with the directors in each class serving for a term of three years. At the 2004 Annual General Meeting, two nominees for Class II director positions are to be elected to serve until the 2007 Annual General Meeting of Shareholders or until their successors are elected and qualified or until such director's office is otherwise vacated. At its regularly scheduled meeting on February 25, 2004, the Nominating and Governance Committee recommended to the Board of Directors the nominations of Mr. Duffy and Mr. Taranto as Class II directors for the shareholders' consideration at the 2004 Annual General Meeting. Mr. Duffy and Mr. Taranto are currently Class II directors of the Company. Mr. Taranto is currently an employee of Everest Global Services, Inc., a subsidiary of the Company (Everest Global). The Class III directors will be subject to election at the 2005 Annual General Meeting and the Class I directors will be subject to election at the 2006 Annual General Meeting.

All nominees have accepted their nominations for the Class II director positions. It is not expected that any of the nominees will become unavailable for election as a director, but if any nominee should become unavailable prior to the meeting, proxies will be voted for such persons as the Board shall recommend, unless the Board reduces the number of directors accordingly. There are no arrangements or understandings between any director and any other person pursuant to which such person was selected as a director or nominee.

The Board of Directors and Its Committees

The Board conducts its business through its meetings and meetings of its committees. Five meetings of the Board were held in 2003. No director, either in person or through an alternate director appointment as permitted under Bermuda law, attended fewer than 75% of the aggregate of the total number of meetings of the Board and the total number of meetings of all committees of the Board on which the director served. All of the directors personally attended last year's Annual General Meeting with the exception of one. The directors are expected to attend the Annual General Meeting pursuant to the Company's Corporate Governance Guidelines.

Based upon personal discussions and a review of each director's responses to questions regarding employment, compensation history, affiliations and family and other relationships, the Board has determined that the directors who serve as members of the Audit, Compensation and Nominating and Governance Committees (Mr. Abrahams, Mr. Duffy, Mr. Dunne and Mr. Weber) are independent as that term is defined by the Board in its Corporate Governance Guidelines and in compliance with the applicable provisions of the Securities and Exchange Commission (SEC) rules and the listing standards of the New York Stock Exchange (NYSE). Additionally, as well as making the disclosures required under Bye-law 21(b) of the Company's Bye-laws (which in turn requires compliance with the Companies Act 1981 of Bermuda, as amended), pursuant to the Corporate Governance Guidelines, directors must disclose to the other directors any potential conflicts of interest they may have with respect to any matter

under discussion and, if disqualified by the Chairman of the meeting, refrain from voting on a matter in which they may have a material interest.

Prior to each scheduled meeting of the Board of Directors, the non-management directors meet in private session outside the presence of management. The private sessions are chaired by alternating directors who rotate on an alphabetical basis.

Edgar Filing: EVEREST RE GROUP LTD - Form DEF 14A

The Board currently maintains Audit, Nominating and Governance and Compensation Committees, all of whose members are independent directors. The Charters for each of these committees, the Corporate Governance Guidelines and the Company's Ethics Guidelines and Index to Compliance Policies as well as the Code of Ethics for Chief Executive Officer and Senior Financial Officers are posted on the Company's website at <http://www.everest.com/>. These documents are also available in print to any shareholder who requests a copy from the Corporate Secretary. In the event the Company makes any amendment to or grants any waiver from the provisions of its Code of Ethics, the Company intends to disclose such amendment or waiver on its website within five business days.

The Board also maintains an Executive Committee, the purpose of which is to take any emergency actions until the Board can meet. The members of the Executive Committee are Mr. Taranto, Mr. Gallagher and Mr. Galtney. There were no meetings of the Executive Committee in 2003.

Audit Committee

The principal purpose of the Company's Audit Committee is to oversee the integrity of the Company's financial statements and the Company's compliance with legal and regulatory requirements, to oversee the independent auditor, to evaluate the independent auditor's qualifications and independence and to oversee the performance of the Company's internal audit function. The Audit Committee meets separately and together with the Company's management, director of internal audit and the independent auditors to review the Company's internal controls and financial statements, audit findings and significant accounting and reporting issues. The Board has adopted a Charter for the Audit Committee which is revised as necessary to comply with all applicable laws, rules and regulations. The Charter is attached as Appendix A to this Proxy Statement and is also available on the Company's website at <http://www.everest.com/>.

The members of the Audit Committee are Mr. Abrahams, Mr. Duffy, Mr. Dunne, and Mr. Weber, all of whom meet the independence standards of the NYSE and the SEC. Mr. Abrahams qualifies also as an audit committee financial expert as defined by the SEC in Item 401(h) of Regulation S-K. No member of the Audit Committee may serve on the Audit Committee of more than two other public companies unless the Board has determined that such service will not affect the ability of the Committee member to serve on the Company's Audit Committee. Mr. Dunne serves as Chairman of the Audit Committee. The Audit Committee held four meetings in 2003.

Compensation Committee

The Compensation Committee exercises authority with respect to all compensation and benefits afforded all officers at the Senior Vice President level and above, the Designated Executive Officers (as defined herein), and the Company's Chief Financial Officer, Comptroller, Treasurer and Secretary. The Compensation Committee also has oversight responsibilities for all of the Company's broad-based compensation and benefit programs, including administration of the Company's Annual Incentive Plan, the 1995 Stock Incentive Plan, the 2002 Stock Incentive Plan and the Executive Performance Annual Incentive Plan. The Compensation Committee adopted a Charter on November 21, 2002, which is available on the Company's website at <http://www.everest.com/>.

The current members of the Compensation Committee are Mr. Abrahams, Mr. Duffy, Mr. Dunne and Mr. Weber, none of whom are current or former employees or officers of the Company and all of whom meet the independence standards of the NYSE. Mr. Duffy serves as Chairman of the Compensation Committee. The Compensation Committee held four meetings in 2003.

5

Nominating and Governance Committee

The Nominating and Governance Committee was established by the Board on November 21, 2002 with authority and responsibility to identify and recommend qualified individuals to be nominated as directors of the Company and to develop and recommend to the Board the Corporate Governance Guidelines applicable to the Company. The current members of the Nominating and Governance Committee are Mr. Abrahams, Mr. Duffy, Mr. Dunne and Mr. Weber, all of whom meet the independence standards of the NYSE. Mr. Abrahams currently serves as Chairman of the Nominating and Governance Committee.

The Nominating and Governance Committee will consider a shareholder's nominee for director who is proposed in accordance with the procedures set forth in Bye-Law 12 of the Company's Bye-laws, which is available on the Company's website or by mail from the Corporate Secretary's office. This Bye-Law requires that written notice of a shareholder's intent to make such a nomination at the 2005 Annual General Meeting of Shareholders must be received by the Secretary of the Company at the address listed below under *Shareholder Communications with Directors*, between November 11, 2004 and December 11, 2004. Such notice shall set forth the name and address, as it appears on the Register of Members, of the shareholder who intends to make the nomination; a representation that the shareholder is a holder of record of shares of the Company entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to make such nomination; the class and number of shares of the Company which are held by the shareholder; the name and address of each individual to be nominated; a description of

Edgar Filing: EVEREST RE GROUP LTD - Form DEF 14A

all arrangements or understandings between the shareholder and any such nominee and any other person or persons (naming such person or persons) pursuant to which such nomination is to be made by the shareholder; such other information regarding any such nominee required to be included in a proxy statement filed pursuant to Regulation 14A under the Securities Exchange Act of 1934 whether or not the Company is then subject to such Regulation; and the consent of any such nominee to serve as a director, if so elected.

Shareholder candidates nominated in accordance with the procedures of Bye-Law 12 will, like any other director-candidate, be considered based solely on their character, judgment, education, training, business experience and expertise. In addition to complying with independence standards of the NYSE, the SEC and the Company, candidates for director must possess the highest levels of personal and professional ethics, integrity and values and be willing to devote sufficient time to perform their board and committee duties. It is in the Company's best interests that the board be composed of individuals whose skills, experience and expertise complement those of the other board members. The objective is to have a board which, taken as a whole, is knowledgeable in the areas of insurance/reinsurance, accounting (using generally accepted accounting practices and/or statutory accounting practices for insurance companies), financial management and investment, and any other areas which the board and committee deem appropriate in light of the continuing operations of the Company and its subsidiaries. Financial services-related experience, other relevant prior service and a familiarity with national and international issues affecting the Company's operations are also among the relevant criteria to be considered. Following interviews, meetings and such inquiries and investigations determined to be appropriate under the circumstances, the Committee makes its director recommendations to the Board.

The Nominating and Governance Committee held two meetings in 2003. The Committee's Charter, which was adopted by the Board on February 25, 2004 and the Corporate Governance Guidelines which contain the director qualifications, are available on the Company's website at <http://www.everestre.com/>.

Directors Compensation

Each member of the Board who is not otherwise affiliated with the Company as an employee and/or officer (each, a Non-Employee Director or Non-Management Director) was compensated in 2003 for services as a director and was also reimbursed for out-of-pocket expenses associated with each meeting attended. The annual compensation for 2003 of the Non-Employee Directors consisted of stock and/or cash having an aggregate value of \$50,000. This amount has been increased to \$60,000 for 2004. The compensation for 2003 was paid in four installments: two cash payments and, at the director's election, two payments in cash or by issuance of Common Shares under the 2003 Non-Employee Director Equity Compensation Plan (the 2003 Directors Plan), which was approved by shareholders on May 22, 2003. The payments in stock rather than cash to those Non-Employee Directors electing such payments were in respect of services provided during the second and third quarters of 2003. The two cash payments of \$12,500 to each Non-Employee Director were in respect of services rendered for the fourth quarter of 2002 and the first quarter of 2003. Following the issuance by the NYSE on August 16, 2002 of its proposed new Corporate Governance Listing Standards relating to shareholder approval of equity compensation plans, the Company ceased making equity-based compensation payments to the Non-Employee Directors and made all subsequent compensation payments to Non-Employee Directors in cash until the 2003 Directors Plan was approved by the shareholders at the 2003 Annual General Meeting. The Non-Employee Directors may each now elect to receive their compensation in the form of stock in the amount as determined under the Plan or in cash.

Compensating the Non-Employee Directors with Common Shares at their election is intended to align their interests with those of the Company's shareholders. The value of Common Shares issued is calculated based on the average of the highest and lowest sale prices of the Common Shares on each installment date or, if no sale is reported for that day, the next preceding day for which there is a reported sale. In 2003, each of the Non-Employee Directors who elected to be so compensated, was issued a total of 328 shares as compensation for his services as a director in accordance with this procedure. As of January 1, 2004, the value of those shares for each Non-Employee Director was \$27,748.80 based upon the NYSE closing price of a Common Share on December 31, 2003 of \$84.60.

On May 23, 1996, the shareholders approved the Company's adoption of the 1995 Stock Option Plan for Non-Employee Directors (the 1995 Directors Plan), which is designed to maintain the Company's ability to attract and retain the services of experienced and highly qualified, outside, Non-Employee Directors and to create in those directors a proprietary interest in the Company's continued success. Each of the Non-Employee Directors on the Board is awarded options to purchase that number of Common Shares equal to \$50,000 divided by the fair market value of such shares as of the date he is initially appointed to the Board, with an exercise price equal to that fair market value. As defined in the 1995 Directors Plan, the fair market value is determined by averaging the highest and lowest trading prices of the Common Shares on the date of the option award.

Upon their initial appointment to the Board on March 12, 1996, Mr. Abrahams, Mr. Duffy and Mr. Galtney were each granted options to purchase 2,216 Common Shares at an exercise price of \$22.5625 per share. Upon his initial appointment to the Board on June 10, 1996, Mr. Dunne was granted options to purchase 2,036 Common Shares at an exercise price of \$24.5625 per share. Upon his election as a Director on May 22, 2003, in accordance with the 1995 Directors Plan, Mr. Weber was granted options to purchase 706 Common Shares at an exercise price of \$70.82. On May 22, 2003, each of the foregoing five directors was also granted options to purchase 2,500 shares of Common Stock at an exercise price of \$70.82 per share under the 2003 Directors Plan.

- (4) The grant date present value of each option grant is estimated as of the date of grant using the Black-Scholes option pricing model, modified to include dividends, with the following assumptions:

- (b) Risk Free Rate of Return The rate available, on the date of grant, on zero-coupon U.S. government issues with a remaining term comparable to the expected life of the options as reported over the Bloomberg wire service, which was 3.66%.

Compensation Committee Report

I. Executive Compensation Policy

Overview. The Company's executive compensation program in 2003 was designed to attract, retain and motivate highly talented individuals whose abilities are critical to the success of the Company. Compensation policies that attract personnel of this caliber are particularly important for a relatively complex, multinational public entity like the Company. The Company's compensation program is guided by the following fundamental principles:

Compensation of executive officers is based on the level of job responsibility, the performance of the Company and the performance of the individual.

Total compensation levels are designed to be competitive with compensation paid by organizations of similar stature.

Compensation should align the interests of the executive officers with those of the Company's shareholders by basing a significant part of total compensation on the long-term performance of the Common Shares.

The Company's executive compensation program in 2003 achieved the objectives described above and was a significant factor in attaining a high level of corporate performance and increased shareholder value throughout the year.

In establishing executive compensation, the various components of compensation are considered collectively in order to properly assess the appropriateness of the Company's program relative to the attainment of its objectives. The Company's executive compensation program consists of two key elements: (i) an annual component consisting of base salary and annual bonus and (ii) a long-term component which may consist of stock options, stock appreciation rights, restricted stock and stock awards.

The Compensation Committee reviewed a variety of factors of historical and projected Company performance in determining executive compensation. In the course of this review, the Compensation Committee considered the Company's long-term compensation goals, the Company's financial performance and the compensation practices of other reinsurers through a review of publicly available information. In reviewing these factors, the Compensation Committee was able to assess the overall performance of the Company and its prospects for the future to establish an acceptable range for executive compensation.

II. Components Of Executive Compensation

A. Annual Compensation

In 2003, annual compensation for executive officers of the Company consisted of two components—base salary and a cash payment under either the Company's Executive Performance Annual Incentive Plan (in the case of Mr. Taranto) or the Company's Annual Incentive Plan (in the case of the other executive officers). The base salary for Mr. Taranto was subject to the terms of his current employment agreement (see "Employment and Change of Control Agreements—Mr. Taranto" below). The base salaries for the other executive officers were determined by the Compensation Committee based on each executive officer's performance and, as previously discussed, the Company's performance and the range of compensation of executive officers with similar responsibilities in comparable companies.

Annual bonuses paid to executive officers under the Annual Incentive Plan and the Executive Performance Annual Incentive Plan are a significant element of the executive compensation program. Under the Annual Incentive Plan, the Company may make cash payments each year to employees who hold positions of significant responsibility and/or whose performance or potential contribution, in the judgment of the Compensation Committee, will contribute materially to the success of the Company and/or its subsidiaries. The Annual Incentive Plan is designed to provide incentive to those employees, to reward their accomplishments, to motivate future accomplishments, and to aid in attracting and retaining employees of the caliber necessary for the continued success of the Company. The Compensation Committee has discretion to determine the amounts of individual awards under the Annual Incentive Plan based on such criteria and factors as the Compensation Committee in its sole discretion may determine and after considering recommendations made by the Chief Executive Officer of the Company. The aggregate amount available for all awards each year is determined annually by the Compensation Committee based upon performance goals established by the Compensation Committee. The determination of individual awards is subjective in nature and is influenced by the Compensation Committee's perception of the importance of an individual's contributions to the overall success of the Company. To evaluate corporate performance, the Compensation Committee considered the following factors related to the Company's 2003 financial results: after-tax operating income, return on equity and earnings growth.

The Compensation Committee has arrived at total compensation for each of the Designated Executive Officers that it believes is appropriate to the Company's performance and their individual contributions.

The Executive Performance Annual Incentive Plan was approved by the Company's shareholders on May 20, 1999. Each year the Compensation Committee selects executive officers of the Company and its subsidiaries who will be eligible that year to participate in the Executive Performance Annual Incentive Plan. Currently, only Mr. Taranto, the Company's Chairman and Chief Executive Officer, is a participant (see "Chief Executive Officer Compensation" below). Each year, the Compensation Committee establishes in writing objective performance goals for each participant, which, if attained, will entitle such participant to specific award amounts that will be paid to each participant. Each participant's performance is measured by any of the following performance criteria: net income

before or after taxes, operating income before or after taxes, premiums earned, earnings per share, return on shareholders' equity, return on assets, appreciation in and/or maintenance of the price of the Common Shares or any other publicly traded securities of the Company, comparisons with various stock market indices, market share, statutory combined ratio, expense ratio, reductions in costs and expense growth, or gross or net premium growth.

The Compensation Committee establishes an objective method by which award amounts are calculated under this plan. The maximum award amount any one participant may be awarded in one year is \$2 million. The Compensation Committee, in its sole discretion, may eliminate or reduce but not increase any award determination. The plan provides that the total amount of awards granted to all participants in any one year may not exceed 10% of the Company's average annual income before taxes for the preceding five years.

B. Long-Term Compensation

In 2003, the Company's long-term incentive program for executive officers was implemented by means of the 2002 Stock Incentive Plan. Awards under this plan are intended to reinforce management's long-term perspective on corporate performance and provide an incentive for key executives to remain with the Company for the long-term.

Awards under the 2002 Stock Incentive Plan are a significant element of the Company's executive compensation program. Compensation derived from share ownership provides a strong incentive to increase shareholder value, since the value of this compensation is determined by changes in the price of the Common Shares over the term of each award. Awards under the 2002 Stock Incentive Plan may take the form of stock options, stock appreciation rights, restricted stock or stock awards. Stock options encourage retention because they carry a five-year vesting period and, if not exercised, are generally forfeited if the employee leaves the Company before retirement. In addition, stock options, granted at the fair market value on the date of grant and with terms not to exceed 10 years, are designed to keep management and professional employees oriented to growth over the long-term and not simply to short-term profits. Awards are granted subjectively at the discretion of the Compensation Committee based on a variety of factors, including a recipient's demonstrated past and expected future performances as well as a recipient's level of responsibility with the Company and his or her ability to affect shareholder value.

Since the institution of the 1995 Stock Incentive Plan and through December 31, 2003, the Compensation Committee has granted employees 2,880,700 options to purchase Common Shares under the 1995 Stock Incentive Plan and 712,750 options under the 2002 Stock Incentive Plan. In 2003, the Compensation Committee granted 237,750 options to purchase Common Stock under the 2002 Stock Incentive Plan, which was approved by the shareholders at the 2002 Annual General Meeting. Restricted stock and stock option awards granted to the Company's Designated Executive Officers during 2003 are summarized under the captions "Options/SARs Grants in Last Fiscal Year" and "Summary Compensation Table" above. When granting these awards, the Compensation Committee took into account prior grants to these individuals under the 1995 Stock Incentive Plan and the 2002 Stock Incentive Plan and determined that the 2003 grants were appropriate and in the best interests of the Company.

The Company does not have a long-term cash bonus plan in effect and currently intends to rely on the 2002 Stock Incentive Plan as the means of long-term compensation, believing compensation in the form of share ownership increases long-term value for the shareholders while compensating individual employees for superior performance.

III. Deductibility Cap On Executive Compensation

Section 162(m) of the U.S. Internal Revenue Code of 1986, as amended (the "Code"), limits the ability of a publicly-held company to take a tax deduction for annual compensation in excess of \$1 million paid to its chief executive officer or to any of its four other most highly paid executive officers. However, compensation is exempt from this limit if it qualifies as performance-based compensation. To preserve this deduction, the Company has designed its incentive plans to constitute performance-based compensation and not be counted toward the \$1 million limit. However, the 2002 Stock Incentive Plan does allow for the Compensation Committee, in its sole discre-

14

tion, to grant awards under the plans which do not constitute performance-based compensation. In the event that certain awards are granted which are not intended to constitute performance-based compensation, the awards will not be subject to the share limitations applicable to a single individual. Although the Compensation Committee will consider deductibility under section 162(m) with respect to the compensation arrangements for executive officers, deductibility will not be the sole factor used in determining appropriate levels or methods of compensation. Since Company objectives may not always be consistent with the requirements for full deductibility, the Company and the subsidiaries may enter into compensation arrangements under which payments would not be deductible under section 162(m).

IV. Chief Executive Officer Compensation

In 2003, Mr. Taranto's compensation was based on the terms of his Employment Agreement with the Company and Everest Re (see "Employment and Change of Control Agreements - Mr. Taranto" below) and consisted of base salary and restricted stock as set forth in that section. The Compensation Committee also approved a \$1,800,000 cash payment to Mr. Taranto under the Executive Performance Annual Incentive Plan for fiscal year 2003 (see "Summary Compensation Table" and "Annual Compensation" above). This performance-based award was calculated as a function of the Company's actual operating earnings per share in 2003 in accordance with a formula previously established by the Compensation Committee.

Audit Committee Report

The Audit Committee has reviewed and discussed with management, which has primary responsibility for the financial statements, and with PricewaterhouseCoopers LLP, the Company's independent auditor, the audited financial statements for the year ended December 31, 2003 (the "Audited Financial Statements"). In addition, the Audit Committee has discussed with PricewaterhouseCoopers LLP, the matters required to be discussed by Statement on Auditing Standards No. 61. The Audit Committee has received the written disclosures and the letter from PricewaterhouseCoopers LLP required by Independence Standards Board Standard No. 1, and has discussed with that firm its independence.

Edgar Filing: EVEREST RE GROUP LTD - Form DEF 14A

The Audit Committee also has discussed with management of the Company and with PricewaterhouseCoopers LLP such other matters and received such assurances from them as the Committee deemed appropriate. Based on the foregoing review and discussions and relying thereon, the Audit Committee has recommended to the Company's Board of Directors the inclusion of the Audited Financial Statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2003.

Under its Charter and the Audit and Non-Audit Services Pre-Approval Policy (the Policy), the Audit Committee is required to pre-approve the audit and non-audit services performed by the independent auditor. The Policy requires that any service that has not received a general pre-approval or that exceeds pre-approved cost levels or budgeted amounts requires specific approval by the Audit Committee. For both specific and general pre-approval, the Audit Committee will consider whether such services are consistent with the SEC's rules on auditor independence. The Audit Committee will also consider whether the independent auditor is best positioned to provide the most effective and efficient service and whether the service might enhance the Company's ability to manage or control risk or improve audit quality. The Audit Committee is also mindful of the relationship between fees for audit and non-audit services in deciding whether to pre-approve any such services and may determine, for each fiscal year, the appropriate ratio between the total amount of fees for audit, audit-related and tax fees and a total amount of fees for certain permissible non-audit services classified as All Other Fees below. All such factors will be considered as a whole, and no one factor is determinative. The Audit Committee has considered whether the performance by PricewaterhouseCoopers LLP of the services disclosed below is compatible with maintaining their independence. The Audit Committee approved all of the audit-related fees, tax fees and all other fees for 2002 and 2003.

15

The fees billed to the Company and its subsidiaries by PricewaterhouseCoopers LLP and its worldwide affiliates in 2002 and 2003 are as follows:

	<u>2003</u>	<u>2002</u>
(1) Audit fees	\$1,667,811	\$1,363,202
(2) Audit-related fees	116,909	30,614
(3) Tax fees	439,231	308,196
(4) All other fees	2,030	

Audit fees include the annual and quarterly financial statement audit, subsidiary audits, and procedures required to be performed by the independent auditor to be able to form an opinion on the Company's consolidated financial statements. Audit fees also include statutory audits or financial audits of subsidiaries or affiliates of the Company and services associated with SEC registration statements, periodic reports and other documents filed with the SEC or other documents issued in connection with securities offerings.

Audit-related fees include assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements, accounting consultations related to accounting, financial reporting or disclosure matters not classified as audit services; assistance with understanding and implementing new accounting and financial reporting guidance from rulemaking authorities; financial audits of employee benefit plans; agreed-upon or expanded audit procedures related to accounting and/or billing records required to respond to or comply with financial, accounting or regulatory reporting matters and assistance with internal control reporting requirements.

Tax fees include tax compliance, tax planning and tax advice and may be granted general pre-approval by the Audit Committee.

All other fees are for an accounting research subscription.

All the executive officers of the Company, with the exception of Mr. Bennett, participate in the Everest Reinsurance Company Retirement Plan (the Retirement Plan) and Mr. Taranto, Mr. Gallagher and Mr. Limauro participate in the Supplemental Retirement Plan (the Supplemental Plan), both of which are defined benefit pension plans. As an employee of Bermuda Re, Mr. Bennett is not eligible to participate in the Retirement Plan and Bermuda Re does not maintain a defined benefit retirement plan. The Retirement Plan is a tax-qualified plan that determines benefits under a formula that takes into account a participant's years of continuous service and final average earnings with Everest Re and certain affiliates, including during the period of affiliation with the Prudential Insurance Company of America (Prudential). The Supplemental Plan is a non-qualified plan that provides benefits that would otherwise be provided under the Retirement Plan formula but for the application of certain limitations on tax-qualified benefits under the Code. The Retirement Plan and the Supplemental Plan are similar to the tax-qualified and supplemental pension plans of Prudential in which the executive officers and other employees of the Company and Everest Re participated prior to the Company's initial public offering. The following table shows the estimated annual pension benefits payable at normal retirement age to a participant under the Retirement Plan and the Supplemental Plan who attains the earnings and service classifications indicated under the plans.

Benefits shown in the table above are computed as a single-life annuity and reflect a reduction to recognize in part Everest Re's cost of social security benefits. A participant's final average earnings under the Retirement Plan will be his or her average annual earnings under the plan during the 72 consecutive months of continuous service in which the participant received the greatest amount of earnings out of the final 120 months of continuous service. For this purpose, earnings generally includes the participant's base salary, cash bonus payments under the Chief Executive Officer's Bonus Plan, which has been terminated, the Executive Performance Annual Incentive Plan and, for participants who held positions equivalent to or senior to that of department vice president when that position existed, cash payments under the Company's Annual Incentive Plan. With respect to cash payments made under the Annual Incentive Plan through December 31, 1999, earnings did not include amounts in excess of 50% of salary or \$275,000, whichever was greater. Moreover, earnings does not include any other compensation set forth in the Summary Compensation Table. Final average earnings and earnings will be determined under the Supplemental Plan in the same manner as under the Retirement Plan, except that a participant's earnings are not subject to the limitations under the Code. Continuous service under the Retirement Plan and Supplemental Plan will be the number of years and months worked for Everest Re and certain affiliates, including during the period of affiliation with Prudential.

The years of continuous service for Mr. Taranto, Mr. Gallagher, Mr. Limauro and Mr. Shoemaker to be taken into account under the Retirement Plan and Supplemental Plan (rounded to the nearest year), as of April 1, 2004, are 9, 29, 31 and 3, respectively. Final average earnings for Mr. Taranto, Mr. Gallagher, Mr. Limauro and Mr. Shoemaker to be taken into account as of April 1, 2004 are \$2,336,519, \$752,577, \$413,660 and \$172,607, respectively.

Employment And Change Of Control Agreements Mr. Taranto

On July 15, 1998, the Company entered into an employment agreement with Mr. Taranto (the Employment Agreement). The Employment Agreement became effective on January 1, 2000 and was amended on April 20, 2001 to extend his term of employment from December 31, 2001 to March 31, 2004 and was further amended on April 18, 2003, extending his term of employment to March 31, 2006 unless sooner terminated in accordance with its terms. The Employment Agreement provides for a base salary of \$1,000,000 per year and states that Mr. Taranto is eligible to participate in the Executive Performance Annual Incentive Plan. Upon entering into the Employment Agreement in July 1998, Mr. Taranto received non-qualified options under the Company's 1995 Stock Incentive Plan to purchase 150,000 Common Shares as a sign-on bonus. Upon execution of the April 20, 2001 amendment extending the term of his employment, he was granted non-qualified options to purchase 200,000 Common Shares under the same plan.

In connection with the restructuring of the Company in February 2000, Mr. Taranto's Employment Agreement was amended to state that he would be the Chairman and Chief Executive Officer of the Company after the restructuring and that he would provide services to the Company after the restructuring that were comparable to those required under his Employment Agreement prior to the restructuring. As a result, the Company and Everest Holdings are both parties to the Employment Agreement and have co-extensive rights, powers, duties and obligations. The February 2000 amendment made other conforming changes to the Employment Agreement to reflect the restructuring. When the Company established Everest Global as a new Delaware subsidiary to perform administrative and back-office functions for the Company and its insurance subsidiaries, Mr. Taranto became an employee of that company and Everest Global became a party to the Employment Agreement.

If the Company terminates Mr. Taranto's employment for due cause (as defined in the Employment Agreement) or if he voluntarily terminates his employment other than for good reason (as defined in the Employment Agreement), Mr. Taranto will be entitled to his base salary due him through the date of termination. If the Company terminates Mr. Taranto's employment other than for due cause, or if he voluntarily terminates his employment for good reason, the Company will be obligated to pay him, in addition to all base salary accrued through the date of termination, (i) the aggregate amount of base salary from the date of termination and through the end of the term and (ii) the aggregate bonus amounts due under the appropriate bonus plans or programs through the end of the term.

In connection with the execution of the Employment Agreement, the Company and Mr. Taranto also entered into a Change of Control Agreement dated as of July 15, 1998. The Change of Control Agreement provides that if within one year after the occurrence of a material change (as defined in the agreement) Mr. Taranto terminates his employment for any reason, or if the Company terminates Mr. Taranto's employment for any reason other than for due cause (as defined in the agreement), then (a) all of Mr. Taranto's outstanding stock options granted under the Company's stock plans shall immediately vest and become exercisable; (b) Mr. Taranto shall receive a cash payment equal to the lesser of (i) 2.99 multiplied by Mr. Taranto's annual compensation for the most recent taxable year ending prior to the date of the material change less the value of Mr. Taranto's gross income in the most recent taxable year ending prior to the date of a material change attributable to Mr. Taranto's exercise of stock options, stock appreciation rights and other stock-based awards granted Mr. Taranto by the Company and (ii) 2.99 multiplied by Mr. Taranto's annualized includible compensation for the base period as that phrase is defined in Section 280G(d) of the Code; (c) Mr. Taranto shall continue to be covered under the Company's medical and dental insurance plans for a period of three years from the date of termination; and (d) Mr. Taranto shall receive Special Retirement Benefits in an amount that will equal the retirement benefits he would have received had he continued in the employ of the Company for three years following his termination under the Everest Reinsurance Retirement

Plan and any supplemental, substitute or successor retirement plans adopted by the Company. In the event that the benefits Mr. Taranto receives under the Change of Control Agreement cause Mr. Taranto to receive a Parachute Payment within the meaning of Section 280G of the Code, Mr. Taranto's benefits will be reduced to an amount that is one dollar less than the amount that would cause a Parachute Payment. If an award made under the Change of Control Agreement nevertheless results in an assessment against Mr. Taranto of a Parachute Tax pursuant to Section 4999 of the Code, Mr. Taranto shall be entitled to receive an additional amount of money that would put him in the same net tax position had no Parachute Tax been incurred. The Change of Control Agreement will terminate on the earliest of (i) one year following a material change; (ii) termination by Mr. Taranto of his employment with the Company under circumstances not following a material change; (iii) the Company's termination of Mr. Taranto's employment for due cause; or (iv) March 31, 2006, or any date thereafter, with 60 days written notice.

In connection with the restructuring, Mr. Taranto entered into an amendment to his Change of Control Agreement which provides that transactions with respect to the Company after the restructuring will trigger benefits under the agreement to the same extent as transactions with respect to Everest Holdings prior to the restructuring. Changes were also made in the Change of Control Agreement to take into account the establishment of Everest Global and Mr. Taranto's employment by that company.

Employment Agreement Mr. Bennett

On April 24, 2003, Bermuda Re entered into an employment agreement with Mr. Bennett under which he is to serve as the Managing Director and Chief Executive Officer of Bermuda Re from May 1, 2003 until May 1, 2004. The agreement provides for an annual salary of \$278,600, plus \$8,000 per month as a housing allowance. Mr. Bennett is also eligible to participate in the Company's Annual Incentive Plan, which is entirely discretionary in nature and which may be amended or terminated by the Company at any time. He is also a participant in the Senior Executive Change of Control Plan. (See Other Change of Control Arrangements). Pursuant to the employment agreement, Mr. Bennett is

receiving medical insurance, dental insurance and group life insurance and is participating in a qualified defined contribution plan.

If Bermuda Re terminates Mr. Bennett's employment prior to May 1, 2004 for reasons other than misconduct or a breach of Bermuda Re's policies, a separation payment equivalent to six months salary will be made and a reasonable allowance will be provided to move his personal possessions back to the United Kingdom. Bermuda Re may terminate Mr. Bennett's employment for cause as defined in the employment agreement at any time during the term of the agreement without prior notice.

Other Change Of Control Arrangements

The Company established a Senior Executive Change of Control Plan (the "Change of Control Plan"), effective September 28, 1998. The Change of Control Plan is administered by the Compensation Committee, which selects participants from among the senior executives of the Company and its subsidiaries. Among others, the Compensation Committee has selected Mr. Gallagher, Mr. Limauro and Mr. Bennett to participate in the plan.

The Change of Control Plan provides that if within two years after the occurrence of a material change (as defined in the plan) a participant terminates his or her employment for good reason (as defined in the plan) or the Company terminates the participant's employment for any reason other than for due cause (as defined in the plan), then (a) all of the participant's outstanding stock options granted under the Company's stock plans shall immediately vest and become exercisable for three months following termination of employment; (b) all restrictions on the participant's restricted stock awarded under the Company's stock plans shall immediately terminate and lapse; (c) the participant shall receive a cash payment equal to the participant's average salary and annual incentive bonus for the three most recent taxable years (or such shorter period as may be applicable) multiplied by a number between 2 and 2.99 determined by the Compensation Committee (for Mr. Gallagher the number is 2.99 and for Mr. Limauro and Mr. Bennett the number is 2); (d) the participant shall continue to be covered under the Company's medical and dental insurance plans for a period of two years from the date of termination; and (e) the participant shall receive special retirement benefits in an amount that will equal the retirement benefits he or she would have

20

received under the Everest Reinsurance Retirement Plan and any supplemental, substitute or successor plans adopted by the Company had he or she continued in the employ of the Company for a period following termination determined by the Compensation Committee. For Mr. Gallagher, the period is the greater of 3 and the number of years necessary to credit service to his 55th birthday, and for Mr. Limauro and Mr. Bennett, the period is 2 years.

Compensation Committee Interlocks and Insider Participation

During 2003, the Compensation Committee was comprised of Martin Abrahams, Kenneth J. Duffy, John R. Dunne and John A. Weber, all of whom are Non-Employee Directors of the Company and none of whom is or has been an officer of the Company. No compensation committee interlocks existed during 2003.

Certain Transactions With Directors

One of the Company's Non-Employee Directors, William F. Galtney, Jr., is the President of Gallagher Healthcare Insurance Services, Inc. ("GHIS"), a wholly-owned subsidiary of Arthur J. Gallagher & Co. ("Gallagher"). In addition, Mr. Galtney owns shares in Gallagher representing less than a 1% interest. In 2003, Everest Re paid brokerage commissions to Gallagher of \$4,002,474. Currently, brokerage payable to Gallagher is \$194,136.

In 2002, GHIS entered into Program Administrator Agreements with Everest National and with Mt. McKinley Managers as underwriting manager for Everest Indemnity (the "Everest Companies"). Under these agreements, policies placed by GHIS with the Everest Companies are generally reinsured by Transatlantic Reinsurance Company, which then reinsures up to 100% of the assumed risk with Sunrise Professional Indemnity, Ltd., a Cayman reinsurance company owned by WFG Interests, LLC, which is owned by Mr. Galtney. Under these agreements, in 2003, the Everest Companies recorded \$94,807,957 in gross written premiums and related commissions and fees of \$7,090,651 to GHIS, of which \$6,859,085 was paid in 2003. Estimated gross written premiums and related commissions and fees for 2004 are approximately \$119.2 million and \$13.3 million, respectively. GHIS, through its Western Litigation Specialists division, provides claims services for medical malpractice policies issued under the agreements.

GHIS was the producing agent for workers' compensation, general liability and automobile risks written by the Everest Companies for Rural/Metro Corporation ("Rural Metro"). In 2003, the Company recorded \$22,747,440 in written premiums in connection with this program and related commissions to GHIS of \$1,096,000, of which \$697,613 was paid in 2003. Estimated premium and commissions for the 2004 renewals of such policies, if written, are \$22.8 million and \$1.1 million, respectively.

Edgar Filing: EVEREST RE GROUP LTD - Form DEF 14A

GHIS also was the producing agent for workers' compensation, general liability/professional liability and automobile risks written by the Everest Companies for San Diego Medical Services Enterprise, LLC (SDMS). SDMS is a joint venture between Rural/Metro and the City of San Diego. In 2003, the written premium for SDMS was \$1,548,857 with related commissions paid to GHIS of \$154,886. Estimated premium and commissions for the 2004 renewals of such policies, if written, are \$1.6 million and \$155,000, respectively.

Gallagher Bassett Services, Inc. (Gallagher Bassett), a Gallagher affiliate, provides claims services for the Rural Metro program mentioned above and for Everest Indemnity's All Risks, Ltd. program. Mr. Galtney does not have any affiliation with All Risks, Ltd. In 2003, the Company paid fees to Gallagher Bassett of \$715,279. Estimated fees for 2004 are \$1,232,000.

In 2004, Everest Indemnity, through Mt. McKinley Managers, will write a surplus lines medical malpractice book of business in Arizona known as APIC through Risk Placement Services (f/k/a SKANCO), a surplus lines producer affiliate of Gallagher. Estimated premium and commissions for 2004 are \$2.0 million and \$51,000, respectively.

Beginning in late 2003 and continuing during 2004, Everest Indemnity, through Mt. McKinley Managers, will write a California construction liability program on a surplus lines basis through Cromwell Management Corporation. J.P. Woods Co., Inc., a Gallagher affiliate, receives a brokerage fee equal to 1.0% of the gross written premi-

21

um for the first \$1 million of limits on policies written. For 2004, the estimated premium is \$30 million, and the resulting estimated brokerage due to J.P. Woods Co., Inc. is \$300,000.

Everest National had a business relationship with WorkCare Northwest, Inc. (WorkCare Northwest), a company of which Edward B. Galtney, William Galtney's brother, is a majority owner. In 2003, Everest National paid commissions in the amount of \$71,508 to WorkCare Northwest for insurance agency services as a program administrator. This program was cancelled as of July 1, 2001 and is currently in run-off. It is expected that no material commissions will be paid to WorkCare Northwest in 2004.

APPENDIX A

EVEREST RE GROUP, LTD. AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

CHARTER

I. PURPOSE

The primary function of the Audit Committee is to assist the Board of Directors in its oversight of the integrity of the Company's financial statements, the Company's compliance with legal and regulatory requirements, the independent auditor's qualifications and independence, and the performance of the Company's internal audit function and independent auditor. The Audit Committee shall prepare the report required by the rules of the Securities and Exchange Commission (the "SEC") to be included in the Company's annual proxy statement.

The Audit Committee will primarily fulfill these responsibilities by carrying out the activities enumerated in Section IV of this Charter.

II. COMPOSITION

The Audit Committee shall be comprised of at least three (3) directors as determined by the Board, each of whom has been affirmatively determined by the Board to have no material relationship with the Company and shall otherwise meet the independence requirements of the New York Stock Exchange Listing Standards (the "NYSE"), all applicable securities laws and the rules and regulations of the SEC. All members of the Committee shall have a working familiarity with basic finance and accounting practices, with at least one member who has been determined by the Board to qualify as a financial expert as defined by applicable legislation and regulation.

If a Committee member serves simultaneously on the audit committees of more than two other public companies, the Board must determine that such simultaneous service would not impair the ability of such member to serve effectively on the Company's Audit Committee.

III. MEETINGS

The Committee shall hold regularly scheduled meetings at least three (3) times a year in conjunction with the regularly scheduled Board meetings. The Committee should also meet periodically with management, the director of the internal audit department and the independent auditors in separate executive sessions to discuss any matters that the Committee or these individuals believe should be discussed privately. In addition, the Committee should hold such other special meetings as may be appropriate under the circumstances.

25

3. Discuss with management the Company's earnings press releases, as well as financial information and earnings guidance, if any, which is included in press releases provided to analysts and ratings agencies. Such discussion may be done generally and need not be conducted prior to release.
4. Discuss with the independent auditors their judgments about the acceptability and quality of the Company's accounting principles as applied in its financial reporting; the discussion should include such issues as:
 - Selection of new or changes to the Company's accounting or auditing principles and practices
 - Estimates, judgments and uncertainties
 - Unusual transactions
 - Accounting policies relating to significant financial items, including the timing of transactions and the period in which they are recorded
5. Following completion of the annual audit, review separately with each of management, the independent auditor and the internal auditing department any significant difficulties encountered during the course of the audit, including any restrictions on the scope of work or access to required information. On a periodic basis, meet separately with management, with internal auditors and with the independent auditors.
6. Review any significant disagreement among management and the independent auditor in connection with the preparation of the financial statements.
7. Advise the Board whether, based on review and discussions with management and the independent auditor, the Committee would recommend that the audited financial statements be included in the Annual Report on Form 10-K for the last fiscal year for filing with the Securities and Exchange Commission.
8. Review with the independent auditor, the internal auditing department and management the extent to which changes or improvements in financial or accounting practices, as discussed with the Audit Committee, have been implemented.

Independent Auditor

9. Retain and terminate the Company's independent auditor. The Committee shall be directly responsible for the appointment, compensation and oversight of the work of the independent auditor, including the resolution of disagreements regarding financial reporting with management and the auditor engaged for the purpose of preparing or issuing an audit report or related work. The independent auditor shall

report directly to the Committee.

10. Preapprove all auditing services and permitted non-audit services, including the fees and terms thereof, to be performed for the Company by the independent auditor, subject to the de minimus exceptions for non-audit services, as defined by applicable legislation, which are approved prior to completion of the audit.
11. Receive and review on an annual basis a formal written statement from the independent auditor delineating all relationships with the Company and discuss with the independent auditor any disclosed relationships or services that may impact their objectivity and independence and, if so determined, take appropriate action to satisfy itself of the auditor's independence.
12. Receive and review on an annual basis a report from the independent auditor describing the firm's internal quality control procedures; any material issues raised by the most recent quality control review or peer review of the firm or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the firm and any steps taken to deal with such issues.
13. Recommend to the Board clear policies for the Company's hiring of employees or former employees of the independent auditors.

26

14. Periodically consult with the independent auditor outside the presence of management, about internal controls and the quality and acceptability of the organization's financial statements and any significant difficulties encountered during the course of the audit, including any restrictions on the scope of work or access to required information and management's response.

Internal Audit

15. Review the results of the internal audit department and meet periodically with the director of internal audit to review implications for the Company's system of internal controls.
16. In consultation with the independent auditor and the internal auditors, review the integrity of the organization's financial reporting processes, both internal and external.
