## Edgar Filing: QUEST DIAGNOSTICS INC - Form 8-K

## Item 1.01. Entry into a Material Definitive Agreement

On January 31, 2007, Quest Diagnostics Incorporated (the Company), as Borrower, certain wholly owned domestic subsidiaries of Borrower, as Guarantors, and Bank of America, N.A., as Administrative Agent, entered into an Interim Credit Agreement (Interim Credit Facility) for a \$450 million senior unsecured loan. The Company is required, under the terms of the Interim Credit Facility, to use the proceeds from the Interim Credit Facility to acquire HemoCue, and to pay fees, costs and expenses incurred in connection with the acquisition. Under the Interim Credit Facility, which matures on January 31, 2008, interest is based on certain published rates plus an applicable margin that will vary over an approximate range of 45 basis points based on changes in the Company s public debt rating. At its option, the Company may elect to enter into LIBOR-based interest rate contracts for periods up to six months. Interest on any outstanding amounts not covered under the LIBOR-based interest rate contracts is based on an alternate base rate, which is calculated by reference to the prime rate or federal funds rate. The Interim Credit Facility is guaranteed by the Company s domestic wholly owned operating subsidiaries. The Interim Credit Facility contains various covenants, which are the same covenants to which the Company is already subject to under its existing senior unsecured revolving credit facility and which include covenants requiring the maintenance of certain financial ratios, which could impact the Company s ability to, among other things, incur additional indebtedness. In addition, the Interim Credit Facility provides for the mandatory pre-payment of the loan in the event of a debt or equity issuance by the Company, subject to certain limited exceptions as set forth in the Interim Credit Agreement.
