PROXY STATEMENT

The following statement is furnished in connection with the solicitation of proxies by the Board of Directors of Vital Signs, Inc. (the Company or Vital Signs), a New Jersey corporation. Such proxies are to be used at the Company's Annual Meeting of Shareholders to be held at the Company's headquarters, 20 Campus Road, Totowa, New Jersey 07512, on Thursday, May 8, 2008, commencing at 10:00 a.m. local time. This Proxy Statement and the enclosed form of proxy are first being sent to shareholders on or about April 4, 2008.

Shareholders Entitled to Vote

Only holders of record of the Company's Common Stock (the Common Stock) at the close of business on March 28, 2008 (the record date fixed by the Board of Directors) will be entitled to receive notice of, and to vote at, the Annual Meeting. At the close of business on the record date, there were 13,293,862 shares of Common Stock outstanding and entitled to vote at the Annual Meeting. Each such share is entitled to one vote and there is no right to cumulate votes in the election of directors.

Voting; Revocation of Proxy; Quorum and Vote Required

A form of proxy is enclosed for use at the Annual Meeting if a shareholder is unable to attend in person. Each proxy may be revoked at any time before it is exercised by giving written notice to the Secretary of the Annual Meeting or by submitting a duly executed, later-dated proxy. All shares represented by valid proxies pursuant to this solicitation (and not revoked before they are exercised) will be voted as specified in the form of proxy. If the proxy is signed but no specification is given, the shares will be voted **FOR** election of the Board's nominees to the Board of Directors.

A majority of the shares outstanding on the record date will constitute a quorum for purposes of the Annual Meeting. Assuming that a quorum is present, the election of directors will be effected by a plurality vote of the votes cast at the Annual Meeting. For purposes of determining the votes cast with respect to any matter presented for consideration at the Annual Meeting, only those votes cast for or against are included. Abstentions and broker non-votes are counted only for the purpose of determining whether a quorum is present at the Annual Meeting.

Costs of Solicitation

The entire cost of soliciting these proxies will be borne by the Company. In following up the original solicitation of the proxies by mail, the Company may make arrangements with brokerage houses and other custodians, nominees and fiduciaries to send proxies and proxy materials to the beneficial owners of the Common Stock and may reimburse them for their expenses in so doing. If necessary, the Company may also use its officers and their assistants to solicit proxies from the shareholders, either personally or by telephone or special letter.

16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors, executive officers and 10% shareholders to file with the Securities and Exchange Commission (the "SEC") certain reports regarding such persons ownership of the Company's securities. The Company is required to disclose any failures to file such reports on a timely basis. The Company is not aware of any such untimely filings during the fiscal year ended September 30, 2007.

Independent Board Members

The following members of the Board of Directors have been determined to be independent directors pursuant to the definition contained in Rule 4200(a)(15) of the National Association of Securities Dealers ("NASD") Marketplace rules: Messrs. Donnelly, MacCallum, Robbins and Schapiro.

ELECTION OF DIRECTORS

Unless a shareholder either indicates "withhold authority" on his proxy or indicates on his proxy that his shares should not be voted for the nominees, it is intended that the persons named in the proxy will vote for the election of the persons named in Table I below to serve until the expiration of their terms and thereafter until their successors shall have been duly elected and qualified. If elected, the nominees will serve for three year terms. Discretionary authority is also solicited to vote for the election of a substitute for each such nominee who, for any reason presently unknown, cannot be a candidate for election. The nominees are currently members of the Company's Board of Directors.

Table I sets forth the names and ages (as of September 30, 2007) of the nominees for election to the Board of Directors, the positions and offices presently held by each such person within Vital Signs, the period during which each such person has served on the Company's Board of Directors, the expiration of his term if elected and the principal occupations and employment of each such person during the past five years. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

General

During 2006, the SEC substantially revised the disclosures that we are required to make with respect to executive compensation. As part of the SEC's revised executive compensation discussion requirements, issuers must provide a

Compensation Discussion and Analysis in which issuers explain the material elements of their compensation of executive officers by describing the following:

the objectives
of the issuer's
compensation
programs;

the conduct
that the
compensation
programs are
designed to
reward;

the elements
of the
compensation
program;

the rationale
for each of the
elements of
the
compensation
program;

how the issuer
determines the
amount (and,
where
applicable, the
formula) for
each element
of the
compensation
program; and

how each
element and
the issuer's
decisions

regarding that
element fit
into the
issuer's overall
compensation
objectives and
affect
decisions
regarding
other elements
of the
compensation
program.

Our compensation philosophy is dictated by the Compensation Committee of our Board of Directors. The duties and responsibilities of the Compensation Committee, which consists entirely of independent directors of the Board, include the following:

Establish the
compensation
and benefits
philosophy and
strategy for the
Company, in
consultation with
the chief
executive officer;

In conjunction
with the chief
executive officer,
determine
performance
measures and
goals for
measuring
corporate
performance as
they relate to
compensation;

Establish
compensation
awards for the
chief executive
officer, including
salary, bonus,
stock awards,
and, if
applicable, any
supplemental

compensation or
benefit
arrangements;

Review and
approve
compensation
programs
covering the
other executive
officers and,
considering the
recommendation
of the chief
executive officer,
approve
individual
compensation
awards for this
group;

Evaluate
competitive
compensation
levels for the
Executive Team
based on peer
group
companies;

Review the
overall
compensation
and benefits
budget;

Review and
recommend to
the Board
implementation
or revision of
any major
compensation or
benefit
programs; and

Review and
recommend to
the Board all
stock option
grants.

Mr. Wall, our President and Chief Executive Officer, participates in determinations regarding the compensation and design of our benefit programs for all employees, including our other executive officers. However, he does not participate in determining his own compensation.

Our Compensation Objectives and the Focus of Our Compensation Rewards

We believe that an appropriate compensation program should draw a balance between providing rewards to executive officers while at the same time effectively controlling compensation costs. We reward executive officers in order to attract highly qualified individuals, to retain those individuals in a highly competitive marketplace for executive talent and to motivate them to perform in a manner that maximizes our corporate performance.

We view executive compensation as having three key elements:

a current cash
compensation
program
consisting of
salary and
cash bonus
incentives;

long-term
equity
incentives
reflected in
grants of
stock
options; and

other
executive
retirement
benefits and
perquisites.

These programs aim to provide our executives with an overall compensation package that is competitive with peer group institutions, and seek to align individual performance with our long-term business objectives.

We annually review our mix of short term performance incentives versus longer term incentives. We do not have set percentages of short term versus long term incentives. Instead, we look to provide a reasonable balance of those incentives.

Specific Elements of Our Compensation Program

We have described below the specific elements of our compensation program for executive officers.

Salary. We benchmark the salaries of our executive officers to a peer group. The Compensation Committee looks at other medical device manufacturers with similar revenues as Vital Signs' revenues. The Compensation Committee's objective is to establish salary levels for Vital Signs' executives that are at a median level in comparison to the salaries of comparably situated executives in Vital Signs' peer group. The Compensation Committee seeks to ensure that the salaries of Vital Signs' executive officers are not at the low end or the high end of the peer group, but rather in the middle of the salary range of the peer group.

For several years, Mr. Wall's salary was set at levels which were perceived by the Board to be below the salaries of chief executive officers of comparable companies. The Compensation Committee determined a few years ago that Mr. Wall's salary should be comparable to the salaries of chief executive officers of comparable companies, regardless of Mr. Wall's significant ownership of the Company's Common Stock. Accordingly, after its review of the salaries of chief executive officers of the peer group described above, the Compensation Committee determined to increase Mr. Wall's salary to \$380,000 for fiscal 2007 from \$350,000 for fiscal 2006. (The Compensation Committee previously determined to increase Mr. Wall's salary to \$350,000 for fiscal 2006 from approximately \$313,000 for fiscal 2005.) The Compensation Committee believes that Mr. Wall's salary still is below the salaries of his peers at comparable companies, and intends to continue to review and adjust his salary in the future, with the objective of bringing it to a level which is comparable to the salaries of chief executive officers of comparable companies.

Bonus. Pursuant to our 2005 Executive Bonus Plan (the "Bonus Plan"), specified officers, including executive officers (collectively, the "executives"), of the Company are eligible to receive bonuses based upon annual increases in results of earnings before interest and taxes, which we refer to for purposes of the Executive Bonus Plan as "operating profit." The Executive Bonus Plan has two components. Under the first component, executives are eligible to earn bonuses based upon increases over the previous fiscal year in the operating profit of the Company's "core" business, which is comprised of the Company's anesthesia, respiratory and critical care businesses. Under the second component, executives whose areas of responsibility encompass all subsidiary operations are eligible to earn bonuses based upon increases over the previous fiscal year in the operating profit of the consolidated results of the Company as a whole. Whether an

executive receives a bonus is a bright line determination based upon achievement of the specified increases in operating profit. Under each of the two components of the Executive Bonus Plan, participants could be eligible for bonuses from 9% of annual salary (based upon a 9% growth in operating profit over the previous fiscal year) to 60% of annual salary (based upon a minimum 30% increase in operating profit over the previous fiscal year). Bonuses under each component are capped at 60% of annual salary (or 120% of annual salary, assuming that growth for both the core business and the Company as a whole were 30% or more). Each of the Named Officers received bonuses under the Executive Bonus Plan for fiscal 2007.

Additionally, each of the Named Officers received bonuses under the Company's Well-Pay Policy, which covers all Company personnel working in the Company's headquarters in Totowa, New Jersey and in certain of the Company's subsidiaries. Under the Well-Pay Policy, employees, including executive officers, are eligible to receive bonuses based upon achieving perfect attendance records, which are reviewed on both a monthly and annual basis. An additional day's pay is earned by any

employee having perfect attendance for the preceding month. In addition, payments of \$200 to \$350 are earned by employees having perfect attendance for one or more consecutive years. The Well-Pay Policy was adopted by the Company in lieu of an annual sick-day policy.

Stock Options. We provide long-term incentives to our executive officers through grants of stock options pursuant to our 2002 Stock Incentive Plan. However, since the implementation of SFAS No. 123R, the Company has granted fewer stock options to executives, since the Compensation Committee is very sensitive to the financial impact of stock option grants under current accounting rules. Accordingly, the Compensation Committee grants stock options very judiciously. When we do grant stock options to our executive officers, they are granted at an exercise price equal to the then current market price of our common stock. The Compensation Committee grants stock options to executive officers on a discretionary basis, taking into account the Company's financial performance, including the financial measures described above under **Bonus**, and each executive's contribution to such performance. Neither bonuses nor stock option grants are tied to the price at which our common stock is trading, other than the establishment of an exercise price which reflects the current market price of our common stock. Three of the Named Officers (Messrs. Sturm, Chanin and Martino) received stock option grants in fiscal 2007.

Other Incentives. The Company matches employee contributions to the Company's 401(k) Plan. The Company matches up to 50% of an employee's contribution, up to 3% of the employee's annual salary. While the Company previously provided an automobile allowance to the Named Officers, the Company discontinued providing automobile allowances to the Named Officers in April 2007, and increased their salaries by the same amount.

Compliance with Sections 162(m) and 409A of the Internal Revenue Code

Section 162(m) of the Internal Revenue Code denies a deduction to any publicly held corporation for compensation paid to certain covered employees in a taxable year to the extent that compensation exceeds \$1,000,000 for a covered employee. Certain performance-based compensation that has been approved by our shareholders is not subject to this limitation. As a result, stock options granted under our stock option plan are not subject to the limitations of Section 162(m). Since none of the Company's executive officers had compensation in excess of \$1,000,000 for fiscal 2007, Section 162(m) was not applicable.

It is also our intention to maintain our executive compensation arrangements in conformity with the requirements of Section 409A of the Internal Revenue Code, which imposes certain restrictions on deferred compensation arrangements.

Summary of Cash and Certain Other Compensation

The following table sets forth, for the fiscal year ended September 30, 2007, a summary of the compensation earned by our Chief Executive Officer, our Chief Financial Officer during that fiscal year and our three other most highly compensated executive officers. We refer to the executive officers named in this table as the **Named Officers**.

The Company's 2002 Stock Incentive Plan provides that each non-employee director will automatically receive options covering 4,000 shares of Common Stock (with an exercise price equal to the fair market value on the date of grant) on an annual basis and is entitled to receive additional options at the discretion of the committee administering the 2002 Stock Incentive Plan. One half of the automatic option grants made to non-employee directors under the 2002 Stock Incentive Plan vest immediately at the time of grant. Half of the balance may be exercised commencing one year after the date of grant and the remainder may be exercised commencing two years after the date of grant.

Each of the Company's non-employee directors (Messrs. Donnelly, MacCallum, Robbins and Schapiro) waived the 2007 automatic option grants to which he was entitled and was granted a

discretionary stock option to purchase 6,000 shares of Common Stock. These options were granted at an exercise price of \$52.11 per share (the fair market value on the date of grant), and vest in equal 25% increments beginning one year after the date of grant.

Each non-employee director receives a yearly retainer of \$28,000 paid quarterly, \$1,000 for each Board meeting attended and \$500 for each committee meeting attended.

Compensation Committee Interlocks and Insider Participation

None of the current members of the Compensation Committee, nor anyone who served on the Compensation Committee during the fiscal year ended September 30, 2007, is an officer, employee or former officer of the Company.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the information provided under the caption Compensation Discussion and Analysis set forth above with management. Based on that review and those discussions, the Compensation Committee recommended to our Board that such Compensation Discussion and Analysis be included in this proxy statement.

Shareholder Communication with the Board

The Company's Board of Directors has established a procedure that enables shareholders to communicate in writing with members of the Board. Any such communication should be addressed to Vital Signs' Secretary and should be sent to such individual at the Company's headquarters office, 20 Campus Road, Totowa, New Jersey 07512. Any such communication must state, in a conspicuous manner, that it is intended for distribution to the entire Board of Directors. Under the procedures established by the Board, upon the Secretary's receipt of such a communication, the Secretary will send a copy of such communication to each member of the Board, identifying it as a communication received from a shareholder. Absent unusual circumstances, at the next regularly scheduled meeting of the Board held more than two days after such communication has been distributed, the Board will consider the substance of any such communication.

Board members are encouraged, but not required by any specific Board policy, to attend the Company's annual meeting of shareholders. All of the directors attended the 2007 Annual Meeting of Shareholders.

The Board of Directors; Committees of the Board

The Board of Directors of the Company held six meetings during the fiscal year ended September 30, 2007. Our Board of Directors currently has three standing committees: an Audit Committee, a Compensation Committee and a Nominating Committee.

Audit Committee. The Board's Audit Committee, which is responsible for reviewing significant audit and accounting principles, policies and practices and for meeting with the Company's independent auditors, met four times during the year ended September 30, 2007. The Audit Committee is comprised of Messrs. Robbins (Chairman), Donnelly and Schapiro.

Compensation Committee. The Compensation Committee, comprised of Messrs. Donnelly (Chairman) and MacCallum, administers the Company's stock option plans and Investment Plan and is also responsible for

determining the compensation of the Company's chief executive officer and other executive officers. The Compensation Committee met three times during the year ended September 30, 2007.

Nominating Committee. The Nominating Committee evaluates candidates for our Board of Directors and has adopted a charter describing the minimum qualifications for such candidates and the qualities or skills that are necessary for directors to possess. The Nominating Committee is comprised of

Messrs. Donnelly (Chairman), MacCallum, Robbins and Schapiro. The Nominating Committee met one time during the year ended September 30, 2007.

Each member of the Company's Board was present for 75% or more of the aggregate of the total meetings of the Board and each Board committee on which he serves.

Nominating Committee Matters

Nominating Committee Charter. The Board has adopted a Nominating Committee charter to govern its Nominating Committee. A copy of the Nominating Committee's charter was filed as Appendix 1 to the Company's 2007 proxy statement.

Independence of Nominating Committee Members. All members of the Nominating Committee of the Board of Directors have been determined to be independent directors pursuant to the definition contained in Rule 4200(a)(15) of the National Association of Securities Dealers Marketplace Rules.

Procedures for Considering Nominations Made by Shareholders. The Nominating Committee's charter describes procedures for nominations to be submitted by shareholders and other third-parties, other than candidates who have previously served on the Board or who are recommended by the Board. The charter states that a nomination must be delivered to the Secretary of the Company at the principal executive offices of the Company not later than the close of business on the 90th day nor earlier than the close of business on the 120th day prior to the first anniversary of the preceding year's annual meeting; provided, however, that if the date of the annual meeting is more than 30 days before or more than 60 days after such anniversary date, notice to be timely must be so delivered not earlier than the close of business on the 120th day prior to such annual meeting and not later than the close of business on the later of the 90th day prior to such annual meeting or the close of business on the 10th day following the day on which public announcement of the date of such meeting is first made by the Company. The public announcement of an adjournment or postponement of an annual meeting will not commence a new time period (or extend any time period) for the giving of a notice as described above. The charter requires a nomination notice to set forth as to each person whom the proponent proposes to nominate for election as a director: (a) all information relating to such person that is required to be disclosed in solicitations of proxies for election of directors in an election contest, or is otherwise required, in each case pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended (including such person's written consent to being named in the Proxy Statement as a nominee and to serving as a director if elected), and (b) information that will enable the Nominating Committee to determine whether the candidate or candidates satisfy the criteria established pursuant to the charter for director candidates.

Qualifications. The charter describes the minimum qualifications for nominees and the qualities or skills that are necessary for directors to possess. Each nominee:

- must satisfy
any legal
requirements
applicable to
members of the
Board;

- must have
business or
professional
experience that
will enable

such nominee
to provide
useful input to
the Board in its
deliberations;

must have a
reputation in
the Company's
industry for
honesty and
ethical conduct;

must have a
working
knowledge of
the types of
responsibilities
expected of
members of a
board of
directors of a
public
corporation;
and

must have
experience,
either as a
member of the
board of
directors of
another public
or private
company or in
another
capacity, that
demonstrates
the nominee's
capacity to
serve in a
fiduciary
position.

Identification and Evaluation of Candidates for the Board. Candidates to serve on the Board will be identified from all available sources, including recommendations made by shareholders. The Nominating Committee's charter provides that there will be no differences in the manner in which the Nominating Committee evaluates nominees recommended by shareholders and nominees recommended by the Committee or management, except that no specific process shall be mandated with respect to the nomination of any individuals who have previously served on the Board. The evaluation process for individuals other than existing Board members will include:

a review of
the
information
provided to
the
Nominating
Committee
by the
proponent;

a review of
reference
letters from
at least two
sources
determined
to be
reputable by
the
Nominating
Committee;
and

a personal
interview of
the
candidate,

together with a review of such other information as the Nominating Committee shall determine to be relevant.

Third Party Recommendations. In connection with the 2008 Annual Meeting, the Nominating Committee did not receive any nominations from any shareholder or group of shareholders which owned more than 5% of the Company's Common Stock for at least one year.

Audit Committee Matters

The following report of the Audit Committee is not to be deemed soliciting material or deemed to be filed with the Securities and Exchange Commission or subject to Regulation 14A of the Securities Exchange Act of 1934, except to the extent specifically requested by the Company or incorporated by reference in documents otherwise filed.

Audit Committee Charter. The Audit Committee has adopted a written charter. The current charter is attached to this proxy statement as Annex A.

Independence of Audit Committee Members. The Common Stock is listed on the Nasdaq National Market and the Company is governed by the listing standards applicable thereto. Each of the members of the Audit Committee, Messrs. Robbins, Donnelly and Schapiro, have been determined to be independent directors pursuant to the definition contained in Rule 4200(a)(15) of the National Association of Securities Dealers (NASD) Marketplace Rules and under the SEC's Rule 10A-3.

Audit Committee Financial Expert. The Company's Board of Directors has determined that Mr. Robbins, the Chairman of the Audit Committee, is an audit committee financial expert, as defined by Item 407(d)(5) of the SEC's Regulation

S-K.

Audit Committee Report. In connection with the preparation and filing of the Company's Annual Report on Form 10-K for the fiscal year ended September 30, 2007:

- (1) the Audit Committee reviewed and discussed the audited financial statements with the Company's management;
- (2) the Audit Committee discussed with the Company's independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communications with Audit Committees);
- (3) the Audit Committee received and reviewed the written disclosures and the letter from the Company's independent auditors required by the Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and discussed with the Company's independent

auditors any relationships that may impact their objectivity and independence and satisfied itself as to the auditors independence; and

- (4) based on the review and discussions referred to above, the Audit Committee recommended to the Board that the audited financial statements be included in the 2007 Annual Report on Form 10-K.

Compensation Committee Matters

Compensation Committee Charter. The Board has adopted a Compensation Committee charter to govern its Compensation Committee. A copy of the Compensation Committee's charter is attached to this proxy statement as Annex B.

Authority, Processes and Procedures. The Compensation Committee is responsible for administering the Company's stock option plans and Investment Plan and monitoring the overall compensation and benefits budget. The Compensation Committee determines the compensation for our President and Chief Executive Officer and other executive officers. Our Compensation Committee also establishes policies and monitors compensation for our employees in general. While the Compensation Committee may, and does in fact, delegate authority with respect to compensation of employees in general, the Compensation Committee retains overall supervisory responsibility for employee compensation. Mr. Wall participates in determinations regarding the compensation and design of our benefit programs for all employees, including our other executive officers. However, he does not participate in determining his own compensation. The Compensation Committee also has the authority to hire compensation consultants to assist it in carrying out its duties, although it did not hire any consultants in fiscal year 2007.

Audit Fees and Related Matters

In accordance with the requirements of the Sarbanes-Oxley Act of 2002 (the Act) and the Audit Committee's charter, all audit and audit-related work and all non-audit work performed by the Company's independent accountants, Goldstein Golub Kessler LLP (GGK), RSM McGladrey, Inc. (RSM) and Deloitte & Touche LLP (Deloitte) is approved in advance by the Audit Committee, including the proposed fees for such work. The Audit Committee is informed of each service actually rendered that was approved through its pre-approval process.

Through September 30, 2005, GGK had a continuing relationship with American Express Tax and Business Services (TBS), from which it leased auditing staff who were full time, permanent employees of TBS and through which its partners provided non-audit services. Subsequent to September 30, 2005, this relationship ceased and GGK established a similar relationship with RSM. GGK has no full time employees and, therefore, none of the audit services performed were provided by permanent full-time employees of GGK. GGK manages and supervises the audit and audit staff, and is exclusively responsible for the opinion rendered in connection with its examination. Deloitte was hired by the Company for the first time in the fiscal year ended September 30, 2007. On January 7, 2008, Vital Signs was notified that the partners of GGK became partners of McGladrey & Pullen, LLP (M&P) pursuant to a limited asset purchase agreement, and that GGK had resigned as independent public accounting firm for the Company. On January 8, 2008, M&P was appointed as the Company's new independent registered public accounting firm.

Audit Fees. Audit fees billed or expected to be billed to Vital Signs, Inc. by GGK for the audit of the financial statements included in Vital Signs' Annual Report on Form 10-K, and reviews of the financial statements included in Vital Signs' Quarterly Reports on Form 10-Q, for the fiscal years ended September 30, 2007 and 2006 totaled approximately \$763,000 and \$645,000, respectively.

Audit-Related Fees. The Company was billed \$0 and \$150,000 by GGK for the fiscal years ended September 30, 2007 and 2006, respectively, for assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements and are not reported under the caption *Audit Fees* above.

Tax Fees. The Company was billed an aggregate of \$122,000 and \$73,000 by Deloitte and RSM for the fiscal years ended September 30, 2007 and 2006, respectively, for tax services, principally advice regarding the preparation of income tax returns, tax advice and planning services related to income tax returns.

All Other Fees. The Company was billed an aggregate of \$39,000 by GGK for the fiscal year ended September 30, 2007, for other services provided by GGK, including the review of the Company's Form 10-K/A and compliance with Statement of Financial Accounting Standard No. 123R, impairment testing, acquisition-related accounting services and miscellaneous expenses. The Company was billed an aggregate of \$29,000 by GGK for the fiscal year ended September 30, 2006, for other services provided by GGK, including the review of the Company's Form 10-K/A and compliance with Statement of Financial Accounting Standard No. 123R. In addition, the Company was billed \$31,000 by Deloitte for the fiscal year ended September 30, 2007, for conducting preliminary research on a joint venture

manufacturing facility.

Other Matters. The Audit Committee of the Board of Directors has considered whether the provision of the Audit-Related Fees, Tax Fees and All Other Fees are compatible with maintaining the independence of the Company's principal accountant.

Applicable law and regulations provide an exemption that permits certain services to be provided by the Company's outside auditors even if they are not pre-approved. The Company did not rely on this exemption at any time since the Sarbanes-Oxley Act was enacted.

Independent Public Accountants

M&P has been selected by the Board of Directors to audit and report on the Company's financial statements for the fiscal year ending September 30, 2008. The decision to engage M&P was approved by the Audit Committee of the Board of Directors. A representative of that firm is expected to be present at the Annual Meeting and will have an opportunity to make a statement if he or she so desires. The representative is expected to be available to respond to appropriate questions from shareholders.

Change in Independent Public Accountants. As described above, on January 7, 2008, Vital Signs was notified that the partners of GGK became partners of M&P pursuant to a limited asset purchase agreement, and that GGK had resigned as independent public accounting firm for the Company. On January 8, 2008, M&P was appointed as the Company's new independent registered public accounting firm.

The audit reports of GGK on the consolidated financial statements of Vital Signs, Inc. and subsidiaries as of and for the years ended September 30, 2007 and 2006 did not contain an adverse opinion or a disclaimer of opinions, and were not qualified or modified as to uncertainty, audit scope or accounting principles.

During the Company's two most recent fiscal years ended September 30, 2007 and 2006 and through January 7, 2008, the Company did not consult with M&P on (i) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that may be rendered on the Company's financial statements, and M&P did not provide either a written report or oral advice to the Company that M&P concluded was an important factor considered by the Company in reaching a decision as to any accounting, auditing, or financial reporting issue; or (ii) the subject of any disagreement, as defined in Item 304(a)(1)(iv) of Regulation S-K and the related instructions, or a reportable event within the meaning set forth in Item 304(a)(1)(v) of Regulation S-K.

In connection with the audits of the Company's consolidated financial statements for each of the fiscal years ended September 30, 2007 and 2006 and through January 7, 2008, there were: (i) no disagreements between the Company and GGK on any matters of accounting principles or practices, financial statement disclosure, or auditing scope or procedures, which disagreements, if not resolved to the satisfaction of GGK, would have caused GGK to make reference to the subject matter of the disagreement in their reports on the Company's financial statements for such years, and (ii) no reportable events within the meaning set forth in Item 304(a)(1)(v) of Regulation S-K.

The Company has provided M&P (and previously, GGK) a copy of the disclosures in this Proxy Statement.

Certain Relationships and Related Party Transactions

The Company has no related party transactions to disclose under applicable SEC rules for the fiscal year ended September 30, 2007. In general, the Audit Committee monitors for related party transactions on a quarterly basis. By related party transactions, we mean a transaction between the Company, on one hand, and an executive officer, director or immediate family member of an executive officer or a director, on the other hand.

Other Matters

At the time that this Proxy Statement was mailed to shareholders, management was not aware that any matter other than the election of directors would be presented for action at the Annual Meeting. If other matters properly come before the Annual Meeting, it is intended that shares represented by

proxies will be voted with respect to those matters in accordance with the best judgment of the persons voting them.

If a shareholder of the Company wishes to have a proposal included in the Company's Proxy Statement for the 2009 Annual Meeting of Shareholders, the proposal must be received at the Company's principal executive offices by December 6, 2008, and must otherwise comply with rules promulgated by the Securities and Exchange Commission in order to be eligible for inclusion in the proxy material for the 2009 Annual Meeting.

If a shareholder desires to bring business before the 2009 Annual Meeting which is not the subject of a proposal complying with the SEC proxy rule requirements for inclusion in the Proxy Statement, the shareholder must follow procedures outlined in the Company's by-laws in order to personally present the proposal at the 2009 Annual Meeting. A copy of these procedures is available upon request from the Secretary of the Company.

One of the procedural requirements in the Company's by-laws is timely notice in writing of the business that the shareholder proposes to bring before the 2009 Annual Meeting. Notice of business proposed to be brought before the 2009 Annual Meeting or notice of a proposed nomination to the Board of Directors must be received by the Secretary of the Company no earlier than 120 days prior to the first anniversary of the 2008 Annual Meeting date and no later than the later of the 90th day prior to the first anniversary of the 2008 Annual Meeting date or the tenth day after the Company publicly announces the date of the 2009 Annual Meeting.

By Order of the Board of Directors

Jay Sturm, *Secretary*

Dated: April 4, 2008

A copy of an annual report for the year ended September 30, 2007, including financial statements, accompanies this Proxy Statement. The annual report is not to be regarded as proxy soliciting material or as a communication by means of which any solicitation is to be made. Copies of the Company's Annual Report on Form 10-K are available without charge by contacting the Company by telephone at 973-790-1330 or by writing to: Investor Relations, Vital Signs, Inc., 20 Campus Road, Totowa, New Jersey 07512.

Purpose

The Audit Committee is a committee of the Board of Directors. Its primary function is to assist the Board in fulfilling its oversight responsibilities by reviewing the financial information which will be provided to the shareholders and others, the systems of internal controls which management and the Board of Directors have established, and the audit process. In doing so, it is the responsibility of the Audit Committee to provide an open avenue of communication between the Board of Directors, management, and the independent accountants.

The Company recognizes that management, including the Company's financial staff, as well as the Company's outside auditors, have more time, knowledge and detailed information regarding the Company than do Committee members; consequently, in carrying out its oversight responsibilities the Committee is not providing any expert or special assurances as to the Company's financial statements or any professional certifications as to the outside auditor's work.
