PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS
WEDNESDAY, MAY 22, 2002

INFORMATION CONCERNING THE SOLICITATION

This proxy statement is furnished in connection with the solicitation of proxies by the board of directors of La Jolla Pharmaceutical Company, a Delaware corporation (the Company), to be used at the Company's 2002 Annual Meeting of Stockholders to be held on Wednesday, May 22, 2002 at 10:00 a.m. (local time) and at any and all postponements and adjournments of the meeting. The meeting will be held at the Company's offices at 6455 Nancy Ridge Drive, San Diego, California 92121. This proxy statement and the accompanying proxy card will be first mailed to stockholders on or about April 12, 2002.

The cost of preparing, assembling and mailing the proxy material and the cost of soliciting proxies will be paid for by the Company. The Company will pay brokers or other persons holding stock in their names or the names of their nominees for the reasonable expenses of forwarding soliciting material to their principals. Proxies may be solicited in person or by telephone, telefax or other electronic means by personnel of the Company who will not receive any additional compensation for such solicitation. In addition, the Company has engaged MacKenzie Partners, Inc. to assist it in soliciting proxies for a fee of approximately \$8,000 plus reimbursement of reasonable out-of-pocket expenses.

VOTING

March 28, 2002 has been fixed as the record date for the determination of stockholders entitled to notice of, and to vote at, the annual meeting. On March 28, 2002, there were 42,312,412 shares of the Company's common stock outstanding. Each share is entitled to one vote on any matter that may be presented for consideration and action by the stockholders at the meeting. The holders of a majority of the shares of common stock outstanding on the record date and entitled to be voted at the meeting, present in person or by proxy, will constitute a quorum for the transaction of business at the meeting and any adjournments and postponements thereof. Shares abstained or subject to a broker non-vote are counted as present for the purpose of determining the presence or absence of a quorum for the transaction of business.

With regard to the election of directors, votes may be cast in favor of a director nominee or withheld. Because directors are elected by plurality, abstentions from voting and broker non-votes will be entirely excluded from the vote and will have no effect on its outcome. If a quorum is present at the meeting, the nominees receiving the greatest number of votes, up to two directors, will be elected. For proposals other than the election of directors, the affirmative vote of a majority of the shares present or represented by proxy and entitled to vote at the meeting is required for approval. With regard to these proposals, abstentions will be counted in tabulations of the votes cast on a proposal presented to stockholders and will have the same effect as a vote against the proposal, whereas broker non-votes will not be counted for purposes of determining whether a proposal has been approved.

Table of Contents

Each proxy submitted by a stockholder will, unless otherwise directed by the stockholder in the proxy, be voted in favor of:

- Proposal 1 Election of the two director nominees named in this proxy statement;
- Proposal 2 Amendment of the La Jolla Pharmaceutical Company 1994 Stock Incentive Plan, as amended, to increase by 1,900,000 shares the total number of shares of common stock that may be issued under this plan; and
- Proposal 3 Amendment of the La Jolla Pharmaceutical Company 1995 Employee Stock Purchase Plan, as amended and restated, to increase by 200,000 shares the total number of shares of common stock that may be issued under this plan.

In addition, the persons acting as proxies will cast their votes in their discretion for any additional matters that are properly raised for consideration at the meeting. If you submit a proxy, your shares will be voted according to your direction. You have the power to revoke your proxy at any time before it is voted at the annual meeting by submitting a written notice of revocation to the Secretary of the Company or by filing with the Company a valid proxy bearing a later date. Your proxy will not be voted if you attend the annual meeting and elect to vote your shares in person.

The board of directors reserves the right to withhold any proposal described in this proxy statement from a vote at the annual meeting if the board of directors deems a vote on such proposal to be contrary to the best interests of the Company and its stockholders. In that event, the proposal withheld will be neither adopted nor defeated.

**PROPOSAL 1
ELECTION OF DIRECTORS**

The Company's certificate of incorporation was amended in 1999 to provide for a board of directors that is divided into three classes, each with as nearly equal in number of directors as possible. The terms for each class are three years, staggered over time. This year, the term of the directors in Class III expires. Accordingly, two directors will be elected at the annual meeting.

Both of the nominees for election as directors at the meeting set forth below are incumbent directors. These nominees have consented to serve as a director if elected and management has no reason to believe that any nominee will be unable to serve. Unless authority to vote for either of the nominees is withheld in a proxy, shares represented by proxies will be voted FOR such nominees. In the event that any of the nominees for director should be unavailable for re-election as a result of an unexpected occurrence, such shares will be voted for the election of such substitute nominee, if any, as the board of directors may propose. Proxies cannot be voted for more than two directors, the number of nominees herein.

**PROPOSAL 2
AMENDMENT TO 1994 STOCK INCENTIVE PLAN**

General

The maximum number of shares of the Company's common stock that may be issued pursuant to awards under the La Jolla Pharmaceutical Company 1994 Stock Incentive Plan (the "Option Plan") is currently 5,200,000. As of March 28, 2002, options covering a total of 4,417,228 shares are outstanding under the Option Plan while 233,353 have been previously issued upon option exercises. Accordingly, only 549,419 shares remain available for new grants. The Company relies heavily upon the Option Plan to recruit, retain and reward qualified employees and directors, and on February 27, 2002, the Company's board of directors unanimously approved, subject to approval by the Company's stockholders, an amendment of the Option Plan to make available an additional 1,900,000 shares of the Company's common stock for awards under the Option Plan. **The board of directors recommends that stockholders vote FOR Proposal 2.**

Summary of the 1994 Stock Incentive Plan

The following is a summary of the principal features of the Option Plan as in effect and as proposed to be amended by Proposal 2. The summary is qualified in its entirety by the terms of the Option Plan, as proposed to be amended, a copy of which is attached as Appendix A hereto.

Purpose and Eligibility. The purpose of the Option Plan is to advance the interests of the Company and its stockholders by providing eligible persons with financial incentives to promote the success of the Company's business objectives, by increasing eligible persons' proprietary interest in the Company, and by giving the Company a means to attract and retain employees and directors of appropriate experience and stature. Any director, officer, key employee, consultant or advisor of the Company, as determined by the Compensation Committee of the board of directors (the "Compensation Committee"), is eligible to receive grants of stock options, restricted stock, stock appreciation rights, stock payments, performance awards of cash and/or stock and dividend equivalents under the Option Plan ("Incentive Awards"). Currently, it is estimated that approximately 124 persons are eligible for selection to receive Incentive Awards, consisting of approximately 116 employees other than executive officers, 8 executive officers, 1 of whom is also a director and 6 non-employee directors, including members of the Audit Committee, Nominating Committee and Compensation Committee. In addition to certain Incentive Awards, as discussed below, each of the Company's non-employee directors is entitled to receive an automatic, one-time grant of a Non-qualified Option upon becoming a director, and an annual grant of an additional Non-qualified Option upon each re-election as a director or upon continuing as a director after the annual meeting without being re-elected due to the classification of the board of directors ("Non-Employee Directors' Options").

Stock Options. Stock options granted under the Option Plan ("Options") may be incentive stock options ("Incentive Options"), which are intended to qualify under the provisions of Section 422 of the Internal Revenue Code of 1986, as amended (the "Internal Revenue Code") or non-qualified stock options ("Non-qualified Options"), which do not so qualify. However, the aggregate fair market value of stock (determined as of the date of grant) with respect to which any employee's Incentive Options first become exercisable during any calendar year (under all plans of the Company and any subsidiary of the Company) may not exceed \$100,000, and may be further limited by other requirements of the Internal Revenue Code. If this limitation is exceeded, the excess Incentive Options will be treated as Non-qualified Options.

The exercise price for each Option (other than Non-Employee Directors' Options) shall be determined by the Compensation Committee at the date of grant and may not be set below the fair market value of the underlying common stock on the date of grant, subject to permissible discounts of up to 15% from fair market value on the date of grant for Non-qualified Options in lieu of salary or bonus. Notwithstanding the foregoing, in no event may the exercise price be less than the par value of the shares of common stock subject to the Option, and the exercise price of an Incentive Option may not be less than such amount that is necessary to enable such option to be treated as an Incentive Stock Option within the meaning of Section 422 of the Internal Revenue Code. The exercise price of any Option may be paid in cash or any other consideration the Compensation Committee deems acceptable, including delivery of capital stock of the Company (surrendered by or on behalf of the optionee or withheld from the shares otherwise deliverable upon exercise) or surrender of other awards previously granted to the recipient exercising the Option. The Compensation Committee may allow the Company to loan the exercise price to the optionee or to allow exercise in a broker-assisted transaction in which the exercise price will not be received until

Table of Contents

after exercise if the exercise of the Option is followed by an immediate sale of all or a portion of the underlying shares and a portion of the sales proceeds is dedicated to full payment of the exercise price.

Options (other than Non-Employee Directors' Options) granted under the Option Plan vest, become exercisable, and terminate as determined by the Compensation Committee. All Options granted under the Option Plan may be exercised at any time after they vest and before their expiration date or termination, provided that no Option may be exercised more than ten years after the date of its grant, and provided further that the exercise period may be less than 10 years if so required by the Internal Revenue Code. In the absence of a specific written agreement to the contrary and in each case subject to earlier termination on the Option's original expiration date, Options will generally terminate:

(a) immediately upon termination of the recipient's employment with the Company for just cause; (b) 12 months after death or permanent disability; (c) 24 months after normal retirement; and (d) with respect to termination of employment for any reason other than just cause, disability or retirement, three months in the case of Incentive Stock Options and six months in the case of Non-qualified Stock Options. Notwithstanding the foregoing, however, the Compensation Committee may designate shorter or longer periods after termination of employment to exercise any Option (other than a Non-Employee Directors' Option) if provided for in the instrument evidencing the grant of the Options or if agreed upon in writing by the recipient. Options cease to vest upon termination of employment, but the Compensation Committee may accelerate the vesting of any or all Options that had not become exercisable on or prior to the date of such termination. In the event that a non-employee director ceases to be a director of the Company, the Non-Employee Directors' Options granted to such director are exercisable, to the extent exercisable at that date, for a period of five years after that date or, if sooner, until the expiration of the Non-Employee Directors' Options according to their terms.

Other Awards. In addition to Options, the Compensation Committee may also grant performance awards, restricted stock, stock appreciation rights (SARs), stock payments and dividend equivalents. Performance awards entitle the recipient to a payment in cash or in shares of common stock upon the satisfaction of certain performance criteria. Shares of restricted stock may be granted by the Compensation Committee to recipients who may not transfer the restricted shares until the restrictions are removed or expire. These restrictions shall be for a period of at least one year for performance-based grants and three years for non-performance-based grants. Stock appreciation rights, either related or unrelated to Options, entitle the recipient to payment of the difference between the fair market value of a share of common stock as of a specified date and the exercise price of the related Option or initial base amount, multiplied by the number of shares as to which such SAR is exercised. The Compensation Committee may also approve stock payments of the Company's common stock to any eligible person and may also grant dividend equivalents payable in cash, common stock or other awards to recipients of Options, SARs or other awards denominated in shares of common stock. For all such awards, the Compensation Committee shall generally determine the relevant criteria, terms and restrictions.

Non-Employee Directors' Options. Under the Option Plan, each of the Company's non-employee directors automatically receives, upon becoming a non-employee director, a one-time grant of a Non-qualified Option to purchase up to 40,000 shares of the Company's common stock at an exercise price equal to the fair market value of a share of the common stock on the date of grant. These Non-Employee Directors' Options have a term of ten years and vest with respect to 25% of the underlying shares on the grant date and with respect to an additional 25% of the underlying shares on the date of each of the first three annual stockholders' meetings following the grant date (or, if an annual meeting occurs within six months after the grant date, then on the second, third and fourth anniversaries of the grant date), but only if, on the date of each such annual meeting, the recipient is continuing as a director for the ensuing year.

Further, each non-employee director of the Company, upon re-election to the board of directors or upon continuing as a director after an annual meeting without being re-elected due to the classification of the board of directors, automatically receives a grant of an additional Non-qualified Option to purchase up to 10,000 additional shares of the Company's common stock. These additional Non-Employee Directors' Options have a term of ten years and will vest and become exercisable upon the earlier to occur of (a) the first anniversary of the grant date or (b) immediately prior to the annual meeting of stockholders of the Company next following the grant date; provided that the director has remained a director for the entire period from the grant date to such earlier date.

Table of Contents

The exercise price for these additional Non-Employee Directors' Options is the fair market value of the Company's common stock on the date of their grant.

Option Plan Provisions Regarding Section 162(m) of the Internal Revenue Code. In general, Section 162(m) of the Internal Revenue Code imposes a \$1 million limit on the amount of compensation that may be deducted by the Company in any tax year with respect to each of the Chief Executive Officer of the Company and its other four most highly compensated officers, including any compensation relating to an award under the Option Plan. The Option Plan is designed to allow the Company to grant awards that are not subject to the \$1 million limit of Section 162(m). No one employee may be granted any awards with respect to more than 600,000 shares of common stock or in excess of \$1 million in any one calendar year; provided, however, that this limitation will not apply if it is not required in order for the compensation attributable to such awards to qualify as performance-based compensation as described in Section 162(m) of the Internal Revenue Code and the regulations issued thereunder. Furthermore, if Internal Revenue Code Section 162(m) would otherwise apply and if the amount of compensation a person would receive under an award is not based solely on an increase in the value of the underlying common stock of the Company after the date of grant or award, the Compensation Committee is authorized to condition the grant, vesting, or exercisability of such an award on the attainment of a pre-established objective performance goal. The Option Plan defines a pre-established objective performance goal to include one or more of the following performance criteria: (a) cash flow, (b) earnings per share (including earnings before interest, taxes, and amortization), (c) return on equity, (d) total stockholder return, (e) return on capital, (f) return on assets or net assets, (g) income or net income, (h) operating margin, (i) return on operating revenue, (j) attainment of stated goals related to the Company's research and development or clinical trials program, (k) attainment of stated goals related to the Company's capitalization, costs, financial condition or results of operations and (l) any other similar performance criteria.

Finally, if it is intended that an award qualify as performance-based compensation as described in Section 162(m) of the Internal Revenue Code and the regulations thereunder, and the amount of compensation an eligible person could receive under the award is based solely on an increase in value of the underlying stock after the date of the grant or award, then the payment of any dividend equivalents related to the award shall not be made contingent on the exercise of the award.

Securities Subject to the Option Plan. No more than 5,200,000 shares of common stock (7,100,000 shares if this Proposal 2 is approved) may be issued pursuant to or upon exercise of awards granted under the Option Plan. Shares of common stock subject to unexercised portions of any award that expire, terminate or are canceled, and shares of common stock issued pursuant to an award that are reacquired by the Company pursuant to the terms of the award under which the shares were issued, will again become eligible for the grant of further awards under the Option Plan. The number and kind of shares of common stock or other securities available under the Option Plan in general, as well as the number and kind of shares of common stock or other securities subject to outstanding awards and the price per share of such awards, may be proportionately adjusted to reflect stock splits, stock dividends and other capital stock transactions. If the Company is the surviving corporation in any merger or consolidation, each outstanding Option will entitle the optionee to receive the same consideration received by holders of the same number of shares of the Company's common stock in such merger or consolidation.

Change in Control. In the event of a change in control, all Non-Employee Directors' Options and any other Incentive Awards specified by the Compensation Committee or the board of directors shall immediately vest and become exercisable, and all conditions thereto shall be deemed to have been met. If the Company shall be the surviving corporation in any merger or consolidation, each outstanding Option shall pertain and apply to the securities to which a holder of the same number of shares of common stock that are subject to that Option would have been entitled. For purposes of the Option Plan, a change in control includes any of the following: the approval by stockholders of a reorganization, merger or consolidation which would result in the voting securities of the Company outstanding immediately prior thereto representing less than 50% of the combined voting power of the voting securities of the Company and such other entity immediately after such merger or consolidation; the approval by stockholders of a merger or consolidation effected to implement a recapitalization of the Company in which a person acquires 40% or more of the combined voting power of the Company's then outstanding voting securities; a liquidation or dissolution of the Company; the acquisition of 40% or more of the Company's voting securities by any person or group; or a majority change in membership of the board of directors without the approval of the board of directors.

Non-Assignability of Awards. Awards are generally not transferable by the recipient during the life of the recipient. Awards are generally exercisable during the life of a recipient only by the recipient.

Table of Contents

Awards Documentation. An agreement duly executed on behalf of the Company and by the recipient or a confirming memorandum issued by the Company to the recipient, setting forth such terms and conditions applicable to the award, will evidence awards granted under the Option Plan.

Rights With Respect to Common Stock. No recipient of an award under the Option Plan or permitted transferee of the award will have any rights as a stockholder with respect to any shares issuable or issued in connection with the award until the Company receives all amounts payable in connection with exercise of the award and performance by the recipient of all obligations thereunder.

Administration, Amendment and Termination. The Option Plan is administered by the Compensation Committee, which consists of at least two non-employee directors of the Company appointed by the Company's board of directors, each of whom is required to qualify as a Non-Employee Director under Rule 16b-3 under the Securities Exchange Act of 1934, as amended (the Exchange Act); provided however, that the board of directors may, in lieu of the Compensation Committee, exercise any authority granted to the Compensation Committee under the Option Plan. The Compensation Committee has the authority to: interpret the Option Plan and any agreements defining the rights and obligations of recipients of awards granted under the Option Plan; determine the terms and conditions of awards; prescribe, amend and rescind the rules and regulations of the Option Plan; and make all other determinations necessary or advisable for the administration of the Option Plan. If awards are to be made to persons subject to Section 162(m) of the Internal Revenue Code and such awards are intended to constitute performance-based compensation, then each of the Compensation Committee's members must be an outside director, as such term is defined in Section 162(m) of the Internal Revenue Code.

The Compensation Committee, in its discretion, selects from the class of eligible persons those individuals to whom awards will be granted and determines the nature, dates, amounts, exercise prices, vesting periods and other relevant terms of such awards. The Compensation Committee may, with the consent of the recipient of an award, modify the terms and conditions, accelerate or extend the vesting or exercise period, and adjust or reduce the purchase price of such award. However, the Compensation Committee has no authority or discretion with respect to recipients, timing, vesting, underlying shares or exercise price of Non-Employee Directors' Options, since these matters are specifically governed by the provisions of the Option Plan. Awards may be granted under the Option Plan until the tenth anniversary of the Option Plan's effective date in 2004.

On March 28, 2002, the market value of the Company's common stock was \$7.32 per share, options to purchase 233,353 shares had been exercised under the Option Plan, Options to purchase 4,417,228 shares were outstanding under the Option Plan at exercise prices ranging from \$0.344 to \$12.063 per share, and 549,419 shares remained available for future awards under the Option Plan. If this Proposal 2 is approved, an additional 1,900,000 shares will be available for future awards under the Option Plan.

Federal Income Tax Consequences

The following summary of certain federal income tax consequences of the receipt and exercise of awards granted by the Company is based on the laws and regulations in effect as of the date of this proxy statement and does not purport to be a complete statement of the law in this area. Furthermore, the discussion below does not address the tax consequences of the receipt and exercise of awards under foreign, state and local tax laws, and such tax laws may not correspond to the federal income tax treatment described herein. The exact federal income tax treatment of transactions under the Option Plan will vary depending upon the specific facts and circumstances involved and **participants are advised to consult their personal tax advisors with regard to all consequences arising from the grant or exercise of awards and the disposition of any acquired shares.**

Incentive Options. Except as discussed below, a recipient of an Incentive Option generally will not owe tax on the grant or the exercise of the option if the recipient exercises the option while the recipient is an employee of the Company (or of any parent or subsidiary corporation of the Company) or within three months following termination of the recipient's employment (or within one year, if termination was due to a permanent and total disability).

Table of Contents

If the recipient of the Incentive Option sells the shares acquired upon the exercise of the option at any time within one year after the date the Company transfers those shares to the recipient or two years after the date the Company grants the Incentive Option to the recipient, then:

if the recipient's sales price exceeds the purchase price paid for the shares upon exercise of the Incentive Option, the recipient will recognize capital gain equal to the excess, if any, of the sales price over the fair market value of the shares on the date of exercise, and will recognize ordinary income equal to the excess, if any, of the lesser of the sales price or the fair market value of the shares on the date of exercise over the purchase price paid for the shares upon exercise of the Incentive Option; or

if the recipient's sales price is less than the purchase price paid for the shares upon exercise of the Incentive Option, the recipient will recognize a capital loss equal to the excess of the purchase price paid for the shares upon exercise of the Incentive Option over the sales price of the shares.

If the recipient sells shares acquired upon exercise of an Incentive Option at any time after the recipient has held the shares for at least one year after the date the Company transfers the shares to the recipient pursuant to the recipient's exercise of the Incentive Option and at least two years after the date the Company grants the recipient the Incentive Option, then the recipient will recognize capital gain or loss equal to the difference between the sales price and the purchase price paid for the shares upon exercise of the Incentive Option. If the recipient is an insider (as defined below), the recipient is advised to consult a tax advisor about the possibility of making an election under Section 83(b) of the Internal Revenue Code upon exercise of an Incentive Option.

The amount by which the fair market value of shares the recipient acquires upon exercise of an Incentive Option (determined as of the date of exercise) exceeds the purchase price paid for the shares upon exercise of the Incentive Option will be included as a positive adjustment in the calculation of the recipient's alternative minimum taxable income in the year of exercise. The alternative minimum tax will generally equal the amount by which 26% or 28% (depending upon the amount of the recipient's alternative minimum taxable income reduced by certain exemption amounts) of the recipient's alternative minimum taxable income (reduced by certain exemption amounts) exceeds the recipient's regular income tax liability for the year. Before exercising an Incentive Option, a recipient should determine whether and to what extent exercise of an Incentive Option will result in alternative minimum tax in the year of exercise.

In the case of an early disposition of shares by a recipient that results in the recognition of ordinary income, the Company will be entitled to a deduction equal to the amount of such ordinary income. If the recipient holds the shares for the requisite period described above and therefore solely recognizes capital gain upon the sale of such shares, the Company is not entitled to any deduction.

Non-qualified Options. The Company's grant of a Non-qualified Option to a recipient is generally not a taxable event for the recipient. Upon the exercise of a Non-qualified Option, the recipient will generally recognize ordinary income equal to the excess of the fair market value of the shares the recipient acquires upon exercise (determined as of the date of exercise) over the purchase price paid for the shares upon exercise of the Non-qualified Option. The Company generally will be entitled to deduct as a compensation expense the amount of such ordinary income. Provided the shares are held as a capital asset, the recipient's subsequent sale of the shares generally will give rise to capital gain or loss equal to the difference between the sale price and the sum of the purchase price paid for the shares plus the ordinary income recognized with respect to the shares, and such capital gain or loss will be taxable as long term or short term capital gain or loss depending upon the recipient's holding period after exercise. If the recipient is an insider (as defined below), the recipient is advised to consult a tax advisor about the possibility of making an election under Section 83(b) of the Internal Revenue Code upon exercise of a Non-qualified Option.

Stock Appreciation Rights. Generally, the holder of a stock appreciation right will recognize ordinary income equal to the amount paid by the Company pursuant to the stock appreciation right on the date the holder receives payment. If the Company places a limit on the amount that will be payable under a stock

Table of Contents

appreciation right, the holder may recognize ordinary income equal to the value of the holder's right under the stock appreciation right at the time the value of such right equals such limit and the stock appreciation right is exercisable. The Company will generally be entitled to a deduction in an amount equal to the ordinary income recognized by the holder.

Stock Purchase Rights - Restricted Stock. Under the Option Plan, the Company is authorized to grant rights to purchase the Company's restricted common stock subject to a right to repurchase such stock at the price paid by the participant if the participant's employment relationship with the Company terminates prior to the lapse of such repurchase right. In general, there will be no tax consequences to a participant upon the grant of a right to purchase such restricted stock or upon purchase of such restricted stock. Instead, the participant will be taxed at ordinary income rates at the time the Company's repurchase rights expire or are removed on an amount equal to the excess of the fair market value of the stock at that time over the amount the participant paid to acquire such stock. A participant who acquires restricted stock, however, may make an election under Section 83(b) of the Internal Revenue Code with respect to such stock. If such an election is made within 30 days after the participant's acquisition of the stock, the participant is taxed at ordinary income rates in the year in which the participant acquires the restricted stock. The ordinary income the participant must recognize is equal to the excess of the fair market value of the stock at the time of the participant's acquisition of the stock (determined without regard to the restrictions) over the amount that the participant paid to acquire such stock. If a participant makes a timely election under Section 83(b) of the Internal Revenue Code with respect to restricted stock, the participant generally will not be required to report any additional income with respect to such restricted stock until he or she disposes of such stock, at which time he or she will generally recognize capital gain or loss (provided the shares are held as a capital asset) equal to the difference between the sales price and the fair market value of the stock at the time of the participant's acquisition of the stock (determined without regard to the restrictions). In the event that a participant forfeits restricted stock with respect to which an election under Section 83(b) of the Internal Revenue Code has been made, the participant ordinarily will not be entitled to recognize any loss for federal income tax purposes (except to the extent the amount realized by the participant at the time of such forfeiture is less than the participant's purchase price for such stock). The Company generally will be entitled to a deduction equal to the amount of ordinary income, if any, recognized by a participant.

Other Awards. In addition to the types of awards described above, the Option Plan authorizes certain other awards that may include payments in cash, Company common stock, or a combination of cash and common stock. The tax consequences of such awards will depend upon the specific terms of such awards. Generally, however, a participant who receives an award payable in cash will recognize ordinary income, and the Company will be entitled to a deduction, with respect to such award at the earliest time at which the participant has an unrestricted right to receive the amount of the cash payment. In general, the sale or grant of stock to a participant under the Option Plan will be a taxable event at the time of the sale or grant if such stock at that time is not subject to a substantial risk of forfeiture or is transferable within the meaning of Section 83 of the Internal Revenue Code in the hands of the participant. (For such purposes, stock is ordinarily considered to be transferable if it can be transferred to another person who takes the stock free of any substantial risk of forfeiture.) In such case, the participant will recognize ordinary income, and the Company will be entitled to a deduction, equal to the excess of the fair market value of such stock on the date of the sale or grant over the amount, if any, that the participant paid for such stock. Stock that at the time of receipt by a participant is subject to restrictions that constitute a substantial risk of forfeiture and that is not transferable within the meaning of Internal Revenue Code Section 83 generally will be taxed under the rules applicable to restricted stock as described above.

Withholding. In the event that an optionee or other recipient of an award under the Option Plan is an employee of the Company, the Company generally will be required to withhold applicable federal income taxes with respect to any ordinary income recognized by such optionee or other award recipient in connection with stock options or other awards under the Option Plan.

Special Rules Applicable to Insiders. If a recipient of an award is an insider (a director, officer or other individual subject to Section 16 of the Exchange Act), the recipient may be required to defer determination of the amount of income and the timing of income recognition in connection with an award

Table of Contents

under the Option Plan, and the beginning of the holding period for any shares the recipient receives, until the expiration of any period during which the recipient would be restricted from disposing of any shares the recipient received. The recipient will not be required to defer these determinations if the recipient makes a valid election under Section 83(b) of the Internal Revenue Code. If a recipient is an insider, the recipient is advised to consult a tax advisor to determine the tax consequences of exercising Options granted to the recipient under the Option Plan.

Certain Additional Rules Applicable to Awards. The terms of awards granted under the Option Plan may provide for accelerated vesting in connection with a change in control of the Company. In that event and depending upon the individual circumstances of the recipient, certain amounts with respect to such awards may constitute excess parachute payments under the golden parachute provisions of the Internal Revenue Code. Under these provisions, a participant will be subject to a 20% excise tax on any excess parachute payments and the Company will be denied any deduction with respect to such payment. Participants are advised to consult their tax advisors as to whether accelerated vesting or payment of an award in connection with a change in the Company's control would give rise to an excess parachute payment.

The Company generally is entitled to a deduction equal to the ordinary income recognized by a recipient in connection with an award. However, the Company's deduction (including the deduction related to ordinary income recognized by a recipient) for compensation paid to the Chief Executive Officer and the other four most highly compensated officers may be limited to \$1 million per person annually. Depending on the nature of the award, all or a portion of the ordinary income attributable to certain awards granted under the Option Plan may be included in the compensation subject to such deduction limitation.

Special rules will apply in cases where a recipient pays the exercise price of the award or applicable withholding tax obligations under the Option Plan by delivering any previously owned common stock or by reducing the number of shares of common stock otherwise issuable pursuant to the award. Participants who contemplate taking any such action are advised to consult with their personal tax advisors regarding the tax consequences of such action.

Interest of Certain Persons in Matters to be Acted Upon

Each of the current directors, executive officers and employees of the Company is eligible to receive Incentive Awards under the Option Plan. Other than automatic option awards to non-employee directors, the Compensation Committee has the discretion to determine which eligible persons will receive Incentive Awards under the Option Plan. As a result, future participation in the Option Plan by executive officers, directors and other employees is not determinable. On May 22, 2002, Mr. Engbers and Dr. Thompson, if re-elected as directors at the annual meeting, along with each continuing non-employee director, will each automatically receive a Non-Employee Directors' Option to purchase up to 10,000 shares of the Company's common stock. On the dates of future annual meetings, each continuing and re-elected non-employee director will automatically receive a Non-Employee Directors' Option to purchase up to 10,000 shares of the Company's common stock.

VOTE REQUIRED AND BOARD OF DIRECTORS' RECOMMENDATION

The affirmative vote of a majority of the shares present or represented by proxy and entitled to vote at the annual meeting, at which a quorum representing a majority of all outstanding shares of common stock of the Company is present and entitled to vote, is required to approve Proposal 2. **The board of directors recommends that stockholders vote FOR Proposal 2.**

**PROPOSAL 3
AMENDMENT TO THE 1995 EMPLOYEE STOCK PURCHASE PLAN**

General

The maximum number of shares of the Company's common stock that may be issued under the La Jolla Pharmaceutical Company 1995 Employee Stock Purchase Plan (the "Purchase Plan") is currently 800,000 shares. As of March 28, 2002, 520,773 shares have been issued under the Purchase Plan and 279,227 shares remain available for issuance. The Purchase Plan permits qualifying employees of the Company to purchase shares of the Company's common stock every three months at a price that is 85% of the fair market value of the common stock at certain specified dates. The Company uses the Purchase Plan as an incentive to employees and to encourage employee ownership in the Company. By increasing employee stock ownership, the Company hopes to align the interests of its employees with the interests of its stockholders. On February 27, 2002, the board of directors unanimously approved, subject to stockholder approval, an amendment to the Purchase Plan to make available an additional 200,000 shares of the Company's common stock (subject to antidilution adjustments) for issuance to qualifying employees. **The board of directors recommends that stockholders vote FOR Proposal 3.**

Summary of the 1995 Employee Stock Purchase Plan

The following summary of the principal features of the Purchase Plan is qualified in its entirety by the terms of the Purchase Plan, as proposed to be amended, a copy of which is attached as Appendix B hereto.

Purpose and Eligibility. The purpose of the Purchase Plan is to maintain competitive equity compensation programs and to provide employees of the Company with an opportunity and incentive to acquire a proprietary interest in the Company through the purchase of common stock, thereby more closely aligning the interests of the Company's employees and stockholders. The Purchase Plan, and the right of participants to make purchases of the Company's common stock thereunder, is intended to qualify under the provisions of Sections 421 and 423 of the Internal Revenue Code. Subject to certain limitations imposed by Section 423 of the Internal Revenue Code, any employee of the Company or, in the discretion of the Purchase Plan's administrator, a subsidiary of the Company, whose customary employment is for more than five months per calendar year and for more than 20 hours per week is eligible to participate in the Purchase Plan.

There are approximately 126 employees currently eligible to participate in the Purchase Plan, including 7 executive officers and 1 employee-director who is also an executive officer. Participation in the Purchase Plan is voluntary and is dependent on each eligible employee's election to participate and his or her determination as to the level of payroll deductions to be allocated to the purchase of common stock under the Purchase Plan. Accordingly, future purchases by executive officers and other employees under the Purchase Plan are not determinable.

Offering Dates and Grants of Options. The Purchase Plan is implemented by a series of consecutive and overlapping Offering Periods commencing on each January 1, April 1, July 1 and October 1 during the term of the Purchase Plan. Offering Periods generally last for 24 months each, provided that the Administrator of the Purchase Plan may alter the duration of the Offering Periods without stockholder approval if the change is announced at least 15 days before the commencement of the first Offering Period to be affected. The first day of each Offering Period is an Enrollment Date. Each Offering Period is generally composed of eight three-month Purchase Periods. The last day of each Purchase Period, *i.e.*, each March 31, June 30, September 30 and December 31, is an Exercise Date under the Purchase Plan.

Eligible Employees desiring to participate in the Purchase Plan may enroll in an Offering Period by delivering to the Company a subscription agreement at least five business days prior to the Enrollment Date for that Offering Period. The subscription agreement specifies a whole number percentage from 1% to 10% of the Eligible Employee's base salary or hourly compensation and any cash bonus to be deducted from the Eligible Employee's paychecks during the Offering Period and applied to the purchase of common stock under the Purchase Plan. The Eligible Employee then receives an Option to purchase on each Exercise Date during the Offering Period up to that number of shares of common stock determined by dividing \$6,250 by the fair market value of a share of common stock on the Enrollment Date (the Periodic Exercise Limit).

Table of Contents

Notwithstanding the foregoing, no participant may receive an Option (a) if immediately after such grant, the participant would own stock and/or outstanding options to purchase stock possessing five percent or more of the total combined voting power of all classes of stock of the Company or any subsidiary of the Company or (b) which permits the participant's rights to purchase stock under all employee stock purchase plans of the Company and any of its subsidiaries to accrue at a rate in excess of \$25,000 worth of stock (determined at the fair market value of the stock at the time such Option is granted) in any calendar year. Eligible Employees may participate in only one Offering Period at a time. A participant's subscription agreement remains in effect for successive Offering Periods unless the participant withdraws as described below.

Payroll Deductions, Exercise and Purchase Price. During the Offering Period, the Company deducts from a participant's paychecks the amount specified in the participant's subscription agreement, and such deducted amounts are credited to a Plan Account maintained by the Company for the participant. A participant may increase or decrease (subject to such limits as the Administrator may impose) the rate of his or her payroll deductions during any Purchase Period by filing with the Company a new subscription agreement authorizing such a change in the payroll deduction rate. A participant may not make additional payments into his or her Plan Account. No interest accrues on payroll deductions under the Purchase Plan, and the Company may use all payroll deductions for any corporate purpose with no obligation to segregate such amounts.

Unless a participant withdraws from the Offering Period as described below, such participant's Option will be exercised automatically on each Exercise Date of the Offering Period to purchase the maximum number of shares common stock that can be purchased at the applicable Purchase Price with the payroll deductions accumulated in the participant's Plan Account and not yet applied to the purchase of shares under the Purchase Plan, subject to the Periodic Exercise Limit. If, due to the Periodic Exercise Limit, there remains in a participant's Plan Account immediately following exercise of such participant's Option on an Exercise Date any cash accumulated during the Purchase Period immediately preceding such Exercise Date and not applied to the purchase of shares under the Purchase Plan, such cash will be promptly returned to the participant.

The Purchase Price of the Option on each Exercise Date is an amount equal to 85% of the fair market value of a share of common stock on the Exercise Date or on the Enrollment Date for the Offering Period in which such Exercise Date occurs, whichever is lower. If the fair market value of the common stock on any Exercise Date is lower than the fair market value of the common stock on the Enrollment Date for the Offering Period in which such Exercise Date occurs, then all participants in such Offering Period will be automatically withdrawn from such Offering Period immediately after the exercise of their Options on such Exercise Date and automatically re-enrolled in the immediately following Offering Period as of the first day thereof.

Withdrawal; Termination of Employment. A participant may withdraw from an Offering Period by giving written notice to the Company at least five business days before the next Exercise Date. On or promptly following the effective date of any withdrawal, all (but not less than all) of the withdrawing participant's payroll deductions credited to his or her Plan Account and not yet applied to the purchase of shares under the Purchase Plan will be paid to such participant. On the effective date of such withdrawal, the participant's Option for the Offering Period will be automatically terminated and no further payroll deductions for the purchase of shares will be made unless the participant delivers to the Company a new subscription agreement with respect to a subsequent Offering Period.

Promptly after a participant ceases to be an Eligible Employee for any reason, the payroll deductions credited to the participant's Plan Account and not yet applied to the purchase of shares under the Purchase Plan will be returned to the participant or, in the case of his or her death, to the participant's designated beneficiary.

Administration, Amendment and Termination of Plan. The Purchase Plan will be administered by the Compensation Committee, which has the authority to interpret the Purchase Plan, prescribe rules and regulations, and make all other determinations necessary or advisable for the administration of the Purchase

Table of Contents

Plan. The Compensation Committee is entitled to amend the Purchase Plan to the extent necessary to comply with and qualify under Rule 16b-3 under the Exchange Act and Section 423 of the Internal Revenue Code, change the Purchase Periods and Offering Periods, limit the frequency and number of changes in payroll deductions during Purchase Periods and Offering Periods, and establish such other limitations or procedures as the Compensation Committee determines in its sole discretion to be advisable and which are consistent with the Purchase Plan.

The Compensation Committee may, at any time and for any reason, terminate or amend the Purchase Plan. To the extent necessary to comply with or qualify under Rule 16b-3 or Section 423, such amendments will be subject to stockholder approval. Unless sooner terminated by the Compensation Committee, the Purchase Plan will continue in effect for a term of 20 years.

The Compensation Committee will consist of three or more members of the Company's board of directors, each of whom shall be disinterested within the meaning of Rule 16b-3; provided, however, that the number of members of the Compensation Committee may be reduced or increased from time to time by the board to the number required or allowed by Rule 16b-3. The Company's board of directors may from time to time in its discretion exercise any responsibilities or authority allocated to the Compensation Committee under the Purchase Plan.

Capital Changes. Subject to any required action by the stockholders of the Company, the number of shares subject to outstanding Options and the number of shares remaining available under the Purchase Plan, as well as the Purchase Price, Periodic Exercise Limit and other characteristics of the Options, will be appropriately and proportionately adjusted for any increase or decrease or exchange in the issued shares of common stock resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the common stock, exchange or any other increase or decrease in the number of shares of common stock effected without receipt of consideration by the Company. The Compensation Committee may, if it so determines in the exercise of its sole discretion, adjust the number of shares subject to outstanding Options and the number of shares remaining available under the Purchase Plan, as well as the Purchase Price, Periodic Exercise Limit and other characteristics of the Options, in the event the Company effects one or more reorganizations, recapitalizations, rights offerings or other increases or reductions of shares of its outstanding common stock.

In the event of the proposed dissolution or liquidation of the Company, unless otherwise provided by the Compensation Committee, all pending Offering Periods will terminate immediately prior to the consummation of such proposed action, and all Plan Account balances will be paid to participants as appropriate consistent with applicable law.

In the event of a proposed sale of all or substantially all of the assets of the Company, or the merger or other combination of the Company with or into another entity, each Option will be assumed or an equivalent option will be substituted by such successor entity or a parent or subsidiary of such successor entity, unless the Compensation Committee determines, in the exercise of its sole discretion and in lieu of such assumption or substitution, to shorten the Offering Periods then in progress by setting a new Exercise Date, in which case each participant's Option will be exercised automatically on the new exercise date unless prior to such date the participant has withdrawn from the Offering Period. An Option will be deemed to be assumed if the Option confers the right to purchase, for each share of stock subject to the Option, the consideration received by holders of common stock for each share of common stock held on the effective date of the transaction.

Nontransferability, Compliance with Law, Withholding. Neither payroll deductions credited to a participant's Plan Account nor any rights with regard to the exercise of an Option or to receive shares under the Purchase Plan nor any Option itself may be assigned or otherwise transferred or disposed of by the participant in any way other than by will or the laws of descent and distribution. The Compensation Committee may treat any prohibited assignment or transfer as an election to withdraw from an Offering Period. Options may be exercised during a participant's lifetime only by the participant.

Table of Contents

Shares will not be issued with respect to an Option unless the exercise of such Option and the issuance and delivery of such shares pursuant thereto comply with all applicable provisions of law, including securities laws and the requirements of any stock exchange upon which the shares may then be listed. As a condition to the exercise of an Option, the Company may require the participant to represent that the shares are being purchased only for investment and without any present intention to sell or distribute such shares, and shares issued under the Purchase Plan may be subject to such transfer restrictions and stop-transfer instructions as the Compensation Committee deems appropriate.

At the time of each exercise of an Option, and at the time any common stock issued under the Purchase Plan to a participant is disposed of, the participant must adequately provide for the Company's federal, state, or other tax withholding obligations, if any, that arise upon the exercise of the Option or the disposition of the common stock.

Securities Subject to the Purchase Plan. If Proposal 3 is approved, the number of shares of common stock that may be issued upon exercise of Options granted under the Purchase Plan will be 1,000,000. Shares of common stock subject to unexercised Options that expire, terminate or are cancelled will again become available for the grant of further Options under the Purchase Plan. On March 28, 2002, the market value of the Company's common stock was \$7.32 per share and Options covering 520,773 shares of common stock have been granted under the Purchase Plan of which Options covering no shares have expired without exercise.

Federal Income Tax Consequences

The following summary of certain federal income tax consequences to the participant and the Company with respect to the grant and exercise of rights to purchase of shares of Common stock under the Purchase Plan does not purport to be a complete statement of the law in this area and reference should be made to the applicable provisions of the Internal Revenue Code. This summary does not address the tax consequences under foreign, state and local tax laws, and such tax laws may not correspond to the federal income tax treatment described herein. In addition, the discussion does not address any estate, inheritance, or gift taxes, although there may be certain tax consequences upon the receipt or exercise of an Option or the disposition of any shares acquired. The exact income tax treatment of transactions under the Purchase Plan will depend upon the specific circumstances of the participant, and **participants are advised to consult their personal tax advisors with regard to all consequences arising from the grant or exercise of Options and the disposition of any acquired shares.**

The Purchase Plan is intended to qualify as an employee stock purchase plan under Section 423 of the Internal Revenue Code. If certain employment requirements are satisfied, an employee who is granted a right, or option, to purchase stock under a plan meeting the requirements of Internal Revenue Code Section 423 will not be subject to federal income tax, and the Company will not be entitled to any deduction, on either the grant or the exercise of such right.

If the employee makes no disposition of the stock acquired pursuant to the exercise of such right within two years after the date of the grant of such stock purchase right (generally, the first day of each Offering Period, *i.e.*, the Enrollment Date), or within one year after the transfer of the stock to the employee pursuant to the exercise of such right, any gain or loss on the subsequent disposition of the stock generally will be treated as capital gain or loss, except to the extent that the employee's purchase price was less than 100% of the fair market value of the stock on the Enrollment Date, and no deduction will be available to the Company at the time of such disposition. If the employee's purchase price for the stock was less than 100% of the fair market value of the stock on the Enrollment Date, the employee will be required to include in his or her gross income as ordinary income for the year of the disposition (or, if earlier, at the time of his or her death) and amount equal to the lesser of (i) the excess of the fair market value of the stock on the Enrollment Date over the purchase price that the employee would have been required to pay if the employee had exercised such right as of the Enrollment Date, or (ii) the excess of the fair market value of the stock at the time of the disposition or death over the amount paid for the stock. No deduction will be available to the Company with respect to any such ordinary income recognized by the employee.

Table of Contents

Any sale or disposition of the stock acquired under a right granted under the Purchase Plan at any time within (i) two years after the Enrollment Date or (ii) one year after the transfer of the shares to the employee pursuant to the exercise of such right generally will be treated as a disqualifying disposition. Upon a disqualifying disposition, the employee generally will recognize ordinary compensation income in an amount equal to the difference between the purchase price and the fair market value of the stock on the date the option was exercised. Any gain in excess of such ordinary income amount generally will be capital gain. The Company generally will be entitled to a deduction in an amount equal to the amount of ordinary income recognized by the employee by reason of a disqualifying disposition.

Interest of Certain Persons in Matters to be Acted Upon

Each of the executive officers identified in this proxy statement qualifies for participation under the Purchase Plan and thus is eligible to annually purchase up to \$25,000 worth of the Company's common stock under the Purchase Plan at a discount below the market price. If Proposal 3 is approved, additional shares will be available for sale under the Purchase Plan. The maximum possible annual benefit for each of these executives is disclosed in the table below. However, participation in the Purchase Plan is voluntary and is dependent upon each Eligible Employee's election to participate and his or her determination as to the level of payroll deductions. Accordingly, future purchases by executive officers and other Eligible Employees under the Purchase Plan are not determinable. No purchase rights have been granted with respect to the shares of common stock that are the subject of this Proposal 3, and no such shares have been issued.

BOARD COMMITTEES AND MEETINGS

During the Company's fiscal year ended December 31, 2001, the board of directors had nine meetings, four of which were telephonic. The board of directors has an audit, nominating and compensation committee. All directors attended at least 80% of the total board meetings and the meetings of the committees on which they serve.

During the Company's fiscal year 2001, the Audit Committee of the board of directors consisted of Mr. Engbers, Dr. Adams and Mr. Martin all of whom are independent directors as determined in accordance with the applicable Nasdaq rules. Mr. Engbers is the Chairman of the Audit Committee. The Audit Committee is governed by a written charter approved by the board of directors which was attached to last year's proxy statement. Information regarding the functions performed by the Audit Committee and the number of meetings held during the fiscal year is set forth under the heading Report of the Audit Committee, included in this proxy statement beginning at page 21.

During the Company's fiscal year 2001, the Compensation Committee of the board of directors consisted of Dr. Fildes, Dr. Thompson and Dr. Adams with Dr. Fildes as its Chairman. In February 2002, Mr. Ringo was added to the Compensation Committee. The Compensation Committee advises the board of directors with respect to various human resource matters, including compensation, and administers the Company's stock incentive plans. During the Company's fiscal year ended December 31, 2001, the Compensation Committee had four telephonic meetings. See Report of the Compensation Committee on Executive Compensation, included in this proxy statement beginning at page 22.

In February 2002, the board of directors established the Nominating Committee. Its members are Mr. Ringo, Dr. Thompson and Dr. Fildes. Its chairman is Mr. Ringo. The Nominating Committee advises the board of directors with respect to nominating and continuing qualifications for membership of the board of directors. Until the Nominating Committee was established, the board of directors acted as a committee of the whole with respect to nominations for membership on the board of directors.

Compensation Committee Interlocks and Insider Participation

There are no Compensation Committee interlocks between the Company and other entities involving the Company's executive officers and directors who serve as executive officers or directors of such other entities. No current member of the Compensation Committee is a current or former officer or employee of the Company.

Director Compensation

Directors who are also employees of the Company receive no extra compensation for their service on the board of directors. Non-employee directors receive an annual retainer of \$10,000, which is paid quarterly. In addition, non-employee directors receive fees of \$1,000 per board or committee meeting attended in person, and \$500 per board or committee meeting attended telephonically, as well as reimbursement of

reasonable costs associated with attendance at meetings of the board and its committees.

Under the Option Plan, each non-employee director of the Company automatically receives, upon becoming a director, a one-time grant of a Non-qualified Option to purchase up to 40,000 shares of the Company's common stock at an exercise price equal to the fair market value of a share of the common stock on the date of grant. The options have a term of ten years and become exercisable with respect to 25% of the underlying shares on the grant date and with respect to an additional 25% of the underlying shares on the date

Table of Contents

of each of the first three annual stockholders' meetings following the grant date (or, if an annual meeting occurs within six months after the grant date, then on the second, third and fourth anniversaries of the grant date), if the recipient is then continuing as a director for the ensuing year. Each non-employee director also receives, upon re-election to the board of directors or upon continuing as a director after an annual meeting without being re-elected due to the classification of the board of directors, an automatic annual grant of a Non-qualified Option to purchase up to 10,000 shares of the Company's common stock. These options have a term of ten years and an exercise price equal to the fair market value of a share of the Company's common stock on the date of grant. These options vest and become exercisable on the earlier to occur of (a) the first anniversary of the grant date or (b) immediately prior to the annual meeting of stockholders of the Company next following the grant date; provided that the director has remained a director for the entire period from the grant date to such earlier date. These automatic grants of options to non-employee directors are referred to herein as Non-Employee Directors' Options. In addition, each non-employee director is eligible to receive Incentive Award options as determined by the Compensation Committee or the board of directors. These options vest and become exercisable pursuant to the Option Plan and the terms of the option grant.

During the fiscal year ended December 31, 2001, options to purchase a total of 90,000 shares of the Company's common stock were issued to the Company's non-employee directors, 40,000 of which were awarded to Mr. Ringo upon becoming a director and 50,000 of which were automatic annual grants of Non-Employee Directors' Options to continuing directors.

Report of the Audit Committee

The Audit Committee oversees the Company's financial reporting process on behalf of the board of directors. Management has the primary responsibility for the financial statements and the reporting process includes systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed the audited financial statements in the Annual Report with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

The Audit Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Audit Committee under auditing standards generally accepted in the United States. In addition, the Audit Committee has discussed with the independent auditors the auditors' independence, including SAS 61, from management and the Company, including the matters in the written disclosures received by the Company required by the Independence Standards Board Standard No. 1. The Audit Committee has also considered the compatibility of the independent auditors' provision of non-audit services to the Company with the auditors' independence.

The Audit Committee discussed with the Company's independent auditors the overall scope and plan for their audit. The Audit Committee meets with the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting. The Audit Committee held four meetings during fiscal year 2001.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the board of directors that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2001 for filing with the Securities and Exchange Commission.

Report of the Compensation Committee on Executive Compensation

The Compensation Committee of the board of directors is currently composed of four non-employee directors and administers the Company's executive compensation programs, including the Company's stock incentive plans. The Company's executive compensation program is designed to provide competitive levels of base compensation in order to attract, retain and motivate high-quality employees, to tie individual total compensation to individual performance and the success of the Company and to align the interests of the Company's executive officers with those of its stockholders. In 2001, the Company's executive compensation program consisted of base salary, selected bonuses and stock option grants.

The Compensation Committee believes that the Company's ability to execute its drug discovery programs and successfully bring products to market depends heavily upon the quality of its top scientific and management personnel. Accordingly, the Compensation Committee attempts to set base salary for the Company's executive officers at levels that are competitive with compensation paid to top executives of similarly situated biotechnology companies, and not significantly below cash compensation available to the Company's key executives through alternative employment. However, because of the Company's current and historical need to conserve its cash resources, rewards for Company or individual performance have generally taken the form of stock-based awards, and, starting in 1999, limited bonuses.

The Compensation Committee administers the Option Plan pursuant to which the Company may grant various stock-based awards intended to compensate Company personnel and align the interests of the recipients with those of the Company's stockholders. To date, only stock options have been granted under the Option Plan, although the Compensation Committee may, in the future, utilize other types of Incentive Awards available under the Option Plan. The Compensation Committee also administers the Purchase Plan and options previously granted under the Company's 1989 Incentive Stock Option Plan and 1989 Nonstatutory Stock Option Plan.

Because of the Company's need to conserve cash, the Compensation Committee has used stock options to reward executives for individual and Company performance and to provide incentives for vigorous pursuit of the Company's goals. In general, executive officers receive a substantial grant of stock options upon joining the Company. The Compensation Committee believes that these initial grants serve two purposes. First, they help to make up for any discrepancy between the cash compensation paid by the Company and salaries and bonuses available from more established employers who would compete for the services of the Company's executives. Second, the initial option grants are intended to give the recipients a meaningful stake in the Company's long-term performance, with any ultimate realization of significant value from those options being commensurate with returns to stockholders on investments in the Company's stock.

In addition to initial grants, executive officers are eligible to receive periodic option grants based upon the performance of the Company and their individual progress and contributions. Such grants, if any, are determined by the Compensation Committee with the input and recommendation of the Company's Chief Executive Officer. In determining award levels, the Compensation Committee emphasizes Company performance and the contributions made by individual executives to that performance. The Compensation Committee believes that such a retrospective analysis is most appropriate and practicable for a development-stage biopharmaceutical enterprise like the Company, which operates in an uncertain environment and without the same types of standard measures of performance as are available to more seasoned companies.

Compensation of the Chief Executive Officer

The Company faces significant challenges in the coming years and will rely heavily upon the Chief Executive Officer for leadership, strategic direction and operational effectiveness. The Company's goals over the next few years include succeeding in clinical trials of LJP 394, LJP 1082 and additional drug candidates, forming strategic alliances, raising additional financing and building a strong organization to support the Company's anticipated growth. The Chief Executive Officer will have ultimate responsibility for these goals as part of maximizing stockholders returns on their investments in the Company and the Compensation Committee believes stockholders are best served if the Chief Executive Officer has significant incentives to meet these expectations. Early in fiscal 2001, the Chief Executive Officer received a bonus of \$109,252 and received options to purchase up to 255,000 shares of common stock, primarily in recognition of

Table of Contents

his leadership in moving the lupus drug candidate into Phase III clinical trials in 2000. In July and December 2001, the Chief Executive Officer received additional options to purchase an aggregate of 345,000 shares of common stock primarily in recognition of leading the scientific and business teams in the continued progress on the enrollment of the Phase III clinical trial of LJP 394, filing of an Investigation New Drug application and initiating the Phase I/II clinical trial of LJP 1082, obtaining orphan drug status for LJP 394 in Europe, continuing to build a strong organization and ultimately increasing the Company's stock value. The Compensation Committee sets the Chief Executive Officer's options and bonus on the basis of its qualitative evaluation of the Chief Executive Officer's contributions. The Compensation Committee did not attempt to apply any specific quantitative measures to the Chief Executive Officer's compensation, or to provide any specific dollar value of option-based compensation to the Chief Executive Officer, due to the difficulty of determining the long-term value of an investment in the Company's stock.

Employment and Consulting Contracts

Steven B. Engle has an employment contract with the Company that provides for a minimum annual salary of \$273,000 and entitles him to receive a severance payment in the event of his involuntary termination without cause or if his employment is terminated in connection with a change in control of the Company. The severance amount is equal to twelve months of pay at his then current base salary and up to twelve months of medical and dental coverage. His employment will be deemed to be terminated in connection with a change in control of the Company if his employment is terminated or if he resigns following: (i) any change in his title to any position other than President and CEO of

the surviving company, (ii) any change in his reporting responsibility such that he does not report directly to the board of directors of the surviving company on all matters, (iii) any material reduction by the Company or its successor in his responsibilities, (iv) any requirement that his place of employment be in other than the San Diego area or (v) any material breach by the Company or its successor of his employment agreement. Also, all employee stock options and other performance awards granted to Mr. Engle before the termination of his employment without cause or in connection with a change in control will automatically vest and become fully exercisable as of his termination date and will remain exercisable for a period equal to the remaining term of the employee stock option or other performance award as provided by the applicable plan or grant pursuant to which the options or awards were granted. If, within one year from the termination of Mr. Engle's employment, employee stock options granted to any executive officer or non-employee director of the Company or its successor are repriced, the Company is required to provide similar repricing for all outstanding employee stock options granted to Mr. Engle before his termination date. If Mr. Engle is terminated for any reason other than the above described circumstances, and other than for cause, all employee stock options granted to him before the termination of his employment will remain exercisable for a period of one year from his termination date or such longer period as provided by the applicable plan or grant pursuant to which the options were granted. Finally, if an acquisition, merger or reorganization of the Company occurs within thirty days of Mr. Engle's termination of employment, Mr. Engle may be eligible to receive a cash bonus of \$100,000.

Matthew D. Linnik has an employment agreement with the Company that entitles him to receive a severance payment in the event of his involuntary termination without cause or if his employment is terminated in connection with a change in control of the Company. The severance amount is equal to nine months of pay at his then current base salary and up to nine months of medical and dental coverage. His employment will be deemed to be terminated in connection with a change in control of the Company if, within 180 days of the date of the change in control: (i) his employment is terminated, (ii) his position is eliminated as a result of a reduction in force made to reduce over-capacity or unnecessary duplication of personnel and he is not offered a replacement position with the Company or its successor as a vice president with compensation and functional duties substantially similar to the compensation and duties in effect immediately before the change in control or (iii) he resigns because he is required to be employed more than 50 miles from the Company's headquarters. Also, all employee stock options granted to Dr. Linnik as of the date of the employment agreement will automatically vest and become fully exercisable as of his termination date if his termination of employment is without cause or is in connection with a change in control, and will remain exercisable for a period of one year from his termination date or such longer period as provided by the applicable plan or grant pursuant to which the options were granted.

William J. Welch has an employment agreement with the Company that entitles him to receive a severance payment in the event of his involuntary termination without cause or if his employment is terminated in connection with a change in control of the Company. For this purpose, a preestablished, objective performance goal may include one or more of the following performance criteria: (i) cash flow, (ii) earnings per share (including earnings before interest, taxes, and amortization), (iii) return on equity, (iv) total stockholder return, (v) return on capital, (vi) return on assets or net assets, (vii) income or net income, (viii) operating margin, (ix) return on operating revenue, (x) attainment of stated goals related to the Company's research and development or clinical trials programs, (xi) attainment of stated goals related to the Company's capitalization, costs, financial condition, or results of operations, and (xii) any other similar performance criteria contemplated by the regulations under Section 162(m).

(c) Availability of Unused Shares. Shares of Common Stock subject to unexercised portions of any Award granted under this Plan that expire, terminate or are cancelled, and shares of Common Stock issued pursuant to an Award under this Plan that are reacquired by the Company pursuant to the terms of the Award under which such shares were issued, will again become available for the grant of further Awards under this Plan.

(d) Grant Limits. The limitation set forth in this Section 1.03(d) shall be subject to adjustment as provided in Section 1.05(b), but only to the extent such adjustment would not affect the status of compensation attributable to Awards hereunder as Performance-Based Compensation.

1.04 Administration of the Plan.

(a) The Committee. The Plan will be administered by the Committee, which will consist of two or more members of the Board each of whom must be a Nonemployee Director; provided, however, that the number of members of the Committee may be reduced or increased from time to time by the Board. In addition, if Awards are to be made to persons subject to Section 162(m) of the Code and such awards are intended to constitute Performance-Based Compensation, then each of the Committee's members must also be an outside director, as such term is defined in the regulations under Section 162(m) of the Code. Notwithstanding the foregoing or any provision of the Plan to the contrary, the Board may, in lieu of the Committee, exercise any authority granted to the Committee pursuant to the provisions of the Plan.

(b) Authority of the Committee. The Committee has authority in its discretion to select the Eligible Persons to whom, and the time or times at which, Incentive Awards shall be granted or sold, the nature of each Incentive Award, the number of shares of Common Stock or the number of rights that make up or underlie each Incentive Award, the period for the exercise of each Incentive Award, the performance criteria (which need not be identical) utilized to measure the value of Performance Awards, and such other terms and conditions applicable to each individual Incentive Award as the Committee shall determine. The Committee may grant at any time new Incentive Awards to an Eligible Person who has previously received Incentive Awards or other grants (including other stock options) whether such prior Incentive Awards or such other grants are still outstanding, have previously been exercised in whole or in part, or are cancelled in connection with the issuance of new Incentive Awards. The Committee may grant Incentive Awards singly or in combination or in tandem with other Incentive Awards as it determines in its discretion. The purchase price or initial value and any and all other terms and conditions of the Incentive Awards may be established by the Committee without regard to existing Incentive Awards or other grants. Further, the Committee may, with the consent of an Eligible Person, amend in a manner not inconsistent with the Plan the terms of any existing Incentive Award previously granted to such Eligible Person, provided that neither the Board nor the Committee shall reduce the Exercise Price of any outstanding Option without stockholder approval.

(c) Plan Interpretation. Subject to the express provisions of the Plan, the Committee has the authority to interpret the Plan and any agreements defining the rights and obligations of the Company and Recipients, to determine the terms and conditions of Incentive Awards and to make all other determinations necessary or advisable for the administration of the Plan. The Committee has authority to prescribe, amend and rescind rules and regulations relating to the Plan. All interpretations, determinations and actions by the Committee shall be final, conclusive and binding upon all parties. Any action of the Committee with respect to the administration of the Plan shall be taken pursuant to a majority vote or by the unanimous written consent of its members.

(d) Special Rules Regarding Article III. Notwithstanding anything herein to the contrary, the Committee shall have no authority or discretion as to the selection of persons eligible to receive

Nonemployee Directors Options granted under the Plan, the number of shares covered by Nonemployee Directors Options granted under the Plan, the timing of such grants, or the exercise price of Nonemployee Directors Options granted under the Plan, which matters are specifically governed by the provisions of the Plan.

(e) No Liability. No member of the Board or the Committee or any designee thereof will be liable for any action or determination made in good faith by the Board or the Committee with respect to the Plan or any transaction arising under the Plan.

1.05 Other Provisions.

(a) Documentation. Each Award granted under the Plan shall be evidenced by an award agreement duly executed on behalf of the Company and by the Recipient or, in the Committee's discretion, a confirming memorandum issued by the Company to the Recipient (in either case an **Award Document**) evidencing the Award and setting forth such terms and conditions applicable to the Award as the Committee may in its discretion determine consistent with the Plan, provided that the Committee shall exercise no discretion with respect to Nonemployee Directors Options, which shall reflect only the terms of the Award as set forth in Article III and certain administrative matters dictated by the Plan. Award Documents shall comply with and be subject to the terms and conditions of the Plan. A copy of the Plan shall be delivered to each Award Recipient together with the Award Document, and shall constitute a part thereof. In case of any conflict between the Plan and any Award Document, the Plan shall control. Various Award Documents covering the same types of Awards may but need not be identical.

(b) Adjustment Provisions.

If (1) the outstanding shares of Common Stock of the Company are increased, decreased or exchanged for a different number or kind of shares or other securities, or if additional shares or new or different shares or other securities are distributed in respect of such shares of Common Stock (or any stock or securities received with respect to such Common Stock), through merger, consolidation, sale or exchange of all or substantially all of the properties of the Company, reorganization, recapitalization, reclassification, stock dividend, stock split, reverse stock split, spin-off or other distribution with respect to such shares of Common Stock (or any stock or securities received with respect to such Common Stock), or (2) the value of the outstanding shares of Common Stock of the Company is reduced by reason of an extraordinary cash dividend, an appropriate and proportionate adjustment may be made in (x) the maximum number and kind of shares subject to the Plan as provided in Section 1.03, (y) the number and kind of shares or other securities subject to then outstanding Awards, and (z) the price for each share or other unit of any other securities subject to then outstanding Awards. No fractional interests will be issued under the Plan resulting from any such adjustments.

(c) Continuation of Employment.

(i) Nothing contained in this Plan (or in Award Documents or in any other documents related to this Plan or to Awards granted hereunder) shall confer upon any Eligible Person or Recipient any right to continue in the employ of the Company or constitute any contract or agreement of employment or engagement, or interfere in any way with the right of the Company to reduce such person's compensation or other benefits or to terminate the employment of such Eligible Person or Recipient, with or without cause. Except as expressly provided in the Plan or in any statement evidencing the grant of an Award pursuant to the Plan, the Company shall have the right to deal with each Recipient in the same manner as if the Plan and any such statement evidencing the grant of an Award pursuant to the Plan did not exist, including, without limitation, with respect to all matters related to the hiring, discharge, compensation and conditions of the employment or engagement of the Recipient.

(ii) Any question(s) as to whether and when there has been a termination of a Recipient's employment, the reason (if any) for such termination, and/or the consequences thereof under the terms of the Plan or any statement evidencing the grant of an Award pursuant to the Plan shall be determined by the Committee and the Committee's determination thereof shall be final and binding.

(d) Restrictions. All Awards granted under the Plan shall be subject to the requirement that, if at any time the Company shall determine, in its discretion, that the listing, registration or qualification of the shares subject to Awards granted under the Plan upon any securities exchange or under any state or federal law, or the consent or approval of any government regulatory body, is necessary or desirable as a condition of, or in connection with, the granting of such an Award or the issuance, if any, or purchase of shares in connection therewith, such Award may not be exercised in whole or in part unless such listing, registration, qualification, consent or approval shall have been effected or obtained free of any conditions not acceptable to the Company. Unless the shares of stock to be issued upon exercise of an Award granted under the Plan have been effectively registered under the Securities Act, the Company shall be under no obligation to issue any shares of stock covered by any Award unless the person who exercises such Award, in whole or in part, shall give a written representation and undertaking to the Company satisfactory in form and scope to counsel to the Company and upon which, in the opinion of such counsel, the Company may reasonably rely, that he or she is acquiring the shares of stock issued to him or her pursuant to such exercise of the Award for his or her own account as an investment and not with a view to, or for sale in connection with, the distribution of any such shares of stock, and that he or she will make no transfer of the same except in compliance with any rules and regulations in force at the time of such transfer under the Securities Act, or any other applicable law, and that if shares of stock are issued without such registration, a legend to this effect may be endorsed upon the securities so issued.

(e) Additional Conditions. Any Incentive Award may also be subject to such other provisions (whether or not applicable to any other Award or Recipient) as the Committee determines appropriate including, without limitation, provisions to assist the Recipient in financing the purchase of Common Stock through the exercise of Stock Options, provisions for the forfeiture of or restrictions on resale or other disposition of shares of Common Stock acquired under any form of benefit, provisions giving the Company the right to repurchase shares of Common Stock acquired under any form of benefit in the event the Recipient elects to dispose of such shares, and provisions to comply with federal and state securities laws and federal and state income tax withholding requirements.

(f) Privileges of Stock Ownership. Except as otherwise set forth herein, a Recipient or a permitted transferee of an Award shall have no rights as a shareholder with respect to any shares issuable or issued in connection with the Award until the date of the receipt by the Company of all amounts payable in connection with exercise of the Award and performance by the Recipient of all obligations thereunder. Status as an Eligible Person shall not be construed as a commitment that any Award will be granted under this Plan to an Eligible Person or to Eligible Persons generally. No person shall have any right, title or interest in any fund or in any specific asset (including shares of capital stock) of the Company by reason of any Award granted hereunder. Neither this Plan (or any documents related hereto) nor any action taken pursuant hereto shall be

Table of Contents

construed to create a trust of any kind or a fiduciary relationship between the Company and any person. To the extent that any person acquires a right to receive an Award hereunder, such right shall be no greater than the right of any unsecured general creditor of the Company.

(g) Amendment and Termination of Plan: Amendment of Incentive Awards.

(i) The Board or the Committee may, insofar as permitted by law, from time to time suspend or discontinue the Plan or revise or amend it in any respect except that no such amendment shall alter or impair or diminish any rights or obligations under any Award theretofore granted under the Plan without the consent of the person to whom such Award was granted, and except that such amendments shall be subject to stockholder approval to the extent (A) required to comply with the listing requirements imposed by any exchange or trading system upon which the Company's securities trade or applicable provisions of or rules under the Code, or (B) the Board determines in good faith that such amendments are material to stockholders.

(ii) The Committee may from time to time, with the consent of a Recipient, make such modifications in the terms and conditions of an Incentive Award as it deems advisable, including to accelerate or extend the vesting or exercise period of any Incentive Award, provided that performance conditions to vesting of Restricted Stock shall not be waived, and provided further that neither the Board nor the Committee shall reduce the Exercise Price of any outstanding Option without stockholder approval.

(iii) Except as otherwise provided in this Plan or in the applicable Award Document, no amendment, suspension or termination of the Plan will, without the consent of the Recipient, alter, terminate, impair or adversely affect any right or obligation under any Award previously granted under the Plan.

(h) Nonassignability. No Award granted under the Plan shall be assignable or transferable except (i) by will or by the laws of descent and distribution, or (ii) subject to the final sentence of this subsection (h), upon dissolution of marriage pursuant to a qualified domestic relations order or, in the discretion of the Committee and under circumstances that would not adversely affect the interests of the Company. During the lifetime of a Recipient, an Award granted to him or her shall be exercisable only by the Recipient (or the Recipient's permitted transferee) or his or her guardian or legal representative. Notwithstanding the foregoing, Incentive Stock Options (or other Awards subject to transfer restrictions under the Code) may not be assigned or transferred in violation of Section 422(b)(5) of the Code (or any comparable or successor provision) or the Treasury Regulations thereunder, and nothing herein is intended to allow such assignment or transfer.

(i) Other Compensation Plans. The adoption of the Plan shall not affect any other stock option, incentive or other compensation plans in effect for the Company, and the Plan shall not preclude the Company from establishing any other forms of incentive or other compensation for employees, directors, or advisors of the Company.

(j) Plan Binding on Successors. The Plan shall be binding upon the successors and assigns of the Company.

(k) Participation By Foreign Employees. Notwithstanding anything to the contrary herein, the Committee may, in order to fulfill the purposes of the Plan, modify grants of Incentive Awards to Recipients who are foreign nationals or employed outside of the United States to recognize differences in applicable law, tax policy or local custom.

(l) Effective Date And Duration of Plan. Awards may be granted under the Plan until the tenth anniversary of the effective date of the Plan, whereupon the Plan shall terminate. No Awards may be granted during any suspension of this Plan or after its termination. Notwithstanding the foregoing, each Award

properly granted under the Plan shall remain in effect until such Award has been exercised or terminated in accordance with its terms and the terms of the Plan.

**ARTICLE II
INCENTIVE AWARDS**

2.01 Grants of Incentive Awards. Subject to the express provisions of this Plan, the Committee may from time to time in its discretion select from the class of Eligible Persons those individuals to whom Incentive Awards may be granted pursuant to its authority as set forth in Section 1.04(b). Each Incentive Award shall be subject to the terms and conditions of the Plan and such other terms and conditions established by the Committee as are not inconsistent with the purpose and provisions of the Plan. One or more Incentive Awards may be granted to any Eligible Person.

2.02 Stock Options.

(a) Nature of Stock Options. Stock Options may be Incentive Stock Options or Nonqualified Stock Options.

(b) Option Price. The exercise price per share for each Option (other than a Nonemployee Director's Option) (the "Exercise Price") shall be determined by the Committee at the date such Option is granted and shall not be less than the Fair Market Value of a share of Common Stock (or other securities, as applicable) at the time of grant, except that the Exercise Price for a Nonqualified Stock Option may reflect a discount of up to 15% of the Fair Market Value at the time of grant if the amount of such discount is expressly in lieu of a reasonable amount of salary or cash bonus. Notwithstanding the foregoing, however, in no event shall the exercise price be less than the par value of the shares of Common Stock subject to the Option, and the exercise price of an Incentive Stock Option shall be not less than such amount as is necessary to enable such Option to be treated as an incentive stock option within the meaning of Section 422 of the Code.

(c) Option Period and Vesting. Options (other than Nonemployee Directors' Options) hereunder shall vest and may be exercised as determined by the Committee, except that exercise of such Options after termination of the Recipient's employment shall be subject to Section 2.02(g). Each Option granted hereunder (other than a Nonemployee Directors' Option) and all rights or obligations thereunder shall expire on such date as shall be determined by the Committee, but not later than ten years after the date the Option is granted and shall be subject to earlier termination as herein provided. The Committee may in its discretion at any time and from time to time after the grant of an Option (other than a Nonemployee Director's Option) accelerate vesting of such Option in whole or part by increasing the number of shares then purchasable, provided that the total number of shares subject to such Option may not be increased.

(d) Exercise of Options. Except as otherwise provided herein, an Option may become exercisable, in whole or in part, on the date or dates specified by the Committee (or, in the case of Nonemployee Directors' Options, the Plan) at the time the Option is granted and thereafter shall remain exercisable until the expiration or earlier termination of the Option. No Option shall be exercisable except in respect of whole shares, and fractional share interests shall be disregarded. Not less than 100 shares of stock (or such other amount as is set forth in the applicable option agreement) may be purchased at one time unless the number purchased is the total number at the time available for purchase under the terms of the Option. An Option shall be deemed to be exercised when the Secretary of the Company receives written notice of such exercise from the Recipient, together with payment of the exercise price made in accordance with Section 2.02(e). Upon proper exercise, the Company shall deliver to the person entitled to exercise the Option or his or her designee a certificate or certificates for the shares of stock for which the Option is exercised. Notwithstanding any other provision of this Plan, the Committee may impose, by rule and in option agreements, such conditions upon the exercise of Options (including, without limitation, conditions limiting the time of exercise to specified periods) as may be required to satisfy applicable regulatory requirements, including without limitation Rule 16b-3 (or

any successor rule) under the Exchange Act and any applicable section of or rule under the Internal Revenue Code.

(e) Exercise Price. The Exercise Price shall be payable upon the exercise of an Option by delivery of legal tender of the United States or payment of such other consideration as the Committee may from time to time deem acceptable in any particular instance, including without limitation delivery of capital stock of the Company (delivered by or on behalf of the person exercising the Option or retained by the Company from the Common Stock otherwise issuable upon exercise and valued at Fair Market Value as of the exercise date) or surrender of other Awards previously granted to the Recipient exercising the Option; provided, however, that the Committee may, in the exercise of its discretion, (i) allow exercise of an Option in a broker-assisted or similar transaction in which the Exercise Price is not received by the Company until immediately after exercise, and/or (ii) allow the Company to loan the Exercise Price to the person entitled to exercise the Option, if the exercise will be followed by an immediate sale of some or all of the underlying shares and a portion of the sales proceeds is dedicated to full payment of the Exercise Price. Any shares of Company stock or other non-cash consideration assigned and delivered to the Company in payment or partial payment of the Exercise Price will be valued at Fair Market Value on the exercise date. No fractional shares will be issued pursuant to the exercise of an Option.

(f) Limitation on Exercise of Incentive Stock Options. The aggregate Fair Market Value (determined as of the respective date or dates of grant) of the Common Stock for which one or more options granted to any Recipient under the Plan (or any other option plan of the Company or any of its subsidiaries or affiliates) may for the first time become exercisable as Incentive Stock Options under the federal tax laws during any one calendar year shall not exceed \$100,000. Any Options granted as Incentive Stock Options pursuant to the Plan in excess of such limitation shall be treated as Nonqualified Stock Options.

(g) Termination of Employment.

(i) Termination for Cause. Except as otherwise provided in a written agreement between the Company and the Recipient, which may be entered into at any time before or after termination, in the event of a Just Cause Dismissal of a Recipient all of the Recipient's unexercised Options, whether or not vested, shall expire and become unexercisable as of the date of such Just Cause Dismissal.

(ii) Termination other than for Cause. Subject to subsection (i) above and subsection (iii) below, and except as otherwise provided in a written agreement between the Company and the Recipient, which may be entered into at any time before or after termination, in the event of a Recipient's termination of employment for:

(A) any reason other than for Just Cause Dismissal, death, or Permanent Disability, or normal retirement, the Recipient's Options shall, whether or not vested, expire and become unexercisable as of the earlier of (1) the date such Options would expire in accordance with their terms if the Recipient remained employed or (2) three calendar months after the date of termination in the case of Incentive Stock Options, or six months after the date of termination, in the case of Nonqualified Stock Options.

(B) death or Permanent Disability, the Recipient's unexercised Options shall, whether or not vested, expire and become unexercisable as of the earlier of (1) the date such Options would expire in accordance with their terms if the Recipient remained employed or (2) twelve (12) months after the date of termination.

(C) normal retirement, the Recipient's unexercised Options shall, whether or not vested, expire and become unexercisable as of the earlier of (A) the date such Options expire in accordance with their terms or (B) twenty-four (24) months after the date of retirement.

(iii) Alteration of Exercise Periods. Notwithstanding anything to the contrary in subsections (i) or (ii) above, the Committee may in its discretion designate such shorter or longer periods to exercise Options (other than Nonemployee Directors' Options) following a Recipient's termination of employment; provided, however, that any shorter periods determined by the Committee shall be effective only if provided for in the instrument that evidences the grant to the Recipient of such Options or if such shorter period is agreed to in writing by the Recipient. Notwithstanding anything to the contrary herein, Options shall be exercisable by a Recipient (or his successor in interest) following such Recipient's termination of employment only to the extent that installments thereof had become exercisable on or prior to the date of such termination; provided, however, that the Committee, in its discretion, may elect to accelerate the vesting of all or any portion of any Options that had not become exercisable on or prior to the date of such termination.

2.03 Performance Awards.

(a) Grant of Performance Award. The Committee shall determine the performance criteria (which need not be identical and may be established on an individual or group basis) governing Performance Awards, the terms thereof, and the form and time of payment of Performance Awards.

(b) Payment of Award; Limitation. Upon satisfaction of the conditions applicable to a Performance Award, payment will be made to the Recipient in cash or in shares of Common Stock valued at Fair Market Value or a combination of Common Stock and cash, as the Committee in its discretion may determine. Notwithstanding any other provision of this Plan, no Eligible Person shall be paid a Performance Award in excess of \$1,000,000 in any one calendar year; provided, however, that this limitation shall not apply if it is not required in order for the compensation attributable to the Performance Award hereunder to qualify as Performance-Based Compensation.

(c) Expiration of Performance Award. If any Recipient's employment with the Company is terminated for any reason other than normal retirement, death, or Permanent Disability prior to the time a Performance Award or any portion thereof becomes payable, all of the Recipient's rights under the unpaid portion of the Performance Award shall expire and terminate unless otherwise determined by the Committee. In the event of termination of employment by reason of death, Permanent Disability or normal retirement, the Committee, in its discretion, may determine what portions, if any, of the Performance Award should be paid to the Recipient.

2.04 Restricted Stock.

(a) Award of Restricted Stock. The Committee may grant awards of Restricted Stock to Eligible Participants. The Committee shall determine the Purchase Price (if any), the terms of payment of the Purchase Price, the restrictions upon the Restricted Stock, and when such restrictions shall lapse, provided that the restriction period shall be at least one year for performance-based grants and three years for non-performance-based grants.

(b) Requirements of Restricted Stock. All shares of Restricted Stock granted or sold pursuant to the Plan will be subject to the following conditions:

(i) No Transfer. The shares may not be sold, assigned, transferred, pledged, hypothecated or otherwise disposed of, alienated or encumbered until the restrictions are removed or expire;

(ii) Certificates. The Committee may require that the certificates representing Restricted Stock granted or sold to a Recipient pursuant to the Plan remain in the physical custody of an escrow holder or the Company until all restrictions are removed or expire;

(iii) Restrictive Legends. Each certificate representing Restricted Stock granted or sold to a Recipient pursuant to the Plan will bear such legend or legends making reference to the restrictions

Table of Contents

imposed upon such Restricted Stock as the Committee in its discretion deems necessary or appropriate to enforce such restrictions; and

(iv) Other Restrictions. The Committee may impose such other conditions on Restricted Stock as the Committee may deem advisable including, without limitation, restrictions under the Securities Act, under the Exchange Act, under the requirements of any stock exchange upon which such Restricted Stock or shares of the same class are then listed and under any blue sky or other securities laws applicable to such shares.

(c) Rights of Recipient. Subject to the provisions of Section 2.04(b) and any restrictions imposed upon the Restricted Stock, the Recipient will have all rights of a stockholder with respect to the Restricted Stock granted or sold to such Recipient under the Plan, including the right to vote the shares and receive all dividends and other distributions paid or made with respect thereto.

(d) Termination of Employment. Unless the Committee in its discretion determines otherwise, upon a Recipient's termination of employment for any reason, all of the Recipient's Restricted Stock remaining subject to restrictions imposed pursuant to the Plan on the date of such termination of employment shall be repurchased by the Company at the Purchase Price (if any).

2.05 Stock Appreciation Rights.

(a) Granting of Stock Appreciation Rights. The Committee may approve the grant to Eligible Persons of Stock Appreciation Rights, related or unrelated to Options, at any time.

(b) SARs Related to Options.

(i) A Stock Appreciation Right granted in connection with an Option granted under this Plan will entitle the holder of the related Option, upon exercise of the Stock Appreciation Right, to surrender such Option, or any portion thereof to the extent unexercised, with respect to the number of shares as to which such Stock Appreciation Right is exercised, and to receive payment of an amount computed pursuant to Section 2.05(b)(iii). Such Option will, to the extent surrendered, then cease to be exercisable.

(ii) A Stock Appreciation Right granted in connection with an Option hereunder will be exercisable at such time or times, and only to the extent that, the related Option is exercisable, and will not be transferable except to the extent that such related Option may be transferable.

(iii) Upon the exercise of a Stock Appreciation Right related to an Option, the Holder will be entitled to receive payment of an amount determined by multiplying: (i) the difference obtained by subtracting the Exercise Price of a share of Common Stock specified in the related Option from the Fair Market Value of a share of Common Stock on the date of exercise of such Stock Appreciation Right (or as of such other date or as of the occurrence of such event as may have been specified in the instrument evidencing the grant of the Stock Appreciation Right), by (ii) the number of shares as to which such Stock Appreciation Right is exercised.

(c) SARs Unrelated to Options. The Committee may grant Stock Appreciation Rights unrelated to Options to Eligible Persons. Section 2.05(b)(iii) shall be used to determine the amount payable at exercise under such Stock Appreciation Right, except that in lieu of the Option Exercise Price specified in the related Option the initial base amount specified in the Incentive Award shall be used.

(d) Limits. Notwithstanding the foregoing, the Committee, in its discretion, may place a dollar limitation on the maximum amount that will be payable upon the exercise of a Stock Appreciation Right under the Plan.

Table of Contents

(e) Payments. Payment of the amount determined under the foregoing provisions may be made solely in whole shares of Common Stock valued at their Fair Market Value on the date of exercise of the Stock Appreciation Right or, alternatively, at the sole discretion of the Committee, in cash or in a combination of cash and shares of Common Stock as the Committee deems advisable. The Committee has full discretion to determine the form in which payment of a Stock Appreciation Right will be made and to consent to or disapprove the election of a Recipient to receive cash in full or partial settlement of a Stock Appreciation Right. If the Committee decides to make full payment in shares of Common Stock, and the amount payable results in a fractional share, payment for the fractional share will be made in cash.

(f) Rule 16b-3. The Committee may, at the time a Stock Appreciation Right is granted, impose such conditions on the exercise of the Stock Appreciation Right as may be required to satisfy the requirements of Rule 16b-3 under the Exchange Act (or any other comparable provisions in effect at the time or times in question).

(g) Termination of Employment. Section 2.02(g) will govern the treatment of Stock Appreciation Rights upon the termination of a Recipient's employment with the Company.

2.06 Stock Payments.

The Committee may approve Stock Payments of the Company's Common Stock to any Eligible Person for all or any portion of the compensation (other than base salary) or other payment that would otherwise become payable by the Company to the Eligible Person in cash.

The Committee may grant Dividend Equivalents to any Recipient who has received a Stock Option, SAR, or other Incentive Award denominated in shares of Common Stock. Such Dividend Equivalents shall be effective and shall entitle the recipients thereof to payments during the **Applicable Dividend Period**, which shall be (i) the period between the date the Dividend Equivalent is granted and the date the related Stock Option, SAR, or other Incentive Award is exercised, terminates, or is converted to Common Stock, or (ii) such other time as the Committee may specify in the written instrument evidencing the grant of the Dividend Equivalent. Dividend Equivalents may be paid in cash, Common Stock, or other Incentive Awards; the amount of Dividend Equivalents paid other than in cash shall be determined by the Committee by application of such formula as the Committee may deem appropriate to translate the cash value of dividends paid to the alternative form of payment of the Dividend Equivalent. Dividend Equivalents shall be computed as of each dividend record date and shall be payable to recipients thereof at such time as the Committee may determine. Notwithstanding the foregoing, if it is intended that an Incentive Award qualify as Performance-Based Compensation and the amount of the compensation the Eligible Person could receive under the award is based solely on an increase in value of the underlying stock after the date of grant or award (*i.e.*, the grant, vesting, or exercisability of the award is not conditioned upon the attainment of a preestablished, objective performance goal described in Section 1.02(t)), then the payment of any Dividend Equivalents related to the award shall not be made contingent on the exercise of the award.

Additional Options shall vest and become exercisable upon the earlier of (a) the first anniversary of the grant date or (b) immediately prior to the annual meeting of stockholders of the Company next following the grant date, if the optionee has remained a director for the entire period from the date of grant to such earlier date. Notwithstanding the foregoing, however, Initial Options and Additional Options that have not vested and become exercisable at the time the optionee ceases to be a director shall terminate.

3.05 Term of Options and Effect of Termination.

No Nonemployee Directors' Option shall be exercisable after the expiration of ten years from the effective date of its grant. In the event that the Recipient of a Nonemployee Director's Option shall cease to be a director of the Company, all Nonemployee Directors' Options granted to such Recipient shall be exercisable, to the extent already exercisable at the date such Recipient ceases to be a director and regardless of the reason the Recipient ceases to be a director, for a period of five (5) years after that date (or, if sooner, until the expiration of the option according to its terms). In the event of the death of a Recipient of a Nonemployee Director's Option while such Recipient is a director of the Company or within the period after termination of such status during which he or she is permitted to exercise such Option, such Option may be exercised by any person or persons designated by the Recipient on a Beneficiary Designation Form adopted by the Company for such purpose or, if there is no effective Beneficiary Designation Form on file with the Company, by the executors or administrators of the Recipient's estate or by any person or persons who shall have acquired the option directly from the Recipient by his or her will or the applicable laws of descent and distribution.

5. Payroll Deductions.

(a) Participant Designations. The subscription agreement applicable to an Offering Period shall designate payroll deductions to be made on each payday during the Offering Period as a whole number percentage not exceeding ten percent (10%) of such Eligible Employee's Compensation for the pay period preceding such payday, provided that the aggregate of such payroll deductions during the Offering Period shall not exceed ten percent (10%) of the participant's Compensation during said Offering Period.

(b) Plan Account Balances. The Company shall make payroll deductions as specified in each participant's subscription agreement on each payday during the Offering Period and credit such payroll deductions to such participant's Plan Account. A participant may not make any additional payments into such Plan Account. No interest will accrue on any payroll deductions. All payroll deductions received or held by the Company under the Plan may be used by the Company for any corporate purpose, and the Company shall not be obligated to segregate such payroll deductions.

(c) Participant Changes. A participant may discontinue his or her participation in the Plan as provided in Section 8, or may increase or decrease (subject to such limits as the Administrator may impose) the rate of his or her payroll deductions during any Purchase Period by filing with the Company a new subscription agreement authorizing such a change in the payroll deduction rate. The change in rate shall be effective with the first full payroll period following five (5) business days after the Company's receipt of the new subscription agreement, unless the Company elects to process a given change in participation more quickly.

(d) Decreases. Notwithstanding the foregoing, to the extent necessary to comply with Section 423(b)(8) of the Code and Section 4(b) herein, a participant's payroll deductions may be decreased to 0% at such time during any Purchase Period that is scheduled to end during a calendar year (the **Current Purchase Period**) when the aggregate of all payroll deductions previously used to purchase stock under the Plan in a prior Purchase Period which ended during that calendar year plus all payroll deductions accumulated with respect to the Current Purchase Period equal \$21,250. Payroll deductions shall recommence at the rate provided in such participant's subscription agreement at the beginning of the first Purchase Period that is scheduled to end in the following calendar year, unless terminated by the participant as provided in Section 8.

(e) Tax Obligations. At the time of each exercise of a participant's Option, and at the time any Common Stock issued under the Plan to a participant is disposed of, the participant must adequately provide for the Company's federal, state, or other tax withholding obligations, if any, that arise upon the exercise of the Option or the disposition of the Common Stock. At any time, the Company may, but will not be obligated to, withhold from the participant's compensation the amount necessary for the Company to meet applicable withholding obligations, including any withholding required to make available to the Company any tax deductions or benefit attributable to sale or early disposition of Common Stock by the participant.

(f) Statements of Account. The Company shall maintain each participant's Plan Account and shall give each Plan participant a statement of account at least annually. Such statements will set forth the amounts of payroll deductions, the Purchase Price, the number of shares purchased and the remaining cash balance, if any, for the period covered.

6. Exercise of Options.

(a) Automatic Exercise on Exercise Dates. Unless a participant withdraws as provided in Section 8, his or her Option for the purchase of shares will be exercised automatically on each Exercise Date within the Offering Period in which such participant is enrolled for the maximum number of shares of Common Stock, including fractional shares, as can then be purchased at the applicable Purchase Price with the payroll deductions accumulated in such participant's Plan Account and not yet applied to the purchase of shares under the Plan, subject to the Periodic Exercise Limit. During a participant's lifetime, a participant's Options to purchase shares hereunder are exercisable only by the participant.

(b) Delivery of Shares. As promptly as practicable after each Exercise Date on which a purchase of shares occurs, the Company shall arrange the delivery to each participant, as appropriate, of a certificate or book entry transfer representing the shares purchased upon exercise of his or her Option, provided that the Company may in its discretion hold fractional shares for the accounts of the participants pending aggregation to whole shares.

(c) Compliance with Law. Shares shall not be issued with respect to an Option unless the exercise of such Option and the issuance and delivery of such shares pursuant thereto comply with all applicable provisions of law, domestic or foreign, including, without limitation, the Securities Act of 1933, as amended, the Exchange Act, the rules and regulations promulgated thereunder, and the requirements of any stock exchange upon which the shares may then be listed, and shall be further subject to the approval of counsel for the Company with respect to such compliance. As a condition to the exercise of an Option, the Company may require the participant for whom an Option is exercised to represent and warrant at the time of any such exercise that the shares are being purchased only for investment and without any present intention to sell or distribute such shares if, in the opinion of counsel for the Company, such a representation is required by any of the aforementioned applicable provisions of law. Shares issued upon purchase under the Plan may be subject to such transfer restrictions and stop-transfer instructions as the Administrator deems appropriate.

(d) Excess Plan Account Balances. If, due to application of the Periodic Exercise Limit, there remains in a participant's Plan Account immediately following exercise of such participant's Option on an Exercise Date any cash accumulated during the Purchase Period immediately preceding such Exercise Date and not applied to the purchase of shares under the Plan, such cash shall promptly be returned to the participant.

7. Automatic Transfer to Low Price Offering Period.

If the Fair Market Value of the Common Stock as of the close of business on any Exercise Date is lower than the Fair Market Value of the Common Stock as of the opening of business on the Enrollment Date for the Offering Period in which such Exercise Date occurs, then all participants in such Offering Period shall be automatically withdrawn from such Offering Period immediately after the exercise of their Options on such Exercise Date and automatically re-enrolled in the immediately following Offering Period as of the first day thereof.

8. Withdrawal; Termination of Employment.

(a) Voluntary Withdrawal. A participant may withdraw from an Offering Period by giving written notice to the Company's payroll office at least five (5) business days prior to the next Exercise Date. Such withdrawal shall be effective beginning five business days after receipt by the Company's payroll

office of notice thereof. On or promptly following the effective date of any withdrawal, all (but not less than all) of the withdrawing participant's payroll deductions credited to his or her Plan Account and not yet applied to the purchase of shares under the Plan will be paid to such participant, and on the effective date of such withdrawal such participant's Option for the Offering Period will be automatically terminated, and no further payroll deductions for the purchase of shares will be made during the Offering Period. If a participant withdraws from an Offering Period, payroll deductions will not resume at the beginning of any succeeding Offering Period unless the participant delivers to the Company a new subscription agreement with respect thereto.

(b) Termination of Employment. Promptly after a participant's ceasing to be an Eligible Employee for any reason the payroll deductions credited to such participant's Plan Account and not yet applied to the purchase of shares under the Plan will be returned to such participant or, in the case of his or her death, to the person or persons entitled thereto under Section 10, and such participant's Option will be automatically terminated, provided that, if the Company does not learn of such death more than five (5) business days prior to an Exercise Date, payroll deductions credited to such participant's Plan account may be applied to the purchase of shares under the Plan on such Exercise Date.

9. Transferability.

Neither payroll deductions credited to a participant's Plan Account nor any rights with regard to the exercise of an Option or to receive shares under the Plan nor any Option itself may be assigned, transferred, pledged or otherwise disposed of by the participant in any way other than by will, the laws of descent and distribution or as provided in Section 10 hereof. Any such attempt at assignment, transfer, pledge or other disposition shall be without effect, except that the Administrator may treat such act as an election to withdraw from an Offering Period in accordance with Section 8.

10. Designation of Beneficiary.

A participant may file a written designation of a beneficiary who is to receive any cash from the participant's Plan Account in the event of such participant's death and any shares purchased for the participant upon exercise of his or her Option but not yet issued. If a participant is married and the designated beneficiary is not the spouse, spousal consent may be required for such designation to be effective. A designation of beneficiary may be changed by a participant at any time by written notice. In the event of the death of a participant and in the absence of a beneficiary validly designated under the Plan who is living at the time of such participant's death, the Company shall deliver such shares and/or cash to the executor or administrator of the estate of the participant, or if no such executor or administrator has been appointed (to the knowledge of the Company), the Company, in its discretion, may deliver such shares and/or cash to the spouse or to any one or more dependents or relatives of the participant, or if no spouse, dependent or relative is known to the Company, then to such other person as the Company may designate.

11. Stock.

The maximum number of shares of the Company's Common Stock that shall be made available for sale under the Plan shall be 1,000,000 shares, subject to adjustment upon changes in capitalization of the Company as provided in Section 12. If on a given Enrollment Date or Exercise Date the number of shares with respect to which Options are to be granted or exercised exceeds the number of shares then available under the Plan, the Administrator shall make a pro rata allocation of the shares remaining available for purchase in as uniform a manner as shall be practicable and as it shall determine to be equitable. Shares of Common Stock subject to unexercised Options that expire, terminate or are cancelled will again become available for the grant of further Options under the Plan.

12. Adjustments Upon Changes in Capitalization, Dissolution, Merger or Asset Sale.

(a) Changes in Capitalization. Subject to any required action by the stockholders of the Company, the Reserves as well as the Purchase Price, Periodic Exercise Limit, and other characteristics of the Options, shall be appropriately and proportionately adjusted for any increase or decrease or exchange in the issued shares of Common Stock resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Common Stock, exchange or any other increase or decrease in the number of shares of Common Stock effected without receipt of consideration by the Company; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been effected without receipt of consideration. Such adjustment shall be made by the Administrator, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares of Common Stock subject to an Option. The Administrator may, if it so determines in the exercise of its sole discretion, provide for adjusting the Reserves, as well as the Purchase Price, Periodic Exercise Limit, and other characteristics of the Options, in the event the Company effects one or more reorganizations, recapitalizations, rights offerings or other increases or reductions of shares of its outstanding Common Stock.

(b) Dissolution or Liquidation. In the event of the proposed dissolution or liquidation of the Company, all pending Offering Periods will terminate immediately prior to the consummation of such proposed action, unless otherwise provided by the Administrator, and all Plan Account balances will be paid to participants as appropriate consistent with applicable law.

(c) Merger or Asset Sale. In the event of a proposed sale of all or substantially all of the assets of the Company, or the merger or other combination (the **Transaction**) of the Company with or into another entity, each Option under the Plan shall be assumed or an equivalent option shall be substituted by such successor entity or a parent or subsidiary of such successor entity, unless the Administrator determines, in the exercise of its sole discretion and in lieu of such assumption or substitution, to shorten the Offering Periods then in progress by setting a new Exercise Date (the **New Exercise Date**). If the Administrator shortens the Offering Periods then in progress in lieu of assumption or substitution, the Administrator shall notify each participant in writing, at least ten (10) days prior to the New Exercise Date, that the Exercise Date for such participant's Option has been changed to the New Exercise Date and that such participant's Option will be exercised automatically on the New Exercise Date, unless prior to such date the participant has withdrawn from the Offering Period as provided in Section 8 (provided that, in such case, the participant's withdrawal shall be effective if notice thereof is delivered to the Company's payroll office at least two (2) business days prior to the New Exercise Date). For purposes of this Section, an Option granted under the Plan shall be deemed to be assumed if, following the Transaction the Option confers the right to purchase at the Purchase Price (provided that for such purposes the Fair Market Value of the Common Stock on the New Exercise Date shall be the value per share of the consideration paid in the Transaction), for each share of stock subject to the Option immediately prior to the Transaction, the consideration (whether stock, cash or other securities or property) received in the Transaction by holders of Common Stock for each share of Common Stock held on the effective date of the transaction (and if such holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding shares of Common Stock); provided, however, that if such consideration received in the Transaction was not solely common equity of the successor entity or its parent (as defined in Section 424(e) of the Code), the Administrator may, with the consent of the successor entity and the participant, provide for the consideration to be received upon exercise of the Option to be solely common equity of the successor entity or its parent equal in fair market value to the per share consideration received by holders of Common Stock in the Transaction.

13. Administration.

The Plan shall be administered by the Committee, which shall have the authority to construe, interpret and apply the terms of the Plan and any agreements defining the rights and obligations of the Company and participants under the Plan, to prescribe, amend, and rescind rules and regulations relating to the Plan, to determine eligibility and to adjudicate all disputed claims filed under the Plan, and to make all other determinations necessary or advisable for the administration of the Plan. The Administrator may, in its discretion, delegate ministerial responsibilities under the Plan to the Company. Every finding, decision and determination made by the Committee shall, to the full extent permitted by law, be final and binding upon all parties. Any action of the Committee shall be taken pursuant to a majority vote or by the unanimous written consent of its members. The Committee shall consist of three or more members of the Board, each of whom shall be disinterested within the meaning of Rule 16b-3, provided, however, that the number of members of the Committee may be reduced or increased from time to time by the Board to the number required or allowed by Rule 16b-3. The Board may from time to time in its discretion exercise any responsibilities or authority allocated to the Committee under the Plan. No member of the Committee or any designee thereof will be liable for any action or determination made in good faith with respect to the Plan or any transaction arising under the Plan.

14. Amendment or Termination.

(a) Administrator's Discretion. The Administrator may, at any time and for any reason, terminate or amend the Plan. Except as provided in Section 12, no such termination can affect Options previously granted, provided that an Offering Period may be terminated by the Administrator on any Exercise Date if the Administrator determines that such termination is in the best interests of the Company and its stockholders. Except as provided herein, no amendment may make any change in any Option theretofore granted that adversely affects the rights of any participant. To the extent necessary to comply with and qualify under Rule 16b-3 or under Section 423 (or any successor rule or provision or any other applicable law or regulation), the Administrator shall obtain stockholder approval of amendments to the Plan in such a manner and to such a degree as required.

(b) Administrative Modifications. Without stockholder consent (except as specifically required by applicable law or regulation) and without regard to whether any participant rights may be considered to have been adversely affected, the Administrator shall be entitled to amend the Plan to the extent necessary to comply with and qualify under Rule 16b-3 and Section 423, change the Purchase Periods and/or Offering Periods, limit the frequency and/or number of changes in payroll deductions during Purchase Periods and/or Offering Periods, establish the exchange ratio applicable to amounts withheld in a currency other than U.S. dollars, permit payroll withholding in excess of the amount designated by a participant to adjust for delays or mistakes in the Company's processing of properly completed withholding elections, establish reasonable waiting and adjustment periods and/or accounting and crediting procedures to ensure that amounts applied toward the purchase of Common Stock for each participant properly correspond with amounts withheld from the participant's Compensation, and establish such other limitations or procedures as the Administrator determines in its sole discretion to be advisable and which are consistent with the Plan.

15. Term of Plan.

The Plan shall become effective upon the first Enrollment Date after its approval by the stockholders of the Company and shall continue in effect for a term of twenty (20) years unless sooner terminated pursuant to Section 14.

16. Miscellaneous.

(a) Notices. All notices or other communications by a participant to the Company under or in connection with the Plan shall be deemed to have been duly given when received in the form specified by the Company at the location, or by the person, designated by the Company for the receipt thereof.

(b) Subsidiaries. The Administrator may from time to time in its discretion permit persons who are employees of any Subsidiary whose customary employment is for more than five months per calendar year and for more than 20 hours per week to participate in the Plan on the same terms as Eligible Employees hereunder.

(c) Stockholder Approval. The Plan shall be subject to approval by the stockholders of the Company within twelve months before or after the date the Board adopts the Plan. If such stockholder approval is not obtained, the Plan and all rights to the Common Stock purchased under the Plan shall be null and void and shall have no effect.

(d) Additional Restrictions of Rule 16b-3. The terms and conditions of Options granted hereunder to, and the purchase of shares by, persons subject to Section 16 of the Exchange Act shall comply with the applicable provisions of Rule 16b-3. This Plan shall be deemed to contain, and such Options shall contain, and the shares issued upon exercise thereof shall be subject to, such additional conditions and restrictions as may be required by Rule 16b-3 to qualify for the maximum exemption from Section 16 of the Exchange Act with respect to Plan transactions.

(e) No Employment Rights. The Plan does not, directly or indirectly, create any right for the benefit of an employee or class of employees to purchase any shares under the Plan, or create in any employee or class of employees any right with respect to continuation of employment by the Company, and it shall not be deemed to interfere in any way with the Company's right to terminate, or otherwise modify, an employee's employment at any time.

(f) Applicable Law. The laws of the State of California shall govern all matters relating to the Plan, except to the extent (if any) superseded by the laws of the United States.

(g) Headings. Headings used herein are for convenience of reference only and do not affect the meaning or interpretation of the Plan.
