WSFS FINANCIAL CORPORATION

WSFS Financial Corporation is parent to WSFS Bank, the seventh oldest bank and trust company in the United States continuously operating under the same name. A permanent fixture in this community, WSFS has been in operation for more than 180 years. In addition to its focus on stellar customer service, the Bank has continued to fuel growth and remain a leader in our community. We are a relationship-focused, locally-managed, community banking institution that has grown to become the largest thrift holding company in the State of Delaware, one of the top commercial lenders in the state, the third largest bank in terms of Delaware deposits and among the top trust companies in the country. For the third year in a row, our Associates (what we call our employees) ranked us the “Top Workplace” in Delaware and this fall Delaware News Journal’s readers voted us the “Top Bank” in the state. We state our mission simply: We Stand for Service and Strengthening Our Communities.

Our core banking business is commercial lending funded by customer-generated deposits. We have built a \$2.2 billion commercial loan portfolio by recruiting the best seasoned commercial lenders in our markets and offering a high level of service and flexibility typically associated with a community bank. We fund this business primarily with deposits generated through commercial relationships and retail deposits in our 52 banking and trust offices located in Delaware (42), Pennsylvania (8), Virginia (1) and Nevada (1). We also offer a broad variety of consumer loan products, retail securities and insurance brokerage services through our retail branches.

We have two consolidated subsidiaries, WSFS Bank and Montchanin Capital Management, Inc. (Montchanin) and one unconsolidated affiliate, WSFS Capital Trust III (the Trust).

WSFS Bank has two wholly owned subsidiaries, WSFS Investment Group, Inc. and Monarch Entity Services, LLC (Monarch). WSFS Investment Group Inc. markets various third-party investment and insurance products, such as single-premium annuities, whole life policies and securities primarily through the Bank’s retail banking system and directly to the public. Monarch provides commercial domicile services which include employees, directors, sublease of office facilities and registered agent services in Delaware and Nevada.

We offer trust and wealth management services through Christiana Trust, Cypress Capital Management, LLC (Cypress) and our Private Banking group (collectively, our "Wealth Management Group"). The Christiana Trust division provides investment, fiduciary, agency and commercial domicile services from locations in Delaware and Nevada and has over \$13 billion in assets under administration. These services are provided to individuals and families as well as corporations and institutions. The Christiana Trust division of WSFS Bank provides these services to customers locally, nationally and internationally making use of the advantages of its branch facilities in Delaware and Nevada. Cypress is an investment advisory firm that manages more than \$600 million of portfolios for individuals, trusts, retirement plans and endowments.

Our Cash Connect division is a premier provider of ATM Vault Cash and related services in the United States. Cash Connect manages nearly \$455 million in vault cash in nearly 13,000 ATMs nationwide and also provides online reporting and ATM cash management, predictive cash ordering, armored carrier management, ATM processing and equipment sales. Cash Connect also operates over 430 ATMs for WSFS Bank, which owns, by far, the largest branded ATM network in Delaware.

WSFS POINTS OF DIFFERENTIATION

While all banks offer similar products and services, we believe that WSFS has set itself apart from other banks in our market and the industry in general. Also, community banks including WSFS have been able to distinguish themselves from large national or international banks that fail to provide their

customers with the service levels, responsiveness and local decision making they want. The following factors summarize what we believe are our points of differentiation.

Building Associate Engagement and Customer Advocacy

Our business model is built on a concept called Human Sigma, which we have implemented in our strategy of “Engaged Associates delivering Stellar Service to create Customer Advocates”, resulting in a high performing, very profitable company. The Human Sigma model, identified by Gallup, Inc., begins with Associates who have taken ownership of their jobs and therefore perform at a higher level. We invest significantly in recruitment, training, development and talent management as our Associates are the cornerstone of our model. This strategy motivates Associates, and unleashes innovation and productivity to engage our most valuable asset, our customers, by providing them Stellar Service experiences. As a result, we create Customer Advocates, or customers who have built an emotional attachment to the Bank. Research studies continue to show a direct link between Associate engagement, customer engagement and a company’s financial performance.

Surveys conducted for us by Gallup, Inc. indicate:

- Our Associate Engagement scores consistently rank in the top quartile of companies polled. In 2011 our engagement ratio was 13.4, which means there are 13.4 engaged Associates for every disengaged Associate. This compares to a 2.6:1 ratio in 2003 and a national average of 1.47:1. Gallup, Inc. defines “world-class” as 8:1.
- Customer surveys rank us in the top 10% of all companies Gallup, Inc. surveys. More than 44% of our customers ranked us a “five” out of “five,” strongly agreeing with the statement “I can’t imagine a world without WSFS” and nearly 70% of our customers ranked us a “five” out of “five”, strongly agreeing with the statement “WSFS is the perfect bank for me.”

By fostering a culture of engaged and empowered Associates, we believe we have become an employer of choice in our market. During each of the past five years, we were ranked among the top five “Best Places to Work” by The Wilmington News Journal. In 2011, for the third year in a row, we were recognized by the News Journal as the “Top Work Place” for large corporations in the State of Delaware. This year, a News Journal survey of its readers also ranked us the “Top Bank” in Delaware.

Community Banking Model

Our size and community banking model play a key role in our success. Our approach to business combines a service-oriented culture with a strong complement of products and services, all aimed at meeting the needs of our retail and business customers. We believe the essence of being a community bank means that we are:

- Small enough to offer customers responsive, personalized service and direct access to decision makers.

- Large enough to provide all the products and services needed by our target market customers.

As the financial services industry has consolidated, many independent banks have been acquired by national companies that have centralized their decision-making authority away from their customers and focused their mass-marketing to a regional or even national customer base. We believe this trend has frustrated smaller business owners who have become accustomed to dealing directly with their bank's senior executives and has discouraged retail customers who often experience deteriorating levels of service in branches and other service outlets. Additionally, it frustrates bank employees who are no longer empowered to provide good and timely service to their customers.

WSFS Bank offers:

- One point of contact. Each of our Relationship Managers is responsible for understanding his or her customers' needs and bringing together the right resources in the Bank to meet those needs.
- A customized approach to our clients. We believe this gives us an advantage over our competitors who are too large or centralized to offer customized products or services.
- Products and services that our customers value. This includes a broad array of banking, cash management and trust and wealth management products, as well as a legal lending limit high enough to meet the credit needs of our customers, especially as they grow.
- Rapid response and a company that is easy to do business with. Our customers tell us this is an important differentiator from larger, in-market competitors.

Strong Market Demographics

Delaware is situated in the middle of the Washington, DC - New York corridor which includes the urban markets of Philadelphia and Baltimore. The state benefits from this urban concentration as well as from a unique political environment that has created a favorable law and legal structure, a business-friendly environment and a fair tax system. Additionally, Delaware is one of only seven states with a AAA bond rating from the three predominant rating agencies. Delaware's rate of unemployment, median household income and rate of population growth all compare favorably to national averages.

(Most recent available statistics)	Delaware	National Average
Unemployment (For May 2012) (1)	6.8%	8.2%
Median Household Income (2006-2010) (2)	\$ 57,599	\$ 51,914
Population Growth (2000-2010) (3)	14.6%	9.7%

(1) Bureau of Labor Statistics, Economy at a Glance; (2) U.S. Census Bureau, State & County Quick Facts; (3) U.S. Census Bureau, Population Estimates

Balance Sheet Management

We put a great deal of focus on actively managing our balance sheet. This manifests itself in:

- Prudent capital levels. Maintaining prudent capital levels is key to our operating philosophy. At June 30, 2012, our tangible common equity ratio was 7.59%. All regulatory capital levels for WSFS Bank maintained a meaningful cushion above well-capitalized levels. WSFS Bank's Tier 1 capital ratio was 12.74% as of June 30, 2012, approximately a \$216 million cushion in excess of the 6% "well-capitalized" level, and the total risk-based capital ratio was 13.99%, more than \$128 million above a "well-capitalized" level of 10.00%.
- We maintain discipline in our lending, including planned portfolio diversification. Additionally, we take a proactive approach to identifying trends in our business and lending market and have responded to areas of concern. For instance, in 2005 we limited our exposure to construction and land development (CLD) loans as we anticipated an end to the expansion in housing prices. As of June 30, 2012, CLD loans represent only 3% of our total loans. In 2009 and 2010, we increased our portfolio monitoring and reporting sophistication and hired additional senior credit administration and asset disposition professionals to manage our portfolio. We diversify our loan portfolio to limit our exposure to any single type of credit. Such discipline supplements careful underwriting and the benefits of knowing our customers.
- We seek to minimize credit risk in our investment portfolio and use this portion of our balance sheet primarily to help us manage liquidity and interest rate risk, while providing some marginal income. As a result, we have had no exposure to Freddie Mac or Fannie Mae preferred securities or Trust Preferred securities. Our securities purchases have been almost exclusively AAA-rated credits. This philosophy and pre-purchase due diligence has allowed us to avoid the significant investment write-downs taken by many of our bank peers (only \$86,000 of other-than-temporary impairment charges recorded during this cycle to date).

However, we have been subject to many of the same pressures facing the banking industry. The extended recession negatively impacted our customers and, as a result, impacted our credit costs and the measures of our credit quality. The measures we have taken strengthen our credit position by diversifying risk and limiting exposure, but do not insulate us from the effects of this recession. However, we have been active in hiring experienced management for our credit and workout teams and have been active in managing our portfolio. Over the past year we have seen continued asset quality stabilization and improvement in key asset quality indicators and a decrease in our total credit costs.

Disciplined Capital Management

We understand that our capital (or shareholders' equity) belongs to our shareholders. They have entrusted this capital to us with the expectation that it will earn an adequate return relative to the risk we take. Mindful of this balance, we prudently but aggressively manage our shareholders' capital.

Strong Performance Expectations and Alignment with Shareholder Priorities

We are focused on high-performing, long-term financial goals. We define "high-performing" as the top quintile of a relevant peer group in return on assets (ROA), return on equity (ROE) and earnings per share (EPS) growth. Management incentives are, in large part, based on driving performance in these areas. More details on these incentive plans are included in our annual meeting proxy statement.

Over the past two years in particular we have invested in building our company in the wake of significant local market disruption. This has enhanced our franchise and provided significant growth opportunity. However, the rate of our earnings growth was likewise impacted. In 2012, we reached the end of this strategic investment stage and have turned our focus to optimizing these ample investments and growing our bottom line, while continuing to improve asset quality.

Growth

Our successful long-term trend in lending and deposit gathering, along with our Wealth Management Group's success at growing assets under administration, has been the result of a focused strategy that provides the service, responsiveness and careful execution of a community bank and trust company in a consolidating marketplace. We will continue to grow by:

- Developing talented, service-minded Associates. We have successfully recruited Associates with strong ties to, and the passion to serve, their communities to enhance our service in existing markets and provide a strong start in new communities. We also focus efforts on developing talent and leadership from our current Associate base to better equip those Associates for their jobs and prepare them for leadership roles at WSFS.
- Embracing the Human Sigma concept. We are committed to building Associate Engagement and Customer Advocacy as a way to differentiate ourselves and grow our franchise.

RISK FACTORS

An investment in our securities involves significant risks. Before making an investment decision, you should carefully read and consider the risk factors incorporated by reference in this prospectus, as well as those contained in any applicable prospectus supplement, as the same may be updated from time to time by our future filings with the SEC under the Exchange Act. You should also refer to other information contained in or incorporated by reference in this prospectus and any applicable prospectus supplement, including our financial statements and the related notes incorporated by reference herein or therein. Additional risks and uncertainties not presently known to us at this time or that we currently deem immaterial may also materially and adversely affect our business and operations.

USE OF PROCEEDS

Unless otherwise set forth in a prospectus supplement, we intend to use the net proceeds from the sale of the securities for general corporate purposes. General corporate purposes may include, among other purposes, contribution to the capital of WSFS Bank, to support its lending and investing activities; the repayment of our debt; redemption, repurchase or other acquisition of our capital stock, including our Series A Preferred Stock and a warrant issued in connection with our participation in the U.S. Treasury's Troubled Asset Relief Program ("TARP") ("Treasury Warrant"); to support or fund acquisitions of other institutions or branches, if opportunities for such transactions become available; and investments in activities which are permitted for savings and loan holding companies. We may temporarily invest funds that we do not immediately need for these purposes in investment securities or use them to make payments on our borrowings. The applicable prospectus supplement will provide details on the use of proceeds of any specific offering.

RATIO OF EARNINGS TO FIXED CHARGES AND PREFERRED STOCK DIVIDENDS

Our consolidated ratio of earnings to fixed charges and preferred stock dividends for each of the periods indicated is as follows:

	Six Months Ended		Years Ended December 31,				
	2012	2011	2011	2010	2009(2)	2008	2007
Ratio of Earnings to Fixed Charges and Preferred Stock Dividends:(1)							
Excluding interest on deposits	3.35x	2.20x	2.50x	1.63x	0.82x	1.59x	1.84x
Including interest on deposits	2.25x	1.60x	1.77x	1.33x	0.91x	1.29x	1.40x

- (1) Earnings have been calculated by adding combined fixed charges to consolidated income from continuing operations before income taxes. Combined fixed charges, excluding interest on deposits, consist of interest expense, amortization of deferred financing costs and preferred stock dividends. For all periods, we computed the ratios of earnings to combined fixed charges and preferred stock dividends by dividing earnings by combined fixed charges. If we do not redeem any shares of Series A Preferred Stock prior to February 15, 2014, the cost of this capital to us will increase substantially on and after that date, with the dividend rate on the shares of Series A Preferred Stock increasing from 5.0% to 9.0% per annum, which would adversely affect our ratio of earnings to combined fixed charges and preferred stock dividends.
- (2) For 2009, the deficiency amounted to \$5.2 million.

DESCRIPTION OF CAPITAL STOCK

Our authorized capital stock consists of:

- 20,000,000 shares of Common Stock, par value \$0.01 per share; and
- 7,500,000 shares of preferred stock, par value \$0.01 per share.

As of August 8, 2012, there were 8,709,286 shares of our Common Stock issued and outstanding and 52,625 shares of our preferred stock issued and outstanding, all of which consisted of our Series A Preferred Stock.

In this section we describe certain features and rights of our capital stock. The summary does not purport to be exhaustive and is qualified in its entirety by reference to our Amended and Restated Certificate of Incorporation (“Certificate of Incorporation”) and bylaws and to applicable Delaware law.

Common Stock

General. Each holder of Common Stock is entitled to one vote for each share on all matters to be voted upon by the common stockholders. There is cumulative voting with respect to the election of directors. Subject to preferences to which holders of any shares of preferred stock may be entitled, holders of Common Stock are entitled to receive ratably any dividends that may be declared from time to time by the Board of Directors out of funds legally available for that purpose. In the event of our liquidation, dissolution or winding up, holders of Common Stock will be entitled to share in our assets remaining after the payment or provision for payment of our debts and other liabilities, and the satisfaction of the liquidation preferences of the holders of the Series A Preferred Stock and any other series of our preferred stock then outstanding. Holders of Common Stock have no preemptive or conversion rights or other subscription rights. There are no redemption or sinking fund provisions that apply to the Common Stock. All shares of Common Stock currently outstanding are fully paid and nonassessable. The rights, preferences and privileges of the holders of Common Stock are subject to, and may be adversely affected by, the rights of the holders of shares of any series of preferred stock that we may designate in the future.

Transfer Agent

The transfer agent and registrar for our Common Stock is American Stock Transfer and Trust.

Preferred Stock

Our Certificate of Incorporation permits our Board of Directors to authorize the issuance of up to 7,500,000 shares of preferred stock, par value \$0.01 per share, in one or more series, without stockholder action. The Board of Directors can fix the designation, powers, preferences and rights of each series. Therefore, without approval of the holders of our Common Stock or the Series A Preferred Stock (except as may be required under the terms of the Series A Preferred Stock or by the rules of the NASDAQ Stock Market or any other exchange or market on which our securities may then be listed or quoted), our Board of Directors may authorize the issuance of preferred stock with voting, dividend, liquidation and conversion and other rights that could dilute the voting power or other rights or adversely affect the market value of our Common Stock and the Series A Preferred Stock and may assist management in impeding any unfriendly takeover or attempted change in control. See “—Anti-Takeover Effects – Authorized Shares.”

Prior to the issuance of a new series of preferred stock, we will amend our Certificate of Incorporation by filing a certificate of designations that will designate the number of shares of that series and the terms of that series. The issuance of any preferred stock could adversely affect the rights of the holders of Common Stock and, therefore, reduce the value of the Common Stock. The ability of our Board of Directors to issue preferred stock could discourage, delay or prevent a takeover or other corporate action.

The terms of any particular series of preferred stock will be described in the prospectus supplement relating to that particular series of preferred stock, including, where applicable:

- the designation, stated value and liquidation preference of such preferred stock and the number of shares offered;
- the offering price;

- the dividend rate or rates (or method of calculation), the date or dates from which dividends shall accrue, and whether such dividends shall be cumulative or noncumulative and, if cumulative, the dates from which dividends shall commence to cumulate;
- any redemption or sinking fund provisions;
- the amount that shares of such series shall be entitled to receive in the event of our liquidation, dissolution or winding-up;
- the terms and conditions, if any, on which shares of such series shall be convertible or exchangeable for shares of our stock of any other class or classes, or other series of the same class;
- the voting rights, if any, of shares of such series;
- the status as to reissuance or sale of shares of such series redeemed, purchased or otherwise reacquired, or surrendered to us on conversion or exchange;
- the conditions and restrictions, if any, on the payment of dividends or on the making of other distributions on, or the purchase, redemption or other acquisition by us or any subsidiary, of the Common Stock or of any other class of our shares ranking junior to the shares of such series as to dividends or upon liquidation;
- the conditions and restrictions, if any, on the creation of indebtedness of us or of any subsidiary, or on the issuance of any additional stock ranking on a parity with or prior to the shares of such series as to dividends or upon liquidation; and
- any additional dividend, liquidation, redemption, sinking or retirement fund and other rights, preferences, privileges, limitations and restrictions of such preferred stock.

Unless otherwise specified in the applicable prospectus supplement, each series of preferred stock will, upon issuance, rank senior to the Common Stock and on parity in all respects with each other outstanding series of preferred stock. The rights of the holders of our preferred stock will be subordinate to those of our general creditors. The description of any series of preferred stock which may be issued is qualified by reference to the provisions of the applicable certificate of amendment establishing the terms of such series.

The transfer agent and registrar for the preferred stock will be set forth in the applicable prospectus supplement.

Series A Preferred Stock

The Series A Preferred Stock constitutes a single series of our preferred stock, consisting of 52,625 shares, par value \$0.01 per share, having a liquidation preference amount of \$1,000 per share. The Series A Preferred Stock has no maturity date. We issued the shares of Series A Preferred Stock, together with the Treasury Warrant, to Treasury on January 23, 2009, in connection with the Capital Purchase Program, also known as the “Troubled Asset Relief Program” or “TARP”, for a purchase price of \$52.6 million. In March 2012, Treasury sold its shares of our Series A Preferred Stock in an underwritten public offering.

Dividends

Rate. Dividends on the Series A Preferred Stock are payable quarterly in arrears, when, as and if authorized and declared by our Board of Directors out of legally available funds, on a cumulative basis on the \$1,000 per share liquidation preference amount plus the amount of accrued and unpaid dividends for any prior dividend periods, at a rate of (i) 5% per annum, from the original issuance date to but excluding the first day of the first dividend period commencing after the fifth anniversary of the original issuance date (i.e., 5% per annum from January 23, 2009 to but excluding February 15, 2014), and (ii) 9% per annum, from and after the first day of the first dividend period commencing after the fifth anniversary of the original issuance date (i.e., 9% per annum on and after February 15, 2014). Dividends are payable quarterly in arrears on February 15, May 15, August 15 and November 15 of each year, commencing on February 15, 2009. Each dividend will be payable to holders of record as they appear on our stock register on the applicable record date, which will be the 15th calendar day immediately preceding the related dividend payment date (whether or not a business day), or such other record date determined by our Board of Directors that is not more than 60 nor less than ten days prior to the related dividend payment date. Each period from and including a dividend payment date (or the date of the issuance of the Series A Preferred Stock) to but excluding the following dividend payment date is referred to as a “dividend period.” Dividends payable for each dividend period are computed on the basis of a 360-day year consisting of twelve 30-day months. If a scheduled dividend payment date falls on a day that is not a business day, the dividend will be paid on the next business day as if it were paid on the scheduled dividend payment date, and no interest or other additional amount will accrue on the dividend. The term “business day” means any day except Saturday, Sunday and any day on which banking institutions in the State of New York generally are authorized or required by law or other governmental actions to close.

Dividends on the Series A Preferred Stock will be cumulative. If for any reason our Board of Directors does not declare a dividend on the Series A Preferred Stock for a particular dividend period, or if the Board of Directors declares less than a full dividend, we will remain obligated to pay the unpaid portion of the dividend for that period and the unpaid dividend will compound on each subsequent dividend date (meaning that dividends for future dividend periods will accrue on any unpaid dividend amounts for prior dividend periods).

We are not obligated to pay holders of the Series A Preferred Stock any dividend in excess of the dividends on the Series A Preferred Stock that are payable as described above. There is no sinking fund with respect to dividends on the Series A Preferred Stock.

Priority of Dividends. So long as the Series A Preferred Stock remains outstanding, we may not declare or pay a dividend or other distribution on our Common Stock or any other shares of Junior Stock (other than dividends payable solely in Common Stock) or Parity Stock (other than dividends paid on a pro rata basis with the Series A Preferred Stock), and we generally may not directly or indirectly purchase, redeem or otherwise acquire any shares of Common Stock, Junior Stock or Parity Stock unless all accrued and unpaid dividends on the Series A Preferred Stock for all past dividend periods are paid in full.

“Junior Stock” means our Common Stock and any other class or series of our stock the terms of which expressly provide that it ranks junior to the Series A Preferred Stock as to dividend rights and/or as to rights on liquidation, dissolution or winding up of WSFS. We currently have no outstanding class or series of stock constituting Junior Stock other than our Common Stock.

“Parity Stock” means any class or series of our stock, other than the Series A Preferred Stock, the terms of which do not expressly provide that such class or series will rank senior or junior to the Series A Preferred Stock as to dividend rights and/or as to rights on liquidation, dissolution or winding up of WSFS, in each case without regard to whether dividends accrue cumulatively or non-cumulatively. We currently have no outstanding class or series of stock constituting Parity Stock.

Liquidation Rights

In the event of any voluntary or involuntary liquidation, dissolution or winding up of the affairs of WSFS, holders of the Series A Preferred Stock will be entitled to receive for each share of Series A Preferred Stock, out of the assets of WSFS or proceeds available for distribution to our stockholders, subject to any rights of our creditors, before any distribution of assets or proceeds is made to or set aside for the holders of our Common Stock and any other class or series of our stock ranking junior to the Series A Preferred Stock, payment of an amount equal to the sum of (i) the \$1,000 liquidation preference amount per share and (ii) the amount of any accrued and unpaid dividends on the Series A Preferred Stock (including dividends accrued on any unpaid dividends). To the extent the assets or proceeds available for distribution to stockholders are not sufficient to fully pay the liquidation payments owing to the holders of the Series A Preferred Stock and the holders of any other class or series of our stock ranking equally with the Series A Preferred Stock, the holders of the Series A Preferred Stock and such other stock will share ratably in the distribution.

For purposes of the liquidation rights of the Series A Preferred Stock, neither a merger nor consolidation of WSFS with another entity nor a sale, lease or exchange of all or substantially all of WSFS' assets will constitute a liquidation, dissolution or winding up of the affairs of WSFS.

Redemptions and Repurchases

We may redeem the Series A Preferred Stock, at any time, in whole or in part, at our option, subject to prior approval by the appropriate federal banking agency, for a redemption price equal to 100% of the liquidation preference amount per share of the Series A Preferred Stock plus any accrued and unpaid dividends to but excluding the date of redemption (including dividends accrued on any unpaid dividends), provided that any declared but unpaid dividend payable on a redemption date that occurs subsequent to the record date for the dividend will be payable to the holder of record of the redeemed shares on the dividend record date.

To exercise the redemption right described above, we must give notice of the redemption to the holders of record of the Series A Preferred Stock by first class mail, not less than 30 days and not more than 60 days before the date of redemption. Each notice of redemption given to a holder of Series A Preferred Stock must state: (i) the redemption date; (ii) the number of shares of Series A Preferred Stock to be redeemed and, if less than all the shares held by such holder are to be redeemed, the number of such shares to be redeemed from such holder; (iii) the redemption price; and (iv) the place or places where certificates for such shares are to be surrendered for payment of the redemption price. In the case of a partial redemption of the Series A Preferred Stock, the shares to be redeemed will be selected either pro rata or in such other manner as our Board of Directors determines to be fair and equitable.

Shares of Series A Preferred Stock that we redeem, repurchase or otherwise acquire will revert to authorized but unissued shares of preferred stock, which may then be reissued by us as any series of preferred stock other than the Series A Preferred Stock.

No Conversion Rights

Holders of the Series A Preferred Stock have no right to exchange or convert their shares into Common Stock or any other securities.

Voting Rights

The holders of the Series A Preferred Stock do not have voting rights other than those described below, except to the extent specifically required by Delaware law.

Whenever dividends have not been paid on the Series A Preferred Stock for six or more quarterly dividend periods, whether or not consecutive, the authorized number of directors of WSFS will automatically increase by two, and the holders of the Series A Preferred Stock will have the right, with the holders of shares of any other classes or series of Voting Parity Stock outstanding at the time, voting together as a class, to elect two directors (the "Preferred Directors") to fill such newly created directorships at our next annual meeting of stockholders (or at a special meeting called for that purpose prior to the next annual meeting) and at each subsequent annual meeting of stockholders until all accrued and unpaid dividends for all past dividend periods on all outstanding shares of Series A Preferred Stock have been paid in full, at which time this right will terminate with respect to the Series A Preferred Stock, subject to revesting in the event of each and every subsequent default by us in the payment of dividends on the Series A Preferred Stock.

No person may be elected as a Preferred Director who would cause us to violate any corporate governance requirements of any securities exchange or other trading facility on which our securities may then be listed or traded that listed or traded companies must have a majority of independent directors. Upon any termination of the right of the holders of the Series A Preferred Stock and Voting Parity Stock as a class to vote for directors as described above, the Preferred Directors will cease to be qualified as directors, the terms of office of all Preferred Directors then in office will terminate immediately, and the authorized number of directors will be reduced by the number of Preferred Directors which had been elected by the holders of the Series A Preferred Stock and the Voting Parity Stock. Any Preferred Director may be removed at any time, with or without cause, and any vacancy created by such a removal may be filled, only by the affirmative vote of the holders of a majority of the outstanding shares of Series A Preferred Stock voting separately as a class together with the holders of shares of Voting Parity Stock, to the extent the voting rights of such holders described above are then exercisable. If the office of any Preferred Director becomes vacant for any reason other than removal from office, the remaining Preferred Director may choose a successor who will hold office for the unexpired term of the office in which the vacancy occurred.

The term "Voting Parity Stock" means with regard to any matter as to which the holders of the Series A Preferred Stock are entitled to vote, any series of Parity Stock (as defined under "—Dividends-Priority of Dividends") upon which voting rights similar to those of the Series A Preferred Stock have been conferred and are exercisable with respect to such matter. We currently have no outstanding shares of Voting Parity Stock.

Under federal regulations, if the holders of the Series A Preferred Stock are or become entitled to vote for the election of directors, the Series A Preferred Stock may then be deemed a "class of voting securities" and a holder of 10% or more of the Series A Preferred Stock that is a company may then be subject to regulation as a savings and loan holding company. In addition, at such time as the Series A Preferred Stock is deemed a class of voting securities, (a) any bank holding company may be required to obtain the approval of the Federal Reserve to acquire more than 5% of the Series A Preferred Stock and (b) any person may be required to obtain the approval of the Office of the Comptroller of the Currency (the "OCC") to acquire or retain 10% or more of the Series A Preferred Stock.

In addition to any other vote or consent required by Delaware law or by our Certificate of Incorporation, the vote or consent of the holders of at least 66 2/3% of the outstanding shares of Series A Preferred Stock, voting as a separate class, is required in order to do the following:

- amend our Certificate of Incorporation or the Certificate of Designations to the Certificate of Incorporation which sets forth the terms of the Series A Preferred Stock to authorize or create or increase the authorized amount of, or any issuance of, any shares of, or any securities convertible into or exchangeable or exercisable for shares of, any class or series of stock ranking senior to the Series A Preferred Stock with respect to the payment of dividends and/or the distribution of assets on any liquidation, dissolution or winding up of WSFS; or
- amend our Certificate of Incorporation or the Certificate of Designations to the Certificate of Incorporation which sets forth the terms of the Series A Preferred Stock in a way that materially and adversely affect the rights, preferences, privileges or voting powers of the Series A Preferred Stock; or
- consummate a binding share exchange or reclassification involving the Series A Preferred Stock or a merger or consolidation of WSFS with another entity, unless (i) the shares of Series A Preferred Stock remain outstanding or, in the case of a merger or consolidation in which WSFS is not the surviving or resulting entity, are converted into or exchanged for preference securities of the surviving or resulting entity or its ultimate parent, and (ii) the shares of Series A Preferred Stock remaining outstanding or such preference securities, have such rights, preferences, privileges, voting powers, limitations and restrictions, taken as a whole, as are not materially less favorable than the rights, preferences, privileges, voting powers, limitations and restrictions of the Series A Preferred Stock prior to consummation of the transaction, taken as a whole;

provided, however, that (1) any increase in the amount of our authorized but unissued shares of preferred stock, and (2) the creation and issuance, or an increase in the authorized or issued amount, of any other series of preferred stock, or any securities convertible into or exchangeable or exercisable for any other series of preferred stock, ranking equally with and/or junior to the Series A Preferred Stock with respect to the payment of dividends, whether such dividends are cumulative or non-cumulative and the distribution of assets upon our liquidation, dissolution or winding up, will not be deemed to materially and adversely affect the rights, preferences, privileges or voting powers of the Series A Preferred Stock and will not require the vote or consent of the holders of the Series A Preferred Stock.

To the extent holders of the Series A Preferred Stock are entitled to vote, holders of shares of the Series A Preferred Stock will be entitled to one vote for each share then held.

The voting provisions described above will not apply if, at or prior to the time when the vote or consent of the holders of the Series A Preferred Stock would otherwise be required, all outstanding shares of the Series A Preferred Stock have been redeemed by us or called for redemption upon proper notice and sufficient funds have been set aside by us for the benefit of the holders of Series A Preferred Stock to effect the redemption.

Anti-takeover Effects

The provisions of our Certificate of Incorporation and bylaws summarized in the following paragraphs may have anti-takeover effects and could delay, defer, or prevent a tender offer or takeover attempt that a stockholder might consider to be in such stockholder's best interest, including those attempts that might result in a premium over the market price for the shares held by stockholders, and may make removal of the incumbent management and directors more difficult.

Authorized Shares. Our Certificate of Incorporation authorizes the issuance of 20,000,000 shares of Common Stock and 7,500,000 shares of preferred stock. These shares of Common Stock and preferred stock provide our Board of Directors with as much flexibility as possible to effect, among other transactions, financings, acquisitions, stock dividends, stock splits and the exercise of employee stock options. However, these additional authorized shares may also be used by the Board of Directors consistent with its fiduciary duty to deter future attempts to gain control of us. The Board of Directors also has sole authority to determine the terms of any one or more series of preferred stock, including voting rights, conversion rates, and liquidation preferences. As a result of the ability to fix voting rights for a series of preferred stock, the Board has the power to the extent consistent with its fiduciary duty to issue a series of preferred stock to persons friendly to management in order to attempt to block a tender offer, merger or other transaction by which a third party seeks control of us, and thereby assist members of management to retain their positions.

Special Meetings of Stockholders. Our bylaws provide that special meetings of stockholders may be called by our Board of Directors by vote of a majority of the directors. Stockholders are not entitled to call special meetings of stockholders.

Action by Stockholders Without A Meeting. Our bylaws provide that no action may be taken by stockholders without a meeting.

Consideration of Non-Monetary Factors. Our Certificate of Incorporation provides that when considering any offer to purchase or otherwise acquire all or a substantial part of the Company, the Board may consider all relevant factors including the social and economic effects of the acceptance of such offer on the Company's customers, employees, communities and other constituencies.

Delaware Interested Stockholder Statute. Section 203 of the Delaware General Corporation Law limits our ability to enter into business combination transactions with any interested shareholder for three years following the interested shareholder's stock acquisition date, unless (i) the board of directors approves the business combination or the stock acquisition prior to the interested stockholder's stock acquisition date; (ii) upon completion of the transaction, the interested stockholder would own at least 85% of the outstanding shares of the corporation; or (iii) the business combination is approved by the Board and subsequently approved by the stockholders by a vote of at least 66 2/3 percent of the outstanding shares which are not owned by the interested stockholder.

An interested stockholder includes:

- a beneficial owner, directly or indirectly, of 15% or more of our outstanding voting stock; or
- an affiliate or associate of WSFS who, at any time within the three years prior to the date in question was a beneficial owner, directly or indirectly, of 15% or more of the outstanding voting stock.

Amendment of Certificate of Incorporation and Bylaws. Our Certificate of Incorporation generally may be amended upon approval by the Board of Directors and the holders of a majority of the outstanding shares of our Common Stock. Our bylaws may be amended either by the Board of Directors, by a vote of a majority of the whole Board, or by our stockholders, by the vote of the holders of at least a majority of the voting power of the outstanding shares of capital stock entitled to vote generally in the election of directors, voting together as a single class.

Advance Notice Provisions. Our bylaws provide that we must receive written notice of any stockholder proposal for business at an annual meeting of stockholders, or any stockholder director

nomination for an annual meeting of stockholders, not less than 90 days or more than 120 days before the anniversary date of the preceding year's annual meeting.

DESCRIPTION OF WARRANTS

We may issue, together with other securities or separately, warrants to purchase our Common Stock, preferred stock or depositary shares. We may issue the warrants under warrant agreements to be entered into between us and a bank or trust company, as warrant agent, all as set forth in the applicable prospectus supplement. The warrant agent would act solely as our agent in connection with the warrants of the series being offered and would not assume any obligation or relationship of agency or trust for or with any holders or beneficial owners of warrants.

This section, along with the description in the applicable prospectus supplement, is a summary of certain provisions of the forms of warrant agreements and warrant certificates and is not complete. We urge you to read any applicable warrant agreements and warrant certificates, because those documents, and not these descriptions, define your rights as a holder of warrants. We will file copies of the forms of the warrant agreements and warrant certificates as exhibits to the registration statement of which this prospectus is a part or an amendment thereto, or as exhibits to a Current Report on Form 8-K.

The applicable prospectus supplement will describe the following terms, where applicable, of warrants in respect of which this prospectus is being delivered:

- the title of the warrants;
- the designation, amount and terms of the securities for which the warrants are exercisable and the procedures and conditions relating to the exercise of such warrants;
- the designation and terms of the other securities, if any, with which the warrants are to be issued and the number of warrants issued with each such security;
- the price or prices at which the warrants will be issued;
- the aggregate number of warrants;
- any provisions for adjustment of the number or amount of securities receivable upon exercise of the warrants or the exercise price of the warrants;
- the price or prices at which the securities purchasable upon exercise of the warrants may be purchased;
- if applicable, the date on and after which the warrants and the securities purchasable upon exercise of the warrants will be separately transferable;
- if applicable, a discussion of the material U.S. federal income tax considerations applicable to the warrants;
- any other terms of the warrants, including terms, procedures and limitations relating to the exchange and exercise of the warrants;
- the date on which the right to exercise the warrants shall commence and the date on which the right shall expire;

- the maximum or minimum number of warrants which may be exercised at any time;
- whether the warrants are to be issued in registered or bearer form;
- whether the warrants are extendible and the period or periods of such extendibility; and
- information with respect to book-entry procedures, if any.

Before exercising their warrants, holders of warrants will not have any of the rights of holders of the securities purchasable upon such exercise, including the right to receive dividends, if any, or payments upon our liquidation, dissolution or winding-up or to exercise voting rights, if any.

Each warrant will entitle the holder thereof to purchase for cash the amount of shares of Common Stock or preferred stock at the exercise price as will in each case be set forth in, or be determinable as set forth in, the applicable prospectus supplement. Warrants may be exercised at any time up to the close of business on the expiration date set forth in the applicable prospectus supplement. After the close of business on the expiration date, unexercised warrants will become void. Warrants may be exercised as set forth in the applicable prospectus supplement relating to the warrants offered thereby. Upon receipt of payment and the warrant certificate properly completed and duly executed at the corporate trust office of the warrant agent or any other office indicated in the applicable prospectus supplement, we will, as soon as practicable, forward the purchased securities. If less than all of the warrants represented by the warrant certificate are exercised, a new warrant certificate will be issued for the remaining warrants.

Each warrant agent will act solely as our agent under the applicable warrant agreement and will not assume any obligation or relationship of agency or trust with any holder of any warrant. A single bank or trust company may act as warrant agent for more than one issue of warrants. A warrant agent will have no duty or responsibility in case of any default by us under the applicable warrant agreement or warrant, including any duty or responsibility to initiate any proceedings at law or otherwise, or to make any demand upon us. Any holder of a warrant may, without the consent of the related warrant agent or the holder of any other warrant, enforce by appropriate legal action its right to exercise, and receive the securities purchasable upon exercise of, that holder's warrant(s).

Treasury Warrant

This section summarizes specific terms and provisions of the Treasury Warrant we issued to Treasury on January 23, 2009 concurrent with our sale to Treasury of 52,625 shares of Series A Preferred Stock pursuant to the TARP Capital Purchase Program. The description of the warrant contained in this section is qualified in its entirety by the actual terms of the warrant, a copy of which was attached as Exhibit 4.2 to our Current Report on Form 8-K filed on January 23, 2009, and incorporated by reference into this prospectus. See "Where You Can Find More Information."

General

The Treasury Warrant gives the holder the right to initially purchase up to 175,105 shares of our Common Stock at an exercise price of \$45.08 per share. Subject to the limitations on exercise to which Treasury is subject described under "—Transferability," the Treasury Warrant is immediately exercisable and expires on January 23, 2019. The exercise price may be paid (i) by having us withhold from the shares of Common Stock that would otherwise be issued to the Treasury Warrant holder upon exercise, a number of shares of Common Stock having a market value equal to the aggregate exercise price or (ii) if both we and the Treasury Warrant holder consent, in cash.

Transferability

The Treasury Warrant is not subject to any restrictions on transfer.

Voting of Treasury Warrant Shares

Treasury has agreed that it will not vote any of the shares of Common Stock that it acquires upon exercise of the Treasury Warrant. This does not apply to any other person who acquires any portion of the Treasury Warrant, or the shares of Common Stock underlying the Treasury Warrant, from Treasury.

Other Adjustments

The exercise price of the Treasury Warrant and the number of shares underlying the Treasury Warrant automatically adjust upon the following events:

- any stock split, stock dividend, subdivision, reclassification or combination of our Common Stock;
- A pro rata repurchase by us of our Common Stock; or
- a determination by our Board of Directors to make an adjustment to the anti-dilution provisions as are reasonably necessary, in the good faith opinion of the Board, to protect the purchase rights of the Treasury Warrant holders.

In addition, if we declare any dividends or distributions on our Common Stock other than our historical, ordinary cash dividends, dividends paid in our Common Stock and other dividends or distributions covered by the first bullet point above, the exercise price of the Treasury Warrant will be adjusted to reflect such distribution.

In the event of any merger, consolidation, or other business combination to which we are a party, the Treasury Warrant holder's right to receive shares of our Common Stock upon exercise of the Treasury Warrant will be converted into the right to exercise the Treasury Warrant to acquire the number of shares of stock or other securities or property (including cash) which the Common Stock issuable upon exercise of the Treasury Warrant immediately prior to such business combination would have been entitled to receive upon consummation of the business combination. For purposes of the provision described in the preceding sentence, if the holders of our Common Stock have the right to elect the amount or type of consideration to be received by them in the business combination, then the consideration that the Treasury Warrant holder will be entitled to receive upon exercise will be the amount and type of consideration received by a majority of the holders of the Common Stock who affirmatively make an election.

No Rights as Stockholders

The Treasury Warrant does not entitle its holder to any of the rights of a stockholder of WSFS prior to exercise.

Peninsula Warrant

On July 27, 2009, we entered into a Stock Purchase Agreement (the "Peninsula Agreement") with Peninsula Investment Partners, L.P., a Delaware limited partnership ("Peninsula"). Pursuant to the Agreement, on September 24, 2009, Peninsula purchased 862,069 shares of our authorized but unissued Common Stock and a warrant (the "Peninsula Warrant") directly from us in a single private placement

transaction for a purchase price of \$29.00 per share, or approximately \$25 million, in cash. On December 12, 2011, the Peninsula Warrant was assigned to the managing member of Peninsula's general partner.

This section summarizes specific terms and provisions of the Peninsula Warrant. The description of the Peninsula Warrant contained in this section is qualified in its entirety by the actual terms of the Peninsula Warrant, a copy of which was attached as Exhibit 4 to our Current Report on Form 8-K dated July 27, 2009, and incorporated by reference into this prospectus. See "Where You Can Find More Information."

General

The Peninsula Warrant gives the holder the right to purchase up to 129,310 shares of our Common Stock at an exercise price of \$29.00 per share. The Peninsula Warrant is immediately exercisable and expires on July 27, 2019. The exercise price may be paid (i) by having us withhold from the shares of Common Stock that would otherwise be issued to the Peninsula Warrant holder upon exercise, a number of shares of Common Stock having a market value equal to the aggregate exercise price, if the fair market value of one share of Common Stock is greater than the exercise price of the Peninsula Warrant, or (ii) in cash.

Transferability

The Peninsula Warrant became transferable upon registration under the Securities Act, but does not provide voting rights. However, shares acquired upon exercise of the Peninsula Warrant have voting rights in common with all other shares of our Common Stock outstanding.

Other Adjustments

The exercise price of the Peninsula Warrant and the number of shares underlying the Peninsula Warrant automatically adjust upon the following events:

- any stock split, stock dividend, subdivision, reclassification or combination of our Common Stock;
- A pro rata repurchase by us of our Common Stock; or
- a determination by our Board of Directors to make an adjustment to the anti-dilution provisions as are reasonably necessary, in the good faith opinion of the Board, to protect the purchase rights of the Peninsula Warrant holder.

In addition, if we declare any dividends or distributions on our Common Stock other than our historical, ordinary cash dividends, dividends paid in our Common Stock and other dividends or distributions covered by the first bullet point above, the exercise price of the Peninsula Warrant will be adjusted to reflect such distribution.

In the event of any merger, consolidation, or other business combination to which we are a party, the Peninsula Warrant holder's right to receive shares of our Common Stock upon exercise of the Peninsula Warrant will be converted into the right to exercise the Peninsula Warrant to acquire the number of shares of stock or other securities or property (including cash) which the Common Stock issuable upon exercise of the Peninsula Warrant immediately prior to such business combination would have been entitled to receive upon consummation of the business combination. For purposes of the provision described in the preceding sentence, if the holders of our Common Stock have the right to elect

the amount or type of consideration to be received by them in the business combination, then the consideration that the Peninsula Warrant holder will be entitled to receive upon exercise will be the amount and type of consideration received by a majority of the holders of the Common Stock who affirmatively make an election.

No Rights as Stockholders

The Peninsula Warrant does not entitle its holder to any of the rights of a stockholder of WSFS prior to exercise.

DESCRIPTION OF DEPOSITARY SHARES

We may offer fractional interests in shares of our preferred stock, rather than full shares of preferred stock. If we do, we will provide for the issuance by a depositary to the public of receipts for depositary shares, each of which will represent a fractional interest in a share of a particular series of preferred stock.

The shares of any series of preferred stock underlying the depositary shares will be deposited under a separate deposit agreement between us and a bank or trust company having its principal office in the United States and having a combined capital and surplus of such amount as may be set forth in the applicable prospectus supplement, which we refer to in this section as the depositary. We will name the depositary in the applicable prospectus supplement. Subject to the terms of the deposit agreement, each owner of a depositary share will have a fractional interest in all the rights and preferences of the preferred stock underlying the depositary share. Those rights include any dividend, voting, redemption, conversion and liquidation rights.

The depositary shares will be evidenced by depositary receipts issued under the deposit agreement. If you purchase fractional interests in shares of the related series of preferred stock, you will receive depositary receipts as described in the applicable prospectus supplement. Unless we specify otherwise in the applicable prospectus supplement, you will not be entitled to receive the whole shares of preferred stock underlying the depositary shares.

Unless otherwise provided in the applicable prospectus supplement or required by law, the form of depositary receipt evidencing the depositary shares and any provision of the deposit agreement may be amended at any time by an agreement between us and the depositary. Unless otherwise provided in the applicable prospectus supplement or required by law, a deposit agreement may be terminated by either the depositary or us only if:

- all outstanding depositary shares relating to the deposit agreement have been redeemed; or
- there has been a final distribution on the preferred stock of the relevant series in connection with our liquidation, dissolution or winding up and the distribution has been distributed to the holders of the related depositary receipts evidencing the depositary shares.

If necessary, the prospectus supplement will provide a description of U.S. Federal income tax consequences relating to the purchase and ownership of the series of depositary shares offered by that prospectus supplement.

We will pay all transfer and other taxes and governmental charges arising solely from the existence of the depositary arrangements. We will pay charges of the depositary associated with the initial deposit and any redemption of the preferred stock. Holders of depositary shares will pay transfer and

other taxes and governmental charges, and any other charges that are stated to be their responsibility in the deposit agreement.

The depositary will forward to the holders of depositary shares all reports and communications that it receives from us, and that we are required to furnish to the holders of the preferred stock. The description in the applicable prospectus supplement and other offering material of any depositary shares we offer will not necessarily be complete and will be qualified in its entirety by reference to the applicable depositary agreement, which will be filed with the SEC if we offer depositary shares, and the terms of the underlying preferred stock.

DESCRIPTION OF UNITS

We may issue units comprising one or more of the securities described in this prospectus in any combination. Each unit will be issued so that the holder of the unit also is the holder of each security included in the unit. Thus, the holder of a unit will have the rights and obligations of a holder of each included security. The unit agreement under which a unit is issued may provide that the securities included in the unit may not be held or transferred separately at any time or at any time before a specified date.

The applicable prospectus supplement relating to the units we may offer will include specific terms relating to the offering, including, among others: the designation and terms of the units and of the securities comprising the units, and whether and under what circumstances those securities may be held or transferred separately; any provision for the issuance, payment, settlement, transfer or exchange of the units or of the securities comprising those units; and whether the units will be issued in fully registered or global form.

The description in the applicable prospectus supplement and other offering material of any units we offer will not necessarily be complete and will be qualified in its entirety by reference to the applicable unit agreement, which will be filed with the SEC if we offer units. For more information on how you can obtain copies of the applicable unit agreement if we offer units, see “Incorporation of Certain Information by Reference” and “Where You can Find More Information”. We urge you to read the applicable unit agreement and the applicable prospectus supplement and any other offering material in their entirety.

DESCRIPTION OF DEBT SECURITIES

The following is a description of the material features, terms and provisions of debt securities that we may offer. This summary does not purport to be exhaustive and may not contain all the information that is important to you. Therefore, you should read the applicable prospectus supplement relating to those debt securities and any other offering materials that we may provide.

We may issue debt securities from time to time in one or more series. Unless otherwise stated in the applicable prospectus supplement, we will not be limited in the amount of debt securities that we may issue, and neither the senior debt securities nor the subordinated debt securities will be secured by any of our property or assets. Thus, by owning debt securities, you are one of our unsecured creditors, unless otherwise provided in a supplemental indenture.

We are a holding company and conduct substantially all of our operations through subsidiaries. As a result, claims of holders of debt securities will generally have a junior position to claims of creditors of our subsidiaries (including, without limitation, WSFS Bank), except to the extent that we may be recognized as a creditor of those subsidiaries. In addition, our right to participate as a stockholder in any distribution of assets of any subsidiary (and thus the ability of holders of debt securities to benefit from such distribution as our creditors) is junior to creditors of each subsidiary, including depositors of WSFS Bank.

We may issue senior debt securities or subordinated debt securities under one or separate indentures, which may be supplemented or amended from time to time. Senior debt securities will be issued under one or more senior indentures and subordinated debt securities will be issued under one or more subordinated indentures. Any senior debt indentures and subordinated debt indentures are referred to individually in this prospectus as the “indenture” and collectively as the “indentures.” The particular terms of a series of debt securities will be described in a prospectus supplement relating to such series of debt securities. Any indentures will be subject to and governed by the Trust Indenture Act of 1939, as amended, and may be supplemented or amended from time to time following their execution and will be filed as exhibits to the registration statement of which this prospectus forms a part or incorporated therein by reference.

Any indentures will contain the full legal text of the matters described in this section of the prospectus. Because this section is a summary, it does not describe every aspect of the debt securities or any applicable indentures. This summary is therefore subject to and is qualified in its entirety by reference to all the provisions of any applicable indenture, including any definitions of terms used in such indenture. Your rights will be defined by the terms of any applicable indenture, not the summary provided herein. This summary is also subject to and qualified by reference to the description of the particular terms of a particular series of debt securities described in the applicable prospectus supplement or supplements.

The debt securities may be denominated and payable in U.S. dollars. We may also issue debt securities, from time to time, with the principal amount, interest or other amounts payable on any relevant payment date to be determined by reference to one or more currency exchange rates, securities or baskets of securities, commodity prices, indices or any other financial, economic or other measure or instrument, including the occurrence or non-occurrence of any event or circumstance. In addition, we may issue debt securities as part of any units issued by us. All references in this prospectus or any prospectus supplement to other amounts will include premiums, if any, other cash amounts payable under the applicable indenture, and the delivery of securities or baskets of securities under the terms of the debt securities. Debt securities may bear interest at a fixed rate, which may be zero, or a floating rate.

Some of the debt securities may be issued as original issue discount debt securities. Original issue discount securities bear no interest or bear interest at below market rates and will be sold at a discount below their stated principal amount. A prospectus supplement relating to an issue of original issue discount securities will contain information relating to United States federal income tax, accounting, and other special considerations applicable to original issue discount securities.

We will set forth in the applicable prospectus supplement the terms, if any, on which a series of debt securities may be convertible into or exchangeable for our preferred stock, Common Stock or other securities. We will include provisions as to whether conversion or exchange is mandatory, at the option of the holder or at our option. We may include provisions pursuant to which the number of shares of our preferred stock, Common Stock or other securities that holders of the series of debt securities receive would be subject to adjustment.

We will generally have no obligation to repurchase, redeem, or change the terms of debt securities upon any event (including a merger, consolidation, change in control or disposition of substantially all of our assets) that might have an adverse effect on our credit quality.

Terms of Debt Securities to be Included in the Prospectus Supplement

The prospectus supplement relating to any series of debt securities that we may offer will set forth the price or prices at which the debt securities will be offered, and will contain the specific terms of the debt securities of that series. These terms may include, without limitation, the following:

- the title of the debt securities and whether they are senior debt securities or senior subordinated debt securities;
- the amount of debt securities issued and any limit on the amount that may be issued;

- if other than the principal amount of those debt securities, the portion of the principal amount payable upon declaration of acceleration of the maturity of those debt securities;
- the maturity date or dates, or the method for determining the maturity date or dates, on which the principal of the debt securities will be payable and any rights of extension;
- the rate or rates, which may be fixed or variable, or the method of determining the rate or rates at which the debt securities will bear interest, if any;
- the date or dates from which any interest will accrue and the date or dates on which any interest will be payable, the regular related record dates and whether we may elect to extend or defer such interest payment dates;
- the place or places where payments will be payable, where the debt securities may be surrendered for registration of transfer or exchange and where notices or demands to or upon us may be served;

- the period or periods within which, the price or prices at which and the other terms and conditions upon which the debt securities may be redeemed, in whole or in part, at our option, if we are to have such an option;
- our obligation, if any, to redeem, repay or purchase the debt securities pursuant to any sinking fund or analogous provision or at the option of a holder of the debt securities, and the period or periods within which, or the date and dates on which, the price or prices at which and the other terms and conditions upon which the debt securities will be redeemed, repaid or purchased, in whole or in part, pursuant to that obligation;
- the currency or currencies in which the debt securities may be purchased, are denominated and are payable, which may be a foreign currency or units of two or more foreign currencies or a composite currency or currencies, and the related terms and conditions, including whether we or the holders of any such debt securities may elect to receive payments in respect of such debt securities in a currency or currency unit other than that in which such debt securities are stated to be payable;
- whether the amount of payments of principal of and premium, if any, or interest, if any, on the debt securities may be determined with reference to an index, formula or other method, which index, formula or method may, but need not be, based on a currency, currencies, currency unit or units or composite currency or currencies or with reference to changes in prices of particular securities or commodities, and the manner in which the amounts are to be determined;
- any additions to, modifications of or deletions from the terms of the debt securities with respect to events of default, amendments, merger, consolidation and sale or covenants set forth in the applicable indenture;
- whether the debt securities will be in registered or bearer form or both and, if in registered form, their denominations, if other than \$1,000 and any integral multiple thereof, and, if in bearer form, their denominations, if other than \$5,000, and the related terms and conditions;
- if the debt securities will be issuable only in global form, the depository or its nominee with respect to the debt securities and the circumstances under which the global security may be registered for transfer or exchange in the name of a person other than the depository or its nominee;
- the applicability, if any, of the defeasance and covenant defeasance provisions of the indenture and any additional or different terms on which the series of debt securities may be defeased;
- whether and the extent to which the debt securities will be guaranteed, any guarantors and the form of any guarantee;
- whether the debt securities can be converted into or exchanged for other securities of WSFS and the related terms and conditions;
- in the case of senior subordinated debt securities, provisions relating to any modification of the subordination provisions described elsewhere in this prospectus;

- whether the debt securities will be sold as part of units consisting of debt securities and other securities;
- whether the debt securities will be issued in certificated or book-entry form;
- if the debt securities are to be issued upon the exercise of warrants, the time, manner and place for the debt securities to be authenticated and delivered;
- any trustee, depositary, authenticating agent, paying agent, transfer agent, registrar or other agent with respect to the debt securities; and
- any other terms of the debt securities.

PLAN OF DISTRIBUTION

We may sell the securities being offered hereby, from time to time, by one or more of the following methods, or any combination thereof:

- to or through underwriters or dealers, with or without an underwriting syndicate, for them to offer and sell to the public;
- directly to one or more purchasers in negotiated purchases or in competitively bid transactions;
- through designated agents;
- directly to holders of warrants exercisable for our securities upon the exercise of warrants; or
- through a combination of any of these methods of sale.

Each time that we use this prospectus to sell our securities, we will also provide a prospectus supplement that contains the specific terms of the offering. We will set forth the terms of the offering of securities in a prospectus supplement, including:

- the name or names of any underwriters, dealers, or agents and the type and amounts of securities underwritten or purchased by each of them;
- the public offering price of the securities and the proceeds to us and any discounts, commissions or concessions allowed or reallocated or paid to underwriters or dealers; and
- any delayed delivery arrangements.

The offer and sale of the securities described in this prospectus by us, the underwriters, or the third parties described above may be effected from time to time in one or more transactions, either:

- at a fixed price or prices, which may be changed;
- at market prices prevailing at the time of sale;

- in “at the market offerings,” within the meaning of Rule 415(a)(4) of the Securities Act, to or through a market maker or into an existing trading market, on an exchange, or otherwise;
- at prices related to the prevailing market prices; or
- at negotiated prices.

Any public offering price and any discounts or concessions allowed or reallocated or paid to dealers may be changed from time to time.

Unless otherwise specified in the related prospectus supplement, each series of securities will be a new issue with no established trading market, other than shares of our Common Stock, which are listed on NASDAQ. Any Common Stock sold pursuant to a prospectus supplement will be listed on NASDAQ, subject to official notice of issuance. We may elect to list any series of preferred stock on an exchange, but we are not obligated to do so. It is possible that one or more underwriters may make a market in the securities, but such underwriters will not be obligated to do so and may discontinue any market making at any time without notice. No assurance can be given as to the liquidity of, or the trading market for, any offered securities.

If underwriters are used in the sale of any securities, the securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. The securities may be either offered to the public through underwriting syndicates represented by managing underwriters, or directly by underwriters. Generally, the underwriters’ obligations to purchase the securities will be subject to certain conditions precedent. The underwriters will be obligated to purchase all of the securities if they purchase any of the securities.

If we use dealers in the sale of securities, we will sell securities to such dealers as principals. The dealers may then resell the securities to the public at varying prices to be determined by such dealers at the time of resale. We may solicit offers to purchase the securities directly, and we may sell the securities directly to institutional or other investors, who may be deemed underwriters within the meaning of the Securities Act with respect to any resales of those securities. The terms of these sales will be described in the applicable prospectus supplement. If we use agents in the sale of securities, unless otherwise indicated in the prospectus supplement, they will use their reasonable best efforts to solicit purchases for the period of their appointment. Unless otherwise indicated in a prospectus supplement, if we sell directly, no underwriters, dealers or agents would be involved. We will not make an offer of securities in any jurisdiction that does not permit such an offer.

We may sell the securities through agents from time to time. The prospectus supplement will name any agent involved in the offer or sale of our securities and any commissions we pay to them. Generally, any agent will be acting on a best efforts basis for the period of its appointment.

We may authorize underwriters, dealers, or agents to solicit offers by certain purchasers to purchase our securities at the public offering price set forth in the prospectus supplement pursuant to delayed delivery contracts providing for payment and delivery on a specified date in the future. The contracts will be subject only to those conditions set forth in the prospectus supplement, and the prospectus supplement will set forth any commissions or discounts we pay for solicitation of these contracts. The maximum compensation to be received by any participating FINRA members will not be greater than eight (8) percent for the sale of any securities being registered.

Agents and underwriters may be entitled to indemnification by us against certain civil liabilities, including liabilities under the Securities Act, or to contribution with respect to payments that the agents or underwriters may be required to make in respect thereof. Agents and underwriters may be customers of, engage in transactions with, or perform services for us in the ordinary course of business.

In connection with any offering, the underwriters may purchase and sell securities in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater number of securities than they are required to purchase in an offering. Stabilizing transactions consist of certain bids or purchases of the offered securities or any underlying securities made for the purpose of preventing or retarding a decline in the market price of the securities while an offering is in progress. These activities by the underwriters may stabilize, maintain or otherwise affect the market price of the securities. As a result, the price of the securities may be higher than the price that otherwise might exist in the open market. If these activities are commenced, they may be discontinued by the underwriters at any time. These transactions may be effected on an exchange or automated quotation system, if the securities are listed on an exchange or admitted for trading on an automated quotation system, in the over-the-counter market, or otherwise.

We may enter into derivative transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. If the applicable prospectus supplement indicates in connection with those derivatives then the third parties may sell securities covered by this prospectus and the applicable prospectus supplement, including in short sale transactions. If so, the third party may use securities pledged by us or borrowed from us or others to settle those sales or to close out any related open borrowings of stock, and may use securities received from us in settlement of those derivatives to close out any related open borrowings of securities. The third party in such sale transactions will be an underwriter and will be identified in the applicable prospectus supplement (or a post-effective amendment).

Legal fees and expenses*	\$ 20,000
Accounting fees and expenses*	\$ 12,000

Item 15. Indemnification of Officers and Directors

The Registrant has authority under Delaware General Corporation Law to indemnify its directors and officers to the extent provided in such statute. The Registrant’s Certificate of Incorporation provides that the Registrant shall indemnify its executive officers and directors to the fullest extent permitted by law either now or hereafter. In general, Delaware law permits a Delaware corporation to indemnify its directors, officers, employees and agents, and persons serving at the corporation’s request in such capacities for another enterprise against liabilities arising from conduct that such persons reasonably believed to be in, or not opposed to, the best interests of the corporation and, with respect to any criminal action or proceeding, had no reasonable cause to believe their conduct was unlawful.

The provisions of the Delaware General Corporation Law that authorize indemnification do not eliminate the duty of care of a director and, in appropriate circumstances, equitable remedies such as injunctive or other forms of nonmonetary relief will remain available under Delaware law. In addition, each director will continue to be subject to liability for (a) violations of the criminal law, unless the director had reasonable cause to believe his conduct was lawful or had no reasonable cause to believe his conduct was unlawful, (b) deriving an improper personal benefit from a transaction, (c) voting for or assenting to an unlawful distribution, and (d) willful misconduct or a conscious disregard for the best interests of the Registrant in a proceeding by or in the right of the Registrant to procure a judgment in its favor or in a proceeding by or in the right of a shareholder. The statute does not affect a director’s responsibilities under any other law, such as the federal securities laws or state or federal environmental laws.

At present, there is no pending litigation or proceeding involving a director or officer of the Registrant as to which indemnification is being sought from the Registrant, nor is the Registrant aware of

any threatened litigation that may result in claims for indemnification from the Registrant by any officer or director.

Further, the Registrant may purchase and maintain insurance on behalf of any person who is or was a director, officer, employee, or agent of the Registrant or is or was serving at the request of the Registrant as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against any liability asserted against him and incurred by him in any such capacity or arising out of his status as such, whether or not the Registrant would have the power to indemnify him against such liability under the provisions of the Certificate of Incorporation.

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement; and

II-3

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that Paragraphs (1)(i), (1)(ii) and (1)(iii) of this section do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the Registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) Each prospectus filed by the Registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the Registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities: The undersigned Registrant undertakes that in a primary offering of securities of an undersigned Registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned Registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of an undersigned Registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned Registrant or used or referred to by the undersigned Registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned Registrant or its securities provided by or on behalf of the undersigned Registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned Registrant to the purchaser.

(6) That, for purposes of determining any liability under the Securities Act of 1933, each filing of the Registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(7) To file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of section 310 of the Trust Indenture Act in accordance with the rules and regulations prescribed by the Commission under section 305(b)(2) of the Trust Indenture Act.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.
