Safe Harbor Statement

This document includes "forward -looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Forward -looking statements may be identified by the use of words such as "anticipate," "believe," "expect," "estimate," "plan," "outlook," and "project" and other similar expressions that predict or indicate future events or trends or that are not statements of historical matters. These statements are based on current expectations and beliefs of Charles River Laboratories ("Charles River") and WuXi PharmaTech (Cayman) Inc ("WuXi"), and involve a number of risks and uncertainties that could cause actual results to differ materially from those stated or implied by the forward-looking statements. Those risks and uncertainties include, but are not limited to: 1) the possibility that the companies may be unable to obtain stockholder or regulatory approvals required for the combination; 2) problems may arise in successfully integrating the businesses of the two companies (including retention of key executives); 3) the acquisition may involve unexpected costs; 4) the combined company may be unable to achieve cost and revenue synergies or achieve potential revenue growth and non-GAAP margin expansion; 5) the businesses may suffer as a result of uncertainty surrounding the acquisition; and 6) the industry may be subject to future regulatory or legislative actions and other risks that are described in Securities and Exchange Commission ("SEC") reports filed or furnished by Charles River and WuXi.

In addition, these statements include the combined financial outlook of Charles River for 2011 and anticipated use of cash flow, the availability of funding for our customers and the impact of economic and market conditions on them generally, the anticipated strength of our balance sheet, the effects of our 2009 and 2010 cost-saving actions and other actions designed to manage expenses, operating costs and capital spending, and to streamline efficiency, and the ability of the Company to withstand the current market conditions. Forward-looking statements are based on Charles River's current expectations and beliefs, and involve a number of risks and uncertainties that are difficult to predict and that could cause actual results to differ materially from those stated or implied by the forward -looking statements. Those risks and uncertainties include, but are not limited to: the ability to successfully integrate the businesses we acquire; the ability to successfully develop and commercialize SPC's technology platform; a decrease in research and development spending, a decrease in the level of outsourced services, or other cost reduction actions by our customers; the ability to convert backlog to sales; special interest groups; contaminations; industry trends; new displacement technologies; USDA and FDA regulations; changes in law; continued availability of products and supplies; loss of key personnel; interest rate and foreign currency exchange rate fluctuations; changes in tax regulation and laws; changes in generally accepted accounting principles; and any changes in business, political, or economic conditions due to the threat of future terrorist activity in the U.S. and other parts of the world, and related U.S. military action overseas. A further description of these risks, uncertainties, and other matters can be found in the Risk Factors detailed in Charles River's Annual Report on Form 10-K as filed on February 19, 2010 and Quarterly Report on Form 10-Q as filed on April 29, 2010, as well as other filings we make with the SEC.

Because forward -looking statements involve risks and uncertainties, actual results and events may differ materially from results and events currently expected by Charles River and WuXi. Charles River and WuXi assume no obligation and expressly disclaim any duty to update information contained in this filing except as required by law.

Non-GAAP Financial Measures

This presentation includes discussion of non-GAAP financial measures. We believe that the inclusion of these non-GAAP financial measures provides useful information to allow investors to gain a meaningful understanding of our core operating results and future prospects, without the effect of one-time charges, consistent with the manner in which management measures and forecasts the Company's performance. The non-GAAP financial measures included in this presentation are not meant to be considered superior to or a substitute for results of operations prepared in accordance with GAAP. The company intends to continue to assess the potential value of reporting non-GAAP results consistent with applicable rules and regulations.

The Charles River shares to be issued in the proposed transaction have not been and will not be registered under the Securities Act of 1933, as amended (the "Securities Act"), and may not be offered or sold in the United States absent registration or an applicable exemption from registration requirements. Charles River intends to issue such Charles River shares pursuant to the exemption from registration set forth in Section 3(a)(10) of the Securities Act.

Charles River and WuXi: A Transformational Combination

- [] The combination creates the first fully integrated global early-stage contract research organization (CRO)
 - * Offers a full range of products and services from molecule creation to first-in-human testing
 - * Leverages increasing strategic importance of China
- [] Drives Charles River (CRL) shareholder value through profitable growth and higher combined margins
 - * Expanded portfolio drives increased sales
- [] Provides compelling value to clients, meeting their needs for early-stage drug development efforts on a global basis

4

Timing of the Acquisition is Key

- [] Critical inflection point in terms of rapid client consolidation and infrastructure reductions
 - * Accelerating need for strategic outsourcing
- [] Clients are reducing the number of strategic partners to those with financial strength, scientific depth, global footprint and an expanding portfolio of services
- [] As client strategies evolve, next 12-24 months are key to gaining significant business pursuant to longer-term contracts
- [] CRL is a stronger organization due to PCS reorganization, sales force realignment, ERP implementation and Six Sigma initiative[] PCS business has stabilized
- [] WuXi will achieve its vision of becoming a global integrated service provider on an accelerated basis

5

Drives Profitable Revenue Growth

[] Global outsourced discovery chemistry segment is estimated to be at least \$2B in 2010, with a mid-teens CAGR over the next 3-5 years*

* Currently ~20-30% outsourced

[] Growth in Discovery Chemistry and other downstream services accelerated by pharma outsourcing

* Service biology, DMPK/ADME, formulation, process research, bioanalytical chemistry, manufacturing

[] Emerging opportunity for Manufacturing services

* Active pharmaceutical ingredients (APIs) for clinical trials and commercial-scale manufacturing

[] Emerging opportunity for GLP safety assessment in China

* Source: Citigroup Global Markets, Deutsche Bank and Company estimates.

6

Enhances Top-Line Growth Potential by 200 BPS

'11-'13E Growth Potential	Growth Drivers
[GRAPHIC OMITTED]	[] Improved demand for models used in toxicology
	[] Standard ~2% average annual price increase
	[] Continued double-digit growth of In Vitro business
	[] Demand improves as clients refocus spending on preclinical compounds and reduce internal infrastructure
	[] Pricing gradually improves as capacity fills
	[] Enhanced outsourcing penetration for discovery chemistry and other services
	[] Ramp up of commercial-scale manufacturing services
	[] Continued growth of China-based laboratory services

* Based on 2009 reported revenues, Discovery Services is comprised of WuXi's business (\$270M), excluding its U.S.-based Laboratory Services business (\$64M) and toxicology services, and including Charles River's Discovery and Imaging Services business (~\$20M -- partial year for Piedmont and Cerebricon) .

7

Revenue Synergies

- [] Cross-selling and combined sales force create incremental opportunity to drive more business upstream and downstream with existing and prospective clients based on unprecedented scope of early-stage portfolio
- [] Increased presence and scale in the emerging China market
- [] Mid-tier and academic accounts where WuXi has limited penetration and CRL has significant share
 - * Leverage CRL sales force of ~200 professionals to drive strategic outsourcing
- [] Focus on expanding existing client partnerships
 - * Cross-selling opportunities

These synergies further enhance top-line growth potential

2011 Combined Financial Outlook(1)

Revenue (2)	At least \$1,675M
Non-GAAP Operating Margin %	Approx. 22%
Non-GAAP EPS	At least \$2.70

- [] Does not include the positive impact of expected revenue synergies from cross-selling and combined sales force
- [] Increasingly accretive beyond 2011
- (1) Combined financial information is presented as a supplementary non-GAAP financial measure, and is not intended to be superior to or a substitute for any financial measure prepared in accordance with GAAP. Furthermore, combined financial information is not equivalent to pro forma financial information as may be included in any proxy statement Charles River will file with the SEC in connection with this transaction. For example, combined financial information does not give effect to adjustments likely to be found in pro forma financial information such as increased amortization and depreciation. Items excluded from non-GAAP EPS consist of all deal-related costs including repatriation impact.
- (2) Reflects weakening of the Euro and British Pound on foreign exchange.

10

2011 General Assumptions(1)

- [] Expect to recognize ~\$20M of cost synergies
 - * Public company costs, SG-and-A, and refinement of operating structure
- [] ~4.5% average interest rate on new debt
 - * Term A rate expected to be LIBOR plus 275bps
- [] New debt of less than \$950M
 - [] Existing term loan is repaid
 - * Debt amortization begins in 4Q10 (after close)
 - [] Expect to accelerate repayment with cash flow
- [] Consolidated CRL non-GAAP tax rate expected to be ~25%-26%
- [] ~86-87M CRL fully diluted shares outstanding post-close
- (1) Combined financial information is presented as a supplementary non-GAAP financial measure, and is not intended to be superior to or a substitute for any financial measure prepared in accordance with GAAP. Furthermore, combined financial information is not equivalent to pro forma financial information as may be included in any proxy statement Charles River will file with the SEC in connection with this transaction. For example, combined financial information does not give effect to adjustments likely to be found in pro forma financial information such as increased amortization and depreciation. Items excluded from non-GAAP EPS consist of all deal-related costs including repatriation impact.

11

Enthusiastic Client Response

- [] Senior management of CRL and WX each have reviewed the transaction with their respective top 20 pharmaceutical and biotechnology clients
 - * Response has been overwhelmingly positive
 - * Follow-up meetings have been scheduled/initiated
- [] Clients are viewing this transformational combination as a strategic fit for the combined company, which offers them the opportunity to acquire more products and services from a single, larger entity
 - * Clients are requesting a more integrated approach to buying end-to-end services across the drug development continuum
- [] Value of CRL brand seen as an advantage in terms of standardizing products and services in China

12

Cultural Fit
