Subject/title: Answering questions about the CVS Health/Aetna agreement

CVS Health has agreed to acquire Aetna. This combination advances Aetna's strategy of being a leader in the future of health care and supports its goal of helping members achieve their best health.

More information can be found at www.Aetna.com.

If you receive questions from members, plan sponsors or providers about this agreement, please reference the Q&A below.

Why is this combination good for consumers?

CVS Health and Aetna are joining to revolutionize the consumer health care experience. The new company will use CVS Health's 9,700 retail stores to establish entirely new community health hubs dedicated to improving consumer wellbeing and answering questions about health, prescription drugs and health care benefits.

Will I see any changes in the products and services I will get from Aetna on January 1 as a result of this acquisition?

The CVS Health announcement has no impact on our program with Aetna. Your benefits are not changing. The dedicated service team at Aetna is well prepared to deliver the benefits of our program starting on January 1, 2018, as planned.

Over time, we expect the combined CVS Health and Aetna company to offer new health and wellness-related services that make access to affordable, high quality care more convenient. Aetna will inform you of any new offerings in advance so that you can decide how to take advantage of them.

Will I have to fill all my prescriptions at a CVS pharmacy?

Your prescription benefits are not changing. You will continue filling your prescriptions as you do today. Express Scripts is your Pharmacy Benefit Manager and this is not changing.

I'm a provider; will my primary point of contact or my reimbursement change as a result of this transaction?

Aetna and CVS Health will continue to operate in all respects as two separate companies until the transaction closes, which they expect to happen in the second half of 2018. We will keep you informed of any changes as the closing approaches.
