WACHOVIA CORPORATION

Wachovia Corporation was incorporated under the laws of North Carolina in 1967. We are registered as a financial holding company and a bank holding company under the Bank Holding Company Act of 1956, as amended, and are supervised and regulated by the Board of Governors of the Federal Reserve System. Our banking and securities subsidiaries are supervised and regulated by various federal and state banking and securities regulatory authorities. On September 1, 2001, the former Wachovia Corporation (which we refer to as "Legacy Wachovia") merged with and into First Union Corporation, and First Union Corporation changed its name to "Wachovia Corporation". As used in this prospectus, the terms "'Wachovia,'" "'we,'" "our" and "'us'" refer to Wachovia Corporation, the holding company, and not the consolidated entity.

In addition to North Carolina, Wachovia's full-service banking subsidiaries operate in Connecticut, Delaware, Florida, Georgia, Maryland, New Jersey, New York, Pennsylvania, South Carolina, Virginia and Washington, D.C. These full-service banking subsidiaries provide a wide range of commercial and retail banking and trust services. Wachovia also provides various other financial services, including mortgage banking, home equity lending, leasing, investment banking, insurance and securities brokerage services through other subsidiaries.

In 1985, the Supreme Court upheld regional interstate banking legislation. Since then, Wachovia has concentrated its efforts on building a large regional banking organization in what it perceives to be some of the better banking markets in the eastern United States. Since November 1985, Wachovia has completed over 90 banking-related acquisitions.

Wachovia continually evaluates its business operations and organizational structures to ensure they are aligned closely with its goal of maximizing performance in its core business lines, Capital Management, Wealth Management, the General Bank and Corporate and Investment Banking. When consistent with our overall business strategy, we may consider the disposition of certain of our assets, branches, subsidiaries or lines of business. We continue to routinely explore acquisition opportunities, particularly in areas that would complement our core business lines, and frequently conduct due diligence activities in connection with possible acquisitions. As a result, acquisition discussions and, in some cases, negotiations frequently take place, and future acquisitions involving cash, debt or equity securities can be expected.

Wachovia is a separate and distinct legal entity from its banking and other subsidiaries. Dividends received from our subsidiaries are our principal source of funds to pay dividends on our common and preferred stock and debt service on our debt. Various federal and state statutes and regulations limit the amount of dividends that our banking and other subsidiaries may pay to us without regulatory approval.

Please refer to the Current Report on Form 8-K of Wachovia dated August 30, 2001 for the audited consolidated statements of condition of Legacy Wachovia and subsidiaries as of December 31, 2000 and 1999, and the related consolidated statements of income, shareholders' equity and cash flows for each of the three years in the period ended December 31, 2000, and related notes and report of independent auditors thereto.

Edgar Filing: WACHOVIA CORP NEW - Form S-3

Please refer to the Current Report on Form 8-K of Wachovia dated September 1, 2001 for (a) the unaudited consolidated statements of condition of Legacy Wachovia and subsidiaries as of June 30, 2001, December 31, 2000 and June 30, 2000, the unaudited consolidated statements of income for the three and six months ended June 30, 2001 and June 30, 2000, and the unaudited consolidated statements of shareholders' equity and cash flows for the six months ended June 30, 2001 and June 30, 2000, and the related notes thereto; and (b) First Union Corporation and Legacy Wachovia unaudited pro forma combined condensed balance sheet as of June 30, 2001, and the unaudited pro forma combined condensed statement of income for the six months ended June 30, 2001 and for the year ended December 31, 2000, and the related notes to the unaudited pro forma condensed combined financial information.

2

Wachovia and its affiliates have completed numerous acquisitions of financial services institutions since 1985. These financial services institutions either have merged into Wachovia or wholly-owned subsidiaries of Wachovia. See "General Information Regarding the Debt Securities" for a brief description of the acquisitions of the entities that originally issued the debt securities covered by this prospectus.

CONSOLIDATED RATIOS OF EARNINGS TO FIXED CHARGES

The following table provides Wachovia's consolidated ratios of earnings to fixed charges:

	Six Months Ended June 30, 2001	Year Ended December 31,				
	2001	2000	1999	1998	1997	1996
Consolidated Ratios of Earnings to Fixed Charges						
Excluding interest on deposits.....	1.86x	1.13x	2.29x	2.13x	2.50x	2.58x
Including interest on deposits.....	1.39x	1.06x	1.62x	1.51x	1.57x	1.56x

For purposes of computing these ratios:

- . earnings represent income from continuing operations before extraordinary items and cumulative effect of a change in accounting principle, plus income taxes and fixed charges;
- . fixed charges, excluding interest on deposits, represent interest (including capitalized interest), one-third of rents and all amortization of debt issuance costs; and
- . fixed charges, including interest on deposits, represent all interest (including capitalized interest), one-third of rents and all amortization of debt issuance costs.

One-third of rents is used because it is the proportion deemed

Edgar Filing: WACHOVIA CORP NEW - Form S-3

representative of the interest factor.

GENERAL INFORMATION REGARDING THE DEBT SECURITIES

The debt securities covered by this prospectus were issued by financial services institutions which were subsequently acquired by Wachovia.

- . Wachovia acquired First Fidelity Bancorporation on January 1, 1996, by merging First Fidelity into a wholly-owned subsidiary of Wachovia. On February 26, 1998, this subsidiary merged into Wachovia.
- . Wachovia acquired CoreStates Financial Corp. on April 28, 1998, by merging CoreStates into Wachovia. CoreStates Capital Corp. became a wholly-owned subsidiary of Wachovia as a result of the CoreStates acquisition, and merged into Wachovia on May 15, 1998.
- . CoreStates had previously acquired Meridian Bancorp, Inc. on April 9, 1996, by merging Meridian into CoreStates.
- . Wachovia acquired The Money Store, Inc. on June 30, 1998, by merging a wholly-owned subsidiary of First Union Bank into The Money Store.
- . Wachovia acquired Legacy Wachovia on September 1, 2001, by merging Legacy Wachovia into Wachovia.

As a result of these mergers, Wachovia is responsible for the obligations of First Fidelity Bancorporation, CoreStates, CoreStates Capital Corp., Meridian Bancorp. Inc. and Legacy Wachovia with respect to their debt securities.

The debt securities covered by this prospectus are not deposits or other obligations of a bank and are not insured by the Federal Deposit Insurance Corporation or any other governmental agency.

The debt securities covered by this prospectus have been issued under various indentures between the issuers and the trustees named in this prospectus. A copy of each indenture is incorporated by reference as an exhibit to the registration statement of which this prospectus is a part. As used in this prospectus, the term "issuer" refers to Wachovia.

4

The descriptions of the debt securities and the indentures in this prospectus are only summaries. These descriptions are not complete and are qualified by reference to the indentures, including the definitions of certain terms used in this prospectus. Section references in this prospectus refer to sections of the applicable indenture.

None of the indentures limits the amount of debt securities or of any particular series of debt securities which may be issued under that indenture and each provides that debt securities issued under such indenture may be issued from time to time in one or more series. None of the indentures limits the amount of other debt that may be issued by the issuers or contains financial or similar restrictive covenants relating to the issuers. The issuers expect to incur additional indebtedness.

Wachovia is a legal entity separate and distinct from its subsidiaries. Therefore, the rights of Wachovia to participate in any distribution of assets of any subsidiary upon its liquidation or reorganization or otherwise would be subject to the prior claims of creditors of that subsidiary, except to the extent that Wachovia itself may be recognized as a creditor of that subsidiary.

Edgar Filing: WACHOVIA CORP NEW - Form S-3

The ability of holders of debt securities to benefit indirectly from any such distribution may therefore be limited. Claims on Wachovia's subsidiary banks by other creditors include indebtedness and substantial obligations with respect to deposit liabilities and federal funds purchased, securities sold under repurchase agreements, other short-term borrowings and various other financial obligations.

Except as otherwise specified in this prospectus, none of the debt securities are:

- . redeemable prior to maturity;
- . subject to repayment at the option of the holders prior to maturity; or
- . entitled to the benefit of any sinking fund.

Wachovia or its affiliates may at any time repurchase the debt securities at any price, in the open market or otherwise. Debt securities purchased by Wachovia may be held, resold or surrendered to the applicable trustee for cancellation.

Except as otherwise specified in this prospectus, interest on the debt securities is computed on the basis of a 360-day year of twelve 30-day months.

Subordination of the Subordinated Debt Securities Generally

The obligations of the issuers to pay the principal of and interest on any subordinated debt securities covered by this prospectus are subordinate and junior in right of payment to all "Senior Indebtedness" of Wachovia, as defined in each subordinated indenture. A description of the subordination provisions of each particular series of subordinated debt securities, and of the definition of Senior Indebtedness with respect to that series, is included below under "Description of Assumed Subordinated Debt Securities".

Under the circumstances described below, holders of all Senior Indebtedness, as defined in each applicable indenture, will first be entitled to receive payment in full of all amounts due or to become due before the holders of subordinated debt securities will be entitled to receive any payment. These circumstances include:

- . any payment or distribution of assets to creditors upon liquidation, dissolution, winding up, reorganization, assignment for the benefit of creditors, marshalling of assets or any bankruptcy, insolvency or similar proceedings of an issuer, and
- . acceleration of the maturity of any subordinated debt securities.

As a result of this subordination in favor of the holders of Senior Indebtedness, creditors of an issuer who are not holders of Senior Indebtedness or holders of the subordinated debt securities may recover less, proportionally, than the holders of Senior Indebtedness and may recover more, proportionally, than the holders of the subordinated debt securities. Creditors of an issuer other than holders of Senior Indebtedness, as defined in each subordinated indenture, are not entitled to the benefits of the subordination provisions of that subordinated indenture. As a result of the differing definitions of Senior Indebtedness in the various subordinated indentures, obligations of an issuer may be considered Senior Indebtedness with respect to some subordinated debt securities and not with respect to others. Therefore,

Edgar Filing: WACHOVIA CORP NEW - Form S-3

some creditors of an issuer may recover more or less, proportionally, than other creditors.

None of the subordinated indentures limits the amount of additional Senior Indebtedness that may be issued or other obligations that may be incurred by the issuer. Wachovia currently has an effective shelf registration statement under which it may issue debt securities that are senior to the subordinated debt securities. Wachovia expects to issue additional indebtedness and incur other obligations, some of which may constitute Senior Indebtedness under the subordinated indentures.

Book-Entry Debt Securities

Except as otherwise specified in this prospectus with respect to any series of notes, each series of the notes will be represented by one or more fully registered global securities which will be deposited with, or on behalf of, The Depository Trust Company (the "DTC") and registered in the name of Cede & Co., DTC's nominee. Beneficial interests in the registered global securities will be represented through book-entry accounts of financial institutions acting on behalf of beneficial owners as direct and indirect participants in DTC. Investors in the Legacy Wachovia 6.70% Global Senior Notes due June 21, 2004 and the Legacy Wachovia 7.45% Global Senior Notes due July 15, 2005 may elect to hold interests in the registered global securities held by DTC through Clearstream Banking AG ("Clearstream") or Euroclear Bank S.A./N.V., as operator of the Euroclear System (the "Euroclear operator"), if they are participants in such systems, or indirectly through organizations which are participants in such systems. Clearstream and the Euroclear operator will hold interests on behalf of their participants through customers' securities accounts in Clearstream's and the Euroclear operator's names on the books of their respective depositaries, which in turn will hold such interests in customers' securities accounts in the depositaries' names on the books of DTC. Citibank, N.A. will act as depositary for Clearstream and The Chase Manhattan Bank will act as depositary for the Euroclear operator (in such capacities, the "U.S. depositaries"). The discussion under "--Clearstream and Euroclear Clearance and Settlement Procedures" applies only to the Legacy Wachovia 6.70% Global Senior Notes due June 21, 2004 and the Legacy Wachovia 7.45% Global Senior Notes due July 15, 2005.

No person that acquires a beneficial interest in the notes will be entitled to receive a certificate representing that person's interest in the notes except as described in this prospectus. Unless and until definitive securities are issued under the limited circumstances described below, all references to actions by holders of securities issued in global form shall refer to actions taken by DTC upon instructions from its participants, and all references to payments and notices to holders shall refer to payments and notices to DTC or Cede & Co., as the registered holder of the notes.

DTC has informed Wachovia that DTC is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Exchange Act. DTC holds securities that DTC participants deposit with DTC. DTC also facilitates the settlement among DTC participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in DTC participants' accounts, thereby eliminating the need for physical

Edgar Filing: WACHOVIA CORP NEW - Form S-3

movement of securities certificates. Participants include securities brokers and dealers, banks, trust companies, and clearing corporations and may include other organizations. DTC is owned by a number of its direct participants and by the New York Stock Exchange, Inc., the American Stock Exchange, LLC and the National Association of Securities Dealers, Inc. Indirect access to the DTC system is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly. The rules applicable to DTC and DTC participants are on file with the Commission.

Persons that are not participants or indirect participants but desire to purchase, sell or otherwise transfer ownership of, or other interests in, notes may do so only through participants and indirect participants. Ownership of book-entry debt securities by participants is evidenced only by records maintained by DTC or its nominee. Ownership of book-entry debt securities by persons that hold interests through participants will be evidenced only by records maintained by such participant. Transfers of such ownership interests will be effected only through records maintained by DTC or its nominee or the participants, as applicable. The laws of some jurisdictions require that certain purchasers of securities take physical delivery of such securities in definitive form. These laws may limit the ability to transfer book-entry debt securities.

Under the rules, regulations and procedures creating and affecting DTC and its operations as currently in effect, DTC will be required to make book-entry transfers of notes among participants and to receive and transmit payments to participants. DTC rules require participants and indirect participants with which beneficial note owners have accounts to make book-entry transfers and receive and transmit payments on behalf of their respective account holders.

Under a book-entry format, holders may experience some delay in their receipt of payments, as such payments will be forwarded by the Wachovia designated agent to Cede & Co., as nominee for DTC. DTC will forward such payments to its participants, who will then forward them to indirect participants or holders. Payments by participants to owners of book-entry debt securities held through such participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers registered in "street name". These payments will be the responsibility of the participants.

Because DTC can act only on behalf of

- . participants, who in turn act only on behalf of participants or indirect participants and
- . certain banks, trust companies and other persons approved by it,

the ability of a beneficial owner of securities issued in global form to pledge such securities to persons or entities that do not participate in the DTC system may be limited due to the unavailability of physical certificates for these securities.

Holders of notes held in book-entry form will not be recognized by the relevant trustee or depository as registered holders of the notes entitled to the benefits of the applicable indenture. Beneficial owners that are not participants will be permitted to exercise their rights only indirectly through and according to the procedures of participants and, if applicable, indirect participants.

A global security will be exchangeable for the relevant definitive notes registered in the names of persons other than DTC or its nominee only if

Edgar Filing: WACHOVIA CORP NEW - Form S-3

- . DTC notifies Wachovia that it is unwilling or unable to continue as depository for that global security or if DTC ceases to be a clearing agency registered under the Exchange Act when DTC is required to be so registered;
- . Wachovia executes and delivers to the relevant trustee an order complying with the requirements of the relevant indenture that this global security shall be so exchangeable; or

7

- . (except with respect to the debt securities originally issued by Meridian) there has occurred and is continuing an event of default or an event that, with the giving of notice or lapse of time, or both, would constitute an event of default with respect to the note.

Any global security that is exchangeable under the preceding sentence will be exchangeable for notes registered in such names as DTC directs.

Upon the occurrence of any event described in the above paragraph, DTC is generally required to notify all participants of the availability of definitive notes. Upon DTC surrendering the global security representing the securities and delivery of instructions for re-registration, the relevant trustee will reissue the notes as definitive notes, and then will recognize the holders of such definitive notes as registered holders of notes entitled to the benefits of the relevant indenture.

Except as described above, the global security may not be transferred except as a whole by DTC to a nominee of DTC or by a nominee of DTC to DTC or another nominee of DTC or to a successor depository Wachovia appoints. Except as described above, DTC may not sell, assign, transfer or otherwise convey any beneficial interest in a global security evidencing all or part of any notes unless the beneficial interest is in an amount equal to an authorized denomination for these notes.

Initial settlement for the notes will be made in immediately available funds. Secondary market trading between DTC participants will occur in the ordinary way in accordance with DTC's rules and will be settled in immediately available funds using DTC's Same-Day Funds Settlement System.

None of Wachovia, the relevant trustee, or any agent of any of them, will have any responsibility or liability for any aspect of DTC's or any participant's records relating to, or for payments made on account of, beneficial interests in a global security, or for maintaining, supervising or reviewing any records relating to such beneficial interests.

Clearstream and the Euroclear operator have informed Wachovia that Clearstream and the Euroclear operator each hold securities for their customers and facilitate the clearance and settlement of securities transactions by electronic book-entry transfer between their respective account holders. Clearstream and the Euroclear operator provide various services including safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream and the Euroclear operator also deal with domestic securities markets in several countries through established depository and custodial relationships. Clearstream and the Euroclear operator have established an electronic bridge between their two systems across which their respective participants may settle trades with each other.

Clearstream and the Euroclear operator customers are world-wide financial

Edgar Filing: WACHOVIA CORP NEW - Form S-3

institutions including underwriters, securities brokers and dealers, banks, trust companies and clearing corporations. Indirect access to Clearstream and the Euroclear operator is available to other institutions which clear through or maintain a custodial relationship with an account holder of either system.

Clearstream and Euroclear Clearance and Settlement

Title to book-entry interests in the notes will pass by book-entry registration of the transfer within the records of Clearstream, Euroclear or DTC, as the case may be, in accordance with their respective procedures. Book-entry interests in the notes may be transferred within Clearstream and within Euroclear and between Clearstream and Euroclear in accordance with procedures established for these purposes by Clearstream and Euroclear. Book-entry interests in the notes may be transferred within DTC in accordance with procedures established for this purpose by DTC. Transfers of book-entry interests in the notes among Clearstream and Euroclear and DTC may be effected in accordance with procedures established for this purpose by Clearstream, Euroclear and DTC.

8

Secondary market trading between Clearstream customers and/or Euroclear participants will occur in the ordinary way in accordance with the applicable rules and operating procedures of Clearstream and Euroclear and will be settled using the procedures applicable to conventional Eurobonds in immediately available funds.

Cross-market transfers between persons holding directly or indirectly through DTC on the one hand, and directly or indirectly through Clearstream customers or Euroclear participants, on the other, will be effected through DTC in accordance with DTC's rules on behalf of the relevant European international clearing system by its U.S. depository; however, such cross-market transactions will require delivery of instructions to the relevant European international clearing system by the counterparty in such system in accordance with its rules and procedures and within its established deadlines (European time). The relevant European international clearing system will, if the transaction meets its settlement requirements, deliver instructions to its U.S. depository to take action to effect final settlement on its behalf by delivering interests in the securities to or receiving interests in the notes from DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Clearstream customers and Euroclear participants may not deliver instructions directly to their respective U.S. depositories.

Because of time-zone differences, credits of interests in the notes received in Clearstream or Euroclear as a result of a transaction with a DTC participant will be made during subsequent securities settlement processing and dated the business day following the DTC settlement date. Such credits or any transactions involving interests in such notes settled during such processing will be reported to the relevant Clearstream customers or Euroclear participants on such business day. Cash received in Clearstream or Euroclear as a result of sales of interests in the notes by or through a Clearstream customer or a Euroclear participant to a DTC participant will be received with value on the DTC settlement date but will be available in the relevant Clearstream or Euroclear cash account only as of the business day following settlement in DTC.

Although DTC, Clearstream and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of interests in the notes among participants of DTC, Clearstream and Euroclear, they are under no obligation to perform or continue to perform such procedures and such procedures may be

Edgar Filing: WACHOVIA CORP NEW - Form S-3

changed or discontinued at any time.

and you should refer to "--Certain United States Federal Income Tax Consequences to United States Alien Holders" below.

Payments of Interest

You will be taxed on any interest on your note as ordinary income at the time you receive the interest or when it accrues, depending on your method of accounting for tax purposes. In addition, if you acquire your note at a price other than the initial offering price, the rules relating to market discount or amortizable bond premium may also apply to your note.

Market Discount

You will be treated as if you purchased your note at a market discount, and your note will be a market discount note if the difference between the note's stated redemption price at maturity, and the price you paid for your note is equal to or greater than 1/4 of 1 percent of your note's stated redemption price at maturity multiplied by the number of complete years to the note's maturity.

If your note's stated redemption price at maturity, exceeds the price you paid for the note by less than 1/4 of 1 percent multiplied by the number of complete years to the note's maturity, the excess constitutes de minimis market discount, and the rules discussed below are not applicable to you.

You must treat any gain you recognize on the maturity or disposition of your market discount note as ordinary income to the extent of the accrued market discount on your note. Alternatively, you may elect to include market discount in income currently over the life of your note. If you make this election, it will apply to all debt instruments with market discount that you acquire on or after the first day of the first taxable year to which the election applies. You may not revoke this election without the consent of the Internal Revenue Service. If you own a market discount note and do not make this election, you will generally be required to defer deductions for interest on borrowings allocable to your note in an amount not exceeding the accrued market discount on your note until the maturity or disposition of your note.

You will accrue market discount on your market discount note on a straight-line basis unless you elect to accrue market discount using a constant-yield method. If you make this election, it will apply only to the note with respect to which it is made and you may not revoke it.

10

Notes Purchased at a Premium

If you purchase your note for an amount in excess of its principal amount, you may elect to treat the excess as amortizable bond premium. If you make this election, you will reduce the amount required to be included in your income each year with respect to interest on your note by the amount of amortizable bond premium allocable to that year, based on your note's yield to maturity. If you make an election to amortize bond premium, it will apply to all debt instruments, other than debt instruments the interest on which is excludible from gross income, that you hold at the beginning of the first taxable year to which the election applies or that you thereafter acquire, and you may not revoke it without the consent of the Internal Revenue Service.

Purchase, Sale and Retirement of the Notes

Your tax basis in your note will generally be the U.S. dollar cost, as

Edgar Filing: WACHOVIA CORP NEW - Form S-3

defined below, of your note, adjusted by:

- . adding any market discount and de minimis market discount previously included in income with respect to your note, and then
- . subtracting any amortizable bond premium applied to reduce interest on your note.

You will generally recognize gain or loss on the sale or retirement of your note equal to the difference between the amount you realize on the sale or retirement and your tax basis in your note.

You will recognize capital gain or loss when you sell or retire your note, except to the extent:

- . described above under "--Market Discount",
- . attributable to accrued but unpaid interest.

Capital gain of a noncorporate United States holder is generally taxed more favorable rates where the property is held more than one year.

Backup Withholding and Information Reporting

In general, if you are a noncorporate United States holder, we are required to report to the Internal Revenue Service all payments of principal, any premium and interest on your note. In addition, we and other payors are required to report to the Internal Revenue Service any payment of proceeds of the sale of your note before maturity within the United States. Additionally, backup withholding will apply to any payments, if you fail to provide an accurate taxpayer identification number, or you are notified by the Internal Revenue Service that you have failed to report all interest and dividends required to be shown on your federal income tax returns.

Certain United States Federal Income Tax Consequences to United States Alien Holders

The following summarizes certain United States federal income tax consequences of the ownership of notes described in this prospectus to United States alien holders. You are a United States alien holder if you are the beneficial owner of a note and are, for United States federal income tax purposes:

- . a nonresident alien individual,
- . a foreign corporation,
- . a foreign partnership, or
- . an estate or trust that in either case is not subject to United States federal income tax on a net income basis on income or gain from a note.

Except where noted, this summary deals only with notes held as capital assets and does not deal with special situations (including if you are a "controlled foreign corporation", "passive foreign investment company" or "foreign personal holding company").

The discussion below is based upon the provisions of the Code, and

Edgar Filing: WACHOVIA CORP NEW - Form S-3

regulations, rulings and judicial decisions as of the date of this prospectus. Those authorities may be changed, perhaps retroactively, so as to result in United States federal income tax consequences different from those discussed below.

If you are considering the purchase of the notes described in this prospectus, you should consult your own tax advisors concerning the tax consequences to you in light of your particular situation.

U.S. Federal Withholding Tax

Under United States federal income tax law, and subject to the discussion of backup withholding below, if you are a non-United States holder of a note:

- . we, and other U.S. payors generally, will not be required to deduct United States withholding tax from payments of principal, premium, if any, and interest, to you if, in the case of payments of interest:
 1. you do not actually or constructively own 10% or more of the total combined voting power of all classes of stock of Wachovia entitled to vote,
 2. you are not a controlled foreign corporation that is related to Wachovia through stock ownership, and
 3. the U.S. payor does not have actual knowledge or reason to know that you are a United States person and:
 - a. you have furnished to the U.S. payor an Internal Revenue Service Form W-8BEN or an acceptable substitute form upon which you certify, under penalties of perjury, that you are a non-United States person,
 - b. in the case of payments made outside the United States to you at an offshore account (generally, an account maintained by you at a bank or other financial institution at any location outside the United States), you have furnished to the U.S. payor documentation that establishes your identity and your status as a non-United States person,
 - c. the U.S. payor has received a withholding certificate (furnished on an appropriate Internal Revenue Service Form W-8 or an acceptable substitute form) from a person claiming to be:
 - i. a withholding foreign partnership (generally a foreign partnership that has entered into an agreement with the Internal Revenue Service to assume primary withholding responsibility with respect to distributions and guaranteed payments it makes to its partners),
 - ii. a qualified intermediary (generally a non-United States financial institution or clearing organization or a non-United States branch or office of a United States financial institution or clearing organization that is a party to a withholding agreement with the Internal Revenue Service), or
 - iii. a U.S. branch of a non-United States bank or of a non-United States insurance company, and the withholding foreign partnership, qualified intermediary or U.S. branch has received documentation upon which it may rely to treat the payment as made to a non-United States person in accordance with U.S. Treasury regulations (or, in the case of a qualified intermediary, in accordance with its agreement with the Internal Revenue Service),

Edgar Filing: WACHOVIA CORP NEW - Form S-3

- d. the U.S. payor receives a statement from a securities clearing organization, bank or other financial institution that holds customers' securities in the ordinary course of its trade or business,

12

- i. certifying to the U.S. payor under penalties of perjury that an Internal Revenue Service Form W-8BEN or an acceptable substitute form has been received from you by it or by a similar financial institution between it and you, and
 - ii. to which is attached a copy of the Internal Revenue Service Form W-8BEN or acceptable substitute form, or
- e. the U.S. payor otherwise possesses documentation upon which it may rely to treat the payment as made to a non-United States person in accordance with U.S. Treasury regulations;
- . no deduction for any United States federal withholding tax will be made from any gain that you realize on the sale or exchange of your note.

U.S. Federal Estate Tax

A note held by an individual who at death is not a citizen or resident of the United States will not be includible in the individual's gross estate for United States federal estate tax purposes if:

- . the decedent did not actually or constructively own 10% or more of the total combined voting power of all classes of stock of Wachovia entitled to vote at the time of death and
- . the income on the note would not have been effectively connected with a United States trade or business of the decedent at the same time.

U.S. Federal Income Tax

If you are engaged in a trade or business in the United States and interest on the notes described in this prospectus is effectively connected with the conduct of that trade or business (although exempt from the 30% withholding tax), you will be subject to U.S. federal income tax on that interest on a net income basis in the same manner as if you were a U.S. person as defined under the Code. In addition, if you are a foreign corporation, you may be subject to a branch profits tax equal to 30% (or lower applicable treaty rate) of your earnings and profits for the taxable year, subject to adjustments, that are effectively connected with the conduct by you of a trade or business in the United States. For this purpose, interest on notes as described in this prospectus will be included in earnings and profits.

Any gain realized by you on the disposition of the notes as described in this prospectus generally will not be subject to U.S. federal income or withholding tax unless:

- (1) that gain or income is effectively connected with the conduct of a trade or business in the United States by you; or
- (2) you are an individual who is present in the United States for 183 days or more in the taxable year of that disposition, and certain other conditions are met.

Edgar Filing: WACHOVIA CORP NEW - Form S-3

Information Reporting and Backup Withholding

In general, if you are a non-United States person, payments of principal, premium or interest made by us and other payors to you will not be subject to backup withholding and information reporting, provided that the certification requirements described above under "U.S. Federal Withholding Tax" are satisfied or you otherwise establish an exemption. However, we and other payors are required to report payments of interest on your notes on Internal Revenue Service Form 1042-S even if the payments are not otherwise subject to information reporting requirements. In addition, payment of the proceeds from the sale of notes effected at a United States office of a broker will not be subject to backup withholding and information reporting provided that:

13

- . the broker does not have actual knowledge or reason to know that you are a United States person and you have furnished to the broker:
 - . an appropriate Internal Revenue Service Form W-8 or an acceptable substitute form upon which you certify, under penalties of perjury, that you are not a United States person, or
 - . other documentation upon which it may rely to treat the payment as made to a non-United States person in accordance with U.S. Treasury regulations, or
- . you otherwise establish an exemption.

If you fail to establish an exemption and the broker does not possess adequate documentation of your status as a non-United States person, the payments may be subject to information reporting and backup withholding. However, backup withholding will not apply with respect to payments made to an offshore account maintained by you unless the broker has actual knowledge that you are a United States person.

In general, payment of the proceeds from the sale of notes effected at a foreign office of a broker will not be subject to information reporting or backup withholding. However, a sale effected at a foreign office of a broker will be subject to information reporting and backup withholding if:

- . the proceeds are transferred to an account maintained by you in the United States,
- . the payment of proceeds or the confirmation of the sale is mailed to you at a United States address, or
- . the sale has some other specified connection with the United States as provided in U.S. Treasury regulations,

unless the broker does not have actual knowledge or reason to know that you are a United States person and the documentation requirements described above (relating to a sale of notes effected at a United States office of a broker) are met or you otherwise establish an exemption.

In addition, payment of the proceeds from the sale of notes effected at a foreign office of a broker will be subject to information reporting if the broker is:

- . a United States person,

Edgar Filing: WACHOVIA CORP NEW - Form S-3

- . a controlled foreign corporation for United States tax purposes,
- . a foreign person 50% or more of whose gross income is effectively connected with the conduct of a United States trade or business for a specified three-year period, or
- . a foreign partnership, if at any time during its tax year:
 - . one or more of its partners are "U.S. persons", as defined in U.S. Treasury regulations, who in the aggregate hold more than 50% of the income or capital interest in the partnership, or
 - . such foreign partnership is engaged in the conduct of a United States trade or business,

unless the broker does not have actual knowledge or reason to know that you are a United States person and the documentation requirements described above (relating to a sale of notes effected at a United States office of a broker) are met or you otherwise establish an exemption. Backup withholding will apply if the sale is subject to information reporting and the broker has actual knowledge that you are a United States person.

The following discussions under the headings "--Redemption for Tax Reasons" and "--Payment of Additional Amounts" are applicable only to the 6.70% Global Senior Notes and the 7.45% Global Senior Notes (together, the "Legacy Wachovia redeemable senior notes").

Redemption for Tax Reasons

If (1) as a result of any change in, or amendment to, the laws (or any regulations or rulings promulgated thereunder) of the United States (or any political subdivision or taxing authority thereof or therein), or any change in, or amendments to, the official position regarding the application or

Edgar Filing: WACHOVIA CORP NEW - Form S-3

interpretation of such laws, regulations or rulings, which change or amendment is announced or becomes effective with respect to the 6.70% Global Senior Notes, on or after the June 15, 1999, and with respect to the 7.45% Global Senior Notes, on or after July 6, 2000, Wachovia becomes or will become obligated to pay additional amounts as described under the heading "--Payment of Additional Amounts" below, or (2) any act is taken by a taxing authority of the United States with respect to the 6.70% Global Senior Notes, on or after June 15, 1999, and with respect to the 7.45% Global Senior Notes, on or after July 6, 2000, whether or not such act is taken with respect to Wachovia or any affiliate, that results in a substantial probability that Wachovia will or may be required to pay such additional amounts, then Wachovia may, at its option, redeem the Legacy Wachovia redeemable senior notes, in whole but not in part, on not less than 30 nor more than 60 days' prior notice, at a redemption price equal to 100% of the principal amount of the Legacy Wachovia redeemable senior notes, together with interest accrued but unpaid thereon to the date fixed for redemption; provided that Wachovia determines, in its reasonable business judgment, that the obligation to pay such additional amounts cannot be avoided by the use of reasonable measures available to it, not including substitution of the obligor under the Legacy Wachovia redeemable senior notes. No redemption pursuant to (2) above may be made unless Wachovia has received an opinion of independent counsel to the effect that an act taken by a taxing authority of the United States results in a substantial probability that it will or may be required to pay the additional amounts described under the heading "--Payment of Additional Amounts" below and Wachovia has delivered to the trustee a certificate, signed by a duly authorized officer, stating that based on such opinion Wachovia is entitled to redeem the Legacy Wachovia redeemable senior notes pursuant to their terms.

Payment of Additional Amounts

Wachovia or any successor corporation will, subject to the exceptions and limitations set forth below, pay as additional interest on the Legacy Wachovia redeemable senior notes debt securities such additional amounts as are necessary in order that the net payment by Wachovia or any successor corporation or a paying agent of the principal of and interest on the Legacy Wachovia redeemable senior notes to a holder who is not (a) a citizen or

16

resident of the United States, (b) a corporation or partnership created or organized in or under the laws of the United States or any political subdivision thereof, (c) an estate the income of which is subject to United States federal income taxation regardless of its source, or (d) a trust if a court within the United States is able to exercise primary supervision over the administration of the trust and one or more United States persons have the authority to control all substantial decisions of the trust or if the trust elects under United States Treasury Regulations to be treated as a U.S. person, after deduction for any present or future tax, assessment or governmental charge of the United States or a political subdivision or taxing authority thereof or therein or any jurisdiction from or through which payment on the Legacy Wachovia redeemable senior notes is made by Wachovia or any successor corporation or its paying agent in its capacity as such or any political subdivision or governmental authority thereof or therein having the power to tax, or any other jurisdiction in which Wachovia or any successor corporation is organized, or any political subdivision or governmental authority thereof or therein having the power to tax, will not be less than the amount provided in the Legacy Wachovia redeemable senior notes then due and payable; provided, however, that the foregoing obligation to pay additional amounts will not apply:

Edgar Filing: WACHOVIA CORP NEW - Form S-3

- (1) to a tax, assessment or governmental charge that is imposed or withheld solely by reason of the holder, or a fiduciary, settlor, beneficiary, member or shareholder of the holder if the holder is an estate, trust, partnership or corporation, or a person holding a power over an estate or trust administered by a fiduciary holder, being considered as:
 - . being or having been present or engaged in trade or business in the United States or having had a permanent establishment in the United States.
 - . having a current or former relationship with the United States as a citizen or resident thereof;
 - . being or having been a foreign or domestic personal holding company, a passive foreign investment company or a controlled foreign corporation with respect to the United States or a corporation that has accumulated earnings to avoid United States federal income tax; or
 - . being or having been a "10-percent shareholder" of Wachovia as defined in Section 871(h)(3) of the Code, or any successor provision;
- (2) to any holder that is not the sole beneficial owner of the Legacy Wachovia redeemable senior notes, or a portion thereof, or that is a fiduciary or partnership, but only to the extent that a beneficiary or settlor with respect to the fiduciary or a beneficial owner or member of the partnership would not have been entitled to the payment of an additional amount had the beneficiary, settlor, beneficial owner or member received directly its beneficial or distributive share of the payment;
- (3) to a tax, assessment or governmental charge that is imposed or withheld solely by reason of the failure of the holder or any other person to comply with certification, identification or information reporting requirements concerning the nationality, residence, identity or connection with the United States of the holder or beneficial owner of such Legacy Wachovia redeemable Senior Notes, if compliance is required by statute, by regulation of the United States Treasury Department or by an applicable income tax treaty to which the United States is a party as a precondition to the exemption from, or reduction of, such tax, assessment or other governmental charge;
- (4) to a tax, assessment or governmental charge that is imposed otherwise than by withholding by Wachovia or a paying agent from the payment;
- (5) to a tax, assessment or governmental charge that is imposed or withheld solely by reason of change in law, regulation, or administrative or judicial interpretation that becomes effective more than 30 days after the payment becomes due or is duly provided for, whichever occurs later;
- (6) to an estate, inheritance, gift, excise, transfer, wealth or personal property tax or a similar, tax or a similar tax, assessment or governmental charge;
- (7) to any tax, assessment or other governmental charge required to be withheld by any paying agent from any payment of principal of or interest on any Wachovia Legacy redeemable senior note, if such payment can be made without such withholding by any other paying agent; or

Edgar Filing: WACHOVIA CORP NEW - Form S-3

(8) in the case of any combination of items (1), (2), (3), (4), (5), (6) or (7) above.

Notwithstanding the above, Wachovia or any successor corporation will pay any present or future stamp, court or documentary taxes or any excise taxes or property taxes, charges or similar levies which arise from the execution, delivery or registration of the Legacy Wachovia redeemable senior notes or any other document or instrument relating thereto, excluding any such taxes, charges or similar levies imposed by any jurisdiction other than any jurisdiction from or through which payment on the Legacy Wachovia redeemable senior notes is made by Wachovia or any successor corporation or its paying agent in its capacity as such, or any political subdivision or governmental authority thereof or therein having the power to tax or any other jurisdiction in which Wachovia or any successor corporation is organized, or any political subdivision or governmental authority thereof or therein having the power to tax.

The Legacy Wachovia redeemable senior notes are subject in all cases to any tax, fiscal or other law or regulation or administrative or judicial interpretation applicable thereto. Except as specifically provided under this heading "--Payment of Additional Amounts", Wachovia will not be required to make any payment with respect to any tax, assessment or governmental charge imposed by any government or a political subdivision or taxing authority thereof or therein.

Legacy Wachovia Senior Indenture

The Legacy Wachovia senior notes were issued under a senior indenture dated as of August 15, 1996 (the "Wachovia senior indenture") between Legacy Wachovia and The Chase Manhattan Bank, as senior trustee. Wachovia, Legacy Wachovia and The Chase Manhattan Bank entered into a First Supplemental Indenture, dated as of August 31, 2001, evidencing the succession of Wachovia to Legacy Wachovia and the assumption by Wachovia of all obligations and covenants under the Legacy Wachovia senior indenture and the Legacy Wachovia senior notes.

The following is a description of the terms of the Legacy Wachovia senior indenture.

Satisfaction and Discharge. Upon the direction of Wachovia, the Legacy Wachovia senior indenture will no longer be of any effect, except as to certain surviving rights, such as (1) registration of transfer, substitution and exchange of the securities issued under the Legacy Wachovia senior indenture (2) rights of holders of securities issued under the Legacy Wachovia senior indenture to receive payments of principal of, premium, if any, and interest on the such securities, and other rights, duties and obligations of the holders as beneficiaries with respect to the amounts, if any, deposited with the trustee, and (3) the rights, obligations and immunities of the trustee when:

- . either (a) all debt securities issued under the Legacy Wachovia senior indenture are delivered to the trustee for cancellation, or money is deposited in trust or segregated and held in trust by Wachovia, as provided in the Legacy Wachovia senior indenture, or (b) all debt securities issued under the Legacy Wachovia senior indenture that have not been delivered to the trustee for cancellation become due and payable, will become due and payable at their maturity within one year, or if redeemable at the option of Wachovia, will be called for redemption within one year, and in each case under (b), Wachovia has deposited with the trustee as trust funds in trust for such purpose, money or obligations of, or obligations guaranteed by, the United States of America, in an amount sufficient to pay and discharge the entire indebtedness on the debt securities;

Edgar Filing: WACHOVIA CORP NEW - Form S-3

- . Wachovia pays all other sums payable by it under the Legacy Wachovia senior indenture; and

18

- . Wachovia delivers to the trustee an officers' certificate and opinion of counsel, each stating that all conditions relating to satisfaction and discharge have been complied with.

The trustee will execute proper instruments acknowledging satisfaction and discharge of the Legacy Wachovia senior indenture. (Section 401).

Restrictive Covenants. The Legacy Wachovia senior indenture contains a covenant that Wachovia will not, directly or indirectly,

- . sell or permit to be issued any shares of capital stock of a Principal Subsidiary Bank (other than directors' qualifying shares) or any shares of capital stock of a Principal Subsidiary or any securities convertible into or rights to subscribe to such capital stock, unless, after giving effect to that transaction and the shares issuable upon conversion or exercise of rights into that capital stock, Wachovia will own, directly or indirectly, at least 80% of the outstanding shares of capital stock of each class of that Principal Subsidiary or Principal Subsidiary Bank, or
- . pay any dividend or make any other distribution in capital stock of a Principal Subsidiary Bank or of any Principal Subsidiary, unless the Principal Subsidiary Bank or Principal Subsidiary to which the transaction relates, after obtaining any necessary regulatory approvals, unconditionally guarantees payment of the principal of and any premium and interest on the securities issued under the Legacy Wachovia senior indenture. (Section 1005).

The term "Principal Subsidiary" or "Principal Subsidiary Bank" means any subsidiary or subsidiary bank, the consolidated assets of which constitute 10% or more of the assets of Wachovia and, in the case of a Principal Subsidiary, owns shares of a Principal Subsidiary Bank. (Section 101). At the date of this prospectus, Wachovia Bank N.A. and First Union Bank N.A. both are subsidiary banks which are Principal Subsidiary Banks. There is no restriction in the Wachovia senior indenture on the ability of a Principal Subsidiary Bank to sell assets.

The Legacy Wachovia senior indenture also prohibits Wachovia from creating, assuming, incurring or suffering to exist any mortgage, pledge, encumbrance or lien or charge of any kind on the capital stock of a Principal Subsidiary Bank (other than directors' qualifying shares) or the capital stock of a Principal Subsidiary, except that the senior indenture permits:

- . liens for taxes that are not due, are payable without penalty or are being contested in good faith by appropriate proceedings, and
- . liens resulting from any judgment that has not remained undischarged or unstayed for more than 60 days. (Section 1006).

Events of Default. The Legacy Wachovia senior indenture defines an "Event of Default" with respect to any series of Legacy Wachovia senior notes as any one of the following events (whatever the reason and whether it is voluntary or involuntary or is effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental entity):

Edgar Filing: WACHOVIA CORP NEW - Form S-3

- . failure, for 30 days, to pay any interest on any security of that series when due and payable;
- . failure to pay principal of or any premium on any security of that series when due;
- . failure to deposit any sinking fund payment, when due, in respect of any security of that series;
- . failure, for 60 days after written notice, to perform any other covenants or warranties of Wachovia (other than a covenant included in the Legacy Wachovia senior indenture solely for the benefit of a series of securities under it other than that series);

19

- . the entry of a decree or order for relief in respect of Wachovia by a court having jurisdiction in the premises in an involuntary case under Federal or state bankruptcy laws and the continuance of that decree or order unstayed and in effect for 60 consecutive days;
- . the commencement by Wachovia of a voluntary case under Federal or state bankruptcy laws or the consent by Wachovia to the entry of a decree or order for relief in an involuntary case under such laws;
- . failure to pay when due or acceleration of securities or any other indebtedness for borrowed money, in an aggregate principal amount more than \$50,000,000, of Wachovia, a Principal Subsidiary or a Principal Subsidiary Bank under the terms of the instrument or instruments under which the indebtedness is issued or secured, unless the acceleration is annulled, or the indebtedness is discharged, or there is deposited in trust enough money to discharge the indebtedness, within 10 days after written notice; and
- . any other Event of Default provided with respect to securities of that series. (Section 501).

Acceleration. If an Event of Default with respect to the Legacy Wachovia senior notes of any series issued under the Legacy Wachovia senior indenture at the time outstanding occurs and continues, either the trustee or the holders of at least 25% in aggregate principal amount of outstanding notes of that series may declare the principal amount of all securities of that series due and payable immediately. At any time after a declaration of acceleration with respect to Legacy Wachovia senior notes of any series issued under the Legacy Wachovia senior indenture has been made, but before a judgment or decree based on acceleration has been obtained, the holders of a majority in aggregate principal amount of the outstanding notes of that series may, under certain circumstances, rescind and annul that acceleration. (Section 502).

General. If there is a default in the payment of principal, premium, if any, or interest, if any, or the performance of any covenant or agreement in the Legacy Wachovia senior notes or the Legacy Wachovia senior indenture, the trustee, subject to certain limitations and conditions, may institute judicial proceedings to enforce payment of that principal, premium, if any, or interest, if any, or to obtain the performance of that covenant or agreement or any other proper remedy. (Section 503). Under certain circumstances, the trustee may withhold notice of a default to the holders of the Legacy Wachovia senior notes if the trustee in good faith determines that the withholding of that notice is in the best interest of the holders of notes, and the trustee will withhold the notice for certain defaults for a period of 30 days. (Section 602).

The Legacy Wachovia senior indenture provides that, subject to the duty of the trustee during default to act with the required standard of care, the trustee does not have to exercise any of its rights or powers under the Legacy Wachovia senior indenture at the request or direction of any of the holders, unless those holders have offered to the trustee reasonable security or indemnity. (Section 603). Subject to the above sentence and to certain other conditions, the holders of a majority in aggregate principal amount of the outstanding Legacy Wachovia senior notes of any series issued under the Legacy Wachovia senior indenture will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or power conferred on the trustee, with respect to the notes of that series. (Section 512).

We are required to furnish to the trustee annually a statement as to the performance by us of certain of our obligations under the senior indenture and as to any default in such performance. (Section 1007).

Modification and Waiver. Wachovia and the trustee may modify and amend the senior indenture with the consent of the holders of at least 66 2/3% in aggregate principal amount of the outstanding securities of each series issued under the senior indenture and affected by the modification or amendment, but no such modification or amendment may, without the consent of the holders of each outstanding security of the series affected by the modification or amendment,

- . change the maturity date of the principal of, or any installment of principal of or interest on, any security of that series;

20

- . reduce the principal amount of or premium, if any, or interest on, any security of any series;
- . impair the right to institute suit for the enforcement of any payment on any security of such series on or after its maturity date (or, in the case of redemption, on or after the redemption date);
- . reduce the percentage in principal amount of outstanding securities of any series, the consent of whose holders is required for modification or amendment of the senior indenture or for waiver of compliance with certain provisions of the senior indenture or for waiver of certain defaults. (Section 902).

The holders of at least a 66 2/3% in aggregate principal amount of the outstanding securities of any series may, on behalf of all holders of that series, waive compliance by Wachovia with certain restrictive provisions of the senior indenture. (Section 1008). The holders of a majority in aggregate principal amount of the outstanding securities of any series may, on behalf of all holders of that series, waive any past default under the senior indenture, except a default in the payment of principal, premium, if any, or interest and regarding certain covenants. (Section 513).

Consolidation, Merger and Sale of Assets. Under the senior indenture, Wachovia may not consolidate with or merge into any other corporation or sell, convey, exchange, transfer or lease its properties and assets substantially as an entirety to any person, unless

- . any successor or purchaser is a corporation organized under the laws of any domestic jurisdiction;

Edgar Filing: WACHOVIA CORP NEW - Form S-3

- . any such successor or purchaser expressly assumes Wachovia's obligations on the securities and under the senior indenture;
- . immediately after the transaction, no Event of Default, and no event that, after notice or lapse of time or both, would become an Event of Default, occurs and continues; and
- . certain other conditions are met. (Section 801).

Control by Holders. The holders of a majority in principal amount of the outstanding securities of any series issued under the senior indenture have the right to direct the time, method and place of conducting any proceeding or power conferred on the trustee with respect to the securities of that series, as long as any direction is not in conflict with any rule of law or the senior indenture. The trustee may take any other action it deems proper which is not inconsistent with the direction. (Section 512).

No holder of any Legacy Wachovia senior notes of any series issued under the Legacy Wachovia senior indenture may institute any proceeding with respect to that indenture, or for the appointment of a receiver or trustee or for any remedy relating to that appointment, unless

- . those holders have given to the trustee written notice of a continuing Event of Default;
- . the Holders of at least 25% in aggregate principal amount of the outstanding securities of that series have made written request, and offered reasonable indemnity, to the trustee to institute such a proceeding as trustee;
- . the trustee has not received from the holders of a majority in aggregate principal amount of the outstanding securities of that series a direction inconsistent with the written request; and
- . the trustee has failed to institute the proceeding within 60 days. (Section 507).

The above limitations do not apply to a suit instituted by a holder of a Legacy Wachovia senior note for enforcement of payment of the principal of and premium, if any, or interest on the Legacy Wachovia senior note on or after the respective due dates described in the note. (Section 508).

Reports by Wachovia. Within 120 days after the end of each fiscal year, Wachovia must deliver to the trustees a certificate as to Wachovia's compliance with all conditions and covenants under the Legacy Wachovia

21

senior indenture. Within ten business days of Wachovia's becoming aware of any default or event of default, Wachovia must deliver to the trustees written notice of the occurrence of the default or event of default, unless it has been cured within the ten-day period. (Section 1005).

The Trustee. The Chase Manhattan Bank serves as the senior trustee under the Legacy Wachovia senior indenture. The Chase Manhattan Bank maintains a deposit account and conducts other banking transactions with Wachovia and its subsidiaries in the ordinary course of business. The Legacy Wachovia senior indenture provides for indemnification of Chase Manhattan Bank by Wachovia under certain circumstances.

CoreStates Subordinated Indenture

The following is a description of the terms of the CoreStates subordinated indenture.

Satisfaction and Discharge. Upon the direction of Wachovia, the CoreStates subordinated indenture will no longer be of any effect, except as to the surviving rights described below, when:

- . either (a) all debt securities issued under that indenture are delivered to the trustee for cancellation, or money is deposited in trust or segregated and held in trust by Wachovia, as provided in the applicable indenture, or (b) all debt securities issued under that indenture that have not been delivered to the trustee for cancellation become due and payable, will become due and payable at their maturity within one year, or if redeemable at the option of Wachovia, will be called for redemption within one year, and in each case under (b), Wachovia has deposits with the trustee as trust funds in trust for such purpose, money or obligations of, or obligations guaranteed by, the United States of America, in an amount sufficient to pay and discharge the entire indebtedness on the debt securities;
- . Wachovia pays all other sums payable by it under the CoreStates subordinated indenture; and
- . Wachovia delivers to the trustee an officers' certificate and an opinion of counsel, each stating that all conditions relating to satisfaction and discharge have been complied with.

The trustee will execute proper instruments acknowledging satisfaction and discharge of the CoreStates subordinated indenture. (Section 501).

Wachovia will be deemed to have paid and discharged the entire indebtedness on all CoreStates subordinated debt securities of any series issued under the CoreStates subordinated indenture when:

- . Wachovia deposits with the trustee, as trust funds in trust for that purpose, money or obligations of, or obligations guaranteed by, the United States of America in an amount sufficient to pay and discharge the entire indebtedness on all CoreStates subordinated debt securities of that series;
- . Wachovia pays all other sums payable with respect to all CoreStates subordinated debt securities of that series;
- . Wachovia delivers to the trustee a certificate signed by a nationally recognized firm of independent public accountants certifying as to the sufficiency of the amounts deposited and an officers' certificate and an

Edgar Filing: WACHOVIA CORP NEW - Form S-3

opinion of counsel, each stating that all conditions relating to satisfaction and discharge have been complied with; and

- . Wachovia delivers to the trustee (a) an opinion of independent counsel that the holders of the CoreStates subordinated debt securities of that series will have no federal income tax consequences as a result of the deposit and termination, and (b) if the CoreStates subordinated debt securities of that series are listed on the New York Stock Exchange, an opinion of counsel that the CoreStates subordinated debt securities of that series will not be delisted as a result of the exercise of this option.

The trustee will execute proper instruments acknowledging satisfaction and discharge of the indebtedness. (Section 503).

When these conditions are satisfied, the terms and conditions of the applicable series of CoreStates subordinated debt securities will no longer be binding upon, or applicable to, Wachovia, except for some provisions, such as registration of transfer and exchange, the right of holders of the CoreStates subordinated debt securities to receive payments from the trust fund described above, and the rights, powers, duties and immunities of the trustee. (Section 503).

Subordination. During the continuance beyond any applicable grace period of any default with respect to Senior Indebtedness (as defined below), no payment of principal of and interest on the CoreStates subordinated debt securities may be made until payment in full of all principal of, and premium and interest on, all Senior

25

Indebtedness. In addition, upon any distribution of assets of Wachovia upon dissolution, winding up, liquidation or reorganization, the payment of the principal of and interest on the CoreStates subordinated debt securities is to be subordinated in right of payment to the prior payment in full of principal, premium and interest on all Senior Indebtedness. (Article Sixteen).

For purposes of the preceding paragraph, the term "Senior Indebtedness" means:

- . with respect to the CoreStates 9 3/8% Subordinated Notes, all indebtedness and other obligations of Wachovia, whether previously outstanding or subsequently incurred or created, except any indebtedness or obligations which are expressly stated to be, or are identified in a resolution of Wachovia's Board of Directors as, subordinated in right of payment to, or to rank equally with, CoreStates subordinated debt securities, and
- . with respect to the CoreStates 6 5/8% Subordinated Notes, the CoreStates 5 7/8% Subordinated Notes and the CoreStates 6.75% Subordinated Medium-Term Notes, indebtedness of Wachovia for money borrowed, including indebtedness secured by certain mortgages or other liens, evidenced by notes or other written obligations, indebtedness of Wachovia evidenced by notes, debentures, bonds or other securities sold by Wachovia for money, indebtedness of others of a similar type assumed or guaranteed by Wachovia through an agreement to purchase, contingent or otherwise, and renewals, extensions or refundings of any of those, unless the instrument creating or evidencing the indebtedness or the assumption or guarantee of the indebtedness expressly provides that indebtedness is not superior in right of payment to the CoreStates subordinated debt securities. (Section 1601).

Edgar Filing: WACHOVIA CORP NEW - Form S-3

As of June 30, 2001, Wachovia had \$675 million aggregate principal amount of indebtedness outstanding that qualified as Senior Indebtedness under the CoreStates subordinated indenture. Wachovia expects from time to time to issue additional indebtedness and to incur other obligations that may constitute Senior Indebtedness under the CoreStates subordinated indenture.

Events of Default. An "Event of Default" is defined under the CoreStates subordinated indenture with respect to CoreStates subordinated debt securities of any series as events of bankruptcy, insolvency or reorganization of Wachovia or any Major Constituent Bank. (Section 601).

The CoreStates subordinated indenture does not provide for any right of acceleration of the payment of the principal of a series of CoreStates subordinated debt securities upon a default in the payment of principal or interest or a default in the performance of any covenant or agreement. In the event of a default in the payment of interest or principal, the holder of a CoreStates subordinated debt security, or the trustee on behalf of the holders of all of the series affected, may, subject to some limitations and conditions, seek to enforce payment of the interest or principal. (Sections 602 and 603).

Modification and Waiver. Modifications and amendments to the CoreStates subordinated indenture may be made by Wachovia and the trustee with the consent of the holders of at least 66 2/3 percent in principal amount of the CoreStates subordinated debt securities of each series affected. However, no modification or amendment may, without the consent of the holder of each CoreStates subordinated debt security affected:

- . change the stated maturity date of the principal of, or any installment of principal of or interest on, any CoreStates subordinated debt security;
- . reduce the principal amount of, or any premium or interest on, or any additional amounts in respect of, any CoreStates subordinated debt security;
- . change the place or currency of payment of principal of, or any premium or interest on, any CoreStates subordinated debt security;
- . impair the right to institute suit for the enforcement of any payment on or with respect to any CoreStates subordinated debt security;

26

- . reduce the percentage of CoreStates subordinated debt securities, the consent of the holders of which is required to modify or amend the CoreStates subordinated indenture;
- . reduce the percentage of CoreStates subordinated debt securities, the consent of the holders of which is required for waiver of compliance or of defaults;
- . modify or amend the CoreStates subordinated indenture to alter in any respect the provisions regarding the subordination of the CoreStates subordinated debt securities; or
- . with a few exceptions, modify any provision of the indenture relating to modification and amendment of the indenture or waiver of compliance and defaults thereunder. (Section 1002).

The holders of a majority in principal amount of the CoreStates subordinated debt securities of any series may, on behalf of all holders of that series,

Edgar Filing: WACHOVIA CORP NEW - Form S-3

waive compliance by Wachovia with some of the restrictive provisions of the CoreStates subordinated indenture. (Section 1110). The holders of a majority in principal amount of the CoreStates subordinated debt securities of any series may, on behalf of all the holders of that series, waive any past default under the CoreStates subordinated indenture, except a default in the payment of the principal of, or any premium or interest on, any CoreStates subordinated debt security of that series or in respect of a provision which cannot be modified or amended without the consent of the holder of each CoreStates subordinated debt security of that series affected. (Section 613).

Modification and amendment of the CoreStates subordinated indenture may be made by Wachovia and the trustee without the consent of any holder of CoreStates subordinated debt securities for any of the following purposes:

- . to provide for the succession of another corporation to Wachovia;
- . to add to the covenants of Wachovia for the benefit of the holders of all or any series of CoreStates subordinated debt securities;
- . to add events of default;
- . to add or change any provisions of the indenture to facilitate the issuance of bearer securities;
- . to add to, delete from or revise the conditions, limitations and restrictions on the authorized amount, terms or purposes of issue, authentication and delivery of CoreStates subordinated debt securities issued under that indenture;
- . to establish the form or terms of CoreStates subordinated debt securities of any series and any related coupons;
- . to provide for the acceptance of appointment by a successor trustee for the CoreStates subordinated indenture;
- . to cure any ambiguity, defect or inconsistency in the CoreStates subordinated indenture, as long as the action does not adversely affect the interests of holders of CoreStates subordinated debt securities of any series or any related coupons in any material respect;
- . to modify, eliminate or add to the provisions of the CoreStates subordinated indenture to the extent necessary to qualify under the Trust Indenture Act of 1939, as amended; or
- . to effect the assumption by Wachovia of the obligations under the CoreStates subordinated indenture. (Section 1001).

Consents of holders for modifications and amendments to the CoreStates subordinated indenture must be solicited by Wachovia, and waivers by holders of compliance with provisions under the indenture must be obtained in accordance with the terms of the indenture. (Section 104). Any modifications, amendments or waivers will be binding upon all future holders of the applicable CoreStates subordinated debt securities. If consents are properly obtained and all requirements for any changes, amendments or waivers are otherwise satisfied, there are no provisions in the CoreStates subordinated indenture which allow remedies to holders who do not consent to changes or amendments to, or waivers of past defaults.

Edgar Filing: WACHOVIA CORP NEW - Form S-3

Control by Holders. Subject to its duty during a default to act with the required standard of care, the trustee will be under no obligation to exercise any of its rights or powers under the CoreStates subordinated indenture at the request or direction of any of the holders of any series of CoreStates subordinated debt securities unless such holders offer the trustee reasonable indemnity. (Section 701). Subject to these indemnification provisions, the holders of a majority in principal amount of the CoreStates subordinated debt securities of any series have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or power conferred on the trustee, with respect to the CoreStates subordinated debt securities of that series, as long as any direction is not in conflict with any rule of law or with the indenture, and the direction is not prejudicial to the rights of other holders of that series. The trustee may take any other action deemed proper by it which is not inconsistent with such directions. (Section 612).

No holder of any CoreStates subordinated debt securities of any series has the right to institute any proceeding with respect to the CoreStates subordinated indenture for any remedy unless:

- . the holder gives to the trustee written notice of a continuing event of default;
- . the holders of not less than 25 percent in principal amount of any series of the CoreStates subordinated debt securities make a written request, and offer reasonable indemnity, to the trustee to institute a proceeding as trustee;
- . the trustee does not receive from the holders of a majority in principal amount of the CoreStates subordinated debt securities of that series a direction inconsistent with the request; and
- . the trustee fails to institute any proceeding within 60 days after its receipt of the notice, request and offer of indemnity. (Section 507).

However, the holder of a CoreStates subordinated debt security has an absolute and unconditional right to receive payment of the principal of, and any premium and interest on, any CoreStates subordinated debt security on or after the due dates expressed in such CoreStates subordinated debt security and to institute suit for the enforcement of any such payment. (Section 508).

Reports by Wachovia. Wachovia is required to furnish annually to the trustee a statement as to performance or fulfillment of its obligations under the CoreStates subordinated indenture and as to any default in such performance or fulfillment. (Sections 1105 and 1106).

Consolidation, Merger and Sale of Assets. Wachovia may consolidate with, merge into, or transfer substantially all of its properties to, any other corporation as long as the successor corporation assumes all obligations of Wachovia under the CoreStates subordinated debt securities and a few other conditions are met. (Sections 901, 902, 903 and 904).

The Trustees. Bank One, Columbus, N.A. serves as subordinated notes trustee under the CoreStates subordinated indenture dated September 1, 1990. Bank One, Columbus, N.A. maintains a deposit account and conducts other banking transactions with Wachovia and its subsidiaries in the ordinary course of business. The September 1, 1990 subordinated indenture provides for indemnification of Bank One, Columbus, N.A. by Wachovia under certain circumstances. Citibank, N.A. serves as subordinated MTN trustee under the CoreStates subordinated indenture, as supplemented on August 1, 1994. Citibank, N.A., maintains a deposit account and conducts other banking transactions with Wachovia and its subsidiaries in the ordinary course of business. The

Edgar Filing: WACHOVIA CORP NEW - Form S-3

CoreStates subordinated indenture, as supplemented on August 1, 1994, provides for indemnification of Citibank, N.A. under certain circumstances.

Wachovia acquired First Fidelity Bancorporation on January 1, 1996 by merging First Fidelity into a wholly-owned subsidiary. On February 26, 1998, this subsidiary merged into Wachovia.

28

The First Fidelity 6.80% Subordinated Notes were issued under the First Fidelity subordinated indenture, as amended on June 14, 1993, between First Fidelity and The Chase Manhattan Bank, as trustee. The First Fidelity 6.80% Subordinated Notes are limited to \$150 million aggregate principal amount.

First Fidelity Subordinated Indenture

The following is a description of the terms of the First Fidelity subordinated indenture:

Satisfaction and Discharge. At the request of Wachovia, the First Fidelity subordinated indenture will no longer be of any effect, except as to a few surviving rights, such as registration of transfer or exchange, when:

- . either all debt securities issued under the indenture have been delivered to the trustee for cancellation or all securities not delivered for cancellation have, or will within one year, become due and payable or will be called for redemption within one year, and Wachovia has deposited with the trustee funds in an amount sufficient to pay and discharge the entire indebtedness on all the debt securities not delivered to the trustee for cancellation, for principal and any premium, and interest to the date of

Edgar Filing: WACHOVIA CORP NEW - Form S-3

such deposit or to the maturity date or redemption date, as the case may be;

- . Wachovia has paid all other sums payable by it under the indenture; and
- . Wachovia has delivered to the trustee an officers' certificate and an opinion of counsel, each stating that all conditions to satisfaction and discharge have been complied with. (Section 401).

Subordination. The payment of the principal of, and any premium and interest on, First Fidelity subordinated debt securities is subordinated in right of payment to the prior payment in full of all Senior Indebtedness (as defined below) of Wachovia. In certain events of insolvency, the payment of the principal of, and any premium and interest on, the First Fidelity 6.80% Subordinated Notes is also subordinated in right of payment to the prior payment in full of all Other Financial Obligations (as defined below) of Wachovia.

29

Upon

- . any payment or distribution of assets to creditors upon liquidation, dissolution, winding up, reorganization, assignment for the benefit of creditors, marshalling of assets or any bankruptcy, insolvency or similar proceedings of Wachovia, or
- . the acceleration of the maturity of any First Fidelity subordinated debt securities,

the holders of all Senior Indebtedness are first entitled to receive payment in full of all amounts due or to become due before the holders of First Fidelity subordinated debt securities are entitled to receive any payment in respect of the principal of, or any premium or interest on, First Fidelity subordinated debt securities. No payments of principal or any premium or interest in respect of First Fidelity subordinated debt securities may be made if there has occurred and is continuing a default in any payment with respect to Senior Indebtedness, or an event of default with respect to any Senior Indebtedness permitting the holders to accelerate the maturity, or if any judicial proceeding is pending with respect to any such default. (Article Thirteen).

"Senior Indebtedness" is defined in the indenture as the principal of, and any premium and interest on:

- . all indebtedness of Wachovia, including indebtedness of others guaranteed by Wachovia but excluding the First Fidelity subordinated debt securities, whether previously outstanding or subsequently created, incurred or assumed, which is for money borrowed, or which is evidenced by a note or similar instrument given in connection with the acquisition of any businesses, properties or assets of any kind;
- . obligations of Wachovia as lessee under leases required to be capitalized on the balance sheet of the lessee under generally accepted accounting principles and leases of property or assets made as part of any sale and lease-back transaction to which Wachovia is a party; and
- . amendments, renewals, extensions, modifications and refundings of any such indebtedness or obligation,

unless the instrument creating or evidencing the indebtedness or obligation or

Edgar Filing: WACHOVIA CORP NEW - Form S-3

under which it is outstanding provides that the indebtedness or obligation is not superior in right of payment to First Fidelity subordinated debt securities. (Section 101).

The indenture does not limit or prohibit the incurrence of Senior Indebtedness or Other Financial Obligations, which may include indebtedness that is senior to the First Fidelity subordinated debt securities but subordinate to other obligations of Wachovia.

Subordination Provisions Specific to First Fidelity 6.80% Subordinated Notes. If upon any payment or distribution of assets to creditors there remains, after giving effect to the subordination provisions in favor of the holders of Senior Indebtedness, any amounts of cash, property or securities available for payment or distribution in respect of the First Fidelity 6.80% Subordinated Notes ("Excess Proceeds") and if, at such time, any Entitled Persons (as defined below) in respect of Other Financial Obligations have not received payment in full of all amounts due or to become due on or in respect of the Other Financial Obligations, then the Excess Proceeds must first be applied to pay in full all Other Financial Obligations before any payment or distribution may be made in respect of the First Fidelity 6.80% Subordinated Notes.

Wachovia's obligations under the First Fidelity subordinated debt securities rank equally in right of payment with each other, subject to the obligations of the holders of the First Fidelity 6.80% Subordinated Notes to pay over any Excess Proceeds.

The indenture permits, at any time, the modification or elimination of the rights of Entitled Persons in respect of Other Financial Obligations described above without the consent of any Entitled Persons in respect of Other Financial Obligations.
