PROXY STATEMENT

This proxy statement is furnished in connection with the solicitation of proxies by the Board of Directors of Aqua America, Inc. (["Aqua America"] or the ["Company"]) to be used at the Annual Meeting of Shareholders to be held Thursday, May 19, 2005 and at any adjournments thereof. This proxy statement and the enclosed proxy are being mailed to shareholders on or about April 11, 2005.

The cost of soliciting proxies will be paid by the Company, which has arranged for reimbursement, at the rate suggested by the New York Stock Exchange, of brokerage houses, nominees, custodians and fiduciaries for the forwarding of proxy materials to the beneficial owners of shares held of record. In addition, the Company has retained The Altman Group to assist in the solicitation of proxies from (i) brokers, bank nominees and other institutional holders, and (ii) individual holders of record. The fee to The Altman Group for normal proxy solicitation is \$4,000 plus expenses, which will be paid by the Company. Directors, officers and regular employees of the Company may also solicit proxies, although no additional compensation will be paid by the Company for such efforts.

The proxy statement and Annual Report to Shareholders for the year ended December 31, 2004, including financial statements and other information with respect to the Company and its subsidiaries, are being mailed by standard mail, to shareholders of record as of March 28, 2005. The proxy statement and Annual Report are being sent electronically to those shareholders of record as of March 28, 2005 who requested electronic delivery of these materials. Additional copies of the Annual Report may be obtained by writing to the Company.

PURPOSE OF THE MEETING

As the meeting is the Annual Meeting of Shareholders, the shareholders of the Company will be requested to elect two directors to hold office as provided by law and the Company's Bylaws.

VOTING AT THE MEETING

Holders of shares of the Company's Common Stock of record at the close of business on March 28, 2005 are entitled to vote at the meeting. As of that date, there were 95,745,953 shares of Common Stock outstanding and entitled to be voted at the meeting. Each shareholder entitled to vote shall have the right to one vote on each matter presented at the meeting for each share of Common Stock outstanding in such shareholder's name.

The holders of a majority of the shares entitled to vote, present in person or represented by proxy at the meeting, constitute a quorum. Directors are to be elected by a plurality of the votes cast at the meeting. The affirmative vote of a majority of the votes cast by those shareholders present in person or represented by proxy at

the meeting is required to take action with respect to any other matter that may properly be brought before the meeting. Shares cannot be voted at the meeting unless the holder of record is present in person or by proxy. The enclosed proxy card is a means by which a shareholder may authorize the voting of his or her shares at the meeting if they are unable to attend in person. Alternatively, under the Pennsylvania Business Corporation Law and the Pennsylvania Electronic Transaction Act, you may vote electronically, over the Internet or by telephone, following the instructions set out on the proxy card. The shares of Common Stock represented by each properly executed proxy card or electronic proxy will be voted at the meeting in accordance with each shareholder's direction. Shareholders are urged to specify their choices by marking the appropriate boxes on the enclosed proxy card or electronic proxy; if the proxy card or electronic proxy is signed, but no choice has been specified, the shares will be voted as recommended by the Board of Directors. If any other matters are properly presented to the meeting for action, the proxy holders will vote the proxies (which confer discretionary authority to vote on such matters) in accordance with their best judgment.

With regard to the election of directors, votes may be cast in favor or withheld; votes that are withheld will be excluded entirely from the vote and will have no effect, other than for purposes of determining the presence of a quorum. Abstentions may not be specified for the election of directors. Brokers that are member firms of the New York Stock Exchange (NYSE) and who hold shares in street name for customers, but have not received instructions from a beneficial owner, have the authority under the rules of the NYSE to vote those shares with respect to the election of directors, but not for any other matter. Proxies received from brokers with respect to shares held in street name, even if such shares are not voted by brokers, will be considered present and entitled to vote at the meeting.

Execution of the accompanying proxy or voting electronically will not affect a shareholder's right to attend the meeting and vote in person. Any shareholder giving a proxy or voting electronically has the right to revoke the proxy or the electronic vote by giving written notice of revocation to the Secretary of the Company at any time before the proxy is voted by executing a proxy bearing a later date, which is voted at the meeting, or by attending the meeting and voting in person.

Your proxy vote is important. Accordingly, you are asked to complete, sign and return the accompanying proxy card or vote electronically regardless of whether or not you plan to attend the meeting.

**(Proposal No. 1)
ELECTION OF DIRECTORS**

Voting on Proposal No. 1

The Board of Directors is divided into three classes. One class is elected each year to hold office for a three-year term and until successors of such class are duly elected and qualified, except in the event of death, resignation or removal. The Company is required by its Articles of Incorporation and Bylaws to maintain the size of its classes of directors as nearly equal in number as possible.

In accordance with the Company's Corporate Governance Guidelines, Mr. Glanton, Chairman of the Corporate Governance Committee and an independent director, spoke with Ms. Carroll, the director whose term expires at the 2005 Annual Meeting of Shareholders to discuss nominating Ms. Carroll for re-election to another term. Following these discussions, Mr. Glanton reported to the Corporate Governance Committee that Ms. Carroll would be willing to serve on the Board of Directors for an additional three-year term. Mr. DiBona, whose term was to expire at the 2005 Annual Meeting of Shareholders tragically passed away in January 2005, leaving his position vacant. The Corporate Governance Committee considered possible candidates for nomination to be elected at the 2005 Annual Meeting of Shareholders. Mr. Glanton proposed for the Committee's consideration Dr. Constantine Papadakis, President of Drexel University, as a candidate for nomination for election to the Board of Directors. After reviewing Dr. Papadakis' independence, qualifications, abilities and experience, the Corporate Governance Committee unanimously agreed that Dr. Papadakis would be a positive addition to the Board. Consequently, the Committee, with Ms. Carroll abstaining with respect to her nomination, voted to recommend to the Board of Directors, and the Board of Directors approved, the nomination of Ms. Carroll and Dr. Papadakis for election to the class of directors to be elected at the 2005 Annual Meeting of Shareholders.

Therefore, one existing director, Ms. Carroll, and one new director nominee, Dr. Papadakis, will stand for election by a plurality of the votes cast at the 2005 Annual Meeting, and six directors will continue to serve until either the 2006 or 2007 Annual Meetings, depending on the period remaining in each of their terms. At the 2005 Annual Meeting, proxies in the accompanying form, properly executed, will be voted for the election of the two nominees listed below, unless authority to do so has been withheld in the manner specified in the instructions on the proxy card. Discretionary authority is reserved to cast votes for the election of a substitute should any nominee be unable or unwilling to serve as a director. Each nominee has stated his or her willingness to serve and the Company believes that the nominees will be available to serve.

The Board of Directors recommends that the shareholders vote FOR the election of Ms. Carroll and Dr. Papadakis as directors.

Information Regarding Nominees and Directors

For each of the two nominees for election as directors at the 2005 Annual Meeting and the six directors in the classes of directors whose terms of office are to expire either at the 2006 Annual Meeting or the 2007 Annual Meeting, as set forth herein, there follows information as to the positions and offices with the Company held by each, the principal occupation of each during the past five years, and directorships of public companies and other organizations held by each.

(See Additional Information on page 28).

Director Independence

The Board of Directors is, among other things, responsible for determining whether each of the directors is independent in light of any relationship each director may have with the Company. The Board of Directors has adopted the following standards for determining a director's independence, which are consistent with the listing standards of the New York Stock Exchange:

A director will not be deemed independent if:

- the director is, or has been within the last three years, an employee of the Company, or an immediate family member is, or has been within the last three years an executive officer of the Company;
- (A) the director or an immediate family member is a current partner of a firm that is the Company's internal or external auditor, (B) the director is a current employee of such a firm, (C) the director has an immediate family member who is a current employee of such a firm and who participates in the firm's audit, assurance or tax compliance (but not tax planning) practice, or (D) the director or an immediate family member was within the last three years (but is no longer) a partner or employee of such firm and personally worked on the Company's audit within that time;
- the director or an immediate family member is or, has been within the last three years, employed as an executive officer of another company where any of the Company's present executive officers at the same time serves or served on that company's compensation committee;

- the director has received, or has an immediate family member who has received, during any twelve-month period within the last three years, more than \$100,000 in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service) and, in the case of an immediate family member who is not an executive officer, other than compensation for service as an employee of the Company;
- the director was an executive officer or employee, or someone in her/his immediate family was an executive officer, of another company that, during any of the other company's past three fiscal years made payments to, or received payments from, the Company for property or services in an amount which, in any single fiscal year of the other company, exceeded the greater of \$1 million or two percent of the other company's consolidated gross revenues; or
- the director served as an executive officer of a charitable organization and, during any of the charitable organization's past three fiscal years, the Company made charitable contributions to the charitable organization in any single fiscal year of the charitable organization that exceeded the greater of \$1 million or two percent of the charitable organization's consolidated gross revenues.

These standards are set forth in the Company's Corporate Governance Guidelines.

Based on a review applying these standards, the Board of Directors has affirmatively determined that the nominees for director and each of the Company's other directors, other than the Chief Executive Officer, Mr. DeBenedictis, is independent.

The Board of Directors has appointed Mr. Glanton as the presiding independent director. As the presiding independent director, Mr. Glanton's responsibilities include: presiding at all meetings of the Board of Directors at which the Chairman is not present, including executive sessions of the independent directors; serving as liaison between the Chairman and the independent directors; reviewing information sent to the Board; reviewing meeting agendas for the Board; reviewing meeting schedules to assure that there is sufficient time for discussion of all agenda items; calling meetings of the independent directors, if appropriate; and, if requested by major shareholders, ensuring that he is available for consultation and direct communications with such shareholders.

Board Committees

The Board of Directors held six meetings in 2004. The Company's Bylaws provide that the Board of Directors, by resolution adopted by a majority of the whole Board, may designate an Executive Committee and one or more other committees, with each such committee to consist of two or more directors. The Board of Directors annually elects from its members the Executive, Audit, Executive Compensation and Employee Benefits and Corporate Governance Committees. The Pension Committee of the Board has been replaced by a Pension Committee of senior management of the Company, who report periodically to the Board of Directors. The Board has also asked Ms. Carroll, who was a member of the former Pension Committee, to serve as an advisor to the new Committee. Each director attended at least 75% of the aggregate of all meetings of the Board and the Committees on which each such director served in 2004. The Board of Directors encourages all directors

to attend the Company's Annual Meeting of Shareholders. All the directors except Mr. DiBona and Mr. Hankowsky were in attendance at the 2004 Annual Meeting of Shareholders.

Executive Committee. The Company's Bylaws provide that the Executive Committee shall have and exercise all of the authority of the Board in the management of the business and affairs of the Company, with specific exceptions. The Executive Committee is intended to serve in the event that action by the Board of Directors is necessary or desirable between regular meetings of the Board, or at a time when convening a meeting of the entire Board is not practical, and to make recommendations to the entire Board with respect to various matters. The Executive Committee did not meet in 2004. The Executive Committee currently has four members, and the Chairman of the Company serves as Chairman of the Executive Committee.

Audit Committee. The Audit Committee is composed of three directors, whom the Board of Directors has affirmatively determined meet the standards of independence required of audit committee members by the New York Stock Exchange and applicable Securities and Exchange Commission (SEC) rules. Based on a review of the background and experience of the members of the Audit Committee, the Board of Directors has determined that all members of the Audit Committee are financially literate and are audit committee financial experts within the meaning of applicable SEC rules. The Audit Committee was required to meet at least four times during the year and met seven times during 2004. The Committee operates pursuant to a written charter, a copy of which is attached as Appendix A to this Proxy Statement. The primary responsibilities of the Audit Committee are to monitor the integrity of the Company's financial reporting process and systems of internal controls, including the review of the Company's annual audited financial statements, and to monitor the independence of the Company's independent registered public accounting firm. The Audit Committee has the exclusive authority to select, evaluate and, where appropriate, replace the Company's independent registered public accounting firm.

The Audit Committee has considered the extent and scope of non-audit services provided to the Company by its independent registered public accounting firm and has determined that such services are compatible with the independent registered public accounting firm maintaining its independence. For more information, see the Audit Committee Report on page 12.

Executive Compensation and Employee Benefits Committee. The Executive Compensation and Employee Benefits Committee is composed of two directors, whom the Board of Directors has affirmatively determined are independent directors as defined by the New York Stock Exchange. The Executive Compensation and Employee Benefits Committee has the power to administer and make awards of stock options, dividend equivalents and restricted stock under the Company's 2004 Equity Compensation Plan and to administer awards under the Company's 1994 Equity Compensation Plan. In addition, the Executive Compensation and Employee Benefits Committee reviews the recommendations of the Company's Chief Executive Officer as to appropriate compensation of the Company's officers (other than the Chief Executive Officer) and determines the compensation of such officers and the Company's Chief Executive Officer for the ensuing year. The Executive Compensation and Employee Benefits Committee held four meetings in 2004.

Corporate Governance Committee. The Corporate Governance Committee is composed of three directors, whom the Board of Directors has affirmatively determined are independent directors as defined by the New York Stock Exchange. The Corporate Governance Committee is responsible for identifying and considering qualified

nominees for directors and developing and periodically reviewing the Corporate Governance Guidelines by which the Board of Directors is organized and executes its responsibilities. In addition, the Chair of the Corporate Governance Committee conducts corporate governance discussions in executive sessions with the Board of Directors. The Corporate Governance Committee met twice during 2004.

The Corporate Governance Committee considers candidates for Board membership suggested by its members and other Board members, as well as management and shareholders. Recommendations of candidates by shareholders should be submitted to the Chairman of the Corporate Governance Committee at least 120 days before the date on which the Company first mailed its proxy materials for the prior year's annual meeting. In considering candidates for the Board, the Charter of the Corporate Governance Committee requires that the Committee consider the candidates' personal abilities and qualifications, independence and the diversity of their background, expertise and experience in fields and disciplines relevant to the Company. In addition, directors should have experience in positions with a high degree of responsibility, be leaders in the companies or institutions with which they are affiliated and be selected based upon contributions that they can make to the Company. The Committee considers all of these qualities when selecting, subject to Board ratification, candidates for director.

Each of the Committees of the Board of Directors operates pursuant to a written Committee Charter. Copies of these Charters can be obtained free of charge from the Corporate Governance portion of the Investor Relations section of the Company's Web site, www.aquaamerica.com, or by contacting the Company at the address appearing on the first page of this Proxy Statement to the attention of the Investor Relations Department.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the system of internal control. In fulfilling its oversight responsibilities, the Committee reviewed the audited financial statements in the Annual Report with management, including discussing the quality of the accounting principles, practices and judgments; the reasonableness of significant judgments; the clarity of disclosures in the financial statements; the integrity of the Company's financial reporting processes and controls; and the selection and evaluation of the independent registered public accounting firm, including the review of all relationships between the independent registered public accounting firm and the Company.

The Committee reviewed with the independent registered public accounting firm, who is responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles in the United States of America, their judgments as to the quality of the Company's accounting principles and such other matters as are required to be discussed with the Committee under auditing standards of the Public Company Accounting Oversight Board (including Statement on Auditing Standards No. 61).

In addition, the Committee has discussed with the independent registered public accounting firm the firm's independence from management and the Company, including the matters in the written disclosures required by Independence Standards Board Standard No. 1, and considered the compatibility of non-audit services with the accountants' independence.

The Committee discussed with the Company's internal auditors and independent registered public accounting firm, the overall scope and plans for their respective audits. The Committee meets with the internal auditors and independent registered public accounting firm, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting. The Committee held seven meetings during 2004.

Aqua America's executive compensation program is designed to motivate its senior executives to achieve the Company's goals of providing its customers with high quality, cost-effective, reliable water services and providing the Company's shareholders with a market-based return on their investment.

Toward that end, the program:

- Provides compensation levels that are competitive with those provided by companies with which the Company may compete for executive talent.
- Motivates key senior executives to achieve strategic business initiatives and rewards them for their achievement.
- Creates a strong link between shareholder and financial performance and the compensation of the Company's senior executives.

In administering the executive compensation program, the Executive Compensation and Employee Benefits Committee (the "Committee") attempts to strike an appropriate balance among the above-mentioned objectives, each of which is discussed in greater detail below.

At present, the executive compensation program is comprised of three components: base salary, annual cash incentive opportunities and equity incentive opportunities. In determining the relative weighting of compensation components and the target level of compensation for the Company's executives, the Committee considers survey data from similarly sized companies in the utility industry and general business ("Composite Market") compiled by a nationally recognized compensation consulting firm.

Competitive compensation levels for salaries and annual incentive awards are targeted at the 50th percentile of compensation levels for utility companies in the Composite Market. Equity incentives are targeted at the 50th percentile of the entire Composite Market.

Compensation Components

Base Salary

To ensure that its pay levels are competitive, the Company, with the assistance of its compensation consultant, regularly compares its executive compensation levels with those of other companies and sets its salary

structure in line with competitive data from the utility companies in the Composite Market. Individual salaries are considered for adjustment annually and any adjustments are based on general movement in external salary levels, individual performance, and changes in individual duties and responsibilities.

Cash Incentive Awards

The annual cash incentive plan is based on target incentive awards for each executive, which are stated as a percentage of their base salaries. Annual incentive awards for executive officers are calculated by a formula that multiplies the executive's target incentive percentage by a Company rating factor based on the Company's overall financial performance and an individual rating factor based on the executive's performance against established objectives. These factors can range from 0% to 125% for the Company rating factor and 0% to 150% for the individual rating factor. Each of these percentages are correlated with defined objectives and approved by the Committee each year. Regardless of the Company's financial performance, the Committee retains the authority to determine the final Company rating factor, and the actual payment and amount of any bonus is always subject to the discretion of the Committee.

Equity Incentives

As part of its review of the total compensation package for the Company's officers, the Committee, with the assistance of its compensation consulting firm, reviewed the Company's equity incentive compensation program. The Committee uses a combination of stock options, dividend equivalents and restricted stock with vesting subject to performance criteria established by the Committee to best link executive long-term incentives to corporate performance and shareholder interests.

Under the terms of the Company's 1994 Equity Compensation Plan and the Company's 2004 Equity Compensation Plan, each of which was approved by the shareholders, the Committee and the Board of Directors may grant stock options, dividend equivalents and restricted stock to officers, directors and key employees, and stock options to key consultants of the Company and its subsidiaries who are in a position to contribute materially to the successful operation of the business of the Company. The purpose of the Plans are to help align executive compensation with shareholder interests by providing the participants with a long-term equity interest in the Company. The Plans, we believe, provide the Company the ability to attract and retain employees of significant abilities.

The Board of Directors has established stock ownership guidelines for the executive officers named in the Summary Compensation Table. These executive officers will be expected, over time, to hold shares of the Company equal in value to at least five times base salary for the Chief Executive Officer, three times base salary for senior officers and two times base salary for other officers. Shareholdings will include shares held under the Company's 401(k) plans. Each of the executive officers except the most recently elected executive officer met these guidelines as of the end of 2004.

Summary of Actions Taken by the Committee

Salary Increase

Under the Company's salary program, the base salary budget is based on salary levels for comparable positions among the utility companies in the Composite Market. The projected overall annual increase is based on annual salary budget increase data reported by published surveys. Under these guidelines, actual salary increases are determined based on a combination of an assessment of the individual's performance and the individual's salary compared to the market. In the case of executive officers named in this Proxy Statement, the determination of salary levels is made by the Committee.

Mr. DeBenedictis's salary for 2004 was consistent with the target level for the CEO position for utility companies within the Composite Market. Mr. DeBenedictis's salary for 2005, which was approved by the Committee and effective on April 1, 2005, is consistent with published salary survey information on salary levels and projected annual salary increases for 2005 and is based on the Committee's favorable assessment of his and the Company's performance.

Annual Incentive Award

The Committee determined the annual cash incentive awards to be made to the participants in the annual incentive plan. The awards were based on the Company's performance compared to its financial goal for 2004 as well as the participants' achievement of their individual objectives. Mr. DeBenedictis's annual incentive compensation for 2004 was based on the Company's earnings and the Committee's assessment of Mr. DeBenedictis's individual performance. Mr. DeBenedictis's achievements in 2004 included achieving record net income for the Company, completing the Heater and Florida Water Service acquisitions as well as 27 other smaller acquisitions and growth ventures, improving the Company's customer service operations and continued cost containment.

Equity Incentives

Effective February 28, 2005, the Committee approved the 2005 grant of incentive stock options and dividend equivalents under the Company's 2004 Equity Compensation Plan to certain of its executive officers and key employees at the fair market value on the date of grant for such stock options of \$24.45. The options are exercisable in installments of one-third each year starting on the first anniversary of the date of grant and expire at the end of ten years from the date of grant. The dividend equivalents will accumulate dividends over a period of four years. For 2005, Mr. DeBenedictis received a grant of 70,000 stock options and dividend equivalents on February 28, 2005. The Committee, with the Board's concurrence, also approved management's recommendation to reduce the performance period for the dividend equivalents granted in 2003 and 2004 by one year based on the Company's performance against the 2004 measurement criteria established by the Committee for this purpose at its March 1, 2004 meeting. The measurement criteria involve targets for earnings per share, dividends, total return to shareholders over a five-year period and customer growth. As part of the equity incentive portion of the Company's executive compensation package, the Committee at its February 28, 2005 meeting approved awards

of the following shares of restricted stock under the 2004 Equity Compensation Plan: 13,000 shares to Mr. DeBenedictis, 5,000 shares to Mr. Stahl and 4,000 shares to Mr. Smeltzer. The share grants are subject to a three-year restricted period, with one-third of each such grant to be released to the grantee each year on the anniversary of the date of grant, subject to the Company's achievement of performance criteria established by the Committee.

Section 162(m) of the Internal Revenue Code generally precludes the deduction for federal income tax purposes of more than \$1 million in compensation (including long-term incentives) paid to the Chief Executive Officer and the other officers named in the Summary Compensation Table in any one year, subject to certain specified exceptions. No part of the Company's executive compensation package for 2004 was subject to the limitation on the federal tax deduction for such compensation under Section 162(m). While Aqua America's executive compensation program is structured to be sensitive to the deductibility of compensation for federal income tax purposes, the program is principally designed to motivate senior executives to achieve the Company's goals. Therefore, the Company has determined that it may be appropriate for the Chief Executive Officer's compensation to be at a level such that a portion is not deductible for federal income tax purposes.

Respectfully submitted,

John F. McCaughan, Chairman
William P. Hankowsky

The options listed in this column are qualified stock options granted at an exercise price equal to the fair market value of the Company's common stock on the date of grant under the Company's 1994 Equity Compensation Plan. Grants become exercisable in installments of one-third per year commencing on the first anniversary of the grant date. An equal number of dividend equivalents, with a four-year accumulation period, were awarded to the named individuals under the 1994 Equity Compensation Plan. The accrued value of the (1) dividend equivalent awards for 2000 through 2004 is shown on the Summary Compensation Table.

The exercise price for options granted is equal to the mean of the high and low sale prices of the Company's (2) common stock on the New York Stock Exchange composite tape on the date the option is granted.

The values in this column were determined using the Black-Scholes Option Pricing Model. The actual value of stock options, if any, that may be realized will depend on the difference between the exercise price and the market price on the date of exercise. The estimated values under the Black-Scholes model are based on assumptions as to such variables as interest rates, stock price volatility and dividend yield. The key assumptions used in the Black-Scholes model valuation of the stock options are (i) an assumed dividend yield of 2.2%, (ii) a risk free rate of return of 4.0%, (iii) volatility of 29.9%, (iv) an exercise date of 4.5 years from the date of grant, and (v) no reduction in values to reflect non-transferability or other restrictions on the (3) options. These assumptions are not a forecast of future dividend yield, stock performance or volatility.

CERTAIN COMPENSATION PLANS

Retirement Plan

The Retirement Plan for Employees of the Company and certain of its subsidiaries (the "Retirement Plan") is a defined benefit pension plan. In general, the Retirement Plan applies to employees hired prior to certain dates in 2003 and the participants are eligible for normal pension benefits upon retirement at age 65 and are eligible for early retirement benefits upon retirement at age 55 with ten years of credited service. Under the terms of the Retirement Plan, a Company participant becomes fully vested in his or her accrued pension benefit after five years of credited service. Benefits payable to employees under the Retirement Plan are based upon "final average compensation", which is defined as the average cash compensation through the five highest consecutive years of the last ten full years preceding retirement.

The Employee Retirement Income Security Act of 1974, as amended, ("ERISA") imposes maximum limitations on the annual amount of pension benefits that may be paid under, and the amount of compensation that may be taken into account in calculating benefits under, a qualified, funded defined benefit pension plan such as the Retirement Plan. The Retirement Plan complies with these ERISA limitations. Effective December 1, 1989, the Board of Directors adopted an Excess Benefits Plan for Salaried Employees of the Company (the "Excess Plan"). The Excess Plan is a nonqualified pension benefit plan that is intended to provide an additional pension benefit to Company participants in the Retirement Plan and their beneficiaries whose benefits under the Retirement Plan are adversely affected by these ERISA limitations. In addition, deferred compensation is excluded from the Retirement Plan Compensation, but is included in the calculation of the Excess Plan. The benefit under the Excess Plan is equal to the difference between (i) the amount of the benefit the Company participant would have been entitled to under the Retirement Plan absent such ERISA limitations and including deferred compensation, and (ii) the amount of the benefit actually payable under the Retirement Plan.

The following tabulation shows the estimated annual pension payable pursuant to the Retirement Plan and the Excess Plan to Company employees, including employees who are directors or officers of the Company, upon retirement after selected periods of service. This table is provided for illustrative purposes only and does not reflect pension benefits presently due under the Retirement Plan or Excess Plan.

The Company's contributions to the Retirement Plan are computed on the basis of straight life annuities. The following executive officers listed in the Summary Compensation Table have the indicated number of completed years of service under the Retirement Plan, and would, upon retirement at age 65 on March 31, 2005, be entitled to a pension based on the remuneration level listed in the following table:

Name	Covered Remuneration	Completed Years of Credited Service
Nicholas DeBenedictis	\$ 723,151	13
Roy H. Stahl	\$ 297,338	23
Richard R. Riegler	\$ 248,978	35
David P. Smeltzer	\$ 247,198	18
Richard D. Hugus	\$ 221,310	16

A Supplemental Executive Retirement Plan or SERP has been established for Mr. DeBenedictis. This Plan, which is nonqualified and unfunded, was approved by the Board of Directors in 1992 and is intended to provide Mr. DeBenedictis with a total retirement benefit, in combination with the Retirement Plan and Excess Plan, that is commensurate with the retirement benefits for the chief executive officers of other companies. Under the terms of the SERP, Mr. DeBenedictis will be eligible to receive a benefit at normal retirement equal to the difference between (i) the benefit to which he would otherwise be entitled under the Retirement Plan assuming he had 25 years of service and absent the ERISA limitations referred to above, and (ii) the benefit payable to him under the Retirement Plan and the Excess Plan. Under the terms of Mr. DeBenedictis' SERP, if his employment is terminated for any reason prior to age 65, he is entitled to receive a supplemental retirement benefit equal to the difference between (i) the benefit to which he would otherwise be entitled under the Retirement Plan assuming he was credited with two years of service for each of his first seven years of credited service and (ii) the benefit payable to him under the Retirement Plan and the Excess Plan. If Mr. DeBenedictis retires from the Company at age 65, the SERP is projected to provide an annual benefit of \$114,145.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Employment Contracts and Termination of Employment and Change of Control Arrangements

Under the terms of Mr. DeBenedictis's employment arrangement, if his employment is terminated by the Company for any reason other than his disability, death or for cause, he will be entitled to receive a severance payment equal to twelve months of his base compensation paid in twelve equal monthly installments without offset. In the event that the employment of any of the executive officers named in the Summary Compensation Table set forth above is terminated, actually or constructively, within two years following a change of control of the Company, the executive officers will be entitled to certain payments and benefits under agreements with the Company. Under the terms of these agreements, the Chief Executive Officer will be entitled to three times his average annual compensation and the other executive officers will be entitled to two times their average annual compensation, plus certain benefits for a period of three years for the Chief Executive Officer and two years for the other executive officers. The agreement with the Chief Executive Officer also provides for reimbursement to him for the tax effects of certain payments and the transfer to him of a split dollar life insurance policy maintained by the Company on his life. Under the terms of the 1994 Equity Compensation Plan and 2004 Equity Compensation Plan, each of which were approved by the shareholders, outstanding stock options will become immediately exercisable, accrued dividend equivalents will become immediately payable and the restrictions on restricted stock grants will immediately lapse upon certain change of control events.

Compensation of Directors

Directors who are full-time employees of the Company do not receive a retainer or fees for service on the Board of Directors or Committees of the Board. Effective January 1, 2005, members of the Board of Directors who are not full-time employees of the Company or any of its subsidiaries (Non-employee Directors) receive an annual cash retainer fee of \$12,500, plus an annual grant of restricted stock with a value of \$25,000 payable on the first of the month following the Annual Meeting of Shareholders. Directors also receive a fee of \$1,500 for

attendance at each meeting of the Board of Directors of the Company and a meeting fee for attendance at each Committee meeting of \$1,250 for the Audit Committee and \$1,000 for other Committees. In addition, each Committee Chairman who is a Non-employee Director receives an annual retainer fee of \$5,000 for the Chairmen of the Audit Committee and Corporate Governance Committee and \$2,500 for the Chairmen of other Committees. All directors are reimbursed for reasonable expenses incurred in connection with attendance at Board or Committee meetings. Directors are eligible to defer part or all of their fees under the Company's Director Deferral Plan. Amounts deferred accrue interest at the prime interest rate plus 1.0%. Amounts deferred are not funded. In 2004, Mr. Glanton deferred \$28,500 of his fees and accrued earnings of \$15,502 on his accumulated deferred fees. The Board of Directors in 2005 approved share ownership guidelines for the directors based on the number of shares having a value equal to five times the annual cash retainer for the directors. Directors will have up to five years to attain this guideline ownership level.

APPENDIX A

AQUA AMERICA, INC. Audit Committee Committee Charter

Committee Purpose:

To assist the Board of Directors in fulfilling its oversight responsibilities with respect to the integrity of the Corporation's financial reporting process and financial statements and systems of internal controls regarding finance, accounting, regulatory and legal compliance. To monitor the independence, qualifications and performance of the Corporation's independent registered public accountants and internal audit function. To provide an avenue of communication among the independent registered public accountants, management, the internal audit function, and the Board of Directors. To prepare the Securities and Exchange Commission required report to be included in the Corporation's annual proxy statement.

The Committee has the authority to conduct any investigation appropriate to fulfilling its responsibilities, and it has direct access to the independent registered public accountants as well as anyone in the Corporation. The Committee has the ability to retain, at the Corporation's expense, special legal, accounting, or other consultants or experts it deems necessary in the performance of its duties.

Although the Committee has the powers and responsibilities set forth in this Charter, the role of the Committee is oversight. The members of the Committee are not full-time employees of the Corporation and may or may not be accountants or auditors by profession or experts in the fields of accounting or auditing and, in any event, do not serve in such capacity. Consequently, it is not the duty of the Committee to conduct audits, to independently verify management's representations, or to determine that the Corporation's financial statements are complete and accurate, prepared in accordance with generally accepted accounting principles ("GAAP"), or fairly present the financial condition, results of operations, and cash flows of the Corporation in accordance with GAAP. These are the responsibilities of management. The independent registered public accountants are responsible for planning and carrying out proper audits and reviews of the Company's financial statements. The Committee's considerations and discussions with management and the independent registered public accountants do not assure that the Corporation's financial statements are presented in accordance with GAAP, that the audit of the Corporation's financial statements has been carried out in accordance with the standards of the Public Company Accounting Oversight Board, or that the Corporation's independent registered public accountants are in fact independent.

Committee Duties and Responsibilities:

Independent Registered Public Accountants

Review and pre-approve any lawfully permitted, non-audit work by the independent registered public accountants as presented by management in accordance with appropriate policies and procedures established by the Committee, provided that the actual extent of any such pre-approved non-audit services are reported to the full Committee at its next scheduled meeting.
4. Disclose all pre-approved, non-audit work in the Corporation's periodic reports.

5. Review any alternative treatment of financial information within GAAP that the independent registered public accountants have presented and discussed with management, the ramifications of the use of such alternatives and the treatment preferred by the independent registered public accountants.
6. Quarterly, in consultation with the management, the independent registered public accountants, and the internal auditors, consider the integrity of the Corporation's financial reporting processes and controls.

7. Quarterly, in consultation with the management, the independent registered public accountants, and the internal auditors, discuss the Corporation's policies and guidelines regarding risk assessment and risk management as well as the Company's significant financial risk exposures and the steps management has taken to monitor, control and report such exposures.
8. Obtain from and discuss with management and the independent registered public accountants any significant changes to the Corporation's accounting principles and any items required to be communicated by the independent registered public accountants to the Committee under auditing standards (i.e., Statement on Auditing Standards No. 61 and Independent Standards Board Standard No. 1).
9. Prepare the Securities and Exchange Commission required report to be included in the Corporation's annual proxy statement.
10. Oversee the Corporation's disclosure controls and procedures, including applicable internal control over financial reporting, and internal control over financial reporting relating to the authorization of transactions and the safeguarding of assets, and, where applicable, oversee the changes in internal controls intended to address any significant deficiencies in the design or operation of internal control over financial reporting or material weaknesses therein and any fraud involving management or other employees that are reported to the Committee. In addition, the Committee shall review and discuss the annual internal control report of management and the independent registered public accountants' report on, and attestation of, management's evaluation of internal control over financial reporting, when those reports are required by Securities and Exchange Commission rules.

Audit Committee

1. Review and evaluate the qualifications, performance and independence of the Corporation's independent registered public accountants on an annual basis and present its conclusions with respect to the independent registered public accountants to the Board of Directors. Such evaluation shall include the review and evaluation of the audit engagement team, including the lead partner. In making its review, the Committee shall take into account the opinions of management.
2. On an annual basis, obtain and review the independent registered public accountants' report on the Corporation's internal quality-control procedures and any material issues raised by the most recent internal quality-control review, peer review, or governmental or professional investigation within the last five years, and steps taken to address any such issues.

Committee Member Qualification:

Committee members shall meet the requirements of the New York Stock Exchange and the rules and regulations of the Securities and Exchange Commission. The Committee shall be comprised of three or more directors as determined by the Board of Directors, each of whom shall be independent, non-management directors. A director shall qualify as independent if the Board of Directors has affirmatively determined that the member is independent, consistent with the independence criteria set forth in the Corporation's Corporate Governance Guidelines. In addition, members of the Committee must also satisfy the following additional requirements in order to be independent:

1. No Committee member or immediate family member of such Committee member may be an affiliated person of the Corporation or any of its subsidiaries, as that term is defined by the Securities and Exchange Commission; and
2. No Committee member shall accept, directly or indirectly, any consulting, advisory, or other compensatory fees from the Corporation or any of its subsidiaries, except for fees for services as a director and a member of the Committee and any other Board of Directors committee.

All members of the Committee must be financially literate or become financially literate within a reasonable time after appointment to the Committee. The Chairperson of the Committee must have accounting or financial management experience. If a member serves on the audit committees of more than three companies, the Board of Directors must determine that this does not impair his or her effectiveness, and disclose such determination in the Corporation's annual proxy statement filed with the Securities and Exchange Commission. At least one member of the Committee shall be an "audit committee financial expert," as that term is defined by the Securities and Exchange Commission.

Committee Member Appointment and Removal:

Committee members, nominated by the Corporation's Corporate Governance Committee, will be appointed annually by the Board of Directors. Committee members may be removed from membership on the Committee by the Board of Directors at any time, with or without cause.

Committee Structure and Operations:

Each year the Board of Directors, upon the nomination of the Corporate Governance Committee, will appoint a Committee Chairperson for the Committee. If a Committee Chairperson is not designated or present, the members of the Committee may designate a Chairperson by majority vote of the Committee membership.

The Committee shall meet at least four times annually, or more frequently as circumstances dictate. The Committee Chairperson shall prepare and/or approve and circulate an agenda in advance of each meeting, including meetings with the independent registered public accountants and/or internal auditors. The Committee should conduct separate private meetings in executive session at least annually with each of management, the director of the internal auditing department, the independent registered public accountants, and as a committee to discuss any matters that the Committee or any one of these groups believes should be discussed.

The Committee may delegate authority to one or more members of the Committee where appropriate, but no such delegation shall be permitted if the authority is required by a law, regulation, or listing standard to be exercised by the Committee as a whole.

The Corporation shall provide appropriate funding, as determined by the Committee, for the Committee to retain any advisors employed by the Committee and to provide for ordinary administrative expenses of the Committee that are necessary or appropriate in carrying out of its duties, in each case without requiring the Committee to seek Board of Director approval.

Committee Reporting to the Board:

The Committee shall cause minutes and attendance records to be kept of each of its meetings, which will be reviewed and approved by the Chairperson of the Committee. Copies of the minutes of each meeting of the Committee will be provided to the Board of Directors, and the Chairperson or his or her designee will report on each meeting of the Committee to the Board of Directors at the next meeting of the Board of Directors following the meeting of the Committee. Such reports shall include, among other things, the review of any issues that arise respecting the quality and integrity of the Corporation's public reporting, the Corporation's compliance with legal and regulatory requirements, the performance and independence of the Corporation's independent registered public accountants, the performance of the Corporation's internal audit function, and the effectiveness of the Corporation's disclosure controls and procedures.
