Notes to Consolidated Financial Statements (Unaudited)

#### 1. Consolidated Financial Statements

The accompanying financial statements include the accounts of TDT Development, Inc. and its wholly owned subsidiaries Terre di Toscana, Inc and Terres Toscanes, Inc. All significant intercompany balances and transactions have been eliminated in consolidation.

Effective March 1, 2002, the Board of Directors of TDT Development, Inc. (the "Company") approved a change of the Company's fiscal year from October 31 to December 31. The two-month transition period of November 1, 2001 through December 31, 2001 ("transition period") precedes the start of the new fiscal year. The unaudited financial information for the two months ended December 31, 2000 ("prior period") is presented for comparative purposes and includes any adjustments (consisting of normal, recurring adjustments) which are, in he opinion of management, necessary for fair presentation.

The unaudited financial statements included herein have been prepared in accordance with the instructions to Form 10-QT and the Rule 10-01 of Regulation S-X, and do not include all the information and footnotes required by U.S. generally accepted accounting principles. However the financial statements do include all adjustments of a normal recurring nature, which, in the opinion of management, are necessary to present fairly the results of operations of the Company for the interim periods presented. The balance sheet data for October

31, 2001 are derived from the audited financial statements that are included in the Company's Annual Report on Form 10-K for the year ended October 31, 2001, which should be read in connection with these financial statements.

The accounting policies followed in the presentation of the interim financial results are the same as those followed on an annual basis. Those policies are presented in Note 3, "Significant Accounting Policies in the consolidated financial statements included in the Company's annual report on Form 10-K.

The interim financial results as of the two months ended December 31, 2001 are not necessarily indicative of the results that will be obtained for the year ending December 31, 2002.

#### ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

You should read the following discussion and analysis in conjunction with the audited financial statements (and notes thereto) and other financial information of our company appearing elsewhere in this report.

We have focused primarily on capital issues and on expanding our business during the transaction period.

Total revenues for the transition period ended December 31, 2001 were \$10,376. Total revenues for the same period in 2000 were \$23,574.

Selling and general and administrative expenses for the transition period ended December 31, 2001 were \$13,693. Selling and general and administrative expenses for the same period in 2000 were \$23,976.

#### LIQUIDITY AND CAPITAL RESOURCES

For the transition period ended December 31, 2001, we had net cash used in operating activities of \$14,712. For the same period in 2000, we had net cash used in operating activities of \$36,237.

Cash used in investment activities for the transition period ended December 31, 2001 was \$0. Cash used in investment activities for the same

period in 2000 was \$3,063.

Cash provided by financing activities for the transition period ended December 31, 2001 totaled (\$3,064). Cash provided by financing activities for the same period in 2000 totaled \$249,659.

At the end of the transition period, we had cash in the amount of \$16,108 as compared to \$33,884 at the beginning of the transition period.

We believe that our current cash will be sufficient to meet our anticipated cash needs for working capital and capital expenditures for at least the next twelve months. If cash generated from operations is insufficient to satisfy liquidity requirements, we may seek to sell additional equity or debt securities or to obtain a credit facility. If we issue debt securities, fixed obligations will increase and we may have to comply with covenants that might inhibit our operations. Moreover, such financing may not be available in amounts or on terms acceptable to us, if at all.
