Proposal For The Destination Of Earnings In The Year Ending December 31, 2006. Members of the Board of Directors, The Senior Management of Companhia Vale do Rio Doce (CVRD), bearing in mind the terms in Article 192 of Law number 6,404 (with the new text provided by Law # 10,303) and those of Articles 41 to 44 of the Company Bylaws, hereby presents a proposal to the Board of Directors for the destination of profits earned in the year ending December 31, 2006. The net earnings in the year, as shown in the Financial Statements, amounted to R\$ 13,431,005,428.22 (thirteen billion, four hundred and thirty one million, five thousand, four hundred and twenty eight Reais and twenty two cents), calculated according to the accounting principles enshrined in Brazilian Corporate Law and the norms and pronouncements established by the Comissão de Valores Mobiliários - CVM (Brazilian securities commission). To the net earnings figure will be added the Reserve for Profits to be Realized, of R\$ 113,667,010.08 (one hundred and thirteen million, six hundred and sixty seven thousand, ten reais and eight cents). These amounts total R\$ 13,544,672,438.30 (thirteen billion, five hundred and forty four million, six hundred and seventy two thousand, four hundred and thirty eight reais and thirty cents) for which the following destination is proposed: **I Legal Reserve.** 5% of the net earnings for the year, must be placed in this reserve, up to a limit of 20% (twenty percent) of the Paid-up Capital, in accordance to the terms of Article 193 of Law number 6,404 and Article 42 of the Company Bylaws, in other words, R\$ 671,550,271.41 (six hundred and seventy one million, five hundred and fifty thousand, two hundred and seventy one reais and forty one cents). **II Dividends / Interest On Shareholders Equity.** The minimum obligatory dividend of 25%, as set out under Article 202, of Law number 6,404 and Article 44 of the Company Bylaws, is determined on the basis of adjusted net earnings, which for the financial year 2006 amounted to R\$ 12,873,122,166.89 (twelve billion, eight hundred and seventy three million, one hundred and twenty two thousand, one hundred and sixty six reais and eighty nine cents). This corresponds to net earnings in the financial year of R\$ 13,431,005,428.22 (thirteen billion, four hundred and thirty one million, five thousand, four hundred and twenty eight reais and twenty two cents), deducting a legal constituted reserve of R\$ 671,550,271.41 (six hundred and seventy one million, five hundred and fifty thousand, two hundred and seventy one reais and forty one cents) and adding the realization during the year of the Unrealized income of R\$ 113,667,010.08 (one hundred and thirteen million, six hundred and sixty seven thousand, ten reais and eight cents). Thus, the minimum obligatory dividend of 25% on adjusted net profit will amount to R\$ 3,218,280,541.72 (three billion, two hundred and eighteen million, two hundred and eighty thousand, five hundred and forty one reais and seventy two cents) corresponding to R\$ 1.33196 (one Brazilian real and thirty three cents, one tenth, nine hundredth and six thousandth of cents) per outstanding share. Article 5 of the Company Bylaws determines that Company's preferred shares have priority in the receipt of annual dividends for a minimum of 6% on the tranche of capital constituted by this class of share or 3% of the net equity value per share. As at December 31, 2006, this reference value for the minimum annual dividend is respectively: R\$ 629,122,114.74 (six hundred and twenty nine million, one hundred and twenty two thousand, one hundred and fourteen reais and seventy four cents) which corresponds to R\$ 0.66 (sixty six cents) per outstanding preferred share or R\$ 457,694,404.44 (four hundred fifty seven million, six hundred and ninety four thousand, four hundred and four reais and forty four cents), corresponding to R\$ 0.48 (forty eight cents) per outstanding preferred share respectively. Therefore, bearing in mind the prerogative to pay interest on

shareholders' equity, based on Article 42, sole paragraph and Article 45, of the Company Bylaws, as well as the cash situation of the Company, the Senior Management is proposing: a) The ratification of the distributions, based on the Senior Management's proposal and approved by the Board of Directors, occurred on October 19, 2006, the amount of R\$ 29,185,000.00 (twenty nine million, one hundred and eighty five thousand reais) paid from October 31, 2006. b) Approve payment of R\$ 3,189,095,541.72 (three billion, one hundred and eighty nine million, ninety five thousand, five hundred and forty one reais and seventy two cents) in dividends and/or interest on shareholders' equity to be paid in two tranches, in April and October 2007, respectively, being the Board of Directors, under the terms of Article 14, section XVI, of the Company Bylaws, as well as Article 192 of Law # 6,404/76, allowed to rule, *ad referendum*, subject to an Ordinary General Shareholders Meeting, on the respective payment.

III Tax Incentive Reserve. The Company is the beneficiary of certain exemptions from income tax on the earnings resulting from regulated exploration, (a) in Article 2, paragraph 2 of Decree Law number 1,825/80, which introduced tax incentives for the Grande Carajás Program, nowadays managed by the Agência de Desenvolvimento da Amazônia - ADA (Amazonian Development Agency), and Article 6, paragraph 6 of Decree Law # 756/69, relative to tax incentives are granted to the Ferro Carajás Project and (b) in the Constituted Report number 0154/2004 issued by the Agência de Desenvolvimento do Nordeste - ADENE (Northeast Development Agency) relative to tax incentives granted for the extraction of sodium chlorate and potash chlorate in the state of Sergipe, Brazil. According to the Company's registers, the value of reduced or exempted income tax for the financial year 2006 is R\$ 9,475,018.29 (nine million, four hundred and seventy five thousand, eighteen reais and twenty nine cents). Under the fiscal legislation governing this incentive, according to Article 545 of the Regulamento do Imposto de Renda - RIR (Income Tax Regulations), the tax which is not paid due to the exemption may not be distributed to shareholders, and must be set aside in a reserve used exclusively for increasing of paid-up capital or absorption of losses. Thus, although this reserve is not covered under the Company Bylaws, neither is it covered by Brazilian Corporate Law, the destination of the amount of exempted income tax is compulsory in practical terms, as governed by the tax legislation, implying that the non-constitution of such a reserve would result in the waiving of the right to tax exemption, so resulting in the payment to the tax authorities of the tax that would thus be owed. Being thus duly explained, we propose to allocate the amount of R\$ 9,475,018.29 (nine million, four hundred and seventy five thousand, eighteen reais and twenty nine cents) to this reserve.

IV Expansion / Investment Reserve. It is proposed that the remaining balance of accumulated earnings, of R\$ 9,645,366,606.88 (nine billion, six hundred and forty five million, three hundred and sixty six thousand, six hundred and six reais and eighty eight cents) be destined to the expansion reserve to pay for the investment projects outlined in the Company's budget. Bearing in mind the need to comply with Article 196 of Law number 6,404/76, the investment budget for the financial year 2007, amounting to R\$ 14 billion, shall be submitted to an Ordinary General Shareholders Meeting for approval.

V Summary. This proposal covers the following destination for net earnings in the financial year 2006: ORIGINS R\$: Net earnings for the year R\$13,431,005,428.22; Realization of reserves for profit to be realized R\$113,667,010.08; TOTAL: R\$13,544,672,438.30. DESTINATIONS: Legal reserve R\$671,550,271.41; Tax incentive reserve R\$9,475,018.29; Expansion/investment reserve R\$9,645,366,606.88; Remuneration to shareholders: Interim dividends R\$29,185,000.00; Interest on

Law 6,404 determines that the balance of profit reserves, except that set aside for contingencies and profits to be realized, may not exceed the value of a company's paid-up capital. Once this limit is reached, the meeting will deliberate on the application of the excess to paid-up capital, through a capital increase, or the distribution of dividends. Having carried out a distribution of earnings in the financial year ending December 31, 2006, the profit reserves exceed the value of the paid-up capital by R\$ 779,763,737.55 (seven hundred seventy nine million, seven hundred sixty three thousand, seven hundred and thirty seven reais and fifty five cents). As a result, the Senior Management proposes the capitalization of part of the expansion/investment reserves of R\$ 7,672,690,130.03 (seven billion, six hundred and seventy-two million, six hundred and ninety thousand, one hundred and thirty reais and three cents), the capitalization of part of the legal reserves of R\$ 751,544,900.50 (seven hundred and fifty-one million, five hundred and forty-four thousand, nine hundred reais and fifty cents), the capitalization of the tax incentive reserves of R\$ 83,363,994.91 (eighty-three million, three hundred and sixty-three thousand, nine hundred and ninety-four reais and ninety one cents) totaling R\$ 8,507,599,025.44 (eight billion, five hundred and seven million, five hundred and ninety-nine thousand, twenty-five reais and forty-four cents) without issue of new shares. As a consequence, the paid-up capital of the Company of R\$ 19,492,400,974.56 (nineteen billion, four hundred and ninety two million, four hundred thousand, nine hundred and seventy four reais and fifty six cents), after the capitalization of the reserves mentioned above, will total R\$ 28,000,000,000.00 (twenty eight billion reais). With the approval of the proposal for this capital increase, the main clause of Article 5 of the Company Bylaws will come into force with the following new text: *Article 5º The paid-up capital amounts to R\$ 28,000,000,000.00 (twenty-eight billion reais) corresponding to 2,459,657,068 (two billion, four hundred fifty nine million, six hundred fifty seven thousand and fifty eight) shares, being R\$ 17,074,399,818.22 (seventeen billion, seventy four million, three hundred ninety nine thousand, eight hundred eighteen reais and twenty two cents), split into 1,499,898,858 (one billion, four hundred ninety nine million, eight hundred ninety eight thousand, eight hundred fifty eight) common shares and R\$ 10,925,600,181.78 (ten billion, nine hundred and twenty five million, six hundred thousand, one hundred and eighty one reais and seventy eight cents), split into 959,758,200 (nine hundred fifty nine million, seven hundred and fifty eight thousand and two hundred) preferred Class A shares, including 6 (six) special class share, all without nominal value.* This proposal involves the following capital reserves used to expand the Company's existing paid-up capital: Current paid-up capital 19,492,400,974.56; Capitalization of expansion/investment reserve 7,672,690,130.03; Capitalization of legal reserve 751,544,900.50; Capitalization of tax incentive reserve 83,363,994.91; Paid-up capital after capitalization 28,000,000,000.00; Being thus duly explained, we hereby submit this proposal to the Members of the Board, in accordance with the deliberations of the Senior Management.
