REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Plan Administrator and Participants
Diebold, Incorporated 401(k) Savings Plan
North Canton, Ohio

We have audited the accompanying statements of net assets available for benefits of the Diebold, Incorporated 401(k) Savings Plan (the Plan) as of December 31, 2008 and 2007, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Diebold, Incorporated 401(k) Savings Plan as of December 31, 2008 and 2007 and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule H, Line 4i Schedule of Assets (Held at End of Year), as of December 31, 2008 is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

DIEBOLD, INCORPORATED 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2008 and 2007

(1) Description of the Plan

The following brief description of the Diebold, Incorporated 401(k) Savings Plan (the Plan), as amended, provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

The Board of Directors of Diebold, Incorporated (the Employer) established this defined contribution plan effective as of April 1, 1990. The Diebold, Incorporated 401(k) Savings Plan covers all non-bargaining unit employees of the Employer and affiliates who have completed ninety days of employment (Salary Employees), all hourly employees of the Employer at the Newark, Ohio facility who are represented by Local 710 of the International Union of Electrical Workers, who have completed ninety days of employment and have attained the age of twenty-one (Newark Employees), and all employees of the Employer at the Canton Plant who commenced active employment on or after May 1, 1992 and all employees on layoff status from the Canton Plant as of May 1, 1992 who returned to active service from the Canton Plant on or after May 1, 1992 (Canton Plant Employees). In addition, Canton Plant Employees must have completed ninety days of employment and have attained the age of twenty-one to be eligible for the Plan. In October 2003, the Employer closed the Canton Plant. Canton Plant Employees may elect distribution of benefits according to the Plan as noted in paragraph 1(e). The Plan is subject to certain provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2002, the Employer established and included as a part of the Plan a stock bonus plan designed to invest primarily in Qualifying Employer Securities, as defined in Section 4975(e) of the Internal Revenue Code (the IRC), and meet the other requirements of an Employee Stock Ownership Plan (the ESOP) as set forth in Sections 401(a) (28) and 4975 of the IRC. The Plan consists of two distinct components. The first component is the profit sharing portion, including cash or deferred arrangement, intended to be qualified under Section 401(k) of the IRC, which shall consist of all plan assets and funds, except for plan assets and funds invested in Diebold, Incorporated common stock. The second component of the Plan is the ESOP, which consists solely of all plan assets and funds invested in Diebold, Incorporated common stock. By establishing an ESOP within the Plan, the participants can receive their cash dividends from Diebold, Incorporated common stock directly, if desired, and the Employer can take a corresponding tax deduction.

Effective January 1, 2007, the Plan was amended such that assets held in a participant's rollover account under the Actcom 401(k) Profit Sharing Plan that were transferred to the Plan, as a result of the merger of the Actcom, Incorporated 401(k) Profit Sharing Plan into the Plan, shall be subject to distribution at any time upon the election of the participant. On March 31, 2008, the assets of the Firstline, Inc. 401(k) Plan were transferred into the Plan in conjunction with the Employer's acquisition of Firstline, Inc. Also, on March 31, 2008, the assets of the ERAS JV 401(k) Profit Sharing Plan were transferred into the Plan in conjunction with the Employer's acquisition of ERAS, Inc. Effective April 1, 2008, the Plan was amended such that Normal Retirement Age for a former ERAS Participant is 59½ years old and the Early Retirement Age for a former Firstline Participant is 55 years old with five years of service. Effective January 1, 2008, the Plan was amended for compliance with requirements under the Pension Protection Act of 2006 and other recent legislation and regulatory requirements. The Plan was also amended in 2008 to add requirements under Section 1165(a) and (e) of the Puerto Rico Internal Revenue Code of 1994, as amended. On October 1, 2008 the assets of the Diebold, Incorporated 401(k) Savings Plan for Puerto Rico Associates were transferred out

of the Plan and into a separate plan.

(b) Contributions

Salary Employees

For the years ended December 31, 2008 and 2007, the Plan allowed each participant to voluntarily contribute from one to fifty percent (in one percent increments) of pre-tax compensation, but not in excess of the maximum amount permitted by the IRC.

Prior to April 1, 2006, for employees hired before July 1, 2003, the Employer contributed, as a Basic Matching Contribution, an amount equal to 60 percent of a participant's pre-tax contributions during each payroll period up to three percent of the participant's compensation in such payroll period and thirty percent of a participant's pre-tax contributions on the next three percent of the participant's compensation in such payroll period. Effective April 1, 2006, the Employer increased its Basic Matching Contribution to 60 percent of a participant's pre-tax contributions during each payroll period up to three percent of the participant's compensation in such payroll period and forty percent of a participant's pre-tax contributions on the next three percent of the participant's compensation in such payroll period.

Prior to April 1, 2006, for employees hired on or after July 1, 2003, the Employer contributed, as a Basic Matching Contribution, an amount equal to 100 percent of a participant's pre-tax contributions during each payroll period up to three percent of the participant's compensation in such payroll period and 50 percent of a participant's pre-tax contributions on the next three percent of the participant's compensation in such payroll period. Effective April 1, 2006, for employees hired on or after July 1, 2003, the Employer increased its Basic Matching Contribution to one hundred percent of a participant's pre-tax contributions during each payroll period up to three percent of the participant's compensation in such payroll period and 60 percent of a participant's pre-tax contributions on the next three percent of the participant's compensation in such payroll period. This new enhanced benefit was in lieu of participation in the Retirement Plan for Salaried Employees. Participation in the Retirement Plan for Salaried Employees was frozen for newly hired employees effective July 1, 2003.

Effective January 1, 2002, the Plan was amended so that as of the last day of each Plan year, the Employer shall calculate the amount of the Basic Matching Contribution that would be contributed on behalf of each participant for that Plan year if the Basic Matching Contribution were calculated and contributed on an annual basis rather than during each payroll period. If the amount of the Basic Matching Contribution, when calculated on an annual basis for the Plan year, is greater than the dollar amount actually contributed to a participant on a payroll basis during that Plan year, the Employer shall contribute to the Trust Fund, as of the last day of the Plan year, the additional amount necessary to increase the Basic Matching Contribution for each participant to the amount of the Basic Matching Contribution as calculated on an annual basis. The additional Basic Matching Contribution receivable calculated on an annual basis was \$23,374 and \$48,982 as of December 31, 2008 and 2007, respectively.

At the end of any Plan Year, the Employer, at its discretion, may determine that an Additional Matching Contribution be made for the next succeeding Plan year. The amount of any Additional Matching Contribution shall be determined solely by action of the Board of Directors. There were no Additional Matching Contributions made on behalf of any plan participants in either 2008 or 2007.

Newark Employees

Edgar Filing: DIEBOLD INC - Form 11-K

Prior to September 15, 2004, the Plan allowed each participant to voluntarily contribute from one to five percent (in one percent increments) of pre-tax compensation, but not in excess of the maximum amount permitted by the IRC. Effective September 15, 2004, the percentage range allowed by the plan increased to one to ten percent.

In 2008 and 2007, the Employer contributed, as a Basic Matching Contribution, an amount equal to thirty percent of participant's pre-tax contributions during each payroll period up to three percent of the participant's compensation in such payroll period. Effective August 2008, the Employer announced the closing of the Newark facility. Former Newark Employees may elect distribution of benefits according to the Plan provisions.

(c) Participants Accounts

Salary Employees

Effective January 1, 1992, the Employer established two separate accounts for each participant, a Regular Account and a Retiree Medical Funding Account. Effective June 1, 2006, participant contributions are deposited into the Regular Account. Each participant may direct that his or her contributions to the Regular Account be invested in the Loomis Sayles Bond Fund, Loomis Sayles Small Cap Value Fund, Vanguard 500 Index Fund, Vanguard Explorer Fund, Vanguard International Value Fund, Vanguard Target Retirement 2005 Fund, Vanguard Target Retirement 2010 Fund, Vanguard Target Retirement 2015 Fund, Vanguard Target Retirement 2020 Fund, Vanguard Target Retirement 2025 Fund, Vanguard Target Retirement 2030 Fund, Vanguard Target Retirement 2035 Fund, Vanguard Target Retirement 2040 Fund, Vanguard Target Retirement 2045 Fund, Vanguard Target Retirement 2050 Fund, Vanguard Target Retirement Income Fund, Vanguard International Growth Fund, Vanguard Mid-Cap Index Fund, Vanguard PRIMECAP Fund, Vanguard STAR Fund, Vanguard Selected Value Fund, Vanguard Total Bond Market Index Fund, Vanguard U.S. Growth Fund, Vanguard Windsor II Fund, Vanguard Retirement Savings Trust, Diebold Company Stock Fund or any combination thereof with the minimum investment in any fund of one percent.

Effective March 1, 2002, a participant may elect to transfer the Employer Basic Matching Contributions and the Employer Additional Matching Contributions, which have been invested in the Diebold Company Stock Fund for a minimum 12-month period, to other funds within the Plan, except such transfer restriction does not apply to employees at least 55 years of age. Effective May 1, 2007, the Employer amended the Plan so that 100 percent of the Employer Basic Matching contribution may be invested according to the participant's direction.

Prior to June 1, 2006, the Employer's Basic Matching Contribution was divided between the Regular Account and the Retiree Medical Funding Account based on a predefined formula and was invested in the Diebold Company Stock Fund. Effective June 1, 2006, all Employer contributions were deposited in the Regular Account. Therefore, no further Employer contributions will be deposited into the Retiree Medical Funding Account; however, this account will be maintained for historical recordkeeping purposes.

Canton Plant (thru October 2003) and Newark Employees

The Employer established two separate accounts for each participant, a Regular Account and a Retiree Medical Funding Account. All participant contributions are deposited into the Regular Account and all Employer contributions are deposited into the Retiree Medical Funding Account. Each participant may direct that his or her contributions to the Regular Account, as well as all Employer contributions to the Retiree Medical Funding Account, be invested in the above named funds according to the participant's direction with the minimum investment in any fund of one percent.

(d) Vesting

For employees hired before July 1, 2003, a participant's pre-tax contributions and earnings, and the Employer's contributions and earnings are immediately vested and non-forfeitable. For employees hired on or after July 1, 2003, a participant's pre-tax contributions and earnings are immediately vested and non-forfeitable; however, Employer contributions and earnings are vested in accordance with the following

schedule: less than three years service, zero percent; three or more years of service, 100 percent.

(e) Distribution of Benefits

Upon termination of service with the Employer or an affiliate, a participant may elect to receive his or her total vested account balance in a lump sum payment, defer receipt until retirement date, or make a direct rollover to a qualified plan if such total account balance exceeds \$5,000. If the vested account balance does not exceed \$5,000, the participant may elect to receive his or her total account balance in a lump sum payment or make a direct rollover to a qualified plan. If the participant does not elect one of the noted options, the plan administrator (the Administrator) will pay the distribution in a direct rollover to the individual retirement annuity plan designated by the Administrator. The Administrator or its designee shall make such determination on a periodic basis, not less frequently than annually. For any funds invested in the Diebold Company Stock Fund, the participant may make an election to receive cash or the Employer's common stock.

(f) Participant Notes Receivable (Salary Employees)

Loan transactions are treated as transfers between the various funds and the Loan Fund. Under the terms of the Plan, active participants of the Plan may borrow against their total account balance except for their balance in the Retiree Medical Funding Account. The minimum amount of any loan is \$1,000 and the maximum is \$50,000 or 50% of a participant's current balance (in \$100 increments), whichever is less. Loan payments are made through equal payroll deductions over the loan period of one to five years. Interest charged, which is based on the prime interest rate plus one percent as of the loan effective date, is determined by the Employer and ranged from 4.25% to 10.50% at December 31, 2008 and 2007.

(g) Withdrawals

A financial hardship provision is available, enabling a participant to withdraw an amount to cover an immediate financial need.

(h) Expenses

All costs and expenses incident to the administration of the Plan are paid by the Administrator, or at the discretion of the Administrator, paid from the assets of the Plan, except for loan processing and administration fees associated with the Loan Fund and fees associated with the managed account program, which are borne by the individual participants.

(i) Retiree Medical Funding Account

The aforementioned Retiree Medical Funding Account was intended to help accumulate funds to cover medical expenses after a participant retires which are no longer covered by an Employer sponsored plan. Prior to June 1, 2006, a portion of the Employer's Basic Matching Contribution, based on a predefined formula, was deposited in the Retiree Medical Funding Account as is the employer's past service contribution. Effective June 1, 2006, all Employer Contributions are deposited into the Regular Account; however, the Retiree Medical Funding Accounts will be continued to be administered separately for historical purposes.

(j) Forfeited Accounts

At December 31, 2008 and 2007, forfeited unvested accounts totaled \$831,345 and \$433,497, respectively. These accounts are used to reduce future employer contributions or administrative fees.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements have been prepared on an accrual basis in accordance with accounting principles generally accepted in the United States of America.

(b) Investment Valuation

The Plan's investments are stated at fair value as of the last business day of the Plan year. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. The Employer common stock is valued at its quoted market price. Participant notes receivable are valued at cost, which approximates fair value. All purchase and sale transactions are recorded on a trade date basis.

As described in Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the "FSP"), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by the FSP, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

(c) Benefit Payments

Benefits are recorded when paid.

(d) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets available for benefits and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in assets available for benefits during the reporting period. Actual results could differ from those estimates.

(e) New Accounting Standard

In September 2006, The FASB issued Statement of Financial Accounting Standards No. 157 ("SFAS No. 157"), Fair Value Measurements. SFAS No. 157 addresses how plans should measure fair value when they are required to use a fair value measure for recognition and disclosure purposes under generally accepted accounting principles. SFAS No. 157 requires the fair value of an asset or liability to be based on market-based measures which will reflect the credit risk of the plan. SFAS No. 157 expands the disclosure requirements to include the methods and assumptions used to measure fair value and the effect of fair value measures on the changes in net assets available for benefits. The adoption of SFAS No. 157 effective

January 1, 2008 did not have a material impact on the Plan's financial statements.

* Non-Participant directed fund until May 1, 2007.

** Shown for comparative purposes only. Investment does not exceed five percent of the Plan's net assets at December 31, 2008.

The Plan has an interest in a fully benefit-responsive group annuity contract as part of the Vanguard Retirement Savings Trust (the "Trust") option issued by the Vanguard Fiduciary Trust Company (the "Trustee"). As stated in FSP AAG INV-1 and SOP 94-4-1, described in note 2, the group trust contract is to be reported at contract value and disclosure of adjustment from fair value is required, as stated on the statements of net assets available for benefits.

The crediting rate of the contract resets every quarter based on the performance of the underlying investment portfolio. To the extent that the Trust has unrealized gains and losses (that are accounted for, under contract value accounting, through the value of the synthetic contract), the interest crediting rate may differ from then-current market rates. An investor currently redeeming Trust units may forgo a benefit, or avoid a loss, related to a future

crediting rate different from then-current market rates. Investments in Vanguard mutual funds and bond trusts are valued at the net asset value of each fund or trust determined as of the close of the New York Stock Exchange (generally 4 p.m., Eastern time) on the valuation date.

The average yield earned by the Trust for fully benefit-responsive investment contracts was 3.67% and 4.71% for the years ended December 31, 2008 and 2007, respectively. The average yield earned and paid to plan participants by the Trust was 3.38% and 4.44% for the years ended December 31, 2008 and 2007, respectively.

Certain events limit the ability of the Plan to transact with the issuer at contract value. These events include, but are not limited to, partial or complete legal termination of the Trust or a unit holder, tax disqualification of the Trust or unit holder, and certain Trust amendments if issuers' consent is not obtained. As of December 31, 2008, the occurrence of an event outside the normal operation of the Trust that would cause a withdrawal from an investment contract is not considered to be probable.

In general, issuers may terminate the contract and settle at other than contract value if there is a change in the qualification status of participant, employer, or plan; a breach of material obligations under the contract and misrepresentation by the contract holder; or failure of the underlying portfolio to conform to the preestablished investment guidelines.

	\$ 32,577,839

(4) Fair Value Measurements

On January 1, 2008, the Plan adopted the Financial Accounting Standards Board issued Statement of Financial Accounting Standards (SFAS) No. 157, *Fair Value Measurements*. This standard establishes a single authoritative definition of fair value, sets out a framework for measuring fair value and requires additional disclosures about fair value measurements. SFAS No. 157 applies to fair value measurements already required or permitted by existing standards.

Fair Value Hierarchy:

The fair value framework described in SFAS No. 157 requires the categorization of assets and liabilities into three levels based upon the assumptions (inputs) used to value the assets or liabilities. Level 1 provides the most reliable measure of fair value, whereas Level 3 generally requires significant management judgment. The three levels are defined as follows:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2: Unadjusted quoted prices in active markets for similar assets or liabilities, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active or inputs, other than quoted prices in active markets, that are observable either directly or indirectly.

Level 3: Unobservable inputs for which there is little or no market data.

Total	\$349,400,560	\$280,748,351	\$58,145,393	\$10,506,816

Assets valued using Level 1 inputs in the table above represent assets from the Plan and are valued based on the number of shares in the funds using a closing price per share traded in an active market.

Assets valued using Level 2 inputs in the table above represent the Plan's investment in fully benefit-responsive investment contracts and are valued at fair value by discounting the related cash flows based on current yields of similar investments with the comparable durations.

Assets valued using Level 3 inputs in the table above represent participant loans and are valued at cost, which approximates fair value.

The following table summarizes the changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2008:

	Year Ended December 31, 2008
Balance, beginning of year	\$ 10,232,858
Purchases, sales, issuances and settlements, net	327,104
Transfers out	(53,146)
Balance, end of year	\$ 10,506,816

(5) Tax Status

The Internal Revenue Service (IRS) has determined and informed the Employer by a letter dated December 20, 2002, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. In accordance with Revenue Procedure 2007-44, the Plan is assigned a cycle E status and as such, is required to submit the plan documents for IRS determination of tax qualification status no later than January 31, 2012. During this interim period, the plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

(6) Plan Termination

Although it has not expressed any intent to do so, the Employer reserves the right at any time, by action of its Board of Directors, to terminate the Plan or discontinue contributions thereto.

(10) Contingency

The Employer has been served with various lawsuits by participants in the Employer's 401(k) savings plan, which were subsequently consolidated into a single proceeding, alleging breaches of fiduciary duties with respect to the Plan. These lawsuits were filed against the Employer and certain current and former officers and directors of the Employer; however, neither the trustee nor the Plan itself have been directly named in the lawsuits. In May 2009, the Company agreed to settle the 401(k) class action litigation for \$4,500,000, to be paid out of the Company's insurance policies. The settlement is subject to final documentation and approval of the court.
