issuer tender offer subject to Rule 13e-4.

going-private transaction subject to Rule 13e-3.

amendment to Schedule 13D under Rule 13d-2.

Check the following box if the filing is a final amendment reporting the results of the tender offer:

On April 23, 2009, ION Geophysical Corporation (ION) filed with the Securities and Exchange Commission (SEC) its Definitive Proxy Statement for the Annual Meeting of Stockholders of ION to be held on May 27, 2009, which contained, among other things, a proposal submitted to ION 's stockholders to approve an employee equity replenishment program that would permit ION 's employees (other than its chief executive officer and directors) to exchange certain outstanding stock options having exercise prices substantially above the current market price of ION common stock, and receive shares of ION common stock (the Replenishment Program). As disclosed in the Definitive Proxy Statement, the Replenishment Program could have been implemented by ION 's Board of Directors at any time within six months after May 27, 2009, the date of stockholder approval of this proposal. ION is filing this Tender Offer Statement on Schedule TO with the SEC to report that it did not commence, and has no current plans to commence, the Replenishment Program or any similar option exchange program.

The legend required by the Instructions to Rule 13e-4(c) under the Securities Exchange Act of 1934 with regard to pre-commencement public communications is intentionally omitted. The legend is deemed not applicable because ION has not commenced any offer under the Replenishment Program and has no current plans to do so.
