PROXY STATEMENT

General

Our Board of Directors is soliciting the enclosed proxy in connection with our 2010 Annual Meeting of Stockholders to be held on February 18, 2010, as well as in connection with any adjournments of that meeting. Our post office address is Sanderson Farms, Inc., P. O. Box 988, Laurel, Mississippi 39441.

Even if you submit a proxy, you may still attend the annual meeting in person, and you may revoke your proxy by voting in person at the meeting. You may also revoke your proxy before it is voted at the meeting in any of the following ways:

by filing with our Corporate Secretary a written notice of revocation;

by submitting to our Corporate Secretary a properly completed and signed proxy dated a later date;
or

by re-voting by Internet or by telephone before 11:59 PM on February 17, 2010 using the instructions contained in the enclosed materials, if telephone or Internet voting is available to you.

Unless you revoke your proxy, it will be voted at the meeting according to your instructions, as long as you have properly completed and submitted it to us.

If you properly complete and submit a proxy but you do not specify how your proxy should be voted, then the proxy will be voted **FOR**:

the election of the nominees for Class C Director set forth in this Proxy Statement and

the ratification and approval of Ernst & Young LLP as the Company's independent auditors for the fiscal year ending October 31, 2010.

Our Chief Financial Officer will vote all proxies in his discretion on all other matters that may properly come before the meeting. As of the date of this Proxy Statement, we have not received notice and we are not aware of any business to be transacted at the meeting other than the matters that are listed in the notice and are described in this Proxy Statement.

If you hold shares of our common stock in your broker's name (sometimes called "street name" or "nominee name"), then you must provide voting instructions to your broker. If you do not provide instructions to your broker, your shares will not be voted on any matter on which your broker does not have discretionary authority to vote for you. A vote that is not cast for this reason is called a "broker non-vote." We will treat broker non-votes as shares present for the purpose of determining whether a quorum is present at the meeting, but we will not consider them present for purposes of calculating the vote required on a particular matter, nor will we count them as a vote FOR or AGAINST a matter or as an ABSTENTION on the matter.

We are paying the cost of soliciting the proxies.

Our 2009 Annual Report accompanies this Proxy Statement, but is not to be considered a part of the proxy solicitation material. The record date for the Annual Meeting is December 29, 2009. These materials are being mailed to stockholders and posted on-line at www.sandersonfarms.com/proxy on or about January 14, 2010.

ELECTION OF DIRECTORS

Our amended Articles of Incorporation provide that our Board of Directors shall be divided into three classes (Class A, Class B and Class C), with each class containing one-third, or as close to one-third as possible, of the total number of directors, and that the total number of directors shall be fixed by the Board of Directors in the By-laws. The Board of Directors has fixed the number of directors at fifteen, resulting in there being five director positions in each class. One Class B director position is currently vacant. At each annual meeting of stockholders, directors constituting one class are elected for a three-year term. At the 2010 Annual Meeting, stockholders will elect five Class C Directors, whose terms will expire at the 2013 Annual Meeting.

The address of each director is Post Office Box 988, Laurel, Mississippi 39441.

Nominees for Class C Directors

The Board of Directors proposes for election as Class C Directors the five nominees listed below, each to serve as a Class C Director until the 2013 Annual Meeting or until his or her successor is elected and has qualified. Any vacancy on the Board of Directors may be filled either by the Board of Directors or by the stockholders, and the term of any director elected to fill a vacancy will expire at the next stockholders' meeting at which directors are elected.

Proxies in the enclosed form may be voted for the election as Class C Directors only of the nominees named below or of substitute nominees who may be named by the Board of Directors to replace any of the nominees who become unavailable to serve for any reason. No such unavailability is presently known to the Board of Directors. There are no arrangements or understandings relating to any person's service or prospective service as a Class C Director of the Company. No person listed below will be elected as a Class C Director unless such person receives the affirmative vote of the holders of a majority of the shares entitled to vote and represented (whether in person or by proxy) at the Annual Meeting at which a quorum is present. If more persons than the number of directors to be elected receive a majority vote, then those persons receiving the highest number of votes will be elected. The

Proxyholder named in the accompanying proxy card will vote FOR the nominees listed below (or substitutes as stated above) unless otherwise directed in the proxy. Abstentions by holders of shares entitled to vote and represented at the meeting will be counted as shares present but not voting for the purposes of calculating the vote with respect to the election of Class C Directors. Broker non-votes will be treated as not present for purposes of calculating the vote with respect to the election of the Class C Directors, and will not be counted either as a vote FOR or AGAINST or as an ABSTENTION with respect thereto.

The following table lists the nominees for Class C Directors and shows, as of January 4, 2010, their respective beneficial ownership of common stock of the Company.

CORPORATE GOVERNANCE

Director Independence

Our Board of Directors has determined that the following directors are independent under the listing standards of The Nasdaq Stock Market: Ms. Cooley, Ms. Hogan, Ms. Mooney, Ms. Pittman, and Messrs. Baker, Banks, Khayat, Livingston, Ritter and Taylor.

Leadership Structure

In 2009, the Board of Directors amended our By-Laws to create the position of a Lead Director, to be filled at any time the Chairman of the Board is also an officer of the Company. The Lead Director must be independent and is appointed by the other independent directors for a one-year term. He or she is responsible for:

presiding at all meetings of the Board of Directors at which the Chairman of the Board is not present, including executive sessions of the independent directors;

serving as a liaison between the Chairman of the Board and the independent directors;

approving information sent to the Board of Directors in preparation for meetings of the Board of Directors;

approving agendas for meetings of the Board of Directors and meeting schedules to ensure that there is sufficient time for discussion of all agenda items; and

being available for communications with the corporation's stockholders.

The Lead Director also has the authority to call meetings of the independent directors.

The independent directors appointed Phil K. Livingston as the Company's first Lead Director.

The Board of Directors believes that its leadership structure is appropriate because it strikes an effective balance between management and independent director participation in the Board process. The Lead Director role helps to ensure greater communication between management and the independent directors. It also increases the independent directors' understanding of management decisions and Company operations and provides an additional layer of independent oversight of the Company.

Board Meetings and Committees of the Board

During our 2009 fiscal year, the Board of Directors held ten meetings, five of which were telephonic meetings. The Board of Directors strongly encourages all directors to attend the Company's annual meetings of stockholders, and all directors attended the 2009 Annual Meeting. The Board of Directors has appointed three standing committees: the Audit Committee, the Compensation Committee and the Nominating and Governance Committee. Each member of these committees is independent under the listing standards of The Nasdaq Stock Market. Every incumbent director attended at least 75% of the total of (i) all of the Board of Directors meetings held during the period for which he or she was a director and (ii) all of the meetings held by the committees of the Board on which he or she served (during the period in which he or she served).

The current charter of each committee of the Board of Directors is available in the Investor Relations section of our website at www.sandersonfarms.com.

Nominating and Governance Committee

The members of the Nominating and Governance Committee are Ms. Hogan and Ms. Mooney (Vice Chair) and Messrs. Banks (Chair), Livingston, Ritter and Taylor. The committee considers all director candidates recommended for election to the Board of Directors. It also recommends all compensation paid to our non-employee directors, leads the Board in its annual self-evaluation and from time to time makes recommendations concerning our corporate governance policies. In fiscal 2009, the Committee held four meetings.

As noted above, the Nominating and Governance Committee considers potential nominees for director proposed by its members, members of the Board of Directors, our stockholders or management. Stockholders who are not also members of our Board of Directors or management should submit notice of their proposed nominees for director in writing to the Nominating and Governance Committee at the Company's general offices. That address is Post Office Box 988, Laurel, Mississippi 39441.

Stockholders should include the following information in their written notice:

The stockholder's name and address;

A representation that the stockholder is a holder of record or a beneficial owner (in which case evidence of such beneficial ownership must be submitted if requested by the Nominating and Governance Committee) of shares of the Company's common stock as of the date of the notice;

The name, age, business and residence addresses, and principal occupation and experience of each proposed nominee;

Such other information regarding each proposed nominee that the stockholder wishes the Nominating and Governance Committee to consider;

The consent of each proposed nominee to serve as director of the Company if elected; and

A representation signed by each proposed nominee that states that such proposed nominee meets all of the qualifications set forth in Article IV of our bylaws, which requires that directors must be at least 21 years old and citizens of the United States.

Persons wishing to propose nominees for consideration at our annual meeting of stockholders must submit notice of their proposed nominee to the Nominating and Governance Committee no later than September 15 of the year prior to the annual meeting.

Anyone proposing nominees to the Nominating and Governance Committee should consider the minimum qualifications, skills and qualities that the Nominating and Governance Committee believes are necessary for a director of the Company, as follows:

significant business experience in production, preferably related to agriculture, or in marketing, finance, accounting or other professional disciplines;

prominence and a highly respected reputation in his or her profession;

a global business and social perspective;

a proven record of honest and ethical conduct, personal integrity and good judgment;

concern for the long-term interests of our stockholders; and

significant time available to devote to Board activities and to enhance his or her knowledge of our industry.

The Nominating and Governance Committee may interview candidates for nomination for election as director who are not incumbent directors. The Nominating and Governance Committee may elect to invite members of our management to participate in the interviews. When all interviews are complete, the Nominating and Governance Committee votes to determine a slate of nominees to be submitted to the Board of Directors. The Nominating and Governance Committee uses the same process to evaluate potential nominees proposed by stockholders as it uses to evaluate any other potential nominee.

Nothing in the committee's policies will prevent a stockholder from nominating persons for election as directors from the floor at any annual or special meeting of stockholders called for that purpose by following the advance

notification procedures set forth in Article III of our bylaws. These procedures are described under STOCKHOLDER PROPOSALS, Procedure in this Proxy Statement.

Audit Committee

The members of the Audit Committee are Ms. Pittman and Ms. Mooney and Messrs. Baker (Vice Chair), Khayat, Livingston, and Ritter (Chair). The committee, among other things, appoints or replaces the independent auditors, reviews the scope of the independent auditors' audit, reviews our major accounting and financial reporting policies and practices and systems for compliance with applicable statutes and regulations, and reviews our internal auditing functions. The Audit Committee held ten meetings during fiscal 2009, five of which were telephonic meetings.

Audit Committee Report

To the extent provided by Instruction 1 to Item 407(d) of Regulation S-K of the Securities and Exchange Commission (SEC), this section shall not be deemed to be proxy soliciting material or to be filed with the SEC or subject to its proxy regulations or to the liabilities imposed by Section 18 of the Exchange Act.

The Audit Committee has reviewed and discussed the audited financial statements with management, and the Audit Committee has discussed with the independent auditors the matters required to be discussed by SAS 61 (Codification of Statements on Auditing Standards) as adopted by the Public Company Accounting Oversight Board in Rule 3200T. SAS 61 requires the independent auditor to provide the Audit Committee with information regarding the scope and results of an audit that may assist the Audit Committee in overseeing management's financial reporting and disclosure process. The Audit Committee has received the written disclosures and the letter from the independent auditors required by applicable requirements of the Public Company Accounting Oversight Board, and has discussed with the independent accountants the independent auditors' independence. Based on the review and discussions referred to above, the Audit Committee recommended that the audited financial statements for the fiscal year ended October 31, 2009 be included in our Annual Report on Form 10-K for that fiscal year for filing with the SEC.

The Audit Committee:

John H. Baker, III (Vice Chair)

Robert Khayat

Phil K. Livingston

Dianne Mooney

Gail J. Pittman

Charles W. Ritter, Jr. (Chair)

Compensation Committee; Compensation Committee Interlocks and Insider Participation

The members of the Compensation Committee are Ms. Cooley, Ms. Hogan, Ms. Pittman (Vice Chair) and Messrs. Baker, Khayat, Livingston (Chair), Ritter and Taylor. The committee determines the philosophy, components, levels and terms of our executive compensation. In fiscal 2009, the Compensation Committee the Committee held seven meetings, three of which were telephonic.

The committee's processes and procedures for the consideration and determination of executive pay, as well as the role of management and outside consultants in that process, are more fully described in the EXECUTIVE COMPENSATION section, below.

The Compensation Committee may form and delegate its authority to subcommittees consisting only of persons who are members of the Compensation Committee.

During fiscal 2009, none of the members of the Compensation Committee was an officer or employee of the Company and no member of the committee is a former officer of the Company. In addition, during fiscal 2009, none of our executive officers served on the board of directors of any entity whose directors or officers served on our board of directors.

Communications Between Stockholders and the Board of Directors

The Board of Directors has adopted a formal procedure that stockholders may follow to send communications to the Board of Directors. Stockholders may send communications to the Board by writing to:

Internal Audit Department
Sanderson Farms, Inc.
P. O. Box 988
Laurel, MS 39441-0988

Stockholders desiring to send a communication to the full Board of Directors should mark the envelope Attention: Board of Directors. Envelopes intended for a committee of the Board should be marked to the attention of the particular committee. Stockholders may also communicate with directors who are independent directors under the rules of The NASDAQ Stock Market by marking the envelope Attention: Independent Directors at the address given above.

We will forward all communications we receive as addressed on a quarterly basis, unless management determines by individual case that a communication should be forwarded more promptly. However, any stockholder communication concerning employee fraud or accounting matters will be forwarded as addressed, with a copy to the Audit Committee, immediately upon receipt.

Review and Approval of Certain Transactions

The Audit Committee's charter charges it with reviewing on an on-going basis certain transactions between the Company and its directors, officers, major stockholders and certain other persons for conflicts of interest. The types of transactions that are subject to this review are those related party transactions that must be disclosed in our proxy statement under the rules of the SEC. The Audit Committee must recommend to a special committee of qualified, independent directors whether or not the transaction should be approved. The special committee may retain independent legal, accounting or other advisors to advise it in this process. During our 2009 fiscal year, there were no transactions between the Company and related persons that required review by the Audit Committee or that required disclosure in this proxy statement.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors, officers and persons who own more than 10% of our outstanding common stock to file with the SEC reports of changes in their ownership of our common stock. Officers, directors and greater than 10% stockholders are also required to furnish us with copies of all forms they file under this regulation. Based solely on a review of written information provided by these persons, our officers, directors and greater than 10% stockholders are in compliance with all Section 16(a) filing requirements.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Executive Summary

This Compensation Discussion and Analysis (CD&A) describes our compensation philosophies, factors considered in developing our compensation packages and the decision-making process followed in setting compensation for our Named Executive Officers during our 2009 fiscal year. It should be read in conjunction with the tables and accompanying narratives that follow. Other than our principal executive officer and principal financial officer, there are only two individuals at our Company who meet the definition of executive officer under SEC rules, and therefore our four executive officers are our only Named Executive Officers under the SEC's proxy statement rules. They are:

Joe F. Sanderson, Jr., Chairman of the Board and Chief Executive Officer (CEO);

Lampkin Butts, President and Chief Operating Officer (COO);

Mike Cockrell, Treasurer and Chief Financial Officer (CFO); and

James A. Grimes, Secretary and Controller (Secretary).

The goal of this CD&A is to describe our executive compensation philosophies and programs with transparency and clarity. Our Compensation Committee met several times during the year and retained Watson Wyatt & Company as its independent executive compensation consultant. We believe that our executive compensation programs reflect our Company's philosophy and are effective in retaining and motivating our current executives. Although we generally strive to appoint executives from within our Company, our compensation programs will allow us to attract top management candidates, should the need arise.

Sanderson Farms has had a pay-for-performance culture since its early days. We expect top performance from our people every year and are willing to pay for that success. Accordingly, a substantial part of the compensation package for each Named Executive Officer is at risk and is only earned if performance so warrants. In addition to base salary, we offer our Named Executive Officers the opportunity to earn an annual bonus if certain performance goals are met, and we also grant long-term incentives to our Named Executive Officers to align their pay with the long-term success of our Company. To date, our long-term incentives have been primarily performance-based, but also have a time-based element to assist us in retaining our management team. We encourage our Named Executive Officers, other members of management and our Board of Directors to follow our stock ownership guidelines. In addition, our executives participate in our Employee Stock Ownership Plan and can elect to participate in our Management Share Purchase Plan, which further aligns them with our stockholders.

We use a peer group and appropriate published surveys (based on appropriate industry and revenue size comparisons) to set compensation levels. We do not target our compensation levels at any particular point in the range established by data we gather, but we do consider the median of those markets as a general guide, along with a multitude of other factors, in setting our pay opportunity. However, with above-target performance, our Named Executive Officers can earn above-market pay.

For purposes of our annual bonus award plan, we measure operational performance using Agristats, a private industry benchmarking service that analyzes performance data submitted weekly by a significant majority of the poultry industry, and through earnings per share. Even if we meet the operational and earnings per share targets, executives will not receive payments under the bonus award plan unless we also meet a return on equity threshold. For our long-term performance share plan, we measure performance by return on sales and return on equity, and our stock price also factors into the final amount of the award to the Named Executive Officers.

In fiscal 2009, market conditions experienced in our industry improved significantly over fiscal 2008, and we paid bonuses under the bonus award plan for 2009 equal to almost 50% of the maximum bonus opportunity. We paid no bonuses for fiscal 2008.

There are three long-term performance share cycles currently in place under our long-term performance share plans, and the payouts, if achieved, will occur at the end of fiscal 2010, 2011 and 2012.

We expect top-level performance from our management team over the long term, even during downturns in our industry and during periods of Company expansion. Accordingly, the criteria that the Committee has established for our performance-based awards have been historically very challenging to achieve. Indeed, none of the performance shares we have granted have ever been earned, and we do not currently expect performance shares granted for fiscal 2008 to be earned. Nevertheless, even in years for which we have incurred a net loss, our Company has still performed better than our peers. The Committee has considered these factors in evaluating our compensation plans and has made adjustments to the plans or discretionary awards, described further below, to take into account our strong performance relative to the industry and our significant Company growth.

Finally, our CEO, at his request, received no equity awards under the long-term incentive program from its inception through our 2009 fiscal year. The CEO requested that he be considered for long-term incentive awards for the 2010 fiscal year.

Principles and Objectives of the Executive Compensation Program

The main objectives of our executive compensation programs have been to reward outstanding performance by our executives appropriately and to ensure that management and stockholder interests are closely aligned. The Committee works hard to structure compensation packages that create incentives for our executives to maximize stockholder value, rather than to maximize their individual pay. A significant portion of our executive compensation opportunity is related to factors that directly and indirectly influence stockholder value, including stock

performance, earnings per share, operational performance, return on sales and return on equity. Another significant factor in the Committee's decisions to make equity-based awards to our executives is stockholder dilution, and the Committee strives to minimize the dilutive effect of those awards on our stockholders.

We believe our executive culture is unique within our industry. Our management team is motivated by a strong tone from the top that has fostered our core mission to create returns for our stockholders. We believe our executives should be rewarded fairly for their loyalty to that mission, especially in years when we perform at the top of our industry.

Management, the Board of Directors and the Compensation Committee recognize that our business is cyclical and seasonal, and often times the level of profitability we achieve is significantly influenced by factors beyond our control. These factors include swings in the market prices for our primary product, fresh chicken, and our two primary input costs, corn and soybean meal. Accordingly, the Compensation Committee believes it is important to measure and reward outstanding performance as much by operational performance relative to our peers as in absolute dollars per share and other typical measuring tools. This concept of placing significant emphasis on operational performance relative to our peers permeates our overall compensation plans and philosophy.

The Committee intends to continue its strategy of employing compensation programs that emphasize performance-based incentive compensation. We have structured our executive compensation packages with an understanding of the cyclical nature of our business, and in an effort to achieve an appropriate balance between our short and long-term performance, and also a balance of emphasis between our operational performance versus the industry and our financial performance on the one hand, and stockholder return on the other.

As discussed above, our business is primarily driven by the performance of the commodities markets, specifically the markets for fresh chicken, corn and soybean meal. These markets are external to our business and therefore the Committee does not believe that our performance-based compensation promotes excessive or inappropriate risk-taking by our management. Likewise, our performance-based compensation programs do not encourage excessive risk-taking by individual employees or business units because the criteria underlying the plans are uniform for all participants, regardless of their seniority or division in our Company.

Benchmarking and Competitive Analyses

The Committee uses information gathered by analyzing the compensation levels and programs of a peer group and, in some cases, composite survey data compiled from companies of appropriate size and industry (although the survey data does not specifically identify contributing companies). The peer group serves as the chief point of comparison of the level and structure of executive pay, and is composed of companies similar to Sanderson Farms in size, industry, geographic location and/or performance. Beginning with fiscal 2008, the Committee also used data from a reference group of direct competitors that are considerably larger than Sanderson Farms as a comparator for components of executive pay, but not for pay levels. Selection of the peer and reference groups was based on the research of Watson Wyatt, with input from the Committee, the CEO, and the CFO.

The comparator groups yield information about the general level and components of pay for comparable executive positions at other companies. The Committee uses this information as a general guide in its deliberations, but it does not target our executive compensation levels at any point in the range established by the comparisons. Instead, the Committee bases its final decisions on its business judgment, which may be influenced by the median level of that range, as well as a variety of other factors discussed below. The companies comprising the comparator groups for fiscal years 2009 and 2010 are shown below:
