We will exchange all original notes that are validly tendered and not withdrawn before the end of the exchange offer for an equal principal amount of new notes that we have registered under the Securities Act of 1933.

This exchange offer expires at 11:59 p.m., New York City time, on March 9, 2010, unless extended.

No public market exists for the original notes or the new notes. We do not intend to list the new notes on any securities exchange or to seek approval for quotation through any automated quotation system.

**See Risk Factors beginning on page 12 for a discussion of the risks that holders should consider prior to making a decision to exchange original notes for new notes.**

The notes will be our senior secured obligations and will rank equally in right of payment with all of our existing and future senior obligations, senior to all of our existing and future subordinated indebtedness and effectively subordinated to our existing and future first priority secured indebtedness, including indebtedness under the revolving

credit facility (as defined herein) to the extent of the value of the assets securing such indebtedness. The notes will be fully and unconditionally guaranteed on a senior secured basis by each of our subsidiaries that guarantee the revolving credit facility and our outstanding senior notes.

The notes and the guarantees will be secured by (subject to certain exceptions and permitted liens) substantially all the tangible and intangible assets of ours and the guarantors, but excluding, in any event, the capital stock of any subsidiary or other affiliate held by us or any guarantor. The notes and the guarantees will be subject to an intercreditor agreement with the lenders under the revolving credit facility. See Description of the Notes Security Intercreditor Agreement.

**The Exchange Offer**

The Exchange Offer

We are offering to exchange up to \$250,000,000 aggregate principal amount of our new 12% Senior Secured Notes due 2017 for up to \$250,000,000 aggregate principal amount of our original 12% Senior Secured Notes due 2017, which are currently outstanding. All original notes that are validly tendered and not validly withdrawn prior to the expiration of the exchange offer will be exchanged.

Resales Without Further Registration

Based on interpretations by the staff of the SEC in several no action letters issued to third parties, we believe that the new notes issued pursuant to the exchange offer may be offered for resale, resold or otherwise transferred by you without compliance with the registration and prospectus delivery provisions of the Securities Act of 1933 (the Securities Act ) provided that:

you are acquiring the new notes issued in the exchange offer in the ordinary course of your business;

you have not engaged in, do not intend to engage in, and have no arrangement or understanding with any person to participate in, the distribution of the new notes issued to you in the exchange offer in violation of the provisions of the Securities Act; and

**Table of Contents**

you are not our affiliate, as defined under Rule 405 of the Securities Act.

Each broker-dealer that receives new notes for its own account in exchange for original notes, where such original notes were acquired by such broker-dealer as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of such new notes.

The letter of transmittal states that, by so acknowledging that it will deliver and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an underwriter within the meaning of the Securities Act. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of new notes received in exchange for original notes where such original notes were acquired by such broker-dealer as a result of market-making activities or other trading activities. We have agreed to use our reasonable best efforts to make this prospectus, as amended or supplemented, available to any broker-dealer for a period of 180 days after the date of this prospectus for use in connection with any such resale. See Plan of Distribution.

Expiration Date	11:59 p.m., New York City time, on March 9, 2010, unless we extend the exchange offer.
Accrued Interest on the New Notes and Original Notes	The new notes will bear interest from October 15, 2009 or the last interest payment date on which interest was paid on the original notes surrendered in exchange therefor. Holders of original notes that are accepted for exchange will be deemed to have waived the right to receive any payment in respect of interest on such original notes accrued to the date of issuance of the new notes.
Conditions to the Exchange Offer	The exchange offer is subject to certain customary conditions which we may waive. See The Exchange Offer Conditions.
Procedures for Tendering Original Notes	Each holder of original notes wishing to accept the exchange offer must complete, sign and date the letter of transmittal, or a facsimile of the letter of transmittal; or if the original notes are tendered in accordance with the book-entry procedures described in this prospectus, the tendering holder must transmit an agent's message to the exchange agent at the address listed in this prospectus. You must mail or otherwise deliver the required documentation together with the original notes to the exchange agent.
Special Procedures for Beneficial Holders	If you beneficially own original notes registered in the name of a broker, dealer, commercial bank, trust company or other nominee and you wish to tender your original notes in the exchange offer, you should contact such registered holder promptly and instruct them to tender on your behalf. If you wish to tender on your own behalf, you must, before completing and executing the letter of transmittal for the exchange offer and delivering your original notes, either arrange to have your original notes registered in

your name or obtain a properly completed bond power from the registered holder. The transfer of registered ownership may take considerable time.

**Summary of Terms of New Notes**

The exchange offer constitutes an offer to exchange up to \$250,000,000 aggregate principal amount of the new notes for up to an equal aggregate principal amount of the original notes. The new notes will be obligations of Beazer Homes evidencing the same indebtedness as the original notes, and will be entitled to the benefit of the same indenture and supplemental indenture. The form and terms of the new notes are

**Table of Contents**

substantially the same as the form and terms of the original notes except that the new notes have been registered under the Securities Act. See Description of the Notes.

**Comparison with Original Notes**

Freely Transferable

The new notes will be freely transferable under the Securities Act by holders who are not restricted holders. Restricted holders are restricted from transferring the new notes without compliance with the registration and prospectus delivery requirements of the Securities Act. The new notes will be identical in all material respects (including interest rate, maturity and restrictive covenants) to the original notes, with the exception that the new notes will be registered under the Securities Act. See The Exchange Offer Terms of the Exchange Offer.

Registration Rights

The holders of the original notes currently are entitled to certain registration rights pursuant to the registration rights agreement entered into on the issue date of the original notes by and among Beazer Homes, the subsidiary guarantors named therein and the initial purchasers named therein, including the right to cause Beazer Homes to register the original notes for resale under the Securities Act if the Exchange Offer is not consummated prior to the exchange offer termination date. However, pursuant to the registration rights agreement, such registration rights will expire upon consummation of the exchange offer. Accordingly, holders of original notes who do not exchange their original notes for new notes in the exchange offer will not be able to reoffer, resell or otherwise dispose of their original notes unless such original notes are subsequently registered under the Securities Act or unless an exemption from the registration requirements of the Securities Act is available.

**Terms of New Notes**

Issuer

Beazer Homes USA, Inc.

Notes Offered

The form and terms of the new notes will be the same as the form and terms of the outstanding notes except that:

the new notes will bear a different CUSIP number from the original notes;

the new notes have been registered under the Securities Act and, therefore, will not bear legends restricting their transfer; and

you will not be entitled to any exchange or registration rights with respect to the new notes.

The notes will evidence the same debt as the original notes. They will be entitled to the benefits of the indenture and the supplemental indenture governing the original notes and will be treated under the indenture and the supplemental indenture as a single class with the original notes. We

refer to the new notes and the original notes collectively as the notes in this prospectus.

Maturity Date

October 15, 2017.

**Table of Contents**

Interest	The notes will bear interest at a rate of 12% per annum from October 15, 2009. Interest on the notes will be payable semi-annually in cash on October 15 and April 15 of each year, commencing on April 15, 2010
Guarantees	On the issue date of the notes, all payments on the notes, including principal and interest, will be jointly and severally guaranteed on a senior secured basis by substantially all of our existing subsidiaries.
Collateral	<p>The notes and guarantees will be secured by (subject to certain exceptions and permitted liens) substantially all the tangible and intangible assets of ours and the guarantors, but excluding in any event:</p> <ul style="list-style-type: none"><li>the pledge of stock of subsidiaries or other affiliates;</li><li>real or personal property where the cost of obtaining a security interest or perfection thereof exceeds its benefits;</li><li>real property subject to a lien securing indebtedness incurred for the purpose of financing the acquisition thereof;</li><li>real property located outside of the United States;</li><li>unentitled land;</li><li>real property which is leased or held for the purpose of leasing to unaffiliated third parties;</li><li>any real property in a community under development with a dollar amount of investment as of the most recent month-end (determined in accordance with GAAP) of less than \$2.0 million or with less than 10 lots remaining;</li><li>up to \$50.0 million of assets received in certain asset dispositions or asset swaps or exchanges made in accordance with the indenture; and</li><li>assets with respect to which any applicable law or contract prohibits the creation or perfection of security interests therein.</li></ul> <p>In addition, we and the guarantors shall not be required to execute or deliver any control agreements with respect to any deposit account or securities account.</p> <p>For more details, see the section Description of the Notes Security.</p>
Intercreditor Agreement	The notes will be expressly junior in priority to the liens that secure our first-priority obligations. As of the issue date of the notes, the obligations under the revolving credit facility constitute the only first-priority obligations. The indenture permits certain additional obligations to be

incurred and to constitute first-priority obligations. Pursuant to the intercreditor agreement, the liens securing the notes may not be enforced at any time when obligations secured by first-priority liens are outstanding, except for certain limited exceptions. The holders of the priority liens will receive all proceeds from any realization on the collateral or from the collateral or proceeds thereof in any insolvency or liquidation proceeding until the obligations secured by the priority liens are paid in full.

**Table of Contents**

Sharing Liens	<p>In certain circumstances, we may secure specified indebtedness permitted to be incurred under the indenture governing the notes by granting liens upon any or all of the collateral securing the notes, including on an equal basis with the first-priority liens securing the revolving credit facility, on a <i>pari passu</i> basis with the notes or on a junior basis.</p>
Ranking	<p>The notes and the guarantees will be our and the guarantors' senior secured obligations. The indebtedness evidenced by the notes and the guarantees will:</p> <ul style="list-style-type: none"><li>rank senior in right of payment to any of our and the guarantors' existing and future subordinated indebtedness;</li><li>rank equally in right of payment with all of our and the guarantors' existing and future senior indebtedness, including our outstanding senior notes and our revolving credit facility;</li><li>be secured equally to our and the guarantors' obligations under any other <i>pari passu</i> lien obligations incurred after the issue date to the extent of the collateral;</li><li>be effectively subordinated to our and the guarantors' obligations under our revolving credit facility and any other debt incurred after the issue date that has a first-priority security interest in the collateral (or that has a security interest in assets that do not constitute collateral), in each case to the extent of the collateral or such other assets; and</li><li>be structurally subordinated to all existing and future indebtedness and other liabilities of our non-guarantor subsidiaries (other than indebtedness and liabilities owed to us or one of our guarantor subsidiaries).</li></ul> <p>The indenture governing the notes permits additional indebtedness or other obligations to be secured by the collateral (i) on a lien priority basis prior or <i>pari passu</i> with the notes, in each case subject to certain limitations and (ii) on a junior priority basis relative to the notes, without regard to any such limitations.</p> <p>As of December 31, 2009, we and the guarantors had approximately \$12.0 million of indebtedness outstanding secured by assets that are not part of the collateral.</p> <p>In addition, as of December 31, 2009, our non-guarantor subsidiaries had outstanding indebtedness and other liabilities (excluding intercompany obligations) of \$5.3 million.</p>
Optional Redemption	<p>Prior to October 15, 2012, we may redeem the notes, in whole or in part, at a price equal to 100% of the principal amount thereof plus the make-whole premium described under "Description of the Notes - Optional</p>

Redemption.

We may also redeem any of the notes at any time on or after October 15, 2012, in whole or in part, at the redemption prices described under

Description of the Notes Optional Redemption, plus accrued and unpaid interest, if any, to the date of redemption. In addition, prior to October 15, 2012, we may redeem up to 35% of

**Table of Contents**

the aggregate principal amount of the notes issued under the indenture with the net proceeds of certain equity offerings, provided at least 65% of the aggregate principal amount of the notes originally issued remain outstanding immediately after such redemption. See Description of the Notes Optional Redemption.

**Certain Covenants**

The indenture governing the notes contains certain covenants that, among other things, limit our ability and the ability of our restricted subsidiaries to:

incur additional indebtedness or issue certain preferred shares;

create liens on certain assets to secure debt;

pay dividends or make other equity distributions;

purchase or redeem capital stock;

make certain investments;

sell assets;

agree to restrictions on the ability of restricted subsidiaries to make payments to us; or

consolidate, merge, sell or otherwise dispose of all or substantially all of our assets, and engage in transactions with affiliates.

These limitations are subject to a number of important qualifications and exceptions. See Description of the Notes Certain Covenants.

**Change of Control; Asset Sale**

Upon a change of control, we will be required to make an offer to purchase each holder's notes at a price of 101% of the principal amount thereof, plus accrued and unpaid interest, if any, to the date of purchase. See Description of the Notes Mandatory Offers to Purchase the Notes and Description of the Notes Certain Covenants Change of Control.

If we sell assets under certain circumstances, we will be required to make an offer to purchase the notes at their face amount, plus accrued and unpaid interest to the purchase date. See Description of the Notes Mandatory Offers to Purchase the Notes and Description of the Notes Certain Covenants Limitations on Asset Sales.

**No Listing on any Securities Exchange**

We do not intend to list the new notes on any securities exchange or to seek approval for quotation through any automated system.
