CORPORATE GOVERNANCE AND BOARD MATTERS

Board of Directors, Leadership Structure, Role in Risk Oversight, Meetings and Standing Committees

Board of Directors. There are currently nine members of the Board of Directors:

John W. Alexander
John R. Bowen
Annette Catino
Gil Chapman
John P. Connors, Jr.
John J. DePierro
Susan Lamberti
Albert J. Regen
Patrick E. Scura, Jr.

Stanley A. Applebaum, upon reaching the mandatory retirement age of the Company's Bylaws, retired from the Board of Directors on May 27, 2009, and was granted emeritus status.

The Board of Directors affirmatively determines the independence of each director in accordance with Nasdaq Stock Market rules, which include all elements of independence as set forth in the listing requirements for Nasdaq securities. The Board of Directors has determined that each of the following non-employee Directors is independent of Northfield Bancorp, Inc.:

John R. Bowen
Annette Catino
Gil Chapman
John J. DePierro
Susan Lamberti
Albert J. Regen
Patrick E. Scura, Jr.

Table of Contents

Although a majority of our directors are currently independent, we are a **Controlled Company** because Northfield Bancorp, MHC owns a majority of our outstanding shares of common stock and therefore under the Nasdaq's **Controlled Company** exemption, we are not required to meet the independence requirements with respect to having a majority of independent directors on our Board of Directors.

Leadership Structure. The Board of Directors does not have a policy regarding the separation of the offices of Chairman and Chief Executive Officer. The Nominating and Corporate Governance Committee and the Board of Directors periodically review the functioning of the Board, including an assessment of its effectiveness, and the ability of directors to have introduced for Board discussion, topics of interest or concern. The Board of Directors believes that it should maintain the flexibility to select the Chairman, and its Board leadership structure, based upon its operating needs and its assessment of what is in the best interest of the Company and its stockholders. At this time, the offices of the Chairman of the Board and the Chief Executive Officer are combined, with Mr. Alexander serving as both. The Board of Directors believes that combining the Chairman and Chief Executive Officer positions is an effective corporate governance structure for the Company at this time. Mr. Alexander's combined roles effectively utilize his extensive experience and knowledge regarding the Company and the financial services industry, allowing him to lead Board discussions regarding the Company's business, its strategy, and its risks, as well as providing unified leadership for the Company.

The Board of Directors also recognizes the importance of strong independent leadership on the Board. Accordingly, in addition to the Board maintaining a majority of independent directors and independent Nominating and Corporate Governance, Compensation, and Audit committees, the Board also has designated the position of Lead Independent Director. The Board of Directors believes that the Lead Independent Director structure provides the same independent leadership, oversight, and benefits for the Company and the Board, which would be provided by an independent Chairman. Our Corporate Governance Principles provide that a majority of the independent directors will appoint the Lead Independent Director. Currently, Mr. John J. DePierro serves as the Board's Lead Independent Director. The Lead Independent Director also serves as Chairman of the Nominating and Corporate Governance Committee. The independent directors also approved a Lead Independent Director Charter delineating the role and responsibilities of the Lead Director, which include the following:

- promote open and effective communications among the non-management members of the Board of Directors and between non-management Directors and the management of the Company, including in particular the Chairman and Chief Executive Officer. The role of the Lead Director is also to facilitate and promote the Board's strength and independence;

- convene and chair executive sessions of the non-management and independent directors at least twice annually and other meetings as may be necessary from time to time and, as appropriate, provide prompt feedback to the Chief Executive Officer;

- coordinate and develop the agenda for and chair executive sessions of the non-management, and independent directors;

- coordinate feedback to the Chief Executive Officer on behalf of non-management and independent directors regarding business issues and management;

- coordinate and develop with the Chairman of the Board the agendas for meetings of the Board and informational needs associated with those agendas and presentations;

- discuss the results of the Chief Executive Officer's performance evaluation with the Chairman of the Compensation Committee;

- convey to the Chief Executive Officer, together with the Chairman of the Compensation Committee, the results of the Chief Executive Officer's performance evaluation;

identify and develop with the Chairman of the Board and the Nominating and Corporate Governance Committee, the Board's compositional needs and criteria for director candidates; and

coordinate with legal counsel responses to questions and/or concerns from stockholders or other interested parties that were communicated or addressed to the Company's non-management directors;

perform such other duties as may be necessary for the Board to fulfill its responsibilities or as may be requested by the Board as a whole, by the non-management Directors, or by the Chairman of the Board.

Role in Risk Oversight. The Board of Directors fulfills its risk oversight role primarily through its Risk Committee, and its five other standing committees. The Risk Committee (previously titled the Asset Liability Committee) has responsibility for enterprise-wide risk management and determining that significant risks of the Company are monitored by the Board of Directors or one of its standing committees. In addition, the Risk Committee reviews new products and services proposed to be implemented by management to determine that appropriate risk identification has occurred; controls are considered to mitigate identified risks to an acceptable level, and significant risks are monitored by one of the Board's standing committees.

Each Board committee and its chair work closely with management in overseeing risk and each committee receives reports and information regarding risk issues directly from management and, in some cases, the Risk Committee. Each of the Board's committees is responsible for oversight of specific risks as outlined in each of its charters. In addition, director committee assignments are made with the intention of having directors serve on multiple committees to foster communications and synergies between committees, while reducing redundancies and inefficiencies.

The Board periodically receives reports and information about the Company's enterprise-wide risk management program directly from management. The chair of each committee makes periodic reports to the Board of Directors regarding significant activities and actions of their committee, including activities related to risk monitoring and oversight. The reports are discussed and accepted by the Board of Directors, with specific approvals provided for certain actions of the committees.

Meetings. The business of Northfield Bancorp, Inc. is conducted at regular and special meetings of the Board and its standing committees. During the year ended December 31, 2009 the Board of Directors met 12 times, consisting of 11 regular monthly meetings, and one annual reorganization meeting. In addition, the Board of Directors, and its committees will meet for training purposes, and occasionally hold conference calls to finalize or update topics discussed at its regular meetings. Independent directors meet in executive sessions, no less than twice a year.

No member of the Board or any committee thereof attended fewer than 75% of the aggregate of: (i) the total number of meetings of the Board of Directors (held during the period for which she or he has been a director); and (ii) the total number of meetings held by all committees of the Board on which she or he served (during the periods that she or he served).

Standing Committees. The Company has six standing committees of the Board consisting of the Nominating and Corporate Governance, Audit, Compensation, Risk, Loan, and Compliance.

The duties and responsibilities of the Board's standing committees are as follows:

The Nominating and Corporate Governance Committee consists of Directors DePierro, who serves as Chairman, Catino, and Lamberti. The Nominating and Corporate Governance Committee met three times during the year ended December 31, 2009.

The purpose of the Nominating and Corporate Governance Committee is to assist the Board of Directors in implementing policies and practices related to corporate governance, including:

Each member of the Audit Committee is independent as set forth in the listing requirements for Nasdaq securities and under Rule 10A-3 of the Securities Exchange Act of 1934, as amended. The Board of Directors has determined that Directors Scura and Catino each qualify as audit committee financial experts as that term is used in the rules and regulations of the Securities and Exchange Commission. Information with respect to the experience of Directors Scura and Catino is included in Corporate Governance and Board Matters Director and Director Nominee Evaluation Process. Our Board of Directors has adopted a written charter for the Audit Committee, which is available at our website at www.eNorthfield.com. The Audit Committee met nine times during the year ended December 31, 2009.

The duties and responsibilities of the Audit Committee include:

The Compensation Committee consists of Directors Catino, who serves as Chairman, Chapman, DePierro, and Scura. Each member of the Compensation Committee is independent as set forth in the listing requirements for Nasdaq securities. The Risk Committee is responsible for monitoring the Company's enterprise-wide risk management program as well as reviewing and monitoring interest rate and liquidity risks, strategic planning and capital deployment, annual budgeting, and asset quality (excluding loans). The Risk Committee met eight times during the year ended December 31, 2009.

The Loan Committee's responsibilities include annually reviewing and recommending for approval all of the Company's policies related to lending; approving or rejecting loans meeting certain dollar criteria as described in loan policies; and monitoring loan quality, including concentrations. The Loan Committee was formed in January 2010.

The Compliance Committee's responsibilities include overseeing the Company's compliance program, assessing the adequacy of compliance controls and internal compliance monitoring, assessing the effectiveness of management policies, procedures, and practices relating to compliance, and advising the Board of Directors as to the status of our compliance program and ongoing developments relating to compliance matters. The Compliance Committee met seven times during the year ended December 31, 2009.

Director and Director Nominee Evaluation Process

The Nominating and Corporate Governance Committee evaluates our current business and strategic plan to determine both the number of directors, and qualifications necessary to properly execute upon the Board's oversight role. The Committee considers, among other things, the annual self assessment performance results of the Board and its committees, the contributions of each Board member, published board composition survey data and relevant information pieces. The Committee also consults with its outside corporate and securities counsel, who is expert in corporate governance as part of this process.

The Nominating and Corporate Governance Committee generally seeks to identify individuals who, at a minimum, satisfy the following criteria:

the highest personal and professional ethics and integrity and whose values are compatible with our values;

experience and achievements that have given them the ability to exercise and develop good business judgment;

a willingness to devote the necessary time to the work of the Board and its committees, which includes being available for Board and committee meetings;

a commitment to the communities in which we operate and/or is actively engaged in community activities;

involvement in other activities or interests that do not create a conflict with their responsibilities to the Company and its stockholders; and

the capacity and desire to represent the balanced, best interests of our stockholders as a group, and not primarily a special interest group or constituency.

Table of Contents

Specific characteristics that are highly valued by the Committee include relevant and timely experience (both professional and life experiences), commitment to ongoing training and personal development, and ability to promote the interests of the Company, which includes involvement in local business, community, and industry groups. The Committee recognizes that each director, and director nominee, is unique and that desired characteristics will be demonstrated at different levels by each individual. The Committee also considers the ability of individuals to work as part of a team to support the strategic initiatives of the Company and whether a candidate satisfies the criteria for independence under the Nasdaq corporate governance listing standards.

The Committee does not have a formal policy or specific guidelines regarding diversity among Board members, and generally views and values diversity from the perspective of professional and life experiences, as well as geographic location, representative of the markets in which we do business. The Committee recognizes that diversity in professional and life experiences may include consideration of gender, race, or national origin, in identifying individuals who possess the qualifications that the Committee believes are important to be represented on the Board.

The Committee identifies nominees by first evaluating the current members of the Board of Directors willing to continue in service. Current members of the Board possessing skills and experience that are relevant to the current business and strategic direction of the Company, and who are willing to continue in service are first considered for re-nomination. The Committee evaluates the value of proven performance and continuity of service by existing members of the Board compared to that of obtaining a new perspective. In addition, the Nominating and Corporate Governance Committee is authorized by its charter to engage a third party to assist in identifying director nominees, if it so chooses.

The following details include for each of the director nominees, and directors continuing in office, their name; age as of March 31, 2010; year in which they first became a director of the Company; year that their term expires; and their business experience for at least the past five years. Director Compensation

Every three years, director compensation is reviewed in detail by the Compensation Committee, in consultation with the Nominating and Corporate Governance Committee. The Compensation Committee considers, among other things, the size and complexity of the Company, as well as the responsibilities, marketplace availability of necessary skill sets, and the time commitment necessary for the Board, its committees, and its committee chairs, to adequately discharge their oversight role and responsibilities. The Compensation Committee utilizes the assistance of a third-party compensation consultant, Pearl Meyer & Partners (PM&P), and available peer and survey data, regarding director compensation at other comparable financial institutions, as part of this process. For interim years between detailed reviews, the Compensation Committee reviews current market conditions and trends in director compensation in consultation with its third-party compensation consultant. The 2010 year is the scheduled year for the Compensation Committee to perform its detailed review of director (and executive) compensation.

In December 2008, the stockholders of the Company approved the Northfield Bancorp, Inc. 2008 Equity Incentive Plan. The objective of equity awards is to further align the interests of our employees and directors with those of other stockholders and reward sustained performance. In January 2009 the Compensation Committee granted equity awards to each director, consisting of 27,750 shares of restricted common stock, and 69,300 options to purchase shares of common stock at a price of \$9.94 per share, representing the closing price of the Company's common stock on the grant date. The equity awards vest in equal installments over a five-year period, commencing one year from the date of the grant.

Prior to November 2007, the Company was a mutual organization and did not have equity compensation available to employees or directors. The Compensation Committee's objectives in granting equity awards in January 2009 included further aligning the interests of directors with those of other stockholders of the Company,

consistent with comparable peers that recently completed initial public offerings, and with organizations that were established stock companies. The Compensation Committee consulted with PM&P during this process.

The following table sets forth the Director and committee fee structure for the Board and its standing committees (all of which were due and payable in cash) for the year ended December 31, 2009. Directors who are also employees of the Company receive no additional compensation for service as a director. Attendance fees, and one-fourth of any annual retainer, are paid on a quarterly basis, in arrears, unless a director elects to have such fees or a portion thereof, deferred under our non-qualified deferred compensation plan, described below.

| | Board of Directors | Nominating and Corporate Governance | Compensation Committee | Audit Committee |
|----------------------------|-----------------------------------|--|-----------------------------------|----------------------------|
| Annual Retainer | \$ 30,000 | | | |
| Annual Retainer-Chair | | \$ 3,000 | \$ 4,000 | \$ 6,000 |
| Per Meeting Attendance Fee | \$ 1,250 | \$ 850 | \$ 850 | \$ 1,250 |

All other committees of the Board receive, in cash, an \$850 per meeting attendance fee and an annual committee chair retainer of \$3,000. In addition, the Lead Independent Director receives an annual retainer of \$3,000.

The Company also pays directly or reimburses Directors for normal, customary, and necessary business expenses associated with relevant professional memberships, and participation in professional training seminars.

The following table sets forth for the year ended December 31, 2009, certain information as to the total remuneration we paid our directors. Mr. Alexander does not receive separate compensation for his service as a director. The Non-equity incentive plan compensation, Change in pension value and nonqualified deferred compensation earnings and All other compensation columns have been omitted from the table because no director earned any compensation during the year ended December 31, 2009, of a type required to be disclosed in those columns.

Loans and Extensions of Credit. The aggregate amount of our outstanding loans to our executive officers and directors and their related entities was approximately \$800,000 at December 31, 2009. All of such loans were made in the ordinary course of business, were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with persons not related to Northfield Bank, and did not involve more than the normal risk of collectibility or present other unfavorable features. These loans were performing according to their original terms at December 31, 2009, and were made in compliance with federal banking regulations.

EXECUTIVE COMPENSATION

Compensation Committee Report

The Compensation Committee has reviewed and discussed the section entitled "Compensation Discussion and Analysis" included in this proxy statement with management. Based on this review and discussion, the Compensation Committee recommended to the Board of Directors that the "Compensation Discussion and Analysis" be included in our Proxy Statement. The members of the Compensation Committee are: Annette Catino, who serves as Chairman; Gil Chapman; John J. DePierro; and Patrick E. Scura, Jr.

Compensation Discussion and Analysis

Persons Covered. This discussion and analysis addresses compensation for 2009 for the following executive officers: John W. Alexander, Chairman, President and Chief Executive Officer; Steven M. Klein, Executive Vice President and Chief Financial Officer; Kenneth J. Doherty, Executive Vice President and Chief Lending Officer; Michael J. Widmer, Executive Vice President of Operations; and Madeline G. Frank, Senior Vice President and Corporate Secretary. These five executives are referred to in this discussion as the "Named Executive Officers."

Executive Summary. Prior to completing our initial public offering in November 2007, we were wholly-owned by our mutual holding company. As a mutually owned company, our compensation programs were, by nature, limited, and consisted primarily of base salary and annual cash incentive compensation.

The key components of the Company's compensation program continue to evolve and are being designed, augmented and modified, as appropriate, to ensure that we attract and retain superior financial services executive talent, and reward sustainable performance. We strive to create a compensation program that provides balance between shorter-term and longer-term performance, fixed and performance-based compensation, and cash and equity compensation. A primary objective of our current compensation program is to align the interests of our executives with those of our stockholders. Our 2009 compensation program included competitively benchmarked base salaries, a formal annual cash incentive compensation program directly linked to, among other things, the Company's strategic objectives, and beginning in January 2009, an equity incentive plan. Notwithstanding unprecedented challenges in national and global economies and financial markets, the Company's financial performance in 2009 continued to exceed its peers. The Company has remained committed to its disciplined and balanced approach to providing community banking services and utilizes the same philosophy in designing a compensation program that is consistent with effective risk management.

Role of the Compensation Committee. The Compensation Committee of the Board of Directors is responsible for overseeing and approving, subject to ratification by the Board of Directors, the compensation of the Named Executive Officers, including the Chief Executive Officer. As part of these duties, the Committee administers the Company's cash and equity incentive compensation plans and conducts an annual performance review of the Chief Executive Officer and, in consultation with the Chief Executive Officer, reviews the performance of the other Named Executive Officers. The Board of Directors has ultimate authority to ratify the compensation of all Named Executive Officers, including the Chief Executive Officer.

The Compensation Committee also reviews, oversees, and approves the management and implementation of Northfield Bank's employee benefit plans. The Committee has a formal charter that describes the Committee's scope of authority and its duties.

The Compensation Committee consists of four Directors, all of whom are independent as set forth in the listing requirements for Nasdaq securities. The Nominating and Corporate Governance Committee of the Board of Directors evaluates the independence of Committee members at least annually, using the standards contained in Nasdaq listing requirements. This evaluation, and the determination that each member of the Committee is independent, was made most recently in March 2010.

Role of Executives in Committee Activities. The executive officers who serve as a resource to the Compensation Committee are the Chief Executive Officer, the Chief Financial Officer, and the Director of Human Resources. Executives provide the Compensation Committee with input regarding employee compensation philosophy, processes, and decisions for employees other than Named Executive Officers. This communication

Table of Contents

assists in the design and alignment of compensation programs throughout the Company. In addition to providing factual information such as Company-wide performance on relevant measures, these executives articulate management's views on current compensation programs and processes, recommend relevant performance measures to be used for future evaluations, and otherwise supply information to assist the Compensation Committee. The Chief Executive Officer also provides information about individual performance assessments for the other Named Executive Officers, and expresses to the Compensation Committee his views on the appropriate levels of compensation for the other Named Executive Officers for the ensuing year. At the request of the Compensation Committee, the Chief Financial Officer communicates directly with third-party consultants, providing third-party consultants with Company-specific data and information, and assisting in the evaluation of the estimated financial effect regarding any proposed changes to the various components of compensation.

Executives participate in Committee activities purely in an informational and advisory capacity and have no vote in the Committee's decision-making process. The Chief Executive Officer and Chief Financial Officer do not attend those portions of Compensation Committee meetings during which their performance is evaluated or their compensation is being determined. No executive officer other than the Chief Executive Officer attends those portions of Compensation Committee meetings during which the performance of the other Named Executive Officers is evaluated or their compensation is being determined. In addition, the Compensation Committee meets in executive session as appropriate.

Use of Consultants. The Compensation Committee periodically engages an independent compensation consultant to assist it in the compensation process for Named Executive Officers. The consultant is retained by and reports directly to the Compensation Committee. The Compensation Committee places no restrictions on the consultant within the scope of contracted services and such consultant is not engaged by management for any purpose. The consultant provides expertise and information about competitive trends in the employment marketplace, including established and emerging compensation practices at other companies. The consultant also provides proxy statement and survey data, and assists in assembling relevant comparison groups for various purposes and establishing benchmarks for base salary, equity awards, and cash incentives from the comparison group proxy statement and survey data.

For 2009, the Compensation Committee engaged PM&P, an independent compensation consulting firm, as its advisor on executive and Board compensation matters. During 2009, PM&P assisted the Compensation Committee in making equity award recommendations for Directors, Named Executive Officers, and other employees under the Company's 2008 Equity Incentive Plan, as well as provided support in the development of the 2009 cash incentive plan. In addition, PM&P performed a market update on executive compensation data it prepared as part of the Compensation Committee's comprehensive review conducted in 2007 for Named Executive Officers. Although the Committee undertakes a comprehensive assessment every three years, it utilizes PM&P to provide ongoing market trends and guidance for pay structures each year.

Compensation Objectives and Philosophy. The overall objectives of the Company's compensation program are to retain, motivate, and reward employees and officers (including the Named Executive Officers) for sustained performance, and to provide competitive compensation to attract talent to the Company. The methods used to achieve these goals for Named Executive Officers are influenced by the compensation and employment practices of our competitors within the financial services industry, and elsewhere in the marketplace, for executive talent. Other considerations include each Named Executive Officer's individual performance in achieving both financial and non-financial corporate goals.

Our compensation program is designed to reward the Named Executive Officers based on their level of assigned management responsibilities, individual experience and performance levels, and knowledge of banking and our business. The creation of long-term value is highly dependent on the development and effective execution of our business strategy by our executive officers.

Factors that influence the design of our executive compensation program include, among other things, the items listed below.

We operate in a highly regulated industry, and we value industry-specific experience that promotes the safe and sound operation of Northfield Bank.

Table of Contents

We value executives with sufficient experience in our markets relating to the behavior of our customers, products, and investments in various phases of the economic cycle.

We operate in interest rate and credit markets that are often volatile. We value disciplined decision-making that respects our business plan but adapts appropriately to change.

We value the retention and development of performing incumbent executives. Recruitment of executives can have substantial monetary costs, unpredictable outcomes, and a disruptive effect on our operations.

Our 2009 compensation program for our Named Executive Officers includes three key components. The first component is base salary, which is designed to provide a reasonable level of predictable income commensurate with market standards of the position held. The second component is an annual cash incentive plan, designed to reward our executives for attaining specific performance goals that support the strategic objectives of the Company, and the third component, which was added in January 2009, is the granting of equity incentive awards in the form of Company common stock, and options to purchase Company common stock at a specified price. We also provide benefits and perquisites to the Named Executive Officers at levels that are competitive and appropriate for their roles.

Benchmarking. Our compensation program is periodically evaluated in relation to benchmark data derived from information reported in publicly-available proxy statements and from market survey data. The Compensation Committee will generally review and consider updated peer proxy and market survey compensation data every three years. In 2007, the Compensation Committee engaged PM&P to assist it in completing a comprehensive competitive review. The Compensation Committee selected the following companies for use in benchmarking Named Executive Officers' 2007 compensation package. Although the Compensation Committee seeks to update the comprehensive analysis every three years, PM&P reviewed and updated the data in November 2008 to reflect appropriate market movement and provide the Compensation Committee with ongoing prospective of the Company's pay practices. The peer group used for the 2007 analysis is listed below and was selected based upon similar asset size, geographic region, and business model to the Company.

Assembling the Components of Compensation. The Compensation Committee analyzes the level and relative mix of executive compensation by component (e.g., base salary, incentives, and benefits) and in the aggregate. The Chief Executive Officer provides recommendations to the Committee relating to compensation to be paid to the Named Executive Officers other than himself. Based on their analysis, the Compensation Committee approves each Named Executive Officer's compensation, subject to ratification by the Board of Directors.

When evaluating the mix of total compensation, the Compensation Committee considers among other things, general market practices, benchmarking studies conducted by the consultant, the alignment of cash and equity incentive awards with our strategic objectives and Company performance, and the desire to reward performance through incentive compensation within Board-approved risk parameters. The Compensation Committee seeks to create appropriate incentives without encouraging behaviors that result in undue risk. These components are periodically evaluated in relation to benchmark data derived from information reported in publicly-available proxy statements and from market survey data.

Base Salary. Base salary is designed to provide a reasonable level of predictable income commensurate with market standards of the position held adjusted for specific job responsibilities assigned, individual experience, and demonstrated performance. Named Executive Officers are eligible for periodic adjustments to their base salary as a result of changes in the cost of living, individual performance, updated market analysis, or significant changes in their duties and responsibilities. The Compensation Committee annually reviews and approves base salaries, and changes

thereto, for Named Executive Officers, including our Chief Executive Officer.

Table of Contents

Base salary amounts for 2009 were determined based on a review of peer proxy and survey data provided by PM&P in 2007, and updated in November 2008 by PM&P. The Compensation Committee reviewed the 50th percentile of peer proxy and survey data, and a pay range around the median to allow for recognition of each Named Executive Officer's specific experience, responsibilities and performance, estimated value in the marketplace, and the Committee's view of each Named Executive Officer's role in the future success of the Company. For 2009, the Compensation Committee generally targeted base salary compensation at the 65th percentile for each of the Named Executive Officers.

The Committee considered the responsibility, significant experience, contributions, and performance of each Named Executive Officer, their value in the marketplace, and their critical roles in the future successes of the Company, and determined in December 2008, that existing base salaries properly reflected these factors and made a determination not to change base salaries for any Named Executive Officers in 2009, with the exception of Mr. Widmer whose annual base salary was increased by 4.5%, to \$230,000.

Cash Incentives. The Compensation Committee developed and implemented a Management Incentive Plan (the Cash Incentive Plan, or CIP) for 2009. The Cash Incentive Plan provides performance-based annual cash incentives to reward the Company's Named Executive Officers for the execution of specific financial and non-financial elements of our strategic business plan, as well as, individual goals related to each executive's function area. The Cash Incentive Plan requires that the Company achieve its designated corporate goal for an individual to earn a percentage of the total cash award available under the Cash Incentive Plan. The CIP also provides that Named Executive Officers must achieve individual goals, as determined by the Compensation Committee, to receive the remaining percentage of the total cash award available to him or her under the CIP.

The Compensation Committee evaluates the reasonableness and likelihood of attaining designated incentive goals, including stretch goals, in an effort to ensure that such targets appropriately reward performance, but do not encourage undue risk taking. Actual performance over the applicable measurement period may exceed or fall short of the targets resulting in the Named Executive Officer receiving an annual incentive cash award that is above or below the initial targeted level. Annual incentive cash awards granted in prior years are not taken into account by the Compensation Committee in the process of setting performance targets for the current year. The Committee believes that doing so would be inconsistent with the underlying reasons for the use of incentive compensation.

Risk Assessment and Related Considerations. During 2009, the Compensation Committee, in consultation with PM&P, and with the assistance of the Chief Executive Officer and Chief Financial Officer, performed a risk assessment of the Company's compensation program (including cash incentive compensation) for all employee levels within the Company. The objective of the review was to determine if the compensation programs, at all employee levels, encouraged behaviors that exposed the Company to unacceptable levels of risk in relation to its business model. The review evaluated the balance of compensation elements between cash and equity, fixed versus variable compensation, and long-term versus short-term compensation. The review considered the level of potential cash incentive compensation as compared to base salary, the focus of individual goals, as well as the number, weighting, and balance of goals, as well as internal controls in place to mitigate possible high risk behaviors.

Based upon its risk assessment, the Compensation Committee concluded that the compensation programs (including cash incentive compensation) for all employee levels were based on balanced performance metrics that were reasonable in relation to base salary, and promoted disciplined progress towards longer-term strategic goals. The Compensation Committee also concluded that the compensation programs did not motivate improper risk taking, and are not reasonably likely to have a material adverse effect on the Company.

2009 Cash Incentive Plan. For 2009, the Compensation Committee set a target total cash incentive award of 15% of base salary for each Named Executive Officer. The actual cash incentive award range was defined as 7.5% for threshold performance and 22.5% for stretch performance, of base salary. These targets were intentionally set lower than current market practice as part of the Company's shift from its compensation philosophy as a mutually owned bank (greater focus on cash compensation weighted towards base salary) to that of a public company (which includes equity compensation and a greater weighting of compensation towards long-term incentive compensation rather than short-term incentives).

The Compensation Committee established one shared corporate goal (the Corporate Goal) and individual performance goals for each Named Executive Officer. The target Corporate Goal measured the attainment of the

20

Table of Contents

Board-approved budgeted net income (before taxes) of approximately \$18.1 million. The stretch goal was 120% or greater of budgeted net income (before taxes) and the threshold was 90% of budgeted net income (before taxes). If 80% of budgeted net income (before taxes) is not achieved, Named Executive Officers are not eligible to receive incentive payments for achievement of their individual performance goals.

Individual performance goals were aligned with our strategic business plan and focused on the following areas:

| Name | Individual Performance Goals |
|--------------------|---|
| John W. Alexander | Effectuate a capital deployment strategy; Develop and execute upon a customer satisfaction enhancement program; and Enhance profitability and manage enterprise risk, while ensuring liquidity and interest rate risk remain within Board approved parameters |
| Steven M. Klein | Implement formal leverage strategies to meet specified pre-tax net income targets (threshold-\$720,000, target-\$800,000, stretch-\$960,000) within Board approved interest rate risk parameters; Maintain or reduce budgeted non-interest expense within Board approved levels (threshold-\$100,000, target-\$150,000, stretch-\$200,000); and Adapt reporting processes to monitor and support strategic plan |
| Kenneth J. Doherty | Originate loans to specified targets (threshold-\$105 million, target-\$117 million, stretch-\$140 million), while minimizing credit risk; Implement automated credit underwriting and monitoring systems; and enhance credit monitoring reports to the Risk Committee of the Board |
| Michael J. Widmer | Increase outstanding deposits to specified targets (threshold-\$58 million, target-\$65.4 million, stretch-\$77.4 million); Convert core bank systems to new data processor; Expand deposit franchise, and enhance brand; Finalize agreements, develop construction plans on existing sites; and Identify and evaluate potential branch sites |
| Madeline G. Frank | Develop automated accounting and reporting system for equity awards; Implement a formal new hire evaluation program to identify individuals with desired customer service skill sets; and Implement an employee satisfaction survey, evaluate results and implement upon a management approved response |

Of our Chief Executive Officer's potential cash incentive award, 85% was based on the achievement of the Corporate Goal, and 15% was based on the attainment of his individual goals. Of our other Named Executive Officers potential cash incentive awards, 75% was based on the achievement of their Corporate Goal, and 25% was based on the attainment of individual goals.

In evaluating actual performance as compared to the established Corporate Goal, the Compensation Committee may, at its discretion, exclude items that are considered non-recurring in nature. In addition, the Cash Incentive Plan permitted the Compensation Committee to increase or decrease a cash incentive award based upon its consideration of a Named Executive Officer's performance or achievements.

2009 Award Determinations. In February 2010, the Compensation Committee evaluated achievement of the Corporate Goal. The Company's reported 2009 net income (before taxes) was \$18.7 million, and exceeded our target goal of \$18.1 million. In accordance with the Cash Incentive Plan, the Corporate Goal target award of 12.75% (15% target award times 85% weighting) for Mr. Alexander, and 11.25% (15% target award times 75% weighting) for all other Named Executive Officers increased (on a pro-rata basis) to approximately 13.6% (16% pro-rata award times

85% weighting) for Mr. Alexander, and 12.0%(16% pro-rata award times 75% weighting) for all other Named Executive Officers. The Compensation Committee made no upward adjustments to the Company's 2009 reported net income (before taxes) in evaluating achievement of the Corporate Goal.

The remaining 15% of Mr. Alexander's eligible award, and 25% of each other Named Executive Officer's eligible award was determined based on each executive's attainment of individual goals, which were evaluated by the Compensation Committee in its annual evaluation of each Named Executive Officer's performance. In February

Table of Contents

2010, the Compensation Committee concluded that Mr. Alexander and Ms. Frank had achieved each of their individual performance goals and determined that the target award (no stretch goals were assigned to Mr. Alexander or Ms. Frank) was earned by each of them for all assigned goals. The Compensation Committee also concluded that Messrs. Klein, Doherty, and Widmer had substantially met each of their assigned goals at the target level, except for their goals related to implementing leverage strategies, loan originations, and expanding the deposit franchise, respectively, which were achieved at the stretch payout level.

Mr. Alexander's corporate goal cash incentive payout was \$92,178. Mr. Alexander's individual goal cash incentive payout of \$15,210 for 2009 reflects the Compensation Committee's assessment of his attainment of his target goal related to his leadership in developing and executing a customer satisfaction program. The Committee also evaluated Mr. Alexander's leadership in achieving our core strategic business goals, including effective capital deployment, and continual improvement in customer service. The Compensation Committee attributed our results to Mr. Alexander's vision for the Company and discipline in adhering to our conservative business model focused on conservative credit underwriting and securities investments, franchise growth, and operating expense discipline.

Mr. Klein's corporate goal cash incentive payout was \$36,095. Mr. Klein's individual goal cash incentive payout of \$14,062 for 2009 reflects the following: achievement of his stretch goal for executing securities leveraging opportunities in a volatile market that contributed to net interest income at or above the stretch level of \$960,000, and the attainment of his target goal of reducing budgeted non-interest expense by \$150,000. The Committee excluded the effect of the following items from reported non-interest expense: FDIC Deposit Insurance special assessment of approximately \$1 million, \$600,000 in deferred compensation plan expense associated with market adjustments in the underlying plan assets, and approximately \$600,000 in loan workout professional fees and collateral valuation adjustments associated with other real estate owned.

Mr. Doherty's corporate goal cash incentive payout was \$33,688. Mr. Doherty's individual goal cash incentive payment of \$8,750 for 2009 reflects the following: achievement of his stretch goal for loan originations exceeding \$140 million; achievement of his target goal related to implementation of credit monitoring software; and achievement of his target award related to enhancing credit monitoring reporting to the Board. The Compensation Committee also considered Mr. Doherty's goal related to minimizing credit risks in the loan portfolio. The Committee noted that credit deterioration occurred in the industry and not just at Northfield, and appropriate actions were taken to minimize credit risk, including formation of a credit department, and a loan operations department. However, the Committee believes that certain actions could have been implemented more timely and a reduction of Mr. Doherty's individual incentive award in the amount of \$3,500 was made.

Mr. Widmer's corporate goal cash incentive payout was \$27,673. Mr. Widmer's individual cash incentive payment of \$9,703 for 2009 reflects the following: achievement of his stretch goal for deposit growth exceeding \$77.4 million, achievement of his target goal related to the conversion to a new operating system, achievement of his target goal for our opening or constructing two new branches, and achievement of his target goal for committing to one new branch location in New Jersey.

Ms. Frank's corporate goal cash incentive payout was \$20,454. Ms. Frank's individual cash incentive payment of \$6,375 for 2009 reflects achievement of her target goal related to the planning and implementation of an employee satisfaction survey, and the development and execution of a planned response to the survey results.

For 2009, the Named Executive Officers' total target award opportunities, and actual incentives awarded as a percentage of target are detailed below.

Equity Awards. In December 2008, the stockholders of the Company approved the Northfield Bancorp, Inc. 2008 Equity Incentive Plan. The objective of equity awards is to further align the interests of our executives with those of stockholders and reward sustained performance. In January 2009 the Compensation Committee, granted equity awards in the form of common stock, and options to purchase common stock at \$9.94 per share, representing the closing price of the Company's common stock on the grant date, to each of the Named Executive Officers. The equity awards vest in equal installments over a five-year period, commencing one year from the date of the grant. The Compensation Committee consulted with PM&P during this process.

Prior to November 2007, the Company was a mutual organization and did not have equity compensation available to employees. The Compensation Committee's objective in granting equity awards in January 2009 was to provide employees with a substantial equity interest in the Company, consistent with comparable peers that recently completed initial public offerings.

Broad-based benefits. We also provide to our Named Executive Officers certain broad-based benefits available to all qualifying employees of the Company, as well as fringe benefits and perquisites, and restoration and other termination benefits, not generally available to all qualifying employees of the Company.

The following summarizes the significant broad-based benefits in which the Named Executive Officers were eligible to participate in 2009:

- a defined contribution 401(k) retirement plan and discretionary profit-sharing plan;

- an employee stock ownership plan;

- medical coverage (all employees share between 20% to 30% of the cost, depending on their elections);

- pre-tax health and dependent care spending accounts; and

- group life insurance coverage (death benefit capped at \$750,000, with the value of the death benefit over \$50,000 being reported as taxable income to all employees).

The Northfield Bank Employee Stock Ownership Plan (the ESOP) was established effective January 1, 2007. The ESOP allocates a certain number of shares of the Company's common stock on an annual basis which are allocated among plan participants primarily on the basis of eligible compensation in the year of allocation, subject to Internal Revenue Code limitations. All eligible employees, including Named Executive Officers, participate in the plan and received an allocation of common stock for 2009.

Executive Benefits and Perquisites. In addition to the broad-based benefits described above, the specifically Named Executive Officers received the following fringe benefits and perquisites in 2009:

- all Named Executive Officers may participate in a non-qualified deferred compensation plan. The plan provides restoration of benefits capped under Northfield Bank's broad-based benefits due to Internal Revenue Code salary limitations or limitations due to participation requirements under tax-qualified plans. The plan also permits elective salary and cash incentive award deferrals;

- Messrs. Klein, Doherty, and Widmer received a monthly automobile allowance of \$800;

- all Named Executive Officers pay for and are provided with reimbursement for long-term disability insurance coverage;

- Messrs. Alexander, Klein, Doherty, and Widmer are reimbursed for appropriate spousal expenses for attendance at business events; and

- Messrs. Alexander, Klein, Doherty, and Widmer are provided a cellular phone allowance of \$100 per month for business usage. The Company also reimburses individuals for the cost of cellular phone equipment.

Table of Contents

The Company incurs the expense of one country club membership and related expenses for Mr. Alexander. Mr. Alexander reimburses Northfield Bank for personal expenses pertaining to club usage. In lieu of a monthly automobile allowance, Mr. Alexander receives use of an automobile (including all operating expenses) leased by Northfield Bank for business and personal use. Personal use of the automobile is reported as taxable income to Mr. Alexander. In addition, Northfield Bank pays an annual premium on a whole-life insurance policy for the benefit of Mr. Alexander.

The Compensation Committee reviews the other components of executive compensation (broad-based benefits and executive perquisites) on an annual basis. Changes to the level or types of broad-based benefits within these categories, including considerations relating to the addition or elimination of benefits and plan design changes, are made by the Compensation Committee on an aggregate basis with respect to the group of employees entitled to those benefits, and not necessarily with reference to a particular Named Executive Officer's compensation. Decisions about these components of compensation are made without reference to the Named Executive Officers' salary and annual cash incentives, as they involve issues of more general application and often include consideration of trends in the industry or in the employment marketplace.

Employment Agreements. In addition to the components of executive compensation described above, Messrs. Alexander, Klein, Doherty, and Widmer are each parties to employment agreements with Northfield Bank. See *Employment Agreements* for a description of these agreements and *Potential Payments to Named Executive Officers* for information about potential payments to these individuals upon termination of their employment with Northfield Bank.

The executive employment agreements are designed to allow the Company to retain the services of the designated executives while reducing, to the extent possible, unnecessary disruptions to Northfield Bank's operations. In addition, the Compensation Committee believes that the employment agreements better align the interests of the executive with those of our stockholders. The Compensation Committee believes that these agreements allow executives to more objectively evaluate opportunities for stockholders without causing undue personal financial conflicts.

The Compensation Committee reviewed prevailing market practices, consulted with PM&P on the competitiveness and reasonableness of the terms of the agreements, and negotiated the agreements with the individuals. The Compensation Committee believes such agreements are common and necessary to retain executive talent.

The agreements are for a three-year period, are reviewed for renewal annually by the Compensation Committee of the Board of Directors, and provide for salary and incentive cash compensation payments, as well as additional post-employment benefits, primarily health benefits, under certain conditions, as defined in the employment agreements. See *Employment Agreements* for further discussion.

Exceptions to Usual Procedures. The Compensation Committee may recommend to the Board of Directors that they approve the payment of special cash compensation to one or more Named Executive Officers in addition to payments approved during the normal annual compensation-setting cycle. The Committee may make such a recommendation if it believes it would be appropriate to reward one or more Named Executive Officers in recognition of contributions to a particular project, or in response to competitive and other factors that were not addressed during the normal annual compensation-setting cycle. The Compensation Committee did not make any such recommendation related to our Named Executive Officers for 2009.

The Committee will consider off-cycle compensation adjustments whenever a Named Executive Officer's status, role or responsibilities change, or an executive officer is hired. The Committee may depart from the compensation guidelines it would normally follow for executives in the case of outside hires.

Table of Contents

The Compensation Committee considers, but is not bound by, the tax treatment of each component of compensation. Under Section 162(m) of the Internal Revenue Code, annual compensation paid to a Named Executive Officer is not deductible if it exceeds \$1 million unless it qualifies as performance-based compensation as defined in the Internal Revenue Code and related tax regulations. Base salary is not a form of performance-based compensation. Fringe benefits and perquisites also do not qualify as performance-based compensation. Annual incentive cash awards may qualify as a form of performance-based compensation under the income tax regulations. In 2009, and for prior years, we were not subject to tax deduction limitations under Section 162(m).

Committee Actions During 2009 Affecting 2010 Compensation, and Other Actions by the Committee.

Every three years, executive compensation is reviewed in detail by the Compensation Committee. The 2010 year is the scheduled year for the Compensation Committee to perform its detailed review of executive compensation. Typically, the review commences in the middle of the year after peer proxy information becomes readily available. In 2009, the Compensation Committee, reviewed current compensation trends and practices, in consultation with PM&P, and made a determination that Named Executive Officers' base salaries for 2010 would remain unchanged from 2009 until such review was complete.

In December of 2009, the Compensation Committee approved a 2010 cash incentive compensation plan, with a similar structure to our 2009 cash incentive compensation plan. The plan contains similar terms and conditions as our prior year plan. The threshold, target, and stretch award payouts are 10%, 20%, and 30%, respectively, with a Corporate Goal that can be earned based upon the Company achieving at least 90% of Board-approved budgeted net income (before income taxes), and individual awards that are based on the achievement of goals aligned with the Company's strategic objectives.

Summary Compensation Table. The following table sets forth for the three years ended December 31, 2009, certain information as to the total remuneration we paid to Mr. Alexander, who serves as Chairman of the Board, President and Chief Executive Officer, Mr. Klein, who serves as Executive Vice President and Chief Financial Officer, and the three most highly compensated executive officers of Northfield Bancorp, Inc. or Northfield Bank other than Messrs. Plan-Based Awards. As further discussed in Compensation Discussion and Analysis Assembling the Components of Compensation, the Company maintained a cash incentive award program and equity incentive award program (both based upon Board and Stockholder approved plans) for its Named Executive Officers for the year ended December 31, 2009.

The following table sets forth for the year ended December 31, 2009, certain information as to grants of plan-based cash and equity awards.

Nonqualified Deferred Compensation Plan. Northfield Bank maintains a non-qualified deferred compensation plan to provide for the elective deferral of non-employee director fees by participating members of the Board of Directors, and the elective deferral of compensation and/or performance-based compensation payable to eligible employees of Northfield Bancorp, MHC and Northfield Bank. A designated amount of director fees, compensation and/or performance based compensation may be deferred until one of the specified events in the plan occurs, which permits all or part of the monies so deferred, together with earnings, to be distributed to participants or their beneficiaries. In addition, the plan provides eligible employees of Northfield Bank with supplemental retirement income from Northfield Bank when such amounts are not payable under the contribution formula of the Northfield Bank 401(k) Savings Plan (the "401(k) Savings Plan"), due to reductions and other limitations imposed under the Internal Revenue Code.

Members of the Board of Trustees of Northfield Bancorp, MHC and the Boards of Directors of Northfield Bancorp, Inc. and Northfield Bank, and certain employees are eligible to participate in the plan. Eligible trustees,

directors or employees become participants upon agreeing in a written enrollment agreement to defer any portion of their trustee fees, director fees, compensation, and/or performance-based compensation. Each participant may request that his or her deferred compensation account be deemed to be invested in any one or more of the investment options available to Northfield Bancorp, MHC, or Northfield Bank, in the Company's sole discretion. A participant may periodically request a change to his or her investment allocation deemed available under the plan. In the event any participant fails to direct the investment of his or her deferred compensation account, or to the extent the employer chooses not to honor the participant's request, the deferred compensation account will be deemed to bear interest at the rate prevailing for 30-year United States Treasury Bonds.

With respect to amounts of deferred trustee or director fees, deferred compensation or performance-based compensation, distributions will be made under the plan in the event of the participant's retirement, death, termination due to disability, separation from service prior to the participant's retirement date, upon the establishment of an unforeseeable emergency, upon a change in control, or upon the attainment of a specific date of distribution, in a single lump sum or in up to 15 annual installment payments, as designated by the participant in his or her enrollment agreement. In the case of an unforeseeable emergency, the amounts distributed will not exceed the amounts necessary to satisfy the emergency plus an amount necessary to pay any taxes owed on the distribution. In the event the participant fails to designate a payment schedule on his enrollment agreement or if the entire balance credited to the participant's account is less than \$10,000, payment will be made in a single lump sum. In the event a participant dies before receiving the full amount of his benefit, the remaining amounts will be paid to the participant's designated beneficiary according to the participant's form of election or, if there is no designated beneficiary at the time of the participant's death, to the participant's estate in a single lump sum. Distributions to certain specified employees on account of their separation from service may be delayed for six months, if necessary, to comply with Internal Revenue Code Section 409A.

Table of Contents

In addition, the non-qualified deferred compensation plan provides for benefits which supplement those paid under the 401(k) Savings Plan in the event of normal, early or postponed retirement, death or termination of service. Such benefits will be equal to the sum of: (i) the maximum amount of employer matching contributions provided to a participant each calendar year, assuming a participant's maximum contributions, reduced by the amount of employer matching contributions made for the participant under the 401(k) Savings Plan for such year, adjusted by gains and losses; (ii) commencing January 1, 2000, the amount of employer matching contributions not credited to a participant's 401(k) Savings Plan account as a result of an employer error, adjusted by gains and losses, if any; and (iii) the maximum amount of discretionary employer contributions that would be provided to a participant under the 401(k) Savings Plan, assuming an allocation without taking into account the limitations imposed by the Internal Revenue Code, reduced by the amount of discretionary employer contributions actually made to a participant under the 401(k) Savings Plan for each such year, adjusted by gains and losses, if any. Benefits payable under this plan that supplement matching contributions under the 401(k) Savings Plan will be aggregated with benefits payable under the Supplemental ESOP (described below). Upon the occurrence of a distribution event, such benefits will be payable in either a lump sum or installments over a period of up to 15 years, at the election of the participant made in accordance with Section 409A of the Internal Revenue Code.

The non-qualified deferred compensation plan is considered an unfunded plan for tax and Employee Retirement Income Security Act purposes. All obligations owing under the plan are payable from the general assets of Northfield Bank and Northfield Bancorp, MHC, and are subject to the claims of Northfield Bank's or Northfield Bancorp, MHC's creditors.

Supplemental Employee Stock Ownership Plan. The Northfield Bank Supplemental Employee Stock Ownership Plan (the Supplemental ESOP) is a benefit restoration plan that provides additional cash benefits, equal to the participant's account balance, at retirement or other termination of employment (or upon a change in control) to participants who are key employees, who are approved by the Compensation Committee and whose benefits under the tax-qualified ESOP, described below, are limited by tax law limitations applicable to tax-qualified plans. Messrs. Alexander, Klein, and Doherty are the current participants in this plan. The Supplemental ESOP credits each participant who also participates in the tax-qualified ESOP with an annual amount equal to the sum of the difference (expressed in dollars) between (a) the number of shares of common stock of Northfield Bancorp, Inc. that would have been allocated to the participant's account in the employee stock ownership plan, but for the tax law limitations, plus earnings thereon, and (b) the actual number of shares allocated to the participant's account in the employee stock ownership plan plus earnings thereon. In each case, the number of shares will be multiplied by the fair market value of the shares on the allocation date to determine the annual allocation amount. Each participant is permitted to make investment recommendations for the annual amount credited to his or her account among a broadly diversified group of mutual funds selected for investment by a committee appointed by Northfield Bank's Board of Directors to administer the Supplemental ESOP. Northfield Bank has established a rabbi trust to hold assets attributable to the Supplemental ESOP to informally fund its benefit obligation. Northfield Bank, at its discretion, may account for the Supplemental ESOP solely as bookkeeping entries. Whether or not a rabbi trust is established, the participant's account value is based on the value of the investments in which the participant invests, or is deemed to invest, his account. Benefits distributed to participants from the Supplemental ESOP will be aggregated with benefits payable under the matching contributions portion of the Nonqualified Deferred Compensation Plan (described above). Upon the occurrence of a distribution event, such benefits will be payable in either a lump sum or installments over a period of up to 15 years, at the election of the participant made in accordance with Section 409A of Internal Revenue Code.

Short- and Long-Term Disability

Named Executive Officers and certain other members of senior management at Northfield Bank will be paid their full salary for the duration of any period of short-term disability, up to 26 weeks. Senior management receives this benefit in lieu of the ability to bank paid time off for future use, which is only available to employees of Northfield Bank who are not senior management. With respect to long-term disability, senior management employees are required to purchase long-term disability coverage and Northfield Bank provides such persons a bonus payment in recognition of their payment of such coverage. The amount of the bonus is in the sole discretion of Northfield Bank.

Life Insurance Coverage

Employees of Northfield Bank receive life insurance coverage of up to three times salary, if hired before January 1, 2003, and up to two times salary, if hired on or after January 1, 2003. Such life insurance coverage is generally capped at \$500,000. However, in the case of senior management, such life insurance coverage is capped at \$750,000.

401(k) Savings Plan

Northfield Bank maintains the 401(k) Savings Plan, which is a tax-qualified defined contribution plan with a salary deferral feature under Section 401(k) of the Internal Revenue Code. Salaried employees, who have completed at least one year of eligible service, as defined in the plan, are eligible to participate in the plan. Employees who are paid on an hourly basis, employees who are paid exclusively on a commission basis, leased employees or employees covered by a collective bargaining agreement are not eligible to participate in the 401(k) Savings Plan. Eligible employees may contribute from 2% to 15% of their base salary to the 401(k) Savings Plan on a pre-tax basis each year, subject to the limitations of the Internal Revenue Code (for 2009, the limit was \$16,500, exclusive of any catch-up contributions). Employees who have been making before-tax contributions for less than 36 months will receive an employer matching contribution equal to 25% of the first 6% of before-tax base salary contributions. Employees who have participated for 36 or more months will receive an employer matching contribution equal to 50% of their first 6% of before-tax base salary contributions. In addition, we may make discretionary employer contributions on behalf of eligible employees.

The 401(k) Savings Plan permits employees to invest in common stock of Northfield Bancorp, Inc.

Employee Stock Ownership Plan and Trust

We maintain the ESOP to promote employee ownership of the Company's common stock. At the ESOP's inception, the ESOP trust borrowed funds from Northfield Bancorp, Inc. and used those funds to purchase 1,756,279 shares of common stock of Northfield Bancorp, Inc. The collateral for the loan is the common stock purchased by the ESOP. The loan will be repaid principally from discretionary contributions made by Northfield Bank to the ESOP over a period of up to 30 years. The loan documents provide that the loan may be repaid over a shorter period, without penalty for prepayments. The interest rate on the loan equals the prime interest rate as of closing of the stock offering, and adjusts annually at the beginning of each calendar year. Shares purchased by the ESOP are held in a suspense account for allocation among participants as the loan is repaid primarily on the basis of compensation in the year of allocation, subject to Internal Revenue Code limitations. Benefits under the plan vest at the rate of 20% per year of credited service beginning in the second year of credited service so that a participant with six years of credited service will become fully vested. Credit is given for vesting purposes to participants for years of service with Northfield Bank prior to the adoption of the plan. Credit is also given to those employees who were employed at Liberty Bank at the time of its acquisition by Northfield Bank for their years of service at Liberty Bank. A participant's interest in his account under the plan fully vests in the event of termination of service due to a participant's normal retirement, death, disability, or upon a change in control (as defined in the plan). In the event of a change in control, the ESOP will terminate, loan amounts outstanding will be repaid, and remaining shares will fully vest.

Pension Benefits

None of the individuals listed in the Summary Compensation Table had accumulated pension benefits either at or during the year ended December 31, 2009.

Employment Agreements

Northfield Bank has entered into employment agreements with each of Messrs. Alexander, Klein, Doherty, and Widmer. Northfield Bancorp, Inc. is a signatory to each of the agreements for the sole purpose of guaranteeing payments thereunder. Each of these agreements has an initial term of three years. Each year, on the anniversary date of these agreements, the employment agreements renew for an additional year so that the remaining term will be three years unless notice of nonrenewal is provided to the executive prior to such anniversary date. The Compensation Committee of the Board of Directors conducts an annual performance evaluation of each executive for purposes of determining whether to renew the employment agreement. The Compensation Committee also evaluates the terms and conditions of the agreements prior to renewal, in consultation with an independent third party compensation consultant, to determine that such terms and conditions are competitive with the market for the designated positions.

Under the employment agreements, base salaries for Messrs. Alexander, Klein, Doherty, and Widmer on December 31, 2009, were \$676,000, \$300,000, \$280,000, and \$230,000, respectively. In addition to base salary, each agreement provides for, among other things, participation in cash incentive programs and other employee retirement benefit and fringe benefit plans applicable to executive employees. Northfield Bank also will pay or reimburse each executive for all reasonable business expenses incurred by the executive in the performance of his obligations. In addition, Northfield Bank will provide Mr. Alexander with a life insurance policy, pay or reimburse Mr. Alexander for the annual dues associated with his membership in a country club, and pay directly or reimburse Mr. Alexander for the expense of leasing an automobile and reasonable expenses associated with the use of such automobile. Each employment agreement may be terminated for cause at any time, in which event the executive would have no right to receive compensation or other benefits under the employment agreement for any period after termination.

Certain events resulting in the executive's termination or resignation entitle the executive to payments of severance benefits following termination of employment. In the event the executive's employment is terminated for reasons other than just cause (as defined in the employment agreement), disability (as defined in the employment agreements), or death, or in the event the executive resigns during the term of the agreement following:

- (i) the failure to elect or reelect or to appoint or reappoint the executive to his executive position, and in the case of Mr. Alexander, the failure to nominate or re-nominate him as a director of Northfield Bank or Northfield Bancorp, Inc.;
- (ii) a material change in the nature or scope of the executive's authority that would cause the executive's position to become one of lesser importance;
- (iii) a relocation of the executive's principal place of employment by more than 30 miles from designated areas;
- (iv) a material reduction in the benefits and perquisites of executive, other than a reduction in pay or benefits of all Northfield Bank employees;
- (v) the liquidation or dissolution of Northfield Bank or Northfield Bancorp, Inc. that would affect the status of the executive; or
- (vi) a material breach of the employment agreement by Northfield Bank, the executive would be entitled to a lump sum cash severance payment and the continuation of certain welfare benefits for a period of time after termination of employment, as more fully described under the table Potential Payments to Named Executive Officers.

Table of Contents

In the event an executive resigns in connection with or following a change in control (as defined in the employment agreement), the executive would also be entitled to a lump sum cash severance payment and the continuation of certain welfare benefits, including health and life insurance benefits for a period of time after termination of employment, as more fully described under the table Potential Payments to Named Executive Officers. Payments will be made in a lump sum within 30 days after the date of termination, or, if necessary to avoid penalties under Section 409A of the Internal Revenue Code, no later than the first day of the seventh month following the date of termination. In addition, the executive and his family would be entitled, at no expense to the executive, to the continuation of life, medical, dental and disability coverage for 36 months following the date of termination. If such benefits cannot be provided, a lump sum cash payment for the value of such benefits will be made to the executive.

Notwithstanding the foregoing, in the event payments to the executive would result in an excess parachute payment as defined in Section 280G of the Internal Revenue Code, payments under the employment agreements would be reduced in order to avoid such a result.

In the event Mr. Alexander becomes disabled, his obligation to perform services under the employment agreement will terminate and he will receive the benefits provided under any disability program sponsored by Northfield Bancorp, Inc. or Northfield Bank. To the extent disability benefits for Mr. Alexander are less than his base salary on the effective date of his termination of employment, and less than 66 2/3% of his base salary after the first year following termination, he will receive a supplemental disability benefit equal to the difference between the benefits provided under any disability program sponsored by Northfield Bancorp, Inc. or Northfield Bank and his base salary for one year following the date of termination, and 66 2/3% of his base salary after the first year following termination, until the earliest to occur of his death, recovery of disability or the date he attains age 65. If disability payments to Mr. Alexander are not taxable to him for federal income tax purposes, such amounts shall be tax adjusted assuming a combined federal, state and city tax rate of 38%, for purposes of determining the reduction in payments under the agreement, to reflect the tax-free nature of the disability payments. In addition, Mr. Alexander and his dependents will continue to be covered, at no cost to them, under all benefit plans, including retirement plans, life insurance plans and non-taxable medical and dental plans in which they participated prior to the occurrence of his disability, until the earliest of his recovery from disability or attaining age 65.

The employment agreements for Messrs. Klein, Doherty, and Widmer provide that in the event of the executive's disability, the executive's obligation to perform services under the employment agreement will terminate, and the executive will continue to receive his then current base salary for one year. Such payment will be reduced by the amount of any short- or long-term disability benefits payable under any disability program sponsored by Northfield Bancorp, Inc. or Northfield Bank. If disability payments to Messrs. Klein, Doherty, or Widmer are not subject to federal income tax, then amounts payable to the executives under the employment agreements shall be tax adjusted in a manner similar to payments to Mr. Alexander. In addition, the executive and his dependents will continue to be provided with certain medical, dental and other health benefits on the same terms as those provided prior to the executive's termination for a period of one year.

In the event of the executive's death, the executive's estate or beneficiaries will be paid the executive's base salary for one year and will receive continued medical, dental, and other health benefits for one year on the same terms as those provided prior to the executive's death. Upon retirement at age 65 or such later date determined by the Board of Directors, the executive will receive only those benefits to which he is entitled under any retirement plan of Northfield Bank to which he is a party.

Upon termination of the executive's employment other than in connection with a change in control or for cause, the executive agrees not to compete with Northfield Bank for a period of two years in any city, town or county in which the executive's normal business office is located and Northfield Bank has an office or has filed an application for regulatory approval to establish an office.

Table of Contents**Potential Payments to Named Executive Officers**

The following table sets forth estimates of the amounts that would be payable to the listed individuals, under their employment agreements and stock option and restricted stock agreements in the event of their termination of employment on December 31, 2009, under designated circumstances. Ms. Frank is not subject to an employment contract, but is party to stock option and restricted stock agreements. Amounts related to the acceleration of equity awards for Ms. Frank would be \$274,686 in the event of a discharge without cause or resignation with good reason with a change in control at December 31, 2009. See note 9 to the table below for further information. The table does not include vested or accrued benefits under qualified and non-qualified benefit plans or qualified or non-qualified deferred compensation plans that are disclosed elsewhere in this proxy statement. The estimates shown are highly dependent on a variety of factors, including but not limited to the date of termination, interest rates, federal, state, and local tax rates, and compensation history. Actual payments due could vary substantially from the estimates shown. We consider each termination scenario listed below to be exclusive of all other scenarios and do not expect that any of our executive officers would be eligible to collect the benefits shown under more than one termination scenario. If an executive officer is terminated for just cause as defined in the employment agreement, the Company has no contractual payment or other obligations under the employment agreement.

(1) In the case of disability, Mr. Alexander's employment agreement provides for supplemental salary continuation until the earlier of: recovery from such disability, attaining age 65, or death. The reported figure assumes salary continuation until Mr. Alexander attains the age of 65. Mr. Klein, Mr. Doherty, and Mr. Widmer receive salary continuation benefits for one-year following such disability. The employment agreement provides the executive with his base salary in the first year following disability, reduced by any assumed

short-term or long-term disability insurance benefits provided under separate insurance plans we maintain. Mr. Alexander's employment agreement provides for second-year benefits and benefits for every year thereafter, equal to 66 2/3% of his base salary. Such amounts due under the employment agreements are reduced by any assumed short-term or long-term disability insurance benefits provided under separate insurance plans on a tax-equivalent basis (assuming a 38% tax rate), if such short-term or long-term disability benefits are excludable for federal income tax purposes. Supplemental salary continuation benefits have been discounted

for
Mr. Alexander.

Table of Contents

(2) Mr. Alexander's employment agreement provides for medical, dental, and other health benefits to him and his family, at no cost to him, until Mr. Alexander recovers from such disability, or Mr. Alexander attains the age of 65. Mr. Klein's, Mr. Doherty's, and Mr. Widmer's employment agreements provide for one year of medical, dental, and other health benefits on the same terms, including cost sharing by the executive, as provided to the executive prior to his disability. The reported figure for Mr. Alexander reflects the estimated present value of the future premium cost of such benefits, calculated utilizing substantially the same health care cost increase assumptions we

use in measuring our liability for such benefits for financial statement purposes. For purposes of this presentation, the estimated future costs were discounted at a 2.00% annual compounding rate. The figures presented for Mr. Klein, Mr. Doherty, and Mr. Widmer are presented without discount.

- (3) Mr. Alexander's employment agreement provides for life insurance continuation benefits. Mr. Alexander receives an annual reimbursement for a whole-life policy premium through 2014 in the amount of \$35,660. In addition, the employment agreement provides for the continuation of group life insurance for Mr. Alexander until the earlier of: recovering from such disability or

Mr. Alexander attaining the age of 65. The reported figure in the table assumes that group term life insurance benefits will continue until Mr. Alexander attains the age of 65, with an assumed annual cost increase of 4% and a present value discount rate of 2.00% annual compounding rate. The agreement in effect for Mr. Alexander provides for salary continuation at his base salary for the first year after such disability and 66 2/3% of his base salary after the first year. Such payments continue until Mr. Alexander's death, recovery from such disability, or the date he attains age 65. - (4) Each of the
employment
agreements

salary for each
executive. The
employment
agreements also
provide for the
continuation of
medical, dental,
and other health
benefits to the
executive's
family for a
period of
one-year at the

same terms and cost to the executive immediately prior to his death.

(5) Each of the employment agreements provides for the lump-sum payment of: three times base salary; three times the average annual bonus/and or incentive award for three years prior to the year of termination; and the retirement contributions or payments that we would have made on the executive's behalf, as if the executive had continued his employment for a 36-month period, based on contributions or payments made (on an annualized basis) at the date of termination.

(6) Each of the employment agreements provides for medical, dental, and other health benefits to the executive and his family, at no

cost to the executive for a period of 36 months from the date of termination. The reported figures reflect the estimated present value of the future premium cost of such benefits, calculated utilizing substantially the same health care cost increase assumptions we used in measuring our liability for such benefits for financial statement purposes. For purposes of this presentation, the estimated future costs were discounted at a 2.00% annual compounding rate.

- (7) Each of the employment agreements provides for life insurance benefits to the executive and his family, at no cost to the executive for a period of 36 months from the date of termination. Mr. Alexander receives an

annual reimbursement of \$35,660 for a whole-life insurance policy. Mr. Alexander, Mr. Klein, Mr. Doherty, and Mr. Widmer also participate in our group life insurance plan. The reported figures in the table assume that the reimbursement to Mr. Alexander for his whole-life insurance policy will continue for a period of three years. The reported figures also include the estimated costs of group term life insurance benefits for Mr. Alexander, Mr. Klein, Mr. Doherty, and Mr. Widmer for a three year period with an assumed annual cost increase of 4% and a present value discount rate of 2.00% compounded annually.

- (8) Under each of the employment agreements, amounts

payable under a change in control are identical to those payable for Discharge Without Cause or Resignation With Good Reason no Change in Control except that:

(i) payments pertaining to bonus and/or incentive awards are based upon the highest annual bonus and/or incentive award earned in any of the three years preceding the year in which the termination occurs and (ii) each of the employment agreements limits the total payments to an executive to an amount that is one dollar less than three times the executive's base amount as defined in Section 280G of the Internal Revenue Code. The amounts presented in the table have not been reduced to reflect any cut-back required to avoid an excess

parachute
payment under
Section 280G of
the Internal
Revenue Code.

- (9) Amounts represent the value of unvested equity awards at December 31, 2009 calculated as the sum of:
- (a) unvested restricted stock of 168,000 shares, 78,300 shares, 73,000 shares, 60,000 shares, and 13,300 shares for Mr. Alexander, Mr. Klein, Mr. Doherty, Mr. Widmer, and Ms. Frank, respectively, multiplied by the closing price of the Company's common stock on December 31, 2009, of \$13.52 per share; and
 - (b) unvested stock options of 421,250 options, 205,500 options, 192,000 options, 157,750 options, and 26,500 options for Mr. Alexander, Mr. Klein, Mr. Doherty, Mr. Widmer, and Ms. Frank,

respectively,
multiplied by
\$3.58 per
option. The
\$3.58 value of
each option
represents the
closing price of

AUDIT-RELATED MATTERS

Audit Committee Report

The charter of the Audit Committee of the Board specifies that the purpose of the Committee is to assist the Board in its oversight of:

monitoring and overseeing the integrity of our accounting and financial reporting process, audits, financial statements and systems of internal controls;

monitoring and overseeing the independence and performance of our external auditors, internal auditors and outsourced internal audit consultants;

facilitating communication among the external auditors, management, internal auditors, and the outsourced internal audit consultants; and

maintaining oversight of the external auditors, including the appointment, compensation, retention and, when considered necessary, the dismissal of the external auditors.

In carrying out these responsibilities, the Audit Committee, among other things:

monitors the preparation of quarterly and annual financial reports by the Company's management;

supervises the relationship between the Company and its independent registered public accountants, including: reviewing the scope of their audit services; approving audit and non-audit services; and confirming the independence of the independent registered public accountants; and

oversees management's implementation and maintenance of effective systems of internal and disclosure controls, and review of the Company's internal auditing program.

The Committee schedules its meetings with a view to ensuring that it devotes appropriate attention to all of its tasks. The Committee's meetings include, whenever appropriate, executive sessions in which the Committee meets separately with the Company's independent registered public accountants, the Company's internal auditors, the Company's chief financial officer, and the Company's general counsel, and Securities and Exchange Commission counsel.

As part of its oversight of the Company's financial statements, the Committee reviews and discusses with both management and the Company's independent registered public accountants all annual and quarterly financial statements prior to their issuance. During 2009, management advised the Committee that each set of financial statements reviewed had been prepared in accordance with U.S. generally accepted accounting principles, and reviewed significant accounting and disclosure issues with the Committee. The Committee's review included discussion with the independent registered public accountants of matters required to be discussed pursuant to Statement on Auditing Standards No. 61 (Communication with Audit Committees), including the quality of the Company's accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements. The Committee also discussed with the independent registered public accountants matters relating to its independence, including a review of audit and non-audit fees and the written disclosures and letter from KPMG LLP to the Audit Committee pursuant to applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence.

In addition, the Committee reviewed key initiatives and programs aimed at maintaining the effectiveness of the Company's internal and disclosure control structure. As part of this process, the Committee continued to monitor the scope and adequacy of the Company's internal auditing program, reviewing internal audit department staffing levels and steps taken to maintain the effectiveness of internal procedures and controls.

Taking all of these reviews and discussions into account, the Committee members recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2009, for filing with the Securities and Exchange Commission.

Policy for Approval of Audit and Permitted Non-audit Services

The Audit Committee's policy is to pre-approve all audit and non-audit services provided by the independent registered public accounting firm, either by approving services prior to the engagement or pursuant to a pre-approval policy with respect to particular services. These services may include audit services, audit-related services, tax services, and other services. The Audit Committee has delegated pre-approval authority to the Chairman of the Audit Committee when expediency is necessary. The independent registered public accounting firm and management are required to periodically report to the full Audit Committee regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval, and the fees for the services performed to date.

All audit, audit-related, and tax fees and all other fees described below were approved either as part of our engagement of KPMG LLP or pursuant to the pre-approval policy described above. The Audit Committee concluded that the provision of such services by KPMG LLP was compatible with the maintenance of that firm's independence in the conduct of its auditing functions.

Our directors are generally elected to serve for a three-year period, or a shorter period if the director is elected to fill a vacancy, and until their respective successors shall have been elected and shall qualify. Three directors will be elected at the annual meeting and will serve until their successors have been elected and qualified.

The Nominating and Corporate Governance Committee has nominated John R. Bowen, Gil Chapman, and John J. DePierro, to serve as directors for three-year terms. Each of the nominees is currently a member of the Board of Directors. **The Board recommends a vote FOR each of the persons nominated by the Board of Directors.**

PROPOSAL II RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Our independent registered public accounting firm for the year ended December 31, 2009, was KPMG LLP. Our Audit Committee has approved the engagement of KPMG LLP to be our independent registered public accounting firm for the year ending December 31, 2010, subject to the ratification of the engagement by our stockholders as required by our Bylaws. At the Annual Meeting, the stockholders will consider and vote on the ratification of the engagement of KPMG LLP for the year ending December 31, 2010. Representatives of KPMG LLP are expected to attend the annual meeting to respond to appropriate questions and to make a statement if they so desire.

Although stockholder ratification of the independent registered public accounting firm is required by our Bylaws, even if the selection is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such change is in the best interest of Northfield Bancorp, Inc. and its stockholders.

In order to ratify the selection of KPMG LLP as the independent registered public accounting firm for the year ending December 31, 2010, the proposal must receive at least a majority of the votes represented at the annual meeting, without regard to broker non-votes, in favor of such ratification.

The Audit Committee of the Board of Directors recommends a vote FOR the ratification of kpmg llp as the independent registered public accounting firm for the year ending December 31, 2010.
