Proxy Statement

Annual Meeting of Shareholders to be Held June 7, 2011

This Proxy Statement and the accompanying proxy card are being mailed to shareholders of APAC Customer Services, Inc. (the Company or our) on or about April 29, 2011, in connection with the solicitation of proxies by the Board of Directors for the Annual Meeting of Shareholders to be held on June 7, 2011. The purpose of the Annual Meeting is to consider and act upon the matters specified in the Notice of Annual Meeting of Shareholders accompanying this Proxy Statement.

Each shareholder is entitled to one vote for each Common Share (as defined in the Company's Amended and Restated Articles of Incorporation, dated August 8, 1995, as subsequently amended) held as of the record date. A majority of the outstanding Common Shares entitled to vote at this meeting and represented in person or by proxy will constitute a quorum. As of the close of business on April 14, 2011, the record date for determining shareholders entitled to vote at the Annual Meeting, 53,417,300 Common Shares were outstanding.

If the form of Proxy that accompanies this Proxy Statement is executed and returned, it will be voted in accordance with the indicated direction. A Proxy may be revoked at any time prior to the voting thereof by written notice to our Corporate Secretary, by executing and delivering a subsequently dated proxy card or by voting in person at the Annual Meeting. Shareholders whose Common Shares are held in the name of a bank, broker or other holder of record will receive voting instructions from the holder of record.

The affirmative vote of the holders of a majority of the Common Shares entitled to vote and represented in person or by proxy at the Annual Meeting is required for the election of directors and for any other proposal submitted to a vote. Shareholders are not entitled to cumulate their votes. Shares represented by proxies which are marked withhold or to deny discretionary authority on any matter will be treated as shares present and entitled to vote, which will have the same effect as a vote against any such matter. Broker non-votes and the shares as to which shareholders abstain are included for purposes of determining whether a quorum of shares is present at a meeting, except as to matters for which a non-vote is indicated on the broker's proxy. If a non-vote is indicated on the broker's proxy with respect to a particular matter, the shares will not be treated as represented at the meeting for the purposes of determining a quorum for such matter. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner. Votes will be tabulated by representatives of BNY Mellon Shareowner Services, our transfer agent and inspector of elections for the Annual Meeting. We will bear all expenses incurred in the solicitation of proxies.

Meetings of the Company's Board of Directors and Corporate Governance

Our Board of Directors met 18 times during fiscal year 2010 and periodically took action by unanimous written consent. All incumbent directors attended at least 75% of the aggregate of such meetings and meetings of Board committees on which they served in fiscal year 2010 during the periods that such directors served.

We have a commitment to good corporate governance practices. These practices provide a framework within which our Board of Directors and management can pursue our strategic objectives and ensure the Company's long-term vitality for the benefit of stockholders. The foundation of our practices is an independent and qualified Board of Directors. All directors are elected annually by a majority of votes cast by stockholders. Our Board of Directors has determined that, other than Messrs. Marrow (who served during part of 2010 but resigned as of September 12, 2010), Keleghan and Schwartz, all current Board members all nominees for election as directors, and all individuals who served as Board members during fiscal year 2010, are or were independent as defined by the NASDAQ listing standards. All Board committees are composed entirely of independent directors. Our independent directors hold executive sessions periodically throughout the year.

The Board carefully evaluates each incoming director candidate based on selection criteria and overall priorities for Board composition that are periodically re-examined by the corporate governance committee with input from the rest of the directors. As our directors' commitments change, the Board revisits their situations to ensure that they can continue to serve the best interests of the Company and its stockholders. We also demand high standards of ethics from our directors and management as described in the Code of Business Conduct and Ethics.

Director Independence

The Board of Directors has determined that the following four of our six current directors are independent as defined by applicable law and NASDAQ listing standards: Ms. Andreasen, and Messrs. Park, Skinner and Workman. Each of our Audit, Compensation and Nominating and Corporate Governance committees is composed only of independent directors, as identified below under the heading Board Committees.

Based on such standards, Mr. Schwartz is not independent because of his significant ownership interest in the Company which exceeds 10%. Mr. Keleghan is not independent because he is an executive officer of the Company.

Board Leadership Structure

The Bylaws provide that the Chairman of the Board of Directors shall be appointed by the Board of Directors. The Board is free to choose its Chairman in any way that the Board deems to be in the best interest of the Company and its shareholders. The Chairman of the Board has general authority over the Company's business and affairs, subject to the Board of Directors, and is responsible for ensuring that the Board's directives are carried out. The Chairman may also serve as the Chief Executive Officer of the Company. The Board determines whether the role of the Chairman and the Chief Executive Officer should be separated or combined based on its judgment as to the structure that best serves the interests of the Company. The Board does not have a firm policy as to whether the position of the Chairman and the position of the Chief Executive Officer should be separate and intends to preserve the freedom to decide what is in the best interest of the Company at any point in time.

We currently separate the positions of Chief Executive Officer and Chairman of the Board of Directors. Separating the positions of Chief Executive Officer and Chairman of the Board of Directors allows our Chief Executive Officer to focus on our day-to-day business, while allowing the Chairman of the Board of Directors to lead the Board of Directors in its fundamental role of providing advice to and oversight of management.

Mr. Schwartz, our current Chairman, is also our founder and our largest shareholder. Although Mr. Schwartz is not considered an independent director, the Board of Directors believes that having Mr. Schwartz serve as a separate Chairman of the Board of Directors is the appropriate leadership structure for the Company, given his wealth of industry experience, his considerable business contacts in the area of outsourcing, and extensive knowledge of the Company and his history of innovative and strategic thinking. Furthermore, based in part on past history, the Board of Directors believes that it is best for our Chief Executive Officer to functionally operate the business and the Chairman to manage the Board of Directors and critically review management's performance. The Board of Directors believes that performance is optimized with the separation of these roles. With the separation, the Board of Directors can speak more candidly and critically on the performance of the management and operations of Company. We believe that such separation helps provide proper checks and balances.

Table of Contents**Board's Role in Risk Oversight**

Risk is an integral part of Board and committee deliberations throughout the year. The Company's Board of Directors administers its risk oversight function directly and through both its Audit Committee and Compensation Committee. The Audit Committee has oversight responsibility with respect to the Company's financial risk assessment and financial risk management. The Audit Committee meets regularly with management to review the Company's risk exposures, the potential financial impact those risks may have on the Company, the steps management takes to address those risks, and how management monitors emerging risks. With respect to the Company's compensation plans and programs, the Compensation Committee structures such plans and programs to balance risk and reward, while mitigating the incentive for excessive risk taking by our officers and employees. The full Board of Directors has oversight responsibility of enterprise risk management and periodically requests management to review the Company's major enterprise risk exposures, the potential financial or other impact on the Company, and the process for managing such risks.

Board Committees

Our Board of Directors has established three standing committees and has adopted written charters for each committee: the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee each comprised of independent directors. Our Board of Directors appoints the members of each committee. While our Board's committees are constituted as described below and vote on matters as described below, other members of our Board, including directors not determined by our Board to qualify as independent, are frequent participants (although not voting participants) in committee meetings and proceedings.

Each committee's charter and our Corporate Governance Guidelines are available on our website at www.apaccustomerservices.com. A copy of each charter is also available in print to shareholders upon request, addressed to our Corporate Secretary c/o APAC Customer Services, Inc., 2201 Waukegan Road, Suite 300, Bannockburn, Illinois 60015.

Audit Committee

Our Audit Committee consists of Messrs. Workman (Chairperson), Park and Skinner. Mr. Keleghan also served as a member of the Audit Committee during fiscal 2010. Mr. Keleghan resigned from the Audit Committee prior to his appointment as our President and Chief Executive Officer. Our Audit Committee has direct responsibility for appointing our independent registered public accounting firm, reviewing the proposed scope of the annual audit, overseeing the adequacy and effectiveness of accounting and financial controls, and reviewing the annual and quarterly financial statements with management and the independent registered public accounting firm. Our Audit Committee met five times in fiscal year 2010 and periodically took action by unanimous written consent. All members of our Audit Committee are independent directors (or were at the applicable time) as defined for audit committee members by the listing standards of NASDAQ. Our Board of Directors has determined that each member of our Audit Committee is financially literate in accordance with the listing standards of NASDAQ and that Messrs. Park and Workman are each an audit committee financial expert, as defined by the SEC. For details regarding Mr. Park's and Mr. Workman's qualifications as an audit committee financial expert, see *Nominees for Election* appearing in *Proposals* 1. *The Election of Directors* section of this Proxy Statement.

Compensation Committee

Our Compensation Committee consists of Ms. Andreasen (Chairperson) and Messrs. Park and Workman. Cindy Andreotti also served as a member, and Chairperson, of the Compensation Committee during fiscal 2010. John C. Kraft and Kevin T. Keleghan also served as members of the Compensation Committee during fiscal 2010. Ms. Andreotti and Mr. Kraft were not re-nominated to serve as directors at the 2010 Annual Meeting of Shareholders and, therefore, ceased serving as directors on June 15, 2010. Mr. Keleghan resigned from the Compensation Committee prior to his appointment as the Company's President and Chief Executive Officer. Our Compensation Committee is directly responsible for approving senior management compensation and overseeing our equity compensation plans. For a more detailed description of the responsibilities and authority of the Compensation Committee, see *Compensation Discussion and Analysis* *Overview of Compensation Process* appearing in the *Executive Compensation* section of this Proxy Statement. Our Compensation Committee met nine times in fiscal year 2010 and periodically took action by unanimous written consent. All members of the Compensation Committee are

independent (or were at the applicable time) directors as defined by the listing standards of NASDAQ.

Ms. Andreotti, Mr. Kraft and Mr. Keleghan also served as members of the Nominating and Corporate Governance Committee in fiscal 2010. Ms. Andreotti and Mr. Kraft were not re-nominated to serve as directors at the 2010 Annual Meeting of Shareholders and, therefore, ceased serving as directors on June 15, 2010. Mr. Keleghan resigned from the Nominating and Corporate Governance Committee prior to his appointment as the Company's President and Chief Executive Officer. The Nominating and Corporate Governance Committee is directly responsible for identifying and recommending to our Board of Directors individuals qualified to serve as directors, recommending directors to serve on committees of our Board of Directors, advising our Board of Directors with respect to matters of Board composition and procedures, developing and recommending to our Board of Directors corporate governance principles applicable to us, overseeing corporate governance matters generally, and reviewing on an annual basis director compensation. The Nominating and Corporate Governance Committee met five times during fiscal year 2010 and periodically took action by unanimous written consent. All members of our Nominating and Corporate Governance Committee are independent directors (or were at the applicable time) as defined by the listing standards of NASDAQ.

The Nominating and Corporate Governance Committee assists the Board in identifying qualified persons to serve as directors of the Company. The Committee evaluates all proposed director nominees, evaluates incumbent directors before recommending re-nomination, and recommends all approved candidates to the Board for appointment or nomination.

Our Nominating and Corporate Governance Committee believes that the minimum qualifications for serving as a director are the ability to apply good and independent judgment in a business situation and the ability to represent the interests of all shareholders. Our directors play a critical role in guiding the Company's strategic direction and oversee the management of the Company. A director also must be free from any conflicts of interest that would interfere with his or her loyalty to us or our shareholders. Candidates considered by our Nominating and Corporate Governance Committee for election or re-election to our Board of Directors should possess the following qualifications: the highest level of personal and professional ethics, integrity and values; an inquiring and independent mind; practical wisdom and mature judgment; broad training and experience at the policy-making level in business, finance and accounting, government, education or technology; expertise that is useful to us and complementary to the background and experience of other Board members, so that an optimal balance of Board members can be achieved and maintained; willingness to devote sufficient time and attention to carrying out the duties and responsibilities of Board membership; commitment to serve on the Board for several years to develop knowledge about our business; willingness to represent the best interests of all shareholders and objectively appraise management performance; and involvement only in activities or interests that do not conflict with the director's responsibilities to us and our shareholders.

Our Nominating and Corporate Governance Committee considers diversity in its nomination of directors to the Board, and in its assessment of the effectiveness of the Board and its committees. In considering diversity, the Nominating and Corporate Governance Committee looks at a range of different personal factors in light of the business, customers, suppliers and employees of the Company. The range of factors includes diversity of personal and business backgrounds and prior board service, financial expertise, international experience, industry experience, leadership skills, including prior management experience, and a variety of subjective factors. In addition to diversity of experience and backgrounds, racial, ethnic and gender diversity are also considered in the director selection process, but there is no specific policy regarding Board diversity. The Nominating and Corporate Governance Committee regularly reports to the full Board on its assessment of the composition and functioning of the Board.

Once a person has been identified by our Nominating and Corporate Governance Committee as a potential candidate, the committee may collect and review publicly available information regarding the person to assess whether the person should be considered further. If our Nominating and Corporate Governance Committee determines that the candidate warrants further consideration, our Chairperson or another member of the committee or of our Board of Directors, including directors who have not been designated as independent, contacts the person. Generally, if the person expresses a willingness to be considered and to serve on our Board, our Nominating and Corporate

Governance Committee requests information from the candidate, reviews the person's accomplishments and qualifications, in light of any other candidates that the committee might be considering, and conducts one or more interviews with the candidate. Other members of our Board, including Messrs. Schwartz and Keleghan, will also interview the candidate. In certain instances, committee members may contact one or more references provided by the candidate or may contact other members of the business community or other persons that may have greater firsthand knowledge of the candidate's accomplishments. The committee's evaluation process does not vary based on whether or not a candidate is recommended by a shareholder, although, as stated above, our Board may take into consideration the number of shares held by the recommending shareholder and the length of time that such shares have been held.

Table of Contents

Our Nominating and Corporate Governance Committee will consider director candidates recommended by shareholders. In considering candidates submitted by shareholders, our Nominating and Corporate Governance Committee will take into consideration the needs of our Board of Directors and the qualifications of the candidate. Our Nominating and Corporate Governance Committee may also take into consideration the number of shares held by the recommending shareholder and the length of time that such shares have been held. To have a candidate considered by our Nominating and Corporate Governance Committee, a shareholder must submit the recommendation in writing and must include the following information: the name of the shareholder and evidence of the person's ownership of Common Shares, including the number of shares owned and the length of time of ownership; the name of the candidate; the candidate's resume or a listing of his or her qualifications to be a director; and the candidate's consent to be named as director if selected by our Nominating and Corporate Governance Committee and nominated by our Board.

Compensation Discussion and Analysis***Overview of Compensation Process***

The Compensation Committee of our Board of Directors is responsible for establishing, implementing and monitoring adherence with our compensation philosophy. The committee establishes total compensation for our President and Chief Executive Officer and, with input from our Chief Executive Officer, establishes compensation for our other Named Executive Officers. Our Compensation Committee does not delegate any of its authority in this regard. Mr. Keleghan was our principal executive officer beginning on September 13, 2010. Mr. Marrow resigned as our President and Chief Executive Officer on September 12, 2010. Our principal executive officer, our principal financial officer, our three most highly compensated executive officers (other than our principal executive officer and principal financial officer) who were serving as executive officers at the end of fiscal year 2010, Mr. Marrow, our former President and Chief Executive Officer and Mr. Keller, another former President and Chief Executive Officer, are our Named Executive Officers for 2010. As a result of severance payments made in 2010 to Mr. Keller, our former President and Chief Executive Officer, is still listed in Summary Compensation for our Named Executive Officers for 2010.

Our Compensation Committee is currently composed of three independent directors. From time to time, we retain independent compensation consultants to provide objective and expert advice on various compensation plan design issues.

Table of Contents

From time to time, we also use additional compensation data which we obtain from established executive compensation survey sources.

In addition to Messrs. Marrow and Keleghan, Mr. Szafran, our Senior Vice President and Chief Financial Officer and Mr. Michael V. Hoehne, our Vice President, Human Resources participated in the preparation, development and review of various executive compensation presentations made to our Compensation Committee and our Board of Directors during fiscal year 2010.

Compensation Consultant

In October 2009, the Compensation Committee retained the Delves Group (Delves), a compensation consultant, to provide an overall assessment of our management and sales compensation programs for our executive officers (including the Named Executive Officers) as well as certain other identified employees.

Delves was engaged to conduct a competitive analysis of our total compensation programs for identified executives and managers examining base salary, annual incentives, long-term incentives, benefits and perquisites. The analysis included a comparison of pay levels and structure to benchmark data. Delves also reviewed our current employment terms for executives, including, but not limited to severance, change-in-control provisions and other special provisions. Delves and the Compensation Committee discussed the assessment of the effectiveness of our management and sales compensation programs, our equity granting practices, and certain potential identified gaps, between our current compensation programs and our present compensation philosophy as well as the competitive market practices.

During fiscal 2010, Delves provided some compensation analysis and information related to the President and Chief Executive Officer transition. The nature and scope was to assist in benchmarking elements of compensation specific to a 280G Gross Up.

Delves and its affiliates did not provide any other services to us in 2010.

In March 2011, the Compensation Committee retained Towers Watson, as compensation consultant, to provide services related to compensation for fiscal 2011. As Towers Watson was only recently engaged, the parties have yet to establish the specific deliverables and a timeline for their completion.

Compensation Objectives

We design our executive compensation policies with the objective of attracting, motivating and retaining the highest quality executives. Our goal is to compete in the market for high caliber individuals who possess the talent and capabilities we believe necessary to our success. We believe the most effective executive compensation program is one that is designed to reward the achievement of specific annual, long-term and strategic goals and which aligns executives interests with those of our shareholders by rewarding performance which ultimately improves shareholder value.

Compensation Philosophy

We desire to attract and retain superior executive talent by offering a total compensation package that is competitive with the compensation practices of those companies with which we compete for executive talent. Such companies include both publicly-traded and private (i) companies in our industry, (ii) companies having annual revenue comparable to ours (i.e., under \$500 million), and (iii) Chicago-area based Fortune 500 companies. We believe that total compensation packages for our executive officers should reward individual performance, put a significant portion of the executive s compensation at risk of achieving pre-established objectives, and align the interests of our executive officers with those of our shareholders. To that end, our compensation packages contain both cash and stock-based compensation as well as short-term and long-term incentives.

The market for suitable executive leadership is very competitive and we contend with many larger companies for top executive-level talent. As a result, our practice is to target total compensation levels for our executive officers at above-median levels. Accordingly, our Compensation Committee determined that the total compensation packages for our executive officers should be between the 50th percentile and the 75th percentile of the packages of executive officers at companies with which we compete for executive talent. Variations to this objective may occur as dictated by the performance and/or experience level of an individual as well as other market factors.

In evaluating each element of our executive compensation program, the Compensation Committee considers, among other things, relevant data on other executive compensation programs and practices and Company financial

performance. The Compensation Committee uses benchmark comparisons to published surveys, as applicable, to ensure that it is acting on an informed basis and to establish points of reference to determine whether and to what extent it is establishing competitive levels of compensation for our executives.

Table of Contents

For benchmarking purposes, the Compensation Committee uses several recognized resources: (1) Watson Wyatt Data Services; (2) Economic Research Institute; and (3) Equilar Executive Compensation. When utilizing these materials, the Compensation Committee generally uses collected information from the designated business sector professional services. There is an extremely large participant list of companies which are included in the data collected for these surveys and, therefore, it is not practical to list them all.

The Compensation Committee compares numerous elements of executive compensation, including base salaries, annual incentive compensation, long-term cash and equity-based incentives, to assist in determining whether proposed compensation programs are competitive. Management and the Compensation Committee view this comparative data as one factor in making compensation decisions, but do not rely solely on this information. The Compensation Committee uses its experience and judgment to make final compensation decisions.

There is discretion in the application of the survey information for determining the specific compensation which can lead to deviations from the survey data in those circumstances where the Compensation Committee deems it is appropriate.

Risk Assessment

In designing compensation plans and programs for our employees including the Named Executive Officers, the Compensation Committee structures such plans and programs to balance risk and reward, while mitigating the incentive for excessive risk taking. The following characteristics of our executive compensation plans and programs limit the possibility for excessive risk taking:

The base salary is a fixed amount, and therefore does not encourage risk taking.

The annual incentive compensation opportunity is capped at a maximum amount.

All current outstanding long-term incentive opportunities are comprised of time-based options that vest over multiple years which align the option holders' interests to the long-term stockholder interests.

Members of the Compensation Committee approve the final incentive compensation awards after reviewing the executive and corporate performance awards, and may utilize negative discretion based on a variety of performance objectives, thereby diversifying the risk.

Elements of Compensation

To achieve our objectives, our executive compensation program includes the following components:

Base Salary: An annual base salary, subject to discretionary annual merit increases based on the executive's overall performance during the previous year;

Annual Cash Incentive: A potential annual cash bonus under our management incentive plan based on our attaining certain specified financial performance measures;

Long-Term Equity Incentives: Long-term incentives consisting of stock options and performance-based restricted share grants under our incentive stock plan; and

Other Employee Benefits: Other employee benefits including the right to participate in company-sponsored benefit and welfare plans such as health, dental and prescription drug insurance, the premiums of which are partly paid for by us, company-sponsored flexible spending accounts for certain qualified medical, dental and childcare expenses, matching contributions to our 401(k) plan and supplemental 401(k) restoration plan for highly compensated employees, and company-subsidized supplemental life insurance.

Table of Contents

The Summary Compensation Table sets forth the amounts for these components that we paid each of the Named Executive Officers in fiscal year 2010. See 2010 Summary Compensation Table appearing elsewhere in the Executive Compensation section of this Proxy Statement. For fiscal year 2010, we did not make any material changes to the weighting or amount of any components of the compensation paid to our Named Executive Officers.

In addition, to provide for executive stability, we offer our currently employed Named Executive Officers payments and benefits (i) in the event an executive officer is involuntarily terminated other than for cause or resigns for good reason and (ii) in the event we experience a change of control. See Potential Payments Upon Termination or Change of Control appearing elsewhere in the Executive Compensation section of this Proxy Statement.

We compensate our currently employed Named Executive Officers (and other executive officers) primarily by using a combination of short-term compensation (salary and annual cash incentive compensation) and long-term compensation (stock options and restricted common shares). We have historically determined the mix of short-term and long-term compensation and the mix of base and incentive compensation by using market compensation information provided by an outside consultant or by reference to established executive compensation surveys. We believe it is important that a portion of our executive officers' incentive compensation is dependent upon our stock price, and a portion of their overall compensation opportunity consists of equity compensation. However, since the price of our Common Shares is subject to some factors outside our control and the control of the Company's executive officers, we also believe it is important that a portion of an executive officer's incentive compensation be tied to the performance of goals relating to the operations of our company. Accordingly, we tie our executive officers' annual cash incentive compensation to the achievement of financial performance goals that we believe help to drive our business and create value for our shareholders. On a total dollar value basis, other benefits compensation is smaller when compared to cash and equity compensation portions of our total executive compensation package.

Conversely, there are certain types of compensation that we have elected to omit from our executive compensation packages, as we believe they are of limited value in attracting, retaining and motivating the type of executive officers we seek. Examples of the types of executive compensation that we deemed to be unnecessary include: (i) a defined benefit (pension) plan; (ii) a stipend or expenses for a company car; and (iii) country club memberships. We believe that we are not negatively affected by our failure to offer these types of benefits and perquisites to our executive officers.

Base Salary

Annual base salary is a major component of overall cash compensation each year. Generally, we determine base salaries for each Named Executive Officer by evaluating his or her experience, performance, and any changes in the executive's duties during the year. We also consider the competitive market for executive talent, and compare salaries we pay our executive officers to those paid to executive officers in comparable positions at companies with which we compete for such talent. See Compensation Philosophy.

Salary levels are typically considered annually as part of our performance review process as well as upon a promotion or other change in job responsibility. Merit increases in annual base salary (if any) are discretionary, and are awarded depending upon the executive officer's overall performance during the prior year.

The following table sets forth the annualized 2010 and 2011 base salaries for each of the currently employed Named Executive Officers.

Named Executive Officer	2010 Base Salary	2011 Base Salary
Kevin T. Keleghan	\$ 500,000	\$ 500,000
Arthur D. DiBari	\$ 325,000	\$ 325,000
Mark E. McDermott	\$ 251,720	\$ 251,720
Robert B. Nachwalter	\$ 256,250	\$ 266,500
Andrew B. Szafran	\$ 309,000	\$ 325,000

Annual Cash Incentive

No annual cash bonus is guaranteed, but our Named Executive Officers are eligible for annual bonuses under our MIP, which was approved by our shareholders on June 3, 2005 and amended and restated on August 2, 2007. The MIP gives the Compensation Committee the latitude to design cash and stock-based short-term and long-term incentive

compensation programs to promote exceptional performance and achievement of corporate goals by key employees. Under the MIP, cash incentive opportunities are designed annually around a strategic mix of corporate and individual performance objectives which take into consideration our overall philosophy with respect to risk management. All performance targets for the Named Executive Officers are directly linked to the achievement of our annual financial plan. Annual bonuses earned by the Named Executive Officers have historically been paid in cash.

Table of Contents

Performance targets are set following considerable exchange between the Board of Directors and management. The specific bonus targets, as a component of the annual plan, are considered aggressive set at levels necessary to challenge and motivate executive management but levels which we believe are achievable through efficient and persistent execution. The Compensation Committee sets demanding achievement levels as related to our financial performance which align management's interests with those of our shareholders. The specific targets for 2011 are set at levels which will reward considerable top-line growth while maintaining consistent levels of operational efficiencies.

2010 MIP

For fiscal year 2010, all executive officers, including the Named Executive Officers were eligible to receive annual cash bonus payments on either an annual or a quarterly basis based on us achieving certain financial performance goals established by the Compensation Committee. Mr. DiBari is the only NEO who is eligible to receive payments on a quarterly basis. No annual cash bonus was guaranteed, but each executive officer was eligible for a MIP payment ranging from 0% to 200% of his base salary. For all executive officers, other than our Senior Vice President, Sales who does not participate in the MIP, but instead participates in the Business Development Sales Commission, the 2010 MIP was based 40% on us achieving the threshold or maximum revenue amounts established by the Compensation Committee and 60% on our achieving the threshold or maximum PTP amounts established by the Compensation Committee.

The fiscal year 2010 annual bonus opportunity for Mr. Keleghan at threshold, target and maximum levels was 50%, 100% and 200% of his base salary (pro-rated for the partial year he was employed by us). The 2010 annual bonus opportunity for the other Named Executive Officers at threshold, target and maximum levels was 25%, 50% and 150% of base salary for Mr. DiBari, 25%, 50% and 100% of base salary for Mr. Szafran, 25%, 50% and 100% of base salary for Mr. Nachwalter and 20%, 40% and 80% of base salary for Mr. McDermott.

The threshold and maximum financial performance goals established by the Compensation Committee for the 2010 MIP were based on our 2010 financial plan approved by our Board of Directors. Revenue is defined as net revenue, as reported in our quarterly and annual audited financial statements. PTP is defined as pre-tax profit or income before income taxes. All incremental PTP bonus dollars which exceed the MIP 100% bonus payout threshold are subject to a required split of 60% of the additional PTP dollars going to the Company's retained earnings and 40% of the additional PTP dollars being paid in bonuses to the employees.

For 2010, the performance objectives (and the related weightings), thresholds, targets, maximums and results for calculating the Named Executive Officers' pre-adjusted awards were as follows:

**2010 Management Incentive Plan
Financial Measures**

		Revenue	PTP	Total
Weighting		40%	60%	
Performance Targets				
Slope		105%	123%	
Maximum	200%	\$352,329,624	\$51,244,691	
Target	100%	\$335,552,023	\$41,527,302	
Threshold	50%	\$318,774,422	\$39,450,937	
Actual 2010 Results		\$325,958,415	\$34,013,339	
% to Target		97%	82%	
% Payout		28.6%	0%	28.6%

Table of Contents

The MIP for 2010 was determined based upon performance against two components, Revenue and PTP (as defined above). Revenue was weighted 40% and PTP was weighted 60%. Each component had a payout of 100% based upon achieving the individual Target amount. Each component could payout above 100% based upon overachievement of each individual target, up to a Maximum payout of 200%. The Slope of the payout from Target to Maximum was 125% for Revenue and 135% for PTP, meaning that the Maximum for Revenue was set 5% above Target and for PTP was 23% above Target. Performance between Target and Maximum is interpolated.

In addition to the above-described 2010 MIP bonus payment, the Compensation Committee approved a discretionary MIP bonus payment in the aggregate amount of \$200,000 for all eligible 2010 MIP participants. There were several factors considered in approving the discretionary bonus, including not limited to our strong financial performance in 2010, especially in comparison to competition in our industry, the existence of several one-time non-operational charges which impacted 2010 financial results, a desire to support employee retention and a need to stay competitive with overall compensation levels. Notwithstanding the approval of a discretionary bonus pool, for 2010 the Named Executive Officers made a decision not to participate in the discretionary bonus pool to maximize the impact for other MIP participants and increase retention value and, thus, Named Executive Officers did not receive any of the discretionary bonus dollars. For those employees who received a portion of the 2010 discretionary bonus, the dollars were distributed amongst all eligible employees who participate in the MIP.

Management Incentive Plan bonuses awarded in 2011 for performance in fiscal year 2010 are included in the 2010 Summary Compensation Table appearing elsewhere in the Executive Compensation section of this Proxy Statement.

2011 MIP

For fiscal year 2011, all executive officers, including the Named Executive Officers are eligible to receive annual cash bonus payments on either an annual or a quarterly basis based on us achieving certain financial performance goals established by the Compensation Committee. Each executive officer is eligible for a MIP ranging from 0% to 200% of his base salary. For all executive officers, other than our Senior Vice President, Sales who does not participate in the MIP, but instead participates in the Business Development Sales Commission, the 2011 MIP is based 40% on us achieving the threshold or maximum revenue amounts established by the Compensation Committee and 60% on us achieving the threshold or maximum PTP amounts established by the Compensation Committee. In 2011 the Company introduced an individual performance component for the MIP in the form of Management By Objective (MBOs). For 2011, all Named Executive Officers have the potential for an increase or reduction in MIP payment based on the individual performance. Once an individual's 2011 MIP payment has been calculated based on the Company's financial measures as shown below, 20% of the actual MIP bonus payment may be subject to a reduction or increase based on the individual's performance rating. The overall impact of the MBO on a Named Executive Officer's MIP payment has the potential to reduce an individual's 2011 MIP bonus payment by 20% or increase an individual's 2011 MIP bonus payment 2%. The MBOs are specific goals set with each individual to support the overall objectives of the department.

The threshold and maximum financial performance goals established by the Compensation Committee for the 2011 MIP are based on our 2011 financial plan approved by our Board of Directors. Revenue is defined as net revenue, as reported in our quarterly and annual audited financial statements. Consistent with the 2010 MIP, all incremental PTP bonus dollars which exceed the MIP 100% bonus payout threshold are subject to a required split of 60% of the additional PTP dollars going to the Company's retained earnings and 40% of the additional PTP dollars being paid in bonuses to the employees.

Table of Contents**Financial Measures**

	Threshold	Target	Maximum
% of PTP Achieved	90%	100%	114%
% of Revenue Achieved	95%	100%	110%
Payout % Based on Achieved	25%	100%	150%

Other Compensation Plans

In addition to the above-described plans for Named Executive Officers, the Company has compensation plans for other executives who support the Company's overall business objectives by linking compensation to the attainment of goals as well as the creation of long-term stockholder value. The objective is to provide a total compensation package that at expected levels of performance and consistent with an executive's area of responsibility is competitive with compensation opportunities available to executives of similar experience and standing in the competitive market.

Business Development Sales Commission Plan

Consistent with 2010, we continue to have the Customer Services Business Development Sales Commission Plan (BDSCP). The BDSCP is intended to motivate business practices which are in the best interest of the Company's shareholders. The BDSCP seeks to accomplish several key objectives:

Align Commission Compensation with Ours Business Economics A Business Development executive will seek to close business that fits our strategic plan and will work diligently to understand the operating cost models in order to negotiate favorable terms accordingly.

Motivate Performance the BDSCP design is intended to reward superior sales production.

Focus on New Business The BDSCP focuses the Business Development organization on the development of new service relationships with prospects that are not currently clients.

Attract and Retain High Quality Talent Business Development executives enjoy a highly competitive earnings opportunity within our marketplace.

Maintain a Highly Competitive Sales Commission Plan within a Dynamic Marketplace The BDSCP will be reviewed annually to ensure that it remains highly competitive and supports our strategic and business goals and, thus, management reserves the right to unilaterally alter the plan at any time to align the BDSCP with changing business objectives.

To ensure that compensation policies or practices are consistent with our risk management philosophy, sales opportunities are subject to a review and approval process.

Client Solutions Sales Incentive Plan

Consistent with 2010, we continue to have our Client Solutions Sales Incentive Program (CSSIP). The CSSIP is also intended to motivate business practices which are in the best interest of our shareholders. The CSSIP seeks to accomplish several key objectives:

Align Incentive Compensation with Our Business Economics A Client Solutions executive will seek to build business that fits our strategic plan and will work diligently to understand the operating cost models in order to negotiate favorable terms accordingly.

Motivate Performance CSSIP design is intended to reward superior sales production.

Table of Contents

Focus on New Business CSSIP rewards the development of new service relationships with prospects that are not currently clients.

Attract and Retain High Quality Talent Client Solutions executives enjoy a highly competitive earnings opportunity within our marketplace.

Maintain a Highly Competitive Sales Incentive Plan within a Dynamic Marketplace The CSSIP will be reviewed annually to ensure that it remains highly competitive and supports our strategic and business goals and, therefore, management reserves the right to unilaterally alter the CSSIP at any time to align the CSSIP with changing business objectives.

To ensure that compensation policies or practices are consistent with our risk management philosophy, payments under the CSSIP must be consistent with revenues and profit targets set by the Board and bonuses are paid based on target achievement. Target bonuses under the CSSIP are weighted more heavily towards profits.

Long-Term Equity Incentives

We believe that equity compensation is an important component of our currently employed Named Executive Officers overall compensation package. We believe that shareholder value is best enhanced if our executive officers are encouraged to strategically manage the Company for long-term success. We grant long-term incentive compensation in the form of stock options and restricted Common Shares under our Amended and Restated 2005 Incentive Stock Plan (Incentive Stock Plan).

In making determinations with respect to granting stock options for Named Executive Officers, the Compensation Committee looks at several factors, including, but not limited to, current base salary, prior incentive or cash bonus(es), previous option grants (i.e. the size of prior option grants), current size of equity stake and any other equity-based awards benchmarked against individuals in similar positions. Additionally, the Compensation Committee looks at the specific individual's annual performance evaluation, special accomplishments during the preceding year and the impact of his/her performance or accomplishments on our financial and operational performance.

While we believe that both forms of equity grants can be used to appropriately link the creation of shareholder value to long-term executive officer incentive compensation, we have until quite recently used only stock options for this purpose. Historically, we have favored stock options as we believe they provide a more leveraged upside incentive for our executive officers especially when the price of our Common Shares was low and we were not profitable. Additionally, full-value restricted Common Shares have less retention value given the generally low price of our Common Shares. We have also preferred awarding executive officers stock options as incentives rather than restricted Common Shares, because the only time the currently employed Named Executive Officer receives value from an option is when the price of our Common Shares increases after the grant date. Restricted shares provide currently employed Named Executive Officers compensation if our Common Shares maintain their value, and provide increased compensation if the value of our Common Shares increases.

We structure our equity awards to promote the retention of our currently employed Named Executive Officers over longer periods of time. Equity awards to currently employed Named Executive Officers typically vest over time. Stock option grants to the currently employed Named Executive Officers vest in equal increments over five years after their grant date and have ten year terms. The exercise price for stock options is the fair market value of our Common Shares on the grant date. Until April 4, 2007, the fair market value of such Common Shares as determined under the Incentive Stock Plan was the average of the high and low selling prices of such Common Shares on the NASDAQ on the relevant valuation date, or, if there were no sales on the valuation date, on the next preceding date on which such selling prices were recorded. Effective April 4, 2007, the Incentive Stock Plan was amended to provide that the fair market value would be the closing price of the Common Shares on the NASDAQ on the valuation date. Grants of restricted Common Shares have previously vested two years from the date of grant; however, Mr. Keleghan's restricted shares vest over a five year period. The vesting is sometimes conditioned on the achievement of specified financial performance objectives established by the Compensation Committee.

While compensation levels may differ from time to time among the Named Executive Officers based on competitive factors and the role, responsibilities and performance of each specific Named Executive Officer, in order to encourage our Named Executive Officers to work collectively and manage collaboratively, there are no material differences in the compensation philosophies, objectives or policies for our Named Executive Officers. The Compensation Committee considers all executives' comparative pay when making practical decisions regarding hiring, promoting and

retaining our executives but does not have a formal policy regarding internal compensation equity.

Table of Contents

2010 Equity Grants to Named Executive Officers

During fiscal year 2010, equity grants were issued to Mr. Keleghan. Mr. Keleghan received 750,000 stock options and 250,000 shares of restricted stock in connection with his appointment as President and Chief Executive Officer pursuant to his Employment Agreement.

Mr. DiBari received two equity grants in 2010. He was granted 50,000 stock options in connection with his 2009 annual performance review. Mr. DiBari also received another 50,000 stock options in connection with his promotion to Chief Operating Officer in 2010 and in recognition of his service as Interim Chief Executive Officer during our Chief Executive Officer transition.

Certain other Named Executive Officers were granted stock options in connection with their respective of annual performance reviews as follows: Mr. Nachwalter was granted 10,000 stock options and Mr. Szafran was granted 30,000 stock options.

With respect to the stock options granted in 2010, related to the annual performance review process, the Compensation Committee considered several factors, including, but not limited to our overall financial performance, the implementation of operational plans which resulted in our very strong financial results, the management of costs, the continued implementation of beneficial business process changes and growth of existing and new client relationships all of which had a significant positive impact on our business.

Stock Option Grant Guidelines and Procedures

In October 2006, the Compensation Committee adopted standard policies and procedures regarding the granting of stock options to employees, including executive officers. Stock option grants are generally not timed to benefit the recipients, and are typically only approved during regularly scheduled quarterly meetings of the Compensation Committee, except in limited circumstances. For grants approved during the regularly scheduled Compensation Committee meetings, the issue date of such grants is set to be the third trading day after the next subsequent quarterly earnings announcement by us. We have not engaged in back-dating of options and do not grant options with an exercise price below the fair market value of our Common Shares as defined under our Incentive Stock Plan.

In May 2007, the Compensation Committee updated its guidelines for the granting of stock options for fiscal years 2007 and beyond. Options granted (excluding non-employee director grants) pursuant to these guidelines vest annually over a five-year period, as determined by the Compensation Committee, with partial acceleration of vesting upon a change of control and full vesting upon a termination of employment on or after a change of control in certain circumstances.

Employment Agreements

We have employment agreements with all of our Named Executive Officers Mr. Keleghan, our current President, Chief Executive Officer and Director, and with Messrs. DiBari, McDermott, Nachwalter and Szafran as described more fully in this Proxy Statement. Additionally, we entered into an amendment to an employment agreement with Mr. Marrow, our former President and Chief Executive Officer, under which we made severance related payments during fiscal 2010.

Other Employee Benefits

We structure the Company's compensation to provide competitive benefit packages to our currently employed Named Executive Officers. These include company-sponsored benefit and welfare plans such as health, dental and prescription drug insurance, the premiums of which are partly paid for by us, company-sponsored flexible spending accounts for certain qualified medical, dental and childcare expenses, matching contributions to our 401(k) plan, and company-subsidized supplemental life insurance. In addition, we offer a supplemental 401(k) restoration plan to our highly compensated employees (as such term is defined by the applicable regulations under the Internal Revenue Code), whose contributions to our 401(k) plan are limited by the Internal Revenue Code, to make up for the limitations so imposed. This restoration plan is available to all highly compensated employees, including all of our currently employed Named Executive Officers. We also make matching contributions on behalf of these highly compensated employees to the restoration plan (including any currently employed Named Executive Officer who elects to participate). We believe the maintenance of our 401(k) restoration plan (and our matching contributions to it) are necessary to maintain a competitive benefits package for our executive officers, so that they have the opportunity to defer the same percentage of their income, and receive similar matching contributions, as our other employees.

Severance and Change in Control Agreements

Each of our currently employed Named Executive Officers has a severance agreement that provides that if the executive's employment is terminated without cause, or, in the case of Mr. Keleghan or Mr. Szafran, he voluntarily resigns for good reason or agreed reason, the executive will receive specified payments and benefits. Additionally, we provide separate employment security agreements to our currently employed Named Executive Officers as a retention incentive and to ensure that in a potential change of control situation that could benefit our shareholders, members of our management team retain their objectivity regarding the outcome of any transaction. Our stock option and restricted stock award agreements also provide for the acceleration of vesting in the event of termination and/or a change of control. See "Potential Payments Upon Termination or Change of Control" appearing elsewhere in the "Executive Compensation" section of this Proxy Statement.

Perquisites and Other Personal Benefits

Generally, we do not provide any material perquisites or other personal benefits to our executive officers (including the currently employed Named Executive Officers).

Tax Considerations

Deductibility of Executive Compensation

As part of its role, the Compensation Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code (Section 162(m)), which generally provides that we may not deduct compensation of more than \$1,000,000 that is paid to certain individuals, including the currently employed Named Executive Officers. Qualifying performance-based compensation is specifically exempt from the deduction limit. We believe that the compensation paid under the MIP is generally fully deductible for federal income tax purposes as it is based on objective performance standards that are established by the Compensation Committee in accordance with Section 162(m). However, in certain situations, the Compensation Committee may approve compensation that does not meet the exemption requirements of Section 162(m) in order to ensure competitive levels of total compensation for our executive officers.

COMPENSATION COMMITTEE REPORT

Table of Contents**Potential Payments Upon Termination or Change of Control**

We have certain agreements that require us to provide compensation to our currently employed Named Executive Officers in the event of a termination of employment or a change of control of our company. The payment and benefits due upon a currently employed Named Executive Officer's termination of employment (other than in connection with a change of control) are set forth in individual agreements between us and each of the currently employed Named Executive Officers. Each of our currently employed Named Executive Officers also has an Employment Security Agreement which provides for certain payments in the event of a change of control. In addition, to the extent not contemplated by the employment agreements or the Employment Security Agreements, our stock option agreements and restricted stock award agreements provide for the acceleration of vesting in the event of a change of control and upon termination under certain circumstances. The Compensation Committee retains discretion to determine the amount, if any, of any additional payments and benefits which may be paid to a currently employed Named Executive Officer upon termination of his or her employment. In making such a determination, the Compensation Committee may consider a number of factors including the reasons for the termination, the currently employed Named Executive Officer's tenure and performance, the currently employed Named Executive Officer's personal circumstances and the amount of payments and benefits, if any, generally offered to executive officers at other companies in similar positions.

Each of the currently employed Named Executive Officers has signed an Agreement Protecting Company Interests which provides that during the term of his employment with us and for a specified period after his termination, he will not solicit our clients or employees and will refrain from working for or consulting with any of our competitors. The term of the non-solicitation and non-compete agreements is two years for Mr. Keleghan and one year for Messrs. DiBari, McDermott, Nachwalter and Szafran. In the event any of the currently employed Named Executive Officers violates his or her Agreement Protecting Company Interests, we may be entitled to recover some or all of the payments and benefits that were paid by us upon termination of employment.

The following narrative describes the nature and amount of payments and benefits to each of our currently employed Named Executive Officers in the event of a termination of employment as a result of retirement, death or disability, involuntary termination (not for cause), voluntary termination, termination for cause, and termination in connection with a change of control, as well as in the event of a change of control without termination of employment.

Payments Made Upon Retirement

Each of the currently employed Named Executive Officers is eligible to elect normal retirement when he has completed at least ten years of continuous employment and the sum of his age and continuous service with us is equal to or greater than seventy. Upon normal retirement, some or all of the outstanding stock options that are not vested at the time of his retirement will accelerate and become exercisable. Generally, the vesting will be accelerated such that the options which would otherwise vest on the next anniversary of the grant date vest on the date of retirement; provided that the shares issuable upon exercise of such accelerated options are subject to certain restrictions on transfer for a period of two years after termination.

Payments Made Upon Death or Disability**In the event of the death or disability of a Named Executive Officer:**

The currently employed Name Executive Officer, or his beneficiary or estate, will be entitled to receive payment of any and all base salary earned through the date of his termination and in the case of Mr. Keleghan, any earned, but unpaid bonus for the fiscal year preceding the fiscal year in which such termination occurs;

Some or all of the outstanding stock options that are not vested at the time of his death or disability will accelerate and become immediately exercisable as described above under *Payments Made Upon Retirement*; and

In the case of Mr. Keleghan, restricted Common Shares will vest in such number of shares as would have vested had service continued through the first anniversary date of the grant date following such termination with an opportunity for performance acceleration in accordance with the schedule attached to his Restricted Stock Grant Agreement.

Table of Contents

Payments Made Upon Involuntary Termination (Not for Cause)

In the event of involuntary termination of a currently employed Named Executive Officer not for cause :

Mr. Keleghan will be entitled to: (1) severance payments in an amount equal to 18 months of his then-current base salary payable over a period of 24 months from the termination date, (2) any earned but unpaid bonus for the fiscal year preceding the fiscal year of termination; and (3) a pro-rata bonus that would have otherwise been paid for the year in which he is terminated. Mr. DiBari will be entitled to severance payments in an amount equal to 12 months of his base salary payable over a period of 12 months from the termination date. Mr. McDermott will be entitled to severance payments in an amount equal to 12 months of his base salary payable over a period of 12 months from the termination date. Mr. Szafran will be entitled to severance payments in an amount equal to nine months of his base salary payable over a period over 12 months from the termination date and Mr. Nachwalter will be entitled to severance payments in an amount equal to six months of his base salary payable over a period of 12 months from the termination date. We will reimburse Mr. Keleghan for payments by him to exercise his rights under COBRA for a period of 18 months.

Payments Made Upon Voluntary Termination and Termination for Cause

In the event Mr. Keleghan voluntarily terminates his employment with the Company without Good Reason prior to a change of control, or in the event Mr. Keleghan is terminated for cause (as defined in his employment agreement), he is not entitled to receive any payments or benefits other than accrued obligations earned by him prior to his date of termination. Such accrued obligations generally consist of unpaid base salary, pay for unused vacation time, expense reimbursements, and any vested benefits Mr. Keleghan may have in the Company's retirement plans.

In Mr. Keleghan's employment agreement, cause is defined as (i) gross misconduct or gross negligence in the performance of Executive's employment duties; (ii) the breach by Executive of any fiduciary duty to the Company, (iii) willful disobedience by Executive of the lawful directions received from the Board; or (iv) commission by Executive of a crime involving fraud or moral turpitude that can reasonably be expected to have an adverse effect on the business, reputation or financial situation of the Company. In the employment agreements of all other of the currently employed Named Executive Officers, cause is defined as (i) gross misconduct or gross negligence in the performance of his duties as set forth in employment agreement, (ii) willful disobedience of the lawful directions of the Board of Directors or of company policies, or (iii) commission of a crime involving fraud or moral turpitude that can reasonably be expected to adversely affect the business of our Company.

In the event Mr. Keleghan voluntarily resigns for Good Reason (as defined in his Employment Agreement), he is entitled to receive the same payments and benefits described above under Payments Made Upon Voluntary Termination (Not for Cause). Good Reason shall mean without Mr. Keleghan's written consent, (i) his duties and responsibilities are materially reduced or diminished from those in effect on the commencement of employment, or he no longer reports to the Board and instead is required to report to a supervisor with materially diminished authority, duties or responsibilities compared to that of the Board, (ii) his base salary is reduced (excluding an across-the-board decrease applicable to senior management); or (iii) any other material breach of the terms of his Employment Agreement.

For each of the other currently employed Named Executive Officers, if he voluntarily terminates his employment with us, or if he is terminated for cause (as defined in his employment agreement), the currently employed Named Executive Officer is not entitled to receive any payments or benefits other than accrued obligations earned prior to the date of his termination, unless, in the case of Mr. Szafran, he resigns for Good Reason or Agreed Reason as that term is defined in his employment agreement.

In the event Mr. Szafran voluntarily resigns for Good Reason, or Agreed Reason he is entitled to receive the same payments and benefits described above under Payments Made Upon Involuntary Termination (Not For Cause).

Agreed Reason is defined in Mr. Szafran's employment agreement as a termination prior to a change of control, if after notice and a period to cure, (i) we materially reduce or diminish his duties, responsibilities or authority as an executive officer, (ii) he no longer reports to our Chief Executive Officer, (iii) his base salary is reduced and not in accordance with a compensation reduction applicable to all executive officers, or (iv) any other material breach of the terms of his agreement or his employment in general.

Payments Made Upon Change of Control

In the event of a change in control, 50% of the outstanding stock options that are not vested at the time of the change of control will accelerate and become immediately vested and exercisable; and all then unvested restricted Common Shares will immediately vest.

Table of Contents

Payments Made Upon Termination in Connection with a Change of Control

Each of our currently employed Named Executive Officers has an Employment Security Agreement which establishes a double trigger severance plan that provides certain payments and benefits if the executive officer's employment is terminated within one year after the change of control and in the case of Mr. Keleghan not more than six months before and in anticipation of Change of Control or within 12 months after, either by us, or by the executive for good reason as defined in the Employment Security Agreement (other than termination by us for cause or a termination by reason of death or disability). In the event a currently employed Named Executive Officer is terminated (other than termination by us for cause or a termination by reason of death or disability) within one year after the change of control, and in the case of Mr. Keleghan not more than six months before and in anticipation of Change of Control, or if he resigns for good reason:

The currently employed Named Executive Officer is entitled to a lump sum severance payment in an amount equal to his base salary for 18 months, or 24 months in the case of Mr. Keleghan;

The currently employed Named Executive Officer is entitled to receive an amount equal to one and one-half times, or two times in the case of Mr. Keleghan, any such target MIP in the year in which such termination occurs;

Any stock options which remain unvested at the time of termination shall become immediately exercisable and all unvested share of restricted stock will immediately vest; and

We will reimburse each of the currently employed Named Executive Officers for payments by him to exercise his rights under COBRA for a period of 18 months.

In the case of Mr. Keleghan, his Employment Security Agreement also provides for 280G Gross-Up protection for a Change of Control event on or prior to December 31, 2014 in the event that payments made are subject to excise tax. Specifically, his Employment Security Agreement provides as follows:

In the event that the aggregate value, as determined under Section 280G of the Code, of any payments or benefits by us to or for the benefit of Mr. Keleghan would constitute an excess parachute payment and the payments would be subject to the excise tax, or any interest or penalties would be incurred by Mr. Keleghan with respect to such excise tax then Mr. Keleghan shall be entitled to receive from us a Gross-Up payment in an amount such that after payment by Mr. Keleghan of the excise tax and all income and employment taxes (and any interest and penalties imposed with respect thereto) imposed upon the Gross-Up payment, Mr. Keleghan retains an amount of the gross-up payment equal to the excise tax imposed upon the payments provided, however, if such excise tax would not apply if the payments are reduced by an amount less than 7% of such payments, the payments under the circumstances set forth in the Employment Security Agreement may be reduced by less than 7% if such reduction results in no excise tax applying. Additionally, to the extent not contemplated by his Executive Employment Agreement or the Employment Security Agreement, Mr. Keleghan's stock option agreement and restricted stock agreement provide for the acceleration of vesting in the event of a change of control and upon termination under certain circumstances. The Company's Compensation Committee retains discretion to determine the amount, if any, of any additional payments and benefits which may be paid to Keleghan upon termination of his employment. In making such a determination, the Company's Compensation Committee may consider a number of factors including the reasons for the termination, his tenure and performance, his personal circumstances and the amount of payments and benefits, if any, generally offered to executive officers at other companies in similar positions.

Generally, a change of control under the Employment Security Agreements and the relevant stock option and restricted stock award agreements is deemed to occur if:

A tender offer is made and consummated for the ownership of more than 50% of our outstanding voting securities;

We merge or consolidate with another corporation and as a result of such merger or consolidation less than 50% of the outstanding voting securities of the surviving or resulting corporation are owned in the aggregate by our shareholders as they existed immediately prior to such merger of consolidation;

We sell all or substantially all of our assets to another company;

The persons who were our directors cease to constitute a majority of our Board of Directors under specific circumstances; or

A person (as defined under the federal securities laws) shall acquire more than 50% of our outstanding voting securities.

Table of Contents

Notwithstanding the foregoing, a change of control will not be deemed to occur merely due to the death of Mr. Theodore G. Schwartz, our Chairman and a principal stockholder, or as a result of an acquisition of our outstanding voting securities by Mr. Schwartz and one or more of his affiliates in a going private transaction, except in certain limited circumstances where the ownership interests of Mr. Schwartz and his affiliates fall below certain levels specified in the agreements. See the Common Shares Beneficially Owned by Principal Shareholders and Management section of this Proxy Statement.

As defined in the Employment Security Agreements and the relevant stock option and restricted stock award agreements, good reason for any Named Executive Officer to voluntarily terminate his employment with us shall exist if, after notice and an opportunity to cure:

The currently employed Named Executive Officer's principal place of work is moved more than fifty (50) miles;

The currently employed Named Executive Officer's duties and responsibilities are materially reduced or diminished; provided that such reduction is not, in the case of the currently employed Named Executive Officers, except for Mr. Keleghan, solely as a result of our acquisition and existence as a subsidiary of another entity;

The currently employed Named Executive Officer's base salary is reduced or in the case of Mr. Keleghan his target bonus opportunity is reduced;

The currently employed Named Executive Officer determines in good faith that, as a result of the change of control, he is unable to carry out his or her job responsibilities, except for Mr. Keleghan;

There is a material violation of his employment agreement or in the case of Mr. Keleghan the Company violates the material terms of his Employment Security Agreement or an employment agreement; or

We consummate a liquidation, dissolution or merger or transfer all or substantially all of our assets and his employment agreement is not assumed by the surviving entity.

Table of Contents

Estimated Payments on Termination or Change of Control

The following table sets forth the estimated payments to each of the currently employed Named Executive Officers under the circumstances outlined above. The amounts shown assume that such termination and/or change of control was effective as of January 2, 2011 and, thus, includes amounts earned through such time and are estimates of the amounts which would be paid out to the currently employed Named Executive Officers upon their termination and/or in the event of a change of control. The actual amounts to be paid out can only be determined at the time of such currently employed Named Executive Officer's separation from us and/or at the time of a change of control.

Pursuant to each currently employed Named Executive Officer's Employment Security Agreement, the amounts payable upon termination following a change of control may be reduced under certain circumstances in the event any such payments are considered excess parachute payments under Section 280G of the Internal Revenue Code other than in the case of Mr. Keleghan. In addition, the currently employed Named Executive Officers have provisions in their employment agreements that would delay the payments thereunder in order to avoid any negative impact to such executive officer under Section 409A of the Internal Revenue Code. The calculations presented do not give effect to any such provisions which would have the effect of reducing the amounts paid by us to the Named Executive Officers except in the case of Mr. Keleghan who does not have a 280G cut-back provision.

Notes to Estimated Payments on Termination or Change of Control Table

- (1) The value of accelerated stock options and restricted Common Shares is based on the closing price of \$6.07 per Common Share on the NASDAQ as of December 31, 2010.
- (2) Cash severance payments and annual incentive bonus calculations are based on the following assumptions: The Named Executive Officer's base pay is equal to his base salary effective January 2, 2011. Target annual bonus payments are equal to 100% of such base salary for Mr. Keleghan, 50% of such base salary for Messrs. DiBari, Nachwalter and Szafran and 40% of such base salary for Mr. McDermott. Generally, severance payments and health care reimbursements would be paid over a period of time on regular pay dates, except upon termination following a change in control where the Named Executive Officer is entitled to a lump sum payment. All other cash payments are paid in a lump sum.
- (3) In the event of death or disability, involuntary termination not for cause or voluntary termination for good reason, Mr. Keleghan is entitled to the amount of earned, but unpaid bonus for the fiscal year preceding the fiscal year in which such event occurs. This amount cannot be calculated. Upon Mr. Keleghan's termination due to death or disability, the Restricted Shares shall vest in such number of shares as would have vested had Mr. Keleghan continued his employment through the first anniversary date of the grant date following such termination, with an opportunity for further vesting in the event of the satisfaction of the financial performance conditions as set forth in the schedule attached to his Restricted Share Agreement which was filed with the SEC on September 13, 2010 on Form 8-K.

PROPOSAL 2**RATIFICATION OF THE APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee has appointed Ernst & Young LLP (E&Y) to serve as the Company's independent registered public accounting firm for fiscal year 2011. E&Y has served as the Company's independent registered public accounting firm since 2006 and is considered by management to be well qualified.

Although shareholder ratification of the Audit Committee's appointment of E&Y as our independent registered public accounting firm is not required by the Company's Bylaws or otherwise, the Board of Directors is submitting the appointment of E&Y to the shareholders for ratification. If the shareholders fail to ratify the Audit Committee's appointment, the Audit Committee will reconsider whether to retain E&Y as the Company's independent registered public accounting firm. In addition, even if the shareholders ratify the appointment of E&Y, the Audit Committee may in its discretion appoint a different independent accounting firm at any time during the year if the Audit Committee determines that a change is in the best interests of the Company.

Representatives of E&Y are expected to be present at the Annual Meeting of Shareholders, where they will have the opportunity to make a statement, if they desire to do so, and be available to respond to appropriate questions.

The Board of Directors recommends a vote **FOR** the ratification of the appointment of E&Y as the Company's independent registered public accounting firm. Proxies received by the Board of Directors will be so voted unless shareholders specify in their proxies a contrary choice.

During fiscal years 2010 and 2009, the Company retained E&Y to audit the Company's consolidated financial statements for 2010 and 2009, among other things. Fees and expenses billed to us by E&Y, for fiscal years 2010 and 2009, for audit and other professional services rendered were as follows:

	2010	2009
Audit Fees	\$ 628,256	\$ 630,754
Audit-Related Fees	77,320	45,000
Tax Fees	93,700	121,750
All Other Fees	15,000	
Total	\$ 814,276	\$ 797,504

Audit Fees include fees associated with the annual audit, the reviews of our quarterly reports on Form 10-Q, fees associated with the services normally provided by the independent registered public accounting firm in connection with statutory and regulatory filings or engagements, and fees associated with Section 404 attestation services.

Audit-Related Fees include fees for information systems audits.

Table of Contents

Tax Fees include tax compliance and assistance with tax audits.

All fees for services incurred in fiscal 2010 were approved by the Audit Committee. The Audit Committee has considered whether the provision of non-audit services is compatible with maintaining the Independent Auditors independence. A representative of E&Y is expected to be present at the Annual Meeting of Stockholders and will have an opportunity to make a statement and to respond to appropriate questions. Although the Company is not required to seek stockholder approval of this appointment, the Board believes it to be sound corporate governance to do so. If the appointment is not ratified, the Audit Committee will reconsider the appointment.

Policy Regarding the Pre-Approval of Audit and Non-Audit Services Provided by the Independent Registered Public Accounting Firm

Our Audit Committee is responsible for appointing our independent registered public accounting firm and approving the terms of the auditing and non-audit services provided by our independent registered public accounting firm. Our Audit Committee has established a policy governing services performed by our independent registered public accounting firm, which requires Audit Committee pre-approval of all audit and non-audit services to be provided by our independent registered public accounting firm, sets forth non-audit services which may not be performed by our independent registered public accounting firm and provides for regular review by the Audit Committee of the services performed by our independent registered public accounting firm and their fees. Our Audit Committee approved 100% of the fees for audit, audit related, tax and other services provided E&Y in fiscal year 2010 and 2009.

REPORT OF THE AUDIT COMMITTEE

The following report of the Audit Committee shall not be deemed to be soliciting material or to be filed with the SEC or incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933, as amended, or under the Securities and Exchange Act of 1934, as amended, except to the extent that we specifically request that the information be treated as soliciting material or that we specifically incorporate this information by reference, and shall not otherwise be deemed filed under such Acts.

The Board of Directors has appointed the Audit Committee, consisting of three directors which as of the date of this Proxy Statement are as follows: Messrs. Workman (Chairperson), Park and Skinner. Each member of the Audit Committee is independent as such term is defined under the rules of the NASDAQ listing standards. The Board of Directors has adopted a written charter with respect to the responsibilities of the Audit Committee, which includes, among other things, reviewing the proposed scope of the internal audit, overseeing the adequacy and effectiveness of accounting and financial controls, and reviewing our annual and quarterly financial statements with management and the independent registered public accounting firm.

In fulfilling its responsibilities, the Audit Committee met and held discussions with management, our internal auditor and E&Y, our independent registered public accounting firm for fiscal year 2010, regarding the annual audit and our audited consolidated financial statements. Management represented to the Audit Committee that our financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee has reviewed and discussed with management and E&Y the audited consolidated financial statements included in our Annual Report on Form 10-K for the fiscal year ended January 2, 2011. The Audit Committee discussed with E&Y the matters required to be discussed by Statement on Auditing Standards No. 61, *Communications with Audit Committees*, as amended and adopted by the Public Company Accounting Oversight Board in Rule 3200T.

E&Y also provided to the Audit Committee the written disclosures and the letter required by the PCAOB Ethics and Independence Rule 3526, *Communication with Audit Committees Concerning Independence*. The Audit Committee has discussed the independence of E&Y with members of the firm.

Management is responsible for maintaining internal controls over our financial reporting process and assessing the effectiveness of our internal control over our financial process. The independent registered public accounting firm is responsible for performing an independent audit of our consolidated financial statements in accordance with auditing standards generally accepted in the United States of America and issuing a report thereon, and to express an opinion on effectiveness of our internal control over financial reporting based on their audit. As provided in its charter, the Audit Committee's responsibilities include the monitoring and oversight of these processes.

In its oversight role for these matters, the Audit Committee relies on the information and representations made by management and the independent registered public accounting firm. Accordingly, the Audit Committee's oversight does not provide an independent basis to certify that the audit of our financial statements has been carried out in accordance with generally accepted accounting principles or that our independent registered public accounting firm is in fact independent.

Based upon and in reliance upon the review and discussion referred to above and the review of E&Y's report to the Audit Committee, the Audit Committee recommended to our Board of Directors that the audited consolidated financial statements be included in our Annual Report on Form 10-K for the fiscal year ended January 2, 2011, for filing with the SEC.

Respectfully submitted,

AUDIT COMMITTEE

John L. Workman, Chairperson

John J. Park

PROPOSAL 3

ADVISORY VOTE ON EXECUTIVE COMPENSATION

In accordance with Section 951 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (Dodd Frank Act), we are providing the Company s shareholders the opportunity to vote on a non-binding, advisory resolution to approve the compensation of our Named Executive Officers as disclosed in this Proxy Statement in accordance with the compensation disclosure rules of the SEC. Accordingly, we are asking the Company s shareholders to approve the following advisory resolution:

RESOLVED, that the shareholders of APAC Customer Services, Inc. (the Company) approve, on an advisory basis, the compensation of the named executive officers determined by the Compensation Committee, as described in the Compensation Discussion and Analysis section and the tabular disclosure regarding named executive officer compensation (together with the accompanying narrative disclosure) in this proxy statement.

As described in the section titled Compensation Discussion and Analysis, our executive compensation program is designed to provide a competitive level of compensation necessary to attract, motivate and retain talented and experienced executives and to motivate them to achieve short-term and long-term corporate goals that enhance shareholder value. In order to align executive pay with both the Company s financial performance and the creation of sustainable shareholder value, a significant portion of compensation paid to our Named Executive Officers is allocated to performance-based, short-term and long-term incentive programs to make executive pay dependent on the Company s performance (or at-risk). Shareholders are urged to read the Compensation Discussion and Analysis section of this Proxy Statement which more thoroughly discusses how our compensation policies and procedures implement our compensation philosophy. The Compensation Committee and the Board believe that these policies and procedures are effective in implementing our compensation philosophy and in achieving its goals.

This vote is merely advisory and will not be binding upon the Company or the Board. However, the Board values constructive dialogue on executive compensation and other important governance topics with the Company s shareholders and encourages all shareholders to vote their shares on this matter.

Board Recommendation

THE BOARD OF DIRECTORS OF THE COMPANY RECOMMENDS THAT SHAREHOLDERS VOTE TO APPROVE THE COMPENSATION OF THE COMPANY S NAMED EXECUTIVE OFFICERS BY VOTING FOR THIS RESOLUTION.

PROXIES SOLICITED BY THE BOARD WILL BE VOTED FOR THIS RESOLUTION.

Approval of this resolution requires the affirmative vote of a majority of the votes cast at the Annual Meeting. While this vote is required by law, it will neither be binding on the Company nor on the Board, nor will it create or imply any change in the fiduciary duties of, or impose any additional fiduciary duty on, the Company or the Board. However, the Compensation Committee will take into account the outcome of the vote when considering future executive compensation decisions.

PROPOSAL 4

FREQUENCY OF ADVISORY VOTES ON EXECUTIVE COMPENSATION

In accordance with Section 951 of the Dodd-Frank Act, we are providing the shareholders the opportunity to cast a non-binding advisory vote on whether a non-binding stockholder resolution to approve the compensation of the Named Executive Officers should occur every one, two or three years.

Table of Contents

After careful consideration of this proposal, our Board of Directors has determined that it is appropriate and in the best interests of the Company to hold a say-on-pay vote every year (or on an annual basis) for a number of reasons, including, but not limited to the following:

An annual say-on-pay vote will allow us to obtain shareholder input on our executive compensation program on a more consistent and frequent basis which aligns more closely with our objective to engage in regular dialogue with our stockholders on corporate governance matters, including our executive compensation philosophy, policies and practices;

A one-year frequency provides the highest level of accountability and communication by enabling the say-on-pay vote to correspond with the most recent executive compensation information presented in our proxy statement for the annual meeting; and

Holding say-on-pay votes annually reflects sound corporate governance principles and is consistent with a majority of institutional investor policies.

Board Recommendation

THE BOARD OF DIRECTORS OF THE COMPANY RECOMMENDS THAT AN ADVISORY VOTE ON THE COMPENSATION OF THE COMPANY S NAMED EXECUTIVE OFFICERS BE INCLUDED IN THE COMPANY S PROXY STATEMENT ON AN ANNUAL BASIS.

PROXIES SOLICITED BY THE BOARD WILL BE VOTED IN FAVOR OF INCLUDING AN ADVISORY VOTE ON EXECUTIVE COMPENSATION IN THE COMPANY S PROXY STATEMENT EVERY ONE YEAR .

We understand that our shareholders may have different views as to what is an appropriate frequency for advisory votes on executive compensation, and we will carefully review the voting results on this proposal. Shareholders will be able to specify one of four choices for this proposal on the proxy card: one year, two years, three years, or abstain. Shareholders are not voting to approve or disapprove the Board s recommendation. As an advisory vote, this proposal is not binding upon the Board or the Company. Notwithstanding the Board s recommendation and the outcome of the vote, the Board may in the future decide to conduct advisory votes on a more or less frequent basis and may vary its practice based on factors such as discussions with shareholders and the adoption of material changes to compensation programs.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Our Corporate Governance Guidelines outline our policies and procedures for the review, approval or ratification of related party transactions and conflicts of interest. Our policy is that a director or executive officer must avoid any conflict of interest with the Company. If a director develops an actual, potential or apparent conflict of interest with us or is unsure whether a potential situation might develop into a conflict of interest, he or she must report the conflict immediately to our Chairman of the Board of Directors and the Chairperson of our Nominating and Corporate Governance Committee. The conflict must be resolved to the satisfaction of the Nominating and Corporate Governance Committee or the director must resign. Further, if a director or executive officer (or any member of his or her immediate family) has a personal interest in a matter before our Board of Directors, he or she must disclose to the full Board the material facts as to his or her relationship and interest. In addition to the approval processes described above, our Code of Business Ethics and Conduct prohibits any director or employee from engaging in any activity or association that conflicts with, or appears to conflict with, his or her ability to exercise independent judgment in our best interest and dictates that such individuals must avoid any situation that may create, or seem to create, a conflict between his or her personal interests and our Company's interests.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires that our executive officers, directors, and persons who own more than ten percent of our outstanding Common Shares report their beneficial ownership and changes in their beneficial ownership of our equity securities by filing reports with the SEC. Based on a review of the Forms 3, 4 and 5 furnished to us, during fiscal year 2010, to our knowledge, our officers, directors, and greater than ten percent beneficial owners filed the reports required by Section 16(a) on a timely basis during such year.

Shareholders who share an address and who have been previously notified that their broker, bank or other intermediary will be householding their proxy materials will receive only one copy of our Proxy Statement and Annual Report to Shareholders unless they have affirmatively objected to the householding notice.
