ANNUAL MEETING OF STOCKHOLDERS

MAY 5, 2003

General

This Proxy Statement and the enclosed Proxy Card are furnished in connection with the solicitation of proxies by the Board of Directors of Flagstar Bancorp, Inc. They will be used at the 2003 Annual Meeting of Stockholders of the Company (the Annual Meeting), that will be held on Monday, May 5, 2003 at 1:00 p.m., local time, at the national headquarters of the Company and Flagstar Bank, fsb (the Bank), 5151 Corporate Dr., Troy, Michigan. The accompanying Notice of Annual Meeting, this Proxy Statement, and the Proxy Card are being first mailed to stockholders on or about March 31, 2003.

Voting and Revocability of Proxies

If the enclosed form of proxy is properly executed and returned to the Company in time to be voted at the Annual Meeting, the shares represented thereby will be voted in accordance with the instructions marked thereon. **Executed but unmarked proxies will be voted FOR the election of the five nominees as directors of the Company.** The proxy confers discretionary authority on the persons named therein to vote with respect to the election of any person or a director where the nominee is unable to serve or for good cause will not serve, with respect to matters incident to the conduct of the Annual Meeting and with respect to any other matter presented to the Annual Meeting if notice of such matter has not been delivered to the Company in accordance with the Company's Restated Articles of Incorporation. If any other matters are properly brought before the Annual Meeting, the persons named in the proxy will vote the shares represented by such proxies on such matters as determined by a majority of the Board of Directors. Except for procedural matters incident to the conduct of the Annual Meeting, the Company does not know of any other matters that are to come before the Annual Meeting. Proxies marked as abstentions and shares held in street name which have been designated by brokers on proxies as not voted will not be counted as votes cast, but will be counted for purposes of determining a quorum at the Annual Meeting.

Stockholders who execute proxies may revoke them at any time prior to their exercise by filing with the Secretary of the Company a written notice of revocation, by delivering to the Company a duly executed proxy bearing a later date, or by attending the Annual Meeting and voting in person. The mere presence of a stockholder at the Annual Meeting will not, by itself, automatically revoke such stockholder's proxy.

Voting Securities

The securities that may be voted at the Annual Meeting consist of shares of common stock, par value \$0.01 per share (the Common Stock), of the Company. Each share entitles its owner to one vote on all matters. March 17, 2003 (the Record Date) has been fixed by the Board of Directors as the Record Date for determination of stockholders entitled to vote at the Annual Meeting. The number of shares of Common Stock outstanding as of the Record Date was 29,658,876.

Table of Contents**PROPOSAL I ELECTION OF DIRECTORS**

The Company's Board of Directors (the Board) is currently composed of eleven members. The Board has nominated for election as directors, Michael W. Carrie, James D. Coleman, Robert O. Rondeau, Jr., Kirstin A. Hammond, and Richard S. Elsea. Under Michigan law, directors are elected by a plurality of the votes present in person or by proxy and entitled to vote on the election of directors.

It is intended that the persons named in the proxies solicited by the Board of Directors will vote for the election of the named nominee. If the nominee is unable to serve, the shares represented by all properly executed proxies which have not been revoked will be voted for the election of such substitute as the Board of Directors may recommend or the size of the Board of Directors may be reduced to eliminate the vacancy. At this time, the Board knows of no reason why any nominee might be unavailable to serve.

The Board of Directors recommends a vote FOR election as directors of all of the nominees listed below.

MEETINGS AND COMMITTEES AND COMPENSATION OF THE BOARD OF DIRECTORS

The Board of Directors generally meet on a monthly basis, or as needed. During the year ended December 31, 2002, the Company's Board of Directors met 12 times. No director attended fewer than 75% of the aggregate of (i) the total number of meetings of the Board during 2002, and (ii) the total number of meetings held by all committees of the Board on which that director served, except that Mr. Kojaian only attended 58.3% of the total of such meetings during 2002 due to conflicting business schedules.

The Company's Nominating Committee consists of directors Charles Bazy, James D. Coleman, and John R. Kersten. While the committee will consider nominees recommended by stockholders, it has not actively solicited recommendations from the Company's stockholders for nominees nor, subject to the procedural requirements set forth in the Company's Restated and Amended Articles of Incorporation and Bylaws, established any procedures for this purpose. The committee met twice in its capacity as the nominating committee during 2002.

The Company's Compensation Committee consists of directors James D. Coleman and C. Michael Kojaian. It meets periodically to establish policies that govern executive compensation and to recommend to the Board components and structure of the compensation plans for executive officers of the Company. The Compensation Committee met five times in 2002.

The Company's Audit Committee consists of directors Charles Bazy, Richard S. Elsea, and John R. Kersten. The Audit Committee is responsible for reviewing the Company's auditing programs and the activity of the Bank. The committee oversaw the quarterly regulatory reporting process, oversaw the internal compliance audits as necessary, received and reviewed the results of each external audit, reviewed management's responses to auditors' recommendations, and reviewed management's reports on cases of financial misconduct by employees, officers or directors. The Company's Board of Directors recently adopted an amended and restated charter for the Audit Committee, a copy of which is attached in Appendix A, to reflect changes to its existing charter as a result of the Sarbanes-Oxley Act of 2002, related SEC rules and proposed NYSE requirements.

The Company's Audit Committee met four times during 2002.

The Board of Directors and the Audit Committee believe that the Audit Committee's current member composition (three independent directors) satisfies the rule of the New York Stock Exchange (NYSE) that governs audit committee composition, Rule 303.01(B)(3), including the requirement that audit committee members all be independent directors as that term is defined by NYSE Rule 303.01(B)(2) and the standards promulgated under the Sarbanes-Oxley Act of 2002. In addition, Mr. Bazy qualifies and shall serve as the committee's audit committee financial expert as such term is defined by the SEC and its recently adopted rules and regulations, and is independent of management of the Company.

Non-Employee Directors received a monthly fee of \$1,200 for attendance at each board meeting. Non-Employee directors are also reimbursed for reasonable travel expense incurred in connection with board and committee meetings.

During 2002, non-employee board members received a \$9,000 year-end bonus. Directors do not receive any additional compensation for serving on committees. Directors are not paid if they do not attend a meeting. All directors are eligible to participate in the Option Plan.

Hammond serves as President and Chief Executive Officer, Michael W. Carrie serves as Executive Vice President and Chief Financial Officer, and Joan H. Anderson serves as Executive Vice President. In 2001, the Company entered into employment agreements pursuant to which Robert O. Rondeau, Jr. serves as Executive Vice President and Kirstin A. Hammond serves as Executive Vice President. In such capacities, the above mentioned senior executives are responsible for overseeing all operations of the Company and for implementing the policies adopted by the Board of Directors of the Company. All such employment agreements are referred to herein collectively as the Employment Agreements and all persons who have entered into such Employment Agreements are referred to herein as the Employees.

The Board of Directors of the Company each believe that the Employment Agreements assure fair treatment of the Employees in relation to their career, providing them with a limited form of financial security while committing such persons to future employment for the term of their respective agreements. In the event that any Employee prevails over the Company in a legal dispute as to an Employment Agreement, he or she will be reimbursed for his or her legal and other expenses.

The term of the agreements are three years. The agreements provide for an annual base salary. On each anniversary date from the date of commencement of the Employment Agreements, the term of the Employee's employment under the Employment Agreements will be extended for an additional one-year period beyond the then effective expiration date, upon a determination by the Board of Directors that the performance of the Employee has met the required performance standards and that such Employment Agreements should be extended. The Employment Agreements provide the Employee with a salary review by the Board of Directors not less often than annually, as well as with inclusion in any discretionary bonus plans, retirement and medical plans, customary fringe benefits, vacation, and sick leave.

The Employment Agreements terminate upon the Employee's death or disability, and are terminable by the Company for just cause as defined in the Employment Agreements. In the event of termination for just cause, no severance benefits are available. If the Company terminates the Employee without just cause, the Employee will be entitled to a continuation of his or her salary and benefits from the date of termination through the remaining term of such Employee's Employment Agreement, plus an additional 12-month period, and, at the Employee's election, either cash in an amount equal to the cost to the Employee of obtaining health, life, disability, and other benefits which the Employee would have been eligible to participate in through the Employment Agreement's expiration date or continued participation in such benefit plans through the agreement's expiration date, provided the Employee continued to qualify for participation therein. If the Employment Agreements are terminated due to the Employee's disability (as defined in the Employment Agreements), the Employee will be entitled to a continuation of his or her salary and benefits for up to

180 days following such termination. In the event of the Employee's death during the term of the Employment Agreement, his or her estate will be entitled to receive his or her salary through the last day of the calendar month in which the Employee's death occurred. The Employee is able to terminate voluntarily his or her Employment Agreement by providing 90 days' written notice to the Board of Directors, in which case the Employee is entitled to receive only his or her compensation, vested rights and benefits up to the date of termination.

The Employment Agreements contain provisions stating that in the event of the Employee's involuntary termination of employment in connection with, or within one year after, any change in control of the Company, other than for just cause, the Employee will be paid within 10 days of such termination an amount equal to the difference between (i) 2.99 times his or her base amount, as defined in Section 280G(b)(3) of the Code, and (ii) the sum of any other parachute payments, as defined under Section 280G(b)(2) of the Code, that the Employee receives on account of the change in control. Control generally refers to the acquisition, by any person or entity, of the ownership or power to vote more than 50% of the Company's voting stock, the control of the election of a majority of the Company's directors, or the exercise of a controlling influence over the management or policies of the Company. In addition, under the Employment Agreements, a change in control occurs when, during any consecutive two-year period, directors of the Company at the beginning of such period cease to constitute at least a majority of the Board of Directors of the Company. The amount determined using the foregoing formula would also be paid (a) in the event of an Employee's involuntary termination of employment within 30 days following a change in control, or (b) in the event of the Employee's voluntary termination of employment within one year following a change in control, upon the occurrence, or within 90 days thereafter, of certain specified events following the change in control, which have not been consented to in writing by the Employee, including (i) the requirement that the Employee perform his or her principal executive functions more than 50 miles from his or her primary office, (ii) a reduction in the Employee's base compensation as then in effect, (iii) the failure of the Company to continue to provide the Employee with contractual compensation and benefits, including material vacation, fringe benefits, stock option and retirement plans, (iv) the assignment to the Employee of duties and responsibilities which are other than those normally associated with his or her position with the Company, (v) a material reduction in the Employee's authority and responsibility, and (vi) in the case of an employee who is also a director, the failure to re-elect the Employee to the Company's Board of Directors. The aggregate payments that would be made to Messrs. Thomas J. Hammond, Mark T. Hammond, Carrie, and Rondeau and Mrs. Anderson and Mrs. Hammond, assuming termination of employment, other than for just cause, within one year of the change in control at January 1, 2002, would be approximately as follows: Mr. Thomas J. Hammond \$1.6 million; Mr. Mark T. Hammond \$1.5 million; Mr. Carrie \$775,000; Mrs. Anderson \$624,000; Mrs. Kirstin Hammond \$645,000; Mr. Robert O. Rondeau, Jr. \$624,000.

Employee Stock Acquisition Plan. The Company has implemented the Flagstar Bancorp, Inc. 1997 Employee Stock Acquisition Plan (Purchase Plan), the purpose of which is to encourage broad-based ownership by employees of the Company and, as a result, to provide an incentive for employees at all levels to contribute to the profitability and success of the Company. The Purchase Plan enables the Company to offer a convenient means for the employees who might not otherwise own Common Stock to purchase and hold the Common Stock, and through the partial refund feature of the Purchase Plan, to provide a meaningful inducement to participate.

The Purchase Plan is administered by the Board of Directors. All employees of the Company, its subsidiaries or affiliates who work 20 hours per week or more with at least 12 months of continuous employment and all directors are eligible to participate.

Under the Purchase Plan, eligible participants are to purchase from any third party and on the open market shares of the Common Stock and, upon providing evidence of the purchase to the Company, the employees would receive a payment from the Company equal to 15% of the full price of the shares. Reimbursement for total purchases in any one year is limited to 7% of the employee's gross income from the Company in the prior calendar year. Costs related to the sale of such shares are borne by the individuals. Participants must sign a

statement acknowledging that they are aware of the condition of the Purchase Plan that the shares purchased may not be sold for a period of one year.

Participants are entitled, with respect to Common Stock acquired under the Purchase Plan, to the same rights and distributions as are other holders of the Common Stock. The Purchase Plan was not designed to comply with the requirements of Section 423 of the Code with respect to employee stock purchase plans. As a result, participants in the Purchase Plan are taxed for federal income tax purposes in the year the refund is received by them. Costs incurred by the Company pursuant to the Purchase Plan are deductible as an expense by the Company.

Incentive Compensation Plan. The Company has also implemented the Flagstar Bancorp, Inc. 1997 Incentive Compensation Plan (the Incentive Compensation Plan) which is unfunded and as to which benefits are payable only in the form of cash from the Company's general assets. The purposes of the Incentive Compensation Plan is to attract and retain the best available personnel for positions of substantial responsibility with the Company and to provide additional incentives to employees of the Company in the event the Company achieves certain financial performance goals indicative of its profitability and stability.

The Incentive Compensation Plan is administered by the Company's Compensation Committee. The Compensation Committee decides, from year to year, which employees of the Company are eligible to participate in the Incentive Compensation Plan and the size of the bonus pool. Directors who are not employees may not participate in the Incentive Compensation Plan.

Each employee who is eligible to receive a bonus at the end of a plan year will receive a bonus equal to a predetermined amount adjusted by a mathematical formula which reflects aspects of the Company's results for that year. However, the Incentive Compensation Committee may, in its discretion, by resolution adopted before the first day of any plan year, change said percentage. The aggregate amount of bonuses payable for any plan year will be proportionately reduced to the extent that the payment would cause the Bank to cease to be a well-capitalized institution. For 2002, the Incentive Compensation Plan provided for bonuses to be tied to return on equity, deposit growth, net interest margin, and the volume of loan originations.

Only Messrs. Thomas and Mark Hammond were participants in this plan during 2001 and 2000. During 2002, all of the six named executives were participants in the plan.

Deferred Compensation Plan. The Company has implemented the 1997 Deferred Compensation Plan, which is intended to permit employees and directors to defer the current receipt of income until such time as funds or assets are distributed in the future. Employees may elect to defer up to 25 percent of annual compensation and directors may defer their entire compensation. Funds deferred remain the property of the Company and subject to the claims of the creditors of the Company in the event of default. However, the funds will be placed in a trust with an independent trustee and the individual participants may direct that their deferred amounts be invested in stock of the Company purchased on the open market. Upon withdrawal, the participant will have the option of receiving the stock or the proceeds of its sale at the then market price. All withdrawals from the trust would then be taxable as ordinary income. There have been no participants in this plan.

Whole Life Insurance Policy. The Company pays the premiums of variable whole life insurance policies which are available to all officers of the Company. The beneficiary of each such policy is the estate of the officer, except that the Company is the beneficiary to the extent of all premiums paid by the Company for such policy.

REPORT OF THE COMPENSATION COMMITTEE

Overview and Philosophy

The Company's executive officers are also executive officers of the Bank and are compensated by the Bank not the Company. However, the responsibility for setting policies that govern executive compensation, and for recommending the components and structure of the compensation plans for executive officers of the Company rests with the Company's Compensation Committee (the Committee). The Committee is comprised of Directors James D. Coleman and C. Michael Kojaian.

Under the direction of the Committee, the Company has developed and implemented compensation policies and plans that embody a pay-for-performance philosophy. The policies and plans encourage achievement of objectives as formulated by the Company's Board of Directors and its committees and reward exceptional performance as determined by the Committee. In the opinion of the Committee, this approach strengthens the Company's long-term performance by making the goals and objectives of executive management congruent with those of the Company and its stockholders. The Committee also believes that competitive executive compensation and the structure of the Company's compensation plans are essential to the Company's desire to attract and retain qualified management. For 2002, the Committee considered and determined the compensation for each of the executive officers stated above. In both 2001 and 2002, the Committee utilized the services of Clark/ Bards Consulting as a consultant in determining appropriate compensation levels for the executive officers.

Executive Compensation Programs

Within this overall purpose, the Committee has determined that the Company's executive compensation program should have four primary components: base salary; cash bonuses under the stockholder-approved incentive compensation plan; long-term incentive compensation in the form of stock option awards under the stockholder-approved Option Plan or restricted stock awards under the Stock Incentive Plan; and other competitive benefits. Base and incentive compensation for executive officers depends primarily on regional and national surveys of compensation paid to executive officers of other savings and loan holding companies, commercial banks and mortgage lending institutions similar in size, market capitalization, scope of operations and other characteristics, as well as the Company's operating results.

Base Compensation. The Committee has determined that the base compensation for the Company's executive officers should be based primarily on the salaries paid to executives having comparable responsibilities at other similar institutions. A primary, but not the sole, source of information upon which the base compensation of executive officers is based are available surveys of compensation paid to executives performing similar functions at other financial institutions and/or mortgage banking companies. In setting base salaries, the Committee also considers other qualitative factors such as the overall performance of the Company and the personal performance and effectiveness of each officer.

Incentive Compensation. The Company has adopted the Incentive Plan, which relies on the specific performance of the Company each year compared with benchmark performance levels of returns on assets and equity, the OTS CAMELS rating of the Bank, deposit growth and loan origination volume, all considered in relation to the annual forecasted goals of the Company. Incentive compensation under the Incentive Plan is issued in the form of cash, the amount of which is generally based upon a mathematical formula.

Long-Term Incentive Compensation. The Compensation Committee believes that the grant of stock options encourages the Company's executives to focus on managing the Company from the perspective of an equity owner. The Company has therefore adopted two plans that enable employees and officers to develop an equity interest in Flagstar, the most significant of which for senior officers are the Option Plan and the Purchase Plan.

Stock options have been granted under the Option Plan to senior and mid-level executives, the amounts and terms of which were determined by the Option Committee. The number of options granted was based on criteria that included consideration for the officer's responsibility, performance and salary level. The value of

these options, which become exercisable after a prescribed vesting period are issued for a ten year term including the vesting period.

In addition, in June 2001, the Company's Board of Directors adopted the Flagstar Bancorp 2001 Stock Incentive Plan. This plan allows the distribution of stock as compensation to the employee or director. The distributed stock is issued after an initial vesting period and the employee is taxed on the distribution at the then fair market value.

Other Benefits. In addition to the foregoing, the Company provides medical, dental and life insurance and defined contribution pension plan qualifying under Sections 401(a) and Section 401(k) of the Internal Revenue Code of 1986, as amended to senior executives that are generally available to all Company employees, and other perquisites that are comparable to standards within the financial institutions industry.

Compensation of the Chief Executive Officer

As Chief Executive Officer, Mark T. Hammond's base salary is reviewed annually by the Committee in accordance with the procedures and policies described above. Since the Company's executive compensation plans discussed previously are for the most part linked to the Company's performance compared with the peer group and subject to formula calculation, his participation in these plans is determined in the same general manner as are the other executive officers.

The Committee believes that Mr. Hammond's total compensation for 2002 appropriately reflected his contribution to the Company's financial results.
