For your business and technology editors

ABB strengthens liquidity and financial flexibility

Company draws US\$ 3 billion in cash under bank credit facility

Zurich, Switzerland, March 21, 2002 - ABB said today that it has notified its banks that it will draw US\$ 3 billion in cash under a credit facility established last December in anticipation of a tightening of the commercial paper market. The cash will be mainly used to pay down commercial paper as it matures in 2002, leaving approximately US\$ 1 billion to add to cash reserves.

The US\$ 3 billion drawdown will increase both the liquidity and financial flexibility of the group, but will not increase ABB's overall net debt position, said ABB chief financial officer Peter Voser.

"The US\$ 3 billion bank credit facility was established in anticipation of the tightening of the commercial paper market. By drawing this facility we ensure that we have more than enough cash available under foreseeable circumstances, " Voser said.

"This increase in liquidity gives us financial flexibility as we lessen our reliance on present volatile short-term capital markets. We will also lower the proportion of short-term debt to long-term debt and work to meet our strategic goal of reducing net debt by US\$ 1.5 billion by the end of the year, " he said.

ABB reduced its net debt by US\$ 2.2 billion during the fourth quarter of 2001. Operational cash flow more than doubled from US\$ 1 billion in 2000 to US\$ 2.2 billion in 2001. ABB aims to reduce net debt in 2002 through operational cash flow, asset sales including real estate and pruning of the business portfolio.

Credit Suisse First Boston and Citigroup are the lead banks for the bank syndicate that arranged the US\$ 3 billion credit facility. ABB will hold discussions with its syndicate banks to enhance the flexibility of the credit facility.

There will be a conference call for investors and analysts today at 17.00 Central European Time. European callers should dial +41 91 610 4111 and callers in the United States should call +1 412 858 4600. Playback callers should dial +41 91 610 2500 in Europe and +1 412 858 1440 in the United States. The pin code is 340.
