Item 8.01 Other Events.

On December 31, 2007, Nabors Industries Ltd. (the Company) and the individual defendants agreed with the plaintiffs-shareholders to settle the pending consolidated shareholder derivative action, *Karstedt v. Isenberg, et al.*, Civil Action No. 4:07-cv-00509 (S.D. Tex.), which alleges various claims for relief in connection with the Company's granting of certain historical stock options. The settlement is subject to preliminary and final approval of the United States District Court for the Southern District of Texas. Under the terms of the proposed settlement, which will be detailed in a Stipulation of Settlement to be filed with the Court, the Company and the individual defendants have implemented or will implement certain corporate governance reforms, a new equity award policy, and a modified Compensation Committee charter. The Company and its insurers have agreed to pay up to \$2.85 million to plaintiffs counsel for their attorneys' fees and the reimbursement of their expenses and costs, subject to approval of the Court. The parties will file the Stipulation of Settlement with the Court as soon as practicable.

The Company disclosed in its Form 10-K for fiscal year 2006 that its internal review did not find intentional wrongdoing or fraud, but that, for a number of past stock-option awards, the Company had used an incorrect measurement date in determining the amount of compensation expense to be recognized for such awards. The Securities and Exchange Commission closed its investigation regarding the Company's historical stock option granting practices and related accounting without recommending any enforcement action in May 2007.
