Board of Directors

The Company's Board of Directors has the responsibility to review the overall operations of the Company. The Board members are kept informed of the Company's results of operations and proposed plans and business objectives by the Company's management. During 2001, the Board of Directors met six times. All of the directors attended at least 75% of those meetings and meetings of the committees on which they served. Included among the committees of the Board are standing Nominating, Audit and Compensation Committees.

Nominating Committee

The Nominating Committee considers new nominees proposed for the Board of Directors and will consider individuals whose names and qualifications are furnished in writing to the Committee (in care of the

4

Chairman at the Company's principal office) by stockholders. Current members of the Nominating Committee are Robert E. Gallagher (Chairman), T. Kimball Brooker and J. Patrick Gallagher, Jr. The Committee met four times in 2001. The Company's By-Laws establish advance notice procedures with regard to the nomination by a stockholder of a candidate for election as a director. In general, notice must be received by the Company not less than 45 days prior to an annual meeting of stockholders of the Company. Such notice must set forth all information with respect to each such nominee as required by the federal proxy rules. Such notice must be accompanied by a consent of such nominee to serve as a director, if elected.

Audit Committee

The Audit Committee of the Board of Directors is composed of 5 directors, none of whom is an employee of the Company. The Committee is governed by a charter approved by the Board of Directors on May 16, 2000. In accordance with its Charter, the Committee assists the Board in carrying out its responsibilities for monitoring management's accounting for the Company's financial results and for the timeliness and adequacy of the reporting of those results; discusses and makes inquiry into the audits of the Company's books made internally and by outside independent auditors, the Company's financial and accounting policies, its internal controls and its financial reporting; and investigates and makes a recommendation to the Board each year with respect to the appointment of independent auditors for the following year. Current members of the Committee are Gary P. Coughlan (Chairman), T. Kimball Brooker, Ilene S.

Report of the Audit Committee

In discharging its oversight responsibility as to the audit process, the Committee obtained from the independent auditors a formal written statement describing all relationships between the auditors and the Company that might bear on the auditors' independence consistent with Independence Standards Board Standard No. 1 "Independence Discussions with Audit Committees" and discussed with the auditors any relationships that may impact their objectivity and independence. The Committee discussed and reviewed with the independent auditors all communications required by generally accepted auditing standards, including those described in Statement on Auditing Standards No. 61, as amended, "Communication with Audit Committees". The Committee reviewed and discussed the audited consolidated financial statements of the Company as of and for the fiscal year ended December 31, 2001, with management and the independent auditors.

Management of the Company is responsible for the preparation, presentation and integrity of the Company's financial statements, the Company's accounting and financial reporting principles, and internal controls designed to assure compliance with accounting standards and applicable laws and regulations. Management has represented to the Committee that the Company's financial statements were prepared in accordance with generally accepted accounting principles. It is not the duty of the Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and in accordance with generally accepted accounting principles.

5

Based on the above-mentioned review and discussions with management and the independent auditors, the Committee recommended to the Board that the Company's audited consolidated financial statements be included in its Annual Report on Form 10-K for the fiscal year ended December 31, 2001, for filing with the Securities and Exchange Commission.

COMPENSATION OF EXECUTIVE OFFICERS AND DIRECTORS

Notwithstanding anything to the contrary set forth in any of the Company's filings under the Securities Act of 1933 or the Securities Exchange Act of 1934 that might incorporate filings, including this Proxy Statement, in whole or in part, the following report and the Comparative Performance Graph on Page 11 shall not be incorporated by reference into any such filings.

Report of the Compensation Committee

Executive Compensation

The Compensation Committee is responsible for determining the total compensation, other than stock options, and employment conditions of the Company's executive officers. In determining the total 2001 compensation, the Compensation Committee generally evaluated the executive's contribution to the overall success of the Company in achieving the corporate goals set out below. In making such determinations, the members of the Compensation Committee consult with members of senior management and base such determinations on the information and recommendations of senior management. The business growth and human resources goals were given less weight in determining the executive's compensation than the earnings growth goal.

Earnings Growth--Year-over-year earnings growth is one of the most important goals of the Company. The effort of an individual executive in meeting or exceeding year-over-year growth for his or her department or division has historically been an important criterion in the evaluation. However, in 2001, the Compensation Committee focused on the contribution of the executive to the overall success of the Company in meeting its plan for growth. Longer term growth goals, as measured against the Company's Three Year Strategic Plan, are also considered in the evaluation. In 2001, the Company's net earnings increased 35% which surpassed the average annual growth rate for the period 1991 to 2000.

Business Growth--The Company considers its long term business growth to be a critical factor in the continued success of the Company. Executives are expected to support the Company's acquisition program, which seeks to achieve growth by successfully integrating independent businesses into the

6

corporate structure. Similarly, establishment of operations in new geographic areas, as well as the successful development and marketing of new product lines, are considered necessary to the continued growth of the Company and are included in the evaluation. In 2001, sixteen businesses were acquired. The development and marketing of new product lines continued on a basis consistent with prior years. The Company believes that these efforts had a direct impact on the 14% increase in total revenues achieved in 2001 over 2000.

Human Resources--As a service business, the Company believes that its employees are its greatest asset. Over 60% of the Company's expenses in 2001 were related to the compensation of its employees and related costs. The Company is committed to the successful hiring, training and retaining of people who promote the growth, financial success and management succession

Edgar Filing: GALLAGHER ARTHUR J & CO - Form DEF 14A

of the Company. An executive's ability to manage these resources, as well as the attendant expenses, is a significant criterion. In 2001, the Company's overall success in effectively managing its employees evidenced the commitment of the Company's executive officers, as a group, to the corporate goal of continuously improving the quality and efficiency of its human resources. This was demonstrated by the Company's ability to generate \$140,000 in revenue per employee for 2001, one of the highest figures in the industry and an increase from the \$139,000 in revenue per employee generated during 2000. This was accomplished even as the 2001 employee headcount increased by 14% over 2000.

Enhancement of shareholder value is the ultimate goal of the Company. The Compensation Committee believes that its focus on specific corporate goals should result in a strong stock price, improved earnings per share and greater return on stockholders' equity. Net earnings per share in 2001 increased by 34% over 2000. This substantial increase was directly related to the efforts of the Company's executive officers.

The Company has a discretionary bonus pool for executive officers and key employees, contingent upon satisfactory corporate growth and the attainment of predetermined managerial goals. These predetermined goals are extremely varied and, in the case of the executive officers, are established by the individual officer in conjunction with senior management in consultation with the Compensation Committee. The goals are too diverse to generalize but typically include meeting or exceeding budgetary guidelines and contribution to the Company's profitability. Attainment of these goals in many cases may be determined by a subjective judgment of the individual supervisor or, in the case of the executive officers, by the Compensation Committee. The eligibility for participation in the bonus pool is determined by the Board. Approximately 50 officers and key employees, including Messrs. Gallagher and Cloherty, are current participants in the discretionary bonus pool.

The Company has adopted a bonus plan for its Brokerage Services Division to provide incentives to the management personnel of the Division. The bonuses under this Plan are determined by a formula applied to the pretax profitability of the Brokerage Services Division. Under the Plan, participants can elect to receive their award in cash or in Company stock. Any stock award will be credited to the participant at 85% of the market price at date of award and will vest in the participant's account over a three year period at the rate of 33 1/3% per year, with vesting acceleration in the event of death, disability or retirement. Messrs. Braniff, McGurn and Cloherty are eligible to participate in this Plan, although Mr. Cloherty was not paid a bonus under this Plan for the years 2000 and 2001.

The Company has adopted the AJG Financial Services Bonus Plan applicable to the members of the Company's investment team. The Board of Directors and the Compensation Committee approved this Plan in order to provide incentives to the investment team to continue to generate investment gains for the Company. This Plan provides generally that 20% of the extraordinary investment gains and tax benefits generated by transactions initiated by the investment team are to be allocated to the four key officers of the investment

team, including Michael J. Cloherty, Chairman and Chief Executive Officer of AJG Financial Services, Inc. and Executive Vice President and Chief Financial Officer of the Company. Under the Plan, payments to the team in any one year are to be not more than \$10 million and are to be deferred over a three year period of installment payments unless other arrangements are agreed to by the Company and the respective members of the investment team. In addition, bonuses

Edgar Filing: GALLAGHER ARTHUR J & CO - Form DEF 14A

under this Plan may be deferred by agreement of the Company and a participant in whole or in part under the AJG Financial Services Bonus Deferral Plan with vesting schedules as determined by the Company and the participant under the Deferral Plan.

The Company has adopted the Deferred Equity Participation Plan to encourage key executive officers to remain with the Company until their normal retirement. Under the Plan, the Company contributes shares of Common Stock in an amount approved by the Compensation Committee. The Chief Executive Officer of the Company, in conjunction with the Compensation Committee, determines the key executives that will receive an award under the Plan and the amount of such award. Distributions under the Plan may not be made until the participant reaches age 62 and are subject to forfeiture in the event of a voluntary termination of employment prior to age 62. All distributions are made in the form of Common Stock of the Company.

Option grants to executive officers under the Company's Stock Option Plans are determined by the Option Committee of the Board of Directors and are generally based upon more subjective factors than those used by the Compensation Committee. The Option Committee considers the recommendations of the executive officers of the Company, the responsibilities of each grantee, his or her past performance and his or her anticipated future contribution to the Company. Options directly reflect the Company's performance through its stock price.

The Internal Revenue Code limits the deductibility for federal income tax purposes of certain compensation payable to top executive officers of publicly held corporations. Certain types of compensation are excluded from the limitations. The Company generally attempts to preserve the federal income tax deductibility of compensation paid when it is appropriate and is in the best interests of the Company and its stockholders. However, the Company reserves the right to authorize the payment of nondeductible compensation which it deems appropriate.

Executive officers participate in the Savings and Thrift Plan, Supplemental Savings and Thrift Plan and Pension Plan, as well as customary employee health benefits and expense reimbursement in accordance with the Company's policy.

During 2001, the Committee compared the compensation of the six most highly compensated executive officers of the Company to the publicly held competitors of the Company included in the Comparative Performance Graph on Page 11. The Committee targets the middle of its competitors' salary range for its executive officers' compensation. The Committee believes that the 2001 compensation of the Company's six most highly compensated executive officers will be in the middle range when compared to its publicly-held competitors after making certain adjustments for the size of the Company.

Chief Executive Officer Compensation

The 2001 salary of J. Patrick Gallagher, Jr., the Company's Chief Executive Officer, was \$850,000. Mr. Gallagher received a restricted stock award of \$1,059,000 and an award of \$400,000 under the Company's Deferred Equity Participation Plan for 2001 and a bonus of \$500,000 under the Company's discretionary

bonus pool and an award of \$400,000 under the Deferred Equity Participation Plan for 2000. In determining Mr. Gallagher's salary and bonus, the Compensation Committee considered the Company's excellent performance in 2001

Edgar Filing: GALLAGHER ARTHUR J & CO - Form DEF 14A

and 2000 with reference to substantial increases in net earnings per share.

In consideration for such waiver, on March 15, 2001, the Company paid Mr. Cloherty a waiver fee of \$165,200 and loaned Mr. Cloherty the principal amount of \$2,382,900. Under Mr. Cloherty's promissory note, repayment of the outstanding principal amount plus interest at the annual rate of 5.2% is payable upon demand of the Company. The Company has agreed to forgive repayment of the principal amount of the loan plus interest on an annual basis at the rate of 33 1/3 percent per year beginning in 2002 so long as Mr. Cloherty remains employed by the Company or retires in accordance with the Company's retirement plan. In the event Mr. Cloherty voluntarily terminates his employment with the Company (other than for retirement) or Mr. Cloherty's employment is terminated for cause by the Company, the outstanding principal amount of the loan becomes immediately due and payable. In addition, Mr. Cloherty has a loan in the principal amount of \$40,000 in connection with his relocation to Illinois in 1983 which is payable on demand and is without interest.
- (6) The Company has an Employment Agreement with James J. Braniff III ending on December 31, 2003. During 2000 the Company forgave \$233,900 of principal and interest in connection with such indebtedness which amount is included in his compensation for 2000. Under the Agreement, \$115,500 of Mr. Braniff's indebtedness is to be forgiven annually while Mr. Braniff is an employee of the Company. In addition, Mr. Braniff has a loan in the principal amount of \$80,000 in

Directors' Compensation

Directors who are officers of the Company receive compensation in their capacities as officers and receive no additional compensation for serving as directors.

Non-employee directors, currently Messrs. Brooker, Coughlan, Ripp and Wimmer and Ms. Gordon, are eligible to receive compensation consisting of nonqualified stock options. In addition, non-employee directors receive an annual retainer of \$25,000 per year or, in lieu of the cash retainer, an option to purchase shares of the Company's Common Stock below market value, plus fees of \$500 for attendance at each Board meeting or committee meeting on a date other than a Board meeting date. Non-employee directors are reimbursed for travel and accommodation expenses incurred in attending Board or committee meetings. Non-employee directors are not eligible for participation in any other compensation plans of the Company.

In 1989, the Company's stockholders approved the adoption of the Company's 1989 Non-Employee Directors' Stock Option Plan (the "1989 Plan"), which has been subsequently amended. The 1989 Plan currently provides that non-employee directors are eligible to be granted nonqualified options to purchase a maximum of 1,325,000 shares of the Company's Common Stock. The 1989 Plan encompasses options granted to non-employee directors at the discretion of the Option Committee of the Company's Board of Directors ("Discretionary Options") and options granted to non-employee directors pursuant to an election made by a non-employee director to receive options in lieu of his or her annual retainer ("Retainer Options"). Shares issued upon exercise of options granted under the 1989 Plan may be repurchased shares held by the Company or authorized but previously unissued shares.

11

Edgar Filing: GALLAGHER ARTHUR J & CO - Form DEF 14A

Under the 1989 Plan, a Discretionary Option shall be exercisable at such rate and price fixed by the Option Committee. Discretionary Options terminate if not exercised by the date set forth in the 1989 Plan or by such date established by the Option Committee at the time it makes the grant.

Pursuant to the terms of the 1989 Plan, Messrs. Coughlan and Wimmer and Ms. Gordon have elected to receive their annual retainers for 2002 in the form of an option to purchase the Company's Common Stock. Each year on or before two weeks preceding the Company's Annual Meeting of Stockholders, the Option Committee shall determine the number of shares of Common Stock with respect to which a non-employee director may be granted a Retainer Option. The non-employee director's option exercise price per share shall be equal to the Fair Market Value of the Common Stock subject to the Retainer Option less the Annual Retainer, divided by the number of shares subject to the Retainer Option. The option exercise price per share shall be not less than the par value of the Common Stock. "Fair Market Value" is defined as the closing price of the Company's Common Stock as reported on the New York Stock Exchange composite listing for the day on which the option is granted.

On May 22, 2001, the Company granted a Retainer Option for 1,000 shares of the Company's Common Stock to Messrs. Coughlan, Ripp and Wimmer and Ms. Gordon at an exercise price of \$1.11 per share. Such options are exercisable at the rate of one-fourth of such grant each successive quarter commencing August 22, 2001. In addition, on May 22, 2001, the Company granted a Discretionary Option for 25,000 shares of the Company's Common Stock to each of Messrs. Brooker, Coughlan, Ripp, and Wimmer and Ms. Gordon at an exercise price of \$26.11 per share, which was the closing price for a share of Common Stock as reported on the New York Stock Exchange composite listing on that date. Such options are exercisable at the rate of one-third of such grant each successive May 22, commencing May 22, 2002.

The Company approved a supplemental deferred compensation arrangement, effective July 1, 1996, with Robert E. Gallagher after his retirement, and to his surviving spouse after his death, and the surviving spouse of John P. Gallagher, providing for a payment of \$100,000 annually, inclusive of any Company pension plan payments, to be paid until the death of each such beneficiary.

Pension Plan

The Company also maintains a non-contributory defined benefit pension plan covering substantially all domestic employees which is qualified under the Internal Revenue Code. The plan provides an annual pension benefit on normal retirement at age 65 which, when paid in the form of a single life annuity, will equal 1% of final average earnings multiplied by the number of years of credited service, not to exceed 25 years (without any deduction for social security or other offset amounts). A person's earnings for purposes of the plan include all compensation other than allowances such as moving expenses plus any pre-tax contributions under the 401(k) feature of the Savings and Thrift Plan, less pre-tax contributions under the Supplemental Savings and Thrift Plan. Effective for plan years beginning after 1988, the maximum includible compensation for a participant for any year may not exceed an overall salary maximum as determined by the Internal Revenue Service of \$200,000 in 2002. The remuneration for executive officers shown under "Salary" and "Bonus" in the Summary Compensation Table constitutes their earnings during 2001 for purposes of the plan without regard to the Internal Revenue Service's limitation. "Final average earnings" are the highest average earnings received in any five consecutive full calendar years before retirement. Employees' pension rights are fully vested after the earlier of (i) 5 years of service with the Company or (ii) the attainment of age 65.

The following table shows the estimated annual benefits (which are not

Edgar Filing: GALLAGHER ARTHUR J & CO - Form DEF 14A

subject to deduction for social security or other offset amounts) payable on retirement under the Company's defined benefit plan to persons in specific remuneration and credited years of service classifications assuming (i) the person elects the single

12

life annuity basis providing monthly payments without benefits to his survivors and (ii) the person continues in the employ of the Company at his present rate of remuneration until age 65:

PENSION PLAN TABLE

Average remuneration during highest five consecutive years before retirement	Years of Credited Service		
	15	20	25 or more
\$130,000.....	\$19,500	\$26,000	\$32,500
150,000.....	22,500	30,000	37,500
170,000.....	25,500	34,000	42,500
200,000.....	30,000	40,000	50,000

For purposes of estimating potential pension benefits using the foregoing table, the number of years of credited service as of December 31, 2001 for the executive officers named in the Summary Compensation Table are as follows: J. Patrick Gallagher, Jr. (25 years), Michael J. Cloherty (19 years), James J. Braniff III (13 years), James W. Durkin, Jr. (25 years), David E. McGurn, Jr. (22 years) and Richard J. McKenna (24 years). Such pension benefits are in addition to amounts payable to such persons under the Company's Savings and Thrift Plan and Supplemental Savings and Thrift Plan on their retirement and are subject to certain limitations as required under the Internal Revenue Code.

Stock Option Plans

The Company maintains a 1988 Incentive Stock Option Plan and a 1988 Nonqualified Stock Option Plan.

The following table sets forth certain information regarding options to purchase shares of Common Stock granted to the executive officers of the Company named in the Summary Compensation Table during the Company's 2001 fiscal year. The exercise price of the options equals the closing price for a share of the Company's Common Stock on the date of the option grant.

Severance Arrangements

The Company has a plan for severance compensation to employees after a hostile takeover. The plan defines a hostile takeover to include, among other events, the following events, if not approved by two-thirds of the members of the Board of Directors in office immediately prior to any such events: the election of directors not nominated by the Board of Directors, a business combination, such as a merger, not approved by the holders of 80% or more of the Common Stock and the Board of Directors or not meeting various "fair price" criteria, or the acquisition of 20% or more of the combined voting power of the Company's stock by any person or entity. All full-time and part-time employees

Edgar Filing: GALLAGHER ARTHUR J & CO - Form DEF 14A

who are regularly scheduled to work 20 or more hours per week and who have completed at least two years of continuous employment with the Company are participants in the plan. A severance benefit is payable under the plan if a participant's employment with the Company terminates voluntarily or involuntarily within two years after a hostile takeover for reasons such as reduction in compensation, discontinuance of employee benefit plans without replacement with substantially similar plans, change in duties or status, certain changes in job location and involuntary termination of employment for reasons other than just cause. For participants who have completed two but less than five years of employment, the benefit is equal to the employee's annual compensation during the year immediately preceding the termination of employment. For employees who have completed five or more years of employment, the benefit is equal to two and one-half times the employee's annual compensation during the 12 months ending on the date of termination of employment, but may not exceed 2.99 times average annual compensation during the preceding five years. Annual compensation is defined for purposes of the plan as the amount of the employee's wages, salary, bonuses and other incentive compensation. Benefits are payable in a lump sum not later than 10 days after termination of employment.

Each of the executive officers of the Company named in the Summary Compensation Table has entered into a change in control agreement with the Company. A severance benefit is payable under the agreement if

14

the executive officer's employment with the Company is terminated by (i) the Company for any reason other than death, physical or mental incapacity, or cause within 24 months following a change in control of the Company; or (ii) the resignation of the executive officer within 24 months following a change in control of the Company upon the occurrence of a material change in the nature or scope of the executive's authorities, powers, functions or duties or a reduction in the executive's total compensation. In the event of any such termination of the executive officer's employment, under the agreement the Company is required to pay the executive a severance allowance equal to his then salary and bonus payments for a 24 calendar month period. Additionally, the executive will also continue to participate for a period of two years in the Company's welfare benefit plans. Cash benefits are payable in a lump sum not later than seven days after termination of employment.

PROPOSAL 2--RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS THE COMPANY'S INDEPENDENT AUDITORS FOR THE FISCAL YEAR ENDING DECEMBER 31, 2002

The Audit Committee has considered the qualifications of Ernst & Young LLP and recommended that the Board of Directors appoint them as independent auditors of the Company for the fiscal year ending December 31, 2002. The Board of Directors desires to obtain stockholders' ratification of the Board's action in such appointment. A resolution ratifying the appointment will be offered at the meeting. If the resolution is not adopted, the adverse vote will be considered as a direction to the Board to select other auditors for the following year. Because of the difficulty and expense of making any substitution of auditors so long after the beginning of the current year, it is contemplated that the appointment for the year 2002 will stand unless the Board finds other good reason for making a change.

Fees paid to Ernst & Young LLP for professional services rendered to the Company during 2001 were as follows: Audit Fees \$561,000 and All Other Fees \$1,105,000, including audit related services of \$417,000 and other non-audit

Edgar Filing: GALLAGHER ARTHUR J & CO - Form DEF 14A

related services of \$688,000. Audit related services primarily include fees for employee benefit plan audits, accounting consultations, other attest services for certain subsidiaries and due diligence procedures. No services were performed or fees incurred in connection with financial information systems design and implementation projects during 2001. The Audit Committee considered the effects that the provision of non-audit services may have on the Company's independent auditors' independence.

A representative of Ernst & Young LLP will be present at the Annual Meeting to respond to appropriate questions and to make a statement if the representative so desires.

Ratification requires the affirmative vote by holders of at least a majority of the outstanding shares voting at the Annual Meeting.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE
IN FAVOR OF RATIFICATION OF THE APPOINTMENT OF
ERNST & YOUNG LLP AS THE COMPANY'S
INDEPENDENT AUDITORS FOR 2002

SUBMISSION OF STOCKHOLDER PROPOSALS FOR 2003 ANNUAL MEETING

Stockholder proposals to be presented at the 2003 Annual Meeting of Stockholders must be received by the Company at its principal office on or before December 6, 2002 to be considered for inclusion in the

15

Company's proxy materials for that meeting. With respect to any stockholder proposal to be presented at the 2003 Annual Meeting of Stockholders that is received by the Company after February 19, 2003, the proxies solicited on behalf of the Board of Directors may exercise discretionary voting power.

OTHER MATTERS

The Company knows of no other matters to be presented for action at the meeting. If any other matters should properly come before the meeting or any adjournment thereof, such matters will be acted upon by the persons named as proxies in the accompanying proxy according to their best judgment in the best interests of the Company.

The Annual Report to Stockholders containing financial statements for the year ended December 31, 2001, and other information concerning the Company is being furnished to the stockholders but is not to be regarded as proxy soliciting material.

Each stockholder is urged to mark, date, sign and return the enclosed proxy card in the envelope provided for that purpose. Your prompt response is helpful and your cooperation will be appreciated.
