**Symantec Senior Executives 10b5-1 Plans**

Symantec's policy regarding securities trades by company personnel permits sales of the company's securities under plans instituted pursuant to Securities and Exchange Commission (SEC) Rule 10b5-1. These plans allow insiders to diversify their holdings in a manner that dispels any inference that they are trading on the basis of material nonpublic information. As previously announced, several of Symantec's senior executives have in the past established 10b5-1 plans. We expect that sales will occur pursuant to a number of these plans in the period between the date of this release and the anticipated date of our fourth quarter earnings release, which is currently scheduled to occur on May 4, 2005. We are also aware that the term of the 10b5-1 plan previously established by our Chairman and CEO, John Thompson, expired last quarter and that Mr. Thompson has not yet established a replacement for the prior plan.

**Status of Merger Transaction with VERITAS Software Corporation**

We submitted the Registration Statement on Form S-4 containing the proxy statement and prospectus for the VERITAS and Symantec stockholder meetings to the SEC in February. We are currently in the review process with the SEC. When that process is completed, we will be able to announce our expectations for the meeting and close dates. We continue expect this transaction to close during the second calendar quarter.
