Dear Stockholder:

You are cordially invited to attend the Annual Meeting of Stockholders of PFSweb, Inc. (the Company), which will be held at _____, _____, Texas, on Friday, June 9, 2006 at 10:00 a.m. (local time).

At the Annual Meeting, stockholders will be asked to (i) elect two directors, (ii) approve an amendment to the Company's Certificate of Incorporation to authorize a reverse stock split and (iii) ratify the appointment of KPMG LLP as the Company's independent auditors. Information about these matters is contained in the attached Proxy Statement.

It is important that your shares be represented at the Annual Meeting, regardless of the number you hold. To ensure your representation at the Annual Meeting, you are urged to complete, date, sign and return the enclosed proxy as promptly as possible. A postage-prepaid envelope is enclosed for that purpose. In addition, to ensure your representation at the Annual Meeting, you may vote your shares by (a) calling the toll free telephone number indicated on the proxy card or (b) accessing the special web site indicated on the proxy card, each as more fully explained in the telephone and internet voting instructions. If you attend the Annual Meeting, you may vote in person even if you have previously returned a proxy card. Please note that if you hold your shares of our common stock through your broker, you will not be able to vote in person at the meeting.

I sincerely hope you will be able to attend the Annual Meeting, and I look forward to seeing you on June 9, 2006.

Sincerely,

Mark C. Layton
Chairman, President and Chief Executive Officer

PFSweb, Inc.
NOTICE OF ANNUAL MEETING OF STOCKHOLDERS
June 9, 2006

The Annual Meeting of Stockholders of PFSweb, Inc. (the Company) will be held on Friday, June 9, 2006 at 10:00 a.m. at _____, _____, Texas, for the following purposes:

1. To elect two Class I directors;
2. To amend our Amended and Restated Certificate of Incorporation to effect a reverse split of our outstanding common stock by a ratio of no change to up to six-for-one and grant our Board the discretionary authority to determine the exact ratio within that range;
3. To ratify the appointment of KPMG LLP as the Company s independent auditors for the fiscal year ending December 31, 2006; and
4. To transact such other business as may properly come before the meeting or any adjournment thereof.

The Board of Directors has fixed the close of business on April 25, 2006 as the record date for the determination of stockholders entitled to notice of, and to vote at, the Annual Meeting. Each stockholder, even though he or she may presently intend to attend the Annual Meeting, is requested to execute and date the enclosed proxy card and return it without delay in the enclosed postage-paid envelope. Any stockholder present at the Annual Meeting may withdraw his or her proxy card and vote in person on each matter properly brought before the Annual Meeting.

Please sign, date and mail the enclosed proxy in the enclosed envelope promptly, so that your shares of stock may be represented at the meeting.

By Order of the Board of Directors

PROXY STATEMENT**

We are furnishing this Proxy Statement in connection with the solicitation of proxies on behalf of the Board of Directors of PFSweb, Inc. (PFSweb, the Company, we, us, or our) to be voted at the Annual Meeting of Stockholders to be held at _____, _____, Texas, on Friday, June 9, 2006, at 10:00 a.m. and at any and all adjournments thereof. This Proxy Statement, the Notice of Annual Meeting, the accompanying Proxy and the Annual Report to Stockholders are first being mailed to stockholders on or about May 12, 2006.

VOTING PROCEDURES

Your vote is very important. You can vote the shares of PFSweb common stock that are held directly in your name and not through your brokerage account at the Annual Meeting if you are present in person or represented by proxy. You may revoke your proxy at any time before the Annual Meeting by delivering written notice to our Secretary, by submitting a proxy bearing a later date or by appearing in person and casting a ballot at the Annual Meeting. If we receive a properly executed proxy before voting at the Annual Meeting is closed, the persons named as the Proxy on the proxy card will vote the proxy in accordance with the directions provided on that card. If you do not indicate how your shares are to be voted, your shares will be voted as recommended by the Board. If you wish to give a proxy to someone other than the persons named on the proxy card, you should cross out the names contained on the proxy card and insert the name(s) of the person(s) who hold(s) your proxy. Please note that the person(s) to whom you give your proxy **must** be present in person at the Annual Meeting to vote your shares.

Who can vote?

Stockholders of record as of the close of business on April 25, 2006, are entitled to vote at the Annual Meeting. On that date, _____ shares of our common stock, excluding 86,300 shares of common stock in treasury, were outstanding and eligible to vote. Each share is entitled to one vote on each matter presented at the Annual Meeting. The closing sale price of the common stock as reported on the NASDAQ Capital Market on the record date was \$____ per share.

How do I vote?

You can vote in person at the Annual Meeting. Alternatively, a stockholder who holds shares of our common stock of record and not in street name may vote shares by giving a proxy via mail, telephone or the Internet. To vote your proxy by mail, indicate your voting choices, sign and date your Proxy and return it in the postage-paid envelope provided. You may vote by telephone or the Internet by following the instructions on your Proxy. Your telephone or Internet delivery authorizes the named proxies to vote your shares in the same manner as if you marked, signed and returned your Proxy via the mail.

If your shares are held in a stock brokerage account or by a bank or other holder of record, you are considered the beneficial owner of shares held in street name. This Proxy Statement, the Notice of Annual Meeting, the accompanying Proxy and the Annual Report have been forwarded to you by your broker, bank or other holder of record who is considered, with respect to those shares, the shareholder of record. As the beneficial owner, you have the right to direct your broker, bank or other holder of record on how to vote your shares by using the voting instruction card included in the mailing or by following their instructions for voting by telephone or on the Internet.

All shareholders may vote in person at the Annual Meeting. You may also be represented by another person at the Annual Meeting by executing a proper proxy designating that person. If you are a beneficial owner of shares, you must obtain a legal proxy from your broker, bank or other holder of record and present it to the inspectors of election with your ballot to be able to vote at the Annual Meeting.

What shares are represented by the Proxy?

The Proxy that we are delivering represents all the shares registered in your name with our transfer agent, Mellon Investor Services. The proxy that is delivered by your broker, bank or other nominee represents the shares held by you in an account at that institution.

How are votes counted?

Table of Contents

If you return a signed and dated Proxy but do not indicate how the shares are to be voted, those shares will be voted as recommended by the Board. A valid Proxy also authorizes the individuals named as proxies to vote your shares in their discretion on any other matters which, although not described in the Proxy Statement, are properly presented for action at our Annual Meeting. If you indicate on your Proxy that you wish to abstain from voting on an item, your shares will not be voted on that item. Abstentions and broker non-votes are not counted in determining the number of shares voted for or against any nominee for Director or any other proposal, but will be counted to determine whether there is a quorum present. There is no right to cumulative voting.

What vote is required?

In order to have a quorum present at the Annual Meeting, a majority of our shares of common stock that are outstanding and entitled to vote at the Annual Meeting must be represented in person or by proxy. If a quorum is not present, the Annual Meeting will be rescheduled for a later date.

Directors must be elected by a plurality of the votes cast.

The proposal to grant to the Board of Directors discretionary authority to amend our Amended and Restated Certificate of Incorporation to effect a reverse stock split by a ratio of no change to up to six-for-one requires the affirmative vote of a majority of the outstanding shares of the PFSweb common stock.

The proposal to ratify KPMG LLP as the Company's independent auditors and the proposal to authorize the transaction of such other business as may properly come before the Annual Meeting or any adjournments or postponements thereof each requires the affirmative vote of a majority of the votes cast by holders of our common stock present in person or by proxy at the Annual Meeting.

For those situations that require an affirmative vote of the holders of a majority of the votes entitled to be cast in respect of all outstanding shares of our common stock, broker non-votes and abstentions will have the effect of a no vote. In all other cases, broker non-votes and abstentions will have no effect on the outcome.

What is the recommendation of the Board of Directors?

The Board of Directors recommends that stockholders vote (i) FOR each of the nominees of the Board of Directors (Item No. 1), (ii) FOR the granting of discretionary authority to the Board of Directors to amend the Company's Amended and Restated Certificate of Incorporation to effect a reverse split of our outstanding common stock by a ratio of no change up to six-for-one and to determine the exact ratio within that range (Item No. 2) and, (iii) FOR the ratification of the appointment of KPMG LLP as the Company's independent auditors for the fiscal year ending December 31, 2006 (Item No. 3). If you do not indicate how your shares are to be voted, your shares will be voted as recommended by the Board.

Who will tabulate the vote?

Our transfer agent, Mellon Investor Services, will tally the vote, which will be certified by an inspector of election who is a PFSweb employee.

Who will bear the expenses of our solicitation? How will we solicit votes?

We will bear our own cost of solicitation of proxies. In addition to the use of the mail, proxies may be solicited by our directors and officers by personal interview, telephone, telegram, facsimile or e-mail. Our directors and officers will not receive additional compensation for this solicitation but may be reimbursed for out-of-pocket expenses incurred in connection with these activities. Arrangements may also be made with brokerage firms and other custodians, nominees and fiduciaries to forward solicitation materials to the beneficial owners of shares of our common stock held of record by these people or institutions, in which case we will reimburse these brokerage firms, custodians, nominees and fiduciaries for reasonable out-of-pocket expenses incurred by them in connection with these forwarding activities.

Table of Contents**Are there appraisal rights?**

Stockholders have no dissenters' rights of appraisal with respect to any of the matters to be voted upon at the Annual Meeting.

ITEM NO. 1**NOMINEES FOR THE BOARD OF DIRECTORS**

The Board of Directors is divided into three classes. Each class serves three years, with the terms of office of the respective classes expiring in successive years. The term of the current Class I directors expires at the Annual Meeting; the term of the current Class II director expires at the 2007 Annual Meeting; and the term of the current Class III directors expires at the 2008 Annual Meeting. The Board presently consists of five members, two Class I directors, one Class II director and two Class III directors. The nominees for the Board of Directors are David I. Beatson and James F. Reilly to serve as Class I directors, both of whom have been nominated and recommended by the Board of Directors. If elected, Messrs. Beatson and Reilly are expected to serve until the Company's 2009 annual meeting and until their respective successors are elected and qualified. The shares represented by proxies in the accompanying form will be voted for the election of these nominees unless authority to so vote is withheld. The Board of Directors has no reason to believe that such nominees will not serve if elected, but if any one or more of them should become unavailable to serve as a director, and if the Board designates a substitute nominee or nominees, the person named as proxies will vote for the substitute nominee(s) designated by the Board.

The following information, which has been provided by the individuals named, sets forth for each member of the Board of Directors, such person's name, age, principal occupation or employment during at least the past five years, the name of the corporation or other organization, if any, in which such occupation or employment is carried on and the period during which such person has served as a director of the Company.

Meetings and Committees of the Board

The Board of Directors met a total of eight times during the calendar year ended December 31, 2005. The Board of Directors has determined that, other than Mr. Layton, each director is independent within the meaning of applicable Securities and Exchange Commission (SEC) rules and NASD listing standards. The independent directors are able to meet in executive session without the Company s management at each regularly scheduled Board meeting.

The Board of Directors does not have a policy regarding director attendance at the annual meeting of stockholders, and no director attended the 2005 annual meeting other than Mr. Layton.

The Board of Directors currently has standing Nominating, Audit, Compensation, and Stock Option Committees.

The Nominating Committee is responsible for identifying and evaluating individuals qualified to become Board members and recommending to the Board candidates to stand for election or re-election as directors. The Committee will consider candidates at the recommendation of existing Board members, Company management, search firms or other consultants, or stockholders. Stockholders wishing to recommend director candidates to the Board may do so by writing to the Committee in care of the Corporate Secretary at the Company s chief executive office, 500 North Central Expressway, Plano, TX 75074. At a minimum, director candidates should have demonstrated achievement in their particular field of endeavor, significant business or other management experience that would be of value to the Company, integrity and high ethical standards, good communication and leadership skills, and the ability and willingness to commit adequate time and attention to carry out their Board duties effectively. The Committee will evaluate candidates through background and reference checks, interviews and an analysis of each candidate s qualifications and attributes in light of the current composition of the Board and the Company s leadership needs at the time. From time to time, the Committee may engage the services of an outside consultant to assist the Committee by conducting searches to identify candidates, evaluating candidates qualifications, handling background and reference checks, and making initial contacts with potential candidates. The members of the Nominating Committee are Timothy M. Murray and Dr. Neil W. Jacobs, each of whom has been determined to be independent as discussed above. The Nominating Committee has adopted a charter which is available on the Company s website at www.pfsweb.com (the contents of the website are not incorporated in this Proxy Statement by reference). The Nominating Committee met one time during the calendar year ended December 31, 2005 and again in February 2006 in preparation for the Annual Meeting.

The Audit Committee is established for the purpose of overseeing the Company s accounting and financial reporting processes and audits of the Company s financial statements. The Audit Committee is established to assist the Board in fulfilling its oversight responsibilities by reviewing and reporting to the Board on the integrity of the financial reports and other financial information provided by the Company to its shareholders. The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the work of any independent auditor employed

Table of Contents

by the Company (including resolution of disagreements between management and the auditor regarding financial reporting) for the purpose of preparing or issuing an audit report or related work or performing other audit, review or attest services for the Company. The Company's auditors report directly to the Audit Committee.

The Audit Committee is comprised of three directors, Mr. Reilly, Mr. Beatson and Dr. Jacobs, each of whom has been determined by the Board of Directors to be independent as discussed above, and is able to read and understand fundamental financial statements, including the Company's balance sheet, income statement and cash flow statement. The Board of Directors has determined that, based on his relevant experience as described above, Mr. Reilly is qualified as the audit committee financial expert within the meaning of applicable SEC regulations and has the requisite financial sophistication required by the NASD listing standards. The Audit Committee met a total of six times during calendar year 2005. The Committee has adopted a written amended and restated audit committee charter setting out the audit-related functions of the Audit Committee, and the Committee reviews and reassesses the adequacy of the charter on an annual basis. A copy of the charter is available on the Company's website at www.pfsweb.com.

The Compensation Committee approves, or in some cases recommends, to the Board, remuneration and compensation arrangements involving the Company's executive officers and other key employees. The current members of the Compensation Committee are Messrs. Murray and Reilly, who are independent as described above. The Compensation Committee also serves as the Stock Option Committee to administer the Company's employee stock option and purchase plans. The Compensation Committee and Stock Option Committee met a total of two times during the calendar year ended December 31, 2005.

During fiscal year 2005, no current director or director nominee attended fewer than 75% of the aggregate of all meetings of the Board and the committees, if any, upon which such director served and which were held during the period of time that such person served on the Board or such committee.

Communicating with the Board of Directors

Stockholders wishing to communicate with one or more Directors or the Board as a whole may do so in a writing addressed to the Director(s) or the Board and sent to the Corporate Secretary, PFSweb, Inc., 500 North Central Expressway, Suite 500, Plano, TX 75074.

Code of Ethics

The Board has approved a code of business conduct and ethics in accordance with rules of the SEC and NASD listing standards applicable to all directors, officers and employees, including the chief executive officer, senior financial officers and the principal accounting officer. The code is intended to provide guidance to directors and management to assure compliance with law and promote ethical behavior. Copies of the Company's code of business conduct and ethics may be found on the Company's website at www.pfsweb.com.

Compensation Committee Interlocks and Insider Participation

The current members of the Compensation Committee are Messrs. Murray and Reilly, neither of whom are employees of the Company and both of whom are considered independent directors under the applicable NASDAQ rules. There were no interlocks or insider participation between any member of the Board or Compensation Committee and any member of the board of the directors or Compensation Committee of another company.

Compensation of Directors

In June 1999 the Company adopted a Non-Employee Director Stock Option and Retainer Plan (the Non-Employee Director Plan). As of the date of the adoption of the Non-Employee Director Plan, each non-employee director received an option to purchase 35,000 shares of common stock. The Non-Employee Director Plan also provides for the future issuance to each non-employee director of options to purchase 10,000 shares of common stock as of the date of each annual meeting of stockholders. During calendar year 2005, each non-employee director received an option to purchase 10,000 shares of common stock with an exercise price of \$1.84 per share. In addition, currently, non-employee directors receive an annual retainer fee of \$10,000, payable quarterly, a director meeting fee of \$2,500 for each board meeting attended and a committee meeting fee of \$1,500 for each quarterly Audit Committee meeting attended and also receive fees for participation in certain periodic conference calls.

Table of Contents

The Non-Employee Director Plan permits the payment of such non-employee director retainer fees in shares of Common Stock in lieu of cash.

All options to be issued to non-employee directors under the Non-Employee Director Plan are non-qualified options for federal income tax purposes and have an exercise price equal to the fair market value of a share of common stock as of the date of the annual meeting upon which such option is granted. All options have a ten year term and are subject to a one year vesting schedule.

Generally, unless the Non-Employee Director Plan administrator otherwise provides, options are non-transferable other than by will or the laws of descent and distribution. At the time of any merger, consolidation, reorganization, recapitalization, stock dividend, stock split, or other change in the corporate structure or capitalization affecting the Company's common stock, the Non-Employee Director Plan administrator will make appropriate adjustments to the exercise price, number and kind of shares to be issued under the Non-Employee Director Plan and any outstanding options. Unless terminated earlier, the Non-Employee Director Plan will terminate ten years from its adoption, and no stock options will be granted after the Non-Employee Director Plan terminates. The Board of Directors has the authority to amend, modify, suspend or terminate the Non-Employee Director Plan at any time.

Directors who are also employees of the Company or any of its subsidiaries receive no remuneration for serving as directors or Committee members.

Report of the Audit Committee for the Fiscal Year Ended December 31, 2005

The following is the report of the Audit Committee with respect to the Company's audited financial statements for the fiscal year ended December 31, 2005. The information contained in this report shall not be deemed to be soliciting material or to be filed with the Securities and Exchange Commission, nor shall such information be incorporated by reference into any future filing under the Securities Act of 1933, as amended, or the 1934 Securities Exchange Act, as amended, except to the extent that the Company specifically incorporates such information by reference in such filing.

The Audit Committee of the Company's Board of Directors is comprised of three independent directors. The current members of the Audit Committee are Messrs. Reilly, Beatson and Jacobs.

Management is responsible for the Company's internal controls and the financial reporting process. The independent accountants (auditors) are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and issuing a report thereon. The Audit Committee's responsibility is to monitor these processes. The Audit Committee does not itself prepare financial statements or perform audits, and its members are not auditors or certifiers of the Company's financial statements. The Audit Committee has approved the appointment of the Company's auditors, KPMG, LLP.

In fulfilling its oversight responsibility of appointing and reviewing the services performed by the Company's independent auditors, the Audit Committee carefully reviews the policies and procedures for the engagement of the independent auditor, including the scope of the audit, audit fees, auditor independence matters and the extent to which the independent auditor may be retained to perform non-audit related services. The Audit Committee considered the independent auditors' provision of non-audit services in 2005 and determined that the provision of those services is compatible with and does not impair the auditors' independence.

The Audit Committee discussed with the Company's auditors the scope and plans for the independent audit. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles. The Audit Committee has reviewed and discussed with management and the auditors the Company's audited financial statements, including the auditor's judgments about the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements. The Audit Committee also discussed with the auditors the matters required by Statement on Auditing Standards No. 61 - Communication with Audit Committees.

The Audit Committee has received the written disclosures and the letter from the Company's independent accountants required by Independence Standards Board Standard No. 1, Independence Discussions with Audit

Committees, and the Audit Committee discussed with the auditors their independence from the Company and its management.

Based on the Audit Committee's discussion with management and the auditors and the Audit Committee's review of the representations of management and the report of the auditors to the Audit Committee, the Audit Committee recommended to the Board that the audited consolidated financial statements be included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2005, which was filed with the Securities and Exchange Commission.

Change in Control and Severance Agreements

The Company and each of the executive officers named above have entered into Change in Control and Severance Agreements. Under these agreements, and in consideration of certain commitments of the officer to continue employment, upon the occurrence of a change in control, all unvested options held by the officer immediately vest and become exercisable. During the two year period following a change in control (whenever occurring), if the employment of the officer is terminated (other than for cause, death, disability or retirement), or if there is a material adverse change in the officer's responsibilities, compensation or benefits to which the officer does not consent, then, in each case, the officer is entitled to receive from the Company all salary and bonus amounts accrued through the date of termination plus a severance payment equal to twice the officer's salary and bonus. If applicable, the officer is also entitled to receive an additional payment to compensate the officer for any additional excise tax liability arising by reason of the receipt of such severance or bonus payment. The agreement terminates upon the voluntary resignation or termination of employment by the officer.

The Company and each of the executive officers named above have also entered into Executive Severance Agreements. Under these agreements, and in consideration for, among other things, the agreement by the executive to be bound by a restrictive covenant, in the event of the termination of the employment of the executive other than for cause

(including a material adverse change in the officer's responsibilities or the failure to re-nominate to the Board of Directors any executive also serving on the Board), the executive is entitled to a severance payment up to a maximum of twice the executive's salary and bonus. In addition, in the event of termination without cause, the executive is entitled to a continuation of benefits and to the accelerated vesting of all options then held by the executive. The severance payment and benefits are reduced by any compensation or benefits received by the executive from any subsequent employer.

Report of the Compensation Committee on Executive Compensation for Fiscal Year Ended December 31, 2005

The following report of the Compensation Committee of the Board of Directors shall not be deemed soliciting material or to be filed with the Securities and Exchange Commission, nor shall such information be incorporated by reference into any future filing under the Securities Act of 1933 or Securities Exchange Act of 1934, each as amended, except to the extent that the Company specifically incorporates it by reference into such filing.

The Compensation Committee of the Board of Directors (the Committee) is responsible for approval or recommendation to the Board of Directors of the compensation arrangements for the Company's executive officers. During the fiscal year ended December 31, 2005, the members of the Committee were Timothy M. Murray and James F. Reilly who are independent directors as described above.

The Committee annually establishes the salaries and bonuses and stock options, if any, to be paid or granted to the Chief Executive Officer and other executive officers during each fiscal year. The Committee believes that the total compensation of the Company's executive officers should be primarily based on the subjective determination of the Committee as to the Company's overall financial performance and the individual contribution to such performance. The Committee further believes that a portion of total compensation should consist of variable, performance-based components such as stock option awards and bonuses, which it can increase or decrease to reflect its assessment of changes in corporate and individual performance. These incentive compensation programs are intended to reinforce management's commitment to enhance profitability and stockholder value.

In formulating compensation levels and policies for the Company's Chief Executive Officer and other executive officers for the fiscal year ended December 31, 2005, the Committee reviewed the executive base salary levels set in prior years, and, in particular, certain reductions in salary levels implemented since fiscal year 2001. The Committee considered several factors, including individual job performance, the level of responsibility, competitive pay practices in the Company's industry, and overall Company performance. The Committee also reviewed comparative salary information for executives and senior managers for businesses located in the Dallas area prepared by a third party firm, as well as publicly available information regarding comparative salaries at competitive firms. The Committee did not assign specific relative weights to the foregoing factors, although it did consider the post-2001 fiscal year reductions in salary to be an important factor. The Committee also considered the awarding of bonuses based upon the Company's financial performance and achievement of financial goals. The Committee did not retain an independent compensation consultant.

For the fiscal year ended December 31, 2005 and for services rendered to the Company, the base salary of Mr. Mark Layton, Chairman of the Board of Directors, President and Chief Executive Officer, was \$412,138, and, based upon the Company's performance during 2005, the Committee awarded Mr. Layton bonuses totaling \$36,700.

The Committee also administers the Company's stock option plans and recommends other option grants that are used to further link executive compensation to the Company's performance. All options are subject to a multi-year cumulative vesting schedule and have an exercise price not less than the fair market value on the date of grant. During the year ended December 31, 2005, Mr. Layton received 36,000 options having an exercise price of \$2.57 per share.

As part of its overall consideration of executive compensation, the Committee considers the anticipated tax treatment of various payments and benefits, including the applicability of Section 162(m) of the Internal Revenue Code, which provides a limit on the deductibility of compensation for certain executive officers in excess of \$1,000,000 per year. The Committee believes that no named officer in the Summary Compensation Table had taxable compensation for the fiscal year ended December 31, 2005 in excess of the deduction limit. The Committee intends to continue to evaluate the impact of this Code provision.

The graph assumes a \$100 investment in the Company's Common Stock and in each of the above mentioned indices. The Russell 2000 Index is an index of companies with market capitalizations similar to the Company. The Company's management believes that an index of companies with similar market capitalizations provides a reasonable basis for comparing total stockholder returns.

**ITEM 2
AUTHORIZATION OF REVERSE STOCK SPLIT**

General

As of April 3, 2006, there were 41,399,837 shares of our common stock outstanding and the per share closing price of our common stock on that date was \$1.21. To reduce the number of shares of common stock outstanding, the Board has unanimously adopted a resolution approving and recommending to the stockholders for their approval an amendment to Article Four of our restated certificate of incorporation authorizing a reverse split of the outstanding shares of our common stock on the basis of one post-split share for up to each presently outstanding six shares. This means that if the reverse split is effected you will be deemed to hold one share of PFSweb common stock for up to every six shares that you currently hold, depending upon the ratio selected by the Board.

Whether to actually effect the reverse stock split and the exact ratio of the reverse stock split will be determined by our Board at its discretion based on the prevailing market conditions and the Board's judgment as to the best course of action for the Company and its stockholders. We are asking you to approve an amendment to the restated certificate of incorporation with the ratio for the reverse stock split to be in the range from no change to up to six shares, and with the Board having the authority to give its final approval to a specific ratio. By approving the proposed reverse stock split, you will be authorizing the Board of Directors to:

determine the exact ratio of the reverse split so long as it is between no change and up to six-for-one; and

implement the reverse stock split at any time before June 8, 2007; or

abandon the reverse stock split at any time prior to that date.

If the amendment to effect the reverse stock split has not been filed with the Delaware Secretary of State by the close of business on June 8, 2007, the Board of Directors will either re-solicit stockholder approval or abandon the reverse stock split. Even if the reverse split proposal is approved, the Board may decide not to effect the reverse split if it determines that it is in the best interests of the Company and its stockholders.

If our stockholders approve the reverse stock split proposal and the Board decides to implement the reverse stock split, we will file an Amendment to our Certificate of Incorporation with the Secretary of State of the State of Delaware through which the number of our shares of common stock issued and outstanding, including treasury shares, will be reduced proportionately based upon a ratio of between greater than one and up to six, as determined by the Board. The reverse stock split, if implemented, would not change the number of authorized shares of common stock or preferred stock or the par value of our common stock or preferred stock. Except for any changes as a result of the treatment of fractional shares, each stockholder will hold the same percentage of common stock outstanding after the reverse stock split as such stockholder did immediately prior to the split.

Purposes of the Reverse Stock Split

The purpose of implementing a reverse stock split would be to attempt to increase the per share trading value of our common stock. Our Board intends to effect the proposed reverse stock split only if the implementation of a reverse stock split is determined by the Board to be in the best interest of the Company and its stockholders. If the trading price of our common stock increases without a reverse stock split, the Board may exercise its discretion not to implement a reverse split.

We believe that a number of institutional investors and investment funds are reluctant to invest, and in some cases may be prohibited from investing, in lower-priced stocks and that brokerage firms are reluctant to recommend lower-priced stocks to their clients. By effecting a reverse stock split, we may be able to raise our common stock price to a level where our common stock would be viewed more favorably by potential investors.

Other investors may also be dissuaded from purchasing lower-priced stocks because the brokerage commissions, as a percentage of the total transaction, tend to be higher for such stocks. A higher stock price after a reverse stock split should reduce this concern.

Table of Contents

The combination of lower transaction costs and increased interest from institutional investors and investment funds could have the effect of improving the trading liquidity of our common stock.

Our common stock currently trades on the Nasdaq Capital Market under the symbol PFSW. The Nasdaq Capital Market has several continued listing criteria that companies must satisfy in order to remain listed on the exchange. One of these criteria is that the Company's common stock have a trading price that is greater than or equal to \$1.00 per share. Today, the Company meets all of the Nasdaq Capital Market's continued listing criteria, including the minimum trading price requirement. Although we do not believe that we currently have an issue relating to the continued listing of our common stock on the Nasdaq Capital Market, we believe that approval of this proposal would provide the Board with the ability to meet the continued listing standard in the future, to the extent that our common stock price would not otherwise meet the minimum trading requirement.

The Board believes that stockholder approval of a range of exchange ratios of up to a maximum of six for one (rather than a single exchange ratio) provides the Board with the flexibility to achieve the desired results of a reverse stock split. If the stockholders approve this proposal, the Board would effect a reverse stock split only upon the Board's determination that a reverse stock split would be in the best interests of the stockholders at that time. To effect a reverse stock split, the Board would set the timing for such a split and select the specific ratio from among the range described in this Proxy Statement. No further action on the part of stockholders will be required to either implement or abandon the reverse stock split. If the proposal is approved by stockholders, and the Board determines to implement a reverse stock split, we would communicate to the public, prior to the effective date of the reverse split, additional details regarding the reverse split, including the specific ratio the Board selects.

You should keep in mind that the implementation of a reverse stock split does not have an effect on the actual or intrinsic value of the Company's business or your proportional ownership in the Company. You should also consider that in many cases, the market price of a company's shares declines after a reverse stock split.

Certain Risks Associated with the Reverse Stock Split

There can be no assurance that the total market capitalization of our common stock (the aggregate value of all the Company common stock at the then market price) after the implementation of a reverse stock split will be equal to or greater than the total market capitalization before a reverse stock split or that the per share market price of our common stock following a reverse stock split will increase in proportion to the reduction in the number of shares of our common stock outstanding before the reverse stock split.

There can be no assurance that the market price per new share of our common stock after a reverse stock split will remain unchanged or increase in proportion to the reduction in the number of old shares of our common stock outstanding before a reverse stock split. For example, based on the closing price of our common stock on April 3, 2006 of \$1.21 per share, if the Board were to implement the reverse stock split and utilize a ratio of 1-for-6, we cannot assure you that the post-split market price of our common stock would be \$7.26 (that is, $\$1.21 \times 6$) per share or greater. In many cases, the market price of a company's shares declines after a reverse stock split.

Accordingly, the total market capitalization of our common stock after a reverse stock split when and if implemented may be lower than the total market capitalization before the reverse stock split. Moreover, in the future, the market price of our common stock following a reverse stock split may not exceed or remain higher than the market price prior to the reverse stock split.

If a reverse stock split is effected, the resulting per-share stock price may not attract institutional investors or investment funds and may not satisfy the investing guidelines of such investors and, consequently, the trading liquidity of our common stock may not improve.

While the Board believes that a higher stock price may help generate investor interest, there can be no assurance that a reverse stock split will result in a per-share price that will attract institutional investors or investment funds or that such share price will satisfy the investing guidelines of institutional investors or investment funds. As a result, the trading liquidity of our common stock may not necessarily improve.

Table of Contents

A decline in the market price of our common stock after a reverse stock split is implemented may result in a greater percentage decline than would occur in the absence of a reverse stock split, and the liquidity of our common stock could be adversely affected following such a reverse stock split.

If a reverse stock split is effected and the market price of our common stock declines, the percentage decline may be greater than would occur in the absence of a reverse stock split. The market price of our common stock will, however, also be based on our performance and other factors, which are unrelated to the number of shares of common stock outstanding. Furthermore, the liquidity of our common stock could be adversely affected by the reduced number of shares that would be outstanding after the reverse stock split.

Principal Effects of the Reverse Stock Split

If approved and implemented, the principal effects of a reverse stock split would include the following: depending on the ratio for the reverse stock split selected by the Board, the number of shares of common stock that you own will be reduced proportionately (for example, if the Board selects the maximum ratio of six for one, each six shares of our common stock that you own will be combined into one new share of common stock);

the number of shares of common stock issued and outstanding will be reduced proportionately based on the ratio selected by the Board;

appropriate adjustments will be made to our outstanding stock options and warrants to maintain the economic value of the option or warrant; and

the number of shares reserved for issuance under our stock option and stock purchase plans will be reduced proportionately based on the ratio selected by the Board (and any other appropriate adjustments or modifications will be made under the plans).

The common stock resulting from a reverse stock split will remain fully paid and non-assessable. A reverse stock split will not affect the public registration of the common stock under the Securities Exchange Act of 1934.

A reverse stock split would not, by itself, affect our assets or business prospects. Also, if approved and implemented, a reverse stock split may result in some stockholders owning odd lots of less than 100 shares of common stock. Odd lot shares may be more difficult to sell, and brokerage commissions and other costs of transactions in odd lots are generally somewhat higher than the costs of transactions in round lots of even multiples of 100 shares. The Board believes, however, that these potential effects are outweighed by the benefits of a reverse stock split.

Fractional Shares

No fractional certificates will be issued in connection with a reverse stock split. Stockholders who otherwise would be entitled to receive fractional shares because they hold a number of shares of common stock not evenly divisible by the number selected by the Board for a reverse stock split ratio will be entitled, upon surrender of any certificate(s) representing such shares, to a cash payment in lieu thereof. We would arrange for a third party to aggregate the fractional shares of registered stockholders, sell them in the open market and deliver the proceeds to those stockholders. We will pay any brokerage commissions in connection with that sale.

Stockholders who otherwise would be entitled to receive fractional shares will only be entitled to a cash payment in lieu of such shares and will no longer have any rights as a stockholder with respect to the shares of common stock that would have been exchanged for such fractional shares.

Accounting Matters

The par value of the common stock will remain at \$.001 per share after a reverse stock split. As a result, as of the effective time, the stated capital on our balance sheet attributable to our common stock would be reduced proportionately based on the reverse stock split ratio selected by the Board, and the additional paid-in capital account will be credited with the amount by which the stated capital is reduced. In future financial statements, we would restate

Table of Contents

net income or loss and other per share amounts for periods ending before a reverse stock split to give retroactive effect to the reverse stock split.

Procedure for Effecting a Reverse Stock Split and Exchange of Stock Certificates

If stockholders approve the proposal and the Board decides to implement a reverse stock split, we will file with the Secretary of State of the State of Delaware a certificate of amendment to our Amended and Restated Certificate of Incorporation. A reverse stock split will become effective at the time and on the date of filing of, or at such later time as is specified in, the certificate of amendment, which we refer to as the effective time and effective date, respectively. Beginning at the effective time, each certificate representing shares of common stock will be deemed for all corporate purposes to evidence ownership of the number of whole shares into which the shares previously represented by the certificate were combined pursuant to the reverse stock split.

Upon a reverse stock split, we intend to treat stockholders holding our common stock in street name, through a bank, broker or other nominee, in the same manner as registered stockholders whose shares are registered in their names. Banks, brokers or other nominees will be instructed to effect a reverse stock split for their beneficial holders holding our common stock in street name. However, these banks, brokers or other nominees may have different procedures than registered stockholders for processing a reverse stock split. If you hold your shares with a bank, broker or other nominee and if you have any questions in this regard, we encourage you to contact your nominee.

Following any reverse stock split, stockholders holding physical certificates will be required to exchange those certificates for new certificates and a cash payment in lieu of any fractional shares, and we expect that the common stock would receive a new CUSIP number.

If a reverse stock split is implemented, Mellon Investor Services, our transfer agent, will advise registered stockholders of the procedures to be followed to exchange certificates in a letter of transmittal to be sent to stockholders. No new certificates will be issued to a stockholder until the stockholder has surrendered the stockholder's outstanding certificate(s), together with the properly completed and executed letter of transmittal. Any old shares submitted for transfer, whether pursuant to a sale, other disposition or otherwise, will automatically be exchanged for new shares. **Stockholders should not destroy any stock certificate(s) and should not submit any certificate(s) until requested to do so.**

Certain Federal Income Tax Consequences

The following is a summary of the material U.S. federal income tax consequences of a reverse stock split. This discussion is based on the Internal Revenue Code, the Treasury Regulations promulgated thereunder, published statements by the Internal Revenue Service and other applicable authorities on the date of this Proxy Statement, all of which are subject to change, possibly with retroactive effect. This discussion does not address the tax consequences to holders that are subject to special tax rules, such as banks, insurance companies, regulated investment companies, personal holding companies, foreign entities, nonresident alien individuals, broker-dealers and tax-exempt entities. Further, it does not address any state, local or foreign income or other tax consequences. This summary also assumes that the shares of common stock held immediately prior to the effective time of the reverse stock split (the old shares) were, and the new shares received will be, held as a capital asset, as defined in the Internal Revenue Code (generally, property held for investment).

Subject to the discussion below concerning the treatment of the receipt of cash payments instead of fractional shares, we believe that the material U.S. federal income tax consequences of a reverse stock split would be as follows:

The Company will not recognize any gain or loss as a result of the reverse stock split.

You will not recognize any gain or loss as a result of the reverse stock split, except with respect to cash received instead of fractional shares.

The aggregate adjusted basis of the shares of each class of our common stock you hold following the reverse stock split will be equal to your aggregate adjusted basis immediately prior to the reverse stock split, reduced by any tax basis attributable to a fractional share.

Table of Contents

Your holding period for the common stock you continue to hold after the reverse stock split will include your holding period for the common stock you held immediately prior to the reverse stock split.

In general, if you receive cash instead of a fractional share of our common stock, you will recognize capital gain or loss based on the difference between the amount of cash received and your adjusted basis in the fractional share. The capital gain or loss will constitute long-term capital gain or loss if your holding period for our common stock is greater than one year as of the date of the reverse stock split. The deductibility of capital losses is subject to limitations.

Our beliefs regarding the tax consequences of the reverse stock split is not binding on the Internal Revenue Service or the courts. **Accordingly, we urge you to consult with your own tax advisor with respect to all of the potential tax consequences to you of the reverse stock split.**

Vote Required

The affirmative vote of majority of the outstanding shares of our common stock is required for approval of this proposal.

The Board unanimously recommends a vote FOR the approval of the Reverse Stock Split Proposal.

ITEM 3**RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS**

The Company has appointed KPMG LLP as the Company's independent auditors for the fiscal year ending December 31, 2006. KPMG LLP audited the Company's financial statements for the last five fiscal years. Ratification of the appointment of KPMG LLP as the Company's independent auditors will require the affirmative vote of a majority of the shares of Common Stock represented in person or by proxy and entitled to vote at the Annual Meeting. In the event shareholders do not ratify the appointment of KPMG LLP as the Company's independent auditors, such appointment may be reconsidered by the Audit Committee and the Board of Directors. Representatives of KPMG LLP will be present at the Annual Meeting to respond to appropriate questions and to make such statements as they may desire.

The Board of Directors of the Company recommends a vote FOR ratification of KPMG LLP as the Company's independent auditors for the fiscal year ending December 31, 2006.

In addition to retaining KPMG LLP to audit the Company's financial statements, the Company engages the firm from time to time to perform other services. The following table sets forth the aggregate fees paid or payable to the firm relating to the audit of the 2005 and 2004 consolidated financial statements and the fees for other professional services billed by KPMG LLP in connection with services rendered during the previous two fiscal years.

- (c) Includes fees paid for tax compliance, tax advice and related tax services.

The Audit Committee has considered whether the provision of the services described in note (b) above is compatible with maintaining KPMG LLP's independence.

The Audit Committee pre-approves all audit and permissible non-audit services provided by the Company's independent auditors. These services may include audit services, audit related services, tax and other services. Pre-approval is generally provided for up to one year, and any pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The independent auditors and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent auditors in accordance with this pre-approval and the fees for the services performed to date. The Audit Committee may also pre-approve particular services on a case by case basis. During 2004 and 2005, all audit, non-audit and tax services provided by KPMG LLP were pre-approved by the Audit Committee in accordance with this policy.

GENERAL INFORMATION
