**PROXY STATEMENT
ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD SEPTEMBER 10, 2008**

The following Proxy Statement is made in connection with solicitation by the Board of Directors of Flow International Corporation (the Company) of the enclosed proxy for use at the Annual Meeting of Shareholders to be held at The Palmer House Hilton, 17 East Monroe Street, Chicago, Illinois, on September 10, 2008, at 9:00 a.m. local time.

Shares presented by properly executed proxy in the accompanying form will be voted at the meeting and, where instructions have been given by the shareholder, will be voted in accordance with such instructions. *As stated in the proxy, if no instructions are given, the shareholder's shares will be voted For Proposal 1, the election of directors, and For Proposal 2, the ratification of the appointment of Deloitte & Touche LLP as the independent registered public accountants of the Company for fiscal 2009, and, with respect to any other business that may come before the meeting, as recommended by the Board of Directors.*

The proxy may be revoked at any time before its exercise by sending written notice of revocation to the Secretary of the Company at the address set forth on page 1 of this Proxy Statement, or by signing and delivering a proxy which is dated later, or, if the shareholder attends the meeting in person, by giving notice of revocation to the meeting judge. The right to revoke a proxy is not limited by or subject to compliance with a specified formal procedure, but written notice should be given to the Secretary of the Company at or before the Annual Meeting so that the number of shares represented by proxy can be recomputed.

At the date of this statement, the only matters that Management of the Company intends to present are Proposal 1 (election of directors) and Proposal 2 (ratification of the appointment of Deloitte & Touche LLP as the independent registered public accountants). If any other matters are properly brought before the meeting, the enclosed proxy gives discretionary authority to the Board of Directors to vote the shares in their best judgment.

The fiscal 2008 Form 10-K of the Company is enclosed herewith.

The approximate mailing date of this proxy material is August 18, 2008.

SHAREHOLDER PROPOSALS

To be considered for presentation to the 2009 Annual Meeting of Shareholders and inclusion in the Company's Proxy Statement related to such meeting, a shareholder proposal must be received at the offices of the Company, 23500 64th Avenue South, Kent, Washington 98032, not later than April 15, 2009. To be eligible to submit a proposal, a shareholder must have continually been a record or beneficial owner of shares of Common Stock having a market value of at least \$2,000 (or representing at least 1% of the shares entitled to vote on the proposal), for a period of at least one year prior to submitting the proposal, and the shareholder must continue to hold the shares through the date on which the meeting is held.

**SECURITIES AND INFORMATION
CONCERNING SOLICITATION**

The Company has only one class of capital stock outstanding entitled to be voted at the Annual Meeting: Common Stock with voting rights.

Record Date and Outstanding Shares

On July 3, 2008, the record date for determining the shareholders entitled to vote at the Annual Meeting, there were 37,591,000 shares of Common Stock outstanding and entitled to vote. The last sale on the record date of the Company's Common Stock, as reported by NASDAQ, was \$7.45 per share.

Table of Contents

Voting

Each share entitles the holder to one vote on all matters presented for shareholder approval including one vote for each director. There are no cumulative voting rights. The presence, in person or by proxy, of holders of a majority of the outstanding shares of Common Stock is required to constitute a quorum for the transaction of business at the Annual Meeting.

In the vote on the election of the director nominees (Proposal 1), you may vote **FOR** all or some of the nominees, **AGAINST** all or some of the nominees, or you may vote **WITHHOLD** with respect to one or more of the nominees. For the proposal to ratify the appointment of Deloitte & Touche LLP (Proposal 2), you may vote **FOR**, **AGAINST** or **ABSTAIN**.

The Company amended its Bylaws on May 7, 2008 to provide that the election of directors would be by majority voting. Under the new provision, if a quorum is present, in uncontested elections such as this one, each of the two nominees for election to the Board of Directors must receive a majority of the votes cast. A majority of votes cast means that the number of shares cast **FOR** a director's election exceeds the number of votes affirmatively voted as **AGAINST** that director. **WITHHOLD** votes and abstentions do not count as cast votes and do not factor into the results for the election.

With respect to Proposal 2 (ratification of the appointment of Deloitte & Touche LLP), the proposal will be approved if the number of votes cast **FOR** the proposal exceeds the number of votes cast **AGAINST** the proposal.

An abstention occurs when a shareholder affirmatively instructs the vote to be withheld (or when a shareholder who has not given a proxy is present at a meeting and does not cast a ballot. Abstentions and broker non-votes (shares held by a broker or nominee that are not voted because the broker does not have the authority, either express or discretionary, to vote on a particular matter) are counted for purposes of determining the presence or absence of a quorum for the transaction of business at the Annual Meeting.

Abstentions, withheld votes and broker non-votes will have no practical effect in the ratification of the selection of Deloitte & Touche LLP because abstentions, withheld votes and broker non-votes do not represent votes cast **FOR** or **AGAINST** the respective proposal.

If a director does not receive the required majority of votes cast, then he or she remains on the Board until the earlier of (i) ninety (90) days after the vote is counted; (ii) the date that the Board appoints a replacement; or (iii) the director's resignation. During that ninety (90) day period, the Nominating and Governance Committee will consider and recommend to the Board, and the Board will decide and disclose publicly, whether to fill the office of the nominee who failed to receive a majority of the votes cast. The prior provision of the Bylaws required that, in order to be elected, a director receive a plurality of the votes present at a meeting.

Postponement or Adjournment of Annual Meeting

If the Annual Meeting is postponed or adjourned for any reason, at any reconvening of the Annual Meeting all proxies will be voted in the same manner as the proxies would have been voted at the original convening of the Annual Meeting, except for any proxies that have at that time effectively been revoked or withdrawn, notwithstanding that they may have been effectively voted on the same or any other matter at a previous meeting.

Solicitation and Expenses of Solicitation

Proxies may be solicited by officers, directors and regular supervisory and executive employees of the Company, none of whom will receive any additional compensation for their services. In addition, the Company has retained The Altman Group, Inc. to assist in the solicitation of proxies. The Company has agreed to pay that firm \$5,500, plus reasonable out-of-pocket expenses, for proxy solicitation services. Proxies may be solicited personally or by mail, telephone, facsimile or messenger. The Company will also pay persons holding shares of the Common Stock in their names or in the names of the nominees, but not owning such shares beneficially, such as brokerage houses, banks and other fiduciaries, for the expense of forwarding soliciting materials to their principals. All of the costs of the solicitation of proxies will be paid by the Company.

**ELECTION OF DIRECTORS
(Proxy Proposal Number One)**

According to the Company's Articles of Incorporation and Bylaws, the Board of Directors shall be composed of such number of directors as shall from time to time be fixed by resolution adopted by the

affirmative vote of seventy percent of the total number of directors then in office, split (as closely as possible) into three equal classes. In May 2008, the Board removed the restriction that limited the Board to nine directors.

At the meeting, two directors will be elected to hold office for three-year terms ending at the 2011 Meeting of Shareholders, or until their respective successors are elected and qualified. Of the remaining directors, three are serving terms that will not expire until the 2009 Annual Meeting of Shareholders and three are serving terms that will not expire until the 2010 Annual Meeting of Shareholders. Each director elected will continue in office until his or her successor has been elected, or until his or her resignation or removal in the manner provided by the Articles of Incorporation and Bylaws of the Company.

Jan Ver Hagen is retiring from the Board of Directors when his current term expires at the 2008 Annual Meeting. The Company does not intend to immediately nominate an additional director candidate. However, in connection with the acquisition of OMAX Corporation, the Company has agreed to appoint Dr. John Cheung, the President of OMAX, as a director upon closing of the transaction. The acquisition of OMAX Corporation will not close until after the 2008 Annual Meeting of Shareholders, so Dr. Cheung will stand for election at the 2009 Annual Meeting.

The names of those persons nominated by the Board of Directors for the position of director of the Company and the names of the directors of the Company whose terms will continue after the Annual Meeting are listed below, accompanied by brief biographies. Shares represented by a properly executed proxy in the accompanying form will be voted for such nominees. Discretionary authority is reserved to vote such shares in the best judgment of the persons named in the proxy in the event that any person or persons other than the nominees listed below are to be voted upon at the meeting due to the unavailability of any nominee so listed.

There are no family relationships between any nominee, director, or executive officer of the Company.

**DIRECTOR INDEPENDENCE AND
INFORMATION REGARDING
THE COMMITTEES OF THE
BOARD OF DIRECTORS**

The Board of Directors consists of a majority of independent directors as such term is defined under Rule 4200(a)(15) of the NASDAQ Stock Market Inc.'s Marketplace Rules. For fiscal year 2008, the Board of Directors determined that Messrs. Ver Hagen, Fox, Ribaldo, Calhoun, Kring and Mr. Lamadrid and Ms. Munro, are independent directors. For fiscal year 2009, the Board has determined that that Messrs. Fox, Ribaldo, Calhoun, Kring and Mr. Lamadrid and Ms. Munro, are independent directors.

The Nominating and Governance Committee of the Board of Directors has included in its written charter a provision making it responsible for reviewing actual or potential conflicts of interest involving the Company's directors and executive officers. The Company's Guide to Ethical Conduct also requires that employees report conflicts of interest to the Company's General Counsel or Corporate Compliance Officer.

The Board of Directors held 5 meetings during the fiscal year ended April 30, 2008. All of the directors attended at least 75% of all Board and Committee meetings, except Mr. Kring who was appointed in March 2008. The numbers of meetings of each Committee of the Board are described below.

The Company typically schedules a Board Meeting in connection with the Annual Shareholder Meeting. The Company expects that all directors will attend, absent a valid reason, such as a schedule conflict. Last year, all members of the Board of Directors attended the Annual Meeting.

The Board has three standing committees to facilitate and assist the Board in the execution of its responsibilities. The committees are currently the Audit Committee, the Compensation and Plan Administrator Committee and the Nominating and Governance Committee. In accordance with NASDAQ's Marketplace Rules, all the committees are comprised solely of non-employee, independent Directors. The charter of each committee is available in print to any shareholder who requests it, and on the Company's website as noted below. The table below shows the fiscal 2009

Audit Committee. The primary function of the Audit Committee is to assist the Board of Directors in its oversight of the integrity of financial information provided to shareholders and others, its review of the adequacy of the system of internal controls established by the Company and its monitoring of the audit process. In performing these functions, the Audit Committee reviews the Company's financial reporting process and internal controls and reviews and appraises the audit efforts of the Company's independent registered public accounting firm and the Company's internal audit function. The Audit Committee also provides open lines of communication between the directors, the independent registered public accounting firm, the internal auditor and the financial and senior management of the Company. The Board of Directors has approved a written charter for the Audit Committee, which is published on the Company's website at www.flowcorp.com/investors.cfm?id=376. Among other things, the Audit Committee Charter requires that members of the Committee be independent of management, free of any relationship that would interfere with their independent judgment and have a minimum level of financial competency. For fiscal 2009, all of the members are experienced in financial matters. The members of the Audit Committee, in addition to the foregoing criteria, meet the additional criteria of SEC Rule 10A-3 that they neither (1) accept any direct compensation from the Company other than director and committee fees and pension or other deferred compensation for prior service, nor (2) are affiliated persons of the Company. The Board of Directors has determined that Richard P. Fox is an audit committee financial expert as defined in the rules of the Securities and Exchange Commission (SEC). The Audit Committee held 4 meetings in fiscal 2008.

Compensation and Plan Administrator Committee. The primary function of the Compensation and Plan Administrator Committee is to assist the Board of Directors to ensure that all officers and key management personnel of the Company and its subsidiaries are effectively compensated in terms of salary, supplemental compensation, and benefits which are internally equitable and externally competitive. The Committee establishes and maintains a competitive, fair, and equitable compensation and benefits policy designed to retain personnel, to stimulate their useful and profitable efforts on behalf of the Company, and to attract necessary additions to the staff with appropriate qualifications. The Committee also acts as Administrator of the Company's stock incentive plans, determining the terms, amounts and recipients of stock grants. During fiscal 2008, Arlen I. Prentice was a non-voting member of the Committee. Mr. Prentice abstained from participating in matters where he may have had a conflict of interest due to his relationship with Kibble & Prentice, Inc., which is more fully described under Certain Relationships and Related Transactions below. There were two meetings of the Compensation and Plan Administrator Committee during fiscal 2008.

Nominating and Governance Committee. The primary function of the Nominating and Governance Committee is to assist the Board of Directors in matters of Board organization and composition and to locate and recommend to the Board individuals to fill vacancies on the Board. The Nominating and Governance Committee met two times during fiscal 2008. The Charter for the Committee is available at the Company's website at www.flowcorp.com/investors.cfm?id=376. Information on the Company's website, however, does not form a part of this Proxy Statement.

THE DIRECTOR NOMINATION PROCESS

(i) Consideration of Director Nominees

The Nominating and Governance Committee will consider qualified nominees recommended by shareholders. Shareholders may submit recommendations to the Nominating and Governance Committee in care of our Chairman of the Board and Secretary at the address set forth on page 1 of this Proxy Statement. Nominees for director who are recommended by shareholders will be evaluated in the same manner as any other nominee for director.

Shareholder recommendations for director should include (i) the name and address of the shareholder recommending the person to be nominated, (ii) a representation that the shareholder is a holder of record of stock of the Company, including the number of shares held and the period of holding, (iii) a description of all arrangements or understandings between the shareholder and the recommended nominee, (iv) such other information regarding the recommended nominee as would be required to be included in a Proxy Statement filed pursuant to Regulation 14A promulgated by the SEC pursuant to the Securities Exchange Act of 1934, as amended and (v) the consent of the recommended nominee to serve as a director of the Company if so elected. We may require that the proposed nominee furnish us with other information as we may reasonably request to

Table of Contents

assist us in determining the eligibility of the proposed nominee to serve as a director.

To submit a recommendation for director for an upcoming annual shareholder meeting, it is necessary that a shareholder notify the Company not less than 120 days, nor more than 180 days, before the first anniversary of the date that the Proxy Statement for the preceding year's Annual Meeting was first sent to shareholders. In addition, the notice must meet all other requirements contained in the Company's Bylaws, if any.

The Company's Bylaws also provide that nominations of persons for election to the Board of Directors may be made at any Annual Meeting of Shareholders by any shareholder entitled to vote on such election. Such nominations must be submitted to the Company in accordance with the procedures specified in Section 5 of Article II of the Bylaws.

Effective August 20, 2007, the Board of Directors of Flow amended the section of Flow's Bylaws that governs shareholder nominations for election to the Board. The amendment extends the time for shareholder nominations for directors. The Bylaws had provided that shareholder nominations for directors must be made between sixty and ninety days prior to the annual meeting, and, if the annual meeting date is set so that it is more than thirty days from the anniversary of the prior year's meeting, any shareholder nominations must be received within ten days of the announcement of the meeting date. The amendment to the By-laws extends this time from ten to twenty days.

Qualification of Directors

In evaluating the suitability of candidates to serve on the Board of Directors, including shareholder nominees, the Nominating and Governance Committee will seek candidates who are independent as defined in the NASDAQ rules and meet certain selection criteria, including:

each director should be chosen without regard to sex, race, age, religion or national origin;

each director should be an individual of the highest character and integrity and have an inquiring mind, vision and the ability to work well with others;

each director should be free of any conflict of interest that would violate applicable law or regulations or interfere with the proper performance of the responsibilities of a director;

each director should possess substantial and significant experience which would be of particular importance to the Company in the performance of the duties of a director;

each director should have sufficient time available to devote to the affairs of the Company in order to carry out the responsibilities of a director;

each director should have the capacity and desire to represent the balanced, best interests of the shareholders of the Company as a whole and not primarily a special interest group or constituency;

each director should have the ability to read and understand corporate financial statements; and

each director should have the ability to work effectively with other directors in collectively serving the long-term interests of all shareholders.

Prior to any meeting involving the election of directors, the Nominating and Governance Committee will evaluate the candidates based on the foregoing suitability criteria and recommend the most qualified candidates to the Board of Directors.

In evaluating director candidates, regardless of the source of the nomination, the Nominating and Governance Committee will consider, in accordance with its Charter, the composition of the Board as a whole, the requisite characteristics (including independence, diversity, skills and experience) of each candidate, and the performance and continued tenure of incumbent Board members.

(ii) Process for Identifying and Evaluating Nominees

The Nominating and Governance Committee may employ a variety of methods for identifying and evaluating nominees for director. The Nominating and Governance Committee regularly assesses the size of the Board, the need for particular expertise on the Board, the upcoming election cycle of the Board and whether any vacancies on the Board are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Nominating and Governance Committee considers various potential candidates for director which may come to the Nominating and Governance Committee's attention through current Board members, Management, professional search firms, shareholders or other persons. These candidates are evaluated at regular or special

Table of Contents

meetings of the Nominating and Governance Committee, and may be considered at any point during the year.

The Nominating and Governance Committee will consider candidates recommended by shareholders, when the nominations are properly submitted, under the criteria summarized above in Consideration of Director Nominees. The deadlines and procedures for shareholder submissions of director nominees are described above. Following verification of the shareholder status of persons proposing candidates, the Nominating and Governance Committee makes an initial analysis of the qualifications of any candidate recommended by shareholders or others pursuant to the criteria summarized above to determine whether the candidate is qualified for service on the Board before deciding to undertake a complete evaluation of the candidate. If any materials are provided by a shareholder or professional search firm in connection with the nomination of a director candidate, such materials are forwarded to the Nominating and Governance Committee as part of its review. If the Nominating and Governance Committee determines that additional consideration is warranted, it may gather and review additional information about the nominee's background and experience (or may request a third-party search firm on its behalf to gather such additional information and report its findings to the Nominating and Governance Committee). Other than the verification of compliance with procedures and shareholder status, and the initial analysis performed by the Nominating and Governance Committee, a potential candidate nominated by a shareholder is treated like any other potential candidate during the review process by the Nominating and Governance Committee. In connection with this evaluation, the Nominating and Governance Committee determines whether to interview the prospective nominee, and if warranted, one or more members of the Nominating and Governance Committee, and others as appropriate, interview prospective nominees in person or by telephone. After completing this evaluation and interview, the Nominating and Governance Committee makes a recommendation to the full Board as to the persons who should be nominated by the Board, and the Board determines the nominees after considering the recommendation and report of the Nominating and Governance Committee.

Compensation Committee Interlocks and Insider Participation

The Compensation and Plan Administrator Committee is comprised entirely of independent directors. During fiscal 2008, none of the Company's executive officers served as a member of a compensation committee or board of directors of any other entity which had an executive officer serving as a member of the Company's Board of Directors.

Compensation of Directors

The Compensation and Plan Administrator Committee is charged with ensuring that the Company will be able to continue to attract and retain directors having the qualifications necessary to serve the interests of the Company's shareholders. To achieve this goal and, based on a thorough review of director compensation at a peer group of 16 companies conducted by a nationally recognized independent compensation consulting firm, the Compensation Committee has adopted the following compensation program for Directors. This program was adopted in fiscal 2004, but modified in 2006 to raise the value of the stock grant. The program remained unchanged for fiscal 2008.

Directors who are not employees of the Company will receive an annual retainer of \$20,000, payable quarterly, \$1,500 per meeting for attendance at Board meetings and \$1,000 per meeting for attendance at Committee meetings. The Company also reimburses directors for travel and other expenses in connection with their service.

In addition, Committee Chairs are paid an additional annual retainer of \$5,000 with the exception of the Audit Committee Chair who is paid an additional annual retainer of \$10,000, and the non-executive Chairman of the Board who is paid an additional annual retainer of \$15,000.

Non-employee Directors also receive annual grants of shares of Common Stock that are vested at the time of grant. The annual grants of shares of Company stock have a value equal to \$40,000. The grants will be made at each Annual Meeting of Shareholders, and the shares will be valued based on the average closing price over the twenty (20) trading

days preceding the Annual Meeting.

The Board has adopted a policy that directors retain all shares of stock received from the Company in consideration for their services so long as they continue to serve as directors of the Company.

The Board has also adopted a policy that directors may serve no more than four three-year terms.

Compliance with Section 16 (a) of the Securities Exchange Act of 1934

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers, and persons who own more than ten percent (10%) of a registered class of the Company's equity securities, to file with the Securities and Exchange Commission initial reports of ownership and reports of changes in ownership of Common Stock. Officers, directors and greater-than-ten percent shareholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file. To the Company's knowledge, based solely on review of the

copies of such reports furnished to the Company and representations that no other reports were required, during the fiscal year ended April 30, 2008, all Section 16(a) filing requirements were complied with, except the Section 16(a) filings required to be filed in connection with equity awards granted as part of the year-end review.

Compensation Discussion and Analysis

Introduction. Our Compensation and Plan Administrator Committee (the Compensation Committee) establishes and directs the administration of all programs under which executive compensation is paid or awarded to the Company's executive officers and incentive-eligible employees. The Compensation Committee also evaluates the performance of our Chief Executive Officer (CEO) and assesses the overall effectiveness of the Company's executive compensation programs.

Compensation Program Objectives. The Compensation Committee adopted a compensation philosophy in fiscal 2005, which it used as the basis for the Company's compensation programs in fiscal 2008.

Table of Contents

The objective of the Company's compensation programs is to provide compensation and benefits that are competitive, equitable and consistent with our commitment to provide a work environment promoting teamwork, outstanding performance and corporate pride.

Elements of Executive Compensation. The elements of executive compensation during fiscal 2008 were base salary, a short-term incentive program, and long-term incentive programs. We describe each of these elements below. While the elements of compensation described below are considered separately, the Compensation Committee takes into account the full compensation package afforded by the Company to each executive, including salary, targeted incentive compensation, retirement and other benefits. In reviewing the individual performance of the executives whose compensation is detailed elsewhere in this Proxy Statement, the Compensation Committee works with the Company's Human Resources group, and takes into account the views of the CEO (other than in a review of the CEO himself).

Base Salaries. The Compensation Committee believes that base salaries should be competitive with relevant organizations with similar complexity, and internally consistent based upon each position's assigned responsibilities. Individual salary determinations are made considering qualifications, experience and performance. Base salaries of the executive officers, other than for the CEO, were determined by the Compensation Committee using the CEO's recommendations. The Compensation Committee engaged an independent compensation consultant to assist for fiscal year 2007, but did not do so in 2008. The Compensation Committee made adjustments to individual executives' base salaries for fiscal 2008 and again for fiscal 2009 based on competitive pay data and practices in the industrial and commercial machinery industry sector, proxy analysis of a group of peer companies, and individual performance.

The Company selected its peer group companies using the following criteria: (a) the company must be publicly traded; (b) the company must be headquartered in the U.S.; (c) the company is in the Industrial Manufacturing Industry; and (d) the company must have annual revenue ranging between \$100 Million and \$400 Million. These search parameters resulted in a peer group of 22 companies, consisting of the following: A.S.V., Inc. (ASVI); Alamo Group, Inc. (ALG); Ampco-Pittsburgh Corp. (AP); Badger Meter, Inc. (BMI); CECO Environmental Corp. (CECE); Flanders Corp. (FLDR); Gehl Co. (GEHL); GSI Group, Inc. (GSIG); Hardinge, Inc. (HDNG); Hurco Companies, Inc. (HURC); Kadant, Inc. (KAI); L.B. Foster Co. (FSTR); Lindsay Corp. (LNN); Material Sciences Corp. (MSC); MFRI, Inc. (MFRI); NN, Inc. (NNBR), Presstek, Inc. (PRST), RBC Bearings, Inc. (ROLL); Sun Hydraulics Corp. (SNHY); Synalloy Corp. (SYNL), The Gorman-Rupp Co. (GRC); Thermadyne Holdings Corp. (THMD).

Short-Term Incentive Plan. We believe it is important that those who are directly involved in contributing to the achievement of the Company's goals should have a meaningful portion of their total compensation opportunity tied to those goals. Executive officers and other key management and technical positions have a portion of their total compensation at risk, contingent upon meeting predefined short-term corporate, business unit and individual goals. More senior executives, who have a greater opportunity to contribute to the Company's goals, have a greater portion of their compensation at risk.

The Short-Term Incentive Plan (also known as the Cash Incentive Plan) emphasizes the achievement of the Company's annual financial goals. For fiscal 2008 these goals were based upon the Company obtaining Operating Profit of \$23.6 million, and Operating Profit as a percentage of Revenue of 8.1%, and executive officers achieving certain individual goals. Executives' target bonus levels were set at percentages of base salary, ranging from 25-45 percent. Payouts could range from zero to two times the target amount, depending on achievement of goals. For executive officers 80 percent of their short-term incentive award was based on the Company's achievement of the financial goals and 20 percent was based on the achievement of individual goals for the executive officers. The CEO's short-term incentive award was determined by the Compensation Committee. For fiscal 2008, if the accrual for the payout was included, the corporate financial goals were not met. However, the Compensation Committee approved a payout of 50% of Target to recognize the significant efforts that were made during FY08.

Long-Term Incentive Plan. We also believe that executive officers and other key management positions should have a meaningful portion of their total compensation linked to sustained performance and to increasing long-term shareholder value. Beginning with fiscal 2006, the Company adopted, and the shareholders approved, a Long-Term Incentive Plan. This

Table of Contents

Plan was replaced for FY09 by the Equity Incentive Plan (EIP). No awards were made for FY08 under either the Long-Term Incentive Plan or the EIP. The purpose of the EIP is to provide stock incentives for executives who assist the Company in meeting the Company s long-term financial goals and to align the interests of executives with the Company s shareholders. Under the plan, executives have the opportunity to receive shares of stock. At the beginning of the year, participating executives are assigned a target award. The size of the target EIP award is based on the participant s level in the organization. These target awards may be modified up or down by 35% depending on the participant s performance during the preceding year, and the potential value of their contributions during the upcoming year. Target EIP awards for executive officers who report directly to the CEO (such executives, the SMT) are made in the form of both restricted shares and options. One-third of the award is made in the form of restricted shares, and the remaining two-thirds of the award is made in the form of stock options. The combined number of shares and options for members of the SMT range from 7,191 to 20,643. The restricted shares and the options are time-vested in equal increments over 4 years. The options have a 10-year life.

The Compensation Committee uses both stock and stock options for executive compensation believing that both have a role in retention and alignment with shareholders. Stock serves both as a retention tool, and a strong incentive to manage the Company for maximum share value. Options provide an incentive to maximize share value.

Other Benefits. Executives also receive reimbursement for fees paid for financial planning services, and a monthly car allowance. The Company provides a 401(k) plan as a retirement benefit and health insurance for all of its US-based employees.

Change In Control. In order to provide executives the assurance that executives will serve the interests of shareholders in the event of a potential sale of the Company or other change in control, the Company provides that in the event an executive loses his or her job without cause following a sale of the Company or other change in control, that executive will receive one year of salary and target bonus and all outstanding unvested equity awards will immediately vest. This benefit is provided to senior executives whose employment would be at risk following a change in control.

Chief Executive Officer Compensation. Mr. Brown s compensation arrangement provides for a period of employment that ends on April 30, 2011. His original period of employment was set to expire on April 30, 2010, but was extended in May 2008 for an additional year in recognition of his performance in fiscal year 2008. Subject to the terms and conditions of the agreement, Mr. Brown will receive, among other things:

an annual base salary of \$500,000;

annual performance-based bonus set at a target of 70% of base salary (but not more than 140% of base salary)

the ability to participate in the EIP and acquire an annual grant of stock options and shares of restricted stock having an aggregate target value equal to 200% of base salary; and

an option to purchase 200,000 shares of the Company s common stock vesting over a four-year period.

The agreement also provides for other benefits, such as relocation payments and home closing expense reimbursements, a monthly financial planning allowance, vacation accrual, and eligibility to participate in life insurance, health insurance, 401(k) and similar benefit plans of the Company.

In general, the compensation and benefits described in the paragraph above will be provided to Mr. Brown in connection with his employment with the Company through the end of the employment term. However, Mr. Brown will not be entitled to all such described compensation and benefits if his employment is terminated prior to the end of the employment term by the Company for Cause (as defined in Mr. Brown s Employment Agreement) or by

resignation of Mr. Brown other than for Good Reason (as defined in the Agreement) but rather, Mr. Brown will only be entitled to receive base salary and other bonuses and compensation earned as of the date of termination. In the event that Mr. Brown's employment is terminated prior to the end of the employment term by the Company other than for Cause or by resignation of Mr. Brown for Good Reason, then Mr. Brown shall generally be entitled to receive as severance the following: two years of the then-current base salary, two annual bonuses, immediate vesting in all outstanding stock options and restricted stock awards, and the reimbursement for two years of

Table of Contents

premiums paid for life, hospitalization and disability insurance plan coverage.

In the event that Mr. Brown's employment is terminated due to the employment term of the Agreement expiring, then Mr. Brown shall generally be entitled to receive as severance the following: one year of the then-current base salary, one annual bonus, and the reimbursement for one year of premiums paid for life, hospitalization and disability insurance plan coverage. If the Agreement terminates by reason of death, then the Company shall provide for immediate vesting in all outstanding stock options and restricted stock awards.

In the event that Mr. Brown's employment is terminated within one year after a Change in Control other than for Cause or by resignation of Mr. Brown for Good Reason, then Mr. Brown shall generally be entitled to receive as severance the following: two years of the then-current base salary, two annual bonuses, and the reimbursement for two years of premiums paid for life, hospitalization and disability insurance plan coverage.

The Agreement also contains confidentiality, non-competition, non-solicitation and indemnification provisions.

Conclusion. The Compensation Committee believes that the executive compensation policies and practices it has adopted will serve the interests of the shareholders and the Company effectively. The Compensation Committee also believes that the Company's compensation programs provide motivation for executive officers to contribute to the Company's future success and balance both the short and long-term interests of our shareholders. The Compensation Committee will continue to monitor the effectiveness of the Company's total compensation program to meet the ongoing needs of the Company.

The Compensation and Plan Administrator Committee of the Company has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management, and based on such review and discussions, the Compensation Committee recommended that the Compensation Discussion and Analysis be included in this Proxy Statement.

In the columns described as Estimated Future Payouts Under Non-Equity Incentive Plan Awards, this table quantifies potential awards under the Annual Incentive discussed above. In the columns described below as Estimated Future Payouts Under Equity Incentive Plan Awards, this table quantifies awards made to named executive officers under the Long-Term Incentive Plan discussed above.

(1) These columns show what the potential payout for each named executive officer was under the Cash Incentive Plan in fiscal year 2008, if the target, or maximum goals were satisfied for all performance measures. The potential payouts were performance-driven and therefore completely at risk. The payouts range from zero to two times the target bonus, depending on the degree of target achievement. Typically these awards are paid approximately half in cash and half in stock. However, for fiscal year 2008 the awards were paid entirely in cash. The business measurements, performance goals, and salary multipliers for determining the payout are described in the Compensation Discussion and Analysis, above. A column for threshold payments under the Annual Incentive Plan has been omitted because the Annual Incentive Plan does not have a threshold payment feature.

(2) There were no awards granted in fiscal 2008 to the named executive officers under the Long-Term Incentive Plan or the Equity Incentive Plan (EIP) discussed in more detail in the Long-Term Incentive Plan section of the Compensation Discussion and Analysis.

(3) This column shows the exercise price for the stock options granted, which was the closing price of Company stock on the grant date indicated.

(4) This column shows the full grant date fair value of grants under SFAS 123R.

The following table provides information on the holdings of stock option and restricted stock awards to the named executive officers as of April 30, 2008. This table includes unexercised and unvested option awards and unvested shares of restricted stock. Each equity grant is shown separately for each named executive officer. The option exercise price shown below reflects the closing market price of the Company's stock on the date of the grant. The market value of the restricted stock awards is based on the closing market price on April 30, 2008 \$10.03. For additional information about the option awards and restricted stock awards, see the description of equity incentive compensation in the Compensation Discussion and Analysis.

**SHAREHOLDER COMMUNICATION WITH
THE BOARD OF DIRECTORS**

Although the Company has not to date developed formal processes by which shareholders may communicate directly with directors, it believes that the informal process, in which any communication sent to the Board, either generally or in care of the CEO, Corporate Secretary, or another corporate officer, is forwarded to all members of the Board, has served the Board's and the Company's shareholders' needs. There is no screening process, and all shareholder communications that are received by officers for the Board's attention are forwarded to the Board. In view of recently adopted SEC disclosure requirements related to this issue, the Nominating and Governance Committee may consider development of more specific procedures. Until any other procedures are developed and posted on the Company's corporate website, any communication to the Board should be mailed to the Board, in care of the Company's Corporate Secretary, at the Company's headquarters in Kent, Washington. The mailing envelope must contain a clear notation indicating that the enclosed letter is a Shareholder-Board Communication or Shareholder-Director Communication. All such letters must identify the author as a shareholder and clearly state whether the intended recipients are all members of the Board or just certain specified individual directors. The Secretary will make copies of all such letters and circulate them to the appropriate director or directors.

PROFESSIONAL CONDUCT POLICY

The Company has adopted a Professional Conduct Policy, which it refers to as the Guide to Ethical Conduct. The Company replaced its Professional Conduct Policy with the Guide to Ethical Conduct during the fourth quarter of fiscal year ended April 30, 2007. By the end of the first quarter of the fiscal year ending April 30, 2008, substantially all of the Company's employees worldwide had received a copy of, and been trained on the Guide to Ethical Conduct. The Guide to Ethical Conduct is intended to meet the requirements of a code of ethics as set forth in Item 406(b) of Regulation S-K and the Guide to Ethical Conduct applies to all of the Company's employees, including its principal executive officer, principal financial officer and the principal accounting officer. The Professional Conduct Policy is posted on the Company's corporate website at <http://www.flowcorp.com/investors.cfm?id=376>.
