**ABOUT THIS PROSPECTUS**

This document is called a prospectus, and it provides you with a general description of the securities we may offer. You should read both this prospectus and any prospectus supplement together with additional information described under the heading **Where You Can Find More Information**.

We have filed a registration statement with the Securities and Exchange Commission, or the SEC, using a shelf registration process. Under this shelf registration process, we may offer and sell any combination of the securities described in this prospectus in one or more offerings.

Our SEC registration statement containing this prospectus, including exhibits, provides additional information about us and the securities offered under this prospectus. The registration statement can be read at the SEC's website or at the SEC's offices. The SEC's website and street address are provided under the heading **Where You Can Find More Information**.

When acquiring securities, you should rely only on the information provided in this prospectus and in the related prospectus supplement, including any information incorporated by reference. No one is authorized to provide you with information different from that which is contained, or deemed to be contained, in the prospectus and related prospectus supplement. We are not offering the securities in any state where the offer is prohibited. You should not assume that the information in this prospectus, any prospectus supplement or any document incorporated by reference is truthful or complete as of any date other than the date indicated on the cover page of the relevant document.

This prospectus contains forward-looking statements. You should read the explanation of the qualifications and limitations on such forward-looking statements on page 4 of this prospectus. You should also carefully consider the various risk factors incorporated by reference into this prospectus from our SEC filings, which risk factors may cause our actual results to differ materially from those indicated by such forward-looking statements. You should not place undue reliance on our forward-looking statements.

Unless otherwise stated or unless the context otherwise requires, all references to **we**, **us**, **our**, **our Company** or **the Company** in this prospectus refer collectively to Inverness Medical Innovations, Inc., a Delaware corporation, and its subsidiaries, and their respective predecessor entities for the applicable periods, considered as a single enterprise.

reduce health-related costs and enhance the health and quality of life of the individuals we serve. Our consumer diagnostic segment consists primarily of manufacturing operations related to our role as the exclusive manufacturer of products for SPD Swiss Precision Diagnostics, or Swiss Precision, our 50/50 joint venture with The Procter & Gamble Company. Swiss Precision holds a leadership position in the worldwide over-the-counter pregnancy and fertility/ovulation test market. We also manufacture and market a variety of vitamins and nutritional supplements under our brands and those of private label retailers primarily in the U.S. consumer market. We have grown our businesses by leveraging our strong intellectual property portfolio and making selected strategic acquisitions. Our products are sold in approximately 90 countries through our direct sales force and an extensive network of independent global distributors.

Inverness Medical Innovations, Inc. is a Delaware corporation. Our principal executive offices are located at 51 Sawyer Road, Suite 200, Waltham, Massachusetts 02453 and our telephone number is (781) 647-3900. Our website is [www.invernessmedical.com](http://www.invernessmedical.com). The information found on our website is not part of this prospectus.

**RATIO OF EARNINGS TO FIXED CHARGES AND RELATED MATTERS**

The following table presents our ratio of earnings to fixed charges and our ratio of earnings to combined fixed charges and preference dividends for the periods indicated. For this purpose, earnings consist of pre-tax income before adjustment for income from equity investees plus fixed charges (excluding capitalized interest). Fixed charges consist of interest expensed and capitalized, amortized premiums, discounts and capitalized expenses related to indebtedness and an estimate of the interest within rental expense. Preference dividends equal the amount of pre-tax earnings that is required to pay the dividends on outstanding preference securities. Due to the losses from operations for the years ended December 31, 2008, 2007, 2006, 2005 and 2004, there were insufficient earnings of \$38.1 million, \$248.9 million, \$11.8 million, \$12.4 million and \$14.3 million, respectively, to cover fixed charges.

	<b>Year Ended December 31,</b>				
	<b>2008</b>	<b>2007</b>	<b>2006</b>	<b>2005</b>	<b>2004</b>
Ratio of earnings to fixed charges	0.7x		0.6x	0.5x	0.4x
Ratio of earnings to combined fixed charges and preference dividends	0.7x		0.6x	0.5x	0.4x

**SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS**

This prospectus contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. You can identify these statements by forward-looking words such as may, could, should, would, intend, will, expect, anticipate, believe, continue or similar words. You should read statements that contain these words carefully because they discuss our future expectations, contain projections of our future results of operations or of our financial condition or state other forward-looking information. There may be events in the future that we are unable to predict accurately or control and that may cause our actual results to differ materially from the expectations we describe in our forward-looking statements. We caution investors that all forward-looking statements involve risks and uncertainties, and actual results may differ materially from those we discuss in this prospectus. These differences may be the result of various factors, including those factors identified from time to time in our periodic filings with the SEC or in a prospectus supplement. Some important factors that could cause our actual results to differ materially from those projected in any such forward-looking statements are as follows:

our inability to predict the effects of the current national and worldwide financial and economic crisis, including disruptions in the capital and credit markets;

our inability to predict the effects of anticipated United States national healthcare reform legislation and similar initiatives in other countries;

**Table of Contents**

economic factors, including inflation and fluctuations in interest rates and foreign currency exchange rates, and the potential effect of such fluctuations on revenues, expenses and resulting margins;

competitive factors, including technological advances achieved and patents attained by competitors and general competition;

domestic and foreign healthcare changes resulting in pricing pressures, including the continued consolidation among healthcare providers, trends toward managed care and healthcare cost containment and government laws and regulations relating to sales and promotion, reimbursement and pricing generally;

government laws and regulations affecting domestic and foreign operations, including those relating to trade, monetary and fiscal policies, taxes, price controls, regulatory approval of new products and licensing;

manufacturing interruptions, delays or capacity constraints or lack of availability of alternative sources for components for our products, including our ability to successfully maintain relationships with suppliers, or to put in place alternative suppliers on terms that are acceptable to us;

difficulties inherent in product development, including the potential inability to successfully continue technological innovation, complete clinical trials, obtain regulatory approvals or clearances in the United States and abroad and the possibility of encountering infringement claims by competitors with respect to patent or other intellectual property rights that can preclude or delay commercialization of a product;

significant litigation adverse to us including product liability claims, patent infringement claims and antitrust claims;

product efficacy or safety concerns resulting in product recalls or declining sales;

the impact of business combinations and organizational restructurings consistent with evolving business strategies;

our ability to satisfy the financial covenants and other conditions contained in the agreements governing our indebtedness;

our ability to effectively manage the integration of our acquisitions into our operations;

our ability to obtain required financing on terms that are acceptable to us; and

the issuance of new or revised accounting standards by the American Institute of Certified Public Accountants, the Financial Accounting Standards Board, the Public Company Accounting Oversight Board or the SEC.

The foregoing list provides many, but not all, of the factors that could impact our ability to achieve the results described in any forward-looking statement. Readers should not place undue reliance on our forward-looking statements. Before you invest in our securities, you should be aware that the occurrence of the events described above and elsewhere in this prospectus could seriously harm our business, prospects, operating results and financial condition. We do not undertake any obligation to update any forward-looking statement as a result of future events or developments.

**HOW WE INTEND TO USE THE PROCEEDS**

We currently intend to use the net proceeds from the sale of any securities under this prospectus for general corporate purposes, which may include:

the repayment of debt;

the repurchase of our capital stock;

the financing of potential acquisitions and investments;

## **Table of Contents**

working capital; and

other purposes described in any prospectus supplement.

Pending such use, we may temporarily invest the net proceeds. The precise amounts and timing of the application of proceeds will depend upon our funding requirements and the availability of other funds. Except as described in any prospectus supplement, specific allocations of the proceeds to such purposes will not have been made at the date of that prospectus supplement.

Based upon our historical and anticipated future growth and our financial needs, we may engage in additional financings of a character and amount that we determine as the need arises.

## **DESCRIPTION OF COMMON STOCK WE MAY OFFER**

*Please note that in the sections entitled Description of Common Stock We May Offer, Description of Preferred Stock We May Offer, Description of Warrants We May Offer, Description of Stock Purchase Contracts We May Offer, Description of Depositary Shares We May Offer, Description of Debt Securities and Subsidiary Guarantees We May Offer, and Description of Units We May Offer, references to we, our and us refer only to Inverness Medical Innovations, Inc. and not to any of its consolidated subsidiaries.*

*The following summary description of our common stock is based on the provisions of our Restated Certificate of Incorporation, as amended, which we refer to as our certificate of incorporation, and amended and restated by-laws, which we refer to as our by-laws, and the applicable provisions of the Delaware General Corporation Law, which we refer to as the DGCL. This description may not contain all of the information that is important to you and is subject to, and is qualified in its entirety by reference to our certificate of incorporation, our by-laws and the applicable provisions of the DGCL. For information on how to obtain copies of our certificate of incorporation and by-laws, see Where You Can Find More Information.*

We may offer common stock. We may also offer common stock issuable upon the conversion of debt securities or preferred stock, the exercise of warrants and pursuant to stock purchase contracts.

### **Authorized and Outstanding Capital Stock**

Our authorized capital stock consists of 150,000,000 shares of common stock, par value \$0.001 per share, and 5,000,000 shares of preferred stock, par value \$0.001 per share, of which 2,300,000 shares have been designated as Series B Convertible Perpetual Preferred Stock, or Series B preferred stock. As of April 9, 2009, we had 78,716,338 shares of common stock and 1,878,731 shares of Series B preferred stock issued and outstanding.

### **Common Stock**

*Voting Rights.* The holders of our common stock have one vote per share. Holders of our common stock are not entitled to vote cumulatively for the election of directors. Generally, all matters to be voted on by stockholders must be approved by a majority, or, in the case of the election of directors, by a plurality, of the votes cast at a meeting at which a quorum is present, voting together as a single class, subject to any voting rights granted to holders of any then outstanding preferred stock.

*Dividends.* Holders of common stock will share ratably in any dividends declared by our board of directors, subject to the preferential rights of any preferred stock then outstanding. We may pay dividends consisting of shares of common

stock to holders of shares of common stock.

*Other Rights.* Upon the liquidation, dissolution or winding up of our Company, all holders of common stock are entitled to share ratably in any assets available for distribution to holders of shares of common stock, subject to the preferential rights of any preferred stock then outstanding. No shares of common stock are subject to redemption or have preemptive rights to purchase additional shares of common stock.

## **Table of Contents**

### **Preferred Stock**

Our certificate of incorporation provides that we may issue shares of preferred stock from time to time in one or more series. Our board of directors is authorized to fix the voting rights, if any, designations, powers, preferences, qualifications, limitations and restrictions thereof, applicable to the shares of each series. Our board of directors may, without stockholder approval, issue preferred stock with voting and other rights that could adversely affect the voting power and other rights of the holders of the common stock and could have anti-takeover effects, including preferred stock or rights to acquire preferred stock in connection with implementing a shareholder rights plan. The ability of our board of directors to issue preferred stock without stockholder approval could have the effect of delaying, deferring or preventing a change of control of our company or the removal of existing management. Our board of directors has designated 2,300,000 shares of preferred stock as Series B preferred stock.

### **Indemnification Matters**

Our certificate of incorporation contains a provision permitted by Delaware law that generally eliminates the personal liability of directors for monetary damages for breaches of their fiduciary duty, including breaches involving negligence or gross negligence in business combinations, unless the director has breached his or her duty of loyalty, failed to act in good faith, engaged in intentional misconduct or a knowing violation of law, paid a dividend or approved a stock repurchase in violation of the DGCL or obtained an improper personal benefit. This provision does not alter a director's liability under the federal securities laws and does not affect the availability of equitable remedies, such as an injunction or rescission, for breach of fiduciary duty. Our by-laws provide that directors and officers shall be, and in the discretion of our board of directors, non-officer employees may be, indemnified by us to the fullest extent authorized by Delaware law, as it now exists or may in the future be amended, against all expenses and liabilities reasonably incurred in connection with service for us or on our behalf. Our by-laws also provide for the advancement of expenses to directors and, in the discretion of our board of directors, officers and non-officer employees. In addition, our by-laws provide that the right of directors and officers to indemnification shall be a contractual right and shall not be exclusive of any other right now possessed or hereafter acquired under any by-law, agreement, vote of stockholders or otherwise. We also have directors' and officers' insurance against certain liabilities. We believe that the limitation of liability and indemnification provisions of our certificate of incorporation and by-laws and directors' and officers' insurance will assist us in attracting and retaining qualified individuals to serve as our directors and officers.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be provided to our directors or officers, or persons controlling our Company as described above, we have been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

### **Provisions of Our Certificate of Incorporation and By-laws That May Have Anti-Takeover Effects**

Certain provisions of our certificate of incorporation and by-laws described below, as well as the ability of our board of directors to issue shares of preferred stock and to set the voting rights, preferences and other terms thereof, may be deemed to have an anti-takeover effect and may discourage takeover attempts not first approved by our board of directors, including takeovers that stockholders may believe to be in their best interests.

These provisions also could have the effect of discouraging open market purchases of our common stock because these provisions may be considered disadvantageous by a stockholder who desires subsequent to such purchases to participate in a business combination transaction with us or elect a new director to our board.

*Classified Board of Directors.* Our board of directors is divided into three classes serving staggered three-year terms, with one-third of the board being elected each year. Our classified board, together with certain other provisions of our certificate of incorporation authorizing the board of directors to fill vacant directorships or increase the size of the board, may prevent a stockholder from removing, or delay the removal

## **Table of Contents**

of, incumbent directors and simultaneously gaining control of the board of directors by filling vacancies created by such removal with its own nominees.

*Director Vacancies and Removal.* Our certificate of incorporation provides that the affirmative vote of a majority of the remaining directors is necessary to fill vacancies in our board of directors, except for any directorship that is to be filled exclusively by holders of preferred stock. Our certificate of incorporation provides that directors, other than those elected exclusively by the holders of preferred stock, may be removed from office only with cause and only by the affirmative vote of holders of at least seventy-five percent of the shares then entitled to vote in an election of directors.

*No Common Stockholder Action by Written Consent.* Our certificate of incorporation provides that any action required or permitted to be taken by the holders of our common stock at an annual or special meeting of stockholders must be effected at a duly called meeting and may not be taken or effected by a written consent of stockholders.

*Special Meetings of Stockholders.* Our certificate of incorporation and by-laws provide that only our board of directors may call a special meeting of stockholders. Our by-laws provide that only those matters included in the notice of the special meeting may be considered or acted upon at that special meeting unless otherwise provided by law.

*Advance Notice of Director Nominations and Stockholder Proposals.* Our by-laws include advance notice and informational requirements and time limitations on any director nomination or any new proposal which a stockholder wishes to make at an annual meeting of stockholders. A stockholder's notice of a director nomination or proposal will be timely if delivered to our corporate secretary at our principal executive offices not later than the close of business on the 90th day nor earlier than the close of business on the 120th day prior to the first anniversary of the preceding year's annual meeting.

*Amendment of the Certificate of Incorporation.* As required by Delaware law, any amendment to our certificate of incorporation must first be approved by a majority of our board of directors and, if required by law, thereafter approved by a majority of the outstanding shares entitled to vote with respect to such amendment, except that any amendment to the provisions relating to common stockholder action by written consent, directors (other than those provisions contained in any certificate of designation relating to preferred stock), limitation of liability and the amendment of our certificate of incorporation must be approved by not less than seventy-five percent of the outstanding shares entitled to vote with respect to such amendment.

*Amendment of By-laws.* Our certificate of incorporation and by-laws provide that our by-laws may be amended or repealed by our board of directors or by the stockholders. Such action by the board of directors requires the affirmative vote of a majority of the directors then in office. Such action by the stockholders requires the affirmative vote of at least seventy-five percent of the shares present in person or represented by proxy at an annual meeting of stockholders or a special meeting called for such purpose unless our board of directors recommends that the stockholders approve such amendment or repeal at such meeting, in which case such amendment or repeal only requires the affirmative vote of a majority of the shares present in person or represented by proxy at the meeting.

## **Statutory Business Combination Provision**

We are subject to Section 203 of the DGCL, which prohibits a publicly-held Delaware corporation from completing a business combination, except under certain circumstances, with an interested stockholder for a period of three years after the date such person became an interested stockholder unless:

before such person became an interested stockholder, the board of directors of the corporation approved the transaction in which the interested stockholder became an interested stockholder or approved the business combination;

upon the closing of the transaction that resulted in the interested stockholder becoming such, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time

## **Table of Contents**

the transaction commenced, excluding shares held by directors who are also officers of the corporation and shares held by employee stock plans; or

following the transaction in which such person became an interested stockholder, the business combination is approved by the board of directors of the corporation and authorized at a meeting of stockholders by the affirmative vote of the holders of at least two-thirds of the outstanding voting stock of the corporation not owned by the interested stockholder.

The term *interested stockholder* generally is defined as a person who, together with affiliates and associates, owns, or, within the prior three years, owned, 15% or more of a corporation's outstanding voting stock.

The term *business combination* includes mergers, consolidations, asset sales involving 10% or more of a corporation's assets and other similar transactions resulting in a financial benefit to an interested stockholder. Section 203 makes it more difficult for an *interested stockholder* to effect various business combinations with a corporation for a three-year period. A Delaware corporation may opt out of Section 203 with an express provision in its original certificate of incorporation or an express provision in its certificate of incorporation or by-laws resulting from an amendment approved by holders of at least a majority of the outstanding voting stock. Neither our certificate of incorporation nor our by-laws contain any such exclusion.

## **DESCRIPTION OF PREFERRED STOCK WE MAY OFFER**

*This section outlines some of the provisions of the preferred stock we may offer. This description may not contain all of the information that is important to you and is subject to, and is qualified in its entirety by reference to our certificate of incorporation, by-laws and the applicable provisions of the DGCL. The specific terms of any series of preferred stock will be described in the applicable prospectus supplement. Any series of preferred stock we issue will be governed by our certificate of incorporation (as amended and in effect as of the date of such issuance) and by the certificate of amendment related to that series. We will file the certificate of amendment with the SEC and incorporate it by reference as an exhibit to our registration statement at or before the time we issue any preferred stock of that series of authorized preferred stock.*

## **Authorized Preferred Stock**

Our certificate of incorporation provides that we may issue up to 5,000,000 shares of preferred stock from time to time in one or more series. Our board of directors is authorized to fix the voting rights, if any, designations, powers, preferences, qualifications, limitations and restrictions thereof, applicable to the shares of each series. We have designated 2,300,000 shares of preferred stock as Series B preferred stock, of which 1,878,731 shares were outstanding as of April 9, 2009.

The prospectus supplement relating to any series of preferred stock that we may offer will contain the specific terms of the preferred stock.

**DESCRIPTION OF WARRANTS WE MAY OFFER**

*This section outlines some of the provisions of each warrant agreement pursuant to which warrants may be issued, the warrants or rights of warrant holders, and any warrant certificates. This description may not contain all of the information that is important to you and is qualified in its entirety by reference to any warrant agreement with respect to the warrants of any particular series. The specific terms of any series of*

## **Table of Contents**

*warrants will be described in the applicable prospectus supplement. If so described in the prospectus supplement, the terms of that series of warrants may differ from the general description of terms presented below.*

We may issue warrants. We may issue these securities in such amounts or in as many distinct series as we wish. This section summarizes the terms of these securities that apply generally. Most of the financial and other specific terms of any such series of securities will be described in the applicable prospectus supplement. Those terms may vary from the terms described here.

When we refer to a series of securities in this section, we mean all securities issued as part of the same series under any applicable indenture, agreement or other instrument. When we refer to the applicable prospectus supplement, we mean the prospectus supplement describing the specific terms of the security you purchase. The terms used in the applicable prospectus supplement generally will have the meanings described in this prospectus, unless otherwise specified in the applicable prospectus supplement.

## **Warrants**

We may issue warrants, options or similar instruments for the purchase of our common stock, preferred stock, depositary shares, debt securities or units. We refer to these collectively as warrants. Warrants may be issued independently or together with common stock, preferred stock, depositary shares, debt securities or units, and may be attached to or separate from those securities.

## **Agreements**

Each series of warrants may be evidenced by certificates and may be issued under a separate indenture, agreement or other instrument to be entered into between us and a bank, trust company or other institution that we select as agent with respect to such series. The warrant agent will act as our agent in connection with the warrant agreement or any warrant certificates and will not assume any obligation or relationship of agency or trust for or with any warrant holders. Copies of the forms of agreements and the forms of certificates representing the warrants will be filed with the SEC near the date of filing of the applicable prospectus supplement with the SEC. Because the following is a summary of certain provisions of the forms of agreements and certificates, it does not contain all information that may be important to you. You should read all the provisions of the agreements and the certificates once they are available.

No warrant agreement will be qualified as an indenture, and no warrant agent will be required to qualify as a trustee, under the Trust Indenture Act. Therefore, holders of warrants issued under warrant agreements will not have the protections of the Trust Indenture Act with respect to their warrants.

## **General Terms of Warrants**

The prospectus supplement relating to a series of warrants will identify the name and address of the warrant agent, if any. The prospectus supplement will describe the terms of the series of warrants in respect of which this prospectus is being delivered, including:

the offering price;

the designation and terms of any securities with which the warrants are issued and in that event the number of warrants issued with each security or each principal amount of security;

the dates on which the right to exercise the warrants will commence and expire, and the price at which the warrants are exercisable;

the amount of warrants then outstanding;

material U.S. federal income tax consequences of holding or exercising these securities; and

any other terms of the warrants.

**Table of Contents**

Warrant certificates may be exchanged for new certificates of different denominations and may be presented for transfer of registration and, if exercisable for other securities or other property, may be exercised at the warrant agent's corporate trust office or any other office indicated in the prospectus supplement. If the warrants are not separately transferable from any securities with which they were issued, an exchange may take place only if the certificates representing the related securities are also exchanged. Prior to exercise of any warrant exercisable for other securities or other property, warrant holders will not have any rights as holders of the underlying securities, including the right to receive any principal, premium, interest, dividends, or payments upon our liquidation, dissolution or winding up or to exercise any voting rights.

*Modification Without Consent.* We and the applicable warrant agent may amend any warrant or warrant agreement without the consent of any holder to:

cure any ambiguity;

correct or supplement any defective or inconsistent provision; or

make any other change that we believe is necessary or desirable and will not adversely affect the interests of the affected holders in any material respect.

We do not need any approval to make changes that affect only warrants to be issued after the changes take effect. We may also make changes that do not adversely affect a particular warrant in any material respect, even if they adversely affect other warrants in a material respect. In those cases, we do not need to obtain the approval of the holder of the unaffected warrant; we need only obtain any required approvals from the holders of the affected warrants.

*Modification With Consent.* We and any agent for any series of warrants may also amend any agreement and the related warrants by a supplemental agreement with the consent of the holders of a majority of the warrants of any series affected by such amendment. However, no such amendment that:

increases the exercise price of such warrant;

shortens the time period during which any such warrant may be exercised;

reduces the number of securities the consent of holders of which is required for amending the agreement or the related warrants; or

otherwise adversely affects the exercise rights of warrant holders in any material respect;

may be made without the consent of each holder affected by that amendment.

**DESCRIPTION OF STOCK PURCHASE CONTRACTS WE MAY OFFER**

*This section outlines some of the provisions of the stock purchase contracts, the stock purchase contract agreement and the pledge agreement. This description may not contain all of the information that is important to you and is qualified in its entirety by reference to the stock purchase contract agreement and pledge agreement with respect to the stock purchase contracts of any particular series. The specific terms of any series of stock purchase contracts will be described in the applicable prospectus supplement. If so described in a prospectus supplement, the specific terms of any series of stock purchase contracts may differ from the general description of terms presented below.*

Unless otherwise specified in the applicable prospectus supplement, we may issue stock purchase contracts, including contracts obligating holders to purchase from us and us to sell to the holders, a specified number of shares of common stock, preferred stock, depositary shares or other security or property at a future date or dates. Alternatively, the stock purchase contracts may obligate us to purchase from holders, and obligate holders to sell to us, a specified or varying number of shares of common stock, preferred stock, depositary shares or other security or property. The consideration per share of common stock or preferred stock or per depositary share or other security or property may be fixed at the time the stock purchase contracts are issued or may be determined by a specific reference to a formula set forth in the stock purchase contracts. The stock purchase contracts may provide for settlement by delivery by us or on our behalf of

## **Table of Contents**

shares of the underlying security or property or they may provide for settlement by reference or linkage to the value, performance or trading price of the underlying security or property. The stock purchase contracts may be issued separately or as part of stock purchase units consisting of a stock purchase contract and debt securities, preferred stock or debt obligations of third parties, including U.S. treasury securities, other stock purchase contracts or common stock, or other securities or property, securing the holders' obligations to purchase or sell, as the case may be, the common stock, preferred stock, depositary shares or other security or property under the stock purchase contracts. The stock purchase contracts may require us to make periodic payments to the holders of the stock purchase units or vice versa, and such payments may be unsecured or prefunded on some basis and may be paid on a current or on a deferred basis. The stock purchase contracts may require holders to secure their obligations thereunder in a specified manner and may provide for the prepayment of all or part of the consideration payable by holders in connection with the purchase of the underlying security or other property pursuant to the stock purchase contracts.

The securities related to the stock purchase contracts may be pledged to a collateral agent for our benefit pursuant to a pledge agreement to secure the obligations of holders of stock purchase contracts to purchase the underlying security or property under the related stock purchase contracts. The rights of holders of stock purchase contracts to the related pledged securities will be subject to our security interest therein created by the pledge agreement. No holder of stock purchase contracts will be permitted to withdraw the pledged securities related to such stock purchase contracts from the pledge arrangement except upon the termination or early settlement of the related stock purchase contracts or in the event other securities, cash or property is made subject to the pledge agreement in lieu of the pledged securities, if permitted by the pledge agreement, or as otherwise provided in the pledge agreement. Subject to such security interest and the terms of the stock purchase contract agreement and the pledge agreement, each holder of a stock purchase contract will retain full beneficial ownership of the related pledged securities.

Except as described in the applicable prospectus supplement, the collateral agent will, upon receipt of distributions on the pledged securities, distribute such payments to us or the stock purchase contract agent, as provided in the pledge agreement. The purchase agent will in turn distribute payments it receives as provided in the stock purchase contract agreement.

## **DESCRIPTION OF DEPOSITARY SHARES WE MAY OFFER**

*This section outlines some of the provisions of the deposit agreement to govern any depositary shares, the depositary shares themselves and the depositary receipts. This description may not contain all of the information that is important to you and is qualified in its entirety by reference to the relevant deposit agreement and depositary receipts with respect to the depositary shares related to any particular series of preferred stock. The specific terms of any series of depositary shares will be described in the applicable prospectus supplement. If so described in the prospectus supplement, the terms of that series of depositary shares may differ from the general description of terms presented below.*

### **Interest in a Fractional Share, or Multiple Shares, of Preferred Stock**

We may, at our option, elect to offer depositary shares, each of which would represent an interest in a fractional share, or multiple shares, of our preferred stock instead of whole shares of preferred stock. If so, we will allow a depositary to issue to the public depositary shares, each of which will represent an interest in a fractional share, or multiple shares, of preferred stock as described in the prospectus supplement.

### **Deposit Agreement**

The shares of the preferred stock underlying any depositary shares will be deposited under a separate deposit agreement between us and a bank, trust company or other institution acting as depositary with respect to those shares

of preferred stock. The prospectus supplement relating to a series of depositary shares will specify the name and address of the depositary. Under the deposit agreement, each owner of a depositary share will be entitled, in proportion to its interest in a fractional share, or multiple shares, of the preferred stock

## **Table of Contents**

underlying that depositary share, to all the rights and preferences of that preferred stock, including dividend, voting, redemption, conversion, exchange and liquidation rights.

Depository shares will be evidenced by one or more depositary receipts issued under the deposit agreement. We will distribute depositary receipts to those persons purchasing such depositary shares in accordance with the terms of the offering made by the related prospectus supplement.

No depositary agreement will be qualified as an indenture, and no depositary will be required to qualify as a trustee, under the Trust Indenture Act. Therefore, holders of depositary shares issued under depositary agreements will not have the protections of the Trust Indenture Act with respect to their depositary shares.

## **Dividends and Other Distributions**

The depositary will distribute all cash dividends or other cash distributions in respect of the preferred stock underlying the depositary shares to each record depositary shareholder based on the number of depositary shares owned by that holder on the relevant record date. The depositary will distribute only that amount which can be distributed without attributing to any depositary shareholders a fraction of one cent, and any balance not so distributed will be added to and treated as part of the next sum received by the depositary for distribution to record depositary shareholders.

If there is a distribution other than in cash, the depositary will distribute property to the entitled record depositary shareholders, unless the depositary determines that it is not feasible to make that distribution. In that case the depositary may, with our approval, adopt the method it deems equitable and practicable for making that distribution, including any sale of property and the distribution of the net proceeds from the sale to the concerned holders.

Each deposit agreement will also contain provisions relating to the manner in which any subscription or similar rights we offer to holders of the relevant series of preferred stock will be made available to depositary shareholders.

The amount distributed in all of the foregoing cases will be reduced by any amounts required to be withheld by us or the depositary on account of taxes and governmental charges.

## **Withdrawal of Stock**

Upon surrender of depositary receipts at the office of the depositary and upon payment of the charges provided in the deposit agreement and subject to the terms thereof, a holder of depositary receipts is entitled to have the depositary deliver to such holder the applicable number of shares of preferred stock underlying the depositary shares evidenced by the surrendered depositary receipts. There may be no market, however, for the underlying preferred stock and once the underlying preferred stock is withdrawn from the depositary, it may not be redeposited.

## **Redemption and Liquidation**

The terms on which the depositary shares relating to the preferred stock of any series may be redeemed, and any amounts distributable upon our liquidation, dissolution or winding up, will be described in the applicable prospectus supplement.

## **Voting**

Upon receiving notice of any meeting at which preferred stockholders of any series are entitled to vote, the depositary will mail the information contained in that notice to the record depositary shareholders relating to those series of preferred stock. Each depositary shareholder on the record date will be entitled to instruct the depositary on how to

vote the shares of preferred stock underlying that holder's depositary shares. The depositary will vote the shares of preferred stock underlying those depositary shares according to those instructions, and we will take reasonably necessary actions to enable the depositary to do so. If the depositary

## **Table of Contents**

does not receive specific instructions from the depositary shareholders relating to that preferred stock, it will abstain from voting those shares of preferred stock, unless otherwise discussed in the prospectus supplement.

## **Amendment and Termination of Deposit Agreement**

We and the depositary may amend the depositary receipt form evidencing the depositary shares and the related deposit agreement. However, any amendment that significantly affects the rights of the depositary shareholders will not be effective unless holders of a majority of the outstanding depositary shares approve that amendment. No amendment, however, may impair the right of any depositary shareholder to receive any money or other property to which he may be entitled under the terms of the deposit agreement at the times and in the manner and amount provided for therein. We or the depositary may terminate a deposit agreement only if:

we redeemed or reacquired all outstanding depositary shares relating to the deposit agreement;

all outstanding depositary shares have been converted (if convertible) into shares of common stock or another series of preferred stock; or

there has been a final distribution in respect of the preferred stock of any series in connection with our liquidation, dissolution or winding up and such distribution has been made to the related depositary shareholders.

## **Charges of Depositary**

We will pay all transfer and other taxes and governmental charges arising solely from the existence of the depositary arrangements. We will also pay all charges of each depositary in connection with the initial deposit and any redemption of the preferred stock. Depositary shareholders will be required to pay any other transfer and other taxes and governmental charges and any other charges expressly provided in the deposit agreement to be for their accounts.

## **Miscellaneous**

Each depositary will forward to the relevant depositary shareholders all our reports and communications that we are required to furnish to preferred stockholders of any series.

The deposit agreement will contain provisions relating to adjustments in the fraction of a share of preferred stock represented by a depositary share in the event of a change in par value, split-up, combination or other reclassification of the preferred stock or upon any recapitalization, merger or sale of substantially all of our assets.

Neither the depositary nor our company will be liable if it is prevented or delayed by law or any circumstance beyond its control in performing its obligations under any deposit agreement, or subject to any liability under the deposit agreement to holders of depositary receipts other than for the relevant party's gross negligence or willful misconduct. The obligations of each depositary under any deposit agreement will be limited to performance in good faith of their duties under that agreement, and they will not be obligated to prosecute or defend any legal proceeding in respect of any depositary shares or preferred stock unless they are provided with satisfactory indemnity. They may rely upon written advice of counsel or accountants, or information provided by persons presenting preferred stock for deposit, depositary shareholders or other persons believed to be competent and on documents believed to be genuine.

## **Resignation and Removal of Depositary**

A depositary may resign at any time by issuing us a notice of resignation, and we may remove any depositary at any time by issuing it a notice of removal. Resignation or removal will take effect upon the appointment of a successor depositary and its acceptance of appointment. That successor depositary must be appointed within 60 days after delivery of the notice of resignation or removal.

**DESCRIPTION OF DEBT SECURITIES AND SUBSIDIARY GUARANTEES WE MAY OFFER**

*This section outlines some of the provisions of the debt securities and any related subsidiary guarantees we may issue and the indenture and supplemental indentures pursuant to which they may be issued. This description may not contain all of the information that is important to you and is qualified in its entirety by reference to the form of indenture and the applicable supplemental indenture with respect to the debt securities of any particular series and any related subsidiary guarantees. The specific terms of any series of debt securities and any related subsidiary guarantees will be described in the applicable prospectus supplement. If so described in a particular supplement, the specific terms of any series of debt securities and any related subsidiary guarantees may differ from the general description of terms presented below.*

We may issue secured or unsecured debt securities. Our debt securities and any related subsidiary guarantees will be issued under an indenture to be entered into between us and a trustee to be designated by us, a form of which is filed as an exhibit to the registration statement of which this prospectus forms a part. Our debt securities may be convertible into our common stock or other of our securities.

When we offer to sell a particular series of debt securities, we will describe the specific terms of the series in a supplement to this prospectus. We will also indicate in the prospectus supplement whether the general terms and provisions described in this prospectus apply to a particular series of debt securities. To the extent the information contained in the prospectus supplement differs from this summary description, you should rely on the information in the prospectus supplement.

Unless otherwise specified in a supplement to this prospectus, the debt securities and any related subsidiary guarantees will be the direct, unsecured obligations of the issuers thereof and will rank equally with all of the issuers' other unsecured and unsubordinated indebtedness. The holders of our debt securities will be structurally subordinated to holders of any indebtedness (including trade payables) of any of our subsidiaries, except to the extent our subsidiaries guarantee our obligations under that series of debt securities.

The debt securities may be fully and unconditionally guaranteed on a secured or unsecured, senior or subordinated basis, jointly and severally, by some or all of our direct and indirect wholly owned domestic subsidiaries. The obligations of each subsidiary guarantor, if any, under its guarantee, if any, will be limited as necessary to prevent that guarantee from constituting a fraudulent conveyance under applicable law. In the event that any series of debt securities and any related subsidiary guarantees will be subordinated to other indebtedness that we or our subsidiary guarantors have outstanding or may incur, the terms of the subordination will be set forth in the prospectus supplement relating to such debt securities and related subsidiary guarantees.

We have described select portions of the indenture below. This description may not contain all of the information that is important to you. The form of indenture has been included as an exhibit to the registration statement of which this prospectus is a part, and you should read the indenture for provisions that may be important to you. In the summary below, we have included references to the section numbers of the indenture so that you can easily locate these provisions.

**General**

The terms of each series of debt securities and any related subsidiary guarantees will be established by or pursuant to a resolution of our board of directors and set forth or determined in the manner provided in a resolution of our board of directors, in an officers' certificate or by a supplemental indenture. (Section 2.02)

We may issue an unlimited amount of debt securities under the indenture that may be in one or more series with the same or various maturities, at par, at a premium, or at a discount. When we offer a particular series of debt securities, we will identify the title of the debt securities, the trustee or trustees (to which we refer in this description collectively as the trustee), any subsidiary guarantors and the aggregate principal

the place or places where principal of and interest on the debt securities will be payable, where the debt securities may be surrendered for registration of transfer or exchange and where notices and demands to or upon us in respect of the debt securities and the indenture may be served, and the method of such payment, if by wire transfer, mail or other means;

the terms and conditions on which we may redeem the debt securities;

any obligations we have to redeem or purchase the debt securities pursuant to any sinking fund or analogous provisions or at the option of a holder of debt securities and the date or dates on which or period or periods within which, the price or prices at which and the other detailed terms and provisions upon which the debt securities will be redeemed or purchased pursuant to such obligations;

the denominations in which the debt securities will be issued, if other than denominations of \$1,000 and integral multiples thereof;

whether the debt securities will be issued as bearer or fully registered securities and, if they are to be issued as fully registered securities, whether they will be in the form of certificated debt securities or global debt securities;

the portion of principal amount of the debt securities payable upon acceleration or declaration of acceleration of the maturity date, if other than the principal amount;

the currency of denomination of the debt securities;

the designation of the currency, currencies or currency units in which payment of principal of and interest on the debt securities will be made;

if payments of principal of or interest on the debt securities will be made in one or more currencies or currency units other than that or those in which the debt securities are denominated, the manner in which the exchange rate with respect to these payments will be determined;

the terms, if any, of subordination of the debt securities;

whether any underwriter(s) will act as market maker(s) for the debt securities;

the extent to which a secondary market for the debt securities is expected to develop;

any addition to or change in the provisions relating to satisfaction and discharge of the indenture described in this prospectus with respect to the debt securities, or in the provisions relating to legal defeasance or covenant defeasance under the indenture described in this prospectus with respect to the debt securities;

any addition to or change in the provisions relating to modification of the indenture both with and without the consent of holders of debt securities issued under the indenture;

any other terms or provisions of the debt securities, which may supplement, modify or delete any provision of the indenture as it applies to that series; and

any registrars, paying agents, service agents, depositaries, interest rate calculation agents, exchange rate calculation agents or other agents with respect to the debt securities. (Section 2.02)

We will provide you with information on the material United States federal income tax considerations and other special considerations applicable to any series of debt securities in the applicable prospectus supplement.

The indenture does not limit our ability to issue convertible or subordinated debt securities. Any conversion or subordination provisions of a particular series of debt securities will be set forth in the resolution of our board of directors, the officers' certificate or supplemental indenture related to that series of debt securities and will be described in the relevant prospectus supplement.

We may issue debt securities that provide for an amount less than their stated principal amount to be due and payable upon declaration of acceleration of their maturity pursuant to the terms of the indenture.

One or more series of debt securities may be sold at a discount to their stated principal amount or may bear no interest or interest at a rate which at the time of issuance is below market rates. One or more series of debt securities may be variable rate debt securities that may be exchanged for fixed rate debt securities.

Debt securities may be issued where the amount of principal and/or interest payable is determined by reference to one or more currency exchange rates, commodity prices, commodity indices, stock exchange indices, financial indices, equity indices or other factors. Holders of such securities may receive a principal amount or a payment of interest that is greater than or less than the amount of principal or interest otherwise payable on such dates, depending upon the value of the applicable currencies, commodities, commodity indices, stock exchange indices, financial indices, equity indices or other factors. Information as to the methods for determining the amount of principal or interest, if any,

payable on any date, the currencies, commodities, commodity indices, stock exchange indices, financial indices, equity indices or other factors to which the amount payable on such date is linked and certain additional United States federal income tax considerations will be set forth in the applicable prospectus supplement.

If we denominate the purchase price of any of the debt securities in a foreign currency or currencies or a foreign currency unit or units, or if the principal of and interest on any series of debt securities is payable in a foreign currency or currencies or a foreign currency unit or units, we will provide you with information on the restrictions, elections, general United States federal tax considerations, specific terms and other information

with respect to that issue of debt securities and such foreign currency or currencies or foreign currency unit or units in the applicable prospectus supplement.

When we determine to issue debt securities, we will instruct the trustee to authenticate for issuance such debt securities in a principal amount that we will provide in a resolution of our board of directors, in an officers' certificate or by a supplemental indenture. Our instructions may authorize the trustee to authenticate and deliver such debt securities upon our oral instructions or the oral instructions of our authorized agent or agents. (Section 2.03)

## **Transfer and Exchange**

We expect most debt securities to be issued in denominations of \$1,000 and integral multiples thereof. Each debt security will be represented by either one or more global securities deposited with and registered in the name of a depositary to be designated by us in the applicable prospectus supplement, or a nominee (we refer to any debt security represented by a global security as a "book-entry debt security"), or by a certificate issued in definitive registered or bearer form (we refer to any fully registered debt security represented by a certificate as a "registered certificated debt security"), as set forth in the applicable prospectus supplement. Except as set forth under the heading "Global Securities" below, book-entry debt securities will not be issuable in certificated form.

You may transfer or exchange registered certificated debt securities at any office we maintain for this purpose in accordance with the terms of the indenture. No service charge will be made for any transfer or exchange of registered certificated debt securities, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection with a transfer or exchange. (Section 2.07)

You may effect the transfer of registered certificated debt securities, and the right to receive the principal of and interest on those registered certificated debt securities, only by surrendering the certificate representing those registered certificated debt securities and the issuance by us or the trustee of a certificate to the new holder. (Section 2.07)

## **Global Securities**

The debt securities of a series may be issued in whole or in part in the form of one or more global securities that will be deposited with, or on behalf of, a depositary (the "depositary") identified in the prospectus supplement. Global securities will be issued to the depositary in registered certificated form and in either temporary or definitive form. Unless and until it is exchanged in whole or in part for the individual debt securities, a global security may not be transferred except as a whole by the depositary for such global security to a nominee of such depositary or by a nominee of such depositary to such depositary or another nominee of such depositary or by such depositary or any such nominee to a successor of such depositary or a nominee of such successor. The specific terms of the depositary arrangement with respect to any debt securities of a series and the rights of and limitations upon owners of beneficial interests in a global security will be described in the applicable prospectus supplement. (Section 2.14)

## **No Protection in the Event of a Change of Control or a Highly Leveraged Transaction**

Unless we state otherwise in the applicable prospectus supplement, the debt securities will not contain any provisions which may afford holders of the debt securities protection in the event we have a change in control or in the event of a highly leveraged transaction (whether or not such transaction results in a change in control) that could adversely affect holders of debt securities.

## **Covenants**

We will set forth in the applicable prospectus supplement any restrictive covenants applicable to the particular debt securities being issued.

## **Table of Contents**

### **Subordination**

Debt securities of a series, and any related subsidiary guarantees, may be subordinated, which we refer to as subordinated debt securities, to senior indebtedness (as will be defined in the applicable prospectus supplement) to the extent set forth in the applicable prospectus supplement.

### **Consolidation, Merger and Sale of Assets**

We may not consolidate with or merge with or into, or sell, lease, transfer, convey, or otherwise dispose of or assign all or substantially all of our properties and assets to, any entity or enter into a plan of liquidation unless:

we are the resulting or surviving corporation in such consolidation or merger or the successor entity in the transaction (if other than us)(or, in the case of a plan of liquidation, any entity to which our properties or assets are transferred), is a corporation organized and validly existing under the laws of any U.S. domestic jurisdiction and expressly assumes, by supplemental indenture, our obligations on the debt securities and under the indenture; and

immediately after giving effect to the transaction, no event of default under the indenture, and no event which, after notice or lapse of time, or both, would become an event of default under the indenture, shall have occurred and be continuing.

Notwithstanding the above, any of our subsidiaries may consolidate with, merge into or transfer all or part of its properties and assets to us or any of our other subsidiaries. (Section 5.01)

### **Events of Default**

An event of default means, with respect to any series of debt securities, any of the following:

default in the payment of any interest upon any debt security of that series when it becomes due and payable, and continuance of that default for a period of 30 consecutive days;

default in the payment of principal of any debt security of that series when and as due and payable;

default on any obligation to deposit any sinking fund payment when and due and payable in respect of any debt security of that series;

default in the performance or breach of any other covenant or warranty by us in the indenture or any debt security (other than a covenant or warranty that has been included in the indenture solely for the benefit of a series of debt securities other than that series), which default continues uncured for a period of 60 days after we receive written notice from the trustee or we and the trustee receive written notice from the holders of not less than 25% in principal amount of the outstanding debt securities of that series as provided in the indenture;

certain events of bankruptcy, insolvency or reorganization with respect to us; and

any other event of default provided with respect to debt securities of that series that is described in the applicable prospectus supplement. (Section 6.01)

No event of default with respect to a particular series of debt securities (except as to certain events of bankruptcy, insolvency or reorganization) necessarily constitutes an event of default with respect to any other series of debt

securities. The occurrence of certain events of default or an acceleration under the indenture may constitute a default under certain of our other indebtedness outstanding from time to time, as may be provided in the terms governing that other indebtedness.

If an event of default with respect to debt securities of any series at the time outstanding occurs and is continuing, then the trustee or the holders of not less than 25% in principal amount of the outstanding debt securities of that series may, by a notice in writing to us (and to the trustee if given by the holders), declare to be due and payable immediately the principal of (or, if the debt securities of that series are discount securities, that portion of the principal amount as may be specified in the terms of that series) and accrued and unpaid

## **Table of Contents**

interest, if any, on all debt securities of that series. In the case of an event of default resulting from certain events of bankruptcy, insolvency or reorganization, the principal (or such specified amount) of and accrued and unpaid interest, if any, on all outstanding debt securities will become and be immediately due and payable without any declaration or other act on the part of the trustee or any holder of outstanding debt securities. (Section 6.02)

At any time after a declaration of acceleration with respect to debt securities of any series has been made, but before a judgment or decree based on the acceleration has been obtained, the holders of a majority in principal amount of the outstanding debt securities of that series may rescind and annul the acceleration if all events of default, other than the non-payment of accelerated principal and interest, if any, with respect to debt securities of that series, have been cured or waived (and certain other conditions have been satisfied) as provided in the indenture. (Section 6.02) We refer you to the prospectus supplement relating to any series of debt securities that are discount securities for the particular provisions relating to acceleration of a portion of the principal amount of such discount securities upon the occurrence of an event of default.

The indenture provides that the trustee will be under no obligation to exercise any of its rights or powers under the indenture unless the trustee receives reasonable security or indemnity satisfactory to it against any cost, expense or liability. (Section 7.02(f)) Subject to certain rights of the trustee, the holders of a majority in principal amount of the outstanding debt securities of any series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee with respect to the debt securities of that series. (Section 6.05)

No holder of any debt security of any series will have any right to institute any proceeding, judicial or otherwise, with respect to the indenture or such debt securities for any remedy under the indenture, unless the trustee for such debt securities:

- has failed to act for a period of 60 days after receiving notice of a continuing event of default with respect to such debt securities from such holder and a request to act by holders of not less than 25% in principal amount of the outstanding debt securities of that series;

- has been offered indemnity satisfactory to it in its reasonable judgment; and

- has not received from the holders of a majority in principal amount of the outstanding debt securities of that series a direction inconsistent with that request. (Section 6.07)

Notwithstanding the foregoing, the holder of any debt security will have an absolute and unconditional right to receive payment of the principal of and any interest on that debt security on or after the due dates expressed in that debt security and to institute suit for the enforcement of payment. (Section 6.07)

The indenture requires us, within 120 days after the end of our fiscal year, to furnish to the trustee an officers certificate as to compliance with the indenture. (Section 4.04) The indenture provides that the trustee may withhold notice to the holders of debt securities of any series of any default (except in payment of the principal of or interest on any debt securities of that series) with respect to debt securities of that series if it in good faith determines that withholding notice is in the interest of the holders of those debt securities. (Section 7.05)

## **Modification and Waiver**

Generally, we may amend the indenture with the consent of, and our compliance with provisions of the indenture may be waived by, the holders of a majority in principal amount of the outstanding debt securities of each series affected by the amendment or waiver. However, we may not make any or amendment without the consent of, and our compliance

with provisions of the indenture requires the waiver of, each holder of the affected debt securities if that amendment or waiver would:

reduce the principal of or change the fixed maturity of any debt security or reduce the amount of, or postpone the date fixed for, the payment of any sinking fund or analogous obligation with respect to any series of debt securities;

**Table of Contents**

reduce the rate of or extend the time for payment of interest (including default interest) on any debt security;

reduce the principal amount of discount securities payable upon acceleration of maturity;

waive a redemption payment, or change any of the other redemption provisions, with respect to any debt security, except as specifically set forth in the applicable resolution of our board of directors, the officers certificate or the supplemental indenture establishing the terms and conditions of such debt securities;

make the principal of or interest on any debt security payable in a currency other than that stated in the debt security;

waive a default in the payment of the principal of or interest on any debt security (except a rescission of acceleration of the debt securities of any series by the holders of a majority in aggregate principal amount of the then outstanding debt securities of that series and a waiver of the payment default that resulted from such acceleration);

make any change to certain provisions of the indenture relating to, among other things, the right of holders of debt securities to receive payment of the principal of and interest on those debt securities and to institute suit for the enforcement of any such payment, and certain waivers or amendments;

if the debt securities of that series are entitled to the benefit of any guarantee, release any guarantor of such series other than as provided in the indenture or modify the guarantee in any manner adverse to the holders; or

reduce the amount of debt securities whose holders must consent to an amendment, supplement or waiver. (Section 9.02)

In addition, the indenture permits us and the trustee to make certain routine amendments to the indenture without the consent of any holder of debt securities. (Section 9.01)

**Discharge**

Our obligations under the indenture will be discharged as to a series of debt securities when all of the debt securities of that series have been delivered to the trustee for cancellation or, alternatively, when the following conditions are met:

all of the debt securities of that series that have not been delivered for cancellation have become due and payable, whether by reason of the mailing of a notice of redemption or otherwise, or will become due and payable within one year;

we have deposited with the trustee in trust for the benefit of the holders of such debt securities funds in an amount sufficient to pay all of our indebtedness owing on such debt securities; and

we or any guarantor of such debt securities have paid all other amounts due and payable by us under the indenture;

we have instructed the trustee to apply the deposited money toward the payment of such debt securities at maturity or on the date of redemption, as the case may be. (Section 8.01)

**Legal Defeasance and Covenant Defeasance**

The indenture provides that, upon the satisfaction of certain conditions specified in the indenture:

we and each guarantor, if any, may be discharged from any and all obligations in respect of the debt securities of any series (except for certain obligations to register the transfer or exchange of debt securities of such series, to replace stolen, lost or mutilated debt securities of such series, and to maintain paying agencies and certain provisions relating to the treatment of funds held by paying agents) (we refer to this below as "legal defeasance"); or

**Table of Contents**

we and each guarantor, if any, may omit to comply with the covenants set forth in the indenture, as well as any additional covenants which may be set forth in the applicable prospectus supplement, and any omission to comply with those covenants will not constitute a default with respect to the debt securities of that series (we refer to this below as covenant defeasance ). (Section 8.02)

The conditions to the legal defeasance or covenant defeasance of a series of debt securities as described above include:

depositing with the trustee money and/or non-callable obligations guaranteed by the U.S. government (which we refer to below as U.S. government obligations ) that, through the payment of interest and principal in accordance with their terms, will provide money in an amount sufficient in the opinion of a nationally recognized firm of independent public accountants to pay and discharge each installment of principal of and interest on, and any mandatory sinking fund payments in respect of, the debt securities of that series on the stated maturity of those payments in accordance with the terms of the indenture and those debt securities;

in the case of legal defeasance, delivering to the trustee an opinion of counsel confirming that we have received an Internal Revenue Service tax ruling or that there has been a change in applicable United States federal income tax law, in either case to the effect that, and based thereon, the holders of the debt securities of that series will not recognize income, gain or loss for United States federal income tax purposes as a result of the deposit and related legal defeasance and will be subject to United States federal income tax on the same amounts and in the same manner and at the same times as would have been in the case if the deposit and related legal defeasance had not occurred;

in the case of covenant defeasance, delivering to the trustee an opinion of counsel to the effect that the holders of the debt securities of that series will not recognize income, gain or loss for United States federal income tax purposes as a result of the deposit and related covenant defeasance and will be subject to United States federal income tax on the same amounts and in the same manner and at the same times as would have been the case if the deposit and related covenant defeasance had not occurred;

there being no continuing default with respect to the debt securities of that series on the date of deposit of the money and/or U.S. government obligations referred to above (other than a default resulting from the borrowing of funds to be applied to that deposit);

the defeasance not resulting in a breach or violation of, or default under, any of our or our subsidiaries' material agreements (other than any such default resulting solely from the borrowing of funds to be applied to the deposit referred to above and the grant of any lien on that deposit in favor of the trustee and/or the holders of the debt securities of that series); and

delivering to the trustee a certificate stating that the deposit was not made with the intent of preferring the holders of the debt securities of that series over any other of our creditors or with the intent of defeating, hindering, delaying or defrauding any other of our creditors. (Section 8.03)

**Regarding the Trustee**

The indenture provides that, except during the continuance of an event of default or any event, act or condition that, after notice or the passage of time or both, would be an event of default, the trustee will perform only such duties as are specifically set forth in the indenture. During the continuance of an event of default or any event, act or condition that, after notice or the passage of time or both, would be an event of default, the trustee will exercise such rights and powers vested in it under the indenture and use the same degree of care and skill in its exercise as a prudent person

would exercise or use under the circumstances in the conduct of such person's own affairs. (Section 7.01)

The indenture and provisions of the Trust Indenture Act that are incorporated by reference in the indenture contain limitations on the rights of the trustee, should it become one of our creditors, to obtain payment of claims in certain cases or to realize on certain property received by it in respect of any such claim

as security or otherwise. The trustee is permitted to engage in other transactions with us or any of our affiliates; provided, however, that if it acquires any conflicting interest (as defined in the indenture or in the Trust Indenture Act), it must eliminate such conflict or resign. (Section 7.10)

## **Governing Law**

The indenture, the debt securities and any subsidiary guarantees will be governed by and construed in accordance with the internal laws of the State of New York. (Section 10.05)

## **DESCRIPTION OF UNITS WE MAY OFFER**

*This section outlines some of the provisions of the units and the unit agreements. This description may not contain all of the information that is important to you and is qualified in its entirety by reference to the unit agreement with respect to the units of any particular series. The specific terms of any series of units will be described in the applicable prospectus supplement. If so described in a particular supplement, the specific terms of any series of units may differ from the general description of terms presented below.*

We may issue units comprised of shares of common stock, shares of preferred stock, warrants, stock purchase contracts, debt securities, subsidiary guarantees of debt securities and other securities in any combination. Each unit will be issued so that the holder of the unit is also the holder of each security included in the unit. Thus, the holder of a unit will have the rights and obligations of a holder of each included security. The unit agreement under which a unit is issued may provide that the securities included in the unit may not be held or transferred separately, at any time or for specified periods.

The applicable prospectus supplement may describe:

the designation and terms of the units and of the securities comprising the units, including whether and under what circumstances those securities may be held or transferred separately;

any provisions of the governing unit agreement;

the price or prices at which such units will be issued;

the applicable U.S. federal income tax considerations relating to the units;

any provisions for the issuance, payment, settlement, transfer or exchange of the units or of the securities comprising the units; and

any other terms of the units and of the securities comprising the units.

The provisions described in this section, as well as those described under Description of Common Stock We May Offer, Description of Preferred Stock We May Offer, Description of Warrants We May Offer, Description of Stock Purchase Contracts We May Offer and Description of Debt Securities and Subsidiary Guarantees We May Offer will apply to the securities included in each unit, to the extent relevant.

## **Issuance in Series**

We may issue units in such amounts and in as many distinct series as we wish. This section summarizes terms of the units that apply generally to all series. Most of the financial and other specific terms of your series will be described in

the applicable prospectus supplement.

### **Unit Agreements**

We will issue the units under one or more unit agreements to be entered into between us and a bank, trust company or other institution, as unit agent. We may add, replace or terminate unit agents from time to time. We will identify the unit agreement under which each series of units will be issued and the unit agent under that agreement in the applicable prospectus supplement.

## **Table of Contents**

The following provisions will generally apply to all unit agreements unless otherwise stated in the applicable prospectus supplement.

*Modification Without Consent.* We and the applicable unit agent may amend any unit or unit agreement without the consent of any holder:

- to cure any ambiguity; any provisions of the governing unit agreement that differ from those described below;
- to correct or supplement any defective or inconsistent provision; or
- to make any other change that we believe is necessary or desirable and will not adversely affect the interests of the affected holders in any material respect.

We do not need any approval to make changes that affect only units to be issued after the changes take effect. We may also make changes that do not adversely affect a particular unit in any material respect, even if they adversely affect other units in a material respect. In those cases, we do not need to obtain the approval of the holder of the unaffected unit; we need only obtain any required approvals from the holders of the affected units.

*Modification With Consent.* We may not amend any particular unit or a unit agreement with respect to any particular unit unless we obtain the consent of the holder of that unit, if the amendment would:

- impair any right of the holder to exercise or enforce any right under a security included in the unit if the terms of that security require the consent of the holder to any changes that would impair the exercise or enforcement of that right; or
- reduce the percentage of outstanding units or any series or class the consent of whose holders is required to amend that series or class, or the applicable unit agreement with respect to that series or class, as described below.

Any other change to a particular unit agreement and the units issued under that agreement would require the following approval:

If the change affects only the units of a particular series issued under that agreement, the change must be approved by the holders of a majority of the outstanding units of that series; or

If the change affects the units of more than one series issued under that agreement, it must be approved by the holders of a majority of all outstanding units of all series affected by the change, with the units of all the affected series voting together as one class for this purpose.

These provisions regarding changes with majority approval also apply to changes affecting any securities issued under a unit agreement, as the governing document.

In each case, the required approval must be given by written consent.

*Unit Agreements Will Not Be Qualified Under Trust Indenture Act.* No unit agreement will be qualified as an indenture, and no unit agent will be required to qualify as a trustee, under the Trust Indenture Act. Therefore, holders of units issued under unit agreements will not have the protections of the Trust Indenture Act with respect to their units.

**Mergers and Similar Transactions Permitted; No Restrictive Covenants or Events of Default**

The unit agreements will not restrict our ability to merge or consolidate with, or sell our assets to, another corporation or other entity or to engage in any other transactions. If at any time we merge or consolidate with, or sell our assets substantially as an entirety to, another corporation or other entity, the successor entity will succeed to and assume our obligations under the unit agreements. We will then be relieved of any further obligation under these agreements.

## **Table of Contents**

The unit agreements will not include any restrictions on our ability to put liens on our assets, including our interests in our subsidiaries, nor will they restrict our ability to sell our assets. The unit agreements also will not provide for any events of default or remedies upon the occurrence of any events of default.

## **Form, Exchange and Transfer**

We will issue each unit in global i.e., book-entry form only. Units in book-entry form will be represented by a global security registered in the name of a depositary, which will be the holder of all the units represented by the global security. Those who own beneficial interests in a unit will do so through participants in the depositary's system, and the rights of these indirect owners will be governed solely by the applicable procedures of the depositary and its participants. We will describe book-entry securities and other terms regarding the issuance and registration of the units in the applicable prospectus supplement.

Each unit and all securities comprising the unit will be issued in the same form.

If we issue any units in registered, non-global form, the following will apply to them:

The units will be issued in the denominations stated in the applicable prospectus supplement. Holders may exchange their units for units of smaller denominations or combined into fewer units of larger denominations, as long as the total amount is not changed.

Holders may exchange or transfer their units at the office of the unit agent. Holders may also replace lost, stolen, destroyed or mutilated units at that office. We may appoint another entity to perform these functions or perform them ourselves.

Holders will not be required to pay a service charge to transfer or exchange their units, but they may be required to pay for any tax or other governmental charge associated with the transfer or exchange. The transfer or exchange, and any replacement, will be made only if our transfer agent is satisfied with the holder's proof of legal ownership. The transfer agent may also require an indemnity before replacing any units.

If we have the right to redeem, accelerate or settle any units before their maturity, and we exercise our right as to less than all those units or other securities, we may block the exchange or transfer of those units during the period beginning 15 days before the day we mail the notice of exercise and ending on the day of that mailing, in order to freeze the list of holders to prepare the mailing. We may also refuse to register transfers of or exchange any unit selected for early settlement, except that we will continue to permit transfers and exchanges of the unsettled portion of any unit being partially settled. We may also block the transfer or exchange of any unit in this manner if the unit includes securities that are or may be selected for early settlement.

Only the depositary will be entitled to transfer or exchange a unit in global form, since it will be the sole holder of the unit.

## **Payments and Notices**

In making payments and giving notices with respect to our units, we will follow the procedures as described in the applicable prospectus supplement.

## **HOW WE PLAN TO OFFER AND SELL THE SECURITIES**

We may sell the securities in any one or more of the following ways:

directly to investors;

to investors through agents;

to dealers;

**Table of Contents**

through a special offering, an exchange distribution or a secondary distribution in accordance with applicable New York Stock Exchange or other stock exchange rules;

through underwriting syndicates led by one or more managing underwriters; and

through one or more underwriters acting alone.

Any underwritten offering may be on a best efforts or a firm commitment basis. We may also make direct sales through subscription rights distributed to our stockholders on a pro rata basis, which may or may not be transferable. In any distribution of subscription rights to stockholders, if all of the underlying securities are not subscribed for, we may then sell the unsubscribed securities directly to third parties or may engage the services of one or more underwriters, dealers or agents, including standby underwriters, to sell the unsubscribed securities to third parties.

The distribution of the securities may be effected from time to time in one or more transactions:

at a fixed price or prices, which may be changed;

at market prices prevailing at the time of sale;

at prices related to such prevailing market prices; or

at negotiated prices.

Any of the prices may represent a discount from the prevailing market prices.

In the sale of the securities, underwriters or agents may receive compensation from us or from purchasers of the securities, for whom they may act as agents, in the form of discounts, concessions or commissions. Underwriters may sell the securities to or through dealers, and such dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from the purchasers for whom they may act as agents. Underwriters, dealers and agents that participate in the distribution of the securities may be deemed to be underwriters under the Securities Act of 1933, and any discounts or commissions they receive from us and any profit on the resale of securities they realize may be deemed to be underwriting discounts and commissions under the Securities Act of 1933. The applicable prospectus supplement will, where applicable:

identify any such underwriter or agent;

describe any compensation in the form of discounts, concessions, commissions or otherwise received from us by each such underwriter or agent and in the aggregate to all underwriters and agents;

identify the amounts underwritten;

identify the nature of the underwriter's obligation to take the securities;

and any other material terms of the offering, including any over-allotment option.

Unless otherwise specified in the related prospectus supplement, each series of securities will be a new issue with no established trading market, other than the common stock and the Series B preferred stock, which are listed on the New York Stock Exchange. Common stock and Series B preferred stock sold pursuant to a prospectus supplement will be

listed on the New York Stock Exchange, subject to the New York Stock Exchange's approval of the listing of the additional shares. We may elect to list other securities on an exchange, but we are not obligated to do so. It is possible that one or more underwriters may make a market in a series of securities, but such underwriters will not be obligated to do so and may discontinue any market making at any time without notice. Therefore, no assurance can be given as to the liquidity of, or the trading market for, any series of securities.

Until the distribution of the securities is completed, rules of the Securities and Exchange Commission may limit the ability of any underwriters and selling group members to bid for and purchase the securities. As an exception to these rules, underwriters are permitted to engage in some transactions that stabilize the price

**Table of Contents**

of the securities. Such transactions consist of bids or purchases for the purpose of pegging, fixing or maintaining the price of the securities.

If any underwriters create a short position in the securities in an offering in which they sell more securities than are set forth on the cover page of the applicable prospectus supplement, the underwriters may reduce that short position by purchasing the securities in the open market.

The lead underwriters may also impose a penalty bid on other underwriters and selling group members participating in an offering. This means that if the lead underwriters purchase securities in the open market to reduce the underwriters short position or to stabilize the price of the securities, they may reclaim the amount of any selling concession from the underwriters and selling group members who sold those securities as part of the offering.

In general, purchases of a security for the purpose of stabilization or to reduce a short position could cause the price of the security to be higher than it might be in the absence of such purchases. The imposition of a penalty bid might also have an effect on the price of a security to the extent that it discourages resales of the security before the distribution is completed.

We do not make any representation or prediction as to the direction or magnitude of any effect that the transactions described above might have on the price of the securities. In addition, we do not make any representation that underwriters will engage in such transactions or that such transactions, once commenced, will not be discontinued without notice.

Under agreements into which we may enter, underwriters, dealers and agents who participate in the distribution of the securities may be entitled to indemnification by us against some liabilities, including liabilities under the Securities Act, or to contribution from us with respect to such liabilities.

Underwriters, dealers and agents may engage in transactions with us, perform services for us or be our customers in the ordinary course of business.

If indicated in the applicable prospectus supplement, we will authorize underwriters or other persons acting as our agents to solicit offers by particular institutions to purchase securities from us at the public offering price set forth in such prospectus supplement pursuant to delayed delivery contracts providing for payment and delivery on the date or dates stated in such prospectus supplement. Each delayed delivery contract will be for an amount no less than, and the aggregate principal amounts of securities sold under delayed delivery contracts shall be not less nor more than, the respective amounts stated in the applicable prospectus supplement. Institutions with which such contracts, when authorized, may be made include commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions and others, but will in all cases be subject to our approval. The obligations of any purchaser under any such contract will be subject to the conditions that (a) the purchase of the securities shall not at the time of delivery be prohibited under the laws of any jurisdiction in the United States to which the purchaser is subject, and (b) if the securities are being sold to underwriters, we shall have sold to the underwriters the total principal amount of the securities less the principal amount thereof covered by the contracts. The underwriters and such other agents will not have any responsibility in respect of the validity or performance of such contracts.

To comply with applicable state securities laws, the securities offered by this prospectus will be sold, if necessary, in such jurisdictions only through registered or licensed brokers or dealers. In addition, securities may not be sold in some states unless they have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirement is available and is complied with.

Section 145 of the Delaware General Corporation Law provides that a corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, other than an action by or in the right of the corporation, by reason of the fact that the person is or was a director, officer, employee or agent of the corporation or is or was serving at the corporation's request as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses, including attorneys' fees, judgments, fines and amounts paid in settlement actually and reasonably incurred by the person in connection with the action, suit or proceeding if the person acted in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe the person's conduct was unlawful. The power to indemnify applies to actions brought by or in the right of the corporation as well, but only to the extent of expenses, including attorneys' fees but excluding judgments, fines and amounts paid in settlement, actually and reasonably incurred by the person in connection with the defense or settlement of the action or suit. And with the further limitation that in these actions, no indemnification shall be made in the event of any adjudication of negligence or misconduct in the performance of the person's duties to the corporation, unless a court believes that in light of all the circumstances indemnification should apply.

conclusion) actually and reasonably incurred by such person in connection with actions brought by or in the right of the corporation to procure a judgment in its favor under the same conditions set forth above, if such person acted in good faith and in a manner such person believed to be in, or not opposed to the best interests of the corporation, except that no indemnification is permitted in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to the corporation unless and only to the extent that the court in which such action or suit was brought or other court of competent jurisdiction shall determine upon application that, in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses as the court shall deem proper.

To the extent such person has been successful on the merits or otherwise in defense of any action referred to above, or in defense of any claim, issue or matter therein, the corporation must indemnify such person against expenses, including counsel fees (including those for appeal), actually and reasonably incurred by such person in connection therewith. Such person may be entitled to indemnification and advancement of expenses under a company's articles of incorporation or by-laws, agreement, vote of shareholders or disinterested directors, or otherwise.

of the corporation as a director or officer of another corporation, partnership, joint venture, trust or other enterprise, shall be indemnified by the corporation against expenses (including reasonable attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with such action, suit or proceeding, if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation (and with respect to any criminal action or proceeding, if he had no reasonable cause to believe his conduct was unlawful), to the maximum extent permitted by, and in the manner provided by, the Georgia Business Corporation Code.

As permitted by Section 14-2-202(b)(4) of the GBCC, the articles of incorporation of Alere Healthcare of Illinois, Inc. eliminate a director's personal liability for monetary damages to the corporation or its shareholders for monetary damages for any action taken, or any failure to take any action, as a director, except liability for (a) any appropriation, in violation of his duties, of any business opportunity of the corporation, (b) acts or omissions which involve intentional misconduct or a knowing violation of law, (c) the types of liability set forth in Section 14-2-832 of the GBCC regarding unlawful distributions, or (d) any transaction from which the director received an improper personal benefit.

## **Massachusetts Corporations**

Section 8.51 of Chapter 156D of the Massachusetts General Laws provides that a corporation may indemnify a director against liability if: (1) (i) he conducted himself in good faith; and (ii) he reasonably believed that his conduct was in the best interests of the corporation or that his conduct was at least not opposed to the best interests of the corporation; and (iii) in the case of any criminal proceeding, he had no reasonable cause to believe his conduct was unlawful; or (2) he engaged in conduct for which he shall not be liable under a provision of the corporation's articles of organization authorized by section 2.02(b)(4) of Chapter 156D of the Massachusetts General Laws.

Section 8.52 of Chapter 156D of the Massachusetts General Laws requires a corporation to indemnify a director who was wholly successful, on the merits or otherwise, in the defense of any proceeding to which he was a party because he was a director against reasonable expenses incurred by him. Section 8.56 of Chapter 156D of the Massachusetts General Laws allows corporations to indemnify officers to the same or greater extent as directors.

The by-laws of First Check Ecom, Inc. provide that the corporation shall indemnify each person elected or appointed as a director, officer, employee or agent of the corporation (including each person who serves at its request as a director, officer, employee or agent of any other organization in which the corporation has any interest as a stockholder, creditor, or otherwise, or who serves at its request in any capacity with respect to any employee benefit plan) against all expense reasonably incurred or paid by him in connection with the defense or disposition of any actual or threatened claim, action, suit, or proceeding (civil, criminal, or other, including appeals) in which he may be involved as a party or otherwise by reason of his having served in any such capacity, or by reason of any action or omission or alleged action or omission by him while serving in any such capacity; except for expense incurred or paid by him with respect to (i) any matter as to which he shall have been adjudicated in any proceeding not to have acted in the reasonable belief that his action was in the best interests of the corporation, or (ii) any matter as to which he shall agree or be ordered by any court of competent jurisdiction to make payment to the corporation, or (iii) any matter as to which the corporation shall be prohibited by law or by order of any court of competent jurisdiction from indemnifying him.

The by-laws of First Check Ecom, Inc. further provide that the corporation shall pay expenses incurred in defending a civil or criminal action or proceeding in advance of the final disposition of such action or proceeding, upon receipt of an undertaking by the person indemnified to repay such payment if he shall eventually be adjudicated to be not entitled to the indemnification.

As permitted by Section 2.02(b)(4) of Chapter 156D of the Massachusetts General Laws, the articles of organization of First Check Ecom, Inc. eliminate the personal liability of a director to the corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, except liability (a) for any breach of the director's duty of loyalty to the corporation or its stockholders, (b) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (c) for improper

distributions to shareholders, or (d) for any transaction from which the director derived an improper personal benefit.

### **New York Corporations**

Sections 721-726 of the New York Business Corporation Law provide that a corporation may indemnify its officers and directors (or persons who have served, at the corporation's request, as officers or directors of another corporation) against the reasonable expenses, including attorneys' fees, actually and reasonably incurred by them in connection with the defense of any action by reason of being or having been directors or officers, if such person shall have acted in good faith and in a manner he reasonably believed to be in, or not opposed to, the best interests of the corporation, except that if such action shall be in the right of the corporation, no such indemnification shall be provided as to any claim, issue or matter as to which such person shall have been adjudged to have been liable to the corporation unless and only to the extent that the court in which the action was brought, or, if no action was brought, any court of competent jurisdiction determines upon application that, in view of all of the circumstances of the case, the person is fairly and reasonably entitled to indemnification.

The power to indemnify applies to actions brought by or in the right of the corporation as well, but only to the extent of defense and settlement expenses and not to any satisfaction of a judgment or settlement of the claim itself, and with the further limitation that in such actions no indemnification will be made in the event of any adjudication of negligence or misconduct unless the court, in its discretion, believes that in light of all the circumstances indemnification should apply.

To the extent any of the persons referred to in the two immediately preceding paragraphs is successful in the defense of such actions, such person is entitled, pursuant to the laws of New York State, to indemnification as described above.

Neither the certificate of incorporation nor the by-laws of Matria of New York Inc. include provision for indemnification.

### **Virginia Corporations**

Sections 13.1-697-699 and 701- 704 of the Virginia Stock Corporation Act ( VSCA ) provide, generally and in part, that a corporation may indemnify an individual made a party to a proceeding because he is or was a director, against liability incurred in the proceeding if he conducted himself in good faith and reasonably believed, in the case of conduct in his official capacity with the corporation, that his conduct was in its best interests, or in all other cases, that his conduct was at least not opposed to its best interests and, in the case of any criminal proceeding, he had no reasonable cause to believe his conduct was unlawful; provided, however, that a corporation may not indemnify a director in connection with a proceeding by or in the right of the corporation in which the director was adjudged liable to the corporation or in connection with any other proceeding charging improper personal benefit to him in which he was adjudged liable. Such indemnification in connection with a proceeding by or in the right of the corporation is limited to reasonable expenses incurred in connection therewith.

Unless limited by a corporation's certificate of incorporation, similar indemnity with respect to expenses incurred is mandatory under the above-referenced Sections of the VSCA for a director or officer who was wholly successful on the merits or otherwise, in defense of any proceedings to which he was a party because he is or was a director or officer, as the case may be. Any such indemnification may be made only as authorized in each specific case after a determination by disinterested directors, special legal counsel or disinterested shareholders that indemnification is permissible because the indemnitee has met the applicable standard of conduct. Directors and officers may also apply for court-ordered indemnification. Pursuant to Section 13.1-704 of the VSCA, a corporation may also indemnify and advance expenses to any director or officer to the extent provided by the corporation's certificate of incorporation, any

bylaw made by the shareholders or any resolution adopted by the shareholders, except an indemnity against willful misconduct or a knowing violation of the criminal law.

A. Each undersigned Registrant hereby undertakes:

1. To file, during any period in which offers or sales are being made, a post-effective amendment to this Registration Statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the Registration Statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the Registration Statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement.

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the Registration Statement or any material change to such information in the registration statement.

*provided, however,* that paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) of this section do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the Securities and Exchange Commission by the registrant pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b).

2. That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

3. To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

4. That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

5. That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities: The undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

B. That, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration

statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

C. The undersigned registrant hereby undertakes to supplement the prospectus, after the expiration of the subscription period, to set forth the results of the subscription offer, the transactions by the underwriters during the subscription period, the amount of unsubscribed securities to be purchased by the underwriters, and the terms of any subsequent reoffering thereof. If any public offering by the underwriters is to be made on terms differing from those set forth on the cover page of the prospectus, a post-effective amendment will be filed to set forth the terms of such offering.

D. Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

E. The undersigned registrant hereby undertakes to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of section 310 of the Trust Indenture Act ( Act ) in accordance with the rules and regulations prescribed by the Commission under section 305(b)2 of the Act.
