PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS TO BE HELD SEPTEMBER 27, 2003

GENERAL INFORMATION

This Proxy Statement is furnished to the shareholders of Biomet, Inc. in connection with the solicitation by the Board of Directors of Biomet of proxies to be voted at the Annual Meeting of Shareholders to be held at Biomet's Corporate Headquarters located at 56 East Bell Drive, Warsaw, Indiana, on Saturday, September 27, 2003, at 1:30 p.m., local time, or any adjournment or postponement thereof. This Proxy Statement and the accompanying proxy card were first mailed to shareholders on or about August 22, 2003. The following is important information in a question-and-answer format regarding the Annual Meeting and this Proxy Statement.

WHAT AM I VOTING ON?

You are voting on the following matters:

- o The election of four Class II directors (Jerry L. Ferguson; Daniel P.

Edgar Filing: BIOMET INC - Form DEF 14A

Hann; Thomas F. Kearns, Jr.; and Dane A. Miller, Ph.D.) for three-year terms.

- o The ratification of the selection of Ernst & Young LLP as independent accountants for the fiscal year ending May 31, 2004.

WHAT ARE THE BOARD'S RECOMMENDATIONS?

Unless you instruct otherwise on your proxy card, the proxy holders will vote in accordance with the recommendations of the Board of Directors. The Board's recommendations are set forth with the discussion of each matter set forth later in this Proxy Statement. In summary, the Board recommends that you vote:

- o FOR the election of the nominees for directors.
- o FOR ratification of the appointment of Ernst & Young LLP as Biomet's independent accountants for fiscal year 2004.

With respect to any other matter that properly comes before the Annual Meeting, the proxy holders will vote in accordance with their best judgment.

WHO IS ENTITLED TO VOTE?

Only those persons who own Biomet Common Shares at the close of business on the record date, August 7, 2003, are entitled to receive notice of and to vote at the Annual Meeting, or any adjournment or postponement of the meeting. As of the record date, there were 256,391,095 Common Shares of Biomet issued and outstanding. Each shareholder is entitled to one vote for each Biomet Common Share owned as of the close of business on August 7, 2003.

WHAT CONSTITUTES A QUORUM?

A quorum is represented by the holders of a majority of the Common Shares outstanding on the record date and present, in person or by proxy, at the Annual Meeting. Proxies submitted by brokers that do not indicate voting instructions for a proposal are called "broker non-votes." Broker non-votes and abstentions will be included in the number of shares considered to be present at the Annual Meeting, but will not be counted "for" or "against" the proposal. A quorum must be present for a proposal to be properly approved at the Annual Meeting.

WHAT IS THE DIFFERENCE BETWEEN HOLDING SHARES AS A SHAREHOLDER OF RECORD AND AS A BENEFICIAL OWNER?

If your shares are registered directly in your name with our transfer agent you are considered to be the "shareholder of record" with respect to those shares. This Proxy Statement, the Annual Report to Shareholders and the proxy card have been sent directly to you.

If your shares are held in a stock brokerage account, by a bank or other nominee, you are considered to be the "beneficial owner" of the shares held in street name. This Proxy Statement and the Annual Report to Shareholders have been forwarded to you by your broker, bank or other nominee, who is considered to be the shareholder of record with respect to those shares. As the beneficial owner of the shares, you have the right to direct your broker, bank or other nominee how to vote your shares by using the voting instruction card included in the mailing.

HOW DO I VOTE?

Edgar Filing: BIOMET INC - Form DEF 14A

It is important that you vote each proxy you receive. If your proxy card does not indicate your voting preference, your shares will be voted FOR the two proposals on your behalf.

SHAREHOLDERS OF RECORD. Shareholders of record may vote in person at the Annual Meeting or by proxy, whether or not they plan to attend the Annual Meeting. This year there are two convenient voting methods for shareholders of record to vote by proxy.

- o VOTING BY INTERNET. We encourage you to vote by using the Internet at www.proxyvote.com. Please refer to the voting information on the proxy card and on the website for directions on the manner in which to transmit your voting instructions. Voting on the Internet has the same effect as voting by mail. The deadline for Internet voting is 11:59 p.m. Eastern Time, Friday, September 26, 2003. Internet voting is available 24 hours a day. If you vote by the Internet you should NOT return your proxy card by mail.
- o VOTING BY MAIL. If you choose to vote by mail, please mark, sign and date each proxy card you receive and return it as soon as possible in the postage-paid envelope provided.

BENEFICIAL OWNERS. Beneficial owners must refer to the voting information provided by their broker, bank or other nominee to determine the manner in which voting instructions are to be transmitted. A beneficial owner who wishes to vote in person at the Annual Meeting must obtain an additional proxy from the broker, bank or other nominee to do so, and must present that proxy at the Annual Meeting.

2

HOW CAN I CHANGE MY VOTE?

If you are a beneficial owner, you must contact your broker, bank or other nominee to determine how to change your voting instructions. If you are a shareholder of record, you may change your vote at any time prior to the tabulation of votes at the Annual Meeting. To do so, you must (1) deliver a written notice of revocation to the Secretary of Biomet at P.O. Box 587, Warsaw, IN 46581-0587, (2) submit a properly executed proxy bearing a later date in writing or on the Internet, or (3) attend the Annual Meeting and cast your vote in person.

HOW DO I VOTE MY SHARES IN BIOMET'S EMPLOYEE STOCK BONUS PLAN?

If you are one of Biomet's team members (Biomet refers to its employees as team members) eligible to participate in Biomet's Employee Stock Bonus Plan ("Bonus Plan"), you will receive a request for voting instructions from the Bonus Plan trustee with respect to the shares allocated to your account in the Bonus Plan. You are entitled to direct the Bonus Plan trustee how to vote your Bonus Plan shares. If you do not provide voting instructions to the Bonus Plan trustee within the prescribed time, the shares allocated to your account in the Bonus Plan will be voted by the Bonus Plan trustee in the same proportion as the shares held by the Bonus Plan trustee for which voting instructions have been received from other members of the Bonus Plan. You may revoke your previously provided voting instructions by filing with the Bonus Plan trustee either a written notice of revocation or a properly executed proxy bearing a later date.

HOW MANY VOTES ARE NEEDED TO APPROVE EACH ITEM?

Edgar Filing: BIOMET INC - Form DEF 14A

ELECTION OF DIRECTORS. The four nominees receiving the greatest number of votes will be elected as directors. Withheld votes and broker non-votes will not be counted as votes in favor of any nominee.

OTHER MATTERS. The ratification of the independent accountants and approval of any other matter that properly comes before the Annual Meeting requires that the number of votes cast "for" exceed those cast "against." Abstentions and broker non-votes will not be counted as votes for or against any such matters.

WHAT IS "HOUSEHOLDING" AND HOW DOES IT AFFECT ME?

In an effort to reduce printing and postage costs, Biomet has adopted a process for mailing the Annual Report to Shareholders and Proxy Statement known as "householding." Householding has been approved by the Securities and Exchange Commission and permits Biomet to mail only one copy of the Annual Report and Proxy Statement to shareholders of record who share the same last name and address, unless we receive contrary instructions from any shareholder of record at that address. Each shareholder of record will continue to receive a separate proxy card.

If you prefer to receive multiple copies of the Annual Report and Proxy Statement at the same address, additional copies will be provided to you promptly upon request. You may contact the Investor Contact in writing at Biomet, Inc., P.O. Box 587, Warsaw, IN 46581-0587, or by telephone at 574.372.1514. If you are a shareholder of record receiving multiple copies of the Annual Report and Proxy Statement and would prefer to receive a single copy, please contact us at the address and phone number provided above. If you are a beneficial owner, information regarding householding should be forwarded to you by your broker, bank or other nominee.

3

WHAT DOES IT MEAN IF I GET MORE THAN ONE PROXY CARD?

It means you have shares registered in more than one account. Please vote ALL proxy cards to ensure that all of your shares are counted.

WHO CAN ATTEND THE ANNUAL MEETING?

All shareholders as of the close of business on August 7, 2003, or their duly appointed proxy holders, may attend the Annual Meeting. Each shareholder may be accompanied by one guest. However, seating will be limited. Admission to the Annual Meeting will be on a first-come, first-served basis. Registration will begin at 1:00 p.m.

WHAT TIME IS THE ANNUAL MEETING?

The Annual Meeting will begin at 1:30 p.m., local time. Please note that local time is Eastern Standard Time, NOT Eastern Daylight Savings Time (i.e., during this time of year, Warsaw is on the same time as Chicago). PRIOR TO THE ANNUAL MEETING, THERE WILL BE TOURS OF BIOMET'S FACILITY FROM 12:00 NOON TO 1:00 P.M.

WHO PAYS FOR THE COSTS ASSOCIATED WITH THIS PROXY STATEMENT?

Biomet will pay for all expenses in connection with the solicitation of proxies. We will also provide to all brokers, dealers, banks and voting trustees, and their nominees, copies of this Proxy Statement, the accompanying proxy card and the Annual Report for mailing to beneficial owners and, upon request, will reimburse such record holders for their reasonable expenses in connection with such activities. Biomet expects to solicit proxies primarily by mail, but

Edgar Filing: BIOMET INC - Form DEF 14A

directors, officers and employees of Biomet may also solicit proxies in person, by telephone, by mail, facsimile transmission, or other forms of electronic communication. Biomet's directors, officers and employees will not receive any additional compensation for such activities.

ITEM 1--ELECTION OF DIRECTORS

Biomet's Board of Directors currently has 13 members. Biomet's Bylaws divide the Board of Directors into three classes, with one class to be elected at each Annual Meeting of Shareholders. At the Annual Meeting, the shareholders will vote to elect four directors in Class II to serve for a three-year term expiring in 2006, or until their successors are elected and qualified. Class III Directors and Class I Directors will not be elected at the Annual Meeting and will continue in office until the Annual Meetings of Shareholders to be held in 2004 and 2005, respectively. The Board of Directors has nominated the persons named below for election as Class II Directors. The name, age, business background and tenure as a director of Biomet of each nominee and each director continuing in office are set forth below. Jerry L. Miller and Kenneth V. Miller are brothers. No other family relationship exists among any of the nominees or continuing directors. Except as otherwise indicated, the principal occupations of the nominees and continuing directors have not changed during the last five years. The nominees for director have consented to serve, if elected, and Biomet has no reason to believe that any of the nominees will be unable to serve. Should any nominee become unavailable for any reason, proxies may be voted for an alternate candidate chosen by the Board of Directors. The four nominees for director receiving the greatest number of votes will be elected as directors. Withheld votes and broker non-votes (which are treated as "withheld" votes) are not counted as votes in favor of any nominee. Unless authority to vote for a nominee is withheld, the proxy card will be voted FOR the nominees named.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE NOMINEES BELOW.

In the event that less than 70 days' notice or prior public disclosure of the date of the Annual Meeting is given or made to shareholders, any notice of nomination by a shareholder must be received not later than the close of business on the tenth day following the day on which such notice of the date of the meeting was mailed or such public disclosure was made. The Nominating and Corporate Governance Committee is also responsible for recommending to the Board the director nominees for each committee of the Board; providing oversight of the corporate governance affairs of the Board and Biomet; and assisting in the evaluation of the Board, its committees and the individual directors. A more detailed discussion of the purpose, composition and duties and responsibilities of the Nominating and Corporate Governance Committee is contained in its Charter attached to this Proxy Statement as Appendix B. The Nominating and Corporate Governance Committee met once during fiscal year 2003.

The COMPENSATION COMMITTEE is responsible for administering the compensation programs for Biomet's executive officers and employees. The Compensation Committee met twice during fiscal year 2003.

The STOCK OPTION COMMITTEE administers Biomet's stock option plans. Presently, no member of the Stock Option Committee participates in any of these plans with the exception that each of the two non-employee director members, Jerry L. Miller and Kenneth V. Miller, automatically receives an option to purchase 2,000 Common Shares every year during his service as a non-employee director of Biomet pursuant to the terms of the Biomet, Inc. 1998 Qualified and Non-Qualified Stock Option Plan. The Stock Option Committee met four times during fiscal year 2003.

OPTION GRANTS IN LAST FISCAL YEAR

NAME	NUMBER OF SECURITIES UNDERLYING OPTIONS GRANTED (1) (#)	PERCENT OF TOTAL OPTIONS GRANTED TO EMPLOYEES IN FISCAL YEAR 2003	EXERCISE PRICE (\$/SH)	EXPIRATION DATE	POTENTIAL ANNUAL RATINGS APPRECIATION 5% (\$)
Garry L. England	4,000	0.2%	\$24.00	July 17, 2007	\$26,

(1) These options were granted under the Biomet, Inc. 1998 Qualified and

Edgar Filing: BIOMET INC - Form DEF 14A

Non-Qualified Stock Option Plan. They were granted at fair market value at the time of the grant, do not become exercisable until three years from the date of grant and carry with them the right to deliver previously owned shares in payment of the option price and to satisfy tax withholding requirements.

(2) The dollar amounts shown in these columns are the result of calculations at the 5% and 10% appreciation rates set by the Securities and Exchange Commission and are not intended to forecast the actual appreciation, if any, of Biomet's stock price. Biomet did not use an alternate formula to determine potential realizable value because it is not aware of any formula that is able to determine with reasonable accuracy the potential realizable value based on future unknown or volatile factors.

13

The following table sets forth the number of shares acquired on exercise of stock options and the aggregate gain realized on exercise in fiscal year 2003 by Biomet's executive officers named in the Summary Compensation Table. Dr. Miller and Mr. Noblitt have never received stock options from Biomet.

AGGREGATED OPTION EXERCISES IN LAST FISCAL YEAR AND FISCAL YEAR END OPTION VALUES

NAME	NUMBER OF SHARES ACQUIRED ON EXERCISE	VALUE REALIZED (1)	NUMBER OF UNEXERCISED OPTIONS AT MAY 31, 2003		VALUE OF U OPTIONS EXERCISABL
			EXERCISABLE	UNEXERCISABLE	
Garry L. England	25,032	\$567,632	15,375	33,625	\$262,13
Charles E. Niemier	38,531	\$768,758	26,906	33,625	\$497,16
James R. Pastena	51,232	\$990,889	17,835	48,250	\$230,20

(1) An individual, upon exercise of an option, does not receive cash equal to the amount contained in the Value Realized column of this table. Instead, the "Value Realized" represents the difference between the base (or exercise) price of the option shares and the market price of the option shares on the date the option was exercised. It does not include any taxes which may have been owed. No cash is received until or unless the shares received upon exercise of an option are sold.

(2) Represents the difference between the base (or exercise) price of the option shares and a market price of \$27.37, the closing price of the Common Shares reported by The Nasdaq National Market on May 31, 2003.

REPORT OF THE COMPENSATION AND STOCK OPTION COMMITTEES

The Compensation Committee and the Stock Option Committee of the Board of Directors (collectively referred to herein as the "Committee") are responsible for administering the compensation and benefit programs for Biomet's team members, including the executive officers. The Committee annually reviews and evaluates cash compensation and stock option grant recommendations made by the President and Chief Executive Officer for the executive officers (other than for himself) along with the rationale for such recommendations. The Committee

Edgar Filing: BIOMET INC - Form DEF 14A

examines these recommendations in relation to Biomet's overall objectives and makes compensation recommendations to the Board of Directors for final approval. The Committee also sends to the Board of Directors for approval its recommendations on compensation for the President and Chief Executive Officer, who does not participate in the decisions of the Board as to his compensation package. The President and Chief Executive Officer is not a member of the Compensation Committee. He is a member of the Stock Option Committee, but does not participate in the Biomet stock option program and has never received a stock option from Biomet.

WHAT IS BIOMET'S PHILOSOPHY OF EXECUTIVE OFFICER COMPENSATION?

Biomet's current executive compensation policies and practices reflect the compensation philosophies of Biomet's founders. Biomet is committed to maximizing shareholder value through performance. The Committee believes that an essential element to reaching that goal is the superior performance of Biomet's executive officers and management team. Biomet's practices and policies are designed to help achieve this objective by accomplishing the following goals:

- o Attracting, retaining and rewarding highly-qualified and productive persons.
- o Relating compensation to both company and individual performance.
- o Establishing compensation levels that are internally equitable and externally competitive.
- o Encouraging an ownership interest and instilling a sense of pride in Biomet, consistent with the interests of Biomet's shareholders.

14

The Committee firmly believes that all team members play a critical role in Biomet's success and, therefore, all team members are eligible to participate in Biomet's cash and equity compensation plans. The Committee continues to believe in one of Biomet's founding philosophies: equity incentives in the form of stock options are an excellent motivation for all team members, including executive officers, and serve to align the interests of team members, management and shareholders.

Based on these objectives, the compensation package of the executive officers consists of four primary elements:

- o base salary
- o incentive bonuses
- o stock options
- o participation in employee benefit plans

BASE SALARY. A base salary is set for each executive officer at the beginning of each calendar year by the Board of Directors, after receiving a recommendation from the Committee. The Committee recommends to the Board of Directors what it believes to be an appropriate base salary for each executive officer based on Biomet's performance, the executive officer's performance, Biomet's future objectives and challenges, and the current competitive environment. Base salaries are intended to be relatively moderate, but competitive. During fiscal year 2003, the base salary of the executive officers as a group increased approximately 7%.

INCENTIVE BONUSES. A significant portion of each executive officer's annual compensation is based on the financial performance of Biomet. Approximately one-half of each executive officer's potential annual cash compensation is based upon an incentive bonus, which is accrued and paid at the mid-point and the conclusion of each fiscal year. The potential bonus is determined at the

Edgar Filing: BIOMET INC - Form DEF 14A

discretion of the Committee and approved by the Board of Directors at the beginning of each fiscal year. In exercising its discretion, the Committee takes into account the growth in revenues and earnings and working capital management of the operations for which the executive officer is responsible or plays a significant role, as well as the goals, objectives, responsibilities and length of service of each officer.

STOCK OPTIONS. Stock options have always been a key element in Biomet's long-term incentives program. The primary purpose of stock options is to provide executive officers and other team members with a personal and financial interest in Biomet's success through stock ownership, thereby aligning the interests of such persons with those of Biomet's shareholders. This broad-based program is a vital element of Biomet's goal to empower and motivate outstanding long-term contributions by team members within all levels of Biomet. The Committee believes that stock options help to create an entrepreneurial environment within Biomet and instill the spirit of a small company. Additionally, the Committee believes stock options provide broad incentives for the day-to-day achievements of all team members in order to sustain and enhance Biomet's long-term performance.

The Committee believes that the value of stock options will reflect Biomet's financial performance over the long term. Because Biomet's employee stock option program provides for at least a one-year waiting period before options may be exercised and an exercise price at fair market value as of the date of grant, executive officers and other team members benefit from stock options only when the market value of the Common Shares increases over time. Individual executive officer stock option awards are based on level of responsibility, individual contribution, length of service and total number of Common Shares owned in relation to other executive officers. All team members are eligible to receive stock options. The current plan provides that all hourly team members of Biomet and its subsidiaries receive a stock option after just two years of service with Biomet or one of its subsidiaries.

15

BENEFIT PLANS. The executive officers may also participate in Biomet's 401(k) Plan and the Employee Stock Bonus Plan ("ESBP"). All team members residing in the United States who are at least 18 years of age and complete at least 90 days of service or 1,000 hours per year are also eligible to participate in both plans. With respect to the 401(k) Plan, each year Biomet, in its sole discretion, may match 75% of each team member's contributions, up to a maximum amount equal to 5% of the team member's compensation, either in cash or in Common Shares. All contributions to the 401(k) Plan are allocated to accounts maintained on behalf of each participating Team Member and, to the extent vested, are distributed to the team member upon retirement, death, disability or termination of service. Historically, the 401(k) Plan has purchased Common Shares with Biomet's matching contribution. Biomet may make contributions to the ESBP in the form of Common Shares or cash in such amounts, if any, as it may determine in its sole discretion, and participating team members may make voluntary contributions to the ESBP in amounts up to 10% of their annual compensation. Historically, Biomet has made contributions to the ESBP equal to 3% of each team member's annual salary, up to the maximum amount permitted by applicable Internal Revenue Service regulations. The funds accumulated under the ESBP are invested by the trustee primarily in Biomet Common Shares. Distributions are made to team members at retirement, death, disability or termination of service, in Common Shares or, at the team member's option, in cash. Because a significant portion of the assets of both of these plans is invested in Biomet's Common Shares, they serve to further align the interests of team members, management and shareholders.

HOW IS BIOMET'S PRESIDENT AND CHIEF EXECUTIVE OFFICER COMPENSATED?

Edgar Filing: BIOMET INC - Form DEF 14A

The compensation for Biomet's President and Chief Executive Officer, Dane A. Miller, Ph.D., is established by the Compensation Committee and approved by the Board of Directors. Dr. Miller is not a member of the Compensation Committee and does not participate in decisions of the Board of Directors with respect to his compensation. Over the years, Dr. Miller has received modest increases in his cash compensation, notwithstanding Biomet's strong financial results. These modest increases reflect his cost-conscious management style and belief that the financial success of management should be closely aligned with shareholder interests through appreciation in the value of Biomet's stock. Dr. Miller has never received a stock option and he does not participate in Biomet's stock option program. Notwithstanding an increase of 17% and 20% in Biomet's net sales, and net income, respectively, for fiscal year 2003, the total compensation paid to Dr. Miller increased approximately 7% during fiscal year 2003.

The Committee believes that the executive compensation programs and practices described above are conservative and fair to Biomet's shareholders. The Committee further believes that these programs and practices serve the best interests of Biomet and its shareholders.

REPORT OF AUDIT COMMITTEE

The primary function of the Audit Committee, as stated in its written charter adopted by the Board of Directors (attached to this Proxy Statement as Appendix A), is to assist the Board of Directors in fulfilling its oversight responsibilities as they relate to Biomet's accounting policies, internal controls and financial reporting practices. The Audit Committee fulfills this responsibility by reviewing the financial reporting process, the systems of internal control, the audit process and Biomet's process for monitoring compliance with laws and regulations and with its code of conduct. In performing its duties, the Audit Committee will maintain effective working relationships with the Board of Directors, management, the internal audit department and the independent accountants. To effectively perform his role, each committee member will obtain an understanding of the detailed responsibilities of committee membership as well as Biomet's business, operations and risks. Members of the Audit Committee are independent non-executive directors and fall within the definition of "independent director" as set forth by the current Nasdaq Market Rules.

The Audit Committee fulfills its responsibilities through periodic meetings with Biomet's independent accountants, internal auditors and members of Biomet's management. During fiscal year 2003, the Audit Committee met ten times. In addition, the chairman of the Audit Committee, as a representative of the Audit Committee, discussed the interim financial information contained in each quarterly earnings announcement with management prior to public release.

The Audit Committee has discussed the quality and adequacy of Biomet's internal controls with management, the internal auditors and the independent accountants. The Audit Committee has considered and reviewed with the internal auditors and independent accountants their audit plans, the scope of the audit, the

Edgar Filing: BIOMET INC - Form DEF 14A

identification of audit risks and the results of the internal audit examinations. The Audit Committee has adopted an Audit and Non-Audit Services Pre-Approval Policy.

The Audit Committee has reviewed Biomet's audited financial statements for the fiscal year ended May 31, 2003, and discussed them with management and Biomet's independent accountants. Management has the responsibility for the preparation and integrity of Biomet's financial statements and the independent accountants have the responsibility for the examination of those statements. The Audit Committee's review included discussion with the independent accountants of matters required to be discussed pursuant to Statement on Auditing Standards No. 61 (Communication With Audit Committees).

The Audit Committee has received and reviewed written disclosures and a letter from the independent accountants required by the Independence Standards Board Standard No. 1, entitled "Independence Discussions with Audit Committees," as amended to date, and has discussed with the independent accountants their independence from management. The Audit Committee has determined that the provision of non-audit services to Biomet during the most recently ended fiscal year by the independent accountants is compatible with maintaining their independence.

Based upon the review of the financial statements and discussions with management and the independent accountants, the Audit Committee recommended to the Board that Biomet's audited financial statements be included in its Annual Report on Form 10-K for the fiscal year ended May 31, 2003 for filing with the Securities and Exchange Commission.

The Audit Committee has selected Ernst & Young LLP as the independent accountants for Biomet's fiscal year 2004.

17

During fiscal year 2003, the Audit Committee reviewed all transactions between Biomet and its executive officers. The Audit Committee believes the terms of these transactions are no less favorable to Biomet than would have been available in the absence of the relationship with the executive officer.

It is not the duty of the Audit Committee to plan or conduct audits or to determine that Biomet's financial statements are complete and accurate and in accordance with accounting principles generally accepted in the United States. Those responsibilities belong to management and Biomet's independent accountants. In giving its recommendations to the Board of Directors, the Audit Committee has relied on (a) management's representation that such financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States, and (b) the report of Biomet's independent accountants with respect to such financial statements.

CERTAIN TRANSACTIONS

Dane A. Miller, Ph.D., President and Chief Executive Officer and a member of the Board of Directors of Biomet, is a majority shareholder in a corporation which provides the use of an aircraft to Biomet on an as-needed basis. Biomet pays a flat monthly fee of \$42,135, plus sales tax, to that corporation for the use of the aircraft. During the last fiscal year, Biomet made payments to that corporation of approximately \$503,235 in rental fees and scheduled maintenance on the aircraft. The Audit Committee of the Board of Directors has reviewed this relationship and believes the rental rate and other terms of this arrangement to be no less favorable to Biomet than would have been available in the absence of the relationship described.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires Biomet's directors and executive officers and persons who own more than 10 percent of a registered class of Biomet's equity securities to file with the Securities and Exchange Commission initial reports of ownership and reports of changes in ownership of Biomet Common Shares and other equity securities. Officers, directors and greater-than-ten percent shareholders are required by SEC regulations to furnish Biomet with copies of all Section 16(a) forms filed by them.

During fiscal year 2003, three of Biomet's executive officers did not timely report changes in ownership of Biomet Common Shares. Bareld J. Doedens failed to timely report the exercise of two stock options and resulting acquisition of shares, including the open market sale of shares to cover the cost of exercise on March 3, 2003. This transaction was included in the Form 5 Annual Statement of Beneficial Ownership of Securities filed by Mr. Doedens. James W. Haller

Edgar Filing: BIOMET INC - Form DEF 14A

failed to timely report the receipt of a stock option award from Biomet on November 19, 2002. This stock option award was reported on January 7, 2003. Gregory D. Hartman failed to timely report the exercise of three stock options and the resulting acquisition of shares on April 17, 2003. This transaction was included in the Form 5 Annual Statement of Beneficial Ownership of Securities filed by Mr. Hartman.

Other than the transactions noted above, to Biomet's knowledge, based solely on the review of the copies of such reports furnished to Biomet and written representations that no other reports were required, all Section 16(a) filing requirements applicable to its officers, directors and greater-than-ten percent beneficial owners were complied with on a timely basis during the fiscal year ended May 31, 2003.

20

ITEM 2--RATIFICATION OF SELECTION OF INDEPENDENT ACCOUNTANTS

The Audit Committee has selected the firm of Ernst & Young LLP ("Ernst & Young"), independent certified public accountants, to serve as independent accountants for the year ending May 31, 2004. The Board of Directors has determined that it would be desirable to request that the shareholders ratify such selection. As discussed below, Ernst & Young has served as the Company's independent accountants since October 2001. Biomet has been advised by Ernst & Young that neither it nor any of its associates has any direct or material indirect financial interest in Biomet.

PricewaterhouseCoopers LLP ("PWC") served as independent public accountants for Biomet for the fiscal year ended May 31, 2001. In June 2001 PWC advised Biomet that it was closing its office in South Bend, Indiana that had served the Company since 1980. Upon receipt of this advice, Biomet's Audit Committee and members of management interviewed several accounting firms, including PWC. On October 29, 2001, the Board of Directors of the Company, on the recommendation of the Audit Committee, approved the dismissal of PWC and the appointment of Ernst & Young as Biomet's independent accountants for the year ended May 31, 2002. The Audit Committee has also selected Ernst & Young as Biomet's independent accountants for the year ended May 31, 2003.

The reports of PWC on Biomet's financial statements for the year ended May 31, 2001 did not contain any adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles. In connection with the audits of Biomet's financial statements for the year ended May 31, 2001 and through October 29, 2001, there were no disagreements with PWC on any matters of accounting principles or practices, financial statement disclosure, or auditing scope or procedures, which disagreements, if not resolved to the satisfaction of PWC, would have caused them to make reference thereto in their reports on the financial statements for such year.

Representatives of Ernst & Young are expected to be present at the Annual Meeting. They will have the opportunity to make a statement, if they desire to do so, and are expected to be available to respond to appropriate questions concerning the audit for the fiscal year ended May 31, 2003.
