QUESTIONS AND ANSWERS

Why did I receive this proxy?

The Board of Directors of Duke Realty Corporation (the Company) is soliciting proxies to be voted at the Annual Meeting. The Annual Meeting will be held Wednesday, April 28, 2004, at 3:00 p.m. local time at the Parkwood Four Conference Center, 500 East 96th Street, Indianapolis, Indiana 46240. This proxy statement summarizes the information you need to know to vote by proxy or in person at the Annual Meeting. You do not need to attend the Annual Meeting in person in order to vote.

Who is entitled to vote?

All shareholders of record as of the close of business on Monday, March 1, 2004 (the Record Date) are entitled to vote at the Annual Meeting.

What is the quorum for the Meeting?

A quorum at the annual meeting will consist of a majority of the votes entitled to be cast by the holders of all shares of common stock outstanding. No business may be conducted at the meeting if a quorum is not present. As of the Record Date, 138,173,273 shares of common stock were issued and outstanding.

How many votes do I have?

Each share of common stock outstanding on the Record Date is entitled to one vote on each item submitted to you for consideration.

How do I vote?

By Mail: Vote, sign, date your card and mail it in the postage-paid envelope

In Person: At the Annual Meeting

By Telephone: Call toll-free 1-800-776-9437 and follow the instructions. You will be prompted for certain information that can be found on your proxy card.

Via Internet: Log on to www.voteproxy.com and follow the on-screen instructions. You will be prompted for certain information that can be found on your proxy card.

How do I vote my shares that are held by my broker?

If you have shares held by a broker, you may instruct your broker to vote your shares by following the instructions that the broker provides to you. Most brokers offer voting by mail, telephone and on the Internet.

Table of Contents

What am I voting on?

You will be voting on the following proposals:

Proposal One: The election of 15 Directors of the Company

Proposal Two: The ratification of the appointment of KPMG LLP as the Company's independent auditors for the calendar year 2004

Proposal Three: A shareholder proposal to separate the positions of Chairman of the Board and Chief Executive Officer

Will there be any other items of business on the agenda?

We do not expect any other items of business because the deadline for shareholder proposals and nominations has passed. Nonetheless, in case there is an unforeseen need, your proxy gives discretionary authority to Thomas L. Hefner, Dennis D. Oklak and Howard L. Feinsand with respect to any other matters that might be brought before the meeting. Those persons intend to vote that proxy in accordance with their best judgment.

How many votes are required to act on the proposals?

The election of each Director requires the affirmative vote of at least a majority of the common stock present in person or represented by proxy and entitled to vote for the election of Directors. The holder of each outstanding share of common stock is entitled to vote for as many persons as there are Directors to be elected. An abstention, broker non-vote, or direction to withhold authority will result in a nominee receiving fewer votes, but will not be treated as a vote against the nominee.

The affirmative vote of the holders of a majority of the common stock present in person or represented by proxy and entitled to vote at the Annual Meeting will be required to ratify the selection of KPMG LLP. Abstentions will be counted toward the tabulation of votes and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether this matter has been approved.

If the shareholder proposal is properly presented at the Annual Meeting, approval of the proposal will require the affirmative vote of the holders of a majority of the common stock present in person or represented by proxy and entitled to vote. Abstentions will be counted toward the tabulation of votes and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether this matter has been approved.

What happens if I return my proxy card without voting on all proposals?

When the proxy is properly executed and returned, the shares it represents will be voted at the Annual Meeting in accordance with your directions. If the signed card is returned with no direction on a proposal, **the proxy will be voted in favor of (FOR) Proposals One and Two and against (AGAINST) Proposal Three.**

Will anyone contact me regarding this vote?

No arrangements or contracts have been made with any solicitors as of the date of this proxy statement, although the Company reserves the right to engage solicitors if it deems them necessary. Such solicitations may be made by mail, telephone, facsimile, e-mail or personal interviews.

Who has paid for this proxy solicitation?

The Company has paid the entire expense of this proxy statement and any additional materials furnished to shareholders.

Table of Contents

May shareholders ask questions at the Annual Meeting?

Yes. There will be time allotted at the end of the meeting when Company representatives will answer questions from the floor.

How do I submit a proposal for the 2005 Annual Meeting?

If a shareholder wishes to have a proposal considered for inclusion in the proxy statement prior to the 2005 Annual Meeting, he or she must submit the proposal in writing to the Company (attention Howard L. Feinsand, Secretary) so that it is received by November 17, 2004. Shareholders are also advised to review the Company's by-laws, which contain additional advance notice requirements, including requirements with respect to advance notice of shareholder proposals and Director nominations.

The Board of Directors of the Company will review any shareholder proposals that are timely submitted and will determine whether such proposals meet the criteria for inclusion in the proxy solicitation materials or for consideration at the 2005 Annual Meeting. In addition, the persons named in the proxies retain the discretion to vote proxies on matters of which the Company is not properly notified at its principal executive offices on or before 60 days prior to the Annual Meeting, and also retain such authority under certain other circumstances.

What does it mean if I receive more than one proxy card?

It means that you have multiple accounts at the transfer agent or with stockbrokers. Please complete and return vote all proxy cards to ensure that all your shares are voted.

When was this proxy statement mailed?

This proxy statement, the enclosed proxy card and the Annual Report were mailed to shareholders beginning on or about March 17, 2004.

How do I receive future proxy materials electronically?

If you are a shareholder of record, you may, if you wish, receive future proxy statements and annual reports online. To do so, please log on to www.voteproxy.com and click on "Enroll to receive mailings via e-mail". You will need to refer to the company number and the account number on the proxy card. If you later wish to receive the statements and reports by regular mail, this e-mail enrollment may be cancelled.

Can I find additional information on the Company's website?

Yes. Our website is located at www.dukerealty.com. Although the information contained on our website is not part of this proxy statement, you can view additional information on the website, such as our code of conduct, corporate governance guidelines, charters of board committees and reports that we file with the SEC. A copy of our code of conduct, corporate governance guidelines and each of the charters of our board committees may be obtained free of charge by writing to Duke Realty Corporation, 600 East 96th Street, Suite 100, Indianapolis, Indiana 46240, Attention: Investor Relations.

PROPOSAL ONE: ELECTION OF DIRECTORS

Our Board of Directors currently consists of Barrington H. Branch, Gary A. Burk, Geoffrey Button, William Cavanaugh III, Ngaire E. Cuneo, Charles R. Eitel, Thomas L. Hefner, L. Ben Lytle, William O. McCoy, John W. Nelly, Jr., James E. Rogers, Jack R. Shaw, Robert J. Woodward, Jr. and Darell E. Zink, Jr. As a result of the amendment to the Articles of Incorporation approved last year by the Company's shareholders to de-stagger the Board of Directors and require the annual election of all Board members beginning in 2004, the terms of office of each of our directors expire at the Annual Meeting. Based on the recommendation of our corporate governance committee, each of these persons and Dennis D. Oklak, the Company's President and Chief Operating Officer, have been nominated for election at the Annual Meeting as directors for one-year terms, to hold office until the 2005 Annual Meeting and until their successors are elected and qualified.

No security holder that held a beneficial ownership interest in the Company's stock of 5% or more for at least one year recommended any candidates to serve on the Board of Directors.

If, at the time of the Annual Meeting, any nominee is unable or declines to serve, the discretionary authority provided in the proxy may be exercised to vote for a substitute or substitutes. The Board of Directors has no reason to believe that any substitute nominee or nominees will be required.

The election of each Director requires the affirmative vote of the holders of at least a majority of the common stock present in person or represented by proxy and entitled to vote for the election of Directors. The holder of each outstanding share of common stock is entitled to vote for as many persons as there are Directors to be elected. An abstention, broker non-vote, or direction to withhold authority will result in a nominee receiving fewer votes, but will not be treated as a vote against the nominee.

Independent Directors

Under the Company's articles of incorporation, at least a majority of the Directors must consist of persons who are unaffiliated directors, which means only those persons who are not officers or employees of the Company or any of its affiliates. Commencing with the annual meeting in 2005, this requirement will increase to 75%. Because none of Mr. Branch, Mr. Button, Mr. Cavanaugh, Ms. Cuneo, Mr. Eitel, Mr. Lytle, Mr. McCoy, Mr. Rogers, Mr. Shaw or Mr. Woodward are currently officers or employees of the Company or any of its affiliates, over 70% of the Company's current Board consists of unaffiliated directors.

Table of Contents

Under the enhanced corporate governance standards of the New York Stock Exchange (NYSE), at least a majority of the Company s Directors, and all of the members of the Company s Audit Committee, Executive Compensation Committee and Corporate Governance Committee, must meet the test of independence as defined by the NYSE. The new NYSE standards provide that to qualify as an independent director, in addition to satisfying certain bright-line criteria, the board of directors must affirmatively determine that a director has no material relationship with the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company). The Board of Directors has determined that each of the unaffiliated directors listed above satisfies the bright line criteria and that none has a relationship with the Company that would interfere with such person s ability to exercise independent judgment as a member of the Company s Board. Therefore, the Company believes that each of such Directors, or over 70% of the Company s current Board, is independent under the NYSE rules.

Director Retirement Policy

The Board of Directors has established a policy requiring a Director to resign from the Board no later than the date of the Annual Meeting following such Director s 72nd birthday.

BOARD COMMITTEES

The Board of Directors has four standing committees, with each committee described below. The members of each committee are also listed below. The members of each of the committees are comprised solely of independent Directors.

Audit Committee

The Audit Committee provides assistance to the Board of Directors in fulfilling its responsibility to the shareholders relating to corporate accounting, reporting practices, the quality and integrity of the financial reports and other operating controls of the Company. The committee also recommends the selection of the independent auditors to the Board of Directors and oversees the auditors activities. In addition, the committee supervises and assesses the performance of the Company s internal auditing department. The Audit Committee s charter is set forth on Appendix A. For information regarding procedures established by the Audit Committee for the submission of complaints or concerns about the Company s accounting, internal accounting controls or auditing matters, please visit the Investor Information/ Corporate Governance section of the Company s website at www.dukerealty.com.

Corporate Governance Committee

The purpose of the Corporate Governance Committee is to make recommendations to the Board of Directors regarding corporate governance policies and practices, to recommend criteria for membership on the Board of Directors, to nominate members to the Board of Directors and to make recommendations to the Board of Directors concerning the members, size and responsibilities of each of the Committees.

In determining appropriate candidates to nominate to the Board of Directors, the Corporate Governance Committee generally weighs the age, expertise, business experience, character and other board memberships of the candidate. The Corporate Governance Committee may employ a search firm to be used to identify director candidates. In nominating members to the Board of Directors, the Corporate Governance Committee will consider nominees recommended by shareholders. The committee s charter states that the committee may consider such nominees so long as the recommendation is submitted to the Company s secretary within the timeframe required to request a proposal to be included in the proxy materials. However, the Corporate Governance Committee may, in its sole discretion, reject any such recommendation for any reason.

The Corporate Governance Committee s charter is set forth on Appendix B and is available in the Investor Information/ Corporate Governance section of the Company s website at www.dukerealty.com.

Table of Contents**Executive Compensation Committee**

The Executive Compensation Committee reviews and approves the Company's compensation strategies, programs, plans and policies. It also oversees the administration of all Company officer and employee benefit plans. In addition, the committee reviews and determines the individual elements of compensation for the executive officers of the Company. The Executive Compensation Committee's charter is set forth on Appendix C and is available in the Investor Information/ Corporate Governance section of the Company's website at www.dukerealty.com.

Finance Committee

The Finance Committee reviews the current and long-term capital raising strategies and policies of the Company, including significant borrowings, the issuance and redemption of preferred and common stock, the establishment and payment of dividends and other significant financial transactions. The committee also reviews and authorizes property developments, property acquisitions, property dispositions and lease transactions exceeding certain threshold amounts established by the Board. The Finance Committee's charter is set forth on Appendix D and is available in the Investor Information/ Corporate Governance section of the Company's website at www.dukerealty.com.

As of the mailing date of this proxy statement, the Company has not established a process for shareholders to send communications to the full Board. However, as required by the rules of the New York Stock Exchange, commencing prior to the date of the Annual Meeting, the Company intends to implement procedures for interested parties, including shareholders, who wish to communicate directly with the Company's Lead Director. Such procedures can be found on the Investor Information/ Corporate Governance section of the Company's website (www.dukerealty.com). The Board believes that providing a method for interested parties to communicate directly with the Company's Lead Director, rather than the full Board, would provide a more confidential, candid and efficient method of relaying any interested party's concerns or comments.

In 2003, all Directors attended at least 75% of the meetings of the Board of Directors, including meetings of the committees of which they were members. The Company encourages all of its Directors to attend the Annual Meeting and, in 2003, all Directors attended such meeting.

Compensation of Directors

The Company does not pay Directors who are also employees of the Company additional pay for their services as Directors. The non-employee Directors are entitled to receive the following compensation:

400 shares of Company common stock per quarter;

\$3,500 for attendance at each meeting of the Board of Directors;

\$500 for participation in each telephonic meeting of the Board or its committees;

a \$7,500 annual retainer for the chairman of the Audit Committee and \$6,500 for all other committee chairs; and

a \$2,000 annual retainer for the Lead Director.

The Directors are also reimbursed for expenses of attending Board and Committee meetings.

Each non-employee Director also receives 2,500 stock options and dividend increase units per year pursuant to the Company's 1999 Director's Stock Option and Dividend Increase Unit Plan. These awards have the following terms:

The grant date is the first day of the Executive Compensation Committee meeting for any calendar year.

These awards vest ratably over a 5-year period and generally expire 10 years after the date of grant.

The exercise price of the options is the closing price of the Company's common stock on the date of grant.

The value of a dividend increase unit on the date of exercise is equal to the increase in the Company's annualized dividend per share of common stock from the date of grant to the date of exercise divided by the Dividend Yield. The Dividend Yield is defined as the annualized dividend per share of common stock divided by the market value of one share of common stock on the date of grant.

Newly appointed non-employee Directors are also entitled to a one-time grant of 5,000 stock options and dividend increase units.

Non-employee Directors may elect to receive all or a portion of their board attendance fees in shares of the Company's common stock pursuant to the Company's Directors' Stock Payment Plan rather than in cash. The number of shares any such non-employee Director receives is equal to the attendance fee otherwise payable divided by the closing price of the common stock as reported on the New York Stock Exchange on the date the fee was earned.

Non-employee Directors may also elect to defer the receipt of all or a portion of their annual cash and stock director fees pursuant to the Company's Directors' Deferred Compensation Plan. The deferred fees and earnings thereon are to be paid to the Directors after they cease to be members of the Board. Deferred fees that are otherwise payable in stock must be invested in a deferred stock account. Annual cash fees may be deferred in either a deferred stock account or an interest account.

Deferred Stock Account. This account allows the director, in effect, to invest his or her deferred compensation in Company stock. Funds in this account are credited as hypothetical shares of Company stock based on the market price of the stock at the time the compensation would otherwise have been paid. Dividends on these hypothetical shares are deemed to be paid and reinvested in additional hypothetical shares based upon the market price of the stock on the date the dividends are paid. Actual shares are only issued when a Director ends his or her service.

Interest Account. Amounts in this account earn interest at the prime rate. The rate is adjusted quarterly. The aggregate amount of interest that accrued in 2003 for the participating Directors was \$804.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board is responsible for providing independent, objective oversight of the Company's accounting functions and internal controls. The Audit Committee is composed of five Directors, each of whom is independent as defined by the listing standards of the New York Stock Exchange.

The Audit Committee operates under a written charter, which is attached hereto as Appendix A. The Committee's charter was amended in January 2004 to comply with the enhanced corporate governance rules of the New York Stock Exchange.

Management is responsible for the Company's internal controls and financial reporting process. The independent accountants are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and to issue a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

In connection with these responsibilities, the Audit Committee met with management and the independent accountants to review and discuss the Company's 2003 consolidated financial statements. The Audit Committee also discussed with the independent accountants the matters required by Statement on Auditing Standards No. 61 (Communication with Audit Committees). In addition, the Audit Committee received written disclosures from the independent accountants required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee discussed with the independent accountants that firm's independence.

Based upon the Audit Committee's discussions with management and the independent accountants, and the Audit Committee's review of the representations of management and the independent accountants, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2003 to be filed with the SEC.

FEES PAID TO INDEPENDENT ACCOUNTANTS

The Company incurred the following fees for services rendered by KPMG LLP, the Company's independent accountants, during 2003 and 2002:

Audit Fees: \$634,000 for 2003 and \$557,000 for 2002.

Audit-Related Fees: \$32,000 for 2003 and \$22,000 for 2002. These fees include employee benefit plan audits, Sarbanes-Oxley Section 404 planning, and other accounting related consultation.

Tax Fees: None for 2003 and \$11,000 in 2002 for tax compliance and tax planning services.

All Other Fees: None for 2003 or 2002.

The Audit Committee has determined that the rendering of non-audit services by KPMG LLP is compatible with maintaining the auditor's independence. In 2003, the Audit Committee adopted a policy which requires the pre-approval of all fees paid to KPMG for non-audit related services. Under that policy, the committee pre-approved the following services:

Audits of the Company's employee benefit plans in an amount not to exceed \$20,000 per year;

Tax consulting services in an amount not to exceed \$20,000 per year; and

Accounting and compensation consulting services in an amount not to exceed \$10,000 per year.

Any services in excess of the pre-approved amounts, or any services not described above, require the pre-approval of the Audit Committee chair, with a review by the Audit Committee at its next scheduled meeting.

REPORT OF THE EXECUTIVE COMPENSATION COMMITTEE

This report contains information regarding the cash and equity compensation of the Company's chief executive officer and the Company's four other most highly compensated executive officers (the Named Executive Officers).

Executive Compensation Philosophy

The Executive Compensation Committee (the Compensation Committee) of the Board of Directors makes all decisions about compensation for the Company's executive officers, including the Named Executive Officers. The primary objectives of the Compensation Committee in determining total compensation of the Company's executive officers are (i) to enable the Company to attract and retain high quality executives by providing total compensation opportunities with a combination of compensation elements which are at or above competitive opportunities, and (ii) to align shareholder interests and executive rewards by providing substantial incentive opportunities to be earned by the executives if they meet pay-for-performance standards designed to increase long-term shareholder value. In order to accomplish these objectives, the Compensation Committee established an executive compensation program that provides for the following:

annual base salaries at or near the market median;

annual incentive opportunities that reward the executives for achieving or surpassing performance goals which represent norms of excellence for the real estate industry; and

long-term incentive opportunities which are directly related to increasing shareholder value.

The Compensation Committee reviews compensation levels for the executive officers of the Company near the beginning of each calendar year. In determining compensation for a specific executive, the Compensation Committee considers many factors including the nature of the executive's job, the executive's job performance, the compensation levels of competitive jobs, and the financial performance of the Company. For executive officers other than the Chief Executive Officer, the Compensation Committee considers the recommendations of the Chief Executive Officer. The Compensation Committee also considers competitive market data compiled from independent sources.

Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), imposes a limitation on the deductibility of non-performance based compensation in excess of \$1 million paid to certain executive officers. Although the Company's long-term incentive plans have been designed to comply with the performance-based requirements of Section 162(m), not all compensation paid by the Company to its executive officers in 2003 met such requirements. However, the Company did not pay any compensation in 2003 that was not deductible under Section 162 (m), and does not anticipate paying any nondeductible compensation in 2004.

Base Salaries and Annual Cash Incentives

The base salaries for the Company's executive officers (including the Named Executive Officers) are established after a review by the Compensation Committee of the salaries paid to executive officers of a comparison group of other publicly traded REITs. Other factors considered include the individual's experience, performance and level of responsibility.

The Compensation Committee establishes an annual cash incentive target at the beginning of each year for each executive officer. The actual amount paid to an executive is based upon the Compensation Committee's assessment of (i) the Company's overall performance versus goals established by the committee, and (ii) each executive's individual performance, with a higher emphasis on overall Company performance for the most senior executives. The overall Company performance factor is based upon a three-tier measurement system consisting of funds from operations (FFO) growth per share of common stock, return on shareholders' equity and return on real estate investments.

Table of Contents

Long-Term Incentive Opportunities

The amount of long-term incentives awarded to the Company's executive officers (including the Named Executive Officers) on an annual basis is determined at the discretion of the Compensation Committee but is based upon the participant's level of responsibility within the Company. The long-term incentive opportunities consist of stock options (Options), dividend increase units (DIUs), shareholder value plan grants and performance share plan grants.

Stock Option and Dividend Increase Unit Plans The objectives of the Option and DIU plans are to provide executive officers with long-term incentive opportunities aligned with the shareholder benefits of an increased common stock value and increased annual dividends. The number of Options and DIUs issued to each executive is determined annually by the Compensation Committee, with one DIU granted for each Option that is granted. The Options and DIUs are for terms of no more than ten years. With certain limited exceptions, awards made under the Option and DIU plans vest 20% per year over a five-year period. The exercise price of the Options may not be less than the fair market value of the Company's common stock on the date of grant. The value of each DIU at the date of exercise is equal to the increase in the Company's annualized dividend per share of common stock from the date of grant to the date of exercise divided by the Dividend Yield. The Dividend Yield is defined as the annualized dividend per share of common stock divided by the market value of one share of common stock on the date of grant. DIU value is payable in cash upon exercise.

Shareholder Value Plan The objective of the shareholder value plan is to provide executive officers with long-term incentive opportunities directly related to providing total shareholder return in excess of the median of independent market indices. The annual shareholder value plan award for each executive is determined by the Compensation Committee. The award vests entirely three years after the date of grant and the amount paid is based upon the Company's total shareholder return for such three year period as compared to independent market indices. The independent market indices used for comparison are the S&P 500 Index and the Equity REIT Total Return Index published by the National Association of Real Estate Investment Trusts (NAREIT). The amount of the award payable may range from a low of zero, if both of the rankings of the Company's returns are less than the 50th percentile of both of the indices, to a high of 300% of the award if the rankings of both of the Company's returns are in the 90th percentile or higher of both of the indices, with 100% of the award being payable at the 60th percentile. Shareholder value plan awards are payable in cash.

Performance Share Plan Unlike awards under other Company plans, awards under this plan are made from time to time and not on an annual basis. Awards are made in the form of performance shares, with each performance share representing the economic equivalent of one share of common stock. Awards are granted at the discretion of the Compensation Committee after considering the participant's position and level of responsibilities within the Company and the overall compensation of the executive relative to competitive overall compensation levels for such position. Vesting of the awards is based upon the Company's attainment of certain predefined levels of earnings growth. At the beginning of each calendar year, the Compensation Committee sets a targeted earnings growth percentage for the year. The amount vested for a particular year is based upon a comparison of the actual earnings growth of the Company to the targeted earnings growth percentage. The value of vested performance shares is paid in cash upon termination of employment.

Compensation of the Chief Executive Officer

The compensation awarded to Mr. Hefner in 2003 consisted of the same elements as the other Named Executive Officers, including an annual base salary, an annual cash incentive award, and grants under the Company's long-term incentive plans.

Base Salary Mr. Hefner's base salary increased by \$55,000, from \$360,000 for 2002 to \$415,000 in 2003. The Compensation Committee determined Mr. Hefner's salary after considering his performance level and experience with the Company, and after reviewing a survey of compensation paid to CEO's of comparable equity based REITs.

Table of Contents

Annual Cash Incentive Mr. Hefner is generally entitled to receive an annual cash incentive bonus determined by the Compensation Committee. At the beginning of each calendar year, the Committee establishes a target amount of the award. The amount actually earned is based upon the attainment of certain corporate performance measurements as compared to predetermined targets. These performance measurements include FFO growth per share of common stock, return on shareholders' equity and return on real estate investments. For 2003, the Company's FFO growth was -2.02% per share of common stock, its return on shareholders' equity was 12.14% and its return on real estate investments was 9.32%. Based upon these results versus the pre-determined targets, the Compensation Committee determined that Mr. Hefner was entitled to an annual cash incentive award of \$375,000 for 2003 as compared to the annual cash incentive award of \$230,000 earned by Mr. Hefner for 2002. Mr. Hefner did not accept any of his annual cash incentive awards for 2002 or 2003 and recommended that the Compensation Committee instead approve the payment of equivalent amounts to a trust to be exclusively used to provide additional benefit programs to employees of the Company. In addition, the Compensation Committee, with the approval of all independent directors, awarded Mr. Hefner a \$200,000 bonus for his succession planning efforts and achievements during 2003.

Long-Term Incentive Opportunity Awards Mr. Hefner is eligible for Option and DIU grants with a value on the date of grant equal to a percentage of his annual base salary. In February 2003, Mr. Hefner received the following awards:

options to purchase 46,913 shares of common stock at an exercise price of \$25.42 per share;

46,913 DIUs with a Dividend Yield of 7.16%; and

a target amount of \$172,917 under the Shareholder Value Plan, subject to vesting as described above under Long-Term Incentive Opportunities Shareholder Value Plan.

Mr. Hefner received a performance share plan grant with a value of \$200,000 in 2000. No awards were made under this plan in 2001, 2002 or 2003. The award granted in 2000 contains annual variable vesting provisions, with the amount vested based upon a comparison of actual FFO growth per share of common stock to a target established annually by the Compensation Committee. The annual vesting percentages range from 0% to 30%. The FFO growth target established by the Compensation Committee for the 2003 performance period was -1.21%, with a threshold for vesting under this plan of -3.23%. For 2003, the Company's FFO per share of common stock declined by 2.02%. Based upon the Company's actual performance, the targets set by the Committee and the formulas contained in the plan, an additional 16% of Mr. Hefner's 2000 award vested on January 1, 2004, bringing his total vested percentage as of that date to 58%.

In February 2003, Mr. Hefner received a payment of \$195,819 pursuant to a grant under the shareholder value plan made in 2000. In February 2004, Mr. Hefner received a payment of \$126,310 pursuant to a grant under the shareholder value plan made in 2001. The payout percentages of these awards as determined by formulas contained in that plan were 213.62% and 126.31% for the grants made in 2000 and 2001, respectively.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

As noted above, the Compensation Committee is comprised of five independent Directors: Messrs. Button, Cavanaugh, Eitel, Lytle, and Rogers. No member of the Compensation Committee is or was formerly an officer or an employee of the Company. No executive officer of the Company serves as a member of the Board of Directors or compensation committee of any entity that has one or more executive officers serving as a member of the Company's Board of Directors, nor has such interlocking relationship existed in the past.

Table of Contents**STOCK PURCHASE PLANS**

Under two stock purchase plans sponsored by the Company, Directors and senior managers were entitled to purchase shares of common stock using the proceeds of loans that were guaranteed by the Company. Shares of common stock were purchased under these plans in 1998 and 1999. The Named Executive Officers and Directors that participated in the plans borrowed the entire purchase price of the shares from a bank and are personally obligated to repay the loans. The Company unconditionally guaranteed the payment and performance obligations of the officers and Directors to the bank. However, each participant is personally liable to the Company for any payments made under the guarantee as a result of any default by a participant on his loan.

As of February 16, 2004, the amounts of the loans guaranteed by the Company for each Named Executive Officer and Director were as follows:

Mr. Button	\$710,000	Mr. Nelley	\$1,500,000
Ms. Cuneo	500,000	Mr. Oklak	250,000
Mr. McCoy	204,000		

The Company shares purchased with the loan proceeds contain restrictive legends that may not be removed unless the loans are repaid. As of February 16, 2004, 160,745 shares of common stock with a market value of \$5,420,287 were available to pay the \$3,164,000 of loans guaranteed by the Company for the benefit of the Directors and the Named Executive Officers.

EMPLOYMENT AND SEVERANCE AGREEMENTS

The Duke Realty Severance Pay Plan (the "Severance Plan") provides for the payment of severance amounts to certain key Company officers if, within one year following a change in control of the Company, the officer's employment with the Company is terminated by the Company other than for cause or if an officer voluntarily terminates his or her employment because of a reduction in the officer's pay or his forced relocation. A "Level One" participant will receive two times the sum of the compensation awarded to such terminated participant for the calendar year preceding the date of termination and a "Level Two" participant will receive an amount equal to his prior year compensation. All of the Named Executive Officers other than Mr. Burk and Mr. Zink participate in the Severance Plan, and the Compensation Committee has designated each of these participants as eligible for Level One benefits. Because Mr. Burk and Mr. Zink no longer serve as executive officers of the Company, they are no longer entitled to any benefits under the Severance Plan.

In 1999, Weeks Corporation ("Weeks") was merged with and into the Company (the "Merger"). Prior to the Merger, Weeks entered into change of control agreements with certain of its officers. The Company assumed the obligations of Weeks under these agreements on the effective date of the Merger. Under one of these agreements, John W. Nelley, Jr., a Director and officer of the Company, is entitled to receive severance payments based upon a multiple of his current compensation, plus immediate vesting of his stock options, if a) his employment is terminated without cause within two years following a change of control of the Company, or b) his employment is terminated for any reason within one year following a change of control.

- (5) Under the performance share plan, awards are made in the form of performance units, each of which is equivalent to one share of common stock. As noted in the above table, no awards were granted to the Executive Officers in 2003. Awards are not paid until retirement or termination of employment. Dividends are paid on the awards in cash or additional performance units, at the election of the participant. As of December 31, 2003, the number of vested and unvested performance shares for the Named Executive Officers were as follows:

- (2) These values were established using the Black-Scholes stock option valuation model. The following assumptions were used in the model: expected volatility of 20.0%, risk-free interest rate of 3.23%, dividend yield of 7.25%, and expected life of the options of six years. The actual value of the options will depend upon the performance of the Company during the period of time the options are outstanding and the price of the Company's common stock on the date of exercise.

- (1) Under the Company's dividend increase unit plan, DIUs are granted to key employees. DIUs vest over a five-year period at 20% per year. The value of each DIU at the date of exercise is determined by calculating the Dividend Yield at the date the DIU is granted and dividing the increase in the Company's annualized dividend from the date of grant to the date of exercise by such Dividend Yield. DIUs not exercised within 10 years of the date of grant are forfeited. Distribution of a participant's benefits under the plan will be made in cash. The in-the-money value of vested DIUs at December 31, 2003 for these executives was \$700,361 for Mr. Hefner, \$703,775 for Mr. Oklak, \$987,070 for Mr. Burk, \$796,517 for Mr. Chapman, and \$597,513 for Mr. Zink.
- (2) Under the Company's shareholder value plan, awards are granted in specified dollar amounts to selected key employees. The specified award is payable to the participant on the third anniversary of the grant of the award. The actual payments under the plan are determined

total shareholder return for the three-year period beginning on the date of grant as compared to the cumulative total return for the S&P 500 Index and the NAREIT Equity REIT Total Return Index (the Indices) for the same period. The Company's cumulative total shareholder return is calculated by determining the average per share closing price of the Company's common stock for the 30 day period preceding the end of the three year period, increased by an amount that would be realized if all cash dividends paid during the three year period were reinvested in common stock of the Company, and comparing this amount to the average per share closing price of the Company's common stock for the 30 day period preceding the date of grant. The payment of one-half of the bonus award is adjusted based upon the percentile ranking of the Company's cumulative total shareholder return as compared to each of the Indices for the same period. The payment adjustment may range from zero percent of the amount awarded, if both of the rankings of the Company's returns are less than the 50th percentile of both of the Indices, to 300 percent of the amount awarded if both of the rankings are in the 90th percentile or higher of both of the Indices, with 100 percent of the award being payable at the 60th percentile. Distribution of a participant's adjusted bonus award at the end of the three-year period after the date of grant will be made in cash.

Common stock will be issued under the Directors' Deferred Compensation Plan upon the Director's termination of service on the board.
- (4) Consists of shares of common stock registered for issuance under the Company's Employee Stock Purchase Plan, a plan amended and restated in July 2001. Pursuant to Amendment One of the Plan approved in October 2002, the Company now purchases all shares on the open market.

RELATED PARTY TRANSACTIONS

The Company is the sole general partner of Duke Realty Services Limited Partnership (the Services Partnership). The Services Partnership operations are included in the consolidated financial statements of the Company. The Services Partnership was formed in 1993 to provide property management, leasing, construction management and development services to subsidiaries of the Company, to joint ventures partially owned by the Company and to third parties. To ensure that the income from these services did not cause the Company to fail to qualify as a real estate investment trust, a portion of the Services Partnership was acquired by certain officers of the Company upon its formation. Thomas L. Hefner, Darell E. Zink, Jr., and Gary A. Burk collectively own 49% of Duke Management, Inc. (DMI), which owns 90% of the capital interests of the Services Partnership and a profits interest in the Services Partnership that varies from 10% to 90%. The share of net income of the Services Partnership allocated to DMI in 2003 was \$886,270. The Company has an option to acquire DMI's interest in the Services Partnership in exchange for 833,334 units in DRLP. Although the Company could exercise this option without adversely affecting the Company's qualification as a real estate investment trust, the Board of Directors has determined that it is not yet in the best interests of the Company to exercise this option. The Company is required to purchase DMI's interest in the Services Partnership for 833,334 units upon a change in control of the Company or upon the dissolution of DRLP. As of December 31, 2003, DRLP had a \$20.0 million loan to the Services Partnership, which is repayable with interest at 12% until final maturity in September 2018. Repayment of this loan is guaranteed by DMI. DRLP also provides working capital financing to the Services Partnership at a rate of prime plus 3%.

The Services Partnership and certain other Company affiliates provide property management, leasing, construction and other tenant related services to properties in which Messrs. Hefner, Zink and Burk have ownership interests (the Option Properties). The Company had options to acquire these executive officers' interests in the Option Properties and acquired two of the properties in 2003. The acquired properties, known as the Bank One Towers office buildings in Cincinnati Ohio, were acquired from Duke Associates No. 51 Limited Partnership (DA51) for a purchase price of \$45,500,000, consisting of the issuance of \$2.9 million of Units and the assumption of \$42,600,000 of third party mortgage indebtedness, which was immediately repaid. Messrs. Hefner, Zink and Burk owned 15.4%, 15.4% and 4% of DA51, respectively. The purchase price was negotiated on behalf of the Company by Dennis D. Oklak, the Company's President and Chief Operating Officer, and was reviewed and approved by the Finance Committee and the independent members of the Board of Directors. The Company's options to acquire the remaining Option Properties expired in October 2003, as the Finance Committee and independent members of the Board of Directors determined that the exercise of the options was not in the best interests of the Company. In 2003, the Services Partnership and other Company affiliates received fees totaling \$1,164,191 for services provided to the Option Properties. The fees charged for such services are equivalent to those charged to third-party owners for similar services.

In 1998, the Company purchased two mortgage loans to One North Capitol Company from third party lenders (ONCC) for a total amount of \$9,400,000. On the date of acquisition, the face amount of the principal and interest on the loans was \$22,804,393. The loans are nonrecourse to ONCC and are secured by mortgages on an office building. Under the terms of the loans, substantially all of the cash flow from ONCC

Table of Contents

must be paid to the Company as debt service on the loans. Since it is unlikely that ONCC will be able to repay the entire balance of the loans upon their maturity in 2006, the Company, for financial statement purposes, recorded the acquisition of the loans in the same manner as if it had purchased the building. During 2003, ONCC paid interest of \$1,386,265 to the Company. As of December 31, 2003, the outstanding principal amount of the loans plus the accrued but unpaid interest on those loans totaled \$19,187,336. Messrs. Hefner, Zink and Burk collectively own a 10.9% indirect limited partnership interest in ONCC.

PROPOSAL TWO: RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The Board of Directors, upon the recommendation of the Audit Committee, has selected KPMG LLP as the Company's independent auditors for the fiscal year ending December 31, 2004 and has further directed that management submit the selection of independent auditors for ratification by the shareholders at the Annual Meeting.

Representatives of KPMG LLP will be present at the Annual Meeting, will have the opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

The affirmative vote of the holders of a majority of the shares of common stock present in person or represented by proxy and entitled to vote at the Annual Meeting will be required to ratify the selection of KPMG LLP. Abstentions will be counted toward the tabulation of votes cast on proposals presented to the shareholders and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether this matter has been approved.

The Board of Directors unanimously recommends a vote in favor of the ratification of KPMG LLP as independent auditors for the fiscal year 2004.

PROPOSAL THREE: SHAREHOLDER PROPOSAL

Rule 14a-8 of the Securities Exchange Act of 1934 requires the Company to include properly submitted shareholder proposals in its proxy statement. The Company has been notified that the Massachusetts State Carpenters Pension Fund, the beneficial owner of approximately 3,000 shares of the Company's common stock, intends to present a shareholder proposal for consideration at the Annual Meeting. The Company is not responsible for the content of this shareholder proposal or the proposing shareholder's supporting statement.

Shareholder Proposal

RESOLVED, that the shareholders of Duke Realty Corporation (the Company) urge the Board of Directors to take the necessary steps to amend the by-laws to require that, subject to any presently existing contractual obligations of the Company, an independent Director shall serve as Chairman of the Board of Directors, and that the Chairman of the Board of Directors shall not concurrently serve as the Chief Executive Officer.

Proposing Shareholder's Supporting Statement

The Board of Directors is elected by the shareholders to oversee management and its Chairman provides leadership for the Board. The Business Roundtable has noted that the paramount duty of the board of directors is to select a Chief Executive Officer and to oversee the CEO and other senior management . . . The Business Roundtable, *Principles of Corporate Governance*, May 2002.

We believe that to be effective a board of directors must be led by a Chairman who is independent of management, for, in our opinion, having the same individual serve in both positions necessarily impairs the Chairman's ability to hold the CEO accountable.

The Conference Board recently issued a report on corporate governance. The Commission's members included John Snow, U.S. Treasury Secretary and Former Chairman of CSX Corporation; John Bogle, the

Table of Contents

Founder and former Chairman of Vanguard Group; Arthur Levitt Jr., former SEC Chairman; and former Federal Reserve System Chairman Paul Volcker. Its report stated:

The Commission is profoundly troubled by the corporate scandals of the recent past. The primary concern in many of these situations is that strong CEOs appear to have exerted a dominant influence over their boards, often stifling the efforts of directors to play the central oversight role needed to ensure a healthy system of corporate governance . . .

The ultimate responsibility for good corporate governance rests with the board of directors. Only a strong, diligent and independent board of directors that understands the key issues, provides wise counsel and asks management the tough questions is capable of ensuring that the interests of shareowners as well as other constituencies are being properly served. The Conference Board Commission on Public Trust and Private Enterprise, Findings and Recommendations, Jan. 9, 2003.

The Report discussed three principal approaches to provide the appropriate balance between board and CEO functions, including:

The roles of Chairman and CEO would be performed by two separate individuals, and the Chairman would be one of the independent directors. The Commission recommends that each corporation give careful consideration, based on its particular circumstances, to separating the offices of the Chairman and Chief Executive Officer. The Commission believes that separating the positions of Chairman and CEO is fully consistent with the objectives of the [Sarbanes-Oxley] Act, the proposed New York Stock Exchange listing requirements, and the proposed Nasdaq requirements, and that separating the roles of Chairman and CEO enhances implementation of the Act and stock exchange reforms.

Our Company's Chairman is also its CEO. We urge your support for this proposal to have an independent director serve as Chairman.

Board of Directors Statement in Opposition

After carefully considering this proposal and the arguments for and against separating the positions of Board Chair and Chief Executive Officer, the Board of Directors, based on the recommendation of the Corporate Governance Committee, recommends a vote AGAINST the proposal.

The Company's Board agrees that a strong, diligent and independent board of directors is an important component of effective corporate governance. In fact, upon the initiative of the Board, the Company has implemented a variety of new initiatives since mid-2002 that have strengthened the Company's corporate governance, including the following:

Repealing the Company's poison pill;

Expensing the fair value of stock options;

Requiring that Board committees consist only of independent Directors;

Prohibiting the re-pricing of outstanding stock options;

De-staggering the Board of Directors;

Changing the minimum independent director requirement to 75% from a simple majority commencing with the annual meeting in 2005; and

Designating one of the independent Directors as Lead Director to chair the Corporate Governance Committee and preside over executive sessions of independent Directors.

As a result of these and other initiatives, the Board of Directors continues to believe that the Company's corporate governance is among the strongest in the REIT industry.

Furthermore, the Company's corporate governance has been rated favorably by Institutional Shareholder Services (ISS). In calculating a company's corporate governance quotient (CGQ), ISS gathers data based on 61 issues in eight categories (board, charter/ bylaws, audit, state of incorporation, executive/director

Table of Contents

compensation, qualitative factors, stock ownership and director education), and applies its formula to reach a CGQ rating. As of November 4, 2003, the Company's CGQ rating was ranked in the 99th percentile when compared to the Russell 3000 Index and in the 96th percentile when compared to other real estate companies.

The Company's Board is very familiar with and supports many of the conclusions and recommendations of the Conference Board Commission on Public Trust and Private Enterprise. In particular, the Board agrees with the Commission's belief stated in the Report that:

. . . [E]ach board of directors should adopt a structure that provides an appropriate balance between the powers of the CEO and those of the independent directors in which the ability of the independent directors to be informed, to discuss and debate issues they deem important, and to act objectively on an informed basis is not compromised. In creating such a structure, the Commission recognizes that: (1) the objective is to strengthen the independence and role of the board with appropriate checks and balances on the power, actions and performance of the CEO; (2) board structures vary greatly among American corporations; and (3) no single board structure has yet been demonstrated to be superior in providing the oversight that leads to corporate success.

As the proposing shareholder noted in its supporting statement, the Report recommended three principal approaches to provide the appropriate balance between board and CEO functions. The Company has previously adopted the third principal approach cited by the Report, which states that "[w]here a board does not choose to separate the Chairman and CEO position, or when such boards are in transition to a structure where the positions will be separated, a Presiding Director position should be established.

Mr. Cavanaugh, one of the Company's independent Directors, serves as the Lead Director. In that capacity, among other things, Mr. Cavanaugh chairs the Company's Corporate Governance Committee and presides over executive sessions of the Company's independent Directors, which are held at least quarterly. Accordingly, in establishing the position of Lead Director, the Company has already adopted one of the approaches recommended by the Commission to ensure that the Board has an appropriate balance between the powers of the CEO and those of the independent Directors.

Finally, the Board believes that having the same person serve as Board Chair and CEO from time to time may be in the best interests of the Company's shareholders by providing continuity in maintaining beneficial relationships with the Company's tenants and suppliers and retaining the flexibility to attract talented personnel to serve on the Board. The Board believes that separating the two positions could cause confusion among parties that deal with the Company on a daily basis. Like the Company, many other REITs and U.S.-based companies believe that combining the positions of Board Chair and CEO, when coupled with an independent Board and a Lead Director, is an effective method in protecting the interests of shareholders and enhancing shareholder value.

The Board of Directors unanimously recommends a vote against the shareholder proposal.

Effect of Approval

Approval of this proposal would not automatically separate the positions of Board Chair and Chief Executive Officer, but would merely serve as a recommendation to the Board to take the necessary steps to take such action. Such steps would, if taken, include amending the Company's bylaws to prohibit the same person from serving as Board Chair and Chief Executive Officer. Any such amendment, if proposed by the shareholders, would require the affirmative vote of the holders of at least a majority of the Company's outstanding common stock.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's Directors and executive officers, and persons who beneficially own more than 10% of a registered class of the Company's equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of common stock and other equity securities of the Company. Officers, Directors and

Table of Contents

greater-than-10%-beneficial owners are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

To the Company's knowledge, based solely on a review of the copies of such reports furnished to the Company and written representations that no other reports were required, all Section 16(a) filing requirements applicable to its officers, Directors and greater-than-10% beneficial owners were complied with during the year ended December 31, 2003.

SHAREHOLDER PROPOSALS FOR 2005 ANNUAL MEETING

Proposals of shareholders to be presented at the 2005 annual meeting of shareholders must be received by the Company's secretary prior to November 17, 2004, which is 120 calendar days prior to the anniversary of the mailing of this proxy statement, to be considered for inclusion in the 2005 proxy material. If a shareholder wishes to present a proposal at the 2005 annual meeting, whether or not the proposal is intended to be included in the 2005 proxy material, the bylaws require that the shareholder give advance written notice to the Company's secretary not less than 60 nor more than 90 days prior to the anniversary of the 2004 annual meeting. If a shareholder is permitted to present a proposal at the 2005 annual meeting but the proposal was not included in the 2005 proxy material, the Company believes that its proxy holder would have the discretionary authority granted by the proxy card (and as permitted under SEC rules) to vote on the proposal if the proposal was received after January 31, 2005, which is 45 calendar days prior to the anniversary of the mailing of this proxy statement.

ANNUAL REPORT

A copy of the Company's Annual Report for the year ended December 31, 2003 has been provided to all shareholders of record as of the Record Date. OTHER MATTERS

The Board of Directors knows of no other matters to be brought before this Annual Meeting. However, if other matters should properly come before the Annual Meeting, it is the intention of each person named in the proxy to vote such proxy in accordance with his or her judgment on such matters.

APPENDIX A

DUKE REALTY CORPORATION

**AMENDED AND RESTATED AUDIT COMMITTEE CHARTER
(Effective January 28, 2004)**

Organization

There shall be a committee of the board of directors to be known as the audit committee. The audit committee shall be composed of at least three members who qualify as independent directors under the criteria set forth in the Corporate Governance Charter. Each member of the Committee must be financially literate, or must become financially literate within a reasonable period of time after his or her appointment to the Committee. In addition, at least one member of the Committee must have accounting or related financial management expertise. In light of the extraordinary commitment of time and attention required of members of the Committee in fulfilling their responsibilities, no member of the Committee shall be a member of the audit committee, or a committee fulfilling similar functions, of more than two other public companies.

The members of the Committee and its Chairman shall be appointed annually by the Board of Directors.
