PROXY STATEMENT

INTRODUCTION

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Cerner Corporation, a Delaware corporation (the Company), for use at the Annual Meeting of Shareholders of the Company to be held on May 27, 2005, commencing at 10:00 a.m., local time, at The Cerner Round auditorium in the Cerner Vision Center, located on the Cerner campus at 2850 Rockcreek Parkway, North Kansas City, Missouri 64117, and any adjournment thereof (the Annual Meeting). The Company anticipates mailing this Proxy Statement, the accompanying form of Proxy and the Notice of Annual Meeting of Shareholders to the holders of record of outstanding shares of common stock, par value \$.01 per share, of the Company (the Common Stock) as of April 1, 2005, on or about April 18, 2005.

Only the holders of record of shares of Common Stock as of the close of business on April 1, 2005 are entitled to vote on the matters to be presented at the meeting, either in person or by proxy. Holders of shares of Common Stock are entitled to one vote per share outstanding in their names on the record date with respect to such matters. At the close of business on April 1, 2005, there were outstanding and entitled to vote a total of 36,861,789 shares of Common Stock, constituting all of the outstanding voting securities of the Company.

You are requested to complete, date and sign the accompanying Proxy and return it promptly in the enclosed postage prepaid envelope. Your Proxy may be revoked at any time prior to its exercise by written notice of revocation delivered to the Secretary of the Company. Attendance at the Annual Meeting will not in and of itself constitute a revocation of a Proxy, but your Proxy will not be used if you attend the Annual Meeting and prefer to vote in person. The persons designated as proxies were selected by the Board of Directors and are officers and Directors of the Company. Proxies duly executed and received in time for the Annual Meeting will be voted in accordance with shareholders' instructions. If no instructions are given, duly executed Proxies will be voted as follows:

- a. to elect John C. Danforth, Neal L. Patterson and William D. Zollars as Class I Directors to serve for a three year term until the 2008 Annual Meeting of Shareholders and until their respective successors are duly elected and qualified; and

- c. in the discretion of the proxy holder as to any other matter properly coming before the Annual Meeting.

Table of Contents

VOTING AND QUORUM REQUIREMENTS

The presence in person or by proxy of holders of record of a majority of the outstanding shares of Common Stock is required for a quorum to transact business at the Annual Meeting, but if a quorum should not be present, the Annual Meeting may be adjourned from time to time until a quorum is obtained. Abstentions and broker non-votes are counted as present and entitled to vote for purposes of determining a quorum. A broker non-vote occurs when a broker holding shares for a beneficial owner does not vote on a particular proposal because the broker does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner.

If you are a beneficial shareholder and your broker holds your shares in its name, the broker is permitted to vote your shares on the election of directors and ratification of the selection of KPMG LLP as the Company's independent registered public accounting firm even if the broker does not receive voting instructions from you.

A plurality of the votes cast is required for the election of Directors. This means that the Director nominee with the most votes for a particular slot is elected for that slot. Only votes For or Withheld affect the outcome. Abstentions are not counted for purposes of the election of Directors.

Under the Company's Bylaws, a majority vote of the quorum present is required to approve the ratification of the selection of KPMG LLP as the Company's independent registered public accounting firm. Abstentions are treated as votes Against this proposal.

ELECTION OF DIRECTORS

The Certificate of Incorporation of the Company provides that the number of directors of the Company shall be fixed by, or in the manner provided in, the Bylaws of the Company and divided into three classes, each having a term of three years. Each year the term of office of one class of directors expires. The Board of Directors currently consists of eight members. The Board of Directors has determined that all six current non-employee members of the Board are independent directors as required by the Securities and Exchange Commission (SEC) and The Nasdaq Stock Market.

The Board of Directors intends to present for action at the Annual Meeting the election of John C. Danforth, Neal L. Patterson and William D. Zollars, as Class I Directors to serve for a three year term until the 2008 Annual Meeting of Shareholders and until their respective successors are duly elected and qualified. Mr. Danforth and Mr. Patterson are current Class I Directors and their current terms expire at this year's Annual Meeting of Shareholders. Jeff Goldsmith is also a Class I Director with his current term expiring at this year's Annual Meeting of Shareholders. Mr. Goldsmith informed the Company in February of this year that he did not intend to stand for re-election. William D. Zollars is a first time nominee for Director in this 2005 Proxy Statement, and if elected, will meet the definition of an independent director as required by the SEC and The Nasdaq Stock Market. Mr. Zollars was initially recommended to the Company's Nominating, Governance & Public Policy Committee as a potential Board nominee by the Company's Chief Executive Officer.

The Directors in Class II (Clifford W. Illig and William B. Neaves, Ph.D.) and the Directors in Class III (Gerald E. Bisbee, Jr., Ph.D., Michael E. Herman and Nancy-Ann DeParle) have been elected to terms expiring at the time of the Annual Meeting of Shareholders in 2006 and 2007, respectively. No shareholder may vote in person or by proxy for greater than three nominees at the Annual Meeting. Shareholders do not have cumulative voting rights in the election of directors. Directors will be elected by the plurality vote of the holders of shares of Common Stock entitled to vote at the Annual Meeting and present in person or by proxy.

Pursuant to the Company's Corporate Governance Guidelines, all Directors who are up for election are expected to attend the Annual Meeting of Shareholders. All other Directors, barring unforeseen circumstances, are expected to attend the Annual Meeting as well. All current Directors of the Company, including the Directors up for re-election this year, attended the 2004 Annual Meeting of Shareholders.

It is intended that shares represented by a Proxy given pursuant to this solicitation will be voted in favor of the election of John C. Danforth, Neal L. Patterson and William D. Zollars as the Class I Directors, unless such authority is specifically withheld. In the event that any of such persons should become unavailable for election, it is intended that the shares of Common Stock represented by the Proxy will be voted for such substitute nominee as may be recommended by the Nominating, Governance & Public Policy Committee and nominated by the Board of Directors. The above named persons have indicated willingness to serve if elected and it is not anticipated that any of them will become unavailable for election.

The Certificate of Incorporation and Bylaws of the Company provide that advance notice of shareholder nominations for an election of directors must be given. Written notice of the shareholder's intent to make a nomination at a meeting of shareholders must be received by the Secretary of the Company not later than 120 days in advance of the date of such meeting in the case of an annual meeting and, in the case of a special meeting, not more than seven days following the date of notice of the meeting. The notice must contain: (a) the name and address of the shareholder who intends to make the nomination and of the person or persons to be nominated, (b) a representation that the shareholder is a holder of record of stock of the Company entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice, (c) the names and addresses, as they appear in the Company's books, of such shareholder, (d) the class and number of shares beneficially owned by such nominating shareholder and each nominee proposed by such shareholder, (e) a description of all

arrangements or understandings between the nominating shareholder and each nominee and any other person or persons (naming such person or persons), pursuant to which the nomination or nominations are to be made, (f) such other information regarding each nominee proposed by such shareholder as would have been required to be included in a proxy statement filed pursuant to the proxy rules of the SEC, as then in effect, if the Company were soliciting proxies for the election of such nominees, and (g) the consent of the nominee to serve as a director of the Company if so elected. No such notice has been received, and the chairman of the Annual Meeting is entitled to refuse to acknowledge the nomination of any person which is not made in compliance with the foregoing procedure. In any event, the Board of Directors has no reason to believe that anyone will attempt to nominate another candidate for director. Nominees recommended by shareholders of the Company in accordance with the Company's advance notice provision will be considered by the Nominating, Governance & Public Policy Committee for recommendation for nomination by the Board.

**Guidelines of Cerner Corporation's Audit Committee
for Pre-Approval of Independent Auditor Services**

The Audit Committee of the Board of Directors of the Company has adopted the following guidelines regarding the engagement of the Company's independent auditor to perform services for the Company:

For audit services (including statutory audit engagements as required under local country laws) and audit-related services, the independent auditor will provide the Committee with an engagement letter during the first quarter of each year outlining the scope of audit and audit-related services proposed to be performed during the fiscal year. If agreed to by the Committee, this engagement letter will be formally accepted by the Committee at either its March or May Committee meeting. The Committee will approve, if necessary, any changes in the terms, conditions and fees resulting from changes in audit scope, Company structure or other matters.

The independent auditor will submit to the Committee for approval an audit services fee proposal with the engagement letter.

For any permissible non-audit services, the independent auditor will provide the Committee with a detailed scope of service description and fee range. Each non-audit service must be separately pre-approved by the Committee. Company management and the independent auditor will each confirm to the Committee that any non-audit services for which pre-approval is requested are permissible under all applicable legal requirements.

To ensure prompt handling of unexpected matters, the Committee delegates to the Chair of the Committee the authority to amend or modify the scope of pre-approved permissible audit, audit-related or non-audit services and the fees related thereto. Upon receiving an unforeseen request for audit, audit-related or non-audit services or a change in the fee range, the independent auditor will advise Company management and Company management will request pre-approval for such change in audit, audit-related or non-audit services or fees from the Chair of the Committee. The Chair of the Committee will report on all action taken with respect to pre-approval of audit, audit-related or non-audit services and fees to the Committee at the next Committee meeting. With respect to any such pre-approval of non-audit services, Company management and the independent auditor will each confirm to the Chair of the Committee that such non-audit services are permissible under all applicable legal requirements.

With respect to each proposed pre-approved service, the independent auditor will provide sufficient detail in the description to ensure that the Audit Committee (or Chairman, as applicable) knows precisely what services it is being asked to pre-approve so that it can make a well-reasoned assessment of the impact of the service on the auditor's independence.

The independent auditor must ensure that all audit and non-audit services provided to the Company have been approved by the Committee.

Director Compensation

During 2004, non-employee Directors of the Company received a \$25,000 annual cash retainer and \$2,500 for each Board meeting attended, plus reimbursement for expenses incurred in connection with attendance at Board meetings. Directors in attendance at the special telephonic meeting in 2004 of the Board of Directors received \$500 for such meeting. The Chairman of the Audit Committee received \$2,000 for each Audit Committee meeting attended as Chairman, the Chairman of the Compensation Committee received \$1,600 for each Compensation Committee meeting attended as Chairman, and the Chairman of the Nominating, Governance & Public Policy Committee received \$1,200 for each such Committee meeting he attended as Chairman. Each Committee member received \$1,000 for each Committee meeting attended. All Chairman and Committee member fees were paid at fifty percent (50%) of such rates for attendance at telephonic Committee meetings. During 2004, payments, excluding expense reimbursements, were \$44,750 to Dr. Bisbee, \$13,250 to Mr. Danforth, \$36,250 to Ms. DeParle, \$30,750 to Dr. Goldsmith, \$31,350 to Mr. Herman and \$40,750 to Mr. Neaves.

Herman were each granted 2,500 shares of restricted stock of the Company; and additional grants of 2,500 shares of restricted stock will be granted, upon similar terms, for each subsequent year during the term of office that such non-employee Director serves as a Director of the Company. end of the completion of the one year of Board service for which it was granted. Upon initial appointment or election to the Board, new Board members also receive an additional grant of 2,500 shares of restricted stock that will vest in equal amounts each year over a three year term, provided the individual remains a Director of the Company.

Report of the Compensation Committee

The Compensation Committee of the Board of Directors (the Compensation Committee) is composed of the individuals listed below. All of the members of the Compensation Committee are independent Directors under the applicable Nasdaq requirements. The Compensation Committee reviews and approves the Company s compensation policies and practices, establishes compensation for Directors, evaluates Mr. Patterson s performance and establishes compensation accordingly, reviews and approves

Table of Contents

the compensation of the other executive officers of the Company, and approves major changes in the Company's benefit plans and compensation philosophy.

The compensation policies of the Company have been designed to enable the Company to attract, motivate and retain experienced and qualified associates. The Company seeks to provide competitive salaries based upon individual performance, together with annual cash bonuses (paid out quarterly) awarded for the achievement of goals established by the Compensation Committee. In addition, it has been the policy of the Company to grant stock options to executives upon their commencement of employment with the Company or their becoming such executive officers in an effort to strengthen the mutuality of interests between the executives and the Company's shareholders. Options are also granted to the top 20% performers below the executive level based upon individual achievements.

The Company's Stock Option Plans D and E both expired on January 1, 2005 except as to options then outstanding, which options will remain in effect until they have been exercised or have expired. The Company will continue to award associates through grants under Long-Term Incentive Plans F and G, which grants will be in the form of options, SARs and/or restricted stock.

Annual Compensation

Total annual cash compensation for executive officers of the Company consists of base salary and a potential annual cash bonus (paid out quarterly) based upon incentive plans adopted each year by the Compensation Committee. The Company grants such compensation bonuses pursuant to a shareholder approved performance-based compensation plan. Total annual cash compensation varies each year based on changes in base salary and in the cash bonus earned. The incentive plans for executive officers other than Mr. Patterson consists of various objective goals, both related to areas for which such executive officer has responsibility and for Company wide performance. Attainment of each goal is objective, but the amount of the bonus is also affected, in some instances, by a subjective analysis of the executive's overall performance. Such bonuses may only be adjusted downward from the maximum amount stated in each individual's compensation plan. For Mr. Patterson, the goals during the 2004 plan year consisted of earnings per share and cash collections as a measure of client satisfaction. Attainment by Mr. Patterson of the goals is determined on an objective basis. Under the incentive plans, each executive may earn up to a maximum amount approved by the Compensation Committee, based on and as determined by targets designed to create a significant incentive in relation to such executive's base salary. During 2004, the Company's executive officers, as a group, earned approximately 69 percent of the \$4,908,844 maximum amount. For 2005, Mr. Patterson's bonus and a majority of the executive officer incentive plan bonuses will be paid out based on attainment of earnings per share targets, business and operational results, and client experience measures including cash collections and service level attainment.

The salary of each executive officer is approved on a subjective basis by the Compensation Committee at a level believed to be sufficient to attract and retain qualified individuals. In making this determination, the Compensation Committee considers the executive's performance, salary levels at other competing businesses, as reported publicly for a peer group of like companies and through widely-recognized surveys, and the Company's performance. In approving salaries and incentive plan payments for 2004, the Compensation Committee considered, among other matters, the Company's performance and the compensation levels of the Company's principal competitors for which information was available, although the Compensation Committee did not target compensation to any particular group of these companies. The factors impacting base salary levels are not independently assigned specific weights but are subjectively considered by the Compensation Committee.

Mr. Patterson's compensation during the year ended January 1, 2005 consisted of \$670,101 in salary and \$634,644 in payments earned under the Company's incentive plans. Mr. Patterson earned approximately 76 percent of the maximum \$840,125 amount available under the incentive plans during 2004. In determining Mr. Patterson's salary and potential incentive plan payments for 2004, the Compensation Committee considered, among other matters, the

Company's performance during 2003 and the compensation of the chief executive officers of the Company's principal competitors for which information was available, although the Compensation Committee did not target his compensation to any particular group of these companies.

Aligning Pay with Performance

During 2004, Cerner's management team continued practices established to closely link pay to performance. A quarterly performance review process was used to provide quarterly feedback to executives on their performance and attainment of Company goals. Under this program, executives whose performance was evaluated as being in the bottom 20% of all executives are not generally eligible for pay increases or additional stock option grants. The Company's pay practices aim to set base salary at the 50th percentile with incentive based compensation opportunities to place strong performing associates in the 75th percentile.

Long-Term Incentive Compensation

Table of Contents

The long-term incentive compensation for executive officers consists of awards of stock options granted under the Company's shareholder approved stock option plans. Stock option grants are typically made to an executive upon their commencement of employment with the Company. Executives are eligible for additional stock option grants on an annual basis as their individual and Company performance warrants. The Compensation Committee believes stock options create an incentive for executive officers to contribute to sustained, long-term growth in the Company's performance. The Compensation Committee believes that stock options create a mutuality of interest between the Company's executive officers and shareholders. Stock option grants provide the right to purchase shares of Common Stock at a specified exercise price. All stock options issued to executive officers, to date, have exercise prices equal to or greater than the fair market value of the Common Stock on the date of the grant of the stock option.

Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code generally disallows a federal income tax deduction to a public company for compensation over \$1 million per fiscal year paid to a company's chief executive officer and its four other most highly compensated executive officers serving at the end of that year. Not subject to the deductibility limit, however, is compensation that qualifies as performance-based compensation. A Company objective is to maximize the deductibility of compensation under Section 162(m) to the extent doing so is reasonable and consistent with Company strategies and goals. Gains on exercises of stock options awarded under Long-Term Incentive Plans are considered to be performance-based compensation not subject to the Section 162(m) deductibility limit.

Table of Contents**RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee of the Board of Directors has selected the firm of KPMG LLP as the Company's independent registered public accounting firm to audit the financial statements of the Company for the fiscal year ending December 31, 2005. KPMG LLP has served as auditors for the Company since 1983. It is expected that representatives of KPMG LLP will be present at the Annual Meeting. They will have the opportunity to make a statement, if they desire to do so, and also will be available to respond to appropriate questions.

Shareholder ratification of the selection of KPMG LLP as the Company's independent registered public accounting firm is not required by the Company's Bylaws or otherwise. However, the Board is submitting the selection of KPMG LLP to the shareholders for ratification as a matter of good corporate practice. If the shareholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain KPMG LLP. Even if the selection is ratified, the Audit Committee in their discretion may direct the appointment of a different independent accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its shareholders.

Audit and Non-Audit Fees

The following table presents fees for professional audit services rendered by KPMG LLP for the audit of the Company's annual consolidated financial statements for 2003 and 2004 and reviews of the financial statements included in the Company's Forms 10-Q for those fiscal years, and fees billed for other services rendered by KPMG LLP during those periods. CERTAIN TRANSACTIONS

The Company leases an airplane from a company owned by Neal L. Patterson and Clifford W. Illig. In 2003 and 2004, the airplane was leased on a per mile basis with no minimum usage guarantee. The lease rate is believed to approximate fair market value for this type of aircraft. During 2003 and 2004, respectively, the Company paid an aggregate of \$839,055 and \$573,869 for rental of the airplane. The airplane is used principally by Mr. Patterson, Mr. Devanny and Mr. Black to increase the number of client visits each can make and to reduce the physical strain of their heavy travel schedules. The Company intends to continue the use of the airplane in 2005.

During 2004 and in 2005, the Company retained and intends to retain the law firm of Bryan Cave LLP for certain outside legal services. John C. Danforth, one of the Company's Board members, is a partner at Bryan Cave LLP. The Company has no other relationship with Bryan Cave LLP other than the attorney-client relationship. The total amount of fees paid in 2004 by the Company to Bryan Cave LLP was \$734,237. The dollar amount of the fees paid in 2004 and to be paid in 2005 does not and is not expected to exceed 5% of the law firm's gross revenues for each respective year.

Certain executive officers have immediate family members who are employed by the Company. The compensation of each such family member was established by the Company in accordance with the Company's employment and compensation practices applicable to employees with equivalent qualifications, experience, responsibilities and holding similar positions. Neal Patterson's son, Clay Patterson, is employed by the Company as a Project Leader. Clay Patterson's aggregate compensation for the fiscal year 2004 was \$75,467. His compensation is not subject to approval by the Board of Directors. On September 8, 2004, Clay Patterson was awarded options under the Company's Stock Option Plan E to purchase 400 shares of the Company's Common Stock at an exercise price of \$43.85 per share, which was the closing price of the Company's Common Stock on the date the options were granted. Michael R. Nill, the brother of Julia M. Wilson, an executive officer of the Company, is employed by the Company as Vice President, Technical Architecture. Mr. Nill's aggregate compensation for the fiscal year 2004 was \$403,376. His compensation is not subject to approval by the Board of Directors. On June 3, 2004, Mr. Nill was awarded options under the Company's Stock Option Plan D to purchase 7,500 shares of the Company's Common Stock at an exercise price of \$41.98 per share, which was the closing price of the Company's Common Stock on the date the options were granted. The options granted to Clay Patterson and Michael Nill vest at various amounts over a period of five years.

The Company believes that these various relationships and transactions were reasonable and in the best interests of the Company.

COMPLIANCE WITH SECTION 16(a) OF THE SECURITIES EXCHANGE ACT OF 1934

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's Directors and executive officers, and persons who own more than ten percent of a registered class of the Company's equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of Common Stock and other equity securities of the Company. Executive officers, Directors and holders of ten percent or more of the Company's equity securities are required to furnish the Company with copies of all Section 16(a) reports they file.

Based solely on review of the copies of such reports furnished to the Company or written representations that no other reports were required, the Company believes that during the fiscal year ended January 1, 2005 all Section 16(a) filing requirements applicable to its executive officers, Directors and holders of ten percent or more of the Company's equity securities were complied with, except for four exceptions:

- (1) Stan Sword filed a Form 4 on February 25, 2004, which included the late reporting of his sale of 1,154 shares of Company Common Stock on February 19, 2005. The sale of stock was from Mr. Sword's Cerner stock holdings under the Company's 401(k) Plan. Company management mistakenly believed such transactions were reportable on a Form 5, causing a delay in the transaction being reported to the SEC.
- (2) Neal L. Patterson filed a Form 4 on August 6, 2004, which included the late reporting of his wife's sale of 10,000 shares of Company Common Stock on July 30, 2004. The broker handling the transaction failed to follow the communicated reporting protocol, causing a delay in the transaction being reported to the SEC.
- (3) Jeff Townsend filed a Form 4 on August 18, 2004, which included the late reporting of the sale of 1,200 shares of Company Common Stock on August 13, 2004. The broker handling the transaction failed to follow the communicated reporting protocol, causing a delay in the transaction being reported to the SEC.

Such proposals must also comply in full with the requirements of Rule 14a-8 under the Securities Act of 1934.

Shareholders wishing to submit proposals or director nominations that are not to be included in such Proxy Statement and form of proxy must deliver notice to the Secretary at the principal executive offices of the Company not later than the close of business on January 26, 2006. The Board of Directors does not intend to present any matter for action at the Annual Meeting other than the matters referred to in this Proxy Statement. If any other matters properly come before the Annual Meeting, it is intended that the holders of the proxies hereby solicited will act in respect of such matters in accordance with their best judgment.

Expenses of Solicitation

This proxy solicitation is being made by the Board of Directors of the Company. All costs of this solicitation will be borne by the Company. In addition to the use of the mails, proxies may be solicited personally or by telephone or telegraph by some of the regular employees of the Company. The Company has engaged ADP Investor Communication Services as paid solicitors in connection with the Annual Meeting. ADP will be paid to solicit proxies and distribute proxy materials to nominees, brokers and institutions. The anticipated cost of such services is approximately \$20,000. The Company may reimburse brokers and other persons holding stock in their names, or in the names of nominees, for their expenses incurred in sending proxy materials to their principals and obtaining their proxies. The Company requests that brokerage houses and other custodians, nominees and fiduciaries forward the soliciting materials to the beneficial owners of the shares of Common Stock held of record by such persons.
