Proxy Statement

Annual Meeting of Stockholders

To be held on Tuesday June 13, 2006

Dated as of and Mailed on or about April 26, 2006

Introduction

This Proxy Statement (the *Proxy Statement*) is being furnished to stockholders of Universal Electronics Inc., a Delaware corporation (*Universal* or the *Company*), in connection with the solicitation of proxies by the Board of Directors of the Company (the *Board* or the *Board of Directors*) from holders of record of the Company's outstanding shares of common stock, par value \$.01 per share (the *Company Common Stock*), as of the close of business on April 14, 2006 (the *Annual Meeting Record Date*) for use at the 2006 Annual Meeting of Stockholders of the Company (the *Annual Meeting*) to be held on Tuesday, June 13, 2006, at 4:00 p.m. (Pacific Daylight Time) at the Company's offices, 6101 Gateway Drive, Cypress, California 90630 and at any adjournments or postponements thereof. This Proxy Statement and the accompanying form of proxy are first being mailed to stockholders on or about April 26, 2006. The world headquarters and principal executive offices of the Company are located at 6101 Gateway Drive, Cypress, California 90630.

Voting Rights and Proxy Information

Only the holders of shares of Company Common Stock as of the close of business on the Annual Meeting Record Date will be entitled to notice of and to vote at the Annual Meeting or any adjournments or postponements thereof. Such holders of shares of Company Common Stock are entitled to one vote per share on any matter that may properly come before the Annual Meeting. The presence, either in person or by properly executed and delivered proxy, of the holders of a majority of the outstanding shares of Company Common Stock, as of the Annual Meeting Record Date, is necessary to constitute a quorum at the Annual Meeting and to permit action to be taken by the stockholders at such meeting. Under Delaware law, shares of Company Common Stock represented by proxies that reflect abstentions or broker non-votes (*i.e.*, shares held by a broker or nominee which are represented at the Annual Meeting, but with respect to which such broker or nominee is not empowered to vote on a particular proposal) will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum.

The affirmative vote of a plurality of shares of Company Common Stock present in person or represented by proxy at the Annual Meeting is required to elect any director nominated pursuant to *Proposal One*. One Class I director and three Class II directors will be elected at the Annual Meeting. Accordingly, the person who receives the largest number of votes cast for the Class I directorship will be elected, and the three persons who receive the largest number of votes cast for the three Class II directorships will be elected. Consequently, any shares not voted (whether by abstention, broker non-vote, or otherwise) as to *Proposal One* will have no impact on the election of directors, except to the extent that the failure to vote for one individual results in another individual receiving a larger number of votes. Thus, the withholding of a vote with respect to the election of a particular nominee for director will have the practical effect of a vote against that nominee.

Passage of *Proposal Two or Three* or any other question or matter properly brought before the Annual Meeting requires the approval of a majority of the shares of Company Common Stock present in person or represented by proxy at the Annual Meeting. An abstention with respect to any share will have the practical effect of a vote against *Proposal Two, Three* or any other question or matter properly brought before the Annual Meeting. A broker non-vote with respect to any share will not affect the passage of *Proposal Two, Three* or any other question or matter properly brought before the Annual Meeting, since the share is not considered present for voting purposes.

As of April 14 2006, there were 13,735,300 shares of Company Common Stock outstanding and entitled to vote at the Annual Meeting. The directors and executive officers of the Company intend to vote in accordance with the recommendations of the Board with respect to *Proposals One, Two and Three*, as well as any other question or matter properly brought before the Annual Meeting.

Table of Contents

All shares of Company Common Stock represented at the Annual Meeting by properly executed and delivered proxies received prior to or at the Annual Meeting and not revoked will be voted at the Annual Meeting in accordance with the instructions indicated in such proxies. If no instructions are indicated for any Proposal, such proxies will be voted in accordance with the recommendations of the Board as set forth herein with respect to such proposal.

If a quorum is not present at the time the Annual Meeting is convened or if for any other reason the Company believes that additional time should be allowed for the solicitation of proxies, the Company may adjourn the Annual Meeting with or without a vote of the stockholders. If the Company proposes to adjourn the Annual Meeting by a vote of the stockholders, the persons named in the enclosed form of proxy will vote all shares of Company Common Stock for which they have voting authority in favor of such adjournment.

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before it is voted. Proxies may be revoked by (i) filing with Computershare Investor Services, LLC in its capacity as transfer agent for the Company (the Transfer Agent), at or before the Annual Meeting, a written notice of revocation bearing a later date than the proxy, (ii) duly executing a subsequent proxy relating to the same shares of Company Common Stock and delivering it to the Transfer Agent at or before the Annual Meeting, or (iii) attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not, in and of itself, constitute a revocation of a proxy). Any written notice revoking a proxy should be sent to Computershare Investor Services, LLC, 2 North LaSalle Street, 3rd Floor, Chicago, IL 60602.

Corporate Governance

General

The Board believes that effective corporate governance is critical to the Company's ability to create value for its stockholders and the Board has adopted policies intended to improve corporate governance. The Board will continue to monitor emerging developments in corporate governance and augment the Company's policies and procedures when required or when the Board determines that such changes would benefit the Company and its stockholders. The Corporate Governance page of the Company's website at www.uei.com provides access to the Company's Corporate Governance Guidelines and the charters of the Board's committees. To access the Corporate Governance page from the Company's website home page at www.uei.com, select "About Us" at the top of the page, then select "Investor Relations" from the menu that appears (in order to reach the Investor page) and, finally, select "Corporate Governance" on the Investor page.

Corporate Governance Guidelines

The Board, acting on the recommendation of its Corporate Governance and Nominating Committee, has adopted corporate governance guidelines to promote the effective functioning of the Board and its committees, to promote the interests of stockholders, and to ensure a common set of expectations as to how the Board, its various committees, individual directors and management should perform their functions. These corporate governance guidelines are posted on the Corporate Governance page of the Company's website at www.uei.com.

Committee Charters

The Board has three standing committees, as discussed below. Each of these committees, the Audit Committee, the Compensation Committee and the Corporate Governance and Nominating Committee, has adopted a written charter setting forth the purpose and responsibilities of the committee. The three charters are posted on the Company's Corporate Governance page on its website at www.uei.com.

Table of Contents

Code of Conduct

The Board has adopted a Code of Conduct applicable to all officers, directors and employees of the Company, including without limitation the Company's principal executive officer, principal financial officer, principal accounting officer and controller. Any person subject to the Code of Conduct must avoid conflicts of interest, comply with all laws and other legal requirements, conduct business in an honest and ethical manner, report all violations of the Code of Conduct and potential conflicts of interest and otherwise act with integrity and in the Company's best interest. The Code of Conduct also includes procedures to receive, retain and treat complaints received regarding accounting, internal accounting controls or auditing matters and to allow for the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters. The Code of Conduct complies with the requirements of NASD and the Sarbanes-Oxley Act of 2002 and is posted on the Corporate Governance page of the Company's website at www.uei.com. Any amendment to the Code of Conduct or waiver of its provisions with respect to the Company's principal executive officer, principal financial officer, principal accounting officer or controller or any director will be promptly posted on the Company's website.

Director Independence Standards

The Board has adopted Director Independence Standards to assist in determining the independence of each director. In order for a director to be considered independent, the Board must affirmatively determine that the director has no material relationship with the Company. In each case, the Board broadly considers all relevant facts and circumstances, including the director's commercial, industrial, banking, consulting, legal, accounting, charitable and family relationships and such other criteria as the Board may determine from time to time. These Director Independence Standards are posted on the Corporate Governance page of the Company's website at www.uei.com. The Board has determined that each of the four current Class II Directors, Messrs. Cahil, Henderson, Mulligan and Sparkman meets these standards and thus is independent and, in addition, satisfies the independence requirements of the Nasdaq Stock Market, Inc.

Communication with Directors

The Board has adopted a process by which shareholders and other interested parties may communicate with the Board, certain committee chairs or the non-management directors as a group by e-mail or regular mail. That process is described on the Corporate Governance page of the Company's website at www.uei.com. Any communication by regular mail should be sent to Universal Electronics Inc., 6101 Gateway Drive, Cypress, California 90630, to the attention, as applicable, of the (i) Chair, Board of Directors; (ii) Chair, Audit Committee; (iii) Chair, Compensation Committee; (iv) Chair, Corporate Governance and Nominating Committee or (v) the Non-Management Directors, c/o Lead Director.

Stockholder Nominations for Director

The Board's Corporate Governance and Nominating Committee (discussed below) actively seeks individuals to become Board members who have the highest personal and professional character and integrity, who possess appropriate characteristics, skills, experience and time to make a significant contribution to the Board, the Company and its stockholders, who have demonstrated exceptional ability and judgment, and who will be most effective, in the context of the whole Board and other nominees to the Board, in ensuring the success of the Company and representing stockholders' interests. The Corporate Governance and Nominating Committee may employ professional search firms (for which it would pay a fee) to assist it in identifying potential Board members with the desired skills and disciplines. In April 2006, the Company through its Corporate Governance and Nominating Committee has retained a professional search firm to assist in identifying up to two (2) candidates to serve as members of the Company's Board of Directors.

The Corporate Governance and Nominating Committee will consider stockholder recommendations for nominations for director on the same basis and in the same manner as it considers recommendations for nominations for director from any other source. Any stockholder may submit a nomination in writing to the Secretary of the Company, Universal Electronics Inc., 6101 Gateway Drive, Cypress, California 90630. Any stockholder recommendation must be received by December 29, 2006 for the election of directors at the 2007 Annual Meeting of Stockholders and must comply with the requirements of, and be accompanied by all the information required by, the Securities and Exchange Commission's proxy rules and Article IV of the Company's Amended and Restated By-laws (Article IV is included

with this Proxy Statement as Appendix A).

Table of Contents

PROPOSAL ONE: ELECTION OF DIRECTORS

General

The number of directors is presently set at nine and is divided into two classes. A director who is an employee of the Company and/or any subsidiary serves as a Class I Director and is elected each year at the Annual Meeting of Stockholders to serve a one-year term. A director of the Company who is not an employee serves as a Class II Director and is elected every even-numbered year at the Annual Meeting of Stockholders to serve a two-year term. Five directors currently are serving; one is a Class I Director and four are Class II Directors, and there are four vacancies. The current Board vacancies were created by resignations in 1998, 1999 and 2002. The Company is retaining these vacancies to accommodate additional qualified directors who come to the attention of the Board. In April 2006, one of the Class II Directors, Mr. Cahil, advised the Corporate Governance and Nominating Committee of his intention to not seek reelection. In this notice, Mr. Cahil advised that he recently accepted new employment and that this new employment precluded him from sitting on outside boards. As such, after this Annual Meeting of Stockholders, assuming all those nominated are elected), there will be four members of the Board, one (1) Class I director, three (3) Class II directors and five (5) vacancies. In April 2006, the Company, through its Corporate Governance and Nominating Committee has retained a professional search firm to assist in identifying up to two (2) candidates to serve as members of the Company's Board of Directors.

The term of the sole Class I Director and each of the Class II Directors expires at this year's Annual Meeting. The Board has nominated and recommends the reelection of Mr. Arling as a Class I Director for a one-year term expiring at the 2007 Annual Meeting of Stockholders. In addition, the Board has nominated and recommends the reelection of each of Messrs. Henderson, Mulligan and Sparkman as a Class II Director for a two-year term expiring at the 2008 Annual Meeting of Stockholders.

The Board has determined that each of Messrs. Arling, Henderson, Mulligan and Sparkman meet these standards and each of Messrs. Henderson, Mulligan and Sparkman is independent and, in addition, satisfies the independence requirements of the Nasdaq Stock Market, Inc.

Unless otherwise instructed, the proxy holders will vote the proxies received by them **FOR** Messrs. Arling, Henderson, Mulligan and Sparkman.

If elected, Mr. Arling and Messrs. Henderson, Mulligan and Sparkman have consented to serve as directors of the Company for a one-year and two-year term, respectively, and until their respective successors are elected and qualified. If additional persons are nominated for election as directors, the proxy holders intend to vote all proxies received by them in a manner intended to ensure the election of Messrs. Arling, Henderson, Mulligan and Sparkman. However, consistent with their authority, the proxy holders will determine the specific nominees for whom to vote, and in no event will they vote to fill more than five positions. Although it is not contemplated that any nominee will be unable to serve as director, in such event, the proxies will be voted by the proxy holders for such other person or persons as may be designated by the present Board. Information with respect to each nominee is set forth below.

Vote Required

Approval of the election of the nominees is subject to the affirmative vote of a plurality of shares of Company Common Stock present in person or represented by proxy at the Annual Meeting.

THE BOARD OF DIRECTORS OF THE COMPANY UNANIMOUSLY RECOMMENDS A VOTE FOR THE FOREGOING NOMINEES AS DIRECTORS OF THE COMPANY.

Meetings and Committees of the Board of Directors

The Board is responsible for establishing broad corporate policies and for the overall performance of the Company. Generally, directors discharge their responsibilities at Board and committee meetings. During 2005, the Board met four times and acted twice by unanimous written consent. All Directors attended 100% of the meetings of the Board and the committees on which he served during 2005. The Company encourages each director to attend each annual meeting of stockholders, however, since attendance by our stockholders at these meetings has historically been via proxy and not in person, the Company's outside directors have not regularly attended these meetings. At the 2005 Annual Meeting of Stockholders, no stockholder attended in person and only one director was present.

The Board appoints committees to help carry out its duties. Board committees work on important issues in greater detail than would be possible at a full meeting of the Board. The Board has three standing committees: (i) Audit, (ii) Compensation, and (iii) Corporate Governance and Nominating. The members of each committee are appointed by the Board and serve at its discretion. A majority of the members of any committee constitutes a quorum, and the acts of a majority of the members present, or acts approved in writing by all of the members, are acts of that committee. Only independent directors serve on the Audit, Compensation and Corporate Governance and Nominating Committees.

Audit Committee. During 2005, the members of the Audit Committee were Mr. Henderson (Chairman of the Committee), Mr. Mulligan, and Mr. Sparkman, none of whom was an officer or employee of the Company or any of its subsidiaries. Each member of the Audit Committee was independent, as independence is defined in Rule 4200(a)(13) of the listing standards of the National Association of Securities Dealers, Inc. Mr. Mulligan is a financial expert. No member of the Audit Committee receives any compensation from the Company, except fees for service as a Director.

The Audit Committee's functions include meeting with the Company's independent registered public accounting firm and management representatives, making recommendations to the Board regarding the appointment of the independent registered public accounting firm, approving the scope of audits and other services to be performed by the independent registered public accounting firm, establishing pre-approval policies and procedures for all audit, audit-related, tax, and other fees to be paid to the independent registered public accounting firm, considering whether the performance of any professional service by the registered public accountants could impair their independence, and reviewing the results of external audits, the accounting principles applied in financial reporting, and financial and operational controls. The Board has adopted a written charter for the Audit Committee, a copy of which is available on the Corporate Governance page of the Company's website at www.uei.com.

During 2005, management completed the documentation, testing and evaluation of the Company's system of internal control over financial reporting in response to the requirements set forth in Section 404 of the Sarbanes-Oxley Act of 2002 and related regulations. The Audit Committee was kept apprised of the progress of the evaluation and provided oversight and advice to management during the process. In connection with this oversight, the Committee received periodic updates provided by management at each regularly scheduled Committee meeting. The Committee continues to oversee the Company's efforts related to its internal control over financial reporting and management's preparations for their evaluation in fiscal 2006. In addition, the independent registered public accountants have unrestricted access to the Audit Committee and *vice versa*. During 2005, the Audit Committee met six times.

The following table sets forth fees billed to the Company for the year ended December 31, 2005 by the Company s independent registered public accounting firm, Grant Thornton LLP. GT did not represent the Company during the year ended December 31, 2004, and, accordingly, did not bill fees to the Company for that year.

	For the year ended 12/31/2005
Audit Fees (1)	\$ 1,054,000
Tax Fees	0
All Other Fees	0

and regulatory filings.

Former Accountants On August 25, 2005, the Company dismissed PricewaterhouseCoopers LLP (PwC) as the Company s independent registered public accounting firm. The decision to dismiss PwC was approved by the Audit Committee of the Board of Directors of the Company.

PwC s reports on the Company s financial statements as of and for the fiscal years ended December 31, 2004 and 2003 did not contain an adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principle.

During the fiscal years ended December 31, 2004 and 2003 and through August 25, 2005, there was no disagreement with PwC on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreement, if not resolved to the satisfaction of PwC, would have caused it to make reference thereto in its report on the Company s financial statements for such years.

During the fiscal years ended December 31, 2004 and 2003 and through August 25, 2005, there were no reportable events, as described in Item 304(a)(1)(v) of Regulation S-K.

During the fiscal years ended December 31, 2004 and 2003 and through August 25, 2005, neither the Company nor any person acting on its behalf consulted GT regarding either (i) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company s financial statements, or (ii) a matter that was either the subject of a disagreement, as defined in Item 304(a)(1)(iv) of Regulation S-K and the related Instructions to Item 304, or a reportable event, as described in Item 304(a)(1)(v) of Regulation S-K.

The following table sets forth fees billed to the Company for the years ended December 31, 2005 and 2004 by the Company s former independent registered public accounting firm, PwC:

Stock Options and Stock Appreciation Rights

Grant of Stock Options. The following table sets forth details regarding stock options granted to the Named Executive Officers during 2005. The Company has never granted stock appreciation rights. In addition, in accordance with Securities and Exchange Commission (SEC) rules, the table shows the hypothetical gains or option spreads that would exist for the respective options. These gains are based on assumed rates of annual compound stock price appreciation of 5% and 10% from the date the options were granted over the full option term. The actual value, if any, an executive may realize will depend on the spread between the market price and the exercise price on the date the option is exercised.

- (1) Under its various stock incentive plan, the Company may grant to eligible employees non-qualified stock options. During 2005, the Company granted a total of 630,500 options to employees.
- (2) Under all stock option plans, the option purchase price is equal to the fair market value at the date of the grant.
- (3) If an optionee ceases to be an employee, other than by reason of death or disability, while

holding an exercisable option, the option will generally terminate if not exercised within the following 90 to 180 days (depending upon the Plan from which the option is granted). If the optionee's employment ceases without cause or as a result of a constructive termination, each as defined in the Plan, all options shall be immediately exercisable and, if the optionee's employment ceases within 18 months to two years (depending upon the Plan from which the option is granted) of such constructive termination, then the optionee shall be permitted to exercise the options at any time until the expiration of the option in accordance with its original term. Stock options are not transferable

except that under all Plans if an optionee dies while an employee of the Company or within one year after becoming disabled, a legal representative or legatee may exercise the option, to the extent not already exercised, at any time up to one year from the date of death or, if shorter, the expiration of the option in accordance with its original term.

- (4) In accordance with SEC rules, these columns show gains that might exist for the respective options, assuming the market price of the Company's Stock appreciates from the date of the grant over a period of ten years at the annualized rates of five and ten percent, respectively. If the stock price does not increase above the exercise price at the time of the exercise,

realized value to the named officers from these options will be zero.

There can be no assurance that the amounts reflected in this table or the associated rates of appreciation will be achieved.

- (5) Options were granted pursuant to various Universal Electronics Inc. incentive stock plans and vest over four years on the anniversary date of the grant at a rate of 25% per year and have ten-year terms.

Employment Agreements

Mr. Arling. On April 23, 2003, the Company and Mr. Arling entered into an employment agreement with a three-year term that, unless terminated by either party in accordance with the terms of the agreement, automatically renews for successive one-year terms. In October 2005, the parties agreed to extend the expiration date of this employment agreement to April 30, 2009, and amended the agreement to provide Mr. Arling a stay bonus. The stay bonus is \$200,000, and will be paid to Mr. Arling on the earlier of (i) December 15, 2007 (if he is still employed by the Company on that date), (ii) the effective date of his termination of employment with the Company, if done without cause (as defined in the employment agreement), or (iii) on the effective date of Mr. Arling's election to terminate his employment for good reason (as defined in the employment agreement).

The current agreement requires that, during its term, Mr. Arling must (i) devote his full working time and energy to the Company, (ii) refrain from disclosing and/or using any of the Company's trade secrets and proprietary information, and (iii) during the term of the agreement and for a period of two (2) years thereafter, refrain from soliciting certain of the Company's large customers or any key employees. The agreement also increased Mr. Arling's annual base salary

for 2003 to \$420,000 (an increase of 5% over his 2002 annual base salary), with the opportunity to receive increases (but not decreases) in such annual salary as determined and set by the Compensation Committee in accordance with plans and policies established by that committee. Mr. Arling's 2003 base salary of \$420,000 was not increased for 2004, 2005 or 2006. Mr. Arling may earn an annual bonus payable at or near the end of each fiscal year in an amount equal to a percentage of his base salary in accordance with the method established by the Compensation Committee (see **Compensation Committee Report on Executive Compensation - Annual Bonus Incentives**). Mr. Arling did not receive an annual bonus for 2005. The agreement also permits the Company to award a discretionary bonus to Mr. Arling as determined by the Compensation Committee. Mr. Arling did not receive a discretionary bonus in 2005, although he was provided a stay bonus when his employment agreement was amended (as explained above). The agreement further provides for the grant of options to acquire shares of Company Common Stock as determined by the Compensation Committee. In January 2005, Mr. Arling received a stock option grant to acquire up to 80,000 shares of Company Common Stock (see **COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION - Common Stock Incentives**).

Neither the current agreement, nor the amendment, modified the \$200,000 non-recourse interest bearing secured loan provided to Mr. Arling by the earlier agreement. The loan was used by Mr. Arling for the acquisition of his primary residence in Southern California. The loan bears interest at the rate of 5.28% per annum, which interest is payable annually to the Company on each December 13th. The loan is secured by the primary residence purchased by Mr. Arling, and the principal is payable on the earlier of (i) December 15, 2007, (ii) within twelve (12) months following a demand from the Company if Mr. Arling shall cease (for whatever reason) to be an employee of the Company or upon the occurrence of an Event of Default (as such term is defined in the promissory note evidencing the loan) or (iii) on the closing of a sale or transfer by Mr. Arling or his spouse of all or any part of their primary

Table of Contents

residence in Southern California that secures the loan, including without limitation any sale or transfer of any interest therein (including any beneficial interest therein) without the Company's prior written consent, which consent will not be unreasonably withheld. Also, in accordance with the new agreement, Mr. Arling receives a grossed-up payment to assist him in payment of interest on the loan and certain amounts of his taxes resulting from this payment. As of March 31, 2006, the entire principal amount of \$200,000 was owed by Mr. Arling to the Company. The agreement further entitles Mr. Arling to participate in benefits plans of the Company in effect from time to time and for other customary benefits.

If during the term of the agreement Mr. Arling should resign for "good reason" (as such term is defined in the agreement), Mr. Arling will receive salary, bonus, other incentive compensation and perquisites, and may continue to participate in Company benefit plans, for an 18-month period following such resignation (twenty-four (24) months if such resignation is due to a "Change in Control," as such term is defined in the agreement).

Mr. Robert P. Lilleness. In April 2003, the Company and Mr. Lilleness entered into an employment agreement with a three-year term that, unless terminated by either party in accordance with the terms of the agreement, automatically renews for successive one-year terms. On December 12, 2005, Mr. Lilleness was advised by the Company of the Company's desire to not allow the agreement to renew. As such, at the end of business on April 30, 2006, Mr. Lilleness' employment agreement with the Company will terminate in accordance with its terms. Thereafter, Mr. Lilleness will continue his employment with the Company as an employee-at-will. Until it terminates at the end of business on April 30, 2006, Mr. Lilleness' employment agreement provides that he is to be employed as the Company's President and Chief Operating Officer and, during the term of the agreement, is to (i) devote his full working time and energy to the Company, (ii) refrain from disclosing and/or using any of the Company's trade secrets and proprietary information, and (iii) during the term of the agreement and for a period of two (2) years thereafter, refrain from soliciting certain of the Company's customers and/or competitors or any key employees. The agreement also set Mr. Lilleness' annual base salary at \$300,000, unchanged from November 2002, with the opportunity to receive increases (but not decreases) in such annual salary as determined and set by the Compensation Committee in accordance with plans and policies established by that committee. Mr. Lilleness' 2003 base salary of \$300,000 was not increased for 2004, 2005, or 2006. Mr. Lilleness may earn an annual bonus payable at or near the end of the each fiscal year in an amount equal to a percentage of his base salary in accordance with the method established by the Compensation Committee (see **Compensation Committee Report on Executive Compensation - Annual Bonus Incentives**). Mr. Lilleness did not receive an annual bonus for 2005. The agreement also permits the Company to award a discretionary bonus to Mr. Lilleness as determined by the Compensation Committee. Mr. Lilleness did not receive a discretionary bonus in 2005. The agreement further provides for the grant of options to acquire shares of Company Common Stock as determined by the Compensation Committee. In January 2005, Mr. Lilleness received a stock option grant to acquire up to 50,000 shares of Company Common Stock (see **COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION - Common Stock Incentives**). The agreement further entitles Mr. Lilleness to participate in benefit plans of the Company in effect from time to time and for other customary benefits.

If during the term of the agreement Mr. Lilleness should resign for "good reason" (as such term is defined in the agreement), Mr. Lilleness will receive salary, bonus, other incentive compensation and perquisites, and may continue to participate in Company benefit plans, for an 18-month period following such resignation (twenty-four (24) months if such resignation is due to a "Change in Control" as such term is defined in the agreement).

On March 3, 2006, the Company and Mr. Lilleness entered into a Change in Control and Salary Continuation Agreement (see *Salary Continuation Agreements* below). This agreement was extended to Mr. Lilleness to replace certain obligations of the Company to Mr. Lilleness that will be lost upon the termination of his employment agreement on April 30, 2006.

Mr. Paul J.M. Bennett. On June 16, 1996, the Company's subsidiary, Universal Electronics B.V. (formerly known as One For All, B.V.), entered into an employment agreement with Mr. Bennett. The Company believes that the agreement contains terms and provisions that are typical of these types of agreements in The Netherlands. Mr. Bennett's compensation is split among the various Universal Electronics B.V. subsidiaries for which Mr. Bennett devotes his time. By the agreement, Mr. Bennett receives a base salary (paid in euros), which may be increased as

determined and set by the Compensation Committee in accordance with plans and policies established by that committee. Mr. Bennett's 2005 base salary of \$213,480 was not increased for 2006. By the agreement, Mr. Bennett is entitled to earn an annual bonus payable at or near the end of the Company's fiscal year in an amount equal to a

Table of Contents

percentage of his base salary, provided that certain earnings targets are met. Mr. Bennett did not receive an annual bonus for 2005. The agreement further entitles Mr. Bennett to receive use of a Company-paid automobile, participate in benefit plans of the Company in effect from time to time and for other customary benefits. Mr. Bennett has also received a salary continuation agreement from the Company (see *Salary Continuation Agreements* below). *Salary Continuation Agreements*. Messrs. Lilleness, Bennett, Firehammer and certain other officers of the Company have salary continuation agreements with the Company (each, an SCA). Each SCA takes effect upon the occurrence of certain triggering events (as defined in the agreements). When effective, each SCA operates as an employment agreement providing for a term of employment with the Company for a period ranging from twelve (12) to eighteen (18) months (twenty-four (24) to thirty-six (36) months in the event of a hostile acquisition). In addition, each SCA provides that the executive or other officer would receive increases in salary and bonuses during the term of the SCA in accordance with the Company's standard policies and practices; however, in no event would such base salary and bonus be less than the base salary and bonus such executive or other officer received in the year immediately preceding the effective date of the SCA. Further, each SCA provides that the executive or other officer will be entitled to receive stock option grants and to otherwise participate in the Company's incentive compensation and benefits plans and other customary benefits programs in effect from time to time, but in no event would such participation be less than that provided such executive or other officer immediately prior to the effective date of the SCA. Under each SCA, if the Company terminates the executive's or other officer's employment for reasons other than the executive's or officer's death or disability or for cause (as such term is defined in each SCA) or the executive or officer resigns for good reason (as such term is defined in each SCA, which definition includes resigning in connection with the occurrence of a change in control), the executive or other officer would receive, in one lump sum, an amount equal to salary, bonus and other incentive compensation (including the cash value of all options held by such executive or other officer, as options become immediately fully vested on the executive's or officer's termination or resignation date) and to continue all health, disability and life insurance benefits for periods ranging from twelve (12) to eighteen (18) months (twenty-four (24) to thirty-six (36) months in the event of a hostile acquisition) following such termination or resignation.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 (the Exchange Act) requires any person who is a director or officer of the Company, or the beneficial owner of more than ten percent of a registered class of the Company's equity securities to file reports of ownership and changes in ownership on Forms 3, 4 and 5 with the Securities and Exchange Commission and The Nasdaq Stock Market. Such persons are further required to furnish the Company with copies of all such forms they file. Based solely on the Company's review of the copies of such forms it has received, the Company has determined that all of the filings required to be filed pursuant to Section 16(a) have been filed, except that Messrs. Arling and Firehammer each was delinquent with one Form 4 filing with respect to reporting one stock option grant from the Company; Mr. Lilleness was delinquent with two Form 4 filings, one with respect to reporting one stock option grant from the Company and the other pertaining to two cashless exercises and sales of Company stock pursuant to stock option exercises; Messrs. Chahil, Mulligan and Sparkman each was delinquent with one Form 4 filing with respect to reporting one stock issuance from the Company pursuant to the Company's 2004 Directors Compensation Plan; and Mr. Henderson was delinquent with five Form 4 filings with respect to reporting one stock issuance from the Company pursuant to the Company's 2004 Directors Compensation Plan and eight sales or transfers of Company stock. These delays were the result of failures in receiving pricing and sales/transfer information from the Company and from the respective reporting persons in a timely manner. The Company believes that it has rectified the problems causing these delays by distributing informative documentation regarding filing requirements of Section 16(a) reports to each of the reporting persons.

Compensation Committee Interlocks and Insider Participation

of whom was an officer or employee of the Company or any of its subsidiaries during the last completed fiscal year or formerly an officer of the Company or any of its subsidiaries. During 2005, none of these directors had any business or financial relationships with the Company requiring disclosure in this Proxy Statement.

Compensation Committee Report on Executive Compensation

The Compensation Committee of the Board of Directors met four times in 2005. The members of the Committee were Mr. Sparkman (Chairman of the Committee), Mr. Chahil and Mr. Henderson. The Committee recommends compensation arrangements for the Company's directors and executive officers and administers its various stock incentive plans.

The Compensation Committee will review the compensation policies of the Company throughout the coming year, particularly in light of the requirements surrounding expensing equity-based components of executive compensation packages. All compensation actions taken during 2005 were consistent with principles previously established by the Board of Directors. These principles include building a strong relationship between stockholder return and executive and Director compensation, providing incentives to achieve both near and long-term goals, and providing an overall level of remuneration that is fair and reflective of performance. The chief executive officer and other executive officers are not present at the meetings unless requested by the Committee. Further, consistent with past practice, the Board has decided that management of the Company should make decisions with respect to the compensation of all employees, other than the chief executive officer and other executive officers of the Company.

Compensation Philosophy and Program. In administering executive officer compensation, the Compensation Committee's objective is to establish a total pay program for the Company that appropriately balances compensation costs with salaries and incentives sufficient to retain and motivate key executives. The chief executive officer presents proposals and recommendations on executive officer compensation to the Committee for its review and evaluation. During its discussions regarding the Company's executive compensation programs, the Compensation Committee concluded that executive and director compensation matters are experiencing broad and far-reaching reforms that will impact how companies' leaders will be compensated for years to come. As such, for 2006, the Committee has decided to hold off on making changes to the compensation programs for the Company's executive officers until they have been able to obtain, review and act upon data and advice from an independent compensation consultant. As such the Committee has commissioned an independent compensation consultant to provide the Committee with a report prior to the end of June 2006 regarding current practices in executive compensation, particularly tailored to the Company taking into consideration internal information and criteria from other independent sources to establish a comprehensive compensation program that will be reflective of current practices and directions as well as overall and individual executive officer compensation history, and the Company's recent and planned performance. Until a new compensation program is established, which it expects to do shortly after receiving the consultant's report and advice, except for increases in the base salary of two of the named executives as explained elsewhere in this report, the stay bonus for Mr. Arling, and the approval of a new stock incentive program, the Committee has decided to (i) hold executive officer base salaries at their current level, (ii) not award annual bonuses to the executive officers for 2005 performance, and (iii) not grant any equity based compensation to any of the executive officers.

Base Salary. Base salaries have historically been determined from an assessment of various factors including position, tenure, experience, salary history and individual performance. This assessment has generally been subjective, not subject to weightings or formulas and only considers external data to the extent available and believed by the Compensation Committee to be helpful. Individual base salary increases has historically reflected what the Compensation Committee believed to be fair and appropriate after considering the subjective factors, an assessment of the Company's current and projected labor costs and the data it receives from independent sources. In keeping with its stated plan to reassess the Company's overall executive compensation program, the Committee decided that each of Messrs. Arling, Lilleness and Bennett, each of whom has an employment agreement with the Company and is paid in accordance with the provisions of such employment agreements, would not receive an increase in their per annum base salaries until the Committee has reviewed and acted upon the advice of its independent compensation consultant with respect to establishing a new executive compensation program reflective of current trends and practices. The Committee did however decide to increase the base salaries of the other two Named Executive Officers for 2006 of between 10% and 29%. This decision was made after considering the efforts made by each of them during 2005 and

concluding that such increases were necessary to retain such officers and that such increases were within market constrains.

Table of Contents

Annual Bonus Incentives. The Committee has always believed that incentives help motivate the attainment of annual objectives, including the Company's performance relative to that year's plan and the individual performance of each executive officer. Based in part on data provided by the Company that was obtained from internal and independent sources, the Compensation Committee established a method for determining bonuses for the Company's executive officers, including the chief executive officer, utilizing a combination of financial and strategic goals. These goals contain both objective and subjective components and, based upon the level at which those goals are achieved, each executive officer will be paid a bonus equal to a percentage of the executive's base salary. For the chief executive officer, the percentage ranges between 30% and 120% of his base salary as of year-end. For each other executive officer, the percentage ranges between 20% and 100% of the executive's base salary as of year-end. In certain circumstances, an additional bonus may be awarded if the Compensation Committee determines that an executive officer's individual performance warrants such award. Based on the financial performance of the Company during 2005, neither Mr. Arling nor the other Named Executive Officers received bonuses for 2005, nor did any of them receive a discretionary bonus for 2005. However, as a part of the October 2005 amendment to his employment agreement, Mr. Arling was provided a \$200,000 stay bonus to be paid in December 2007 or such other date as specified in the amendment to his employment agreement. The Compensation Committee has established the criteria for 2006 bonuses consistent with its past practices, however, it has concluded that such bonus program for the executive officers could change if warranted by the report and advice received from the independent compensation consultant.

Common Stock Incentives. In addition to its 401K and Profit Sharing Plan, the Company has provided various stock incentive plans, pursuant to which it may grant options to purchase Company Common Stock, stock appreciation rights and phantom stock awards to executive officers and employees of the Company and its subsidiaries with a view toward providing the executive officers and employees a stake in the Company's future and compensation directly aligned with the creation of stockholder value. The Compensation Committee has also issued stock options to attract new executive officers to the Company. The Compensation Committee has generally established the terms and conditions of such grants in a manner consistent with previous grants. Individual awards have been based on subjective assessments of individual performance, contribution and potential. In addition, the Compensation Committee has retained the discretion to make individual grants that it has deemed appropriate under the circumstances, including to any or all of the Named Executive Officers. In keeping with this past practice, the Committee has determined it appropriate to establish a new stock incentive plan, which, when approved by the Company's stockholders, will be available for grants of options to purchase Company Common Stock, stock appreciation rights and phantom stock awards to executive officers and employees of the Company and its subsidiaries. The Committee has, however, determined to hold off making any grants under this new plan (any other existing plan) to the executive officers until it has reviewed the report and advice received from the independent compensation consultant.

Messrs. Arling and Lilleness are the trustees of the Company's 401K and Profit Sharing Plan. No changes in the plan were made during 2005.

Perquisites. The Company offers very few perquisites or special benefits to executive officers. In general, the Compensation Committee believes that the benefits offered are less than those offered at typical companies of similar size and are not material when considering total compensation.

Deductibility. The Compensation Committee does not believe that the provisions of Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), will limit the deductibility of compensation expected to be paid by the Company during 2006. Section 162(m) generally limits the deductibility for federal tax purposes of certain types of executive compensation in excess of \$1.0 million dollars per year. The Compensation Committee will continue, however, to evaluate the impact of Section 162(m) of the Code and any such other provisions and take any action deemed appropriate to maximize the deductibility for federal tax purposes of all elements of compensation. The Company, however, may from time to time pay or award compensation to its executive officers that may not be deductible. Further, because of the ambiguities and uncertainties as to the application and interpretation of Section 162(m) and the regulations issued thereunder, no assurance can be given, notwithstanding the efforts of the Company in this area, that compensation intended by the Company to satisfy the requirements for deductibility under Section

162(m) does in fact do so.

It is the view of the Compensation Committee that the compensation programs of the Company are well structured to encourage the attainment of objectives, offer opportunities for a total level of compensation that is consistent with other companies of similar size, and foster a stockholder perspective in management. The Compensation Committee believes that the overall levels of compensation provided by these programs are fair and appropriate for the year just ended and that they serve stockholders' long-term interests.

The following line graph compares the cumulative total stockholder return with respect to Company Common Stock versus the cumulative total return of the Company's Peer Group Index (the Peer Group Index) and the Nasdaq Composite Index (the Nasdaq Composite Index) for the five (5) year period ended December 31, 2005. The graph and table assume that \$100 was invested on December 31, 2000 in each of Company Common Stock, the Peer Group Index and the Nasdaq Composite Index and that all dividends were reinvested (although no dividends were declared on Company Common Stock during the period). The graph depicts year-end values based on actual market value increases and decreases relative to the initial investment of \$100, based on information provided for each calendar year by the Nasdaq Stock Market and the New York Stock Exchange.

The Company believes that the information provided in this performance chart has only limited relevance to an understanding of the Company's compensation policies during the indicated periods and does not reflect all matters appropriately considered by the Company in developing its compensation strategy. PROPOSAL TWO: APPOINTMENT OF AUDITORS

The Board of Directors, acting on the recommendation of its Audit Committee, has appointed Grant Thornton LLP, a firm of independent registered public accountants, as auditors, to examine and report to the Board and to the Company s stockholders on the consolidated financial statements of the Company and its subsidiaries for 2006. The Board of Directors is requesting stockholder ratification of such appointment. Representatives of Grant Thornton LLP will be present at the Annual Meeting, will be given an opportunity to make a statement, and will respond to appropriate questions.

Unless otherwise instructed, the proxy holders will vote the proxies received by them **FOR** the ratification of the appointment of Grant Thornton LLP as the Company s independent registered public accountants for 2006. Stockholder ratification of the appointment requires an affirmative vote of the holders of a majority of shares of Company Common Stock present in person or represented by proxy at the Annual Meeting. While stockholder ratification is not required, and thus the stockholder vote is not binding, the Board of Directors may reconsider its selection if the stockholders fail to ratify the appointment of Grant Thornton LLP as the Company s independent registered public accountants for 2006.

THE BOARD OF DIRECTORS OF THE COMPANY UNANIMOUSLY RECOMMENDS A VOTE FOR THE RATIFICATION OF SUCH APPOINTMENT.

PROPOSAL THREE: APPROVAL OF THE UNIVERSAL ELECTRONICS INC. 2006 STOCK INCENTIVE PLAN

Background

As of March 31, 2006, options to acquire, in the aggregate, 3,150,550 available shares of Company Common Stock have been granted and are outstanding under the Company s existing stock incentive plans, leaving, in the aggregate, 147,747 shares available for future grants under the various plans. As a result, the Board of Directors, believing that the remaining number of shares available for future grants under the various plans would be insufficient to attract and retain key directors, officers and employees, authorized the adoption of a new Universal Electronics Inc. 2006 Stock Incentive Plan (the 2006 Plan) to make an additional 1,000,000 shares of Company Common Stock (approximately 7.28% of the outstanding shares of Company Common Stock as of April 14, 2006, the Annual Meeting Record Date) available for grants to the Company s directors, officers and employees. All three outside directors serving after the Annual Meeting, 17 officers and approximately 312 employees will be eligible to participate in the 2006 Plan. The stockholders are being asked at the Annual Meeting to vote on a proposal to approve the adoption of the 2006 Plan. The 2006 Plan was adopted by the Compensation Committee of the Board of Directors on March 3, 2006 and will be approved by the full Board of Directors on April 27, 2006.

Table of Contents**New Plan Benefits**

The Board of Directors believes that substantial benefits will accrue to the Company from the granting of stock awards under the 2006 Plan to its directors, officers and employees. Stock awards encourage such persons to acquire a proprietary interest in the Company through stock ownership and thereby afford them a greater incentive to enhance the value of the Company Common Stock through their own efforts in improving the Company's business. The granting of awards under the 2006 Plan also will assist in obtaining and attracting competent personnel who will contribute to the Company's success by their ability, ingenuity and industry will provide incentive to the participating personnel which will inure to the benefit of all stockholders of the Company. For these reasons, the Board adopted the 2006 Plan. Accordingly, the Board of Directors and management believes that ratification of the adoption of the 2006 Plan is in the best interests of the Company and recommends that stockholders vote in favor of the proposal. **Unless otherwise instructed, the proxy holders will vote the proxies received by them FOR the ratification and approval of the 2006 Plan.** No awards will be granted under the 2006 Plan prior to stockholder ratification of the 2006 Plan. Thereafter, Awards under the 2006 Plan will be granted at the discretion of the Committee and will depend on a number of factors, including the fair market value of the Company Common Stock on future dates and actual performance against performance goals. Consequently it is not possible to determine the benefits that might be received by participants under the 2006 Plan in 2006 or the benefits that would have been received in 2005, if the 2006 Plan had been in effect in that year.

The following is a summary of the material features of the 2006 Plan, which is qualified in its entirety by reference to the copy of the 2006 Plan attached hereto as Appendix C.

General

The 2006 Plan provides for the issuance of stock options, stock appreciation rights, performance stock units, restricted stock units or any combination thereof (each an Award). Stock options may be granted to Eligible Participants (as such term is defined in the 2006 Plan). Certain of the Eligible Participants may be granted incentive stock options within the meaning of Section 422A of the Code and non-qualified (for federal income tax purposes) stock options. Stock appreciation rights, which may be granted to Eligible Participants, give the grantee of a stock option the right to elect an alternative payment equal to the appreciation of the stock value instead of exercising a stock option. Payment of the stock appreciation right may be made in cash, shares of Company Common Stock or a combination thereof. Performance stock units and restricted stock units may be granted to certain of the Eligible Participants, each unit represents the right to receive one share of Company Common Stock. In the case of performance stock units, Company Common Stock would be received upon the attainment of certain Company performance objectives. Such performance objectives would be set by the Compensation Committee (the Committee). In the case of restricted stock units, Company Common Stock would be received upon completion of a restriction period, the duration of which would be determined by the Committee.

In all cases, Awards are subject to the terms and provisions of the 2006 Plan described below. The maximum number of shares of Company Common Stock reserved and available for issuance under the 2006 Plan is 1,000,000 shares, which constitutes approximately 7.28% of the outstanding shares of Company Common Stock as of April 14, 2006, the Annual Meeting Record Date.

Duration and Administration of the 2006 Plan

The 2006 Plan will terminate on June 13, 2016, unless sooner terminated by resolution of the Board of Directors (the 2006 Plan Termination Date). Initially, the 2006 Plan will be administered by the Committee. The Committee must be composed solely of two or more directors who are non-employee Directors. The current members of the Committee are Mr. Sparkman (Chairman of the Committee), Mr. Chahil and Mr. Henderson (see **THE BOARD OF DIRECTORS AND COMMITTEES OF THE BOARD**). Subject to the terms and conditions of the 2006 Plan, the Committee has full and final authority in its absolute discretion to, without limitation: (i) determine the terms and conditions of the Awards; (ii) construe and interpret the 2006 Plan and any agreement or instrument entered into thereunder; (iii) adopt, amend, or rescind rules and regulations that may be advisable in the

Table of Contents

administration of the 2006 Plan; (iv) establish, amend or waive the rules and regulations and the instruments evidencing Awards granted under the 2006 Plan; and (v) make all other determinations deemed necessary or advisable for the administration of the 2006 Plan. Any decision made or action taken by the Committee in connection with the administration, interpretation and implementation of the 2006 Plan and of its rules and regulations will be, to the extent permitted by law, conclusive and binding upon all Eligible Participants and upon any person claiming under or through any of them. Neither the Committee nor any of its members is liable for any action taken by the Committee pursuant to the 2006 Plan. No member of the Committee is liable for the act of any other member.

Securities Subject to the 2006 Plan

Not more than 1,000,000 shares of Company Common Stock may be issued pursuant to the 2006 Plan in the aggregate, except that in the event of stock splits, stock dividends, combinations, exchanges of shares or similar capital adjustments, the Committee must make an appropriate adjustment in the stock subject to the 2006 Plan. If any Award expires without having been fully exercised, the shares with respect to which such Award has not been exercised will be available for further Awards but in no event beyond the 2006 Plan Termination Date.

Grant and Method of Exercise of Awards

Subject to certain conditions, the duration of each Award granted under the 2006 Plan will be determined by the Committee, provided that no Award shall be granted after the 2006 Plan Termination Date, and no Award shall be exercisable or vest, as applicable, later than the tenth anniversary of the date the Award was granted.

Each stock option granted under the 2006 Plan will have an exercise price of no less than the fair market value at the date of grant which will be determined by averaging the highest and lowest sales prices for the Company Common Stock on The Nasdaq Stock Market on the date of the grant. A stock option granted under the 2006 Plan will become exercisable in equal increments of twenty-five percent (25%) of the shares of Company Common Stock which are covered by the stock option on each of the first four anniversary dates of the grant.

Shares of the Company Common Stock shall be deliverable upon the vesting of performance stock unit Awards or restricted stock units Awards for no consideration other than services rendered or, in the Committee's sole discretion, the minimum amount of consideration other than services required to be received by the Company in order to assure compliance with applicable state law, which amount shall not, in any case, exceed 10% of the fair market value of such shares of Company Common Stock on that date of issuance.

Awards may be exercised by the giving of written notice to the Company of the exercise of the Award accompanied by full payment of the exercise price (if applicable) in cash or, in the Committee's discretion, its equivalent. The Committee also may allow cashless exercises.

Exercise of Stock Options upon Termination of Employment

Termination due to Death or Disability. If an Eligible Employee's employment with the Company and all subsidiaries ceases because of death or disability, the option may be exercised by the Eligible Employee (or, in the event of death, such person's estate or personal representative) until the earlier of either (i) the first anniversary of such termination of employment or (ii) the expiration of the option, but only to the extent the option was exercisable at the date of such termination of employment.

Termination without cause or due to Constructive Termination. If an Eligible Employee's employment with the Company and all subsidiaries is terminated by the Company without cause or in the event of Constructive Termination (including a Change In Control) (as all such terms are defined in the 2006 Plan) the options become immediately and fully vested without further action by any party and may be exercised by the Eligible Employee (or, in the event of death, such person's estate or personal representative) until the expiration of the option.

Termination for any other reason. If an Eligible Employee's employment with the Company and all subsidiaries ceases for any reason other than death, disability, without cause or Constructive Termination, the option may be exercised by the Eligible Employee (or, in the event of death, such person's estate or personal representative) until

Table of Contents

the earlier of either (i) the 90th day following such termination of employment or (ii) the expiration of the option, but only to the extent the option was exercisable at the date of such termination of employment.

Subject to certain limitations set forth in the 2006 Plan, the Committee may waive any restrictions or conditions set forth in an option agreement concerning an Eligible Employee's right to exercise any stock option and/or the time and method of exercise.

Cancellation of Restricted Stock Units Awards or Performance Stock Units Awards

If an Eligible Employee's employment with the Company and all subsidiaries terminates for any reason, the unvested portion of any restricted stock unit Award or performance stock unit Award will be canceled and the Eligible Employee shall not be entitled to receive any consideration in respect of such cancellation; provided, however, that the Committee, subject to certain limitations set forth in the 2006 Plan, may waive any restrictions or conditions relating to the vesting of restricted stock unit Awards and performance stock unit Awards.

Income Tax Treatment

The Company has been advised that under current law certain of the income tax consequences under the laws of the United States to the Eligible Participants and the Company of Awards granted under the 2006 Plan generally should be as set forth in the following summary. This summary only addresses income tax consequences for Eligible Participants and the Company.

An Eligible Participant who is granted an incentive stock option which qualifies under Section 422 of the Code will not recognize income at the time of grant or exercise of such Award. No federal income tax deduction will be allowable to the Company upon the grant or exercise of such Award. Upon the exercise of an incentive option, however, special alternative minimum tax rules apply for the Eligible Participant. When the Eligible Participant sells such shares more than one year after the date of exercise of the Award and more than two years after the date of grant of the incentive option, the participant will normally recognize a long-term capital gain or loss equal to the difference, if any, between the sales price of such shares and the option exercise price. If the Eligible Participant does not hold such shares for this period, when the participant sells such shares, the participant will recognize ordinary compensation income and possibly capital gain or loss in such amounts as are prescribed by the Code and the regulations thereunder. Subject to applicable provisions of the Code and regulations, the Company generally will be entitled to a federal income tax deduction in the amount of such ordinary compensation income.

An Eligible Participant to whom a non-qualified option (an option which is not an incentive stock option) is granted will not recognize income at the time of grant of such option. When the Eligible Participant exercises such non-qualified option, such person will recognize ordinary compensation income equal to the difference, if any, between the option exercise price and the fair market value, as of the date of the option exercise, of the shares such person receives. The tax basis of such shares to such person will be equal to the option price paid and the holding period for such shares will commence on the day on which such person recognized taxable income with respect to such shares. Subject to applicable provisions of the Code and regulations, the Company generally will be entitled to a federal income tax deduction with respect to non-qualified options in the amount of such ordinary compensation income recognized by the Eligible Participant.

An Eligible Participant to whom a restricted stock unit Award or a performance stock units Award is granted will not recognize income at the time of grant of such Award. When such Eligible Participant receives the Company Common Stock, the Eligible Participant will recognize ordinary compensation income equal to the fair market value of any shares of Company Common Stock received. Subject to applicable provisions of the Code and regulations thereunder, the Company generally will be entitled to a federal income tax deduction in respect of the Award of Company Common Stock in an amount equal to the ordinary compensation income recognized by the Eligible Participant. The discussion set forth above does not purport to be a complete analysis of all potential tax consequences relevant to recipients of Awards or to describe tax consequences based on particular circumstances. It is based on United States federal income tax law and interpretational authorities as of the date of this Proxy Statement, which are subject to change at any time. This discussion does not address state or local income tax consequences or income tax consequences for taxpayers who are not subject to taxation in the United States.

AUDIT COMMITTEE REPORT

The Audit Committee reviews the Company's financial reporting process on behalf of the Board of Directors and while management has the primary responsibility for the financial statements and the reporting process, the Company's independent registered public accountants are responsible for expressing an opinion on the conformity of the Company's audited financial statements to generally accepted accounting principles, in all material respects. In this context, the Audit Committee has reviewed and discussed with management and the independent registered public accountants the Company's audited financial statements for the year ended December 31, 2005. The Audit Committee has discussed with the independent registered public accountants the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as amended by Statement on Auditing Standards No. 90. In addition, the Audit Committee has received from the independent registered public accountants the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussion with Audit Committees) and discussed with them their independence from the Company and its management. Finally, the Audit Committee has considered whether the independent registered public accountants' provision of non-audit services to the Company is compatible with the registered public accountants' independence. Relying on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board has approved, that the financial statements of the Company for the year ended December 31, 2005 as presented to the Audit Committee be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2005 to be filed with the Securities and Exchange Commission in accordance with the Securities Exchange Act of 1934, as amended and the rules and regulations promulgated there under.
