**Section 2 Financial Information**

**Item 2.05 Costs Associated with Exit or Disposal Activities.**

In response to continued adverse market conditions, the Registrant has initiated additional programs to reduce costs that include a workforce reduction plan that is expected to reduce the Registrant's and its subsidiaries' worldwide salaried positions by approximately 10%, or approximately 500 positions.

The workforce reduction plan is being communicated to salaried employees beginning on April 1, 2008. The first step in the plan is to offer voluntary severance benefits. Employees who volunteer, and are approved by the Registrant, will receive separation benefits that include a lump sum payment based on earnings and length of service, an allowance to continue medical, dental and vision coverage and outplacement services. If a sufficient number of employees do not volunteer, an involuntary separation program will be initiated. It is expected that all affected employees will be informed, and that the separation plan will be completed, by the end of April 2008.

The Registrant will record charges for termination benefits related to the workforce reduction plan in the current and future fiscal quarters in accordance with FASB Statement of Financial Accounting Standards No. 146, Accounting for Costs Associated with Exit or Disposal Activities. The Registrant estimates these charges will aggregate \$15 million to \$20 million and that cash expenditures will be incurred in the full amount of the charges.
