The Monthly Operating Report is limited in scope, covers a limited time period, and has been prepared solely for the purpose of complying with the monthly reporting requirements of the Court. The Company's foreign subsidiaries have not filed for bankruptcy protection, and financial information regarding such foreign subsidiaries is not part of the consolidated group included in the Monthly Operating Report. The financial information in the Monthly Operating Report is preliminary and unaudited and does not purport to show the financial statements of any of the Debtors in accordance with accounting principles generally accepted in the United States of America (GAAP), and therefore may exclude items required by GAAP, such as certain reclassifications, eliminations, accruals, and disclosure items. The Company cautions readers not to place undue reliance upon the Monthly Operating Report. There can be no assurance that such information is complete. The Monthly Operating Report may be subject to revision. The Monthly Operating Report is in a format required by the U.S. Bankruptcy Code (Bankruptcy Code) and should not be used for investment purposes. The information in the Monthly Operating Report should not be viewed as indicative of future results. Additional information regarding Delphi's filing under the Bankruptcy Code, including access to court documents and other general information about the chapter 11 cases, is also available online at www.delphidocket.com.

Limitation on Incorporation by Reference

The Monthly Operating Report is being furnished for informational purposes only and is not deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, or otherwise subject to the liabilities of that section, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933, as amended. Registration statements or other documents filed with the U.S. Securities and Exchange Commission (SEC) shall not incorporate the Monthly Operating Report or any other information set forth in this Current Report on Form 8-K by reference, except as otherwise expressly stated in such filing. This Current Report on Form 8-K will not be deemed an admission as to the materiality of any information in the report that is required to be disclosed solely by Regulation FD.

FORWARD-LOOKING STATEMENTS

This Current Report on Form 8-K, including the exhibits being furnished as part of this report, as well as other statements made by Delphi may contain forward-looking statements that reflect, when made, the Company's current views with respect to current events and financial performance. Such forward-looking statements are and will be, as the case may be, subject to many risks, uncertainties and factors relating to the Company's operations and business environment which may cause the actual results of the Company to be materially different from any future results, express or implied, by such forward-looking statements. In some cases, you can identify these statements by forward-looking words such as may, might, will, should, expects, plans, anticipates, believes, estimates, potential or continue, the negative of these terms and other comparable terminology. Factors that could cause actual results to differ materially from these forward-looking statements include, but are not limited to, the following: the ability of the Company to continue as a going concern; the ability of the Company to operate pursuant to the terms of the debtor-in-possession financing facility, to obtain an extension of term or other amendments as necessary to maintain access to such facility and to secure the anticipated advances from General Motors (GM) in order to obtain any such extension or amendment; the Company's ability to obtain Court approval with respect to motions in the chapter 11 cases prosecuted by it from time to time; the ability of the Company to consummate its amended plan of reorganization which was confirmed by the Court on January 25, 2008 or any other subsequently confirmed plan of reorganization; risks associated with third parties seeking and obtaining Court approval to terminate or shorten the exclusivity period for the Company to propose and confirm one or more plans of reorganization, for the appointment of a chapter 11 trustee or to convert the cases to chapter 7 cases; the ability of the Company to obtain and maintain

normal terms with vendors and service providers; the Company's ability to maintain contracts that are critical to its operations; the potential adverse impact of the chapter 11 cases on the Company's liquidity or results of operations; the ability of the Company to fund and execute its business plan (including the transformation plan described in Item 1. Business Plan of Reorganization and Transformation Plan of the Annual Report on Form 10-K for the year ended December 31, 2007 filed with the SEC) and to do so in a timely manner; the ability of the Company to attract, motivate and/or retain key executives and associates; the ability of the Company to avoid or continue to operate during a strike, or partial work stoppage or slow down by any of its unionized employees or those of its principal customers and the ability of the Company to attract and retain customers. Additional factors that could affect future results are identified in the Annual Report on Form 10-K for the year ended December 31, 2007 filed with the SEC, including the risk factors in Part I. Item 1A. Risk Factors, contained therein. Delphi disclaims any intention or obligation to update or revise any forward-looking statements, whether as a result

of new information, future events and/or otherwise. Similarly, these and other factors, including the terms of any reorganization plan ultimately confirmed, can affect the value of the Company's various prepetition liabilities, common stock and/or other equity securities.
