1. COMPANY BACKGROUND

Ablest Inc. ( Company ) offers staffing services in the United States. Staffing services are principally provided through 44 service locations in the Eastern United States and selected Southwestern markets with the capability to supply staffing services for the clerical, industrial and information technology needs of their customers. Positions often filled include, but are not limited to, data entry, office administration, telemarketing, light industrial assembly, order picking, shipping, network administration, database administration, program analyst, web development, project management and technical writing. Ablest does not service any specific industry or field; instead, its services are provided to a broad-based customer list.

2. BASIS OF PRESENTATION

These interim financial statements have been prepared in accordance with accounting principles generally accepted ( GAAP ) in the United States for interim financial information, the instructions to Quarterly Report on Form 10-Q, and Rule 10-01 of Regulation S-X and should be read in conjunction with our Annual Report on Form 10-K for the year ended December 29, 2002. Accordingly, they do not include all of the information and footnotes required by GAAP for complete financial statements.

All adjustments, consisting of only normal recurring adjustments, considered necessary for fair presentation have been reflected in these condensed financial statements. The operating results for the thirty-nine week period ended September 28, 2003 are not necessarily indicative of the results that may be expected for the fiscal year ending December 28, 2003.

In order to maintain consistency and comparability between periods presented, certain amounts have been reclassified from the previously reported consolidated financial statements to conform with the financial statement presentation of the current period.

3. NEW ACCOUNTING PRONOUNCEMENTS

In December 2002, the Financial Accounting Standards Board issued Financial Accounting Standards No. 148, ( SFAS No. 148 ), Accounting for Stock-Based Compensation-Transition and Disclosure-an amendment of FASB Statement No. 123. SFAS No. 148 amends SFAS No. 123, Accounting for Stock-Based Compensation , to provide alternative methods of transition for a voluntary change to the fair value based method of accounting for stock-based employee compensation. In addition, this Statement amends the disclosure requirements of SFAS No. 123 to require prominent disclosures in both annual and interim financial statements about the method of accounting for stock-based employee compensation and the effect of the method used on reported results. SFAS No. 148 is effective for fiscal years ending after December 15, 2002 and did not have a material financial impact upon the Company.

**4. SHORT-TERM BORROWINGS**

On August 13, 2003, the Company signed a two year \$7,500,000 Committed Revolving Credit Facility ( Facility ) with Manufacturers and Traders Trust Company ( M&T ). The Company elects the interest rate on borrowings under the Facility at the time of borrowing at either the bank's prime rate or the thirty, sixty or ninety day LIBOR plus 200 basis points. The Facility expires on August 12, 2005 and is renewable for one year with the consent of both parties. The Facility requires the Company to maintain certain financial covenants including a tangible net worth ratio among other restrictions.

The Facility replaced the Company's Standard LIBOR Grid Note Agreement ( LIBOR Agreement ) that allowed borrowing for general corporate needs of up to \$5.0 million with interest calculated at the bank's then prime lending rate or, at the Company's option, a rate calculated by using a formula which added 250 basis points or 2.5% to the thirty, sixty or ninety day LIBOR. The LIBOR Agreement was a one-year demand note due to expire on July 22, 2003, but was renewed for an additional thirty days while the Company and M&T negotiated the new Facility.

**5. STOCKHOLDERS' EQUITY**

The changes in stockholders' equity for the thirty-nine week period ended September 28, 2003 are summarized as follows:

(amounts in thousands, except share data)	Common Stock	Additional Paid-in Capital	Retained Earnings	Treasury Shares	Stock Amount	Total Stockholders' Equity
Balance at December 29, 2002	\$ 165	\$ 4,936	\$ 11,725	428,341	\$(1,955)	\$ 14,871

Balance at September 28, 2003	\$ 165	\$ 4,936	\$ 11,934	452,429	\$(2,081)	\$ 14,954

**6. STOCK OPTIONS**

The Company grants stock options for a fixed number of shares to executive officers, certain other key employees, and independent directors. On May 20, 2003, the date of the Company's Annual Meeting of Shareholders, upon re-election to the Board of Directors ( Board ), the independent directors of the Board were granted options to purchase 6,000 shares as per the terms of the Company's Independent Directors' Stock Option Plan. The options become fully vested one year from the date of grant. The options are exercisable at the closing market price on the date of grant.

The Company has elected to continue to use the intrinsic value method of accounting for stock options under Accounting Principles Board Opinion No. 25, Accounting for Stock Issued to Employees. The following table represents the effect on net income and earnings per share if the Company had applied the fair value based method and recognition provisions of Financial Accounting Standards No. 123, ( SFAS No. 123 ), Accounting for Stock-Based Compensation.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF RESULTS OF OPERATIONS AND FINANCIAL CONDITION

Statements made in this discussion, other than those concerning historical information, should be considered forward-looking and subject to certain risks and uncertainties that could cause actual results to differ materially from those anticipated. This notice is intended to take advantage of the safe harbor provided by the Private Securities Litigation Reform Act of 1995 with respect to such forward-looking statements. Risks and uncertainties include, but are not limited to, hiring and maintaining qualified employees, legislative and judicial reforms which could increase the cost of our services to our customers and make the use of staffing service providers less beneficial, the proper functioning of our management information systems and the continuing economic recession.

Results of Operations:

The following discussion compares the quarter ended September 28, 2003 to the quarter ended September 29, 2002, and September 28, 2003 year to date to September 29, 2002 year to date and should be read in conjunction with the Condensed Financial Statements, including the related notes thereto, appearing elsewhere in this Report.

Revenues totaled \$26.7 million and \$74.2 million for the quarter and year to date periods ended September 28, 2003 as compared to \$29.3 million and \$74.7 million for the quarter and year to date periods ended September 29, 2002. Revenue decreased \$2.6 million for the quarter primarily due to a reduction in the needs of one large account and a decrease in information technology services billing. Information technology services continue to be especially hard hit by reduced corporate spending for these services in particular. Year to date commercial services revenue increased \$2.9 million due to the addition of several large industrial customers and increased account penetration in others.

Gross profit was \$4.6 million and \$12.4 million for the quarter and year to date periods ended September 28, 2003 as compared to \$5.3 million and \$13.7 million for the quarter and year to date periods ended September 29, 2002. Commercial services gross profit decreased by \$542,000 for the quarter primarily due to a \$211,000 increase in workers' compensation self-insurance. Year to date gross profit for the Company's commercial services decreased \$512,000 for 2003 as compared to 2002. The year to date decrease in gross profit includes an increase in workers' compensation self-insurance of \$817,000. Gross profit for the Company's information technology services decreased by \$182,000 and \$808,000 for the quarter and year to date periods ended September 28, 2003 as compared to the quarter and year to date periods ended September 29, 2002.

Selling, general and administrative expenses decreased by \$480,000, or 10.7%, and \$1.0 million, or 7.7%, to \$4.0 million and \$12.1 million for the quarter and year to date periods ended September 28, 2003 as compared to the same periods ended September 29, 2002. The decrease reflects containment of costs and management of staff levels. Reductions include a decrease of \$111,000 and \$489,000 for the quarter and year to date periods ended September 28, 2003 as compared to the quarter and year to date periods ended September 29, 2002 related to information technology services as the Company continues to align those services with its business volume.

There was \$5,000 other income for the quarter ended September 28, 2003 as compared to \$4,000 for the quarter ended September 29, 2002. For the year to date period ended September 28, 2003, other income decreased \$28,000 as compared to the year to date period ended September 29, 2002. The decrease was primarily the result of receiving interest income of \$32,000 in the quarter ended March 31, 2002 that related to the Company's amended 1998 federal income tax return.

Income tax expense of \$213,000 was recorded for the quarter ended September 28, 2003 as compared to \$280,000 for the quarter ended September 29, 2002. Income tax expense of \$127,000 was recorded for the year to date period ended September 28, 2003, an increase of \$48,000 as compared to the year to date period ended September 29, 2002.

**Table of Contents**

Liquidity and Capital Resources:

The quick ratio was 2.8 to 1 and 3.2 to 1 at September 28, 2003 and December 29, 2002, respectively, and the current ratio was 3.0 to 1 and 3.5 to 1, for the same respective periods. Net working capital increased by \$233,000 to \$10.8 million for the current year to date period. The increase was primarily due to an increase of \$1.8 million in accounts receivable, net and an increase in accrued expenses and other current liabilities of \$731,000. Reference should be made to the Statement of Cash Flows, which details the sources and uses of cash. Capital expenditures were \$255,000 during the current year to date period.

On August 13, 2003, the Company signed a two year \$7,500,000 Committed Revolving Credit Facility ( Facility ) with Manufacturers and Traders Trust Company ( M&T ). The Company elects the interest rate on borrowings under the Facility at the time of borrowing at either the bank s prime rate or the thirty, sixty or ninety day LIBOR plus 200 basis points. The Facility expires on August 12, 2005 and is renewable for one year with the consent of both parties. The Facility requires the Company to maintain certain financial covenants including a tangible net worth ratio among other restrictions.

The Facility replaced the Company s Standard LIBOR Grid Note Agreement ( LIBOR Agreement ) that allowed borrowing for general corporate needs of up to \$5.0 million with interest calculated at the bank s then prime lending rate or, at the Company s option, a rate calculated by using a formula which added 250 basis points or 2.5% to the thirty, sixty or ninety day LIBOR. The LIBOR Agreement was a one-year demand note due to expire on July 22, 2003, but was renewed for an additional thirty days while the Company and M&T negotiated the new Facility.

It is anticipated that existing funds, cash flows from operations and available borrowings will be sufficient to cover working capital requirements and capital expenditures for the remainder of fiscal 2003.

**Table of Contents**

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURE ABOUT MARKET RISK

The Company does not believe that its exposure to fluctuations in interest rates is material.

ITEM 4. CONTROLS AND PROCEDURES

Based on their evaluation, as of the end of the period covered by this quarterly report of the effectiveness of our disclosure controls and procedures, the Chief Executive Officer and Chief Financial Officer have each concluded that our disclosure controls and procedures are effective and sufficient to ensure that we record, process, summarize, and report information required to be disclosed by us in our periodic reports filed under the Securities Exchange Act within the time periods specified by the Securities and Exchange Commission's rules and forms.

Subsequent to the date of their evaluation, there have not been any significant changes in the Company's internal controls or in other factors to the Company's knowledge that could significantly affect these controls, including any corrective action with regard to significant deficiencies and material weaknesses. The design of any system of controls and procedures is based in part upon certain assumptions about the likelihood of future events.
