PROXY STATEMENT

The Board of Directors of SpectraSite, Inc. is furnishing this Proxy Statement to solicit proxies for use at SpectraSite's Annual Meeting of Stockholders (the 2004 Annual Meeting), to be held on May 25, 2004 at 10:00 a.m., local time, at the offices of SpectraSite, Inc., 400 Regency Forest Drive, Cary, NC 27511, and at any adjournment of the meeting. Each valid proxy received in time will be voted at the meeting according to the choice specified, if any. A proxy may be revoked at any time before the proxy is voted as outlined below.

ABOUT THE MEETING

What is the purpose of the annual meeting?

At our 2004 Annual Meeting, stockholders will act upon the matters outlined in the notice of meeting on the cover page of this proxy statement, including the election of directors and the ratification of the Company's independent auditors. In addition, management will report on the performance of the Company and respond to questions from stockholders.

Who is entitled to vote at the meeting?

Only stockholders of record at the close of business on April 16, 2004, the record date for the meeting, are entitled to receive notice of and to participate in the annual meeting. If you were a stockholder of record on that date, you will be entitled to vote all of the shares that you held on that date at the meeting, or any postponements or adjournments of the meeting.

What are the voting rights of the holders of SpectraSite common stock?

Each outstanding share of SpectraSite common stock will be entitled to one vote on each matter considered at the meeting.

Who can attend the meeting?

All stockholders as of the record date, or their duly appointed proxies, may attend the 2004 Annual Meeting. If you attend, please note that you may be asked to present valid picture identification, such as a driver's license or passport. Cameras, recording devices and other electronic devices will not be permitted at the meeting. Please also note that if you hold your shares in street name (that is, through a broker or other nominee), you will need to bring a copy of a brokerage statement reflecting your stock ownership as of the record date and check in at the registration desk at the meeting.

What constitutes a quorum?

The presence at the meeting, in person or by proxy, of the holders of a majority of the votes represented by the common stock issued and outstanding on the record date will constitute a quorum, permitting the meeting to conduct its business. Proxies received but marked as withheld or abstentions and broker non-votes will be included in the calculation of the number of votes considered to be present at the meeting.

How do I vote?

If you complete and properly sign the accompanying proxy card and return it to the Company, it will be voted as you direct. If you are a registered stockholder and attend the meeting, you may deliver your completed proxy card in person. Street name stockholders who wish to vote at the meeting will need to obtain a proxy form from the institution that holds their shares.

Can I change my vote after I return my proxy card?

Yes. Even after you have submitted your proxy, you may revoke or change your vote at any time before the proxy is exercised by filing with the Secretary of the Company either a notice of revocation or a duly executed proxy bearing a later date. The powers of the proxy holders will be suspended if you attend the meeting in person and so request, although attendance at the meeting will not by itself revoke a previously granted proxy.

What are the Board's recommendations regarding the agenda items?

Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board. The Board's recommendation is set forth together with the description of each item in this proxy statement. In summary, the Board recommends a vote:

for election of the nominees for the Board of Directors (see Proposal 1); and

for ratification of the appointment of Ernst & Young LLP as the Company's independent auditors for fiscal 2004 (see Proposal 2).

With respect to any other matter that properly comes before the meeting, the proxy holders will vote as recommended by the Board or, if no recommendation is given, in their own discretion.

How are votes counted?

In the election of directors, you may vote **FOR** all of the nominees or your vote may be **WITHHELD** with respect to one or more of the nominees. For the other items of business, you may vote **FOR**, **AGAINST** or **ABSTAIN**. If you **ABSTAIN**, the abstention has the same effect as a vote **AGAINST**. If you provide specific instructions with regard to certain items, your shares will be voted as you instruct on such items. If you sign your proxy card or voting instruction card without giving specific instructions, your shares will be voted in accordance with the recommendations of the Board.

What vote is required to approve each item?

Election of Directors. The affirmative vote of a plurality of the votes cast at the meeting is required for the election of directors. In other words, the four persons receiving the highest number of **FOR** votes at the 2004 Annual Meeting will be elected as directors. A properly executed proxy marked **WITHHELD** with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum.

Other Items. For each other item, the affirmative **FOR** vote of the holders of a majority of the shares represented in person or by proxy and entitled to vote on the item will be required for approval. A properly executed proxy marked **ABSTAIN** with respect to any such matter will not be voted, although it will be counted for purposes of determining whether there is a quorum. Accordingly, an abstention will have the effect of a negative vote.

If you hold your shares in street name through a broker or other nominee, your broker or nominee may not be permitted to exercise voting discretion with respect to certain matters. Thus, if you do not give your broker or nominee specific instructions, your shares may not be voted on those matters and will not

be counted in determining the number of shares necessary for approval. Shares represented by such broker non-votes will, however, be counted in determining whether there is a quorum.

What happens if additional matters are presented at the annual meeting?

Other than the two items of business described in this proxy statement, we are not aware of any other business to be acted upon at the 2004 Annual Meeting. If you grant a proxy, the persons named as proxyholders will have the discretion to vote your shares on any additional matters properly presented for a vote at the meeting. If for any unforeseen reason any of our nominees is not available as a candidate for director, the persons named as proxy holders will vote your proxy for such other candidate or candidates as may be nominated by the Board.

Who will bear the cost of soliciting votes for the annual meeting?

SpectraSite is making this solicitation and will pay the entire cost of preparing, assembling, printing, mailing and distributing these proxy materials and soliciting votes. In addition to the mailing of these proxy materials, the solicitation of proxies or votes may be made in person, by telephone or by electronic communication by our directors, officers and employees, who will not receive any additional compensation for such solicitation activities. SpectraSite has engaged a proxy solicitation firm to assist the Company in soliciting proxies, for which it will pay a fee of \$5,000 plus reasonable distribution costs and expenses.

Where can I find the voting results of the annual meeting?

We intend to announce preliminary voting results at the 2004 Annual Meeting and publish the final results in our Quarterly Report on Form 10-Q for the fiscal period ending June 30, 2004.

ELECTION OF DIRECTORS**(PROPOSAL NO. 1)**

At the 2004 Annual Meeting, four directors are nominated to be elected to hold office until the Company's next annual meeting of stockholders or until their respective successors have been elected and qualified. All of the nominees are currently directors of the Company. The four directors nominated for election at the 2004 Annual Meeting of Stockholders are: Stephen H. Clark, Paul M. Albert, Jr., Robert Katz and Richard Masson. The persons named as proxies intend (unless authority is withheld) to vote for the election of all of the nominees as directors.

If at the time of the 2004 Annual Meeting any of the nominees is unable or unwilling to serve as a director of SpectraSite, the persons named in the proxy intend to vote for such substitutes as may be nominated by our Board of Directors. Our Board knows of no reason why any nominee for director would be unable to serve as director.

The Board of Directors recommends a vote FOR the election of all of the nominees.

Option/ SAR Grants in Last Fiscal Year

The table below shows the option grants to the executive officers named in the Summary Compensation Table above during the fiscal year ended December 31, 2003:

Name	Individual Grants				Potential Realizable Value at Assumed Annual Rates of Stock Price Appreciation for Option Term(1)	
	Number of Securities Underlying Options/SARs Granted (#)	Percent of Total Options/SARs Granted to Employees in Fiscal Year(2)	Exercise or Base Price (\$/Sh)	Expiration Date	5% (\$)	10% (\$)
Stephen H. Clark	1,527,778	27.4	14.91(3)	3/12/2013	9,759,136	29,032,644
Timothy G. Biltz	972,222	17.4	13.075	3/12/2013	7,994,384	20,259,340
David P. Tomick	555,556	10.0	15.09(3)	3/12/2013	3,448,779	10,457,332
Dale A. Carey	316,666	5.7	13.075	3/12/2013	2,603,880	6,598,744
Thomas A. Prestwood, Jr.	150,000	2.7	13.075	3/12/2013	1,233,420	3,125,727

- (1) The potential realizable values at 5% and 10% appreciation are calculated by assuming that the price of our common stock appreciates at the indicated rate for the entire term of the option, and that the option is exercised at the exercise price and sold on the last day of its term at the appreciated price. There is no assurance that the value realized by the optionee will be at or near the assumed appreciation rates, or that the optionee will remain an employee of SpectraSite during the entire term of the option.
- (2) A total of 5,573,328 options were granted to our executive officers and employees during fiscal year 2003 under our 2003 Equity Incentive Plan. The options included in this table become exercisable as follows: 20% vested on March 12, 2003; subject to the optionee's continued employment, 50% vest ratably on a monthly basis over the 36 months beginning April 12, 2003; and 30% will vest on March 12, 2009, or earlier if we achieve certain annual financial targets.
- (3) The exercise price of the executive's options was set at an amount above the fair market value of our common stock on the effective date of the grant. The amount by which the aggregate exercise price of these options, granted in connection with the Plan of Reorganization, exceeded the aggregate fair market value of the common stock subject to such options on the date of grant equals the amount of the bonus paid to Messrs. Clark and Tomick upon our emergence from bankruptcy, respectively. See Summary Compensation Table.

The table below provides the number and value of unexercised options held by the executive officers named in the Summary Compensation Table above as of December 31, 2003. None of these executive officers exercised any options in 2003.

Each of the foregoing executive officers has entered into a Rule 10b5-1 trading plan with respect to anticipated sales of our common stock upon the exercise of stock options held by such officer. These sales began in February 2004 and may continue during 2004 and thereafter.

Employment Agreements

We have entered into employment agreements with each of Messrs. Clark, Tomick and Biltz, effective as of February 10, 2003. The initial term of the employment agreements is three years, with automatic one-year renewals unless either party gives written notice of nonrenewal at least six months prior to the end of the term. The annual base salaries for Messrs. Clark, Tomick and Biltz are determined pursuant to their respective employment agreements, and they are each eligible to receive annual bonuses in amounts not less than the executive's base salary in the event that we achieve certain annual financial targets established by our Board of Directors. In connection with our emergence from chapter 11 bankruptcy, Messrs. Clark and Tomick also received cash bonuses on February 10, 2003, in the amounts of \$2,800,000 and \$1,120,000, respectively. If the employment of Messrs. Clark, Tomick or Biltz is terminated as a result of his death or disability or is terminated by us without cause, or if he resigns without good reason during the thirteenth month following a change in control, he will be entitled to receive continued salary, average annual bonus and benefits for a period of 24 months following the termination, provided that this period shall be extended to 36 months if he is terminated by us without cause or if he resigns with good reason during the 24-month period following a change in control.

For this purpose, a change of control occurs upon (i) the acquisition, other than by our principal stockholders, of more than 35% of the total combined voting power of our outstanding securities and such principal stockholders own a lesser percentage of the voting power of our outstanding securities than such acquiring person and cease to have the ability to elect or designate for election a majority of our Board of Directors; (ii) a change in the composition of our Board of Directors during any two-year period that results in the current directors (or those directors approved by the Board of Directors) ceasing to constitute a majority of the directors; (iii) our merger or consolidation with another entity unless our outstanding voting securities are exchanged for consideration including securities representing a majority of the voting power of the surviving corporation; or (iv) a sale of all or substantially all of our assets other than to our principal stockholders or persons controlled by such stockholders.

Messrs. Clark, Tomick and Biltz have agreed that for a period of 24 months following the termination of their employment with us they generally will not:

engage in, or own any interest in or perform any services for any business which engages in, competition with us;

solicit our management employees or otherwise interfere with the employment relationship between us and our employees; or

hire, engage or in any manner be associated with any supplier, contractor or entity with a business relationship with us, if such action would have a material adverse effect on us.

In connection with their employment agreements, Messrs. Clark, Tomick and Biltz were granted options under our Equity Incentive Plan to purchase 1,527,778, 555,556 and 972,222 shares of common stock, respectively. The exercise prices of these options are \$14.91, \$15.09 and \$13.08, respectively. Twenty percent of the options vested on March 12, 2003 and, subject to the optionee's continued employment, 50% vest ratably on a monthly basis during the 36 months beginning April 12, 2003, and 30% will vest on March 12, 2009, or earlier if we achieve certain annual financial targets.

Severance Plans

Messrs. Carey and Prestwood participate in our Executive Severance Plan B. This plan generally provides that, upon termination of a participant's employment by us other than for cause or by the participant for good reason (which includes any termination by a participant during the thirteenth month following a change in control), the participant will be entitled to continued payments of base salary and target bonus, as well as continued benefits, during the 18 months following termination if the participant then has five or more years experience in current or equivalent employment positions, and 12 months following termination if the participant has less than five years of such experience. In the event of certain terminations in anticipation of or in the two-year period following a change in control, the periods referred to above shall be increased to 24 months. For this purpose, change of control has the same definition as described above with respect to the employment agreements.

Equity Compensation Plans

In connection with the Plan of Reorganization, all outstanding awards under our compensation plans were terminated without consideration. The following table sets forth information with respect to compensation plans under which the common stock is authorized for issuance as of December 31, 2003.

Equity Compensation Plan Information

(1) Includes 7,306 options cancelled during 2003 that are available for reissuance under the 2003 Equity Incentive Plan.

(2) Consists of our 2003 Equity Incentive Plan. The 2003 Equity Incentive Plan was approved as part of our Plan of Reorganization by the bankruptcy court and by claim holders who received common stock in connection with the Plan of Reorganization.

2003 Equity Incentive Plan

In 2003, options for 5,613,328 shares of common stock were issued under the Equity Incentive Plan, each having an exercise price of \$13.08 per share, except for the options granted to Messrs. Clark and Tomick, which have an exercise price of \$14.91 and \$15.09, respectively. Approximately 393,978 shares of common stock are available for future grants under this plan.

The following is a discussion of other features of the plan.

Purpose of Plan. The nature and purpose of the plan is to use performance-based grants of long-term, equity-based incentives in the form of stock options and other equity based awards in order to link total compensation for management and key employees to our performance and stock price appreciation and to allow us to remain competitive and to retain top performing employees over time. The plan also permits awards to directors.

Plan Administration. The plan is administered by the Compensation Committee of our Board of Directors. The Compensation Committee has sole discretion, subject to the terms of the plan, to determine the amounts and types of awards to be made, set the terms, conditions and limitations applicable to each award, and prescribe the form of the instruments embodying any award. The Board of Directors or the Compensation Committee may delegate to another committee of the Board of Directors the authority to grant awards to certain persons and the Compensation Committee may generally delegate the authority to act on its behalf to certain of our officers.

Eligibility. Awards may be granted under the plan to any of our directors, officers or other employees and any individual providing services as our consultant, advisor or otherwise as an independent contractor.

Vesting and Exercise of Options. Options become exercisable as set forth in a participant's award agreement.

Payment for Options. The exercise price of any stock option awarded under the plan is determined by the Compensation Committee prior to the grant date. Participants may exercise an option by making payment in any manner specified in the plan.

Restricted Stock. The Compensation Committee may authorize awards of restricted stock, including performance-based restricted stock. Awards of restricted stock may be made for no consideration, or for an amount as is determined by the Compensation Committee. Restricted stock is common stock that generally is non-transferable and is subject to other restrictions determined by the Compensation Committee for a specified period. Unless the Compensation Committee determines otherwise if the participant terminates employment during the restricted period, then any unvested restricted stock will be forfeited. To date, no shares of restricted stock have been awarded under the plan.

Other Awards Under the Plan. The Compensation Committee may grant other types of equity-based awards such as stock appreciation rights, deferred stock, dividend equivalents and performance-based awards. Such awards and awards of restricted stock may be subject to attainment of pre-established performance goals based on sales, revenue, net income, operating income, cash flow, return on assets, return on equity, return on capital or total stockholder return.

Federal Income Tax Consequences of Options. The grant of a stock option under the plan will generally not have any immediate effect on the federal income tax liability to us or the participant. If the Compensation Committee grants a non-qualified stock option, then the participant will recognize ordinary income at the time he or she exercises the option in an amount equal to the difference between the fair market value of the common stock at the time of its exercise and the exercise price, and we will receive a deduction for the same amount.

If the Compensation Committee grants an incentive stock option, the participant generally will not recognize any taxable income at the time he or she exercises the incentive stock option, but will recognize income at the time he or she sells the common stock acquired by exercise of the incentive stock option. Upon sale of the common stock acquired upon exercise of the incentive stock option, the employee will recognize income equal to the difference between the exercise price and the amount received upon sale, and such income generally will be eligible for capital gain treatment. We generally are not entitled to an income tax deduction in connection with an incentive stock option. However, if the employee sells the common stock either within two years of the date of the grant, or within one year of the date of the exercise of the incentive stock option, then the option is treated for federal income tax purposes as if it were a non-qualified stock option; the income recognized by the employee will not be eligible for capital gain treatment and we will be entitled to a federal income tax deduction equal to the amount of income recognized by the employee.

COMPARISON OF CUMULATIVE TOTAL RETURNS

The following graph compares the performance of the Company's common stock with the performance of the Russell Midcap Index, the S&P 500 Wireless Telecom Services Index and a peer group index. The peer group index consists of American Tower Corporation, Crown Castle International Corp. and SBA Communications Corp.

Subsequent to our emergence from bankruptcy, our new common stock was initially available for trading on the Pink Sheets on February 11, 2003 and thereafter traded on the OTC Bulletin Board. On October 3, 2003, our common stock began trading on the New York Stock Exchange (the NYSE) under the ticker symbol SSI. The performance period that is reflected below assumes that \$100 was invested in our common stock and each of the indexes listed below on February 14, 2003, and that all dividends were reinvested. The performance of our common stock reflected below is not indicative of our future performance.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

Overview

The Compensation Committee of the Board of Directors provides overall guidance for our executive compensation policies and the administration of our 2003 Equity Incentive Plan. The current members of the Compensation Committee are Messrs. Albert, Katz and Masson, each of whom became a member on March 6, 2003, following our emergence from bankruptcy. Mr. Katz has served as the Chairman of the Compensation Committee since the date he became a member of the Compensation Committee. The Compensation Committee consists entirely of directors who are independent under the rules of the United States Securities and Exchange Commission (the "SEC") and NYSE rules. This report relates to our compensation policy for our executive officers, including our Chief Executive Officer, for the year ended December 31, 2003.

Responsibilities, Philosophy and Criteria

The responsibilities of the Compensation Committee include, among other responsibilities, reviewing and approving the corporate goals and objectives relevant to our Chief Executive Officer's compensation, and reviewing and making recommendations to the Board with respect to the compensation of our other executive officers.

Our executive compensation policy is designed to (i) provide competitive compensation and benefits to attract and retain the highest quality executive officers, (ii) provide variable pay opportunities through bonus plans and incentive plans that reward those officers for superior performance, and (iii) establish an appropriate relationship between executive compensation plans that align the performance goals of the plans with the Company's objectives and the creation of long-term shareholder value. Our executive compensation policy supplements annual base compensation with an opportunity to earn bonuses based upon corporate performance. In addition, our policy combines cash compensation with long-term incentive compensation in the form of stock option grants under our 2003 Equity Incentive Plan.

Measurement of corporate performance is primarily based upon objective data concerning the Company's financial performance in light of industry conditions and the Company's performance compared to the performance of the Company's competitors. Executive performance is evaluated on the basis of pre-determined performance goals for the Company. The Compensation Committee also may consider other strategic achievements including improved operating efficiencies and customer and employee satisfaction.

The Committee also reviews compensation practices for our executives against comparable practices at a peer group of other companies in the tower and wireless telecommunications industries. This peer group may change from year to year depending on changes in the marketplace and the business focus of the Company, and may not correspond to the list of companies comprising the peer group used in the stock performance graph in this proxy statement. For 2003, the peer group used by the Compensation Committee consisted of a number of the Company's public company competitors and certain other companies in the wireless communications sector. In addition, the Compensation Committee considers industry survey data comparing comparable executive positions regarding base, bonus and variable pay.

Setting Executive Officer Compensation

Our compensation packages for executive officers include stock option awards and annual cash bonuses. These awards and bonuses are payable upon achievement of previously stated performance targets based on the improvement of earnings before interest, taxes, depreciation and amortization, as adjusted for certain items as determined by our Board. These pre-determined performance targets are called the "EBITDA targets" in this proxy statement. These EBITDA targets allow the Compensation Committee to give financial rewards for the achievement of high standards of business performance; conversely, senior management risks the loss of significant compensation through the failure to achieve these standards. For most executive officers, target cash bonuses approximate 30% to 40% of base salary. Senior executive officers have target cash bonuses at a higher salary percentage. In order to determine amounts of stock

option awards, the Compensation Committee assesses responsibility and performance criteria appropriate to the executive officer in question to select performance-based targets, the achievement of which result in option awards. The size of the option awards for which an officer is eligible is determined principally by the level of responsibility for the Company's performance held by that officer.

The annual salary of each of our executive officers was determined based on the factors and policy described above. In addition, the 2003 Equity Incentive Plan was approved as part of our Plan of Reorganization by the bankruptcy court and the claim holders who received our common stock in connection with the Plan of Reorganization. Accordingly, in March 2003, the Compensation Committee approved the total option grants for our Chief Executive Officer and four other most highly paid executive officers, among others, during fiscal 2003 as detailed in the Summary Compensation Table under "Number of Securities Underlying Options/ SARs". The Compensation Committee also determined that the EBITDA targets included in the fiscal 2003 Board Plan, as previously adopted by the Board of Directors, was the measure to use in determining the bonus and stock option performance awards. The Compensation Committee based its determination primarily on the Company's financial performance relative to its competitors, the achievement of certain strategic goals established for 2003, and each individual's contribution to the Company's overall performance and the achievement of these goals. In addition, the Compensation Committee believed, based upon a review of compensation levels for executives in comparable positions at the peer group of companies, that the 2003 base salaries paid to our Chief Executive Officer and four other most highly paid executive officers were consistent with competitive market levels.

In February 2004, based on the Company exceeding certain pre-approved EBITDA targets applicable to fiscal 2003, the Compensation Committee recommended that the Board of Directors approve the 2003 bonus awards included in the Summary Compensation Table under the heading "Bonus". The Compensation Committee separately approved Mr. Clark's bonus award for 2003. See "Compensation of our Chairman and Chief Executive Officer" discussed below.

Executive officers are eligible for participation in the Company-wide employee benefit programs that include medical, dental, vision, prescription drug, life insurance, accidental death and dismemberment, short-term and long-term disability, flexible spending account, and other voluntary benefits. Executives are also eligible for participation in the SpectraSite 401(k) plan under which we currently provide a 50% matching contribution up to the first 6% of deferral. A Deferred Compensation program is available to a designated level of Vice Presidents and above.

Our executive officers also received certain customary perquisites including amounts for automobile leases and relocation expenses, as appropriate.

Compensation of our Chairman and Chief Executive Officer

In connection with our emergence from bankruptcy, Mr. Clark entered into an employment agreement, which was approved as part of our Plan of Reorganization. In addition, in connection with our emergence from bankruptcy and as part of our Plan of Reorganization, Mr. Clark received a bonus in the amount of \$2,800,000 and 1,527,778 stock options with an above-market exercise price of \$14.91 per share, which option grant was approved by the Compensation Committee in March 2003. The amount by which the aggregate exercise price of these options exceeded the aggregate fair market value of the common stock subject to such options on the date of grant equalled the amount of the emergence bonus paid to Mr. Clark. Mr. Clark's employment agreement also provided that he would receive an annual bonus in an amount not less than 100% of his annual salary if the Company achieved certain pre-determined EBITDA targets in fiscal 2003.

The policies and guidelines described above for the compensation of executive officers also apply to the compensation determination made with respect to Mr. Clark as the Company's Chairman and Chief Executive Officer. The Compensation Committee also considers Mr. Clark's leadership, industry standing, and the Company's overall performance as important factors upon which to base his total compensation. During fiscal 2003, as described above, the Company achieved its pre-determined EBITDA targets.

Accordingly, in February 2004, the Compensation Committee determined that Mr. Clark was entitled to receive a performance bonus in the amount of 100% of his base salary for fiscal 2003 in accordance with the terms of his employment agreement. In light of Mr. Clark's historic and anticipated contributions to the Company's success, the Compensation Committee believes that Mr. Clark's 2003 total compensation, including salary, bonus and stock options, was consistent with competitive market levels.

Compliance with Section 162(m) of the Internal Revenue Code

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally disallows a tax deduction to public companies for certain compensation in excess of \$1 million paid in any year to a company's chief executive officer and the four other most highly compensated officers. Certain compensation, including qualified performance-based compensation, will not be subject to the deduction limitation if certain requirements are met. The 2003 Equity Incentive Plan is currently qualified so that awards under such Plan constitute performance-based compensation not subject to the deduction limit under Section 162(m). Although the Compensation Committee has not adopted any specific policy with respect to the application of Section 162(m), the Committee generally seeks to structure any long-term incentive compensation granted to the Company's executive officers in a manner that is intended to avoid disallowance of deductions under Section 162(m). Because it is unlikely that the cash compensation payable to any of our executive officers in the foreseeable future will approach the \$1 million limit, the Compensation Committee has decided at this time not to take any action to limit or restructure the elements of cash compensation payable to our executive officers. The Compensation Committee will reconsider its decision should the individual cash compensation of any executive officer approach the \$1 million level.

In 2003, the Audit Committee delegated its pre-approval authority to its Chairman with respect to the services to be provided by Ernst & Young LLP. The Audit Committee determined that the provisions of such services by Ernst & Young LLP was compatible with the maintenance of such firm's independence in the conduct of its audit functions.

REPORT OF THE AUDIT COMMITTEE

The charter of the Audit Committee of the Board, as revised in November 2003, specifies that the purpose of the Audit Committee is to assist the Board in its oversight of:

the integrity of the Company's financial statements and other financial information provided to the Company's stockholders, the public and others;

the Company's compliance with legal and regulatory requirements;

the qualifications and independence of the Company's independent auditors;

the performance of the Company's independent auditors and of the Company's internal audit function; and

the preparation of the annual report of the Audit Committee.

The full text of the Audit Committee's revised charter is attached to this proxy statement as Exhibit A and is available on the Company's website (www.spectrasite.com) under *Investors/ Corporate Governance*. In carrying out its responsibilities, the Audit Committee, among other things:

monitors preparation of quarterly and annual financial reports by the Company's management;

supervises the relationship between the Company and its independent auditors, including: having direct responsibility for their appointment, compensation and retention; reviewing the scope of their audit services; approving significant non-audit services; and confirming the independence of the independent auditors; and

oversees management's implementation and maintenance of effective systems of internal and disclosure controls, including review of the Company's policies relating to legal and regulatory compliance, ethics and conflicts of interests and review of the Company's internal auditing program.

The Audit Committee met five times during fiscal 2003. The Audit Committee's meetings include, whenever appropriate, executive sessions with the Company's independent auditors and with the Company's internal auditors, in each case without the presence of the Company's management.

As part of its oversight of the Company's financial statements, the Audit Committee reviews and discusses with both management and the Company's independent auditors all annual and quarterly financial statements prior to their issuance. During fiscal 2003, management advised the Audit Committee that each set of financial statements reviewed had been prepared in accordance with generally accepted accounting principles, and reviewed significant accounting and disclosure issues with the Audit Committee. These reviews included discussion with the independent auditors of matters required to be discussed pursuant to *Statement on Auditing Standards No. 61 (Communication with Audit Committees)*, including the quality of the Company's accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements. The Audit Committee also discussed with Ernst & Young LLP matters relating to its independence, including a review of audit and non-audit fees and the written disclosures and letter from Ernst & Young LLP to the Audit Committee pursuant to *Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees)*.

In addition, the Audit Committee reviewed key initiatives and programs aimed at strengthening the effectiveness of the Company's internal and disclosure control structure. As part of this process, the Audit Committee continued to monitor the scope and adequacy of the Company's internal auditing program, reviewing staffing levels and steps taken to implement recommended improvements in internal procedures and controls.

Taking all of these reviews and discussions into account, the undersigned Audit Committee members recommended to the Board that the Board approve the inclusion of the Company's audited financial

statements in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2003, for filing with the SEC.

The business address of AP Towers and each of the Apollo Funds is c/o Apollo Management, 1301 Avenue of the Americas, New York, NY 10019.

Mr. Masson, a director of SpectraSite, is a principal of Oaktree Capital Management, LLC but does not beneficially own any of the shares held by the funds managed by Oaktree Capital Management, LLC. Pursuant to the policies of Oaktree Capital Management, LLC, Mr. Masson cannot retain the reported options or the underlying common shares and has assigned such options to Oaktree Capital Management, LLC. Mr. Masson disclaims beneficial ownership of such options and the underlying common shares.
- (9) Pursuant to a Schedule 13G filed by FMR Corp., a holding company on behalf of the following persons or entities as described in this footnote. Edward C. Johnson 3d, FMR Corp., through its control of Fidelity, and the funds each has sole power to dispose of the 2,046,498 shares owned by the funds. Neither FMR Corp. nor Edward C. Johnson 3d, chairman of FMR Corp., has the sole power to vote or direct the voting of the shares owned directly by the Fidelity funds, which power resides with the funds' boards of trustees. Fidelity carries out the voting of the shares under written guidelines established by the funds' boards of trustees. Section 16(a) of the Securities Exchange Act of 1934 requires the Company's executive officers, directors and persons who own more than 10% of the Company's common stock to file reports of ownership and changes in ownership with the SEC. Carey, Lynch and Prestwood each filed one Form 4 two days late, reporting their individual receipt of Company stock options; (iii) Mr. Clark filed one Form 4 ten days late, reporting the transfer of warrants to purchase common stock; (iv) Mr. Katz filed one Form 4 five days late, reporting his receipt of Company stock options; (v) Ms. Gonzalez filed one Form 3 five days late, reporting her initial registration as an officer subject to Section 16 reporting requirements; (vi) Mr. Howard filed one Form 3 five days late, reporting his initial registration as a director subject to Section 16 reporting requirements; and (vii) Mr. Masson filed one Form 4 two months late, reporting the acquisition of stock options. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Registration Rights Agreement

Pursuant to the Plan of Reorganization, we entered into a registration rights agreement with Oaktree Capital Management, LLC, as general partner and/or investment manager of certain funds and accounts it manages, AP Towers LLC, an affiliate of Apollo Management V, L.P., and Capital Research Management Company as investment adviser for certain funds it manages, providing for the registration of the common stock. The following is a summary of the material terms of that registration rights agreement.

Under the registration rights agreement, the holders of our common stock that are party to the agreement may require us to register all or some of their shares under the Securities Act of 1933, as amended. The first two times each holder that is a party to the agreement makes such request, we are obligated to register the shares set forth in such request. If a holder that is party to the agreement makes more than two such requests, then the following conditions must be met to trigger a registration obligation:

we must receive a request for registration from holders of at least 5% of its outstanding stock covered by the registration rights agreement; and

the request must specify the number of shares to be disposed of and the proposed plan of distribution therefor.

We are only obligated to effect six such registrations except to the extent necessary to ensure that each of the holders that are party to the agreement may cause at least two such registrations during the term of the agreement. Two registrations have been effected in connection with our two public offerings on behalf of certain selling stockholders that occurred in October 2003 and February 2004, respectively. We have the right to include our shares in any registration statement required by the registration rights agreement.

In addition to the registration obligations discussed above, if we register any of our common stock under the Securities Act for sale to the public for our own account or for the account of others or both, the registration rights agreement requires that we use commercially reasonable efforts to include in the registration statement common stock held by stockholders that are party to the agreement who wish to participate in the offering. Registrations on Form S-4, Form S-8 or an offering to our existing security holders pursuant to rights distributed to our existing security holders or pursuant to a dividend reinvestment plan will not trigger this registration obligation.

Transactions with Executive Officers

In August 1999, we loaned David P. Tomick \$325,000 in connection with the exercise of stock options to acquire Old Common Stock. The loan bears interest at the applicable federal rate under the Internal Revenue Code, 5.36% per annum, and matures in August 2004. As of April 20, 2004, Mr. Tomick has repaid \$205,000 of this loan and the remaining outstanding balance is approximately \$209,000.

In September 1999, we loaned Timothy G. Biltz \$500,000 to purchase a home as a relocation incentive. This loan was secured by any shares of common stock issued to Mr. Biltz upon his exercise of options or otherwise acquired by Mr. Biltz and had an interest rate of 5.82% per annum and was scheduled to mature in September 2004. In March 2004, Mr. Biltz repaid this loan in full and Mr. Biltz has no further obligations owing to SpectraSite.

In January 2000, we loaned Stephen H. Clark \$1,100,000 in connection with the exercise of stock options to acquire 512,500 shares of Old Common Stock. The loan bears interest at 5.80% per annum and matures in December 2004. As of April 20, 2004, Mr. Clark has repaid \$984,000 of this loan and the remaining outstanding balance is approximately \$419,000.

Mr. Clark's son is our employee and received the following compensation during 2003: \$105,261 in aggregate annual salary and bonuses; stock options to buy 10,000 shares of our common stock with an exercise price of \$13.075 per share; and SpectraSite's contribution of \$3,140 to its 401(k) plan on his

behalf. The compensation received by Mr. Clark's son was commensurate in amount to the compensation received by our employees in comparable positions.

Predecessor Company Transactions

During the year ended December 31, 2003, we entered into various transactions with parties that were beneficial owners of 5% or more of our Old Common Stock. Following our reorganization, none of these parties owned more than 1% of our common stock. These transactions are described briefly below. Additional information regarding these transactions can be found in notes 9 and 11 to our consolidated financial statements in our Form 10-K filed on February 25, 2004.

On August 25, 2000, we entered into an agreement, which was subsequently amended, to acquire leasehold and sub-leasehold interests in approximately 3,900 wireless communications towers from affiliates of SBC Communications. See Management's Discussion and Analysis of Financial Condition and Results of Operations - Tower Acquisitions and Dispositions, Note 11, Acquisition Activity - 2003 Acquisitions - SBC transaction, 2002 Acquisition - SBC transaction, 2001 Acquisition - SBC transaction, and Note 5, Acquisition and Disposition Activities - SBC Transaction, to our audited consolidated financial statements.

On May 15, 2002, we entered into an agreement to issue up to \$350 million aggregate principal amount of secured convertible term notes to affiliates of Welsh, Carson, Anderson and Stowe (WCAS). Pursuant to the agreement, we paid WCAS a fee of approximately \$2.6 million, equal to 0.75% of the aggregate WCAS \$350 million commitment, and approximately \$2.6 million to reimburse WCAS for its expenses. In connection with our emergence from bankruptcy, we settled a claim made by WCAS relating to the agreement by distributing to them approximately 190,000 shares of common stock pursuant to our Plan of Reorganization and paying them approximately \$200,000 in cash.

CORPORATE GOVERNANCE PRINCIPLES AND BOARD MATTERS

SpectraSite is committed to having sound corporate governance principles. Having such principles is essential to running SpectraSite's business efficiently and to maintaining SpectraSite's integrity in the marketplace. SpectraSite's Corporate Governance Guidelines are available on the Company's website (www.spectrasite.com) under *Investors/ Corporate Governance*.

Board Independence

The Board has determined that each of the current directors standing for re-election, except the Chairman of the Board and Chief Executive Officer, has no material relationship with SpectraSite (either directly or as a partner, stockholder or officer of an organization that has a relationship with SpectraSite) and is independent within the meaning of the director independence standards set by the NYSE and the SEC. This determination is based principally on the fact that none of these independent directors has a relationship (either directly or indirectly) with SpectraSite other than as stockholder. Furthermore, the Board has determined that, except for the Executive Committee, each of the members of each of the committees of the Board has no material relationship with SpectraSite (either directly or as a partner, stockholder or officer of an organization that has a relationship with SpectraSite) and is independent within the meaning of the NYSE and SEC rules. The Board has also determined that each of the members of the Audit Committee are financial experts as defined under the SEC rules.

Board Structure and Committee Composition

During fiscal 2003, our Board had the following five directors and the following four committees: Audit, Compensation, Nominating and Governance and Executive. The membership during the last fiscal year and the function of each of the committees are described below. Each of the committees, other than the Executive Committee, operates under a written charter adopted by the Board. The committee charters are available on the Company's website (www.spectrasite.com) under *Investors/ Corporate Governance*. During fiscal 2003, the Board held four meetings. Each director attended all Board and applicable Committee meetings with the exception of one director who missed one Board meeting. Directors are encouraged to attend annual meetings of SpectraSite stockholders.

Consideration of Director Nominees

Stockholder nominees

The policy of the Nominating and Governance Committee relating to stockholder nominations of candidates for membership to the Board is to consider properly and timely submitted nominations as described below under *Identifying and Evaluating Nominees for Directors*. In evaluating such nominations, the Nominating and Governance Committee seeks to achieve a balance of knowledge, experience and capability on the Board and to address the membership criteria set forth under *Director Qualifications* below. Any stockholder nominations proposed for consideration by the Nominating and Governance Committee should include the nominee's name and qualifications for Board membership and should be addressed to:

Secretary
SpectraSite, Inc.
100 Regency Forest Drive, Suite 100
Cary, NC 27511

In addition, the by-laws of SpectraSite permit stockholders to nominate directors for consideration at an annual stockholder meeting. For a description of the process for nominating directors or other stockholder proposals in accordance with SpectraSite's by-laws, see *Stockholder Proposals* in this proxy statement.

Identifying and Evaluating Nominees for Directors

The Nominating and Governance Committee utilizes a variety of methods for identifying and evaluating nominees for director. The Nominating and Governance Committee regularly assesses the appropriate size of the Board, and whether any vacancies on the Board are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Nominating and Governance Committee considers various potential candidates for director. Candidates may come to the attention of the Nominating and Governance Committee through current Board members, professional search firms, stockholders or other persons. These candidates are evaluated at meetings of the Nominating and Governance Committee, and may be considered at any point during the year. As described above, the Nominating and Governance Committee considers properly submitted stockholder nominations as candidates for the Board. Following verification of the stockholder status of persons proposing candidates, properly submitted recommendations will be aggregated and considered by the Nominating and Governance Committee at a meeting prior to the issuance of the proxy statement for SpectraSite's annual meeting. If any materials will be provided by a stockholder in connection with the nomination of a director candidate, such materials will be forwarded to the Nominating and Governance Committee. The Nominating and Governance Committee also reviews materials provided by professional search firms or others in connection with a nominee who is not proposed by a stockholder. In evaluating such nominations, the Nominating and Governance Committee seeks to achieve a balance of knowledge, experience and capability on the Board.

Director Qualifications

The Nominating and Governance Committee use a number of criteria to determine the qualification of a director nominee for the Board. The minimum criteria used by the Nominating and Governance Committee consists of the following:

Directors should be of the highest ethical character and share the mission, vision and values of SpectraSite;

Directors should have reputations, both personal and professional, consistent with the image and reputation of SpectraSite;

Directors should be highly accomplished in their respective fields, with superior credentials and recognition;

In selecting directors, the Board may generally seek active and former chief executive officers and/or executive or senior officers of public companies; at the same time, in recognition of the fact that the foundation of the Company is in the tower management and telecommunications wireless industries, the Board may also seek some directors who are widely recognized as leaders in these industries;

Each director should have relevant expertise and experience, and be able to offer advice and guidance to the chief executive officer based on that expertise and experience;

The majority of directors on the Board should be independent, not only as that term may be legally defined, but also without the appearance of any conflict in serving as a director;

Each director should have the ability to exercise sound business judgment; and

Each director shall be no older than 70 at the time of such director's nomination.

The Nominating and Governance Committee also considers such other relevant factors as it deems appropriate, including the current composition of the Board, the balance of management and independent directors, the need for Audit Committee and industry expertise and the evaluations of other prospective nominees. After completing the interview and evaluation process that the Nominating and Governance Committee deems appropriate, it makes a recommendation to the full Board as to the persons who should

be nominated by the Board, and the Board determines the nominees after considering the recommendation and the report of the Nominating and Governance Committee.

Executive Sessions

Executive sessions of non-management directors are held regularly at the end of each meeting of the Board of Directors. Each of these executive sessions are chaired by the Lead Director of the Board of Directors.

The primary objective of the audit committee (the **Audit Committee**) of the Board of Directors (the **Board**) of SpectraSite, Inc. (the **Company**) shall be to assist the Board in fulfilling its oversight responsibilities with respect to (i) the financial statements and other financial information provided by the Company to its stockholders, the public and others, (ii) the Company's compliance with legal and regulatory requirements, (iii) the independent auditors' qualifications and independence and (iv) the performance of the Company's internal audit function and independent auditors. The Audit Committee shall also prepare the annual report referred to in item 12 of part IV below.

Although the Audit Committee has the powers and responsibilities set forth in this Charter, the role of the Audit Committee is oversight. None of the members of the Audit Committee are employees of the Company and all of the members of the Audit Committee are financially literate or will become financially literate within a reasonable period of time after appointment to the Audit Committee. At least one of the members shall have accounting or related financial management expertise.

It is not the duty of the Audit Committee to conduct audits or to determine that the Company's financial statements and disclosures are complete and accurate and are in accordance with generally accepted accounting principles and applicable rules and regulations. These are the responsibilities of management and the independent auditors.

II. Organization

The Audit Committee shall consist entirely of at least three independent directors in accordance with the requirements of the SEC, any applicable SRO and other applicable regulatory requirements. Nothing in this Charter, however, shall in and of itself require that any or all of the members of the Audit Committee be an audit committee financial expert, as that term is defined in Item 401 to SEC Regulation S-K (17 CFR 228.401).

The members of the Audit Committee shall be appointed by the Board.

III. Meetings

The Audit Committee shall meet at least four times per year on a quarterly basis, or more frequently as circumstances require. As part of its responsibility to foster open communication, the Audit Committee shall meet at least quarterly with management, the chief internal auditor and the independent auditors in such separate executive sessions as the Audit Committee determines are necessary to discuss any matters that the Audit Committee or each of these groups believe should be discussed privately.

IV. Authority and Responsibilities

In recognition of the fact that the independent auditors are ultimately accountable to the Audit Committee, the Audit Committee shall have the sole authority and responsibility to select, retain, evaluate, compensate and, where appropriate, replace the independent auditors, and shall approve all audit engagement fees and terms and all non-audit engagements with the independent auditors. The Audit Committee may consult in these matters with management and the internal audit group but shall not delegate these responsibilities.

To fulfill its responsibilities, the Audit Committee shall:

With respect to the independent auditors:

1. Be directly responsible for the appointment, compensation, retention and oversight of the work of the independent auditors (including resolution of disagreements between management and the independent auditors regarding financial reporting) for the purpose of preparing the audit report or related work or performing other audit, review or attest services.

6. Confirm that the audit team composition meets the rotation requirements under applicable independence standards.

7. Review all reports, correspondence and other communications required to be submitted by the independent auditors to the Audit Committee under Section 10A of the Securities Exchange Act or any other applicable rules and regulations, including reviewing any report from the independent auditors regarding its consent to be included in a registration statement to be filed by the Company.
