Item 3.03. Material Modification to Rights of Security Holders

On May 26, 2005, AGCO Corporation (the Company) issued a press release announcing the filing of a registration statement with the Securities and Exchange Commission to register its offer to holders of its \$201,250,000 outstanding principal amount of 13/4% Convertible Senior Subordinated Notes due 2033 (the Old Notes) to exchange the Old Notes for an equivalent principal amount of its 13/4% Convertible Senior Subordinated Notes, Series B, due 2033 (the New Notes). The New Notes provide for (i) the settlement upon conversion in cash up to the principal amount of the converted New Notes with any excess conversion value settled in shares of the Company s common stock, and (ii) the conversion rate to be increased under certain circumstances if the New Notes are converted in connection with certain change of control transactions occurring prior to December 10, 2010, and otherwise are substantially the same as the Old Notes. If a significant number of Old Notes are exchanged in the exchange offer, the liquidity of the trading market for the Old Notes, if any, after the completion of the exchange offer may be substantially reduced. Any Old Notes exchanged will reduce the aggregate number of Old Notes outstanding. As a result, the Old Notes may trade at a discount to the price at which they would trade if the transactions contemplated by this prospectus were not consummated, subject to prevailing interest rates, the market for similar securities and other factors.

A copy of the Company s press release announcing the exchange offer is attached as Exhibit 99.1 to this Form 8-K and is incorporated herein by this reference.
