INDEPENDENT AUDITOR'S REPORT

To the Plan Committee
of The PROFIT SHARING AND 401(K) PLAN NO. SS7:

We have audited the accompanying financial statements of The Profit Sharing and 401(k) Plan No. SS7 (the "Plan") as of December 31, 2001 and 2000, and for the year ended December 31, 2001, listed in the Table of Contents. These financial statements and the supplemental schedule referred to below are the responsibility of the Plan's management. Our responsibility is to express an opinion on these supplemental financial statements and schedule based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a

Edgar Filing: VALUE CITY DEPARTMENT STORES INC /OH - Form 11-K

reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of the Plan as of December 31, 2001 and 2000, and the changes in net assets available for plan benefits for the year ended December 31, 2001, in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 1 to the financial statements, the Plan restated the accompanying 2000 financial statements to include the Gramex Union Plan's net assets available for benefits.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule listed in the Table of Contents is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. Such supplemental schedule has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

THE PROFIT SHARING AND 401(k) PLAN NO. SS7

NOTES TO FINANCIAL STATEMENTS FOR THE
YEARS ENDED DECEMBER 31, 2001 AND 2000

Edgar Filing: VALUE CITY DEPARTMENT STORES INC /OH - Form 11-K

1. DESCRIPTION OF THE PLAN

GENERAL - The following description of The Profit Sharing and 401(k) Plan No. SS7 (the "Plan") is provided for general information only. Interested parties should refer to the Plan document for more complete information.

The Plan was adopted by Schottenstein Stores Corporation and affiliated companies (the "Company") effective August 1, 1989 for the profit sharing provisions of the Plan and effective October 1, 1989 for the 401(k) provisions of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974.

The Plan is administered by the Company, and all Plan expenses, with the exception of loan fees, are paid by the Company. Heritage Trust Company is the trustee and asset custodian of the Plan; Lifestyle fund assets are in the custody of Reliance Trust Company.

Subsequent to the issuance of its 2000 financial statements, the Plan restated the 2000 accompanying financial statement as a result of the Plan omitting \$99,493 of net assets available for benefits of the Gramex Corporation 401(k) Plan for Union Employees. The effect of this restatement on the accompanying 2000 financial statement is summarized as follows:

	AS RESTATED	AS PREVIOUS REPORTED
Net assets available for plan benefits, as restated	\$166,269,909	\$166,1
Investments at fair value	\$160,613,218	\$160,5
Receivables Employee Contributions	\$ 690,602	\$ 6

CONTRIBUTIONS TO THE PLAN - The Plan is a defined contribution plan. Pursuant to the 401(k) feature of the Plan, an eligible employee may contribute up to 20% of his or her cash compensation on a pretax basis within certain dollar limitations imposed by the Internal Revenue Service. Effective January 1, 2001, the \$50,000 gross wages limitation in which the Company would match the employee contributions was lifted. Effective January 1, 2001 the match formula was as follows:

EMPLOYEE CONTRIBUTION	EMPLOYER MATCH
-----	-----
1.0 %	1.0 %
2.0 %	2.0 %
3.0 %	3.0 %
4.0 %	3.5 %
5.0 %	4.0 %
6.0 %	4.5 %

The Company may also elect to make a discretionary profit sharing contribution. Such contributions are allocated to eligible participants, as defined by the Plan, based on the ratio of

Edgar Filing: VALUE CITY DEPARTMENT STORES INC /OH - Form 11-K

each participant's compensation to the total of all eligible participants' compensation. Total discretionary contributions for 2001 was approximately \$1,281,754.

INVESTMENT OPTIONS - Participants have the option to direct the investment of their accounts among alternative investment funds selected by the Plan committee. A participant chooses from a number of different mutual fund options. In addition, participants are able to invest in the stock of Value City Department Stores, Inc. or American Eagle Outfitters, Inc., the affiliated companies.

ELIGIBILITY AND VESTING - Employees are eligible for participation in the Plan on the first of the month following the completion of 60 days of service, and having attained the age of twenty and one-half years.

Amounts contributed by the participants and earnings thereon are fully vested and nonforfeitable at all times. Amounts contributed by the Company (matching and profit sharing contributions) to a participant's account and earnings thereon vest at the rate of 25% per year, beginning with the second full year of plan matching participation. Participants are fully vested at the end of the fifth year of matching participation.

ALLOCATION OF INVESTMENT INCOME AND FORFEITURES - Investment income for each fund is allocated to the applicable participants' accounts based on the ratio of each participant's account balance to the total of all participants' account balances in that fund, as defined. Forfeitures have historically been used to offset employer contributions after five consecutive one year service breaks, as defined by the Plan, based on the ratio of each eligible participant's compensation to the total of all eligible participants' compensation. The Plan's forfeitures are immediately available to offset employer contributions.

BENEFIT PAYMENTS - Benefits are generally payable upon the participating employee's retirement, death, disability or termination of employment and are paid as a lump-sum amount.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING - The financial statements are prepared using the accrual basis of accounting.

USE OF ESTIMATES - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Edgar Filing: VALUE CITY DEPARTMENT STORES INC /OH - Form 11-K

VALUATION OF INVESTMENTS - Investments are stated at fair value.

Unrealized appreciation (depreciation) of assets is based on fair values at year end and fair values at the beginning of the Plan year or cost at the time of purchase during the year. Realized appreciation (depreciation) on sale or redemption of assets is based on the proceeds and the fair value of the assets at the beginning of the Plan year or cost at the time of purchase during the year.

Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date.

PARTICIPANT LOANS - Subject to certain provisions, a participant may borrow from their account balances. The participant executes a promissory note with an interest rate based upon prevailing commercial lending rates. Loan principal and interest are paid over a period in excess of one year as determined by the Plan Committee. Principal and interest are paid ratably through payroll deductions. Participant loans are valued at cost which approximates fair value.

3. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated September 26, 1996, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Company adopted the proposed amendments in April 1997. The Plan has been amended since the latest determination letter. However, the Plan Administrator believes the Plan, as currently designed, is in compliance and is being operated within the applicable requirements of the IRC.

4. INVESTMENTS

The fair value of investments, which represent 5% or more of net assets available for Plan benefits, as of December 31, 2001 and 2000, are as follows:

	2001	2000
MFS Institutional Fixed Fund	\$ 63,430,467	\$ 58,231,049
Massachusetts Investors Trust Fund	9,717,069	12,451,922
Massachusetts Investors Growth Stock Fund	19,139,224	28,479,538
MFS Capital Opportunities Fund	9,910,279	14,061,726
MFS Moderate Portfolio	8,402,232	

During 2001, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by \$16,700,704 as follows:

Mutual funds	\$ (15,812,742)
Common stock	(887,962)

Total depreciation	\$ (16,700,704)
	=====

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right

Edgar Filing: VALUE CITY DEPARTMENT STORES INC /OH - Form 11-K

under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6

6. RELATED PARTY TRANSACTIONS

Certain Plan investments are funds managed by MFS. MFS is the asset custodian of the Plan, and therefore, these transactions qualify as party in interest. Additionally, as Value City Department Stores, Inc. (VCDS) and American Eagle Outfitters, Inc. are affiliated companies, the transactions in the VCDS Stock Fund and American Eagle Stock Fund qualify as party in interest. Participant loans also qualify as party in interest.
