Item 4.02 Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review.

(a) On October 18, 2007, Preformed Line Products Company (the Company) submitted a Response Letter to the Staff of the Securities and Exchange Commission (SEC) in response to a Staff Comment Letter dated July 12, 2007. In the Response Letter the Company advised the SEC Staff that the Company intends to file an amendment to the Company s Form 10-K for the fiscal year ended December 31, 2006 originally filed on March 15, 2007 to increase the number of the Company s reportable segments from two to seven.

Previously, on August 10, 2007, the Company announced that (i) it was delaying the filing of the Company s second quarter 2007 Form 10-Q with the SEC until the Company completed a new assessment of its reportable segments (ii) the possibility that the number of the Company s reportable segments may increase, (iii) any increase would be shown in the Company s second quarter Form 10-Q and (iv) the Company would also file an amendment to the Company s first quarter Form 10-Q to include the additional reportable segments. In connection with the SEC Staff Comment Letter process, and after completing a new assessment of the Company s reportable segments, on October 18, 2007, the Company submitted its latest Response Letter to the SEC Staff indicating that the Company would increase the number of the Company s reportable segments from two to seven in an amendment to the Company s Form 10-K for the fiscal year ended December 31, 2006 and in an amendment to the Company s first quarter 2007 Form 10-Q.

Therefore, because the footnote disclosure in the Company s financial statements for the fiscal years 2004, 2005 and 2006 included in the Company s Form 10-K for the year ended December 31, 2006 will be amended (along with the Company s Management Discussion and Analysis disclosure) to reflect the increase in the number of the Company s reportable segments from two to seven, the segment information in the financial statement footnotes included in the Form 10-K for the fiscal year ended December 31, 2006 and the segment information in the financial statement footnotes included in the Company s Form 10-Q for the quarter ended March 31, 2007, which will also be amended to reflect the increase in reportable segments, should no longer be relied upon. The increase in the Company s reportable segments and related disclosure will have no affect on the consolidated balance sheets or on the statements of consolidated income and cash flow.

As of the date of this Form 8-K filing the Company had not received a reply from the SEC Staff to the Company s October 18, 2007 Response Letter.

The Company s management has discussed the matters disclosed in this Form 8-K with the Company s independent registered public accounting firm, Deloitte & Touche LLP.
