SCHEDULE 13D

This Amendment No. 2 (Amendment No. 2) amends and supplements the statement on Schedule 13D (the Schedule 13D) filed on May 1, 2000 and amended by Amendment No. 1 thereto filed on June 22, 2000, by Delphi Corporation (f/ka/ Delphi Automotive Systems Corporation) (Delphi), relating to the common stock, par value \$.001 per share (the InPlay Common Stock), of InPlay Technologies, Inc. (f/kaDuraSwitch Industries, Inc.) (InPlay or the Issuer). Capitalized terms used herein and not defined herein have the meanings ascribed thereto in the Schedule 13D.

Item 2. Identity and Background

The information set forth in Item 2 of the Schedule 13D is hereby amended and supplemented by the following:

On March 13, 2002, Delphi Corporation was merged into Delphi Automotive Systems Corporation pursuant to a Certificate of Merger and the surviving entity filed an Amended and Restated Certificate of Incorporation with the Secretary of State of the State of Delaware reflecting the surviving entity's new legal name as Delphi Corporation.

From July 2004 through October 2006, Delphi was the subject of an investigation by the United States Securities and Exchange Commission (SEC), involving Delphi's accounting for and the adequacy of disclosures for a number of transactions dating from 1998. On October 30, 2006, the SEC commenced and simultaneously settled with Delphi a lawsuit alleging violations of federal securities laws, which concluded the SEC's investigation of Delphi. Under the agreement approved by the SEC, Delphi agreed, without admitting or denying any wrongdoing, to be enjoined from future violations of the securities laws. The SEC did not impose civil monetary penalties against Delphi. On December 11, 2006 the United States Bankruptcy Court for the Southern District of New York, which is overseeing Delphi's and its affiliated debtors' reorganization proceedings under Chapter 11 of the United States Bankruptcy Code, entered an order approving Delphi's settlement with the SEC.

Item 4. Purpose of Transaction.

The information set forth in Item 4 of the Schedule 13D is hereby amended and supplemented by the following:

Delphi acquired the Option and Warrant for investment purposes. Contemporaneous with Delphi's acquisition of the Option and the Warrant, Delphi and Issuer also executed a License Agreement, dated April 20, 2000, pursuant to which Delphi obtained certain rights to utilize and manufacture Issuer's magnetically coupled switch technology for the automotive industry. This License Agreement has since been terminated as part of the settlement of Issuer's prepetition claims in Delphi's bankruptcy cases.

As previously reported in Amendment No. 1 to Schedule 13D, on June 19, 2000, Delphi exercised the Option in full, purchasing 1,651,846 shares and paying the aggregate exercise price of \$11,562,922 in cash. Upon exercise of the Option and in accordance with the provisions of the Option Purchase Agreement, Issuer and Delphi and certain other shareholders of Issuer named therein (the Primary Shareholders) entered into a Shareholders' Agreement, dated as of June 19, 2000 (the Shareholders' Agreement), that provides that all shares owned by Delphi and the Primary Shareholders named therein will be voted in such manner, and Delphi and Primary Shareholders will take such other actions as will be necessary to: (i) cause the bylaws of Issuer to be amended to include the terms set forth in clause (v) below (to the extent such bylaws were not already in effect); (ii) prevent, without the written consent of Delphi, any amendment to the articles of incorporation or bylaws of Issuer, except the amendments referred to in clause (i) above or, upon Delphi's acquisition of at least a 51% ownership interest in Issuer, such amendments necessary to require a mere majority director vote for all matters and the resignation of an appropriate number of

Primary Shareholder director designees and their replacement by Delphi designees; (iii) cause the board of directors of Issuer to consist of six members and to cause one designee of Delphi (increased to two designees if Delphi's ownership interest increases to 20% or greater and the board of directors increases to greater than six members) and three designees of the Primary Shareholders to be elected as directors of Issuer; (iv) prevent Issuer from taking any action inconsistent with the Shareholders' Agreement or the articles of incorporation or bylaws described therein; and (v) prevent any subsidiary or affiliate of Issuer from taking, without the consent of Delphi, any of the actions listed in the following sentence which, if taken by Issuer, would require the prior unanimous consent of the directors of Issuer. Approval of the following matters must include the unanimous affirmative vote of the directors of Issuer: (i) changing the nature of Issuer's business or expanding or reducing the scope of Issuer's operations; (ii) amending the articles of incorporation or bylaws of Issuer; (iii) creating debt or debt obligations exceeding a two to one ratio of debt to equity; and (iv) paying dividends or other distributions absent cumulative positive retained earnings. In addition, the Shareholders' Agreement imposed restrictions on the ability of the Primary Shareholders to transfer their shares of capital stock in Issuer. Delphi also has certain piggyback registration rights relating to the shares of common stock it received upon exercise of the Option. A copy of the Shareholder Agreement was previously filed with the SEC as an Exhibit to Amendment No. 1 to this Schedule 13D.

From March 2002 until April 14, 2003 Delphi had a representative serving on Issuer's board of directors. On April 14, 2003, Delphi's representative resigned and Delphi waived its right to appoint a replacement. The Shareholder Agreement remains in effect, and although Delphi has no intention of exercising its right to appoint a representative on Issuer's board and has had no access to information regarding the Issuer other than that publicly disclosed by Issuer, Delphi has not permanently waived its rights to appoint a director at some time in the future.

On January 21, 2009, Delphi filed a notice of proposed sale on Form 144 with the SEC, indicating its intent to sell up to 116,225 shares of InPlay Common Stock in one or more open market transactions in accordance with Rule 144 promulgated under the Securities Act of 1933, as amended (Rule 144). For a list of transactions actually effected to date, see Item 5 below.

Item 5. Interest in Securities of the Issuer.

The information set forth in Item 5 of the Schedule 13D is hereby amended and supplemented by the following:

The total of 1,535,621 shares of InPlay Common Stock beneficially owned by Delphi represents approximately 13.2% of the shares of InPlay Common Stock issued and outstanding (based on Issuer's latest periodic report filed with the SEC indicating that 11,622,568 shares outstanding as of November 7, 2008). Delphi has sole power to vote (or to direct the voting of) or dispose (or direct the disposition of) such shares.
