Item 2.05 Costs Associated with Exit or Disposal Activities.

On January 29, 2007, Atlantis Plastics, Inc. (the Company) notified the employees at its Warren, Ohio facility that we have decided to close down this facility on January 29, 2007, and transfer the majority of the assets and business to other Atlantis Plastics, Inc. sites. We expect the reassignment of the assets to be substantially completed in the first half of 2007. The Company expects to incur between \$1.5 million and \$2.0 million in total costs associated with this exit activity. The book value of our owned Warren, Ohio facility is approximately \$1.3 million. We expect to record accelerated depreciation of this asset in the first half of 2007 in a range between \$0.7 million and \$0.9 million. We expect to record contract termination costs of approximately \$0.1 million for the remaining lease payments on a 25,000 square foot warehouse lease that expires on January 31, 2009.

In connection with the shutdown of the Warren, Ohio facility, we expect to incur severance costs of up to \$0.1 million for the severance of 35 employees, which will be substantially paid in cash during the first half of 2007. In addition, we expect to incur an aggregate of up to between \$0.6 million and \$0.9 million in the first half of 2007 for expenses of moving inventory and equipment, employee relocation, and costs associated with transitioning customer deliveries in a manner designed to avoid disruptions in customer orders. These costs will be paid in cash and charged to expense in the period in which they are incurred.

The Company will amend this Report if it determines that estimates for these restructuring charges will vary materially from the estimates provided in this Report.
