This combined Form 8-K is separately filed by Pinnacle West Capital Corporation and Arizona Public Service Company. Each registrant is filing on its own behalf all of the information contained in this Form 8-K that relates to such registrant and, where required, its subsidiaries. Except as stated in the preceding sentence, neither registrant is filing any information that does not relate to such registrant, and therefore makes no representation as to any such information.

**Item 8.01 Other Events**

**Retail Transmission Rate Request**

On February 13, 2008, the Arizona Corporation Commission (the ACC) voted to approve Arizona Public Service Company's (APS) request to pass through to APS retail customers approximately \$30 million annually to cover increased transmission rates authorized by the Federal Energy Regulatory Commission (the FERC). The FERC-authorized rate increase also includes approximately \$7 million annually to be charged to wholesale customers. This retail rate increase implements an ACC-approved mechanism by which changes in transmission charges to serve APS retail customers can be reflected in APS retail rates. Both the rate increases authorized by the FERC and the ACC will be effective March 1, 2008 and are subject to refund pending final outcome of FERC proceedings on the matter. For additional information regarding the FERC rate case, see FERC Rate Case in Note 5 of Notes to Condensed Consolidated Financial Statements in the Pinnacle West Capital Corporation/APS Quarterly Report on Form 10-Q for the fiscal quarter ended September 30, 2007.

**Line Extension Schedule**

On February 13, 2008, the ACC also voted to approve the ACC staff's recommended order, with minor modifications, which revises APS line extension schedule to eliminate certain construction allowances for new or upgraded service and allows related payments received by APS to be treated as contributions in aid of construction, rather than as non-refundable other electric revenues as APS requested. The approved order is consistent with APS proposed line extension schedule amendments in all significant respects except for the accounting treatment described above. For additional information regarding APS proposed amendments and accounting treatment, see APS General Rate Case and Power Supply Adjustor in Note 5 of Notes to Condensed Consolidated Financial Statements in the Pinnacle West Capital Corporation/APS Quarterly Report on Form 10-Q for the fiscal quarter ended September 30, 2007 and Line Extension Schedule in the Pinnacle West Capital Corporation/APS Current Report on Form 8-K filed December 21, 2007.
