FORWARD-LOOKING STATEMENTS

In order to utilize the "Safe Harbor" provisions of the United States Private Securities Litigation Reform Act of 1995 (the "Reform Act"), Sappi Limited (the "Company") is providing the following cautionary statement. Except for historical information contained herein, statements contained in this Report on Form 6-K may constitute "forward-looking statements" within the meaning of the Reform Act. The words "believe", "anticipate", "expect", "intend", "estimate", " "assume", "positioned", "will", "may", "should", "risk" and other similar expressions, which are predictions of or indicate f events and future trends, which do not relate to historical matters, identify forward-looking statements. In addition, this Report on Form 6-K may include forward-looking statements relating to the Company's potential exposure to various types of market risks, such as interest rate risk, foreign exchange rate risk and commodity price risk. Reliance should not be placed on forward-looking statements because they involve known and unknown risks, uncertainties and other factors which are in some cases beyond the control of the Company, together with its subsidiaries (the "Group"), and may cause the actual results, performance or achievements of the Group to differ materially from anticipated future results, performance or achievements expressed or implied by such forward-looking statements (and from past results, performance or achievements). Certain factors that may cause such differences include but are not limited to: the impact of the global economic downturn, the highly cyclical nature of the pulp and paper industry (and the factors that contribute to such cyclicality, such as levels of demand, production capacity, production, input costs including raw material, energy and employee costs, and pricing), adverse changes in the markets for the group's products, the emergence of new technologies and changes in consumer trends including increased preferences for digital media, consequences of substantial leverage, including as a result of adverse changes in credit markets that affect our ability to raise capital when needed, changing regulatory requirements, unanticipated production disruptions (including as a result of planned or unexpected power outages), economic and political conditions in international markets, the impact of restructurings, investments, acquisitions, dispositions and other strategic initiatives (including related financing), any delays, unexpected costs or other problems experienced in connection with dispositions or with integrating acquisitions or implementing restructurings or other strategic initiatives, and achieving expected savings and synergies, and currency fluctuations. These and other risks, uncertainties and factors are discussed in the Company's Annual Report on Form 20-F and other filings with and submissions to the Securities and Exchange Commission, including this Report on Form 6-K. Shareholders and prospective investors are cautioned not to place undue reliance on these forward-looking statements. These forward-looking statements are made as of the date of the submission of this Report on Form 6-K and are not intended to give any assurance as to future results. The Company undertakes no obligation to publicly update or revise any of these forward looking statements, whether to reflect new information or future events or circumstances or otherwise.
